HOUSE JOURNAL No. 1

Wednesday, December 1, 2010

On the first Wednesday in December in the year of our Lord, two thousand ten, it being the day designated by the Constitution for assembling for organizational purposes, the one hundred and sixty-second General Court of the State of New Hampshire convened at the Capitol in the City of Concord. The Representatives-elect were called to order by Karen O. Wadsworth, Clerk of the House for the preceding session.

Prayer was offered by House Chaplain, Reverend Jared Rardin, Pastor of the South Congregational Church in Concord.

O God of us all, we find ourselves here on the cusp of a Holy time of year; a time of waiting, a time of anticipation, a time of looking with fresh eyes for manifestations of Your love, Your grace and Your guidance in our midst. Teach us again to look beyond the material aspects of this season toward the deeper implications of this time of year and remind us that in the midst of our stressful lives, there is much we have to offer one another. You have endowed us all with goodwill, with compassion, with hope and with forbearance. I ask, oh God, that You bless the membership of this House, both veterans and newly-elected and bless the work upon which they are about to embark and the decisions which they are about to make. Bless those here, I pray, who feel the pangs of grief most keenly during the winter months and heal those in our circles of family and friends who are sick or in need of physical or emotional healing. Let Your bountiful grace flow over us all, that we might truly be the people You intend us to be. In Your Holy name we pray. Amen.

Representative-elect Steve Vaillancourt of Manchester led the Pledge of Allegiance.

Representative-elect James Garrity of Atkinson led the singing of the National Anthem.

OATH OF OFFICE

Governor John H. Lynch, having been informed that a quorum of the House was assembled, appeared, accompanied by the Honorable Councilors Raymond S. Burton, John D. Shea, Beverly A. Hollingworth, Raymond J. Wiczorek and Debora B. Pignatelli. The members-elect, having presented their credentials, were duly qualified by the Governor as members of the House of Representatives by taking and subscribing the oath of office agreeable to the provisions of the Constitution of the State of New Hampshire.

The Governor and Executive Councilors retired.

ELECTION OF HOUSE SPEAKER

The Chair declared that nominations for Speaker were in order.

Rep. Chandler placed the name of Rep. William L. O'Brien in nomination for Speaker.

Rep. Reagan seconded the nomination.

Rep. Shurtleff placed the name of Rep. Terie Norelli in nomination for Speaker.

Rep. Baroody seconded the nomination.

Rep. Norelli addressed the House, withdrew as a candidate for Speaker and moved that nominations be closed.

Without objection, the Chair closed nominations. Rep. William L. O'Brien was declared the duly-elected Speaker of the House for the 2011-2012 biennium.

The Sergeant-at-Arms-elect escorted Speaker O'Brien to the rostrum. The Speaker addressed the House.

(Speaker O'Brien in the Chair)**MOTION TO PRINT REMARKS**

Rep. Reagan moved that the remarks made by Speaker O'Brien and Rep. Norelli be placed in the Permanent Journal.

Adopted.

REMARKS BY REPRESENTATIVE NORELLI

Representative Norelli: Good Morning everyone. Thank you and congratulations to all of you that have been elected to the General Court. I remember fondly being in the position of many of you back in 1996 when I was first elected to the New Hampshire House of Representatives. Since that time I have truly been awed by those that have preceded us and those that have served with us and their continuing commitment to maintaining the decorum and the reverence of this legislature. Over the past four years it has been my honor and my distinct pleasure to serve as the Speaker of this body. During that time it was my goal to uphold the respect, dignity and civility that has been a staple of this institution and I stand here proudly in the belief that this aspiration was fulfilled. Although there has been a change in the make up of the House, I still believe that we share a common goal to preserve what is so special about this state and also a desire to make it a better place to live for all of the constituents that we represent. After all, that is why we were sent here, to do what is best for all Granite Staters, regardless of their socioeconomic status or for that matter their political affiliation, by working together to promote policies that better our communities. Since taking the gavel in 2006, I strived to be fair while simultaneously working to advance the ideals that New Hampshire holds so dear. Be it protecting individual liberties and rights, assisting those that count on us most, acting in a responsible and a transparent fashion or enshrining in law our long-standing tradition of giving equal opportunity to all New Hampshire citizens, I believe that this balance was met with great success. Today, New Hampshire is on solid footing and continues to survive the greatest recession since the Great Depression better than most states. In fact, we are leading the economic recovery, not just regionally, but across the nation. We now have laws in place that fully embrace the "Live Free or Die" motto that has made our state so famous. In the coming weeks and months it is my belief that we can build on this progress by continuing to preserve what makes New Hampshire the envy of so many other states all across our country. By working together this can be accomplished and we can and will continue to move New Hampshire forward. As the Representative from Bartlett said, "There is a time and a place for partisanship," but with serious issues to address, it is my hope that each and every one of us will roll up our sleeves in a productive manner to work together for the people of New Hampshire. I want to thank you again, both for the opportunity of having served as the Speaker of the House for these past four years and also for being placed in nomination. I do, however, respectfully decline the nomination and Madam Chair, I would ask to be recognized for a motion.

Chair: Rep. Norelli is recognized for a motion.

Representative Norelli: I move that nominations for Speaker be closed.

REMARKS BY SPEAKER O'BRIEN

Speaker O'Brien: Thank you and please be seated. Speaker Chandler, Speaker Norelli, Republican Leader Packard, my fellow House Members and guests, I apologize for taking so long to reach the podium. The Sergeant-at-Arms had to travel very deep into the darkest backbenches to find me. I do hope, however, that my predecessors noted with satisfaction that I didn't jump over the seat in Division 3. I will try as hard as they did to discourage such truly egregious behavior. I will miss sitting in those far-off seats surrounded by friends from both parties. I do hope, however, that those of us in the back of Division 3 this last session exhausted all possible humor about leadership. If not, I suspect that I will be providing some fodder of my own. I want to state my appreciation to my colleagues from across the aisle for the speakership vote. Let me again, perhaps for the last time, but certainly with heartfelt thanks, thank you, Madam Speaker. My congratulations to all of you for having received the confidence of your constituents. With their votes, however, has come a clear and unmistakable message. It was not a message of partisan victory and loss; it was a message for an effective, limited, respectful and responsive state government. Our constituents want a government that works for them and not against them. They want a government of public servants and not elite rulers. They want a government that stands with citizens and not over them. They want a government that has not abandoned the common fiscal sense that we bring to our own lives and

that we see when we attend our town meetings and our city hall sessions. They want their government back. Any political party delivering on these needs will do. We ignore their message at our political peril, but if we ignore this message, our state will continue to slip towards mediocrity. We have been honored by our constituents to be their public servants. They are relying on us to fix the substantial fiscal challenges facing our state, both long-term and short-term. Each of us can choose to contribute solutions or stand as an obstacle. It seems so easy these days to mischaracterize and then demonize political opponents. Voters, however, have shown they have the means and the intelligence to detect and reject such behavior. They have always deserved more. They now demand more. They want the naysayers to become problem solvers. Contributing to solutions doesn't mean abandoning principles. It does require listening, respecting the fact that each one of us cares deeply about our state, and knowing that we are all seeking what is right, as we see it, for our neighbors and fellow citizens. So I ask you to bring your political principles to your committee hearings and to House debates, but please also bring respect for your colleagues and most certainly bring solutions and not condemnations. The people have a right to have their agenda and not personal agendas drive our debates. Leave the rhetoric of disparagement, mistrust and indignation to the editorial pages and to the blogs. If we do this, we will do what is right for New Hampshire. If we do this, we will give our state a legislature that is as great and wonderful as our people and if we do this, we will recapture the New Hampshire Advantage. Thank You.

ELECTION OF HOUSE OFFICERS

The Speaker declared nominations were in order for Clerk of the House.

Rep. Jasper placed in nomination the name of Karen Wadsworth for Clerk of the House.

Reps. Long and Ingretson seconded the nomination.

Without objection, the Speaker closed nominations and cast one ballot for Karen Wadsworth and declared her the duly-elected Clerk of the House for the 2011-2012 biennium.

The Speaker declared nominations were in order for Sergeant-at-Arms.

Rep. Packard placed in nomination the name of Walter Sword for Sergeant-at-Arms.

Rep. Gary Richardson seconded the nomination.

Without objection, the Speaker closed nominations and instructed the Clerk to cast one ballot for Walter Sword and declared him the duly-elected Sergeant-at-Arms of the House for the 2011-2012 biennium.

The Speaker administered the oath of office to Karen Wadsworth and Walter Sword.

RESOLUTION

Reps. Tucker and Norelli offered the following:

RESOLVED, that the House inform the Honorable Senate it has organized and is ready to meet with the Senate in Joint Convention for the purposes of electing a Secretary of State and a State Treasurer. Adopted.

SENATE MESSAGES

The Senate has organized and elected as its officers: Sen. Peter Bragdon, President of the Senate; Tammy L. Wright, Clerk.

The Senate, having organized, is ready to meet with the Honorable House of Representatives in Joint Convention for the purposes of electing a Secretary of State and a State Treasurer.

JOINT CONVENTION **(Speaker O'Brien presiding)**

The Speaker called the Joint Convention to order.

The Chair declared nominations were in order for Secretary of State.

Sen. D'Allesandro placed the name of William M. Gardner in nomination for Secretary of State.

Sen. Barnes seconded the nomination.

There being no further nominations, the Chair declared nominations closed and instructed the Clerk to cast one ballot for William M. Gardner.

The Chair declared William M. Gardner the duly-elected Secretary of State for the 2011-2012 biennium.

The Chair declared nominations were in order for State Treasurer.

Rep. Lynne Ober placed the name of Catherine Provencher in nomination for State Treasurer.

Rep. Bouchard seconded the nomination.

There being no further nominations, the Chair declared nominations closed and instructed the Clerk to cast one ballot for Catherine Provencher.

The Chair declared Catherine Provencher the duly-elected State Treasurer for the 2011-2012 biennium.

The Chair administered the oath of office to William M. Gardner and Catherine Provencher. William M. Gardner and Catherine Provencher addressed the Joint Convention.

Sen. Bradley and Rep. Tucker moved that the Joint Convention arise.

Adopted.

The Joint Convention adjourned.

HOUSE SESSION

The Speaker reconvened the House session.

Reps. Tucker and Norelli offered the following:

HOUSE RESOLUTION NO. 1

RESOLVED, that the House adopt the Rules of the 2010 session with Rule 64 deadlines prospective only, for the 2011-2012 biennium.

Adopted.

Reps. Tucker and Norelli offered the following:

HOUSE RESOLUTION NO. 2

RESOLVED, that all action taken at all sessions of the House of Representatives be recorded on tapes through the public address system and that the tapes be used by the Clerk to confirm and correct the Permanent Journal. The Permanent Journal as prepared by the Clerk and as may be corrected by the House shall be the official record of the House.

Adopted.

Reps. Tucker and Norelli offered the following:

HOUSE RESOLUTION NO. 3

RESOLVED, that the following policy be established for the distribution of House calendars and journals, bills and resolutions to members of the General Court and state departments:

1. Every citizen is entitled, free of charge, to one copy of any publication at the legislative counter or to have the publication mailed to that person upon individual request for one such copy.
2. Persons requesting copies for the entire session will be charged a fee sufficient to cover postage, envelopes and handling. Such fees may be prorated when service is received for portions of the session only. All fees are payable in advance. The subscriber list may be submitted for legislative accounting and auditing purposes, but is not for publication or sale.
3. All fees charged for publications in accordance with this resolution shall be fixed with the approval of the Speaker, paid into the state treasury and credited to the legislative appropriation.

Adopted.

Reps. Tucker and Norelli offered the following:

HOUSE RESOLUTION NO. 4

RESOLVED, that the Speaker may employ such personnel as he may deem necessary and, with the approval of the House subcommittee of the Committee on Legislative Facilities, may fix their compensation in accordance with RSA 17-E:5.

Adopted.

Reps. Tucker and Norelli offered the following:

HOUSE RESOLUTION NO. 5

RESOLVED, that the members will be paid their legislative salary, as provided in the Constitution, in the month of January 2011, and that mileage of members of the House of Representatives be paid every two weeks during the session.
Adopted.

RESOLUTION

Rep. Chandler offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of resolutions be by caption only and that all resolutions be read a third time and passed and when the House adjourns today it be to convene on Wednesday, January 5, 2011.
Adopted.

The Speaker appointed Standing Committees of the House as follows:

ADJOURNMENT

The Organizational session of the 2011-2012 House of Representatives adjourned at 12:17 p.m.

HOUSE JOURNAL No. 2

Wednesday, January 5, 2011

The House assembled at 10:00 a.m. and was called to order by the Speaker.

His Excellency, Governor John H. Lynch, joined the Speaker on the rostrum for the day's opening ceremonies.

Prayer was offered by guest Chaplain, Reverend Roger Boucher of Gilmanton Iron Works. Eternal Father, strong to save, whose arm reaches throughout the universe, we invoke Your name upon this two thousand and eleven session of this revered and deliberative body. We are thankful for the right to live free and to transfer our respect for government and dedicated service from year to year so that we may work together for the common good. We humbly ask, then, only one thing: that the pulse of Your life may enhance the wisdom and courage of our own and that each man and woman in this chamber may benefit from Your strength so as to protect the innate freedoms You have given each citizen of our great state. May the tasks and purposes of this new session, as always, derive goodness from Your hand so that we may foster the life and human dignity of all those we serve. In Your name we pray. Amen.

Representative Gary Hopper, member from Weare, led the Pledge of Allegiance.

The National Anthem was sung by Lisa Itse, wife of Rep. Itse.

LEAVES OF ABSENCE

Reps. Drisko and Soltani, the day, illness.

Reps. Brendon Browne, Doherty, Headd, Pepino, Todd Smith, Spainhower and Wallner, the day, important business.

Reps. Baroody and Pierce, the day, death in the family.

INTRODUCTION OF GUESTS

Fernanda Contreras Casas, guest of Rep. Merrow. Joseph Cartwright, Isabelle, Olivia and Claire Serrano and Elaine Kirby, husband, granddaughters and sister of Rep. Cartwright. Doreen Thomas, Fred and Catherine Shea and Frank and Sue Desorts, wife and guests of Rep. Joseph Thomas. Christopher Messier, son of Rep. Messier. Hon. Lynne Blankenkober, Rep-elect from Concord, guest of the Speaker.

COMMUNICATION

December 2, 2010

The Honorable William L. O'Brien
Speaker of the House

1. Calling the body to order. The Speaker shall take the chair at precisely the hour to which the House has adjourned and shall immediately call the members to order.
2. Decorum, order and appeal. The Speaker shall preserve decorum and order, may speak on points of order in preference to other members, and shall decide questions of order. The decision of the Speaker on a question of order shall be conclusive unless the decision is immediately appealed to the House. The House shall decide the appeal by a majority vote of those members present and voting.
3. Appointing committees. The Speaker shall appoint all committees unless otherwise directed by the House, subject to the provisions of Rule 28. The Speaker may substitute members of committees.
4. Referral of bills, etc., to committees. The Speaker shall refer all bills, resolutions, memorials, accounts, petitions and other matters coming before the House to the appropriate committees, unless otherwise ordered by the House. The Speaker may refer the same jointly to two committees or to a special committee.
5. Voting: conditions of. The Speaker shall not be called on to vote unless the vote would be decisive. If the vote is tied after the Speaker has voted, the question shall be lost as provided in Rule 23.
6. Signing of bills, warrants, subpoenas, etc. The Speaker shall sign all bills, resolutions, and addresses after passage or enrollment. All warrants, subpoenas and other processes issued by order of the House shall be signed by the Speaker and attested to by the Clerk.
7. Authority to clear gallery. The Speaker or chairman of the committee of the whole House shall have the power to order the gallery cleared in cases of any disturbance or disorderly conduct.
8. Designating a substitute to preside. The Speaker shall have power to substitute any member to perform the duties of the Chair. If absent, the Speaker shall designate a member to perform the duties of the Chair unless otherwise ordered by the House.

DECORUM AND DEBATE

9. Members to be seated and activate voting stations. When the House is called to order, members shall take their seats and shall activate their voting stations immediately. When they leave their seats for any reason they shall deactivate their stations.
10. Mason's Manual of Legislative Procedure as parliamentary guide. In all cases not provided for by the Constitution, House Rules or Joint Rules, Mason's Manual of Legislative Procedure, 2000 Edition, shall be the parliamentary guide.
11. Members: shall rise to address Speaker. When any member is about to speak in debate, make a motion, or deliver any matter to the House, the member shall rise from his or her seat and respectfully address the Speaker, declaring the purpose for which the member rises to speak.
12. Members: first rising shall speak first. In all cases the member rising first shall speak first. When two or more members rise at the same time, the Speaker shall name the person to speak. When many members choose to speak, they may file their names with the Clerk, who shall supply the list to the Speaker. The Speaker shall name the order in which the members shall speak.
13. Members: speaking more than twice. No member shall speak more than twice on the same question without permission from the House. No member shall speak more than once until every member choosing to speak has spoken.
14. Members: walking in front of podium prohibited. While the Speaker is putting a question or addressing the House, no one shall walk out of or across the House. While a member is speaking, no one shall pass between that member and the other members of the House, nor shall anyone engage in private conversation.
15. Members: questions of order. If any member transgresses the rules of the House, the Speaker shall, or any member may, call the member to order. The member called to order shall immediately sit down and the question of order shall be distinctly stated by the Speaker.

16. Ethics Guidelines. In all instances, every member shall act in conformance with the duly adopted New Hampshire General Court Ethics Guidelines and opinions of the Legislative Ethics Committee.

17. Persons permitted on floor/in anteroom during session.

(a) The following persons shall be admitted within the door of the Representatives' chamber or anteroom while the House is in session: House members and officers, the Governor, Council members, the Secretary of State, the Treasurer, the President of the Senate and the Senate Clerks.

(b) No other person shall be admitted within the door of the Representatives' chamber or anteroom while the House is in session, except with the permission of the Speaker.

18. Petitions. Before any petition is received and read, the substance of the petition shall be in concise form, and the name of the member(s) presenting it shall be recorded on the petition. The Speaker shall state the substance of the petition in summary and a copy shall be placed on file with the House Clerk.

19. Motions: in possession of the House. After a motion is stated by the Speaker, it shall be in possession of the House, but may be withdrawn at any time before an amendment.

20. Motions: order of precedence; to table CACR; to Indefinitely Postpone; amendment as substitute motion.

(a) When any question is under debate, precedence of motions shall be as follows:

- (1) to adjourn;
- (2) to lay on the table;
- (3) for the previous question;
- (4) to postpone to a certain day;
- (5) to commit;
- (6) to amend;
- (7) to postpone indefinitely.

Motions to adjourn, to lay on the table, for the previous question, and to take from the table shall be decided without debate. A motion to postpone to a certain day shall be debatable both as to time and subject matter.

(b) No vote on a motion to lay on the table a Constitutional Amendment Concurrent Resolution shall pass unless approved by an affirmative vote of three-fifths of the entire House membership. No motion to indefinitely postpone a Constitutional Amendment Concurrent Resolution shall pass unless approved by an affirmative vote of three-fifths of the entire House membership.

(c) When a question is postponed indefinitely, that question shall not be acted on during the same session, unless two-thirds of those members present and voting vote in favor thereof.

(d) No new motion shall be admitted under color of amendment as a substitute for the motion under debate.

21. Previous question.

(a) The Speaker shall put the previous question in the following form: "Shall debate now be limited?" and all debate on the main question shall be suspended until the previous question has been decided. After the adoption of the previous question, the sense of the House shall forthwith be taken on pending amendments, in their regular order, and then on the main question.

(b) All incidental questions of order arising after a motion of the previous question and related to the subjects affected by the order of the previous question shall be decided without debate.

(c) If the previous question is decided in the negative, it shall not again be in order for the particular question under consideration until after adjournment, but the main question shall be left before the House and disposed of as though the previous question had not been put.

22. Voting: by voice, division and roll call; must be present when question put; seconding roll call request; voting stations; members required to vote. There shall be three forms of deciding the question: voice vote, division vote, roll call vote. No member shall vote in any case if the member is not present when the question is put.

(a) The question put by voice vote shall be: "All those in favor of the question say "aye," and after the affirmative vote is expressed, "Those of a contrary opinion say "no."

(b) A division vote shall be taken if the Speaker doubts the voice vote or if a member calls for a division vote initially or before the Speaker announces the result of the vote. When a division of the House is taken, the Speaker may appoint a teller for each seating division of the House, who shall report to the Chair the state of the vote.

(c) A roll call shall be taken when a member moves for a roll call vote and that motion is seconded by 10 other members. The member requesting the roll call vote and the 10 members who

second the motion shall notify the clerk in writing or shall rise from their seats or otherwise be recognized by the Speaker. Whenever a roll call vote is requested and properly seconded, members shall enter the chamber to take their seats and the question shall then be put to the House.

(d) When a division or a roll call is taken, the Speaker shall put the question and open the voting stations for not more than 30 seconds. Each member present at his or her voting station shall press either the YES (Green) or NO (Red) button unless excused by the House for a special reason. After closing the vote, the Speaker shall rise and state the decision of the House.

23. Tie vote, question lost. In case of a tie vote, the question shall be lost.

24. Leaving seats prohibited during voting. No member shall leave his or her seat while the voting machine is in use and until the Speaker announces the result of the vote.

25. Reconsideration. No vote shall be reconsidered unless the motion for reconsideration is made by a member who voted with the prevailing side while the bill or resolution is in the possession of the House.

(a) Notice of a motion for reconsideration shall be in order only until noon on the next business day after the date that the vote was taken.

(b) Any such notice of reconsideration shall be effective for two legislative days only and thereafter shall be null and void. The day when notice is served shall be counted as the first legislative day, even if notice occurs while the House is in recess or adjournment.

(c) When notice of reconsideration is received by the House, the Clerk of the House shall hold the bill or resolution relative to which such notice has been served until the expiration of the time within which such notice is effective.

(d) Reconsideration of any bills subject to a transfer date established by joint rules must be acted upon on or before the joint rule deadline, and thereafter shall be null and void.

26. Objection to reading paper/document. When the reading of a paper or a document is objected to by a member, the question shall be determined by a vote of the House without debate.

27. Absences. All members shall attend to their duties in the House or committee, and no one shall be absent from the service of the House or committee unless the member has leave, or is sick and unable to attend.

COMMITTEES AND THEIR DUTIES

28. Composition; appointment. The membership on all standing committees and special committees of the House shall be divided between the two major political parties in the same proportion that the House membership of the majority party bears to the House membership of the minority party. No member shall serve on more than two standing committees; membership on the Rules Committee and special committees shall not be included for purposes of this calculation. The appointments to committees for the majority party shall be made by the Speaker and appointments to committees for the minority party shall be made by the Speaker with the advice of the duly appointed minority party leader. Membership on committees shall reflect a broad diversity of experience and interests. Notwithstanding the provisions of this rule, the Speaker and the minority party leader may agree on a different proportion for the membership of any particular committee.

29. Serving in accordance with Ethics Guidelines. Participation on a committee by any member shall be in accordance with the New Hampshire General Court Ethics Guidelines. If a member chooses not to participate in a committee under the New Hampshire General Court Ethics Guidelines, the Speaker may substitute another member.

30. Committee names and duties. The following standing policy committees shall be appointed at the commencement of any session and will consist of not more than 24 members, with the exception of the House Finance Committee, which will have no more than 26 members: Children and Family Law; Commerce and Consumer Affairs; Constitutional Review and Statutory Recodification; Criminal Justice and Public Safety; Education; Election Law; Environment and Agriculture; Executive Departments and Administration; Finance; Fish and Game and Marine Resources; Health, Human Services and Elderly Affairs; Judiciary; Labor, Industrial and Rehabilitative Services; Legislative Administration; Municipal and County Government; Public Works and Highways; Resources, Recreation and Development; Rules; Redress of Grievances; Science, Technology and Energy; State-Federal Relations and Veterans Affairs; Transportation; and Ways and Means. The Speaker may designate divisions within committees.

(a) It shall be the duty of the Committee on Children and Family Law to consider matters relating to children and youth, their rights, obligations, and protection, including all matters covered by RSA 169-B, 169-C, and 169-D, divorce, custody and child support; the application of criminal laws and sentencing to children and such other matters as may be referred to it.

(b) It shall be the duty of the Committee on Commerce and Consumer Affairs to consider all matters pertaining to commerce, banks and banking institutions; insurance companies and contracts or insurance of any character; the licensing of businesses to sell liquor; the needs of the business community; all matters relating to consumer affairs and the economic conditions of commerce and industry; all matters relating to the economic development of the state, and such other matters as may be referred to it.

(c) It shall be the duty of the Committee on Constitutional Review and Statutory Recodification to consider matters pertaining to the recodification of existing statutes; matters of which the Speaker of the House determines a need for constitutional review; and such other matters as may be referred to the committee. In the case of Constitutional Amendment Concurrent Resolutions the standing committee shall coordinate its review with the Committee on Constitutional Review and Statutory Recodification.

(d) It shall be the duty of the Committee on Criminal Justice and Public Safety to consider all matters relating to the criminal code; criminal justice, the Department of Corrections, sentencing, drug enforcement, bail, probation, parole, corrections facilities, DWI, domestic violence, firearms, fireworks, police and fire training, victims' assistance and such other matters as may be referred to it.

(e) It shall be the duty of the Committee on Education to consider subjects relating to the regulation of school districts and schools; the postsecondary college system; the University System of New Hampshire; matters concerning education; and such other matters as may be referred to it.

(f) It shall be the duty of the Committee on Election Law to consider all matters relating to the election laws of the state, including campaign finance, the Ballot Law Commission, redistricting, and such other matters as may be referred to it.

(g) It shall be the duty of the Committee on Environment and Agriculture to consider all matters concerning agricultural and farm problems of the state, physical land use including current use, the various agricultural organizations, the protection of the state's environment from forms of pollution other than air or water pollution, waste management issues, and such other matters as may be referred to it.

(h) It shall be the duty of the Committee on Executive Departments and Administration to consider matters pertaining to the general administration of state laws and changes therein; matters of policy pertaining to the executive departments; matters relating to the New Hampshire Retirement System; matters pertaining to the administration of professional licensing; review of performance audits, and such other matters as may be referred to it.

(i) It shall be the duty of the Committee on Finance to examine and consider the state of the treasury and the budget; subjects concerning the financial interest of the state; all measures carrying appropriations of state money except claims against the state and such other matters as may be referred to it. Prior to the report of the Finance Committee to the House, the Speaker may refer the budget of certain self-sustaining state agencies to appropriate committees for study and recommendation.

(j) It shall be the duty of the Committee on Fish and Game and Marine Resources to consider all matters concerning conservation, improvement and preservation of fish, game and non-game species and marine resources within the state; and such other matters as may be referred to it.

(k) It shall be the duty of the Committee on Health, Human Services and Elderly Affairs to consider all matters concerning the health of the inhabitants of the state; vital statistics; medical and related professions; the administration of welfare activities by the state government; matters relating to the special needs of our elderly citizens and such other matters as may be referred to it.

(l) It shall be the duty of the Committee on Judiciary to consider all matters relating to the judicial system, right-to-know law, guardianships, life and death (such as abortion or assisted death), landlord/tenant rights, civil proceedings, tort law, forfeiture, immunity, and probate; and such other matters as may be referred to it.

(m) It shall be the duty of the Committee on Labor, Industrial and Rehabilitative Services to consider all matters relating to labor, wages, and workers' compensation including unemployment compensation and incentive programs, collective bargaining and binding arbitration; matters relating to job retraining and employee rehabilitative services and other matters relating to balancing the rights of employees to the needs of the industrial sector; and such other matters as may be referred to it.

(n) It shall be the duty of the Committee on Legislative Administration to consider all matters pertaining to the legislative process including mileage, elections, the journal, house resolutions and screening; enrolling bills; creation of statutory and chapter study committees and like entities which address the legislature and its procedures; and such other matters relating to legislative administration

as may be referred to the committee. Any matter referred by the chairman to any subcommittee may be reported by that subcommittee directly to the House unless otherwise ordered by the chairman.

(1) It shall be the duty of the Subcommittee on Elections to examine and report on the credentials of the members elected to serve in the House and to consider all petitions and other matters in relation to such elections or returns as shall be presented or come into question and may be referred to it.

(2) It shall be the duty of the Subcommittee on Mileage to determine the distance traveled by each member of the House and report to the House the names of the several members and the mileage allowed to each.

(3) It shall be the duty of the Subcommittee on Enrolled Bills to carefully examine each bill, enroll it, and report it, on behalf of the committee, to the body. If the examination of a bill shall disclose any clerical error or formal imperfection, it shall be reported back to the body with such amendments as are required to correct the same; and any measures so reported shall be subjected to amendment in those particulars and in no other respect.

(o) It shall be the duty of the Committee on Municipal and County Government to consider all matters pertaining to town, city and county officers; changes in municipal and county government; the boundary lines of towns, cities and counties; the creation of new towns, cities and counties; local revenue, including fees, property taxes and exemptions; and such other matters as may be referred to it.

(p) It shall be the duty of the Committee on Public Works and Highways to consider all matters pertaining to the development and repair of public highways; the Highway Fund; the Turnpike Fund; buildings and capital construction; the capital budget; matters pertaining to state bonding authority; capital expenditures related to the improvement and preservation of the coastline; the care of state memorials and monuments; and such other matters as may be referred to it.

(q) It shall be the duty of the Committee for Redress of Grievances to consider petitions for the redress of grievances submitted to the House pursuant to Part I, Articles 31 and 32 of the New Hampshire Constitution. All petitions for redress of grievances to the House must be submitted by a member of the House, and clearly and succinctly state the grievance and a proposed legislative remedy. After hearing from the member sponsoring the petition, it shall be the duty of the committee chair to determine if any petition is the proper subject of a public hearing and to limit hearings as appropriate.

(r) It shall be the duty of the Committee on Resources, Recreation and Development to consider all matters relating to natural resources, water pollution and control; parks and recreational areas; recreational industries; matters concerning state controls on property development; and such other matters as may be referred to it.

(s) It shall be the duty of the Committee on Rules to consider all matters pertaining to House procedural rules and deadlines; and to recommend rules of proper debate.

(t) It shall be the duty of the Committee on Science, Technology and Energy to consider all matters pertaining to energy, telecommunications, air pollution, the jurisdiction of the Public Utilities Commission, the application of technological advances to the legislative process and the operation of state government, to coordinate the flow of information about technical and scientific matters to state and federal agencies and legislative committees, to monitor legislation referred to other committees in order to make suggestions for inclusion of technological improvements where warranted, and such other matters as may be referred to it.

(u) It shall be the duty of the Committee on State-Federal Relations and Veterans Affairs to consider all matters pertaining to the National Guard and other military or veterans' organizations within the state, potential actions by the U.S. Congress which will have a major impact on the state and the New England region, and all proposed resolutions petitioning the Congress on any matter; to maintain communication with the congressional delegation; to serve as a liaison between the New Hampshire House and the United States Congress; emergency management; and such other matters as may be referred to it.

(v) It shall be the duty of the Committee on Transportation to consider all matters pertaining to development, operation and regulation of all means of air, land and water transportation, except for the capital improvement and repair of public highways; the motor vehicle code; and such other matters as may be referred to it.

(w) It shall be the duty of the Committee on Ways and Means to examine and consider the state of the treasury; to consider and report on all bills and resolutions relating to raising money by a

state tax and the apportionment of same; matters relating to taxes and fees on tobacco; all dedicated funds except for the highway and turnpike funds; state fees, and all methods of raising revenue for the state; and such other matters as may be referred to it. The Committee on Ways and Means shall report to the House in the form of a resolution its estimates of state revenues on a periodic basis.

31. Reporting: meeting. The committees shall promptly consider and report on all matters referred to them. It shall also be the duty of each standing committee to review audits in the subject areas for which they are responsible and to consider suggestions for recommended legislation identified in such audits and monitor compliance with audit recommendations. In the case of performance audits, the standing committee shall coordinate its review with the Committee on Executive Departments and Administration. The standing committees, or any special committees, shall meet during the session in the respective committee rooms at such times as the committee may determine, unless the House shall otherwise order. No committee shall meet while the House is in session unless the Speaker shall consider it necessary. The Speaker may authorize any committee having a heavy workload to meet as needed on non-legislative days.

32. Designating the chairman. The first-named member of any committee appointed by the Speaker shall be chairman; and in case of the chairman's absence or being excused by the House, the next-named member shall be chairman, and so on, as often as the case may happen, unless otherwise ordered by the Speaker.

33. Committee reports other than by bill. When any committee shall report in a manner other than by bill, it shall, if the subject permits, submit with its report resolutions calling for such action as the committee shall recommend.

34. Appointing an additional committee. Whenever it is not convenient for any standing committee to attend properly to all the business that has been referred to it, the Speaker may, on a vote of the House to that effect, appoint an additional committee on the same subject, to consist of the same number of members as the original committee. The new committee's duty shall be to take into consideration all matters in relation to the subject that has been referred to it by the House, and to report thereon.

BILLS

35. Filing drafting requests; adjudication of disagreements. 1st-year session: limitation and publication of killed bills; 2nd-year session: drafting/introduction prohibition of legislation similar to that indefinitely postponed, voted inexpedient to legislate or made the subject of a statutory study committee in 1st-year session or retained in committee for action.

(a) Rule 65 shall set the first day to file requests for drafting of bills with the Office of Legislative Services, including all supplementary or necessary drafting information. The Office of Legislative Services shall identify legislative services requests (LSRs) in language that makes clear the intent of the bill. LSRs, with the name(s) of the sponsor(s), shall be published by the Office of Legislative Services. The Speaker of the House shall adjudicate any disagreement concerning the publication of LSRs that may arise between bill sponsors and the Office of Legislative Services.

(b) The Office of Legislative Services shall not accept a request to draft any bill that is the same, or essentially the same, as any other drafting request already accepted. If duplicate or similar legislation is requested, the Director of Legislative Services shall notify the sponsors of each filing request and mediate an agreement for the filing of a single bill. Filing requests resulting from legislative committee work shall take precedence over all other duplicate or similar filings. The name of the House member whose LSR request is denied due to duplication may be substituted on request for that of the original sponsor if the original sponsor withdraws the drafting request prior to the sign-off deadline.

(c) Notwithstanding (a) and (b), legislation may be drafted and introduced upon receiving approval of a majority vote of the House Rules Committee on the request of any member based on urgent or compelling need or events unforeseen prior to the filing deadline, or on the request of the majority of any policy committee, or by a two-thirds vote of those House members present and voting.

(d) First-year session:

In the first-year session, there shall be no limitation on the subject matter of legislation introduced. As soon as possible after the end of the first-year session, the Clerk shall publish in the House Calendar those bills voted inexpedient to legislate or indefinitely postponed, those bills that created study committees and those bills retained in committee for action in the second-year session. The listings shall be in numerical order by bill number/title, and in committee order by bill number/title.

(e) Second-year session:

In the second-year session, no bill or resolution shall be introduced if it is substantially similar to any legislation that was indefinitely postponed or voted inexpedient to legislate by the House in the first-year session, unless it has been approved by a majority of the House Rules Committee or a two-thirds vote of those House members present and voting, whether as a bill, an amendment, a committee of conference report or in any other manner. A request shall not be accepted to draft any bill that is the same, or essentially the same, as any bill voted inexpedient to legislate, indefinitely postponed, made the subject of a statutory study committee in the first-year session, or retained in committee for action, unless approved for drafting and introduction by a majority vote of the House Rules Committee or a two-thirds vote of those House members present and voting.

36. Drafting by Office of Legislative Services: preparation; fiscal notes; bill numbering; state-agency bills; sponsors and limitation of; money bill definition; chapter study committee duration and membership.

(a) All petitions, memorials, and other papers addressed to the House and all bills and resolutions to be introduced in the House, except those house resolutions not taking a policy position that are prepared by the Clerk of the House, shall be delivered or caused to be delivered to the Office of Legislative Services by the member presenting them. The Office of Legislative Services shall prepare those bills, resolutions, petitions, memorials and other papers in proper form and shall present them to the member(s) for signature. Legislative Services shall give precedence in drafting legislation to any measure that carries a fiscal note and all such legislation shall be prepared for signature by the sponsor by the date specified in Rule 65.

(b) All bills, resolutions, petitions, memorials and other papers addressed to the House shall be endorsed with the name and the district of the legislator presenting them. All legislation shall be numbered serially according to type of legislation introduced. Each bill shall be marked on the first page "House Bill"; each joint resolution shall be marked "House Joint Resolution"; each concurrent resolution proposing a constitutional amendment shall be marked "Constitutional Amendment Concurrent Resolution"; other concurrent resolutions shall be marked "House Concurrent Resolution"; and each house resolution shall be marked "House Resolution."

(c) When a bill is requested by any state agency, the name of the agency requesting it shall appear in the bill analysis.

(d) No LSR number shall be assigned and no House bill shall be drafted unless the LSR or bill has a House sponsor. No more than ten House members shall be allowed to sponsor any bill or floor amendment. No more than 5 Senate members shall be allowed to co-sponsor legislation originating in the House. If more than ten House members wish to be sponsors, the person who first requested the drafting of the bill, house resolution, concurrent resolution, joint resolution, or constitutional amendment-concurrent resolution shall determine the names of the nine co-sponsors whose signatures are required for introduction. Other House members may be added as co-sponsors by notifying the Clerk prior to the date of the first public hearing on the proposal, and their names shall be recorded in the permanent journal of that session.

(e) If a drafting request for a bill or resolution, filed with the Office of Legislative Services, requires a fiscal note as provided in RSA 14:44-47, the substance or a draft of the proposal may be provided to the Legislative Budget Assistant for preparation of the required fiscal note without the specific consent of the sponsor of the proposal.

(f) For the purposes of these rules, money bills are those that either appropriate money or affect state revenues, whether new or existing.

(g) Any study committee, commission, task force or any other like entity created and/or authorized by chapter law shall file its report and dissolve by November 1st of the second-year session. Only legislators shall be members of any such entity.

37. Drafting: deadline reference. Every request by a member of the House for drafting a bill, house resolution taking a policy position, concurrent resolution, constitutional amendment-concurrent resolution, or joint resolution other than the general budget or the capital budget bill, which complies with these Rules, shall be accepted by the Office of Legislative Services for processing no later than the date specified by Rule 65. Each request shall be accompanied by sufficient information necessary for drafting. This deadline shall not apply to house resolutions that do not propose policy positions.

38. Sign off: deadline reference; 10-day period; failure to sign off; withdrawal of LSR prior to introduction; withdrawal of bill following introduction.

(a) The sign-off deadlines set by Rule 65 shall supersede the time limits set forth in this Rule.

(b) The sponsor of any legislation shall sign it for introduction within 10 calendar days after the draft legislation is mailed to the sponsor for approval, whether or not the fiscal note has been prepared. If the 10th day falls on a Saturday, Sunday, or holiday, the 10-day period shall expire on the subsequent working day. The Director of the Office of Legislative Services may withdraw any legislation when the sign-off deadline has not been met. The sponsor's name shall be published at least once on the "signatures needed" list in the House Calendar within the sign-off period. If the sponsor requests a redraft within the sign-off period, the sponsor shall sign the legislation for introduction within 10 calendar days after the redraft has been mailed to the sponsor. No more than one redraft per LSR may be requested during the last 10 days prior to the sign off-deadline. The sign-off deadline in section (a) shall supersede the time limits set forth in this section.

(c) If the primary sponsor signs the legislation in time for introduction, but one or more co-sponsors fails to sign, the legislation shall be introduced in the names of those sponsors who have signed. If the primary sponsor fails to sign the legislation in time for introduction, a co-sponsor may become the primary sponsor. If the primary sponsor fails to sign, and no co-sponsor wishes to become the primary sponsor, the legislation may not be introduced.

(d) An LSR may be withdrawn at any time prior to its introduction with the consent of all of its sponsors by filing a written request, signed by the sponsor and all co-sponsors, with the Clerk of the House. Any sponsor may request that his or her name be deleted as a sponsor of the bill prior to its introduction.

(e) Following its introduction, a House Bill, House Concurrent Resolution, House Joint Resolution, House Resolution or House Constitutional Amendment Concurrent Resolution may be withdrawn only by a vote of the House prior to any public hearing on the measure. A request to withdraw shall be filed in writing with the Clerk of the House and shall be signed by the prime sponsor and all co-sponsors. Such a request must be filed with the Clerk prior to noon of the second legislative day of the session, and shall be taken up by the House prior to or during the early session of the third legislative day.

39. Joint resolutions. All joint resolutions shall be treated in the same manner as bills.

40. Introduction of bills prior to and after deadline; exceptions; by Rules Committee; by House. House Bills, House Joint Resolutions, House Constitutional Amendment Concurrent Resolutions, House Concurrent Resolutions and House Resolutions proposing that the House take a policy position may be introduced at any time prior to any deadline established by the House for their introduction. Exceptions:

(a) Notwithstanding any other provisions of the Rules, a House Bill, House Joint Resolution, House Constitutional Amendment Concurrent Resolution, or House Concurrent Resolution may be introduced into the House at any time prior to the crossover date specified in Rule 65, if approved by either a majority of the Committee on Rules, or a two-thirds vote of those House members present and voting; and

(b) House Resolutions proposing that the House take a policy position may be introduced into the House at any time after the deadline for introduction of bills and resolutions if approved by either a majority of the Committee on Rules, or a two-thirds vote of those House members present and voting.

41. Three readings. Every bill, resolution, joint resolution, and concurrent resolution proposing that the House take a policy position shall have three separate readings in the House prior to its passage. The first and second readings and referral to committee shall be by title only which may be accomplished by a single motion. No bill or resolution after it has been read a second time shall have a third reading until after adjournment from the early session. The time assigned for the third reading of bills, resolutions, and joint resolutions shall be in the late session unless otherwise ordered by the House. The orders of the day for the reading of bills shall hold for every succeeding day until disposed.

42. Clerk to provide Chairman's copies, bill copies for distribution. After each bill has been numbered and referred by the Speaker to the appropriate committee, the Clerk shall provide a copy to the committee chairman and procure a sufficient number of copies for distribution.

43. Hearings and notices. A hearing shall be held on each bill referred to a committee. Notice of committee action shall be posted as follows:

(a) Public hearings shall be advertised in the House Calendar no less than 4 days prior to a hearing.

(b) Executive sessions shall be advertised in the House Calendar no less than 2 days prior to committee action or announced on the floor of the House by the Chairman of the appropriate committee.

(c) All other committee or subcommittee meetings at which decisions are made or information is received shall be advertised in the House Calendar or, if scheduled after the calendar deadline, shall be posted in the Clerk's Office and outside the committee room at least 24 hours prior to the meeting.

(d) When requested by the President of the Senate, the Speaker may authorize and direct the appropriate House committee or committees to sit with the appropriate Senate committee or committees at a public hearing of any Senate bill, and no further public hearing on such bill shall be required when such bill is received subsequently in the House from the Senate.

44. Reporting of bills; committee reports; retained bills; Interim Study as a 2nd-year report; printing of committee reports and amendments; Part I, Article 28-a Constitutional compliance.

(a) All bills in the possession of committees shall be reported out by the date specified in Rule 65 with one of the following recommendations: Ought to Pass, Ought to Pass with Amendment, Inexpedient to Legislate, Refer for Interim Study, or Recommended but to be Laid Upon the Table Because of Funding. All bills retained by a vote of the committee for action in the second-year session shall be included on a list provided to the House Clerk on or prior to the deadlines specified in Rule 65. Refer for Interim Study shall be a committee report only in the second-year session. The Committee, as its Interim Study final report, shall submit its findings and any recommendations.

(b) All committee reports on bills shall be printed in the House Calendar at least once prior to the date listed for floor action. If a bill is reported favorably with an amendment, the committee report shall describe the bill as amended. The amendment shall be printed in the House Calendar.

(c) All bills retained in committee for action shall be acted on during the second-year session.

(d) No committee shall report with a positive recommendation any bill or resolution which would, if enacted, be a violation of any article of the Constitution of New Hampshire or the Constitution of the United States of America or grant broad rulemaking authority to an agency or department. The vice chairman or another member of each committee shall review all pending legislation and shall advise the chairman and the members of all legislation before the committee which should be reviewed in terms of this Rule.

45. Amending bills; non-germane amendments; majority reports considered first.

(a) No amendment shall be made until the second reading of a bill. All amendments to bills shall be prepared by the Office of Legislative Services, with the name of the member and the district represented by the member or the name of the policy committee proposing the amendment.

(b) No amendment shall be added to any bill, resolution, joint resolution or concurrent resolution which is not germane to the subject matter of the legislative document as referred to the Committee, unless the language of the amendment has already been passed by the House in the current session or the amendment has been the subject of a duly noticed public hearing advertised in the House Calendar or, if scheduled after the calendar deadline, posted in the Clerk's Office and outside the committee room at least 24 hours prior to the meeting. Copies of the amendment shall be available at the Sergeant-at-Arms office at least 24 hours prior to the scheduled hearing.

(c) When a bill comes before the House, the body shall first consider the printed majority report of the committee. The Speaker shall not permit a motion to substitute any permitted alternative report for the Committee Report until the House has properly disposed of the majority report.

46. Bills appropriating state money; affecting state revenues, fees, licensure and/or certification, criminal penalties, state bonding authority; second-committee referrals to Finance, Ways & Means, Executive Departments & Administration, Criminal Justice & Public Safety, Public Works & Highways; chairman may decline bill referral.

(a) All bills and joint resolutions appropriating state money shall, if approved by the House when reported by the appropriate policy committee, be referred to the Committee on Finance. All bills and joint resolutions affecting state revenues may, if approved by the House when reported by the appropriate policy committee, be referred to the Committee on Finance. If such bills have been referred to the Committee on Finance after report by another standing committee, the Committee on Finance may report separately and no further hearings shall be required by the Committee on Finance. Hearings on bills assigned to the Committee on Finance may, at the discretion of the chairman, be assigned to and held by the division of the committee to which the bill is assigned and no further hearing may be required.

(b) All bills and resolutions affecting state revenues and fees shall, if approved by the House when reported from the appropriate policy committee, be referred to the Committee on Ways and Means.

(c) All bills and resolutions addressing licensure and/or certification shall, if approved by the House when reported by the appropriate policy committee, be referred to the Committee on Executive Departments and Administration for a further report on the effect of the passage of such a bill or resolution. All those bills requiring agencies to adopt rules pursuant to RSA 541-A shall, if approved by the House when reported by the appropriate policy committee, be referred to the Committee on Executive Departments and Administration for a further report on the effect of the passage of such bill or resolution on rulemaking pursuant to RSA 541-A.

(d) All bills and resolutions affecting criminal penalties, if approved by the House when reported by the appropriate policy committee, shall be referred to the Committee on Criminal Justice and Public Safety.

(e) All bills affecting state bonding authority, if approved by the House when reported by the appropriate policy committee, shall be referred to the Committee on Public Works and Highways.

(f) The chairmen of committees receiving a bill or referral as outlined in this rule with the approval of the Speaker may decline the referral of any bill from another committee or, notwithstanding the provisions of Rule 43 (a), waive the public hearing on any bill referred from another committee.

(g) Nothing in this section shall require a bill be referred to more than one second committee.

47. Budget bill; Finance and Ways & Means working cooperatively. Any budget bill reported by the Committee on Finance shall contain a balanced spending plan. In the second-year session, the Committee on Finance shall hold hearings on proposed changes to the State spending plan for the current biennium and may submit a supplemental budget bill. The Committee on Finance shall work closely in cooperation with the Committee on Ways and Means at mutually agreed periodic times in determining the state income available for budgeted purposes.

48. Budget bill briefings.

(a) There shall be a detailed briefing on the general budget bill presented to the House at least two days before final action is taken on such a bill.

(b) There shall be a detailed briefing on Senate changes to the House version of the general budget bill presented to the House membership by the second session day after the establishment of a Committee of Conference. The purpose of such a briefing will be to inform the House of the Senate position on the bill and to provide a sense of the House on that position as advisory guidance to the House conferees.

49. Committee of conference reports.

(a) Whenever there is any disagreement between the House and the Senate on the content of any bill or resolution, and whenever both bodies, voting separately, have agreed to establish a committee of conference, the Speaker shall appoint four members to the House conference committee. Exceptions: (1) the House committee of conference on the operating budget shall consist of five members; and (2) the number of members of the committees of conference on any bill may increase or decrease if the presiding officers of both the House and the Senate agree.

(b) The first-named person from the body where the bill or resolution in disagreement originated shall have the authority to call the time and place for the first meeting of the committee of conference on said bill.

(c) The first-named House member on a committee of conference shall be the chairman of the House conferees. The chairman of the committee of conference of the body where the bill or resolution in disagreement originated shall chair the joint meeting(s) of the committee of conference.

(d) A committee of conference report analysis for all bills and resolutions in conference shall be prepared by the first-named House member on each conference and shall be printed in the House Calendar.

(e) A committee of conference report may be placed on the Consent Calendar only by a unanimous vote of all House conferees.

(f) No action shall be taken on any committee of conference report earlier than some subsequent day after the report has been delivered to the members' seats.

(g) A committee of conference may neither change the title of any bill submitted to it nor add amendments that are not germane to the subject matter of the bill as originally submitted to it. For the purpose of this rule, a non-germane amendment is any subject matter not contained in either the House or Senate version of the bill.

(h) The prime sponsor of any bill or resolution referred to committee of conference shall, upon request, be granted a hearing before said committee prior to action on the bill or resolution.

(i) A member of a committee of conference who has been removed for any reason and replaced with another member of the House shall have his or her name appear on the committee of conference report with a strike-through showing the individual is no longer a member of the committee of conference.

(j) The House shall not receive any committee of conference report that amends any bill with a tax or fee increased, or creates a new tax or fee, which tax or fee has not received a public hearing and an affirmative vote of the House.

50. Committees must report bills; report of No Recommendation. All committees must report all bills referred to them seven days prior to any deadline for the House to take action unless otherwise provided in Rule 65. Any bill not reported shall be placed on the calendar by the Speaker with a report of No Recommendation and the reference to committee shall be revoked.

51. Consent calendar. No bill shall be on a Consent Calendar if it has a fiscal impact or appropriation. No other bill shall be on a Consent Calendar unless the committee to which the bill was referred approves its placement on the Consent Calendar by a unanimous vote in executive session. Any member may request removal of any bill listed on the Consent Calendar. Any bill removed from the Consent Calendar shall be taken up at the conclusion of the Regular Calendar. All matters remaining on the Consent Calendar shall be acted upon without debate.

52. House rules suspension. No standing rule of the House shall be suspended unless two-thirds of the members present vote in favor thereof. A motion to suspend the rules is debatable.

53. Rescinding a House rule. No rule shall be rescinded unless two days notice of a motion has been given and two-thirds of House members present vote therefor.

COMMITTEE OF THE WHOLE HOUSE

54. Formation; chairman. The House may resolve itself into a committee of the whole at any time on the motion of a member made for that purpose. In forming a committee of the whole House, the Speaker shall leave the chair, and a chairman to preside in committee shall be appointed by the Speaker.

55. Procedure. When a bill or a resolution is committed to a committee of the whole House, the entire bill or resolution shall first be read by the Clerk, and then again read and debated by clauses, leaving the preamble of the bill to be considered last. The body of the bill or resolution shall not be defaced or interlined, but all amendments, noting the page and line, shall be duly entered by the Clerk on a separate paper, as they are agreed to by the committee and so reported to the House. After reporting, the bill or resolution shall again be subject to debate and amendment by clauses before a question to pass it to a third reading is taken.

56. Rules of Procedure. The rules of proceeding in the House shall be observed in the committee of the whole House, as far as they may be applicable, except the rule limiting the time of speaking.

ORDER OF BUSINESS

57. Early/late sessions; leaves of absence.

(a) The order of business in the early session shall be as follows:

1. Prayer by the Chaplain or a substitute designated by the Speaker, pledge of allegiance and leaves of absence if received before the start of the legislative day;

2. Introduction of guests;

3. Petitions of members;

4. Consideration of unfinished business;

5. Introduction, first and second reading and referral of bills;

6. Messages from the Senate, the Governor and the Secretary of State;

7. Consideration of Consent Calendar items;

8. Reports from standing and select committees;

9. Resolutions, motions and notices;

10. Adjournment from the early session.

(b) The order of business in the late session shall be as follows:

1. Third reading of bills, resolutions and joint resolutions;

2. Resolutions and motions;

3. Personal privilege.

4. Adjournment to a date certain.

(c) The order of business listed in this rule shall be adhered to unless otherwise ordered by a majority of those members of the House present and voting.

(d) Leaves of absence may be granted by the House at any time.

58. Unfinished business. The unfinished business in which the House was engaged at the last preceding adjournment, if called for by any member, shall have preference over all other business except the general order of the day; and no motion, or any other business except the general order of the day, shall be received without special leave of the House, until the former is disposed.

OFFICERS AND PERSONNEL

59. Speaker shall define duties of officers and personnel. The elected and appointed non-member officers and personnel of the House shall be under the direction of the Speaker, who shall define their duties not fixed by statute or otherwise ordered by the House.

60. Expenditures approval. No officer or employee of the House during the session or any adjournment thereof shall purchase or contract to purchase, pay or promise to pay any sum of money on behalf of the House or issue any requisition or manifest without securing the approval in writing of the Speaker of the House or designee.

61. Security officer. The Speaker may appoint an individual trained and experienced in security matters or law enforcement work, who, under the supervision and direction of the Speaker, shall prevent the deliberations of the House from being disrupted or interfered with by any person or persons not members thereof.

62. Influencing legislation, prohibition of. No employee or attaché of the House Sergeant-at-Arms shall, directly or indirectly, be personally involved with or attempt to influence the passage or consideration of any measure whatsoever. If any such employee or attaché becomes involved with any such measure, it shall be grounds for summary dismissal.

MISCELLANEOUS

63. Deadly weapons; electronic devices; cameras. No person, including members of the House, except law enforcement officers while actively engaged in carrying out their duties as such, shall display any deadly weapon as defined in RSA 625:11, V while in the House Chamber, anterooms, cloakrooms, or any portion of the State House adjacent to any of the above. Any person in violation of this rule shall be subject to ejection from any such premises on the order of the Speaker and disciplinary action or arrest or both by action of the House. Nothing in this rule shall indicate that the security officer appointed by the House under Rule 61 has the right to stop and search a member of the House on the premises of the House or that any person is precluded a legally permitted exercise of self-defense or defense of others. With the exception of devices for the hearing impaired, no member shall operate audible electronic transmitting and/or receiving devices nor shall any member operate a video camera or a camera utilizing flash bulbs on the floor of the House, while the House is in session.

64. Sources of Authority. The procedures of the New Hampshire House shall be derived from the following sources in the order of precedence listed:

- (a) Constitutional provisions.
- (b) Rules of the New Hampshire House.
- (c) Adopted parliamentary manual (Mason's Manual of Legislative Procedure, 2000 edition).
- (d) Custom, usage and precedent.
- (e) Statutory provisions.

DEADLINES

65. 1st-year session (2011); 2nd-year session (2012). Legislative action for the biennium shall be subject to the following deadlines:

First-Year Session Deadline Dates

Wednesday, January 12, 2011, 4:30 pm

Last day to sign off all House LSRs, including petitions, other than petitions involving the election or qualifications of a member to serve in the House.

Wednesday, January 26, 2011

Last day to introduce HBs. Last day to amend House Rules by majority vote.

Thursday, February 17, 2011

Last day to report HBs going to a second committee.

Thursday, February 24, 2011

Last day to act on HBs going to a second committee.

Thursday, March 10, 2011	Last day to report all HBs not in a second committee, except budgets.
Thursday, March 17, 2011	Last day to act on all HBs not in a second committee, except budgets.
Thursday, March 24, 2011	Last day to report all remaining HBs and list of retained HBs.
Thursday, March 31, 2011	Last day to act on House bills. CROSSOVER
Thursday, April 28, 2011	Last day to report SBs going to a second committee.
Thursday, May 5, 2011	Last day to act on SBs going to a second committee.
Wednesday, May 25, 2011	First day to file LSRs for the 2012 session.
Thursday, May 26, 2011	Last day to report all remaining SBs and list of retained SBs.
Thursday, June 2, 2011	Last day to act on Senate bills.
Wednesday, June 8, 2011	Last day to form Committees of Conference. Last day to file LSRs for the 2012 session.
Thursday, June 16, 2011	Last day to sign Committee of Conference reports.
Thursday, June 23, 2011	Last day to act on Committee of Conference reports.
Wednesday, November 2, 2011	Last day to report retained bills.

Second-Year Session Deadline Dates

Wednesday, November 2, 2011 4:30 pm	Last day to sign-off LSRs, including requests for petitions.
Wednesday, January 11, 2012	Last day to introduce HBs for 2012 session.
Thursday, February 9, 2012	Last day to report HBs going to a second committee.
Thursday, February 16, 2012	Last day to act on HBs going to a second committee.
Thursday, February 23, 2012	Last day to report HBs not in a second committee.
Thursday, March 22, 2012	Last day to report all remaining House bills.
Thursday, March 29, 2012	Last day to act on House bills. CROSSOVER.
Thursday, April 19, 2012	Last day to report SBs going to a second committee.
Thursday, April 26, 2012	Last day to act on SBs going to a second committee.
Thursday, May 10, 2012	Last day to report all Senate bills.
Thursday, May 17, 2012	Last day to act on Senate bills.
Thursday, May 24, 2012	Last day to form Committees of Conference.
Thursday, May 31, 2012	Last day to sign Committee of Conference reports.
Wednesday, June 7, 2012	Last day to act on Committee of Conference reports.

RULES OF COMMITTEE PROCEDURE

100. **Committee Chairman; Duties.** The duties of each committee chairman, appointed pursuant to House Rule 32, shall be the following:

- (a) To preside at all meetings of the committee;
- (b) To call the meeting to order at the time and place designated by the meeting notice;
- (c) A quorum being present, to cause the committee to proceed with its business in the proper order according to the agenda and to announce the business before the committee as it proceeds with such business;
- (d) To preserve order and decorum and to speak on points of order, in which case the chairman shall have preference over other members;
- (e) To decide all points of order, subject to appeal to the committee;
- (f) To explain or clarify any rule of procedure upon request;
- (g) To state, or direct the clerk to state, each motion as it is made;
- (h) To recognize members;
- (i) To state and put to a vote all questions requiring a vote or upon which a vote is ordered and to announce the vote;
- (j) To appoint the chairman and all members of all subcommittees;
- (k) To assign duties and responsibilities to the vice-chairman of the committee;
- (l) To sign all documents which require the chairman's signature;
- (m) To arrange for the posting and filing of committee notices;
- (n) To supervise and be responsible for the preparation of committee reports and supplements;

(o) To submit requests to the Speaker for committee members' attendance at and travel to off-site meetings;

(p) To have custody of all legislative documents and reports referred or submitted to the committee during the legislative session;

(q) To transmit to the Clerk each legislative document and report which the committee has: 1) reported, or 2) been discharged from considering, or 3) been ordered to report;

(r) To carry out all other duties as may be required.

101. Members, Duty to Attend Meetings; Attendance Record. It shall be the duty of committee members to attend and participate in all committee meetings. A record of the members present and the members absent at each committee meeting shall be maintained. The chairman shall be responsible for assuring that this record is maintained and shall notify the Speaker of excessive unexcused absences.

102. Excessive Absences. Each committee chairman may request the Speaker to remove from committee membership any member of the committee whose absences from committee meetings are judged to be excessive in number.

103. Notice of Executive Sessions. Notice of all executive sessions at which a recorded vote will be taken shall be given by notification in the House Calendar at least two days prior to said executive session, or notification by the Chairman of the appropriate committee on the floor of the House.

104. Notice; Contents. Each meeting notice shall contain the following information:

- (1) time and place of the meeting;
- (2) matters proposed for consideration;
- (3) other information that the committee deems pertinent.

105. Quorum Required to Transact Business. The presence of a quorum, defined as a majority of each committee, shall be required for a committee to transact business and no official action shall be taken by a committee unless a quorum is present.

106. Vote Required for Committee Actions; Members Disqualified. The approval of a majority of the quorum present shall be required for a committee to decide a question or to take official action on any matter; provided however, that a member who has filed a Declaration of Intent pursuant to the Ethics Guidelines that the member will not participate, shall not be required to vote and shall not be counted for purposes of determining the number necessary or for establishing a quorum to act on that question.

107. Roll Call, Recorded Votes Required. At each legislative committee meeting, final action on any bill or resolution shall be by roll call. All roll call votes shall appear in the records of the committee as otherwise provided in these rules. In all roll call votes the names of the members voting for the motion, the names of the members voting against the motion, and the names of members not participating because of a conflict of interest, or absent shall be recorded. If a member is present when the question is put, he or she must vote when called unless the member is not participating pursuant to the New Hampshire General Court Ethics Guidelines.

108. Minutes of Meetings Required; Contents. Minutes of each meeting shall be kept by the committee clerk or under the direction of the clerk and they shall constitute a written record of committee proceedings at such meeting. The minutes shall contain:

- (a) The time and place of the meeting of the committee;
- (b) The members present or absent;
- (c) The names and addresses of all persons appearing before the committee with the names and address, if any, of the person, firm, corporation or association in whose behalf the appearance is made;
- (d) The bills, resolutions or other matters considered;
- (e) Action of the committee, including final action of the committee with respect to each bill or resolution on which the committee makes a report to the House;
- (f) The vote of each member on each bill or resolution, matter or motion considered by the committee on which a roll call vote is taken;
- (g) The important points made by each witness at a public hearing and by each member of the committee, insofar as possible.

109. Permanent Committee Records; Disposition.

- (a) The permanent records of the committee shall include a file of the public record on each bill or resolution received by the committee. The public record on each bill or resolution shall include minutes of all committee and subcommittee meetings, a copy of the original document, a copy of

committee amendments proposed by a member, whether adopted or not, and the disposition thereof; a copy of any fiscal note, actuarial note or notice attached to a bill or resolution at the time of committee consideration; all prepared statements which have been filed with the committee by members or interested parties. Only paper copies of letters, statements or other documents delivered by a member or other interested party to the committee chair, vice chair or committee clerk in hand or by US or commercial mail shall constitute a filing with the committee and made part of the public record.

(b) The permanent records of the committee shall be kept by the House Clerk in a place designated by the Speaker.

110. Open Meetings. All meetings of any committee of the House and Senate shall be open to the public subject to the provisions of N. H. RSA 91-A.

111. Back-Up Rules. In such cases where New Hampshire House Committee rules are silent, Mason's Manual of Legislative Procedures, 2000 Edition, shall be the parliamentary guide.

DEFINITIONS

RESOLUTIONS

Resolutions are the formal expressions of the opinions and wishes of the legislature. There are four types: joint resolutions, concurrent resolutions, simple resolutions, and constitutional amendment-concurrent resolutions (CACRs). Joint resolutions, concurrent resolutions and CACRs must be approved by both branches of the legislature, while simple resolutions are considered only by the body of introduction. All resolutions take effect upon passage, so they often are used to meet emergency situations.

(a) JOINT RESOLUTION:

A joint resolution is one that has the force and effect of law, and as such must pass both the house and senate and be signed by the governor. The constitution, Pt. II, Art. 45, provides that joint resolutions shall be treated as bills. Joint resolutions are introduced and considered in the same manner as bills, except that they can only be used for temporary provisions. Joint resolutions cannot be used to amend the public or private laws of New Hampshire (the RSA or the session laws), but they can be used to appropriate money for limited purposes; to establish temporary study committees; and to make adjustments in the state retirement system for certain individuals. Because a joint resolution is effective upon passage, it is useful for supplemental or deficiency appropriations, but such appropriations may not extend beyond the second fiscal year of the biennium. As with other appropriations, if a resolution makes an appropriation from the general fund the governor must be authorized to draw [his] a warrant for the sums appropriated.

(b) CONCURRENT RESOLUTION:

A concurrent resolution is acted on by the house or senate and sent to the other house for approval but is not sent to the governor for signature. Therefore, it does not have the effect of a law, and it is important to note that it cannot be used to appropriate money. Concurrent resolutions may be used to put the legislature on record as supporting or disavowing some aspect of national or state policy. Also, a concurrent resolution may be utilized to express appreciation to some individual or group.

(c) SIMPLE RESOLUTION:

A simple resolution is one that is considered by the legislative body in which it is introduced and is of interest to only that body. Neither house nor senate resolutions have the effect of law. They are written to show appreciation to some individual or group, to ask the supreme court for an advisory opinion on a bill originating in that body, to express sympathy for an individual's death or illness, or, in a lighter vein, to commemorate an event affecting one of the members.

(d) CONSTITUTIONAL AMENDMENT-CONCURRENT RESOLUTION:

An amendment to the constitution may be proposed by the legislature, as well as a constitutional convention. N. H. Const. Pt. 2, Art. 100. Each body must approve the CACR by a three-fifths vote of the entire membership: then the CACR must be submitted to the voters at the next biennial November election. The CACR must be approved by two-thirds of the qualified voters present and voting.

Rep. Bettencourt spoke in favor.

Rep. Gary Richardson offered a floor amendment to House Rules.

Amendment to House Rules

House Rule 30 (q)

Delete the last sentence and replace it with the following:

It shall be the duty of the House to determine whether further action is required on any petition. If the House determines that a Public Hearing is necessary, it shall be the duty of the Chairman to limit hearings as appropriate.

Rep. Gary Richardson spoke in favor.

Rep. Jasper spoke against and yielded to questions.

On a division vote, 95 members having voted in the affirmative and 277 in the negative, the floor amendment to House Rules failed.

The question now being adoption of House Rules, as amended and proposed by the Rules Committee. Rep. Shurtleff offered a floor amendment to House Rules.

Amendment to House Rules

House Rule 63

Add material shown in bold type. Delete italicized type in parentheses. Rule to read as follows:

63. Deadly weapons; electronic devices; cameras. No person, including members of the House, except law enforcement officers while actively engaged in carrying out their duties as such, shall display any deadly weapon as defined in RSA 625:11, V while in the House Chamber, anterooms or cloakrooms. **No person, except law enforcement officers while actively engaged in carrying out their duties as such, shall carry or have in their possession any deadly weapon as defined in RSA 625:11 V in the House gallery.** *(or any portion of the State House adjacent to any of the above.)* Any person in violation of the rule shall be subject to ejection from any such premises on the order of the Speaker and disciplinary action or arrest or both by action of the House. Nothing in this rule shall indicate that the security officer appointed by the House under Rule 61 has the right to stop and search a member of the House on the premises of the House or that any person is precluded a legally permitted exercise of self-defense or defense of others. With the exception of devices for the hearing impaired, no member shall operate a video camera or a camera utilizing flash bulbs on the floor of the House, while the House is in session.

Rep. Shurtleff spoke in favor.

Rep. Jasper spoke against.

On a division vote, 96 members having voted in the affirmative and 274 in the negative, the amendment to House Rules failed.

The question being adoption of House Rules, as amended and proposed by the Rules Committee. Adopted.

RESOLUTION

Rep. Tucker offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, House Bills numbered 26 through 49, 51 through 99 and 101 through 124, House Concurrent Resolutions numbered 1 through 4, House Joint Resolution numbered 1, House Resolution numbered 6 and Constitutional Amendment Concurrent Resolutions numbered 1 through 4 shall be by this resolution read a first and second time by the therein listed titles, sent for printing and referred to the therein designated committees.

Adopted.

INTRODUCITON OF HOUSE BILLS

First, second reading and referral

HB 26-FN, clarifying the definition of gross misconduct for purposes of unemployment compensation. (Kappler, Rock 2; C. Vita, Straf 3; Tucker, Rock 17; Willette, Hills 6; Greemore, Belk 3; Forrester, Dist 2; Carson, Dist 14; Barnes, Jr., Dist 17; Labor, Industrial and Rehabilitative Services)

HB 27, relative to de minimis impact work in designated rivers. (Kappler, Rock 2; L. Vita, Straf 3; C. Vita, Straf 3; Spang, Straf 7: Resources, Recreation and Development)

HB 28, establishing a committee to study driver's license suspensions. (Pantelakos, Rock 16; S. Keans, Straf 1: Transportation)

HB 29, permitting a person to petition the superior court for any action pertaining to a pistol or revolver license. (Cunningham, Sull 2; Bowers, Sull 3; Laware, Sull 5; Howard, Sull 2; Odell, Dist 8: Criminal Justice and Public Safety)

HB 30, relative to reciprocity for licensure by the board of veterinary medicine. (Sad, Ches 2; Haefner, Hills 27: Environment and Agriculture)

HB 31, relative to insurance payments for ambulance services. (Umberger, Carr 1; White, Graf 11; Chandler, Carr 1; F. McCarthy, Carr 1; Bradley, Dist 3: Commerce and Consumer Affairs)

HB 32, relative to statutory references to the choice and duties of town auditors. (Cooney, Graf 7; Hatch, Coos 3; B. Patten, Carr 4: Municipal and County Government)

HB 33, relative to the preservation and care of the Franconia Notch forest reservation and memorial park. (Swinford, Belk 5; Baldasaro, Rock 3; K. Roberts, Ches 3: Resources, Recreation and Development)

HB 34-FN-L, relative to the distribution of total education grants to municipalities in the 2012 and 2013 fiscal years. (K. Gould, Rock 5; Bowers, Sull 3; Sanders, Rock 7; L. Ober, Hills 27; Devine, Rock 7: Education)

HB 35-FN, authorizing the acquisition of certain dams in the Connecticut Lakes Headwaters Tract. (Chandler, Carr 1; Rappaport, Coos 1; Daugherty, Coos 1; Gallus, Dist 1: Resources, Recreation and Development)

HB 36-FN-L, reducing the fee for copies of birth certificates. (Vaillancourt, Hills 15: Ways and Means)

HB 37-FN-A, reestablishing the initial monthly gross charge exemption to the communications services tax. (Vaillancourt, Hills 15: Ways and Means)

HB 38, relative to emergency use of public docks and piers. (Hikel, Hills 7: Municipal and County Government)

HB 39, relative to the adoption of the common core state standards in New Hampshire and relative to the substantive content of an adequate education. (Boehm, Hills 27: Education)

HB 40, relative to the number of children in a licensed foster family home. (C. Vita, Straf 3: Children and Family Law)

HB 41, designating purple as the official state color. (Doherty, Hills 27: Legislative Administration)

HB 42, relative to the appropriate officials with whom to file for a primary. (Doherty, Hills 27; Comerford, Rock 9: Election Law)

HB 43, relative to the adoption of forms under the administrative procedures act. (Pilotte, Hills 16; Sad, Ches 2; Millham, Belk 5; B. Patten, Carr 4: Legislative Administration)

Rep. Jasper moved that the House stand in recess for the purposes of the introduction of bills and receiving Senate messages and that the House meet Thursday, January 6, 2011 at 11:00 a.m.
Adopted.

The House recessed at 11:10 a.m.

RECESS**(Speaker O'Brien in the Chair)**

Rep. Bettencourt moved that the House adjourn.
Adopted.

HOUSE JOURNAL No. 3

Thursday, January 6, 2011

The House assembled at 11:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by guest Chaplain, Rev. Roger Boucher of Gilmanton Iron Works.

Almighty God, from whom we come and to whom we ultimately return, we commend our hearts and consciences to Your care on this day. We commend our Governor at his inauguration as we honor his service. As we get underway, keep each trustee of the people's faith in government alert, guarded and strong. The people of New Hampshire honor the judgments of their representatives and so we pray that You help us with Your inner light to be collegial in our tough decisions, to be professional in our disagreements and to be transparent in our purposes so that we deserve the respect of the people we serve. This, Lord, is how we honor them and this is our ultimate purpose in governing and so we ask You, Lord, for the support we need for this institution. Bless us and keep us. May Your face shine upon us and be gracious to us. Let Your light and wisdom guide us and give us Your strength and peace. Amen.

Representative D. J. Bettencourt, member from Salem, led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. Drisko, Pitre, Stella Tremblay and Williams, the day, illness.

Reps. Aguiar, Babson, Balboni, Ball, J. Gail Barry, Beattie, Ronald Belanger, Bowers, Kevin Brown, Paul Brown, Brendon Browne, Buxton, Campbell, Case, Chase, Chris Christensen, Jennifer Coffey, Cohn, Condra, Cote, Cunningham, DeJong, DeLemus, Doherty, Domingo, Donovan, Dowling, Eaton, Erickson, Fleck, Gagne, Gargas, James Garrity, Gile, Gimás, Hansen, Hardwick, Hawkes, Ken Hawkins, Hill, Hoell, Timothy Hogan, Gary Hopper, Howard, Hunt, Infantine, Ingbreton, Gladys Johnsen, Jane Johnson, Kyle Jones, Laura Jones, Kaen, Kingsbury, Knox, Krasucki, Larsen, Levasseur, Lundgren, Maltz, Frank McCarthy, McConkey, Mecheski, Merrow, Moran, Brian Murphy, Notter, Lynne Ober, Russell Ober, Oligny, Parison, Pastor, Betsey Patten, Pepino, Amy Perkins, Lawrence Perkins, Pettengill, Pratt, Proulx, Rappaport, Michael Reed, Reichard, Herbert Richardson, Jon Richardson, Jenna Roberts, Russell, Sapienza, Scala, Stephen Schmidt, Scentsas, Seaworth, Serlin, Sheffert, Soltani, Spainhower, Sprague, James Sullivan, Kevin Sullivan, Summers, Sytek, Stroud, Terrio, Joseph Thomas, Tregenza, Marc Tremblay, Wallner, Warden, Watrous, Webb, Wheaton, White, Whitehead, Willette and Winter, the day, important business.

INTRODUCTION OF GUESTS

Sam, Marc and Max Gonzalez, Floralma Polanco, Jean Max Darbouze and Chad Anderson, sons and guests of Rep. Gonzalez. Matt Haefner, grandson of Rep. Haefner.

RESOLUTION

Reps. Cataldo and Nordgren offered the following: **RESOLVED**, that the House of Representatives notify the Honorable Senate that it is ready to meet in Joint Convention for the purposes of hearing the report of the Joint Committee appointed to compare and count the votes for Governor and Executive Council, for the Inauguration of the Governor and for the taking of the oath by the Executive Council. Adopted.

SENATE MESSAGE

The Senate is now ready to meet with the Honorable House of Representatives in Joint Convention for the purpose of hearing the report of the Joint Committee appointed to compare and count the votes for Governor and Executive Council, the Inauguration of the Governor, the Honorable John H. Lynch, and the taking of the oath by the Executive Council.

JOINT CONVENTION (Speaker O'Brien presiding)

REPORT

Reps. Tucker, Bettencourt and Norelli and Sens. Bradley and Larsen offered the following report: The Joint Committee appointed to compare and count the votes for Governor and Executive Council reports that it has attended to its duties and the vote is correct.

INTRODUCTION AND SEATING OF SPECIAL GUESTS

The Sergeant-at-Arms introduced the following special guests who were escorted to their seats by Aides-de-camp: Family and friends of Governor-elect Lynch. Mayor of Concord, Hon. James Bouley. Commissioners and Department Heads. State Treasurer, Hon. Catherine Provencher. Deputy Secretary of State, Hon. David Scanlan. Leadership of the New Hampshire House of Representatives. Attorney General, Michael Delaney. Administrative Judge representing New Hampshire Probate Courts, Hon. David King. Administrative Judge representing New Hampshire District Courts and the Family Division, Hon. Edwin W. Kelly. Associate Justices of the New Hampshire Supreme Court: Hon. Gary Hicks, Hon. Carol Ann Conboy and the Hon. Robert Lynn. Senior Associate Justice of the New Hampshire Supreme Court, Hon. James Duggan. Chief Justice of the New Hampshire Supreme Court, Hon. Linda S. Dalianis. Former Governors: Hon. Walter Peterson and Mrs. Dorothy Peterson, Hon. John H. Sununu and Mrs. Nancy Sununu and Hon. Stephen Merrill and Mrs. Heather Merrill. The Reverend Clergy. The Executive Council-elect: Hon. Raymond Burton, Daniel St. Hilaire, Christopher Sununu, Hon. Raymond J. Wieczorek and Hon. David Wheeler. Jacqueline and Julia Lynch, daughters of Governor-elect Lynch.

The New Hampshire Police Association Pipes and Drums performed.

Governor-elect John H. Lynch and Dr. Susan E. Lynch were introduced and escorted to the rostrum by the Adjutant General, William Redell.

INVOCATION

Offered by Reverend Monsignor John P. Quinn of the St. Elizabeth Seton Parish in Bedford. Could we bow down our heads and place ourselves in the Lord's presence. All praise and glory are Yours, Lord our God, maker and ruler of the universe. You are the author of freedom, the source of all power. We, Your people, thank You for the blessings of liberty. Help us to fulfill the civic responsibilities that accompany those blessings. We give You thanks today as we gather for the inauguration of Governor John Lynch. We ask that Your spirit descend on us as we begin this ceremony. May Governor Lynch and all those that we have chosen to grant the authority to govern us, work diligently, perseveringly and conscientiously for the cause of truth and justice and for the good of the citizens of the state of New Hampshire. May Your grace strengthen them to work with honor and patience, thankfulness and joy. May all strive dutifully to fulfill their tasks, that their accomplishments may benefit others and serve their needs. Strengthen each of us with willingness to risk for the sake of Your kingdom and to help all of us continually to be concerned for one another. We make this prayer to the praise and the glory of Your Holy name. Amen.

POSTING OF COLORS

Members of the Colonial Color Guard, the New Hampshire National Guard Honor Guard and the State of New Hampshire Governor's Horse Guards, Mounted Ceremonial Unit posted the Colors.

PLEDGE OF ALLEGIANCE

Students from Beech Street Elementary in Manchester led the Pledge of Allegiance.

NATIONAL ANTHEM

The National Anthem was sung by Natalie Hazard of Portsmouth.

OATHS OF OFFICE

The Honorable Linda S. Dalianis, Chief Justice of the New Hampshire Supreme Court administered the oath of office to Governor-elect John H. Lynch. Dr. Susan Lynch, Jacqueline and Julia Lynch joined the Governor on the rostrum.

Governor Lynch administered the oath of office to the Honorable Executive Councilors-elect Raymond S. Burton, Daniel St. Hilaire, Christopher Sununu, Raymond J. Wieczorek and David Wheeler.

MUSICAL INTERLUDE

The Makem and Spain Brothers performed "New Hampshire Naturally" and "This Land is Your Land."

READING

Tomie DePaola of New London recited a story from his book, *Front Porch Tales and North Country Whoppers*.

INAUGURAL ADDRESS

By Governor John H. Lynch

Mr. Speaker, Mr. President, Madam Chief Justice, isn't it good to be able to say Madam Chief Justice, members of the judiciary, honorable members of the House, the Senate, the Executive Council and my fellow citizens of New Hampshire: Thank you for the trust that you once again have placed in me. I will continue to work every day to earn and honor that trust by putting your interests first and striving to make our great state of New Hampshire even stronger. Let me begin by thanking my wonderful family, starting with our exceptional First Lady, my wife Susan Lynch. Her love and encouragement make a difference for me every single day and her work for the children and families of New Hampshire will make a difference for them for years to come. And, I must thank our children: our daughters, Jacqueline and Julia, and our son, Hayden, for their support, for their love and for their patience. Today, more than 700 members of The New Hampshire National Guard are serving in Afghanistan and Iraq. They join countless other brave New Hampshire men and women in our armed forces and follow a long and proud New Hampshire tradition of service. As we pray for the safe return of our soldiers, let's take a moment to thank them, their families and our veterans for their sacrifice and their service. Captain Dan Newman of Merrimack and 1st Sergeant Glen Drewniack, the leaders of Charlie Company, recently brought home safely from Afghanistan all 70 soldiers under their command. Captain Newman and 1st Sergeant Drewniack are with us here today. Will they please stand so that we can applaud them, and all of Charlie Company, for their service to us? Like all of you, I love New Hampshire. I love our rugged mountains and our sparkling lakes, our rivers and beautiful coastline, Old Home Days and State Fairs, our close-knit small towns and our vibrant cities, but most of all I love our people and how they always come together. I saw 8,000 people crowd into the Verizon Wireless Arena to say goodbye to 700 National Guard soldiers as they deployed to the Middle East. I saw hundreds come witness the awarding of the New Hampshire Medal of Honor to families who had lost a loved one in service to our nation. I've seen businesses, neighbors and school children rally around Bella Tucker, a young child from Londonderry stricken with a devastating infection. Thousands of people collect and deliver toys to our children for the holidays and our own state employees collected 10,000 items of food to feed the hungry here in New Hampshire. In many ways, New Hampshire can be like a large, extended family, rallying around when someone needs help. We live in the greatest state in the greatest country in the world and as Governor I think about that every single day. As elected officials we are but temporary custodians of this great state. We are keepers of tradition, stewards of today and guardians of New Hampshire's future. We will be judged not only on the results apparent two years from now; but on the shape of New Hampshire 20 years from now. Helping our families; ensuring ethical, accountable and efficient government; building a stronger New Hampshire. The political make up of this legislature has changed, but these are not partisan issues, these are New Hampshire issues. They are shared responsibilities. They are responsibilities that I accept and responsibilities that I know our new legislators accept as well. Together, working together, we can make our great state even greater. As we move forward in the next two years, we must address the very real challenges facing our families and our state right now, but we always must remember that the decisions we make will shape the lives of our children, grandchildren and great-grandchildren. We serve the people of today, but we have a sacred responsibility to the people of New Hampshire's future. New Hampshire is a special place because of the hard work and innovation of our people, but also because of thoughtful bipartisan policies we've pursued over the decades. In New Hampshire, we have a strategy that is working, a strategy that has put us on the top of almost every national ranking. Today, New Hampshire has the fastest-growing economy in the nation. We have the lowest state taxes in the country. We are the safest state. We are the most livable state and an acknowledgment that I am particularly proud of, New Hampshire is considered the best state in the nation to raise children. As we move forward, we must not abandon the very policies that have made us the envy of the nation. Our challenge is to build on what is already working; to have the courage to address the areas where we can improve; and to stay focused on what truly matters to the people of our great state. The impacts of this recession on our families and on our businesses are real and cannot be understated and cannot be forgotten, but New Hampshire has fared better

than most of the nation. We have one of the lowest unemployment rates in the country. The Federal Reserve Bank says New Hampshire had the fastest economic growth of any state in the nation in the past year, and predicts that we will lead the country in economic growth in the coming year. The National Journal calls New Hampshire the highest-performing economy in the nation. Think about it. Fifty states and New Hampshire is the best. We must continue to build on our successes so that we can get all of our people back to work. We must not be satisfied until every person who wants a job can get a job here in New Hampshire. New Hampshire's economic strength is rooted in smart decisions we've made over the years and in the ingenuity of our citizens and our entrepreneurs. Our businesses have grown and thrived in part because of our tax advantage. Today, we have the lowest state taxes in the country. To continue to grow, we must move forward keeping our taxes low with no sales or income tax. Past legislatures and New Hampshire citizens worked to diversify our economy and help businesses grow. For example, they created the Business Finance Authority, which helps companies access capital. Today, we are building on that success with a new innovation and commercialization center and the Green Launching Pad. Both efforts are putting the intellectual and research capabilities of our renowned University System to work helping companies bring new products to market and to create new jobs. We know in today's economy, companies must research and innovate or find themselves outpaced by their competitors. We want businesses to know that New Hampshire is a place that values their ideas and values their new products. That is why we created the research-and-development tax credit and that is why I am proposing that we double the research-and-development tax credit available to businesses this year. Just as companies must change and adapt, so must their workers. In today's economy, businesses can locate almost anywhere. One reason they come to New Hampshire is because of the skills of our workers. We've partnered with companies to train workers in the skills they need for today's jobs. In the past four years, we have trained more than 8,000 workers here in New Hampshire and this is possible because we joined together to create a Job Training Fund. Let's continue to invest in job training. Let's bring new jobs and keep good jobs right here in New Hampshire. New Hampshire's high-quality roads and bridges have long been a point of pride for our state and important to our economy. Our businesses depend on a quality infrastructure to deliver their products in a timely and affordable manner. Our roads are the first impression we make to visitors who come to our state. Good roads help our citizens get home to their families without hours lost in traffic and good roads save lives. Over the past several years, we've worked to develop a realistic 10-year highway plan. Now we are repairing red-listed bridges, bringing open road tolling to Hampton and beginning the expansion of Interstate 93. We are rebuilding the Spaulding Turnpike, an investment that will reduce accidents and open up new economic development opportunities from Portsmouth to Rochester. But the current 10-year plan, and current revenue sources, will not allow us to fully expand Interstate 93 or add important projects such as Exit 4A on Interstate 93. Two years ago, I offered a plan to consolidate our highway and turnpike systems to help fund important roadwork into the future. This plan is a way forward, but I recognize it is not the only way forward. I am open to new ideas, but if we believe it is important to repair our roads and to fully expand Interstate 93, then it's time to decide how we will pay for these important projects. State road projects are essential to our economic growth, but so are local road projects. For example, in the town of Londonderry, the development of Pettingill Road would open up that area to millions of dollars in economic development and new jobs. That is why I support a new revolving loan fund, a State Infrastructure Bank that would allow communities to pay back the cost of road projects over time through the tax revenues generated by economic growth. Our state's future economy depends on our infrastructure. Let's work together. Let's work together to give our citizens and businesses the high quality roads and bridges that they deserve and that they expect. Today, however, infrastructure is more than just roads and bridges. Our companies and citizens need access to high-speed Internet to compete in this economy. Through the federal stimulus, we are leveraging more than \$66 million in federal and private funds to build an expanded broadband highway for New Hampshire. A project that will support 700 jobs, improve communications and make it easier to connect all parts of our state to high-speed and affordable broadband. Let us build the information highway of the 21st century. Let's bring affordable broadband to all of New Hampshire. I am proud that New Hampshire is ranked one of the most business-friendly states in the nation. Together, we can make it number one. One of the reasons for New Hampshire's success is the accessibility of our state officials. Business owners have told me that the outreach and responsiveness of our commissioners helped convince them to locate and expand their companies here in New Hampshire. I just want to take a

moment to thank our department heads, many of whom are here today. I am so proud of this extraordinary group of public servants. They've found ways to serve our citizens with less and worked together to improve services. We have the fourth-lowest state spending per capita in the nation. The ingenuity and the hard work of our department heads and our state employees are major reasons why. Would the department heads please stand so we can thank you and thank all our state employees for what you do. This year, the legislature will consider a number of important bills, but almost everything we discuss comes back to the most important policy statement we can make as state, our budget. The budget makes clear our values; it reflects our core responsibilities and what investments we believe are critical for our state's future success. As we approach this budget, we must remember that behind every decision are people, people who will be affected. What we choose to do and choose not to do will affect the future of our citizens and the economic future of our state. Over the past several years we've made hard choices to cut state spending and keep the budget balanced. We eliminated outdated programs and we closed facilities. In some cases, we delayed investments to respond to fiscal realities. We've cut important initiatives to direct our limited resources to our priorities, education, health care and public safety. The challenge with the upcoming budget will be just as great. We need to recognize that 50 percent of the state budget is state aid to communities. Another 20 percent is direct payments for health care for our most vulnerable citizens, including the elderly. To balance the budget, we must continue assessing how we provide every state government service and decide what services we should continue providing, but our reductions should not come at the expense of our most vulnerable citizens. An important part of reaching that goal will be continuing to reform state government and improve efficiency. That is what we've done for the past six years. We've centralized purchasing, improved the management of state cars, put services, such as drivers' license renewals, online and state agencies have recently met my goal of reducing their energy use, saving taxpayers \$3 million. We will continue to increase efficiency with a responsible and balanced budget that I will present February 15th. Agencies are already working on efforts to control costs and improve services. For example, the Department of Safety and the Judicial Branch are partnering on a proposal to create an Administrative Traffic Court, which will reduce the backlog in the court system and provide long-term cost savings to the state and local governments. We will need to make upfront investments, particularly in technology, to improve services and to lower long-term costs. Our department heads have joined together to expedite the review of permits for major economic development projects, but they also need new technology to take the next step. That's why I will include funding in the budget to create an online Business One-Stop Center, which will provide a central place for businesses to interact with state government. Our citizens and businesses live and interact in an online world, state government should as well. Let's make it easy for businesses to do business with state government. One of state government's roles is to put in place careful and thoughtful regulations. How one company uses and treats water helps ensure clean water for the business around the corner. Protecting the safety of workers helps control workers' compensation costs for all businesses. Ensuring sound land use helps prevent flooding that damages homes and damages businesses. We must always review regulations to make sure they are still appropriate. Some may be outdated and should be eliminated. Others could be administered more effectively and efficiently. In other cases, oversight should be strengthened. Recently, we saw a number of people lose their life savings because of the illegal practices of Financial Resources Management. First and foremost this was a crime. But we also must acknowledge that state government missed opportunities to expose this fraud. We must take a number of steps to strengthen our oversight. In 2002, in the name of reducing regulation, the legislature stripped the Department of Justice of its authority to prosecute some businesses under the Consumer Protection Act. That was a mistake. It's time to return to the Attorney General the authority to protect all of our consumers here in New Hampshire. Just as our educated workforce is helping our state's economy grow, the education that we give New Hampshire's children now will determine the strength of our state's economy for decades to come. Our schools have long been among the best in the nation and we've been working to make them even better. We've improved standards. We expanded the Community College Project Running Start to more high schools, giving students access to college classes and college credits and at long last, we've ensured that every child in every community can attend public kindergarten. We've led the way in tackling one of the biggest problems facing American schools, the high school dropout rate. At a time when the number of high school dropouts is of epidemic proportions across the nation, we've cut our dropout rate in half to a remarkably low 1.7 percent here in New Hampshire. A high school diploma is not a luxury; it is a neces-

sity to succeed in the workforce. We've made remarkable progress, but we're not done. We have a goal of reducing our dropout rate here in New Hampshire to zero. Let us make sure that every child in New Hampshire graduates from high school. Our efforts to reduce the high school dropout rate and improve education are succeeding because we've provided new alternatives for children to learn and thrive; online learning, internships and night school and we are working with our schools to expand that approach throughout our educational system. The Kearsarge School District is planning to move to online classes on some snow days. Students at Spaulding High School are taking Advanced Placement classes online. Programs like the FIRST Robotics competition are teaching children things they could never get from a textbook. I encourage all of you to attend a FIRST competition and see the excitement of students around science, math, technology and engineering. We need to spur these types of changes in education by encouraging school districts to expand opportunities through technology; by giving students credit for participating in activities like FIRST; and by investing in alternative education. We should not expect 21st century results with a 20th century educational model. We must and we will give our students opportunities to learn in new ways so they can compete successfully in a new economy. State government has a role in ensuring that all New Hampshire children have access to these new opportunities and to a quality education. Our current education funding formula halted nearly 20 years of litigation, but that formula must be improved to ensure sustainability, to avoid dramatic cuts in aid to communities and to prevent the return of donor towns. I will present a proposal for improving the current formula, but we must recognize that our ability to make significant change, change that could expand opportunities for children across New Hampshire, is constrained by the decisions in the Claremont and Londonderry lawsuits. Those decisions have made it harder to address the root problem, local disparities in education. Unlike any other state in the nation, our court required the state to pay the first and the last dollar of an adequate education for every community, making it very difficult for us to lift up the educational opportunities in communities with greater needs. That is why I will propose a constitutional amendment. An amendment that affirms our responsibility for education, but gives us the flexibility we need to give every child in every town the opportunity for a quality education. Let's work together. Let's work together to pass an amendment that will ensure a great education for every child in our great state of New Hampshire. As Governor, I have made public safety my top priority and I want to take a moment to salute the people who keep us safe, law enforcement, firefighters and other first responders. Let's give them a round of applause for what they do for New Hampshire. To keep our state safe, we've put in place smart laws, including the toughest laws in the nation protecting our children from sexual predators. For the past decade, New Hampshire's crime rate has decreased, but our prison population grew by 31 percent and corrections costs doubled. That is why we worked together, law enforcement, the judicial branch, victims and their advocates, Republicans and Democrats, to reform our corrections system. We instituted reforms to increase supervision of released offenders, to help people who have served their time reintegrate into their communities and to reduce the number of repeat offenders. These reforms will save New Hampshire taxpayers money, but more importantly, they will improve public safety. Similar reforms have produced real results in states across the country, but as is the case with any new law, improvements can always be made. That is why we will make proposals to improve supervision of released inmates and to provide the Parole Board with greater discretion to recommit offenders. While we can improve on the Justice Reinvestment Act, we should not undermine its goals and its ability to reduce recidivism. To do so would both jeopardize public safety and lead to even higher corrections costs, costs that our taxpayers cannot afford. Let's work together. Let's work together to keep New Hampshire the safest state in the nation. One of the biggest challenges facing our businesses and our state is the rising cost of health care. We may have differing views on the merits of national health care, but I believe we can all agree that it neglected to address one of the largest problems facing all of us, the high cost of health care. The solution is not to ration health care, discriminate against sick or older workers or eliminate important consumer protections. We must fundamentally change the way health care is delivered and what we get for our money. That's what we are doing across New Hampshire. Dartmouth College just launched a new initiative to bring business and engineering principles to reforming the health care delivery system. Our Citizens Health Initiative, which includes our insurance companies, our providers, our businesses and our colleges and universities, is working to remake our state's health care system. We are running nine medical home pilots and working with five health care systems on a pilot project for Accountable Care Organizations. These related efforts share the same goals, changing the outdated financial incentives of how our health care

system works. We know that more spending doesn't necessarily equal better results. Instead of financially rewarding providers for ordering expensive tests, we should reward them for keeping people healthy. Ensuring basic preventative care will reduce the need for more expensive care later, help our citizens live better lives and control the growth in health care. We have the resources, we have the people and I believe New Hampshire has the will to lead the nation in true health care reform that in New Hampshire puts health first. In New Hampshire we are blessed with a beautiful environment and abundant natural resources. Nearly a century ago, New Hampshire citizens came together to protect and to re-grow our forests and we are still reaping the economic benefits of those actions. We see the benefit directly in our timber industry, in our hunting and fishing industries and in our second-largest industry, tourism. The indirect benefits of our beautiful natural environment touch every part of our economy by attracting businesses and attracting skilled workers to New Hampshire. We too have a responsibility to look to the future, just as our predecessors did and act to protect the long-term sustainability of our environment and of our economy. I believe the next great challenge facing our environment, one that could threaten our state's economic viability if left unaddressed, is ensuring clean and sustainable water supplies. That's why I will establish by Executive Order a commission to create a 20-year Water Sustainability plan for New Hampshire, evaluating the infrastructure, investments and other measures we must make together to ensure that our families, our businesses and communities have the clean water they need for the future. To protect New Hampshire's economy and quality of life for tomorrow, we must protect our water today. Keeping our spending and taxes low, helping all our children graduate from high school, building a strong infrastructure, giving our businesses and workers the tools and training they need to compete, re-making our health care system, ensuring clean water for generations to come. These are challenges that we face as a state, but they are also opportunities to build for New Hampshire's future. As we address the short-term needs of our citizens and our state, we must look to tomorrow. We must look ahead to obstacles to economic growth and success and to begin to address them now. We must consider not only the immediate, but also the long-term consequences of our decisions. Will they make New Hampshire better and more competitive for the future? Will they allow our state and our citizens to compete in the global economy? Will they ensure that New Hampshire remains the special place it is today? We must all remember that we are servants of New Hampshire's people today and the people of New Hampshire's tomorrow. Let us act together to ensure that when the legislature and the Governor meet in this great hall 20 years from now, they are discussing not how to fix the problems that were left unresolved, but how to build on the strong foundation we created for them. With good New Hampshire common sense, hard work and cooperation, we will keep moving our great state forward. Thank you all very much.

Lieutenant Charles Dyac of the Hudson Police Department sang "God Bless America."

BENEDICTION

Offered by Reverend Gayle Murphy of the Northwood Congregational Church.

I would like to leave you with a variation of an old Irish Blessing, a blessing that gives us hope of God's presence and blessings and reassurance that God is with us always. So, I leave you asking that the roads may rise to meet you and may you make the road smooth for others. May the wind always be at your back and may you remember while you are in the midst of conflict that all people are God's beloved. May the sun shine warm upon your face and may you have the courage to work on behalf of the poor, the disenfranchised and the homeless. May the rain fall soft upon your fields and may you enrich the state in which we live. Until your work is done, may God hold you in the hollow of his hand. May it be so. Amen.

Rep. Tucker and Sen. Bradley moved that the Joint Convention arise.
Adopted.

The Joint Convention adjourned.

HOUSE SESSION

(Speaker O'Brien in the Chair)

RESOLUTION

Rep. Jasper offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time.

RECESS MOTION

Rep. Tucker moved that the House stand in recess for the purposes of the introduction of bills and receiving Senate messages.

Adopted.

The House recessed to the Call of the Chair at 1:25 p.m.

RECESS

(Rep. Matt Quandt in the Chair)

RESOLUTION

Rep. Marshall Quandt offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Bills numbered 125 through 131 and House Concurrent Resolution numbered 5 shall be by this resolution read a first and second time by the therein listed titles, sent for printing and referred to the therein designated committees.

Adopted.

INTRODUCTION OF HOUSE BILLS AND HCR**First, second reading and referral**

HB 125-FN, relative to lawful commerce in firearms, including manufacture and sale, in New Hampshire. (Itse, Rock 9; Comerford, Rock 9; Hoell, Merr 13; W. O'Connor, Straf 3: Constitutional Review and Statutory Recodification)

HB 126-FN, prohibiting interference with access to medical services and health insurance of New Hampshire citizens. (Itse, Rock 9; Comerford, Rock 9; Ingbretson, Graf 5; Manuse, Rock 5: Commerce and Consumer Affairs)

HB 127-FN, relative to the definition of oral communication. (Baldasaro, Rock 3; Jennifer Coffey, Merr 6; Itse, Rock 9; Hikel, Hills 7; L. Christiansen, Hills 27: Criminal Justice and Public Safety)

HB 128, requiring tenants to execute a financial affidavit as part of the eviction process. (Drisko, Hills 5; Fleck, Carr 5; J. Belanger, Hills 5: Judiciary)

HB 129, relative to the licensure of attorneys as real estate brokers by the real estate commission. (Watters, Straf 4; Weeden, Straf 6: Commerce and Consumer Affairs)

HB 130, establishing an additional method for a school to demonstrate that it provides the opportunity for an adequate education. (Ladd, Graf 5; Boehm, Hills 27; Fleck, Carr 5: Education)

HB 131, relative to indemnification of volunteers performing duties in the state park system. (Bolster, Belk 5; C. Christensen, Hills 19; St. Cyr, Belk 5; Odell, Dist 8: Resources, Recreation and Development)

HCR 5, urging that the United Kingdom return the Parthenon (Elgin) marbles to Greece. (S. Lindsey, Ches 3: Legislative Administration)

RECESS

(Rep. Bettencourt in the Chair)

RESOLUTION

Rep. Matt Quandt offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Bills numbered 132 through 141 shall be by this resolution read a first and second time by the therein listed titles, sent for printing and referred to the therein designated committees.

Adopted.

INTRODUCTION OF HOUSE BILLS**First, second reading and referral**

HB 132, adopting and implementing the United States flag code. (Blankenbeker, Merr 11; Baldasaro, Rock 3; Kappler, Rock 2; Barnes, Jr., Dist 17: State-Federal Relations and Veterans Affairs)

HB 133, relative to the minimum wage. (C. McGuire, Merr 8: Labor, Industrial and Rehabilitative Services)

HB 134, relative to eligibility for walking disability plates. (C. McGuire, Merr 8: Transportation)

HB 135, relative to state employee reimbursement for use of a personal vehicle. (C. McGuire, Merr 8; J. Richardson, Merr 8: Legislative Administration)

HB 136-FN, repealing the uniform athlete agents act. (C. McGuire, Merr 8: Executive Departments and Administration)

HB 137-FN-L, relative to the state fire code and the state building code. (Hawkins, Hills 18; C. McGuire, Merr 8: Executive Departments and Administration)

HB 138-FN, relative to the cold case homicide unit. (Welch, Rock 8; Shurtleff, Merr 10; Shuler, Rock 11; Charron, Rock 7; Pantelakos, Rock 16; Merrill, Dist 21: Criminal Justice and Public Safety)

HB 139, establishing a committee to study merging the New Hampshire turnpike system and the state highway system. (D. McGuire, Merr 8; Pitre, Straf 3; J. Richardson, Merr 8; Hinch, Hills 19; Pellegrino, Hills 19: Public Works and Highways)

HB 140-FN, establishing an exemption from the civil filing fee surcharge. (Horrigan, Straf 7: Judiciary)

HB 141, relative to the treatment of cable television as a protected utility service. (C. McGuire, Merr 8; Jennifer Coffey, Merr 6: Judiciary)

RECESS

The Speaker appointed Special Committees of the House as follows:

SPECIAL COMMITTEE ON EDUCATION FUNDING REFORM

It shall be the duty of the Special Committee on Education Funding Reform to consider all matters pertaining to the reform and revision of state funding of primary and secondary education; and such other matters as may be referred to it.

REPUBLICANS

Ober, Lynne M., **Chairman**
Hess, David W., **Vice Chairman**
Ingbretson, Paul C.

Weber, Lucy M.

RECESS

(Rep. Winter in the Chair)

RESOLUTION

Rep. Allen offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Bills numbered 142 through 186 shall be by this resolution read a first and second time by the therein listed titles, sent for printing and referred to the therein designated committees. Adopted.

INTRODUCTION OF HOUSE BILLS**First, second reading and referral**

HB 142-FN, relative to sales of artificial flowers and miniature flags. (C. McGuire, Merr 8; L. Ober, Hills 27: Commerce and Consumer Affairs)

HB 143, relative to the sale of stove polish. (C. McGuire, Merr 8: Commerce and Consumer Affairs)

HB 144, repealing the authorization for energy efficiency and clean energy districts. (C. McGuire, Merr 8: Municipal and County Government)

HB 145, permitting the audio and video recording of any public official while in the course of his or her official duties. (Baldasaro, Rock 3; Jennifer Coffey, Merr 6; Hikel, Hills 7; L. Christiansen, Hills 27; Itse, Rock 9; Manuse, Rock 5: Criminal Justice and Public Safety)

HB 146, relative to the right of jury nullification. (L. Christiansen, Hills 27: Judiciary)

HB 147-FN, making the commission of certain offenses punishable under the capital murder statute. (O'Brien, Hills 4; Comerford, Rock 9; Bettencourt, Rock 4; Notter, Hills 19; Hinch, Hills 19; Holden, Hills 4; Barnes, Jr., Dist 17: Criminal Justice and Public Safety)

HB 148, relative to federal funding for motorcycle-only roadside checkpoints. (Holden, Hills 4; Packard, Rock 3: Transportation)

HB 149, designating segments of the Lamprey, North Branch, Pawtuckaway, North, Little, and Piscassic Rivers as protected rivers. (Kappler, Rock 2; Wall, Straf 7; Case, Rock 1; Comerford, Rock 9; Antosz, Rock 9; Merrill, Dist 21: Resources, Recreation and Development)

HB 150, relative to benefits of judicial branch employees who transfer from the judicial branch to state service in the executive branch or the legislative branch. (Shurtleff, Merr 10: Executive Departments and Administration)

HB 151, relative to appointments and reappointments of marital masters. (Rowe, Hills 6; Ulery, Hills 27; Itse, Rock 9; Gorman, Hills 23: Judiciary)

HB 152, relative to the definition of "party" for election purposes other than primary elections. (Comerford, Rock 9; Pierce, Graf 9; Scala, Carr 5; DeJong, Hills 9; Itse, Rock 9: Election Law)

HB 153, relative to political organizations. (Comerford, Rock 9; Pierce, Graf 9; Scala, Carr 5; DeJong, Hills 9; Itse, Rock 9: Election Law)

HB 154-FN-A, increasing the threshold amounts for taxation under the business enterprise tax. (Sapareto, Rock 5; Weyler, Rock 8; Major, Rock 8; Bates, Rock 4; Fields, Belk 2; Bragdon, Dist 11; Barnes, Jr., Dist 17; Gallus, Dist 1: Ways and Means)

HB 155, relative to permits to conduct raffles. (Ladd, Graf 5; Gionet, Graf 3; Bulis, Graf 1: Municipal and County Government)

HB 156-FN-A, reducing the rates of the tobacco tax. (Weyler, Rock 8; Sapareto, Rock 5; Osgood, Sull 4; R. Ober, Hills 27; L. Ober, Hills 27: Ways and Means)

HB 157-FN-A, repealing the tax on gambling winnings. (Hatch, Coos 3; Almy, Graf 11; D'Allesandro, Dist 20: Ways and Means)

HB 158, relative to the misuse of social security numbers. (Renzullo, Hills 27; Kurk, Hills 7: Criminal Justice and Public Safety)

HB 159, relative to review of proposed administrative rules by legislative committees. (Renzullo, Hills 27; Kappler, Rock 2: Legislative Administration)

HB 160, requiring decisions and actions of the joint committee on legislative facilities to be ratified by the legislature. (Renzullo, Hills 27: Legislative Administration)

HB 161, establishing standards for adequate service of process and establishing a commission to study service of process by laypersons. (Ulery, Hills 27: Judiciary)

HB 162-FN, relative to capital murder for purposely causing the death of another. (Greazzo, Hills 17: Criminal Justice and Public Safety)

HB 163, establishing the medical sharps advisory council on disposal of medical sharps. (Knox, Carr 4; Case, Rock 1; Millham, Belk 5; Day, Hills 7: Health, Human Services and Elderly Affairs)

HB 164, requiring legislative approval for the adoption of the common core state standards in New Hampshire. (Ladd, Graf 5; Boehm, Hills 27; W. Smith, Rock 18; Jasper, Hills 27; Kurk, Hills 7: Education)

HB 165, establishing a committee to study contract negotiations between health insurance companies and health care providers. (Marshall Quandt, Rock 13; Matt Quandt, Rock 13; Weyler, Rock 8; Shuler, Rock 11; A. Perkins, Rock 14; Ward, Rock 13; Abrami, Rock 13; Carson, Dist 14; Gallus, Dist 1: Commerce and Consumer Affairs)

HB 166-FN-A-L, reducing the rate of the meals and rooms tax. (Ahlgren, Carr 4; Knox, Carr 4; Renzullo, Hills 27: Ways and Means)

HB 167, naming the Enfield wildlife management area after former fish and game biologist Henry Laramie. (Chandler, Carr 1; Sova, Graf 10; Mirski, Graf 10; Townsend, Graf 10; Houde, Dist 5: Fish and Game and Marine Resources)

HB 168, establishing a committee to study the juvenile delinquency and child in need of services statutes. (Dowling, Rock 5; DeSimone, Rock 6: Children and Family Law)

HB 169, relative to the regulation of wood stove, wood pellet, and fireplace dealers. (Scala, Carr 5; Fleck, Carr 5: Commerce and Consumer Affairs)

HB 170, conferring degree-granting authority to the Upper Valley Educators Institute. (F. Gould, Graf 11; Ladd, Graf 5; Harding, Graf 11; Gile, Merr 10; Houde, Dist 5: Education)

HB 171, relative to restrictions on liquor licenses. (Packard, Rock 3; Holden, Hills 4: Commerce and Consumer Affairs)

HB 172, relative to transporting school children to school and school-supported activities. (L. Ober, Hills 27; R. Ober, Hills 27; Haefner, Hills 27; Renzullo, Hills 27; Carson, Dist 14: Education)

HB 173, relative to service of process on commercial tenants. (Jasper, Hills 27; Stepanek, Hills 6; Boutin, Dist 16: Judiciary)

HB 174, relative to insurance coverage for court-ordered counseling in divorce proceedings. (A. Perkins, Rock 14; Comerford, Rock 9: Commerce and Consumer Affairs)

HB 175, relative to technical changes in life, accident, and health insurance. (Headd, Rock 3: Commerce and Consumer Affairs)

HB 176, relative to eligibility to vote. (Sorg, Graf 3: Election Law)

HB 177, relative to the probation and parole status of offenders in motor vehicle records. (Scala, Carr 5; Fleck, Carr 5: Criminal Justice and Public Safety)

HB 178, establishing a committee to study issues regarding Financial Resources Mortgage, Inc. (Marshall Quandt, Rock 13; Matt Quandt, Rock 13; Bettencourt, Rock 4; Weyler, Rock 8; Shuler, Rock 11; Carson, Dist 14; Barnes, Jr., Dist 17: Commerce and Consumer Affairs)

HB 179, establishing a task force to study the formula for determining adequate education grants to school districts. (K. Hutchinson, Rock 3: Education)

HB 180, relative to criteria for registration as a lobbyist. (Watrous, Merr 12: Legislative Administration)

HB 181, permitting the charter of a city, town, or school district which is in statute to revert to the control of the voters. (Watrous, Merr 12; B. Patten, Carr 4: Municipal and County Government)

HB 182, relative to the definition of a child in need of services. (Pitre, Straf 3: Children and Family Law)

HB 183, renaming Mount Clay in honor of Wonalancet. (S. Lindsey, Ches 3: Resources, Recreation and Development)

HB 184, establishing a committee to study implementing day care services at the state house. (S. Lindsey, Ches 3: Legislative Administration)

HB 185-FN, relative to determining bargaining units for purposes of public employee collective bargaining. (Daniels, Hills 6: Labor, Industrial and Rehabilitative Services)

HB 186-FN, relative to restrictions on political communications. (Bates, Rock 4; Comerford, Rock 9; Horrigan, Straf 7; D. McGuire, Merr 8; Boutin, Dist 16: Election Law)

RECESS

(Rep. Jasper in the Chair)

RESOLUTION

Rep. Matt Quandt offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, House Bills numbered 187 through 199 and House Joint Resolution numbered 2 shall be by this resolution read a first and second time by the therein listed titles, sent for printing and referred to the therein designated committees.

Adopted.

INTRODUCTION OF HOUSE BILLS AND HJR

First, second reading and referral

HB 187-FN-A, relative to the carry forward periods for the business enterprise tax credit against the business profits tax. (Sapareto, Rock 5; Weyler, Rock 8; Major, Rock 8; Graham, Hills 18; Emerton, Hills 7: Ways and Means)

HB 188, relative to division responsibility for road toll administration, hazardous waste transport, truck weight enforcement, and the international registration plan by the department of safety and relative to clerical support for the advisory board of fire control. (Bouchard, Merr 11; Graham, Hills 18: Transportation)

- HB 589**, repealing written majority authorization for an employee organization to be certified as the exclusive representative of public employees in a bargaining unit. (W. Smith, Rock 18; C. McGuire, Merr 8; Pellegrino, Hills 19; Brosseau, Graf 6; Summers, Hills 26: Labor, Industrial and Rehabilitative Services)
- HB 590**, declaring unconstitutional under the federal Constitution the offering of federal grants-in-aid relating to matters not included among the defined powers of the federal government and declaring unconstitutional under the New Hampshire constitution their acceptance in such circumstances, and establishing a committee to review state participation in federal grant-in-aid programs. (Sorg, Graf 3; Mirski, Graf 10; D. McGuire, Merr 8; Itse, Rock 9: State-Federal Relations and Veterans Affairs)
- HB 591**, relative to the determination of parental rights based on the best interest of the child; relative to grounds for modification of an order regarding parental rights and responsibilities, and relative to grandparent and stepparent visitation rights. (Oigny, Rock 8; Sapareto, Rock 5; Baldasaro, Rock 3; Ulery, Hills 27; Manuse, Rock 5: Children and Family Law)
- HB 592**, apportioning state representative districts, congressional districts, executive council districts, and county commissioner districts. (Tucker, Rock 17; Umberger, Carr 1; Infantine, Hills 13; Mirski, Graf 10: Special Committee on Redistricting)
- HB 593-FN-A-L**, relative to video lottery and table gaming. (Gionet, Graf 3; Weyler, Rock 8; Ladd, Graf 5; D'Allesandro, Dist 20; Gallus, Dist 1; Stiles, Dist 24: Ways and Means)
- HB 594**, relative to the application of procedures for discharge or suspension from county employment. (Chandler, Carr 1; Bettencourt, Rock 4; Infantine, Hills 13; B. Patten, Carr 4; Odell, Dist 8: Municipal and County Government)
- HB 595**, amending the compulsory school attendance statutes to permit parent-directed instruction programs and repealing the home education statutes. (L. Jones, Straf 1; Manuse, Rock 5; Cohn, Merr 6; Baldasaro, Rock 3; C. Vita, Straf 3; Accornero, Belk 4; Avar, Hills 20; S. Palmer, Hills 6; Simpson, Belk 1; Brosseau, Graf 6; White, Dist 9; Forsythe, Dist 4; Luther, Dist 12: Education)
- HB 596**, establishing a recommended procedure upon the abandonment or foreclosure of a manufactured home within a housing park. (Emerton, Hills 7: Judiciary)
- HB 597**, revising the child support guidelines based on an income shares model of calculating child support. (Moran, Hills 18; Gile, Merr 10; Carson, Dist 14: Children and Family Law)
- HB 598**, prohibiting a candidate from receiving the nomination of more than one party. (L. Jones, Straf 1; Leonard, Straf 1; J. Brown, Straf 1; Weeden, Straf 6; Panek, Straf 3: Election Law)
- HB 599**, relative to appointments and reappointments of marital masters. (Soltani, Merr 8; Itse, Rock 9; Ingbretson, Graf 5; Mirski, Graf 10: Judiciary)
- HB 601-FN**, relative to implementation of federal health care reform. (Hunt, Ches 7: Commerce and Consumer Affairs)

HB 602-FN-A, relative to funding the law requiring reporting of health care acquired infections. (C. McMahon, Rock 4: Commerce and Consumer Affairs)

HB 603, prohibiting public works projects and natural formations from being named in honor of any living elected official. (S. Lindsey, Ches 3: Public Works and Highways)

HB 604, relative to the procedures for approval of plans, specifications, and costs of school building construction or renovation. (Ladd, Graf 5; Jasper, Hills 27; Boehm, Hills 27; Stiles, Dist 24: Education)

HB 605, authorizing the business finance authority to establish a New Hampshire innovation business job growth program. (Garcia, Rock 4; Beattie, Hills 17; Oligny, Rock 8; Moran, Hills 18; Avard, Hills 20; Stepanek, Hills 6; White, Dist 9; Stiles, Dist 24: Ways and Means)

RECESS

(Rep. Bettencourt in the Chair)

RESOLUTION

Rep. Winter offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Bills numbered 606 through 643, House Concurrent Order numbered 1, House Concurrent Resolutions numbered 8 through 26, House Resolutions numbered 7 through 10 and Constitutional Amendment Concurrent Resolutions numbered 8 through 13 shall be by this resolution read a first and second time by the therein listed titles, sent for printing and referred to the therein designated committees.

Adopted.

INTRODUCTION OF HOUSE BILLS, HCO, HCRS, HRS AND CACRS

First, second reading and referral

HB 606, establishing a committee to study the formation of a consumer protection working group. (Schlachman, Rock 13; G. Richardson, Merr 4; Nevins, Rock 15; Dowling, Rock 5; S. Lindsey, Ches 3: Commerce and Consumer Affairs)

HB 607, relative to exemptions under the consumer protection act. (Schlachman, Rock 13; Dowling, Rock 5: Commerce and Consumer Affairs)

HB 608, establishing a committee to study the health and environmental effects of using industrial-grade silicofluorides and industrial-grade sodium fluoride for water fluoridation in New Hampshire. (L. Christiansen, Hills 27: Science, Technology and Energy)

HB 609-FN, establishing the New Hampshire circuit court to replace the current probate courts, district courts, and judicial branch family division. (G. Richardson, Merr 4; Houde, Dist 5; Morse, Dist 22: Judiciary)

HB 610-FN-A, establishing number plates supporting New Hampshire public higher education. (Horrigan, Straf 7: Transportation)

HB 611-FN-A, relative to determination of the reasonable compensation deduction under the business profits tax. (Hess, Merr 9; Chandler, Carr 1; Bettencourt, Rock 4; Stepanek, Hills 6; Kurk, Hills 7; Bradley, Dist 3; Rausch, Dist 19; Sanborn, Dist 7: Ways and Means)

HB 612, establishing a commission to study existing septic systems and potential new septic technologies. (Millham, Belk 5; Kidder, Merr 1; Odell, Dist 8: Science, Technology and Energy)

HB 613, establishing exemptions from the licensing requirements for first mortgage bankers and brokers. (Sapienza, Rock 8; Sedensky, Rock 8; Hess, Merr 9: Commerce and Consumer Affairs)

HB 614, requiring a performance audit of the guardian ad litem board and guardian ad litem services. (Gile, Merr 10; Moran, Hills 18; F. Gould, Graf 11; J. Brown, Straf 1: Judiciary)

HB 615, creating a database of New Hampshire grown genetically modified crops. (Owen, Merr 4: Environment and Agriculture)

HB 616-FN, relative to coverage for divorced spouses. (Headd, Rock 3: Commerce and Consumer Affairs)

HB 617, repealing the prohibitions on Sunday business activities. (C. McGuire, Merr 8; R. Belanger, Rock 4; Horrigan, Straf 7: Commerce and Consumer Affairs)

HB 618-FN, requiring state agencies to submit an efficiency level expenditure estimate to the commissioner of administrative services as part of the biennial budget process. (Cebrowski, Hills 18; Major, Rock 8; K. Roberts, Ches 3; Belvin, Hills 6; Kurk, Hills 7; Manuse, Rock 5; White, Dist 9; Boutin, Dist 16; Bradley, Dist 3: Finance)

HB 619-FN, requiring the state of New Hampshire to opt out of the requirement that individuals purchase health insurance contained in the Patient Protection and Affordable Care Act. (Kurk, Hills 7: Commerce and Consumer Affairs)

HB 620, establishing a commission to study the creation of a health care pool for police, fire, teachers, state, university, and municipal employees. (Simard, Graf 8; Chandler, Carr 1; Renzullo, Hills 27: Executive Departments and Administration)

HB 621-FN-L, relative to the authority of the department of transportation. (Hill, Merr 6; Jennifer Coffey, Merr 6; Kreis, Merr 6; Chandler, Carr 1; T. Keane, Merr 13; Foose, Merr 1; Bradley, Dist 3: Public Works and Highways)

HB 622, relative to adjustments to the semi-annual collection of property taxes in towns and cities. (B. Patten, Carr 4; Knox, Carr 4; Ahlgren, Carr 4; S. Schmidt, Carr 4: Municipal and County Government)

HB 623, prohibiting preferences in recruiting, hiring, promotion, or admission by state agencies, the university system, the community college system, and the postsecondary education commission. (G. Hopper, Hills 7; Comerford, Rock 9; L. Vita, Straf 3; Ingbreton, Graf 5: Executive Departments and Administration)

HB 624, relative to the rulemaking authority of state agencies to establish or increase fees and costs. (Giuda, Merr 7; O'Brien, Hills 4; Bettencourt, Rock 4; F. Rice, Rock 15; Hansen, Hills 6; Pitre, Straf 3; Laware, Sull 5; Tamburello, Rock 3; Donovan, Hills 2; W. Hutchinson, Hills 9; Bradley, Dist 3: Executive Departments and Administration)

HB 625-FN-A, relative to New Hampshire correctional industries. (Groen, Straf 1; Seidel, Hills 20; Comerford, Rock 9: Executive Departments and Administration)

HB 626-FN, relative to a division of motor vehicles office location in Milford. (Daniels, Hills 6: Transportation)

HB 627-FN, relative to "essential benefits" under federal health care reform. (Hunt, Ches 7: Commerce and Consumer Affairs)

HB 628-FN, making the touching or viewing with a technological device of a person's breasts or genitals by a government security agent without probable cause a sexual assault. (Lambert, Hills 27; Manuse, Rock 5; L. Jones, Straf 1; Itse, Rock 9; Sapareto, Rock 5: Children and Family Law)

HB 629-FN, relative to the uninsured health care database. (Hunt, Ches 7: Commerce and Consumer Affairs)

HB 630, requiring state agencies, boards, and commissions to submit a report to the senate and house finance committees concerning the need for fee increases or new fees. (Infantine, Hills 13: Executive Departments and Administration)

HB 631-FN-L, repealing the requirement that all school districts offer public kindergarten. (Maltz, Hills 27: Education)

HB 632, relative to labeling requirements for dispensing of drugs by automated pharmacy systems. (Case, Rock 1; Bulis, Graf 1: Health, Human Services and Elderly Affairs)

HB 633, preventing prescribing practitioners from owning pharmacies in-state and out-of-state. (Case, Rock 1; Bulis, Graf 1: Commerce and Consumer Affairs)

HB 634-FN, relative to payment of guardian ad litem and mediator fees in marital cases where the parties are indigent. (G. Richardson, Merr 4; Houde, Dist 5: Children and Family Law)

HB 635-FN-A, requiring the governor to consolidate certain agency functions and making an appropriation therefor. (Kurk, Hills 7; Weyler, Rock 8; Belvin, Hills 6; Bouchard, Merr 11; Hawkins, Hills 18; Bragdon, Dist 11; Morse, Dist 22: Executive Departments and Administration)

HB 636-FN-A, increasing the rate of the Medicaid enhancement tax, the nursing facility quality assessment fee, and the ICF quality assessment fee. (Kurk, Hills 7: Ways and Means)

HB 637-FN, relative to lowering the legal drinking age for members of the armed forces. (S. Lindsey, Ches 3; Panek, Straf 3: Judiciary)

HB 638-FN, relative to access to public buildings by brick or stone walkways. (Sprague, Straf 2; Schlachman, Rock 13: Public Works and Highways)

HB 639-FN-L, requiring impact studies for large-scale retail development. (Brunelle, Hills 10; Pierce, Graf 9: Municipal and County Government)

HB 640-FN, relative to notice to the department of health and human services of the allocation of spousal income and relative to estate planning by guardians. (Millham, Belk 5; Cebrowski, Hills 18; Houde, Dist 5: Judiciary)

HB 641-FN, relative to lien authority for the office of reimbursements within the department of health and human services. (Millham, Belk 5; Cebrowski, Hills 18; Odell, Dist 8: Judiciary)

HB 642-FN, requiring the departments of health and human services and administrative services to jointly issue a certain request for information. (Rosenwald, Hills 22; Kurk, Hills 7; Nordgren, Graf 9: Health, Human Services and Elderly Affairs)

HB 643, relative to propane sales. (Emerson, Ches 7; McDonnell, Merr 7; J. Johnson, Ches 6; D. Reed, Merr 2; Barnes, Jr., Dist 17; Boutin, Dist 16: Commerce and Consumer Affairs)

HCO 1, relative to implementing an election pursuant to representative districts established in the order. (Winter, Merr 3; Balboni, Hills 21; Mirski, Graf 10: Special Committee on Redistricting)

HCR 8, urging the Transportation Security Administration to terminate recent changes to pat down search procedures and urging Congress and the President to change or discontinue the use of advanced imaging technology at airports. (Ulery, Hills 27; Renzullo, Hills 27; Kurk, Hills 7: State-Federal Relations and Veterans Affairs)

HCR 9, urging Congress to support H.R. 6416 or similar legislation relative to airport security. (Jennifer Coffey, Merr 6; Simmons, Hills 17; Lambert, Hills 27; K. Jones, Straf 1; Ball, Hills 9; Itse, Rock 9; DeJong, Hills 9; Carson, Dist 14: State-Federal Relations and Veterans Affairs)

HCR 10, urging the National Park Service to permit the exhumation of the body of Meriwether Lewis to determine the cause of his death. (S. Lindsey, Ches 3: State-Federal Relations and Veterans Affairs)

HCR 11, to urge the Congress of the United States to withdraw the membership of the United States from the United Nations so that the United States may retain its sovereignty and control over its own funds and military forces. (Tregenza, Carr 2; K. Jones, Straf 1; L. Vita, Straf 3; DeJong, Hills 9; LaCasse, Sull 4; LeBrun, Hills 26; Kingsbury, Belk 4; Cataldo, Straf 3; Pettengill, Carr 1: State-Federal Relations and Veterans Affairs)

HCR 12, urging Congress to withdraw the United States from the North American Free Trade Agreement (NAFTA) in accordance with Article 2205 of the agreement. (Tregenza, Carr 2; L. Vita, Straf 3; LaCasse, Sull 4; Kingsbury, Belk 4; DeLemus, Straf 1; LeBrun, Hills 26; DeJong, Hills 9: State-Federal Relations and Veterans Affairs)

HCR 13, urging Congress to pass legislation against losses in value due to money supply by the federal reserve; restoring gold and silver money; and phasing out the federal reserve system. (Tregenza, Carr 2; K. Jones, Straf 1; Tamburello, Rock 3; Warden, Hills 7; Lambert, Hills 27; Pettengill, Carr 1; DeJong, Hills 9; Kingsbury, Belk 4; Cataldo, Straf 3: State-Federal Relations and Veterans Affairs)

HCR 14, applying to Congress to convene a convention proposing amendments to the United States Constitution. (Weyler, Rock 8; Marshall Quandt, Rock 13; Shuler, Rock 11; Sapareto, Rock 5; Barnes, Jr., Dist 17: State-Federal Relations and Veterans Affairs)

HCR 15, ordering our federal senators to vote against the Law of the Sea Convention. (Itse, Rock 9; Hoell, Merr 13; C. Vita, Straf 3; L. Vita, Straf 3; Comerford, Rock 9: State-Federal Relations and Veterans Affairs)

HCR 16, urging the prohibition of enforcing a particular federal executive order. (Itse, Rock 9; C. Vita, Straf 3; L. Vita, Straf 3; Comerford, Rock 9; Hikel, Hills 7: State-Federal Relations and Veterans Affairs)

HCR 17, declaring that Copp versus Henniker and the opinions which subsequently relied upon Copp versus Henniker are void and of no force. (Itse, Rock 9: Judiciary)

HCR 18, declaring Merrill versus Sherburne to be void and of no force. (Itse, Rock 9: Judiciary)

HCR 19, affirming States' powers based on the Constitution for the United States and the Constitution of New Hampshire. (Itse, Rock 9; Comerford, Rock 9; Kappler, Rock 2; Lambert, Hills 27; Pratt, Hills 7; Seidel, Hills 20; Sova, Graf 10; E. Hogan, Hills 25; Sorg, Graf 3; Tregenza, Carr 2: State-Federal Relations and Veterans Affairs)

HCR 20, urging Congress to expedite the return of the Coast Guard Cutter USCGC Storis to the state of Alaska to become Alaska's first maritime museum. (S. Lindsey, Ches 3: State-Federal Relations and Veterans Affairs)

HCR 21, urging the US Army Corps of Engineers to donate a portion of the wreckage of the USS Chickasaw, which served in the Civil War, to the state of New Hampshire. (S. Lindsey, Ches 3: State-Federal Relations and Veterans Affairs)

HCR 22, opposing the right of any firm, corporation, or individual to trademark the name Mount Washington. (Chandler, Carr 1; M. Tremblay, Coos 4; H. Richardson, Coos 2; Umberger, Carr 1; F. McCarthy, Carr 1; Bradley, Dist 3: State-Federal Relations and Veterans Affairs)

HCR 23, urging the New Hampshire congressional delegation to support earmarks for the Portsmouth Naval Shipyard. (Brunelle, Hills 10; Serlin, Rock 16; Schlachman, Rock 13; Horrigan, Straf 7; Pierce, Graf 9: State-Federal Relations and Veterans Affairs)

HCR 24, urging the New Hampshire congressional delegation to sponsor legislation implementing policy recommendations of the Congressional Budget Office. (Rep. Pierce, Graf 9: State-Federal Relations and Veterans Affairs)

HCR 25, urging Congress to amend the Internal Revenue Code to permit churches and other houses of worship to engage in political campaigns. (Bergevin, Hills 17; C. Soucy, Hills 17: State-Federal Relations and Veterans Affairs)

HCR 26, declaring that the Claremont case's mandates that the legislative and executive branches define an adequate education, determine its cost, fund its entire cost with state taxes, and ensure its delivery through accountability, are not binding on the legislative and executive branches. (Balboni, Hills 21; Mirski, Graf 10; Winter, Merr 3; Sorg, Graf 3; Itse, Rock 9; Forsythe, Dist 4: Special Committee on Education Funding Reform)

HR 7, directing the house judiciary committee to investigate whether grounds exist to impeach marital master Philip Cross and/or any justice of the New Hampshire superior court. (Itse, Rock 9; Ingbretson, Graf 5; Baldasaro, Rock 3; Seidel, Hills 20: Judiciary)

HR 8, urging the New Hampshire congressional delegation to sponsor and support a constitutional amendment to re-establish the authority of the states and Congress to regulate campaign spending by corporations. (Pierce, Graf 9; Richardson, Merr 4: State-Federal Relations and Veterans Affairs)

HR 9, supporting earmarks for public safety. (Brunelle, Hills 10; Pierce, Graf 9: State-Federal Relations and Veterans Affairs)

HR 10, urging the United States Congress to remove tax breaks for companies that send jobs out of the country. (Brunelle, Hills 10; Grassie, Straf 1; Harding, Graf 11; Benn, Graf 9, Pierce, Graf 9: State-Federal Relations and Veterans Affairs)

CACR 8, relating to education. Providing that the legislature shall have the power to authorize schools. (Itse, Rock 9; Ingbretson, Graf 5; Comerford, Rock 9; Mirski, Graf 10; Sorg, Graf 3; Barnes, Jr., Dist 17: Education)

CACR 9, relating to parental rights. Providing that the state shall not abridge the responsibility of parents for the health, education, and welfare of their children. (Itse, Rock 9; Ingbretson, Graf 5; Comerford, Rock 9; Mirski, Graf 10; Manuse, Rock 5; Seidel, Hills 20; Avard, Hills 20; Brosseau, Graf 6: Children and Family Law)

CACR 10, relating to establishing a New Hampshire state reserve fund. Providing that the New Hampshire state reserve fund shall be under the authority of the state treasurer and dedicated to offset the business profits tax, business enterprise tax, and the interest and dividends tax for purposes of lowering the rates of such taxes. (Malone, Belk 5: Ways and Means)

CACR 11, relating to terms for state judges. Providing that all state judges be commissioned for renewable 5-year terms. (Reilly, Graf 8; Simard, Graf 8; Tobin, Belk 2; Brosseau, Graf 6: Judiciary)

CACR 12, relating to funding of public education. Providing that the legislature shall define standards for education, determine the level of state funding thereof, establish standards of accountability, and allocate state funds in a manner that mitigates disparities in educational opportunity and fiscal capacity, provided that a reasonable share of state funds shall be distributed on a per pupil basis. (Hess, Merr 9; Graham, Hills 18; Packard, Rock 3; Jasper, Hills 27; Kurk, Hills 7; Bettencourt, Rock 4: Special Committee on Education Funding Reform)

CACR 13, relating to prohibiting any new tax on personal income. Providing that no new tax on personal income shall be levied by the state of New Hampshire. (Rep. Mirski, Graf 10; Rep. Bettencourt, Rock 4; Rep. Tamburello, Rock 3; Rep. O'Brien, Hills 4; Rep. Weyler, Rock 8; Sen. Bradley, Dist 3; Sen. Morse, Dist 22; Sen. Boutin, Dist 16: Ways and Means)

RECESS

(Rep. Jasper in the Chair)

RESOLUTION

Rep. Bettencourt offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, House Bill numbered 644 shall be by this resolution read a first and second time by the therein listed title, sent for printing and referred to the therein designated committee. Adopted.

INTRODUCTION OF HOUSE BILL

First, second reading and referral

HB 644-FN, relative to various state laws pertaining to unlawfully present aliens. (Huxley, Hills 3; M. Reed, Hills 26: Criminal Justice and Public Safety)

RECESS

(Speaker O'Brien in the Chair)

Rep. Tucker moved that the House adjourn.
Adopted.

HOUSE JOURNAL No. 4

Wednesday, January 26, 2011

The House assembled at 10:00 a.m. and was called to order by the Speaker.

His Excellency, Governor John H. Lynch, joined the Speaker on the rostrum for the day's opening ceremonies.

Prayer was offered by House Chaplain, Reverend Roger Boucher of Gilmanton Iron Works. Almighty God, we commend ourselves once again to Your counsel as we engage in our politics. Bless our new tasks with a practical spirit of justice and a genuine compassion toward those we serve. Keep us alert to the false illusion of building perfect utopias or plowing the salt in the sea. We thank You for the tolerance built into our hearts that allows us to address You in the public forum so that we may ask for the discipline of mind and heart we need to promote good order in the community of souls. Help us to recover the permanent things that secure our individual liberties and protect the noble character of this House which lives from its electoral strength to serve the true needs of our people. Give us, then, this day, to work with confidence while keeping Your thoughts in mind. We pray this in Your name. Amen.

Representative Bernard Benn, member from Hanover, led the Pledge of Allegiance.

Representative James Garrity of Atkinson led the singing of the National Anthem.

LEAVES OF ABSENCE

Reps. Ronald Belanger, Donovan, Patrick Garrity, McConkey, Mirski, Newton, Pierce, Porter, Scontsas and Soltani, the day, illness.

Reps. Ahlgren, Byrnes, Coughlin, Domingo, Jane Johnson, Levasseur, McKinney, Michael Reed, Rhodes, Serlin, Stroud, Sytek and Taylor, the day, important business.

Rep. Julie Brown, the day, illness in the family.

INTRODUCTION OF GUESTS

Hon. Joy Tilton, former member from Northfield, fiancée of Rep. Butynski. Marc Sawyer, guest of Rep. Okerman. Jennifer Day, daughter of Rep. Day.

Casey Degen, a student from the Wilton-Lyndeborough Cooperative High School, Page for the day.

COMMUNICATION

January 6, 2011

Karen Wadsworth
Clerk of the NH House of Representatives
State House
Concord, N. H. 03301

Dear Karen:
The following representatives-elect were sworn into office by the Governor and Executive Council on this day:

Hillsborough County Dist. 12, Norma Greer Champagne, r, Manchester (233 Tarrytown Road) 03103

Merrimack County Dist. 8, Carol M. McGuire, r, Epsom (700 Suncook Valley Highway) 03234

Merrimack County Dist. 8, Dan McGuire, r, Epsom (700 Suncook Valley Highway) 03234

Merrimack County Dist. 11, Lynne F. Blankenbeker, r, Concord (26 Mulberry Street) 03301

Sincerely,
Karen Ladd, Assistant Secretary of State

COMMUNICATION

January 19, 2011

Karen Wadsworth
Clerk of the NH House of Representatives
State House
Concord, N. H. 03301

Dear Karen:

The following representative-elect was sworn into office by the Governor and Executive Council on this day:

Merrimack County Dist. 4, Christine C. Hamm, d, Hopkinton (14 South Road) 03229.

Sincerely,
Karen Ladd, Assistant Secretary of State

MOMENT OF SILENCE

A moment of silence was observed in honor and in memory of those affected by the tragedy in Tucson, Arizona, the passing of the Honorable John Gleason, former Representative of Derry and the 25th anniversary of the death of Christa McAuliffe, a Concord teacher and one of the crew members killed in the Space Shuttle Challenger disaster.

MOTION TO VACATE

Rep. Comerford moved that the House vacate the reference of **HB 43**, relative to the adoption of forms under the administrative procedures act, to the Committee on Legislative Administration. Adopted.

The Speaker referred **HB 43** to the Committee on Executive Departments and Administration.

MOTION TO SUSPEND HOUSE RULES

Rep. Bettencourt moved that the last sentence of House Rule 38(e) be suspended to allow a bill to be withdrawn.

Adopted.

MOTION TO WITHDRAW

Pursuant to House Rule 38(e), Reps. Drisko and Russell moved that **HB 547** be withdrawn.

Adopted.

CONSENT CALENDAR

Rep. Bettencourt moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

Consent Calendar adopted.

HB 88, relative to liquor enforcement and liquor licensing. **OUGHT TO PASS.**

Rep. Kenneth Hawkins for Executive Departments and Administration: This bill was a result of a study committee during the summer of 2010. Originally liquor enforcement, licensing and education were to be transferred to the department of safety on July 1, 2011. The study committee recommended that no transfer take place. This bill accomplishes that recommendation. Vote 12-0.

HB 92, relative to expiration of licenses issued by the board of foresters. **OUGHT TO PASS.**

Rep. Calvin D. Pratt for Executive Departments and Administration: This act brings forester licenses in line with the provisions for licensing similar professions. This eliminates a concentration of license renewals from the new year to year round. Vote 12-0.

HB 119, relative to agency membership on the information technology council. **OUGHT TO PASS WITH AMENDMENT.**

Rep. John J. Sytek for Executive Departments and Administration: This bill permits agency heads who are members of the information technology council to appoint designees to the council. In this way, agencies can continue to be represented when these agency heads are unable to attend. The amendment addressed a grammatical issue. Vote 12-0.

Amendment (0025h)

Amend RSA 21-R:6, II(f) as inserted by section 1 of the bill by replacing it with the following:

(f) Two heads of other departments, *or their designees*, appointed by the governor.

HB 32, relative to statutory references to the choice and duties of town auditors. **OUGHT TO PASS.**

Rep. Betsey L. Patten for Municipal and County Government: In 2010, RSA 41:31 relative to town auditors was amended to update the financial audits to provide the independent assurance that

financial information is reliable. Sections RSA 41:31 – a, b, c and d were amended. Two citations of the original statute were found after the enactment of the 2010 law. This bill fixes those two citations by eliminating the citation in RSA 41:31-a and repealing RSA 669:16, VI-a. Vote 12-0.

HB 77, relative to amendments to warrant articles. **OUGHT TO PASS WITH AMENDMENT.**

Rep. James E. Coffey for Municipal and County Government: It was the consensus of the entire committee that it is important for voters in towns operating under the SB 2 form of government to be able to vote on each article that contains the intent as originally proposed. To eliminate all the subject matter creates confusion and often discourages citizen's participation. Vote 12-0.

Amendment (0021h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Subparagraph; Use of Official Ballot. Amend RSA 40:13, IV by inserting after subparagraph (b) the following new subparagraph:

(c) No warrant article shall be amended to eliminate the subject matter of the article. An amendment that changes the dollar amount of an appropriation in a warrant article shall not be deemed to violate this subparagraph.

2 Effective Date. This act shall take effect upon its passage.

HB 91, relative to the reporting by state agencies with capital budget projects to the capital budget overview committee. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Candace C. W. Bouchard for Public Works and Highways: This bill requires all state agencies with capital budget projects to report quarterly, in the same format, the status of their capital budget projects to the department of administrative services and bureau of public works. This bill updates RSA 17-J: 4 by replacing the commissioner of transportation with the department of administrative service, bureau of public works to reflect the moving of public works from New Hampshire DOT to administrative services that was done several years ago. Requiring quarterly reports in the same format will allow the General Court and the public to easily follow the progress of capital projects. Requiring a consistent format will also create transparency enabling timely oversight and allow us to be better stewards of the people's money. The amendment changes the 30 day timeline of projects to be provided by administrative services to 90 day, establishing a realistic timeline for the agency to comply with the statute. Vote 13-0.

Amendment (0008h)

Amend RSA 17-J:4 as inserted by section 1 of the bill by replacing it with the following:

17-J:4 Duties. The capital budget overview committee shall review the status of capital budget projects both during and between legislative sessions. Each state agency with capital budget projects shall ~~[submit to the committee a status report on the projects every 60 days]~~ *report to the department of administrative services, in the format the department of administrative services prescribes, for the quarters ending September 30, December 31, March 31, and June 30. The department of administrative services shall combine these reports and present the summarized report to the capital budget overview committee for review quarterly on the first of November, February, May, and August.* The ~~[commissioner of transportation]~~ *department of administrative services, bureau of public works* shall, within ~~[30]~~ *90* days of the approval of funding for any capital budget project, submit a timeline or schedule for such project to the capital budget overview committee for review.

REGULAR CALENDAR

HB 48, relative to incompatibility of town offices. **INEXPEDIENT TO LEGISLATE.**

Rep. Bruce L. Tatro for Municipal and County Government: The majority of the committee felt the allowing of moderators to also be trustees of the trust funds was a potential conflict of interest and the positions should be held by separate individuals. Vote 10-2.

On a division vote, 300 members having voted in the affirmative and 36 in the negative, the committee report was adopted.

HB 49-FN, relative to toll-free use of the New Hampshire turnpike system by vehicles with purple heart license plates. **INEXPEDIENT TO LEGISLATE.**

Rep. Franklin T. Tilton for Public Works and Highways: The committee has the utmost respect for the unselfish and heroic service to the nation by members of this group. However, it is felt that

instituting this privilege for this group would lead to similar requests by other worthy groups and result in the legislature having to choose on the relative worthiness of various groups. Vote 12-1.
 Rep. Bergevin spoke against and yielded to questions.
 Rep. Tilton spoke in favor and yielded to questions.
 Rep. Graham spoke in favor.
 Adopted.

RESOLUTION

Rep. Bettencourt offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Wednesday, February 2, 2011 at 10:00 a.m.
 Adopted.

LATE SESSION

Third reading and final passage

HB 88, relative to liquor enforcement and liquor licensing.
HB 92, relative to expiration of licenses issued by the board of foresters.
HB 119, relative to agency membership on the information technology council.
HB 32, relative to statutory references to the choice and duties of town auditors.
HB 77, relative to amendments to warrant articles.
HB 91, relative to the reporting by state agencies with capital budget projects to the capital budget overview committee.

UNANIMOUS CONSENT

Reps. Haefner and John O'Connor addressed the House.

MOTION TO PRINT REMARKS

Rep. Lynne Ober moved that the remarks made by Rep. Haefner be printed in the Permanent Journal.
 Adopted.

REMARKS

Rep. Haefner: Thank you, Mister Speaker. Mister Speaker, fellow members, I rise on behalf of the Committee on Environment and Agriculture with a solemn message. We have lost one of our own. The Honorable Peter Allen, 76, died on Nov. 15, 2010, near his home in the woods that he loved. Peter attended every study committee meeting over the summer and this past fall and then did not run for reelection and died shortly thereafter. He was born July 8, 1934, in Newton, Massachusetts. He graduated from Keene High School and got his bachelor's degree from the University of New Hampshire. Peter later got his master's degree and PhD from Duke University. Peter thought of himself as a forester. He often recounted the purchase of forestland that he made when he was in high school. He had a bit of money left from a summer job and used that to buy some land and he owned that until the day he died. He would often speak very favorably of that land and he put it into a permanent conservation easement. Not surprisingly, Peter chose a career as a forester. He worked as a research forest ecologist for the U.S. Forest Service. He was also an assistant professor at the University of New Hampshire; a State Research Forester for the state's Division of Forests and Lands; and an ecologist with the state's Water Supply and Pollution Control Division. He managed lots of woodland in Harrisville and Nelson as sustainable sources of timber. Peter devoted much of his life to public service as the Chairman of the Kearsarge Regional School Board; Town Moderator in Wilmot; and State Senator, District 7, from 1978 until 1980. He volunteered for numerous environmental and wildlife protection services and organizations. He was a member of the Keene Unitarian Universalist Church. He loved reading, writing, spending time with his grandchildren and being outdoors. He enjoyed playing and watching sports, sailing and camping with his family. Dr. Allen not only served in this House for fourteen years, he was also elected to the State Senate in 1978 where he served just one term. He was a strong advocate for campaign finance reform, standing with Grannie D for her run for U.S. Congress. As part of this campaign, Peter knocked on every single door in his district. His determination and stamina were a big commitment to him. Peter was a staunch environmentalist, and while serving

on the Environment and Agriculture Committee, he championed many causes to protect and defend our natural resources. Most of you who are returning members will remember Peter as a slim man, often with a green jacket, standing here at this podium on the floor of this House, stating that New Hampshire was the 8th richest state in the country, but 44th in taking care of its poor, and then would advocate for an income tax. Peter was consistent. For 30 years he supported a broad based tax. If you like the pumpkin as our state fruit, then you should know that Peter was the prime sponsor of that bill suggested by the 4th graders in his town. I will miss Peter and his sage advice to us. Thank you.

MOTION TO PRINT REMARKS

Rep. Sapareto moved that the remarks made by Rep. John O'Connor be printed in the Permanent Journal.
Adopted.

REMARKS

Rep. John O'Connor: Mister Speaker, fellow Representatives and can I have the Derry delegation join me at the podium, please? I stand before you, saddened to report that Lance Corporal Michael E. Geary of Fox Company II, Battalion 9th Marines, paid the ultimate sacrifice while conducting combat operations in Helmand Province, Afghanistan on December 8, 2010. Michael Geary, the son of Nancy and Tim Geary, was born in Malden, Massachusetts on August 6, 1990. At the age of 9, Michael, his mother and his recently deceased grandmother, Louise Buiting, moved to Derry, New Hampshire where Michael eventually attended Pinkerton Academy. At the age of 14, Michael decided he wanted to be a Marine. He became active in a variety of sports, obtaining his black belt in karate and later participating in mixed martial arts competitions. At Pinkerton, Michael also played varsity football. For hobbies, he enjoyed target shooting, running, airsoft and paintball games as well as playing football with his friends. Michael longed to join the Marines throughout his high school career, even writing his senior essay on the topic of what it takes to become a Marine and the honor of being a Marine. Michael worked hard, both before and after school to build himself into optimum shape in preparation for his enlistment. Michael applied himself with equal diligence to his studies, graduating from Pinkerton Academy in June 2009. After graduating from Pinkerton, Michael fulfilled his life long dream to serve his country in the Marines. Upon completion of his Marine duty, he had plans to become a police officer, reflecting Michael's desire to protect and support others. Michael was a devoted son, a loving older brother and cousin, a fun loving friend and most of all, an exemplary Marine. Michael was a true leader. He never shied away from his exemplary role on the front lines. He would volunteer to take the point so those with family would not have to. His Staff Sergeant stated, "Michael pushed all of us to become better as individuals. I demanded a lot from him, not just what he did for himself, but also to lead the individuals who were not as strong as he was. If it was not for Michael's leadership, some of those guys would not be Marines today." In a closing tribute to Michael, his uncle, Angus Douglas stated, "In all of Michael's attributes, his empathy and love for others are the underpinnings of the life choices Michael made, choices which eventually led to the loss of his own life. Michael will be forever missed by those of us who had the blessing of knowing him for the short few years he lived on this earth." Michael, rest in peace.

MOMENT OF SILENCE

A moment of silence was observed in honor and in memory of all those commemorated in the remarks made during unanimous consent.

RECESS MOTION

Rep. Bettencourt moved that the House stand in recess for the purposes of the introduction of bills and receiving Senate messages.

Adopted.

The House recessed at 10:40 a.m.

RECESS

(Rep. Bates in the Chair)

RESOLUTION

Rep. Jasper offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Bills numbered 645 and 646 shall be by this resolution read a first and second time by the therein listed titles, sent for printing and referred to the therein designated committees.
Adopted.

INTRODUCTION OF HOUSE BILLS**First, second reading and referral**

HB 645-FN-A-L, eliminating various taxes and fees and tax and fee increases enacted in fiscal years 2007 through 2010. (Hess, Merr 9; Chandler, Carr 1; Tamburello, Rock 3: Ways and Means)

HB 646-FN-A-L, eliminating various taxes and fees and tax and fee increases enacted in fiscal years 2006 through 2010. (Newton, Straf 1; DeLemus, Straf 1; D. McGuire, Merr 8; Forsythe, Dist 4: Ways and Means)

COMMITTEE ASSIGNMENTS

The Speaker made the following changes to committee assignments:

Rep. Whitehead off the Committee on Constitutional Review and Statutory Recodification; on the Committee on Executive Departments and Administration.

Rep. Paul Brown off the Committee on Executive Departments and Administration; on the Committee on Constitutional Review and Statutory Recodification.

RECESS**(Speaker O'Brien in the Chair)****RESOLUTION**

Rep. Bettencourt offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Bill numbered 647 shall be by this resolution read a first and second time by the therein listed title, sent for printing and referred to the therein designated committee. Adopted.

INTRODUCTION OF HOUSE BILL**First, second reading and referral**

HB 647, relative to withholding of wages. (Daniels, Hills 6: Labor, Industrial and Rehabilitative Services)

RECESS**(Rep. Tucker in the Chair)****RESOLUTION**

Rep. Matt Quandt offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk and pursuant to House Rule 35(c), House Resolution numbered 11 shall be by this resolution read a first and second time by the therein listed title. Adopted.

INTRODUCTION OF HOUSE RESOLUTION**First, second reading**

HR 11, affirming revenue estimates for fiscal years 2011, 2012, and 2013. (Bettencourt, Rock 4; Stepanek, Hills 6; Weyler, Rock 8)

SENATE MESSAGE**CONCURRENCE**

HB 77, relative to amendments to warrant articles.

RECESS**(Rep. Silva in the Chair)****ENROLLED BILL REPORT**

The Committee on Enrolled Bills has examined and found correctly Enrolled House Bill numbered 77.

Rep. Cunningham, Sen. Bradley for the Committee

RECESS

PETITIONS

Petitioner Representative Lars Christiansen of Hudson, on behalf of the voters of the town of Hudson school district, seeks redress relative to a dispute with the State of New Hampshire. The Speaker referred the Petition to the Committee on Redress of Grievances.

CONSENT CALENDAR

Rep. Bettencourt moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

HB 130, establishing an additional method for a school to demonstrate that it provides the opportunity for an adequate education, removed by Rep. LaCasse.

HB 87, relative to disqualification of moderators, removed by Rep. Drisko.

HB 140-FN, establishing an exemption from the civil filing fee surcharge, removed by Rep. Horrigan.

HB 180, relative to criteria for registration as a lobbyist, removed by Rep. Watrous.

HCR 3, urging increased consideration and preservation of local authority in international trade and investment agreements, removed by Rep. Weed.

HCR 4, urging the United States Nuclear Regulatory Commission to permit New Hampshire to relicense nuclear power plants, removed by Rep. Manuse.

HR 6, condemning the taking of a private business by a foreign government, removed by Rep. Gagnon.

Consent Calendar adopted.

HB 168, establishing a committee to study the juvenile delinquency and child in need of services statutes. **OUGHT TO PASS.**

Rep. Franklin F. Gould for Children and Family Law: This bill establishes a study committee to review the statutes relative to juvenile delinquency and children in need of services (CHINS). These statutes were established at the same time in the late 1970's. Their effectiveness has not been reviewed since, and with the potential to streamline services and develop best practices, a study at this time makes sense. Vote 16-0.

HB 182, relative to the definition of a child in need of services. **INEXPEDIENT TO LEGISLATE.** Rep. Jeffrey D. Oligny for Children and Family Law: This bill proposed a change to facilitate the earlier intervention for children considered for children in need of services (CHINS). The sponsor agreed that the subject matter would be best addressed if this bill was merged with HB 168. Vote 16-0.

HB 95, permitting an insurer to operate a health maintenance organization as a line of business. **OUGHT TO PASS.**

Rep. Donald H. Flanders for Commerce and Consumer Affairs: This bill permits an insurance company licensed in this state to operate a health maintenance organization, either directly or through a subsidiary or affiliate, as a line of business under their license. Vote 14-0.

HB 129, relative to the licensure of attorneys as real estate brokers by the real estate commission. **INEXPEDIENT TO LEGISLATE.**

Rep. Sean M. McGuinness for Commerce and Consumer Affairs: This bill proposes that any attorney at law in good standing in this state shall qualify for real estate broker licensure without being required to comply with the educational requirements, the apprenticeship requirements or the examination requirement prescribed by RSA 331-A. The testimony in favor of this bill does not persuade the committee that attorneys, by virtue of their general law degrees, should be exempted. Further, the licensing statute already provides attorneys with a qualified exemption in connection with the performance of their duties as an attorney and the administrative rules allow for equivalent experience to be substituted for educational requirements. The committee finds that attorneys who choose to practice licensed real estate brokerage should remain subject to the statute. No special class or profession ought to be exempted from compliance when engaged in the general practice of real estate brokerage in this state based upon a presumption of competency. Vote 14-0.

HB 142-FN, relative to sales of artificial flowers and miniature flags. **OUGHT TO PASS.**

Rep. David J. Palfrey for Commerce and Consumer Affairs: This bill repeals the prohibition on the sale of miniature flags by street vendors. Under current law, the American Legion, the Veterans of Foreign Wars, the Disabled American Veterans, United Spanish War Veterans and other recog-

nized patriotic, fraternal, labor or military organizations chartered in this state are exempt from the prohibition as well as bona fide merchants in their stores or other business establishments. This bill will repeal the statute altogether. Vote 14-0.

HB 143, relative to the sale of stove polish. **OUGHT TO PASS WITH AMENDMENT.**

Rep. David J. Palfrey for Commerce and Consumer Affairs: This bill repeals the sale of inflammable stove polish intended for domestic use. This was an early consumer protection statute established in 1921. It may have stemmed from a NH supreme court decision in 1909 that involved a claim that stove blacking had been represented as safe for use on a warm stove. The product at that time contained naphtha, a highly explosive substance. This product is no longer being manufactured or sold. Vote 14-0.

Amendment (0139h)

Amend the bill by replacing all after the enacting clause with the following:

1 Repeal. The following are repealed:

I. RSA 158:20, relative to the sale of stove polish.

II. RSA 158:21, relative to the sale of certain inflammable polishes.

III. RSA 158:22, relative to penalties for the sale of certain polishes.

2 Effective Date. This act shall take effect January 1, 2012.

AMENDED ANALYSIS

This bill repeals the prohibition on the sale of stove polish and related compounds used as polishes.

HB 79, relative to certification of dogs for law enforcement work. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Mark Warden for Criminal Justice and Public Safety: This bill simply adds the New England state police administrators compact to the recognized organizations that can certify dog training courses. Vote 11-0.

Amendment (0019h)

Amend RSA 508:18-a, I as inserted by section 1 of the bill by replacing it with the following:

I. The officer and the dog have completed training together and received certification from a nationally recognized organization required for police work or other law enforcement work *or from the New England State Police Administrators Compact*;

HB 67, expanding the duties of the school administrative unit oversight committee. **OUGHT TO PASS.**

Rep. Laura M. Jones for Education: This bill adds cooperative school districts to the list of what the school administrative unit legislative oversight committee already oversees. This will save time and money since an additional committee will not be needed. Vote 16-0.

HB 69, relative to the White Mountains community college academic center in Woodsville. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Rick M. Ladd for Education: The community college system of New Hampshire has seven colleges as well as four academic centers that provide post secondary learning opportunities to New Hampshire residents. In addition to its oversight authority of its colleges, divisions and departments, this bill clarifies community college board of trustees administrative oversight of the regional academic centers and renders the board of trustees the final decision on the closure of any community college or regional academic center. Vote 16-0.

Amendment (0030h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the community college system of New Hampshire academic centers.

Amend RSA 188-F:1 as inserted by section 1 of the bill by replacing it with the following:

188-F:1 Community College System of New Hampshire Established. The community college system of New Hampshire is hereby established and made a body politic and corporate, the main purpose of which shall be to provide a well-coordinated system of public community college education offering, as a primary mission, technical programs to prepare students for technical careers as well as general, professional, and transfer programs, and certificate and short term training programs

which serve the needs of the state and the nation. The colleges of the community college system of New Hampshire are authorized to grant and confer in the name of the colleges all such degrees, literary titles, honors, and distinctions as other community colleges may of right do. The community college system of New Hampshire shall include, but is not limited to, colleges in Berlin, Claremont, Concord, Laconia, Manchester, Nashua, and Portsmouth. ***The community college system may also include regional academic centers that make quality educational opportunities accessible to New Hampshire residents.***

HB 112, relative to the required number of instructional days and instructional hours in a school district's calendar. **OUGHT TO PASS.**

Rep. Jeffrey L. St. Cyr for Education: This bill allows local school districts to set their own annual school calendar without the approval of the commissioner of education as long as the calendar is set for 180 days or the equivalent number of hours as determined in the department of education rules. This bill will allow local school districts flexibility in setting the calendar to meet the needs of the district such as setting the school calendar around a construction/renovation project. Local school districts still need to follow all rules of the department of education and state law when setting the annual school calendar. Vote 16-0.

CACR 1, relating to the election of state and county officers. Providing that state and county officers shall be elected in odd-numbered years. **INEXPEDIENT TO LEGISLATE.**

Rep. David Bates for Election Law: This CACR proposes amending the state's constitution to hold elections for state and county officers in odd-numbered years. The secretary of state is opposed to this legislation. The deputy secretary of state testified that if this change to the constitution were ratified, it would double the elections budget for the secretary of state's office and would put the state in constant campaign mode. The committee did not find a compelling enough reason to justify the additional cost the state would incur by adopting this amendment. Vote 18-0.

CACR 3, relating to initiative petitions. Providing that referenda to enact laws may be initiated by petition. **INEXPEDIENT TO LEGISLATE.**

Rep. Richard B. Drisko for Election Law: The committee was unanimous in its recommendations of Inexpedient to Legislate. The record shows that multiple examples of ballot petitions becoming law in other states have yielded many unintended consequences after passage. Vote 18-0.

HB 42, relative to the appropriate officials with whom to file for a primary. **OUGHT TO PASS.**

Rep. Regina M. Birdsell for Election Law: This bill will allow candidates for the office of state representative and delegates to party conventions to file for office with the secretary of state or their town clerk. This would make it more convenient for state representatives who are currently serving during the filing time frame. There is no cost to this bill and there is no opposition from the secretary of state and town clerks. Vote 18-0.

HB 73, establishing a process for recall of United States Senators from New Hampshire. **INEXPEDIENT TO LEGISLATE.**

Rep. David M. Pierce for Election Law: This bill, which would establish a process to recall our US Senators, is unconstitutional and would divert the legislature's attention away from the needs of our constituents. First, Art I, Sec. 3, Cl. 1 of the US Constitution provides without exception that each senator serves for six years. Justice Clarence Thomas wrote in a 1995 court opinion that because the US Constitution specifies the length of the terms of members of congress, the constitution denies the states any power to recall any member of congress. Too, the transcripts of the debates in 1787 and 1788 of the constitutional convention and the state ratifying conventions show clearly that the framers considered but rejected any authority for the states to recall members of congress. After considering this evidence, the bill's chief sponsor conceded that this bill is unconstitutional. Second, because this bill would allow any member of the legislature to file a recall petition, the committee thought it not unreasonable to believe that this bill would invite recall petitions in every legislative session. This would inevitably create a politically-charged circus atmosphere and divert attention away from the job the voters hired us to do. Vote 18-0.

HB 104, relative to the date for the state primary election. **INEXPEDIENT TO LEGISLATE.**

Rep. Shaun S. Doherty for Election Law: The committee decided this bill is unnecessary at this time. The next time an election cycle will fall in a year when a short time period between the

primary and general would occur is 2022. We feel it would be better to address the potential issue closer to that election and be able to look at it knowing the voting technologies that would be used in 2022. Vote 18-0.

HB 30, relative to reciprocity for licensure by the board of veterinary medicine. **OUGHT TO PASS.** Rep. Suzanne J. Smith for Environment and Agriculture: With the passage of HB 30, New Hampshire will join 33 other states in accepting the PAVE (Program for the Assessment of Veterinary Education Equivalence) examination in the licensure of veterinarians who have graduated from veterinary schools not accredited by American Veterinary Medical Associates (AVMA). The cost of this exam is drastically less than the cost of the only currently accepted examination given by the Educational Commission on Foreign Veterinary Graduates (ECFVG). This, hopefully, will assist the state in attracting qualified veterinarians of both large and small animals. Vote 17-0. Referred to the Committee on Executive Departments and Administration.

HB 93, relative to medical documentation for a crossbow permit for a person with a disability. **OUGHT TO PASS.**

Rep. Betsy McKinney for Fish and Game and Marine Resources: This bill was a request of the fish and game department to allow nurse practitioners to sign paperwork for disability permits for Disabled Crossbow Permit Applications. Currently, only doctors may fill out the paperwork. The committee felt this was helpful to the applicants. Vote 13-0.

HB 195, relative to special permits for transportation of deer. **OUGHT TO PASS.**

Rep. Lyle E. Bulis for Fish and Game and Marine Resources: This bill reduces the burdensome requirements of multiple deer tagging currently required of minors, property owners, and other special license holders whose licensing document does not bear tags. The requirement is reduced from three to two. This bill is at the request of the fish and game department. Vote 15-0.

HB 111, relative to redispensing unused drugs. **OUGHT TO PASS.**

Rep. Donald L. LeBrun for Health, Human Services and Elderly Affairs: This bill adds "including manufacturer's samples" to Pharmacy Rule 318:58 which allows the redistribution of unused prescription drugs, (including manufacturers samples), that have not reached their expiration date, are contained in an unopened unit dose or other tamper-evident packaging and show no evidence of contamination. This will make it possible to also include manufacturer's samples as possible donated prescription drugs. Vote 17-0.

HB 51, relative to screening panel members for screening panels for medical injury claims. **OUGHT TO PASS.**

Rep. Gregory M. Sorg for Judiciary: This bill amends RSA Chapter 519-B, which requires and establishes the procedures to be followed by three-member panels to screen and make recommendations concerning suits alleging medical injury claims. It would clarify the existing undefined requirement that panel members be impartial by making them subject to the same qualifications for impartiality required of jurors, as set out in RSA 500-A:12. The committee unanimously agreed that such a requirement would assist litigants and prospective panel members alike by adding certainty to the process of self-evaluation, and thereby help ensure the fairness of the screening process. Vote 17-0.

HB 118, relative to reporting a person as medically unfit to drive. **INEXPEDIENT TO LEGISLATE.**

Rep. Gregory M. Sorg for Judiciary: This bill would amend the motor vehicle code by providing immunity from civil liability to any person who, "reasonably and in good faith" believing a person cannot safely operate a motor vehicle, reports such to the department of motor vehicles. The committee was not convinced by the testimony and written evidence that there is a significant problem of under-reporting of impaired drivers, or that there is significant risk of civil liability under present law, or that the proposed bill would act as an effective deterrent to litigious-minded persons. Vote 16-0.

HB 161, establishing standards for adequate service of process and establishing a commission to study service of process by laypersons. **INEXPEDIENT TO LEGISLATE.**

Rep. J. Brandon Giuda for Judiciary: This bill proposed a significant change to the service of process procedures in New Hampshire and also proposed a commission to study service of process by laypersons. The current service of process laws are simple and easily readable, with the majority of service being performed by county sheriffs. The proposal would significantly modify current service of process procedures and includes lengthy restrictions as to who may effectuate service and how

service may be effectuated. The committee voted that the bill was inexpedient to legislate because, among other things: (1) there are no reported problems with the current service of process procedures, (2) the proposed law would make it more difficult to effectuate service, therefore increasing litigation and costs, (3) it is safer to have uniformed sheriffs effectuate service than unidentifiable civilians, and (4) no commission is needed to study a problem that does not exist. Vote 16-0.

HB 173, relative to service of process on commercial tenants. **OUGHT TO PASS.**

Rep. Peter L. Silva for Judiciary: This bill will allow a commercial landlord to serve notice of eviction or rent at the commercial property and by certified mail to the tenant. Presently, the landlord can only serve notice at the tenant's residence. This presents a problem when the property is in one location and the tenant is another. This bill assures notice is received. Vote 17-0.

HB 41, designating purple as the official state color. **INEXPEDIENT TO LEGISLATE.**

Rep. Jon F. Richardson for Legislative Administration: The color purple is one of a number of colored threads on the New Hampshire State Tartan including green 56, black 2, green 2, black 12, white 2, black 12, purple 2, black 2, purple 8, red 6, and purple 28. The description of the significance of the various colors is described on the state website as follows: "The colors in the set all have significance to the state. The purple represents the state's bird and flower, the purple finch and purple lilac; green represents the green of the forests; black represents our granite mountains; white represents the snow; and red represents all the state heroes." Because the colors are woven together to unify these many ideas, it was felt that it would be inappropriate to single out any individual color as being the most important. Vote 13-1.

HB 184, establishing a committee to study implementing day care services at the state house. **INEXPEDIENT TO LEGISLATE.**

Rep. Joe Duarte for Legislative Administration: The committee was unanimous in the opinion that the cost, regulatory and liability issues associated with establishing a fully operational day care facility at the State House were too great to be surmounted at this time. Vote 15-0.

HCR 5, urging that the United Kingdom return the Parthenon (Elgin) marbles to Greece. **INEXPEDIENT TO LEGISLATE.**

Rep. Cynthia L. Chase for Legislative Administration: The prime sponsor testified that it was now the opinion of those individuals who were supportive of this idea in the last legislative session that due to the disruptive state of affairs in Greece and the region generally at present that it would be preferable to defer this idea until a later time. The sponsor asked if the matter could be tabled. Since tabling would have no positive effect the more appropriate action was to recommend the resolution as inexpedient to legislate. Vote 12-2.

HB 38, relative to emergency use of public docks and piers. **INEXPEDIENT TO LEGISLATE.**

Rep. James P. Belanger for Municipal and County Government: This bill would mandate conditions placed on public piers and docks managed and controlled by local municipal ordinances. The result would be state control of local practices. Vote 16-0.

HB 70, relative to changes to town charters. **OUGHT TO PASS WITH AMENDMENT.**

Rep. James P. Belanger for Municipal and County Government: This bill brings into conformance with other municipalities those that were established by state statute vs. those by RSA 49 B. Vote 14-0.

Amendment (0046h)

Amend RSA 49-B:5-a, I(c) as inserted by section 1 of the bill by replacing it with the following:

(c) *Within 14 days of receipt of such report the secretary of state, the attorney general, and the commissioner of the department of revenue administration shall notify the municipal clerk and the chairman of the charter commission, if any, of its receipt.* Within 30 days of the receipt of said report [by] the secretary of state, attorney general, and the commissioner of the department of revenue administration [~~they~~] shall review the proposed charter, charter revision, or charter amendment to insure that it is consistent with the general laws of this state.

Amend the bill by inserting after section 1 the following and renumbering the original section 2 to read as 3:

2 Approval and Review. Amend the introductory paragraph of RSA 49-B:5-a, I to read as follows:

I. The municipal clerk shall file a report, *which shall include the name and address of the clerk and the chairman of the charter commission, if any*, with the secretary of state, attorney general, and the commissioner of the department of revenue administration as follows:

HB 86, relative to filling a vacancy among county officers. **OUGHT TO PASS WITH AMENDMENT.**

Rep. James P. Belanger for Municipal and County Government: This bill allows a county delegation to defer filling of vacancies for short periods when longer term replacements are imminent by election. Vote 16-0.

Amendment (0093h)

Amend the bill by replacing section 1 with the following:

1 Vacancies; County Officers. Amend RSA 661:9 to read as follows:

I. If a vacancy *for a period of one year or longer* occurs in the office of county sheriff, county attorney, register of deeds, or county treasurer, the members of the county convention shall fill the vacancy for the unexpired term by majority vote. *If a vacancy for a period of less than a year occurs in any such office, the members of the county convention shall, by majority vote of the county convention, vote to either fill the vacancy or to leave the office vacant.*

HB 181, permitting the charter of a city, town, or school district which is in statute to revert to the control of the voters. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Betsey L. Patten for Municipal and County Government: Currently there are cities, towns or school districts that have local charters that were created by the legislature. Every time one of those political subdivisions wants to revise, amend or replace their charter the governing body or voters have to come to the legislature for action which then has to be ratified at the local level. This amendment would set up a process for those political subdivisions that do not have a local amendment process to use the provisions in RSA 49-B so that local control is instituted. The amendment also provides that the existing charter shall remain in effect until the voters choose to revise, amend or replace it under the terms of RSA 49-B. The committee voted unanimously to have the general court get out of the business of determining local issues. Vote 16-0.

Amendment (0104h)

Amend the bill by replacing section 1 with the following:

1 City, Town, or School District Charter; Reversion to Voters. Notwithstanding any provision of law to the contrary, the charter of any city, town, or school district that was established by the general court and which does not have a local amendment process shall hereby revert to the control of the voters of the city, town, or school district and such charter shall be governed by the provisions of RSA 49-B. The existing charter shall remain in effect until the voters choose to revise, amend, or replace it under the terms of RSA 49-B.

AMENDED ANALYSIS

This bill provides that the charter of any city, town, or school district that was established by the general court and which does not have a local amendment process, shall revert to the control of the voters of the city, town, or school district and such charter shall be governed by the provisions of RSA 49-B.

SB 11-L, relative to the police commission in the town of Hooksett. **OUGHT TO PASS.**

Rep. Betsey L. Patten for Municipal and County Government: In 1977, the voters of Hooksett approved the action taken by the General Court to create the Hooksett police commission. However, no provision to rescind the police commission was included in the legislation. SB 11 authorizes the town to have an article on the warrant that will allow the voters to have their say on this issue – whether to rescind or not. The nine members of the Hooksett council, the Hooksett police chief, the Hooksett police commission along with the four Hooksett representatives and twenty-four senators are all in agreement with the passage of SB 11. Vote 13-0.

HB 35-FN, authorizing the acquisition of certain dams in the Connecticut Lakes Headwaters Tract. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Andrew Renzullo for Resources, Recreation and Development: This bill authorizes the reacquisition of five dams on the Connecticut Lakes Headwaters Tract for \$1. These dams were built

by New Hampshire fish and game on leased land some 40 years ago. The leases have expired and ownership has technically reverted to the lessor. These dams were built with state funds. These dams have been operated and maintained by the State of New Hampshire since their construction. It would be a dereliction of the public trust not to conserve and preserve the state's interest in valuable assets. It should be noted that this bill specifically states that, except for the above mentioned \$1, it does not mandate or authorize any capital or other expenditures. The water bodies impounded by these dams are important recreational assets to the state. They provide important recreational opportunities and fish and wildlife habitat in the North Country. They are some of the best remote trout ponds in the state. One pond is a very unique fishery in that it is one of the few in the state where trout can overwinter. Sport fishing and the tourism it generates is one of the leading economic engines in the area where these lakes are located. Vote 16-1.

Amendment (0047h)

Amend the introductory paragraph of RSA 482:48, VII as inserted by section 1 of the bill by replacing it with the following:

VII. For, a consideration of \$1, the fish and game department is authorized to accept conveyance from the property owners of all water and property rights necessary to repair, maintain, and operate the following described properties for the purpose of improving and controlling the water rights for the benefit of the state. The property rights the fish and game department is authorized to acquire for the benefit of the state shall be exempt from taxation as long as the properties are held by the state. The fish and game department may transfer rights in these properties under RSA 482:51 to the department for purposes of repair and maintenance. With the exception of such \$1 consideration, nothing in this paragraph shall mandate or authorize the expenditure of any funds or capital relative to the provisions of this paragraph.

HB 45, relative to the Connecticut Lakes headwater citizens committee. **OUGHT TO PASS.**

Rep. Thomas J. Howard for Resources, Recreation and Development: The committee unanimously agreed adding a lease holder to the Connecticut Lakes headwater citizens committee would add another valuable voice with interests and experiences that would help the committee in its management of the property. Vote 16-0.

HB 55, adding a member to the exotic aquatic weeds and species committee. **OUGHT TO PASS.**

Rep. David H. Russell for Resources, Recreation and Development: This bill simply adds a representative of the New Hampshire Lakes Association to the exotic aquatic weeds and species committee. The lakes association should be working hand in hand with this committee. The committee is advisory to the New Hampshire department of environmental services (DES) in controlling and eradication of milfoil. The lakes association is also responsible for the lake host program. Vote 16-0.

HB 63, extending the instream pilot program for one year. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Lawrence M. Kappler for Resources, Recreation and Development: This bill is simply another year extension to the instream flow pilot program. Field work began in 2005 and has continued. The analysis needs data from three flow magnitudes for each bio-period in the streams and has proven to be a major task as they are weather controlled. The bill also extends the implementation date preventing the commissioner of New Hampshire department of environmental services (DES) from initiating or adopting rules prior to program completion. Vote 17-0.

Amendment (0038h)

Amend the bill by replacing section 3 with the following:

3 Instream Flow Pilot Program; Extension. Amend 2000, 242:5, as amended by 2001, 138:6, as amended by 2002, 278:6, as amended by 2003, 319:50, as amended by 2009, 201:21 to read as follows:

242:5 Report. The committee shall report its findings and any recommendations for proposed legislation to the senate president, the speaker of the house of representatives, the senate clerk, the house clerk, the governor, and the state library on or before December 15, [2012] **2013**.

Amend the bill by inserting after section 3 the following and renumbering the original section 4 to read as 5:

4 Instream Flow Pilot Program; Reporting Date Extended. Amend 2002, 278:2, III as amended by 2003, 319:48 as amended by 2008, 5:2 as amended by 2009, 201:19 to read as follows:

III. The commissioner of the department of environmental services shall initiate and adopt rules pursuant to RSA 541-A for other rivers designated under RSA 483:15 only after the adoption and implementation of the rules relative to protected instream flows pursuant to RSA 483:9-c for the Lamprey and Souhegan rivers and completion of the hearings and reports required under section 3, III(b) and (c) of this act, but not before December 1, ~~2012~~ **2013**.

HB 74, relative to the ticketing and season passes at Cannon Mountain. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Andrew Renzullo for Resources, Recreation and Development: This bill makes changes to the requirements for reduced rate season passes at Cannon Mountain aerial tramway and ski area. It simplifies the process and reduces the confusion among products and hence improves customer service. The bill eliminates the need for secondary school enrollment proof (with home schooling being so prevalent) while still requiring proof of age. The bill changes the age brackets of under-age skiers to align the season pass and day ticket age brackets which are currently different. From a service perspective, it makes little sense to have different age brackets and different burdens of proof depending on which product a guest is looking to purchase. The Cannon Mountain Ski Area management does not expect any change in revenue. Vote 15-0.

Amendment (0058h)

Amend the bill by replacing all after the enacting clause with the following:

1 Resident Ski Rates; Reduced Rates. RSA 227:14 is repealed and reenacted to read as follows:

227:14 Reduced Rates. All season passes, including those for different age groups or military service, established by the department for the specific use of the winter facilities at Cannon Mountain aerial tramway and ski area shall be made available to any resident of this state at a 25 percent discount. For the purposes of this section, "resident of this state" means a person whose domicile is in this state. To qualify for the discount, a resident shall provide proof of residency and purchase the pass prior to December 15 of the year in which the pass becomes effective. Proof of residency shall include a state issued driver's license; a state issued I.D. card with a photograph or information including name, sex, date of birth, height, weight and color of eyes; a United States passport; an affidavit certifying residency from the municipal clerk of the purchasers' town or city of residence; or, for a person less than 18 years of age, proof of a parent's or guardian's residency provided by the resident parent or guardian. The commissioner of the department of resources and economic development shall make quarterly reports on season passes issued under this section to the fiscal committee of the general court, the senate president, the speaker of the house of representatives, and the governor and council.

2 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill makes changes to the requirements for reduced rate season passes at Cannon Mountain aerial tramway and ski area.

HB 131, relative to indemnification of volunteers performing duties in the state park system. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Peter S. Bolster for Resources, Recreation and Development: Presently, volunteers who supply much of the maintenance and up-keep of the state parks, forest reservation, trails or historic sites of the state are not adequately protected from law suits per opinion of the attorney general. This bill remedies this deficiency. The bill does not however indemnify against a criminal act. In addition the bill also extends the life of the State Park Advisory Council to 2016. Vote 13-0.

Amendment (0150h)

Amend the bill by replacing section 1 with the following:

1 Indemnification of Park Volunteers. Amend RSA 216-A:3-h to read as follows:

216-A:3-h Indemnification of Park Volunteers. Any ~~[person]~~ **individual, corporation, nonprofit legal entity, or individual who performs services for a nonprofit entity who is** recognized by the ~~[director, division of parks and recreation;]~~ **commissioner of the department of resources and economic development** as a ~~[park]~~ **volunteer** and who is under the **general** supervision of ~~[a park manager]~~ **authorized department of resources and economic development personnel**, and is actually performing assigned volunteer duties or activities at a state park, **forest, reservation, trail, or**

historic site, shall be considered a state employee for the purpose of defense and indemnification from civil suits under RSA 99-D; provided, however, such a volunteer shall not be indemnified from any civil suit arising out of a criminal act.

Amend the bill by replacing section 4 with the following:

4 Effective Date. This act shall take effect upon its passage.

Referred to the Committee on Judiciary.

HB 183, renaming Mount Clay in honor of Wonalancet. **INEXPEDIENT TO LEGISLATE.**

Rep. Thomas J. Howard for Resources, Recreation and Development: The committee heard testimony from the prime sponsor indicating the bill was a "mistake" and would we please ITL. Apparently Mount Clay has already been renamed Mount Reagan through HB 82, Chapter 139 in 2003 session. Vote 12-0.

HB 76, authorizing the division of emergency services and communications to levy administrative fines on carriers that repeatedly overwrite the enhanced 911 database. **INEXPEDIENT TO LEGISLATE.**

Rep. Frank R. Holden for Science, Technology and Energy: The committee desires to have the most accurate E-911 database possible but believes that this can best be accomplished by all parties working together in the E-911 Commission. It is not clear that a system of fines would lead to the best possible result. The process of updating the database could use some refinement and that should be done by the E-911 Commission. Vote 16-0.

HB 410, extending the reporting date of the committee to study dispatch times within the enhanced 911 system and requiring quarterly meetings of the committee. **OUGHT TO PASS.**

Rep. Jacqueline A. Cali-Pitts for Science, Technology and Energy: This bill very simply extends the committee formed to review the 911 dispatch times formed last session by SB 428, Chapter 350. The purpose of this extension is to enable the collection and reporting of all pertinent data and to make appropriate recommendations based on the data. Vote 13-0.

HB 56, relative to proper observance of September 11, 2001. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Frank H. McCarthy for State-Federal Relations and Veterans Affairs: It is the intent of this bill to ensure proper observance of September 11, 2001. Federal statute declares September 11 as "Patriot Day." This bill requires that the governor shall annually issue a proclamation calling for a proper observance of September 11 in honor and remembrance of those who lost their lives on that day. The proclamation shall include but not be limited to the requirements of section 144 of public law 107-89. Vote 13-0.

Amendment (0029h)

Amend RSA 4:13-p as inserted by section 1 of the bill by replacing it with the following:

4:13-p Proper Observance of September 11, 2001. The governor shall annually issue a proclamation calling for a proper observance of September 11 in honor and remembrance of the people who lost their lives on September 11, 2001. The proclamation issued by the governor shall call on the people of New Hampshire to observe the day with appropriate ceremonies, including, but not limited to, the requirements of section 144 of Public Law 107-89.

HB 28, establishing a committee to study driver's license suspensions. **INEXPEDIENT TO LEGISLATE.**

Rep. John E. Tholl for Transportation: While the purpose of the bill is to form a study committee to study driver's license suspension, all of the testimony was not about studying license suspension, but about the single issue of the inclusion of license suspension as a major offense towards habitual offender status. The committee feels that a study committee is not warranted and that a bill drafted to address the issue expressed during the testimony would have been a more appropriate measure. Vote 11-0.

HB 78, relative to motor vehicle permit fee credits. **INEXPEDIENT TO LEGISLATE.**

Rep. John E. Tholl for Transportation: This bill would have required the department of safety to reprint all of the applications for registration blanks to include the required language. Tens of thousands of vehicles are registered each year necessitating a considerable cost to the state for reprinting

the forms and/or for the rewriting of the computer software used to print registrations. The required information is already made available by the town clerks when a registration is transferred. In addition, the bill did not contain a fiscal note. Therefore the committee feels that the bill, although well intentioned, is not practicable and overly expensive. Vote 11-0.

HB 97, relative to operation of low-speed utility vehicles. **INEXPEDIENT TO LEGISLATE.**

Rep. Robert W. Williams for Transportation: This bill would modify the operation restriction of only driving 25 or under miles from the owner's residence or place of business. The low speed vehicle plate, the agricultural plate and the farm plate all have similar restrictions. The restrictions limit the use of the vehicles to farm and industrial use. This bill would violate the integrity and the reason for these low cost special plates. Vote 11-0.

HB 98, relative to low-speed utility vehicles. **INEXPEDIENT TO LEGISLATE.**

Rep. Robert W. Williams for Transportation: This bill would allow low speed utility vehicles with farm tractor plates to be used for personal use. This is totally contrary to what such vehicles should be used for. Low speed utility plates were approved solely for the purpose of meeting the needs of some farmers and certain businesses. Vehicles with agricultural plates (RSA 261:82) and farm plates (RSA 261:84) are prohibited from and not allowed to be used for personal use. To allow a low speed utility vehicle to be driven for personal use would be in conflict with the limitations placed on vehicles with farm plates or agriculture plates. Vote 10-1.

HB 116, relative to the rulemaking requirement for establishing operating restrictions on certain bodies of water. **OUGHT TO PASS.**

Rep. John A. Hikel for Transportation: This bill reduces regulations, speeds the process, and reduces the burden on taxpayers. It eliminates cumbersome rule making authority under RSA 541-A. Vote 11-0.

HB 117, allowing additional weight for vehicles using idle reduction technology in order to promote reduction of fuel use and emissions. **OUGHT TO PASS.**

Rep. Robert W. Williams for Transportation: This bill is pro-business, pro-environment and there is no fiscal note attached. This legislation mirrors current federal regulation. NH is under no obligation or mandate to enact this legislation. This bill will allow cost conscious, environmentally friendly truckers to regain the 400 lbs. of gross weight they lose when they utilize this technology. NH DOS, DOT and DES are all in favor of this bill. This bill will reward the independent trucker as well as the largest trucking firms for utilizing technology that they voluntarily purchased and installed on their vehicles to increase fuel economy and decrease emissions. This technology powers cab comfort devices when truckers are in our truck stops and/or neighborhoods adhering to their safety and rest requirements. Vote 11-0.

HB 148, relative to federal funding for motorcycle-only roadside checkpoints. **OUGHT TO PASS.**

Rep. John E. Tholl for Transportation: This bill provides that no entity in the state of New Hampshire shall accept federal funding solely for the purpose of setting up motorcycle only roadside checkpoints. This would be a clear example of discrimination against one group of citizens just because of what type of vehicle they use for their means of transportation. Vote 13-0.

HB 192, relative to commercial motor vehicle registration. **OUGHT TO PASS.**

Rep. Richard W. Hinch for Transportation: This bill expands the authority of the division of motor vehicles to refuse or revoke the registration of a commercial motor vehicle. This bill was requested by the department of safety to keep us in compliance with federal motor carrier safety administration prohibitions. The director will therefore be authorized to suspend, revoke or refuse to renew the registration or permit of a commercial motor vehicle if the commercial carrier has been prohibited from operating by the federal motor carrier safety administration. Vote 12-1.

REGULAR CALENDAR

HB 101-FN-A, relative to industrial hemp and establishing an industrial hemp special program fund. **INEXPEDIENT TO LEGISLATE.**

Rep. Stephen J. Palmer for Environment and Agriculture: The federal government currently mandates that hemp not be grown in the United States. Therefore New Hampshire farmers are prohibited from growing hemp. There is now no law in New Hampshire prohibiting the growing of hemp. Therefore, if the federal government removes its mandate, New Hampshire farmers are free to grow hemp.

Additionally, the bill creates a bureaucracy to oversee the seed sales, growth and sale of hemp, cost unknown. Vote 11-7.

Rep. Dan McGuire requested a roll call; sufficiently seconded.

Rep. Connie Soucy voted Nay and intended to vote Yea.

HB 136-FN*, repealing the uniform athlete agents act. **OUGHT TO PASS.*

Rep. Spec Bowers for Executive Departments and Administration: This bill repeals RSA 332-J, which establishes the requirement to register as an athlete agent. Only six people have registered as athlete agents in five years, none at all in the last two years. There have been zero enforcement actions. It is not needed because athletes, parents, and coaches are knowledgeable about the rules and are fully able to exercise individual responsibility. The statute is harmful in that it encourages reliance on the government to protect people from their own decisions. Vote 7-5.

Rep. Pilotte spoke against.

Rep. Bowers spoke in favor and yielded to questions.

Rep. Cohn requested a roll call; sufficiently seconded.

and the committee report was adopted.
Ordered to third reading.

HJR 3, prohibiting the implementation of certain rules of the board of mental health practice regarding misconduct investigation. **OUGHT TO PASS.**

Rep. Carol M. McGuire for Executive Departments and Administration: The Joint Legislative Committee on Administrative Rules (JLCAR) found that the new rules of the Board of Mental Health Practice highlighted a conflict in their statute: RSA 330-A:28 defined their duty and powers to investigate practitioners, but their interpretation of these powers could violate the patient privacy and confidentiality required by RSA 330-A:32. Therefore, JLCAR proposed this resolution to stay the board from using these rules until the statutory conflict could be resolved. HB 554, relative to mental health records, will clarify the privacy constraints on the board's investigative powers. HJR 3 is necessary to protect patients' and practitioners' confidentiality until the statutes are revised. Vote 11-0. Committee report adopted and ordered to third reading.

HB 167, naming the Enfield wildlife management area after former fish and game biologist Henry Laramie. **OUGHT TO PASS.**

Rep. Marc D. Tremblay for Fish and Game and Marine Resources: This bill would rename the Enfield wildlife management area in honor of deceased fish and game wildlife biologist Henry Laramie. Henry Laramie was a true visionary in regards to wildlife in this state in many different ways. His dedication and professionalism during his long career led to not only better management of wildlife species in New Hampshire, but several of his accomplishments have been used across North America. These accomplishments include the development of the beaver pipe, implementation of safe and effective tranquilizers used to sedate bear for research and initiatives to acquire, protect, and preserve hundreds of acres of land in New Hampshire. Henry was instrumental in successfully creating a moose management program. Henry's visionary ideas are being utilized worldwide. We are honored to recognize this truly special man. Vote 15-0.

Reps. Lefebvre and Mirski spoke in favor.

Committee report adopted and ordered to third reading.

MOTION TO PRINT REMARKS

Rep. Hopper moved that the remarks made by Reps. Lefebvre and Mirski be printed in the Permanent Journal.

Adopted.

REMARKS

Rep. Lefebvre: Thank you, Mister Speaker. Good morning. I am honored to rise before you today to ask you to support HB 167, the naming of the Enfield Wildlife Management Area in honor of deceased fish and game wildlife biologist, Henry Laramie. I not only rise before you today on behalf of the Fish and Game Committee, but also as a sportsman, fisherman and hiker who spends hours upon hours every year enjoying the exact forest, ponds and streams that Mr. Laramie worked so hard to preserve for all of our enjoyment. If you could all bear with me for a few more minutes, I am going to read a letter on behalf of Eric Orff, Merrimack County Fish and Game Commissioner and retired fish and game biologist who knew Mr. Laramie well.

I came to know Henry early in my thirty-one year career at the Department. I learned that Henry was a true visionary in regards to the wildlife of this state in many different ways. His dedication and professionalism during his long career led to not only better management of wildlife species in New Hampshire but several of his accomplishments have been used across North America to better manage species. One of Henry's earlier successes was developing the beaver pipe. You see beaver were essentially gone from this state by the early 1800's with less than 10 beaver believed to be in NH on the Canadian border when they were finally protected in 1901. Beaver did not return over the next half century to the state. By the 1950's Henry was working on a device to allow beaver to build dams and the important wetlands they provided to lots of wildlife yet to reduce their ability to flood roads and crops. Typically beavers were killed to prevent them from flooding certain lands. Henry wanted to keep beaver in the active flowages, yet find a way to keep them from flooding too much land. Henry invented a three sided twenty foot long wooden pipe that could be cheaply made and inserted into a beaver dam to control the height of the water. Waterfowl and other wildlife thrived as well as the beaver and the water levels could be managed at appropriate levels. For over fifty years the Department has used beaver pipes to balance wildlife and human need of our state. In fact "beaver pipes" in one form or another are used across North America today. Henry next brought his insight into black bear management. Similar to beaver bears were nearly extirpated from this state. There had been a bounty on bears that lasted well over a century until it was removed by legislation in 1956. Bears still could be killed year round until 1965 and there was no limit on how many bears one could kill until 1970. Henry saw bears as a valuable game species. Beginning in the 1960's he started working with Concord veterinarian James Paine to find a way to safely tranquilize bear. Doctor Paine would accompany Henry to a captured bear and would try different tranquilizers to anesthetize the bear. Over a period of time they discovered a drug that would put the bear to sleep and was safe to use. Soon Henry was trapping and moving troublesome bear rather than killing them. Soon Henry's discovery of a safe and effective tranquilizer was adopted by the Maine folks. In fact within a few years bear research and management would be changed not only across this country but around the world as this drug was adopted for use in sedating bears for research from South America to panda bears in China. Henry's vision of finding a safe and effective bear tranquilizer lead to modern bear management around the globe.

In the late 1970's and early to mid 1980's the department was affected by a declining economy and a number of vacated positions were not filled, including the Department's land agent. Henry took it upon himself to help acquire significant wildlife habitat during this time. Because of fewer positions with the Department there was an excess in federal funding. The federal funds normally allocated to NH as part of the Pitman-Robertson federal tax on guns and ammunition could not be spent and would have reverted back to the federal government. Henry took it upon himself to negotiate significant land purchases using these federal funds while talking the land owners into donating the twenty-five percent value of the land which would normally be the required state funding portion. Henry was the prime mover during these lean times to protect and preserve hundreds of acres across NH.

Lastly, let me tell you a little how Henry's vision led the department into our successful moose management. Henry had a camp in Pittsburg and developed a keen interest in this state's moose early on. By the early 1980's he began tracking moose sightings. At that time my desk set just outside his office in the old Bridge Street building. I remember Henry collaring conservation officers as they came to headquarters for various purposes and setting them down by his desk. He would pull out a stack of topographic maps and query each officer as to where they were seeing moose and whether they were bulls or cows and if cows how many calves did they see. Before long Henry had a picture of the distribution and abundance of moose across the North Country. His efforts led to the hiring of our moose biologist by 1985. Henry's vision led the Department into nearly three decades of successful moose management in NH.

I would ask that you name the Enfield Wildlife Management Area in his honor.
This was Henry's hometown though he lived most of his adult life in Pembroke.
Thank you for your consideration.

Eric Orff, Merrimack County Commissioner

Thank you, Mister Speaker.

REMARKS

Rep. Mirski: Thank you, Mister Speaker. I want to particularly express my appreciation to Rep. Chandler for filing this bill. I certainly wish I had thought of it and I want to thank him for inviting Rep. Townsend and Rep. Sova and Sen. Houde to also co-sponsor this. This particular area in the State of New Hampshire comes to about 2,022 acres on top of two mountains, Prospect Mountain and Shaker Mountain in Enfield. The area that we are talking about is visible throughout the district that we represent. Henry was a native of Enfield. If you go and mail a letter down at the post office, as you walk in, you will see a field just off to the left and up in that field is a red barn and some horses. That is called the Laramie farm. He grew up right in downtown. We have a farm right downtown and it was his homestead. Every day when he left the house, he would look out across that field, he would look out across the village and look out across the lake and there behind him was this long ridge, Shaker Mountain and Prospect Mountain. I don't imagine he would have ever imagined that so much of that mountain ultimately would be potentially named in his honor. He was a very modest and generous individual. I met him first about 1973/74. The community in Enfield wanted to preserve as much of that mountain as possible from development because it was an important environmental resource. We wanted to protect it for the watershed. It's a fantastically diverse area for game and so forth and when I made that proposal to the Town of Enfield, which it voted down in zoning 3 or 4 to 1 a bunch of times, it was Henry who stepped up and explained to the community how important the preservation of this area of town is. In the end, the town voted to create a conservation district of about 5,500 acres. Henry also touched another person in this room which is our Clerk, Karen Wadsworth. She was a representative at that time from the Town of Lebanon. She got a bill passed that helped to create this conservation district, so Henry has touched a lot of people. When you stand by a beaver flowage somewhere in the state, you can think of Henry Laramie. There is a little one right near my house that has one of his beaver pipes sticking out, out of the water. It just simply maintains the water level so the beavers are never able to increase the flowage over the highway right there. Until that sort of thing happened, we were out regularly trying to kill beavers whenever possible because of farm fields and roads and so forth. That was extremely significant. We know about Ben Kilham up in Lyme, one of the residents of New Hampshire that has become famous worldwide for his work with bears, but it was Henry who was the first guy in Lyme who really stabilized the bear population in New Hampshire. When you look at your moose plate and you see that moose on that plate, you can think of Henry Laramie every time you see it because it was Henry who developed a management plan for moose that has now made New Hampshire, in a way, famous in a way you wouldn't imagine. This is a great guy. He was self effacing, mild and he would never, ever have imagined himself being recognized this way. It is a terrific honor and in a way a reflection on the quality of many of our state employees that work quietly to do fantastic things. This is just a great opportunity to honor a very important and wonderful individual. Thank you.

REGULAR CALENDAR (CONT'D)

HB 71, authorizing establishment of pharmaceutical drug take-back programs. **OUGHT TO PASS.** Rep. Evalyn S. Merrick for Health, Human Services and Elderly Affairs: This bill allows New Hampshire communities and private entities to establish uncontrolled and controlled drug take-back programs for the purpose of destruction of these agents. The law allows this action in collaboration with the chief law enforcement of the community or governmental entity. There was great legislative and constituent support for this legislation. All should support this legislation as it has already proven its ability to remove thousands of unused medications from homes, and streets of New Hampshire. Vote 17-0.

Rep. Reagan moved Recommit and spoke in favor.
Adopted.

Recommitted to the Committee on Health, Human Services and Elderly Affairs.

HB 94, relative to public access to advisory committee meetings under the right-to-know law. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Kathleen F. Souza for the Majority of Judiciary: This bill would create a new format for public advisory committee meetings. The majority of the committee felt that by changing to an electronic format, with no physical meeting site, some interested citizens would be excluded. Also, advisory boards provide ideas and suggestions that lead to policies that affect our citizens and the important face-to-face interaction among members of these boards and between the public and the boards outweigh any advantages of convenience to the members of the boards. Current right-to-know law already provides that an advisory committee may meet electronically in an emergency situation. The committee felt that current law is working for the citizens of this state and no change is needed at this time. Vote 16-1.

Rep. Gary W. Wheaton for the Minority of Judiciary: This bill allows meeting with non-policy or decision making authorities to have quorum meetings by electronic means. Meeting electronically is only another option and not mandatory. This bill simply allows another means for volunteers to become more engaged in civil activities. Currently in a rural state, the distance limits volunteer time and the number and diversity of people and talents available. There are numerous free and low cost electronic options to accomplish this goal contrary to the argument that "the technology is not here yet."

The question being adoption of the Majority committee report of Inexpedient to Legislate. Majority committee report adopted.

HB 190, relative to legislative study committees. **OUGHT TO PASS.**

Rep. Timothy P. Comerford for Legislative Administration: This legislation limits membership of study committees established by the General Court to members of the legislative unit. The bill also requires the chairman of any study committee to file the committee report electronically. The committee feels the bill creates efficiency where it is sorely needed. Vote 10-5.

Rep. Mirski moved Recommit and spoke in favor.

Adopted.

Recommitted to the Committee on Legislative Administration.

HB 85, relative to the definition of "abutter" for notice of land use board hearings. **INEXPEDIENT TO LEGISLATE.**

Rep. Franklin W. Sterling for Municipal and County Government: The purpose of this bill is to extend the definition of an "abutter" to all unit owners in a "condominium or other collective form of ownership" for the purpose of notification of a hearing by a land use board. The current statute (RSA 672:3) allows for the notification to be to the officers of the condominium association. The committee recognized the importance of notification but was also mindful of the potential cost to an applicant both in terms of the cost of certified mail and the time lost if there was an error in the process of notifying multiple owners in large condominium complexes. The need for condominium owners to be notified is important and the committee would suggest that the issue would be better addressed by strengthening the duties of condominium officers in RSA 356: b-40 IV. Vote 14-2. Committee report adopted.

HB 155, relative to permits to conduct raffles. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. James P. Belanger for the Majority of Municipal and County Government: This bill enables a local governing body to issue an organization a permit with a longer time limit thus reducing administration costs and allowing established groups to hold a series of events, each of which presently require a separate application. Vote 12-4.

Rep. Kris E. Roberts for the Minority of Municipal and County Government: It is extremely important that people participating in any raffle have confidence in the integrity of all raffles. Some clerks require all raffle permit holders to notify them who won a raffle after the drawing, which is noted in the permit request. If an organization could run as many raffles as they wish during a years time that raises a question. Does the permit cover all raffles held by that organization during that calendar year, or does it require 12 year-long raffle permits for monthly raffles? Under either scenario, the clerk would have no way of knowing whether a raffle was held or not. There would be no way of knowing if funds were collected or winnings paid out. A year long permit could result in a raffle in

January, and the clerk not knowing the status of that raffle until the following January. There would be no protecting the public interest. This would result in losing system integrity which could put the funding for numerous civil and social organizations that promote worthwhile public service at risk. The question being adoption of the majority committee report of Ought to Pass. Majority committee report adopted and ordered to third reading.

HB 198, relative to the investment options for county funds. **OUGHT TO PASS.**

Rep. Kathleen M. Stroud for Municipal and County Government: This bill allows county treasurers an additional option when investing surplus county funds for all New Hampshire counties. It clearly states that monies must be invested in pooled money market funds invested solely in us treasury bonds. Vote 14-2.

Committee report adopted and ordered to third reading.

HB 89, requiring the attorney general to file lawsuits challenging the Patient Protection and Affordable Care Act and the United States Environmental Protection Agency's cap and trade program. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Steven L. Cunningham for the Majority of State-Federal Relations and Veterans Affairs: The committee determined that the patient protection and affordable care act would result in huge unfunded mandates for New Hampshire, a concern worthy of action by the attorney general. Testimony from the chairman of the finance committee assured us of the massive costs the patient protection and affordable care act would bring to the state. These expensive mandates appear to violate our state sovereignty. The committee has verified that there is no cost to join the lawsuit. Other states, such as Alaska, have budgeted \$5,000 for travel and miscellaneous associated expenses to allow a minimal presence in this lawsuit. A secondary concern for the committee was that the patient protection and affordable care act requires that New Hampshire citizens purchase a health care insurance policy against their will. The committee agrees that this is an onerous violation of individual rights that should be opposed. Vote 11-3.

Rep. Theodoros V. Rokas for the Minority of State-Federal Relations and Veterans Affairs: While the minority finds numerous reasons to deem HB 89 inexpedient to legislate, we will focus on the two most important – constitutionality and cost. As stated by the attorney general at the public hearing, HB 89 is a clear violation of the separation of powers doctrine (part 1, article 37) of the New Hampshire constitution. Part 1, article 37 states that the legislative, executive, and judicial branches of government “ought to be kept as separate from, and as independent of, each other, as the nature of free government will admit...” Ever since the adoption of part 1, article 37 in 1784, it has been the duty of the legislative branch to enact laws, and the duty of the executive branch to enforce them. The minority agrees with the attorney general that HB 89 violates that separation of power by having the legislative branch dictate to the executive branch which laws to challenge. Just as the attorney general has no constitutional authority to require the legislature to pass or defeat particular bills, the legislature has no constitutional authority to require the attorney general to mount legal challenges against particular laws. If the legislature can compel the attorney general to challenge particular laws, the traditional independence of the attorney general is compromised. This bill is also a perfect example of the wasteful government spending we all seek to eliminate. Passage of HB 89 would require the attorney general to spend his time, resources, and financial wherewithal joining a federal lawsuit that is going forward anyway. The legal and constitutional questions remain the same, and the eventual effect on New Hampshire will be the same whether we join the lawsuit or not. While some states may have extra money in their budgets to make the symbolic act of becoming the 26th or 27th state to join this federal lawsuit, we do not. As one of the least-taxed states in the country, New Hampshire can only afford to spend money on legal cases on which our inclusion has the potential to make a meaningful difference. Additionally, the potential cost to taxpayers for passing HB 89 is unknown. While there was discussion in committee as to the “estimated” cost of passing HB 89, there is no fiscal note attached to the bill. The true cost of HB 89 is unknown. At a time when we will likely see spending reductions in education, and to programs that benefit our neediest citizens, the last thing we should be spending money on is symbolic lawsuits with an unknown cost to the citizens of our state. The minority can think of no better way to show our commitment to responsible spending than to find HB 89 inexpedient to legislate.

Majority Amendment (0037h)

Amend the title of the bill by replacing it with the following:

AN ACT requiring the attorney general to join the lawsuit challenging the Patient Protection and Affordable Care Act.

Amend the bill by replacing all after the enacting clause with the following:

1 Lawsuit Challenging the Federal Patient Protection and Affordable Care Act. The attorney general shall, no later than July 1, 2011, move to join the state of New Hampshire as a plaintiff in the lawsuit pending in federal court captioned State of Florida et al. v. United States Department of Health and Human Services et al.

2 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill requires the attorney general to join the state of New Hampshire as a plaintiff in the lawsuit pending in federal court captioned State of Florida et al. v. United States Department of Health and Human Services et al.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Reps. Rokas and Rosenwald spoke against.

Rep. Blankenbeker spoke in favor and yielded to questions.

Rep. Frank McCarthy spoke in favor.

Rep. Bettencourt requested a roll call; sufficiently seconded.

BILLS REMOVED FROM THE CONSENT CALENDAR

HB 130, establishing an additional method for a school to demonstrate that it provides the opportunity for an adequate education. **OUGHT TO PASS.**

Rep. Charles J. Brosseau for Education: This bill allows for an alternate method for a school to demonstrate that it provided the opportunity for an adequate education. Currently schools are required to submit annual input and performance based accountability reports to the department of education. This third reporting option enables those schools accredited through New England association of schools and colleges to submit the annual accreditation report demonstrating compliance with standards as an alternate reporting mechanism. This option is a cost saving to local schools and the department of education. Vote 16-0.

Rep. LaCasse spoke against.

Rep. Ladd spoke in favor.

On a division vote, 349 members having voted in the affirmative and 21 in the negative, the committee report was adopted ordered to third reading.

HB 87, relative to disqualification of moderators. **INEXPEDIENT TO LEGISLATE.**

Rep. Richard B. Drisko for Election Law: The intent of this bill was to allow moderators who are on the ballot for office to handle ballots after they have been counted by machine. Current law prohibits that action. The secretary of state's office opposed the bill on grounds that even the perception of fraud in allowing ballot handling was not desirable. Vote 18-0.

Rep. Drisko offered a vote correction. The committee vote being 16-2 and the vote to place the bill on the Consent Calendar being 18-0.

Committee report adopted.

(Rep. Chandler in the Chair)**HB 140-FN**, establishing an exemption from the civil filing fee surcharge. **INEXPEDIENT TO LEGISLATE.**

Rep. Brian J. X. Murphy for Judiciary: This bill would expand the exemption from a filing fee surcharge to include any action to change a person's name. Currently, filing fee surcharge exemptions exist for family law name changes such as marriage, divorce or adoption. The filing fee surcharge is \$25, which was found to be reasonable. An indigent individual seeking a name change for reasons that are not exempted can move to have the surcharge waived. Given the reasonableness of the fee surcharge, and relief already available, expanding the exemption to include all actions for a name change is unnecessary. Vote 16-0.

Rep. Horrigan spoke against.

Rep. Brian Murphy spoke in favor.

Committee report adopted.

(Speaker O'Brien in the Chair)**HB 180**, relative to criteria for registration as a lobbyist. **INEXPEDIENT TO LEGISLATE.**

Rep. Marilinda J. Garcia for Legislative Administration: The removal of the exclusions listed in this bill would render RSA 15 provisions that determine whether a person is required to register as a lobbyist overly broad. In addition to creating cumbersome and unnecessary disclosure requirements for those who are not actually employed as lobbyists, it also fails to address the concern about closed door meetings between representatives and representatives from certain organizations, and would be an abrogation of free speech within the public hearing process. Vote 13-2.

Rep. Watrous spoke against.

Rep. Garcia spoke in favor and yielded to questions.

Rep. Campbell requested a roll call; sufficiently seconded.

and the committee report was adopted.

HCR 3, urging increased consideration and preservation of local authority in international trade and investment agreements. **INEXPEDIENT TO LEGISLATE.**

Rep. Lucien A. Vita for State-Federal Relations and Veterans Affairs: This bill contends that supra-national treaties, including the Free Trade Area of the Americas (FTAA), the United States-Chile Agreement, the General Agreement on Trade in Services (GATS), the North American Free Trade Agreement (NAFTA) and the World Trade Organization (WTO), contain provisions that will result in the shifting of the power to regulate zoning, ground water and natural resource protection, corporate ownership of land and law enforcement by courts away from state and local governments. However, a review of web sites dedicated to the above treaties failed to produce any evidence that would support this position. Further, aside from the text of the bill, the sponsor failed to provide any documentation in support of his contentions, nor did any witnesses appear in support of the bill. In addition, this bill focuses on the threat of loss of state and local sovereignty due to the possible impact of a certain few treaties, addressing only a small part of a much larger issue; the process by which bureaucrats, who are not representatives of the people, are allowed to approve treaties and agreements with other countries and supranational organizations. This violation of the constitutional requirement for congressional oversight (Article 2, Section 2) has been justified by the need for expediency, has resulted in hundreds of agreements and treaties becoming law without the protection of a two-thirds majority vote of the United States Senate and will be addressed in this session by HCR 6. Vote 10-0.

Rep. Weed spoke against.

Rep. Baldasaro spoke in favor.

Committee report adopted.

HCR 4, urging the United States Nuclear Regulatory Commission to permit New Hampshire to relicense nuclear power plants. **INEXPEDIENT TO LEGISLATE.**

Rep. Robert L. Theberge for State-Federal Relations and Veterans Affairs: The committee agrees that sufficient regulations are in place and the national regulatory commission (NRC) apprises the attorney general's office fully and notifies the public of any and all hearings and therefore this legislation is not necessary. In addition, the committee was concerned about the cost of creating another level of oversight. Vote 13-0.

Reps. Manuse, Warden and Avard spoke against.

Rep. Lambert spoke against and yielded to questions.

Rep. Blankenbeker spoke in favor.

Rep. Bates requested a roll call; sufficiently seconded.

HR 6, condemning the taking of a private business by a foreign government. **OUGHT TO PASS.** Rep. Daniel J. Tamburello for State-Federal Relations and Veterans Affairs: The passage of this bill would alert the government of Canada to the illegal taking of a business held and operated by a New Hampshire and U.S. citizen. The governments of Quebec and Canada have committed this act in open violation of the NAFTA treaty. Vote 13-0.

Rep. Gagnon spoke against.

Rep. Tamburello spoke in favor.

MOTION TO INDEFINITELY POSTPONE

Rep. Cali-Pitts moved that **HR 6**, condemning the taking of a private business by a foreign government, be indefinitely postponed.

Rep. Cali-Pitts spoke in favor.

Rep. Baldasaro spoke against.

On a division vote, 115 members having voted in the affirmative and 248 in the negative, the motion failed.

The question now being adoption of the committee report of Ought to Pass.

Rep. Tamburello requested a roll call; sufficiently seconded.

HOUSE RESOLUTION 11

A RESOLUTION affirming revenue estimates for fiscal years 2011, 2012, and 2013.

Whereas, the House Ways and Means Committee has considered what the unrestricted revenue estimates should be for fiscal years 2011, 2012, 2013 and has presented those estimates to the House of Representatives; and

Whereas, the House Ways and Means Committee strongly supports the Liquor Commission's capital budget request to renovate the Hooksett North and South stores which is estimated by the Commission to generate approximately \$4,400,000 in additional revenue above the estimates affirmed below; and

Whereas, the House Ways and Means Committee strongly believes the repeal of the gambling winnings tax will have a significant positive impact on the revenue estimates affirmed below; now, therefore, be it

Resolved by the House of Representatives:

I. That the House shall not adopt an operating budget for the state effective during the upcoming biennium that spends more than the total of these estimates, which total is \$4,423,600,000.00, less the sum of \$1,606,000.00 resulting from the estimated consequences of the reduction or elimination for the upcoming biennium of the taxes and fees listed below, for a total maximum state budget combined general fund and education trust fund spending of \$4,421,994,000.00 in the upcoming biennium; and

That the following taxes and fees shall be reduced or eliminated, resulting in the estimated net reduction in the available state general fund and education trust fund revenues available during the upcoming biennium referenced above.

II. That the House wishes to go on record as affirming the following revenue estimates for fiscal years 2011, 2012, and 2013.

Committee estimates are based on current rates.

	FY 2011	FY 2012	FY 2013
GEN'L & EDUCATION			
TRUST FUND:			
(Dollars in Millions)	Official	Committee	Committee
	Estimate	Estimate	Estimate
Business Profits Tax	\$313.300	\$308.317	\$314.555
Business Enterprise Tax	<u>189.700</u>	<u>186.683</u>	<u>190.445</u>

and the motion of Ought to Pass was adopted and ordered to third reading.

MOTION TO PRINT DEBATE

Rep. Foose moved that the debate on *HR 11*, affirming revenue estimates for fiscal years 2011, 2012, and 2013, be printed in the Permanent Journal.

Motion failed.

RESOLUTION

Rep. Bettencourt offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Wednesday, February 15, 2011 at 10:00 a.m.

Adopted.

LATE SESSION**Third reading and final passage**

HB 168, establishing a committee to study the juvenile delinquency and child in need of services statutes.

HB 95, permitting an insurer to operate a health maintenance organization as a line of business.

HB 142-FN, relative to sales of artificial flowers and miniature flags.

HB 143, relative to the sale of stove polish.

HB 79, relative to certification of dogs for law enforcement work.

HB 67, expanding the duties of the school administrative unit oversight committee.

HB 69, relative to the community college system of New Hampshire academic centers.

HB 112, relative to the required number of instructional days and instructional hours in a school district's calendar.

HB 42, relative to the appropriate officials with whom to file for a primary.

HB 93, relative to medical documentation for a crossbow permit for a person with a disability.

HB 195, relative to special permits for transportation of deer.

HB 111, relative to redispensing unused drugs.

HB 51, relative to screening panel members for screening panels for medical injury claims.

HB 173, relative to service of process on commercial tenants.

HB 70, relative to changes to town charters.

HB 86, relative to filling a vacancy among county officers.

HB 181, permitting the charter of a city, town, or school district which is in statute to revert to the control of the voters.

SB 11-L, relative to the police commission in the town of Hooksett.

HB 35-FN, authorizing the acquisition of certain dams in the Connecticut Lakes Headwaters Tract.

HB 45, relative to the Connecticut Lakes headwater citizens committee.

HB 55, adding a member to the exotic aquatic weeds and species committee.

HB 63, extending the instream pilot program for one year.

HB 74, relative to the ticketing and season passes at Cannon Mountain.

HB 410, extending the reporting date of the committee to study dispatch times within the enhanced 911 system and requiring quarterly meetings of the committee.

HB 56, relative to proper observance of September 11, 2001.

HB 116, relative to the rulemaking requirement for establishing operating restrictions on certain bodies of water.

HB 117, allowing additional weight for vehicles using idle reduction technology in order to promote reduction of fuel use and emissions.

HB 148, relative to federal funding for motorcycle-only roadside checkpoints.

HB 192, relative to commercial motor vehicle registration.

HB 136-FN, repealing the uniform athlete agents act.

HJR 3, prohibiting the implementation of certain rules of the board of mental health practice regarding misconduct investigation.

HB 167, naming the Enfield wildlife management area after former fish and game biologist Henry Laramie.

HB 155, relative to permits to conduct raffles.

HB 198, relative to the investment options for county funds.

HB 130, establishing an additional method for a school to demonstrate that it provides the opportunity for an adequate education.

HR 6, condemning the taking of a private business by a foreign government.

HR 11, affirming revenue estimates for fiscal years 2011, 2012, and 2013.

UNANIMOUS CONSENT

Reps. Gile, Wallner and Bettencourt addressed the House.

MOTION TO PRINT REMARKS

Rep. Lynne Ober moved that the remarks made by Reps. Gile and Wallner be printed in the Permanent Journal.

Adopted.

REMARKS

Rep. Gile: Thank you, Mister Speaker and thank you Honorable colleagues. I rise to pay tribute to a former member, Honorable Gloria Seldin, Representative from Merrimack, District 11, which is Concord wards 4, 8, 9 and 10 who died very suddenly and unexpectedly on January 23, 2011. Gloria was 86 and she left in exactly the manner she had hoped for. She and I became friends in 1996 when we both decided to run for the legislature and both got elected. Representative Seldin served 6 years in the New Hampshire House, one term on the Labor committee and two terms on the Health and Human Services committee. As a Representative, she sponsored bills and focused always on ways to improve the lives of seniors, individuals with disabilities, children and the poor. One of her dreams was to find a way to match young families in need of housing with senior homeowners who needed help with everyday chores and living. Gloria was big hearted, an activist in Democratic politics and the consummate volunteer. She was a regular in presidential campaigns, working for candidates and attending meetings to speak up for causes she believed in. At the age of 62, following her retirement and prior to her terms as a legislator, Gloria volunteered for the Peace Corps and served in Sierra Leone, one of the most challenging assignments on the planet, given the country's long history of poverty and warfare. There she taught residents to cultivate rice and fish for food and spent the better part of the year completely without your typical creature comforts such as clean water and sanitation. Back home, Gloria immersed herself in community service in places like the Concord Auditorium, VNA Hospice House and the Centennial Senior Center. She served on numerous state and local boards and also participated in the America Reads program. Every week she read stories to the kindergarten children at Walker School in Concord. Until her death, she volunteered at Concord Hospital where one of her assignments was to read the bingo numbers on Thursday afternoons because of her wonderful New York accent. In closing, this past Tuesday, the *Concord Monitor* dedicated an editorial to former Representative Gloria Selden describing her many contributions to the Concord community and the state of New Hampshire. In addition to an extraordinary record of public service, she was a Thursday morning diva at the Windmill in Concord where former Representatives and Senators gather at 7:30, a cookie lady for the shows at the Audi, a mentor who inspired and counseled me on the joys and wonders of aging, often delivering little pamphlets on healthy joints and a few other things I wasn't always anxious to receive. She was one of my dearest friends who I might never have met had it not been for the opportunity to work here in the New Hampshire House of Representatives. Thank you.

MOMENT OF SILENCE

A moment of silence was observed in honor and in memory of the former member from Concord, the Honorable Gloria Seldin.

REMARKS

Rep. Wallner: Thank you, Mister Speaker. I rise today to honor the memory of two former House members. Alice McDonough Wallace died on January 11th after a long illness. She was a lifelong

resident of Manchester. Beginning in 1999, she served three terms in the New Hampshire General Court representing Manchester Ward 5. She was a senior advocate and activist. She served as Commissioner of the Manchester Elderly Services and past President of East Manchester AARP. She also served on the Board of Directors of the Elliott Hospital and was President of the Manchester Women's Club. Also, Sandy Stettenheim of Plainfield died on January 10th. She served one term in the New Hampshire House in 1995. Sandy was a Quaker and a long time peace activist. She was the founding member of the New Hampshire Coalition to Abolish the Death Penalty and served on the steering committee. She was devoted to the health and welfare of the people of New Hampshire and she was a gentle pillar of strength. These women were devoted to community service where they truly made a difference in many lives. Thank you, Mister Speaker.

MOMENT OF SILENCE

A moment of silence was observed in honor and in memory of the former member from Plainfield, the Honorable Sandy Stettenheim and the former member from Manchester, the Honorable Alice McDonough.

MOTION TO PRINT REMARKS

Rep. Jasper moved that the remarks made by Rep. Bettencourt be printed in the Permanent Journal. Adopted.

REMARKS

Rep. Bettencourt: Thank you, Mister Speaker. I wanted to take a few moments this afternoon to say a few words in recognition of the centennial birthday of the man whom I consider to be the greatest President of the twentieth century, Ronald Reagan. In his honor, I would like to read a section of his farewell speech from the Oval Office in 1989. "The past few days I've been sitting at the window upstairs and I've thought a bit about the 'shining city on the hill.' The phrase comes from John Winthrop, who wrote it to describe the America that he imagined. What he imagined was important because he was an early Pilgrim, an early freedom man. He journeyed here on what today we'd call a little wooden boat; and like the other Pilgrims, he was looking for a home that would be free. I've spoken of the shining city all my political life, but I don't know if I ever quite communicated what I saw when I said it. But in my mind it was a tall, proud city built on rocks stronger than oceans, windswept, God-blessed, and teeming with people of all kinds living in harmony and peace; a city with free ports that hummed with commerce and creativity. And if there had to be city walls, the walls had doors and the doors were open to anyone with the will and the heart to get there. That's how I saw it, and still see it today." Mister Speaker, in everything that we do, let us strive to uphold the special ideal and vision of America. God bless Ronald Wilson Reagan.

MOMENT OF SILENCE

A moment of silence was observed in honor and in memory of the 40th President of the United States, Ronald Reagan.

RECESS MOTION

Rep. Bettencourt moved that the House stand in recess for the purposes of the introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports. Adopted.

The House recessed at 1:40 p.m.

RECESS

COMMITTEE ASSIGNMENTS

The Speaker made the following changes to committee assignments:

Rep. Avard on the Special Committee on Public Employee Pensions Reform.

Rep. Betsey Patten off the Special Committee on Public Employee Pensions Reform.

RECESS

(Speaker O'Brien in the Chair)

Rep. Tucker moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 6

Tuesday, February 15, 2011

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Roger Boucher of Gilmanton Iron Works. Heavenly Lord, we ask for Your strength again today, for our task is not always envious in the challenging and foggy climate of subjective opinion. We need the wisdom found in the truth of things, to comfort, encourage and guide us. We seek to be respected not merely as men and women of expediency or in expediency, but people of vision who will prevail, by law, against the forces of disintegration which daily threaten our civility. This is what we need, Lord. Guide us, then, by the strength of Your wisdom, that we may critically persuade with our arguments in a civil manner, for our goal is at all times to establish and maintain the permanent things that bestow life, liberty and the pursuit of happiness. We ask this in Your name. Amen.

Representative Robert Williams, member from Concord, led the Pledge of Allegiance.

Representative James Garrity of Atkinson led the singing of the National Anthem.

LEAVES OF ABSENCE

Reps. Ronald Belanger, Berube, Julie Brown and Mirski, the day, illness.

Reps. Beattie, Benn, Bouchard, Ginsburg, Merrick, Oigny and Michael Reed, the day, important business.

Reps. Knox and Rhodes, the day, illness in the family.

INTRODUCTION OF GUESTS

The Honorable Laurie Boyce, former member from Alton, guest of Rep. Blankenbeker.

William Vaillancourt, student at ConVal Regional High School, Page for the day.

RESOLUTION

Reps. Bettencourt and Norelli moved that the House notify the Honorable Senate that it is ready to meet in Joint Convention for the purpose of hearing the Budget Address by his Excellency, Governor John H. Lynch.

Adopted.

SENATE MESSAGE

The Senate is ready to meet in Joint Convention for the purpose of hearing Governor John H. Lynch deliver his budget address.

INTRODUCTION OF SENATE

The Sergeant-at-Arms introduced the Honorable Senate and Senate President, Peter Bragdon of Milford.

JOINT CONVENTION

(Speaker O'Brien presiding)

The Sergeant-at-Arms introduced the following special guests: Administrative Judge for the Probate Courts, the Honorable David King; Administrative Judge for the District Courts and Family Division, the Honorable Edwin W. Kelly; Chief Justice of the New Hampshire Supreme Court, the Honorable Linda S. Dalianis; Executive Councilor for District 2, the Honorable Daniel St. Hilaire and Executive Councilor for District 4, the Honorable Raymond J. Wiczorek.

The Sergeant-at-Arms introduced Governor John H. Lynch and Dr. Susan Lynch.

BUDGET ADDRESS

His Excellency, Governor John H. Lynch, addressed the Joint Convention.

Mr. Speaker, Mr. Senate President, Madam Chief Justice, honorable members of the House, Senate and Executive Council and my fellow citizens of New Hampshire, let me take a moment to thank

and introduce my wife, and our great first lady, Dr. Susan Lynch for all she has done for us. Across our state, we are seeing signs of economic recovery, businesses starting to expand, investing once again in people and investing in equipment. People are going back to work. Our unemployment rate has steadily fallen over the past year and is now one of the lowest in the nation. The Federal Reserve Bank predicts New Hampshire will have the strongest economic growth in the nation in the coming months. State revenues are showing signs of recovery, coming in ahead of last year and trending on plan. Because of our careful stewardship, New Hampshire is better positioned than most of the states to emerge from this recession. New Hampshire is strong and with careful and thoughtful cooperation, and with a responsible budget, we will make it even stronger for the future. Over the decades, our state has developed a strategy that has made us a national leader in almost every area. Today, I present a balanced budget for 2012 and 2013. It is a budget that reflects the continued economic challenges that our state and our families face. It also is a budget that protects our state's strategy for success, keeping taxes low and making smart investments in education, health care, public safety and economic development. Over the past two years, we received \$380 million in federal stimulus funds for Medicaid and for education. In one of the worst economic times in many of our memories, we used stimulus dollars to maintain services and spending that were critical for helping our citizens and our economy weather this difficult recession. Those funds also served as an important bridge, giving us time to make smart and real reductions. We used the buffer of stimulus funds to thoughtfully close and transition programs, such as moving children with behavioral issues to community-based programs. We closed the Lakes Region prison. We've accelerated other reforms, such as a new computer system at the Department of Revenue Administration that will allow us to cut spending even further in 2012 and 2013. The hard choices and reductions we've made over the last several years will provide us significant cost savings over the next two years, but one of the challenges of this budget was to account for the loss of federal stimulus funds without decimating core functions and services for our citizens. At the same time, demand and costs for some of these services are increasing. Achieving that balance required significant reductions of programs and services across state government. With this budget, we continue re-thinking every aspect of state government. We have pored over every line in every budget. We've asked not only whether a program was worthy, but also whether it was the most important thing for us to continue to do as a state. For programs that we believe should continue, we asked how they could be done more efficiently and more effectively. This budget restructures many parts of state government, changing what we do and how we do it. It cuts programs, facilities and positions across state government. We are making these changes for a number of reasons. Some we would propose no matter what the economic times. Some are financially necessary. Some choices were made so we could protect higher priorities, priorities core to our state's strategy for economic success – education, health care and public safety. The budget I present today cuts spending by significantly reducing the state's cost structure. This budget spends \$160 million or 5.5 percent less than the state spent in general funds in 2008 and 2009. Across state government, this budget eliminates 1,100 positions, reducing our state employee position count by almost 10 percent. It eliminates 255 currently filled positions, a difficult but necessary move to ensure we can meet our basic responsibilities. We eliminated almost all vacant positions. This budget assumes modest economic and revenue recovery, estimates lower than some outside experts and lower than those of some of our neighboring states. For 2012, this budget assumes that revenues will still be below 2008 levels. This budget proposes neither new taxes nor tax increases. It doubles the research and development tax credit and it repeals the tax on gaming winnings. We are asking our agencies to do business differently so that they can do more with less, but with this budget, we are also making it clear that there are areas where state government will simply do less. We must be honest and clear about the impact that this budget will have on the lives of our citizens. Some programs that people and businesses currently rely on will no longer be there or will operate differently. There are programs that provide real value to our citizens that we simply can no longer afford. We will be using technology to make state government more efficient, and as result, we will be closing offices and facilities and reducing personnel. These changes provide real benefits and real savings, but change is hard and the protests will be loud. None of us can say, cut state government spending, but don't close the office in my town or don't change my program. That is how state government grew to have too many costly offices and facilities in the first place. Parochial interests must give way to the best interests of the state as a whole. We must all join together and be clear that we cannot afford to business as usual here in New Hampshire. We must make these hard choices so that we can direct our limited taxpayer funds

to our core responsibilities and that is what this budget does. With a few exceptions, such as the Judicial Branch and the Veterans Home, almost every agency will spend less than they spent in 2011. The only major agency to receive an increase over general and stimulus fund spending is the Department of Corrections. It is not an increase that I like, but it is a necessary investment in public safety. We made major changes and reductions across state government so we could replace stimulus dollars and maintain adequacy aid to our schools; so that the Department of Justice could continue to prosecute crimes and protect consumers; so that the Department of Safety could put more troopers on the road; and so that we could protect the safety net for our most vulnerable citizens. Today, I would like to walk you through the highlights of those changes. This will be longer than a typical budget speech, but the changes we are proposing today are so significant to our state that I believe it is important to spend time talking about the choices we made, why we made them and what the changes mean for the citizens of New Hampshire. So, settle back and get comfortable. Let me start with the Department of Health and Human Services. It accounts for nearly 30 percent of our state spending and it touches in some ways the lives of hundreds of thousands of residents here in New Hampshire. For the last two years, we used stimulus funds to artificially reduce the Health and Human Services general fund budget. The stimulus funds paid for costs that otherwise would have been paid for by general funds. The recession also caused its caseloads to grow significantly. Although that growth is leveling off, we do not expect a decline in caseloads over the next biennium. This budget reduces the department's spending below its combined general and stimulus fund spending in 2011. I had four major goals for the Department. First, safeguarding health care to our most vulnerable citizens, seniors, children and people with disabilities. Second, providing a helping hand to our neediest citizens to get those who are physically able back to work and to minimize cost-shifting to local welfare agencies. Third, protecting the public's overall health and safety through functions such as juvenile justice, child and elder protective services, food safety and our public health programs and finally preserving, to the extent possible, services to those already receiving them, rather than adding new services or new people to programs. We looked at everything the department does to determine not only what programs added value, but what spending contributed to the highest value to meeting those goals. We considered what programs had other funding sources and options. We changed programs to deliver services more efficiently. We eliminated or reduced funding for a number of programs, including the catastrophic illness program, reimbursements to hospitals for medical education and diversion incentive funding. We chose to privatize the Tirrell House, our substance abuse program for men in Manchester, a change that will also provide opportunities to potentially expand services. Combined, these changes will save an estimated \$8.5 million over the next two years. In the past biennium, we provided an extra \$20 million in general funds to serve an additional 1,300 people with developmental disabilities and acquired brain disorders. In this budget, we made the difficult decision to protect ongoing quality services rather than expanding these programs further. This budget provides \$250 million in general funds to serve people with acquired brain disorders and developmental disabilities, but it does not provide separate funds for waitlists. We tightened eligibility for people with other sources of income. This change allows us to continue to provide financial help to people with the greatest needs. It also allows us to continue to provide the child care funds that help parents move from welfare to work. Following the recommendations of a legislative study committee, this budget moves some shelter and youth programs to unused spaces at the Sununu Center. This change moves young people closer to their families. It puts them closer to a broader range of services. It ends duplication of services and it will save an estimated \$11.3 million over the next biennium. The Department of Health and Human Services is also changing how it does business. For example, the Department began a pilot program to use technology to improve its services. The staff of the former Salem District Office now moves around the district. The Department will expand its efforts to go where the people are. As a result, we will close an additional four district offices over the next two years, saving an estimated \$1.9 million. We are demanding those same types of efficiencies from the organizations that we contract with to provide care. To reduce administrative costs, the department will continue to move toward issuing regional contracts for an array of services, instead of individual contracts for specific service. These changes will save an estimated \$10.5 million over the biennium. State government provides more than 90 percent of the funding for the Community Mental Health Centers and for the Area Agencies for Developmental Disabilities. We need to keep those services within the communities, but we do not need to pay the high overhead of the current system, where every agency has an executive director, a chief financial officer and so forth. With

this budget, we will reduce the number of administrative units for the Community Mental Health Centers by three and the number of administrative units for the developmental disability agencies by another three. Combined, these changes will save \$3.6 million in 2013 while still maintaining local services. With this budget, we are reforming the state's Medicaid program and putting our limited dollars where we will get the highest return. As a state, we've already made a number of changes to control the growth in Medicaid costs. We have reduced provider rates; we have limited access to the most-expensive care networks; and we began bulk buying for certain items, such as diabetic supplies, a change that will save nearly \$2 million over the next two years. Last year, we made the decision to limit in-patient care at Children's Hospital in Boston to only those services that could not be provided in New Hampshire. But Children's, like so many other hospitals, has bought up or launched its own physician practices in our state of New Hampshire. It is now referring patients to Boston for routine out-patient care, care that is available less expensively here in New Hampshire. We are eliminating Children's Hospital from our Medicaid network, except when it is the only option available, for a savings of \$10 million over the biennium. In the past year, the Department of Health and Human Services has been working diligently on plans for a Medicaid managed care program that will include children, women, people with disabilities and the elderly. They expect to issue requests for proposals from outside vendors by this summer. It is important to recognize that the Department on its own has already instituted a number of the tenets of managed care. For example, requiring prior authorization for expensive services and instituting a prescription drug management system. Consequently, the savings for our new managed care program will not be as great as those of states that have not previously acted to control costs, but there will be savings. We expect to institute a Medicaid managed care program by the fourth quarter of fiscal year 2012, a change that will save \$32 million, net of start-up costs, over the biennium. In 2013, that equates to a 5 percent savings over anticipated spending. These changes will also improve people's care by focusing on prevention and outcomes through strategies such as medical homes and accountable care organizations. Ensuring all of our children have access to affordable health care has been one of our state's major priorities. That's because children with access to quality health care stay healthier, do better in school and have a better chance of succeeding later in life. The costs are low and the dividends are truly immense. Through a partnership with the Healthy Kids Corporation, we've provided affordable health care to tens of thousands of New Hampshire children. It's been an important partnership. But even worthy programs must be reviewed to ensure that they are still the best and the most efficient option. As we worked to reduce the Health and Human Services budget, we looked at two alternative proposals for savings in children's health insurance. The first option was to cap enrollment in the program, for a savings of \$1.8 million in general funds over the biennium, but at a cost of denying 1,600 children access to affordable health care. We rejected that option. The second option was to end our partnership with Healthy Kids and bring that program in-house. That will save \$6.6 million in general funds over the biennium and allow us to provide affordable health insurance to more children. I chose the second option. I chose to lower costs and to insure more of our children here in New Hampshire. As we made reductions in the Department of Health and Human Services, we were cognizant of the fact that almost every dollar cut translates into a \$2 reduction when federal matching funds are taken into account. We had to think carefully about what parts of our health care system could best bear the reductions. We considered what reductions would have the least impact on the lives of our citizens here in New Hampshire and we worked to focus on investments that meet our long-term goals of reducing the growth in health care costs by keeping people healthier. As we worked to reduce general fund costs, we considered eliminating Medicaid optional services for adults, for seniors and people with disabilities, but at the end of the day, I don't believe that there is anything really optional about prescription drugs for seniors, nursing services or wheelchairs. Cutting Medicaid optional services would hurt more than 40,000 people. It would result in sicker people, and even, potentially, deaths and it would drive up our health care costs. Without access to prescription drugs or other so-called optional services, people would end up using more expensive health care - ambulances, emergency rooms and long-term hospital stays. We looked at reducing provider rates, but the federal government has made it clear that it will likely reject reductions to provider rates, so we chose a third option. We are redirecting \$20 million in uncompensated care payments the state now makes to hospitals to help maintain Medicaid optional services. As the biggest providers of care, and now the owners of many physician practices, the hospitals would experience a financial impact if we chose to reduce provider rates or cut benefits. Our hospitals in New Hampshire provide excellent service to our citizens.

The doctors, nurses and other staff members working at our hospitals provide high-quality care comparable to that offered anywhere in the country, but from a financial perspective, the hospitals can afford this change. Hospitals get millions of dollars in tax breaks for being nonprofits. According to their latest public filings, the top 200 executives of our 24 non-profit hospitals made a collective \$60 million. Collectively, New Hampshire's nonprofit hospitals generated cash over expenses of more than \$200 million, so instead of using that excess cash to reduce health care costs, hospitals spend it on advertising, trying to attract market share from each other or buying physician and laboratory practices across the state and then increasing overhead charges to patients. They are pouring revenues into multi-million dollar new facilities. In the last five years, hospitals have launched \$500 million in capital projects. Another \$50 million worth of projects are currently pending before the certificate of need board. Most of these expansions are discretionary and these facilities are driving up utilization and driving up our health care costs here in New Hampshire. These are costs that we all see in our ever-increasing health insurance premiums. To that, I say enough. That is why, in addition to this change, I call on the certificate of need board to institute a moratorium on the construction of new facilities by hospitals. We are overbuilding, and if we want to control health care costs, we need a comprehensive review to determine what our state's true health care facility needs are. I will direct the Department of Insurance, in conjunction with Health and Human Services, to undertake that review over the next two years. We took the same hard look at our long-term care system. We offer two main systems of care here in New Hampshire, home-and-community based care and nursing home services. Our seniors prefer to stay in their homes. They prefer to stay in their communities. That is also the most cost-efficient option for our taxpayers. We must preserve important home-and-community based services for seniors, services like meals on wheels and visiting nurses. This budget redirects \$8.5 million in supplemental payments to nursing homes to support home-and-community based care. A quality mental health care system is just as important as the rest of our health care system. Mental health care helps keep people employed, reduces homelessness and even reduces corrections costs. Through this budget, we are making fundamental changes to our mental health care system, moving it in the direction outlined by our state's 10-year mental health plan. As part of Medicaid managed care, we will move to a new payment system for community mental health services that will provide a more stable funding stream, allowing local centers to focus on improving quality, giving consumers more choices and promoting innovation. We will use our resources wisely, providing video conferencing capabilities so that the psychiatrists available 24-hours a day at the State Hospital can also conduct emergency assessments for community mental health centers, improving patient care and saving nearly \$700,000. With this budget, we will provide better and more-cost efficient services to people within their own communities. This budget closes an additional unit at New Hampshire Hospital and invests those savings in creating two additional teams aimed at helping people with mental illnesses live productive lives right in their own communities. We will also privatize the transitional housing units at New Hampshire Hospital and replace them with community-based housing, housing that will help people integrate back into their homes and back into their lives. These changes will save us money over the biennium, but equally important, they will improve mental health care in New Hampshire, meeting our state's long-term goal. We made a number of difficult choices to reduce spending at the Department of Health and Human Services, and at the same time, to meet an increased demand for services, but with this proposal, we are using our dollars more efficiently and directing those dollars to where they will do the most good for people. I firmly believe that education is the most important investment we make as a state in our future economic growth. Providing our children with quality education opens new doors and new opportunities for them. The education of our workforce and the strength of our schools attract businesses to our state. I believe in higher education and I believe in working to make higher education more affordable and more accessible to our families here in New Hampshire. With this budget, we are re-directing higher education dollars to where they will have the most widespread impact. As a state, we've been spending millions of dollars through the Post-Secondary Education Commission and the Unique College administration fund on thousands of small-dollar scholarships and to build endowments at colleges and universities, some of which are private. Through the Post-Secondary Education Commission alone, we were spending \$500,000 to administer just \$3.5 million in scholarship money. That is not the most efficient use of our resources, not given the challenges we face. So with this budget, state government is getting out of the financial aid business and redirecting those funds to support our community college and university systems. We are eliminating the Post-Secondary Education Commission as a stand-alone

agency and consolidating its remaining functions, including overseeing veterans' education, regulation, and ensuring access to college transcripts, within the Department of Education. We will continue to support funding for the New England Board of Higher Education, which is a cooperative agreement that allows our students to access in-state tuition rates for some programs at other New England schools. The Post-Secondary Education Commission has long paid to reserve spots for medical and veterinary students from New Hampshire. It is an investment, however, with no guaranteed return. It does not require the students to work here in New Hampshire. That is why I am eliminating the program and instead maintaining our loan repayment program, which helps bring doctors to work in under-served rural areas of New Hampshire. Our University and Community College systems are tremendous resources to our state and are clearly worthy of our investments. They educate thousands of New Hampshire young people and adults. They provide research that helps businesses grow and create new jobs. They are our engines of our economic future. The restructuring of Unique and the Post-Secondary Education Commission will allow us to fund the community college and university systems at 95 percent of their current levels. The Community College System will also receive an additional \$2 million a year to create an advanced composite manufacturing program, which will help make possible the expansion of Albany International here in New Hampshire and attract additional businesses in this growing field. Through Albany International alone, this investment over the next eight years will directly and indirectly create 1,000 jobs and generate more than \$100 million in economic activity. In addition, this budget invests \$2 million a year in job training both for unemployed workers and to help companies improve the skills of their existing workforce. This investment will help keep those good jobs right here in New Hampshire. Since 2002, through the KEEP program, we've invested \$175 million in improving the facilities at our University System. Those investments have helped ensure the University System can keep up with modern educational demands, including in science and technology. The capital budget provides nearly \$35 million to fund the remaining portion of KEEP and provides \$5 million to begin funding the University System's deferred maintenance plan. Our community college system is growing. It offers countless adults the opportunity to improve their skills to compete for better jobs. Young people turn to the community college system to prepare them for the workforce, or as a way to save money as they work to earn a four-year degree. The system is facing increasing demands for new services and programs and this capital budget provides the community colleges with \$18 million to construct and maintain the facilities needed by our businesses and needed by our citizens. These funds will help build a new academic building in the Lakes Region for health sciences, improve computer science and welding facilities in Manchester, upgrade the automotive repair programs at White Mountains, Nashua and Manchester and improve technology and health science offerings at River Valley. Now, as a state, I do not believe we should micro-manage the spending of either the community college system or the University System, but I do think that we should demand the same efficiencies from both that we are demanding from the rest of state government. Over time, higher education has spent its funds in certain ways because that is the tradition, but programs become outdated, bureaucracies grow and so does spending. That is why I am creating a commission to review public higher education spending to ensure that it is as efficient as possible. I will ask the commission to make recommendations on the University and the Community College system offices to ensure that they are as lean as possible, to review whether there is unnecessary duplication between the two systems and to consider how we can continue to improve coordination and integration of the community college and the university systems. We must make sure that both systems are doing everything possible to keep college affordable and accessible for our families here in New Hampshire. The largest chunk of the state budget, nearly 50 percent, goes out as state aid to local schools and communities. All of our children deserve the opportunity for a quality education so that they can learn and succeed later in life. That is why this budget invests more than \$2 billion in education over the next two years. In just five years, we've cut in half our high school dropout rate and preliminary estimates show that there was another significant decrease just last year. That is why this budget continues to support our dropout prevention programs. This small investment now will save our state money in the future. High school graduates are less likely to end up in prison or on state assistance. More importantly, these funds are making it possible for more of our young people to have better lives and get good jobs in the future. At a time when states across the nation are cutting funding to local school districts, this budget provides level funding to school districts. Now, let's be clear, this is not a cut. For 2012 and 2013, school districts will receive in adequacy aid exactly that which they received in 2011. This is not a cut.

Just three months ago, we distributed an additional \$20 million in federal stimulus funds to schools, funds that most school districts are reserving for the 2012 school budget, but even as we maintain adequacy funding levels, we cannot do business as usual. I continue to support placing a constitutional amendment on the ballot that allows us greater flexibility to target aid to communities and children with greater needs, but we need additional reforms as well. Over the past decade, as the state's commitment to education went from \$50 million in 1999 to \$945 million today, we've seen a move away from multi-community cooperation on education. That is why this budget provides \$1 million in grant funds to support cooperative efforts by school districts to work together to reduce costs and improve the quality of the delivery of education. In just 10 years, school building aid costs have more than doubled. The money hasn't always gone where it is needed the most. Some communities have built grand new facilities. Others are still putting buckets under leaky roofs. Instead of equalizing opportunities for our children, these funds have too often only exacerbated the differences between and among our schools. There have been several attempts over the last few years to re-consider the building aid formula, but they haven't gotten far. Well it's time for all of us to be honest about what we can afford and what makes sense for our state. We cannot afford to double school building aid again over the next decade. In recognition of the state's financial situation, this budget provides \$20 million for school building aid payments in 2012 and restores the funding to 100 percent or nearly \$50 million in 2013. This budget also continues the moratorium on state funding for new school building projects, except in cases of emergency, until we can develop a common-sense new system with controllable and sustainable costs and a system that makes its first priority ensuring basic, safe school facilities for all our children. As we looked at this budget, we also re-examined the state support for local schools that pre-dated the creation of the adequacy formula. For example, the school funding formula that began this biennium includes enhanced aid of \$1,856 per pupil for special education students. In all, the formula dedicates \$50 million to special education funding. That is why this budget reforms the catastrophic aid formula, which also provides special education aid, to limit assistance to cases costing more than 10 times the state average. We all know that one of the challenges of this budget was replacing lost federal stimulus dollars. I mentioned that before. With this budget, the amount of state tax dollars going out in aid to local schools and communities will actually increase over what we are spending today. When we compare general, education and stimulus spending, overall aid to schools and communities will be about 94 percent of what we spent in 2010-2011, comparable to the reduction in general and stimulus fund spending for the rest of state government. For municipalities, we are level funding meals and rooms distributions in 2012 and increasing it by \$5 million in 2013. We will provide more than \$70 million in direct grants for local road and bridge projects. In the Department of Environmental Services, we will continue to pay for wastewater, water treatment and solid waste projects already enrolled in the State Aid program, but we will not add additional projects. Each and every day our public employees, state workers, teachers, police officers and firefighters, some of whom are here today, respond to the needs of New Hampshire. Their efforts deserve our thanks and our recognition. Together we work to ensure the State of New Hampshire, local communities and schools provide the level of service our citizens require, while staying within our financial means. It is important that we honor the commitments that we have made to our public employees and to their retirement. Employee retirement costs are increasing for the state and for our communities. We must recognize that this is not the fault of our employees or the result of some new benefit. Rather, we are seeing the result of shortsighted decisions made two decades ago that allowed the state and the local employers to deliberately underfund the true costs of the retirement benefits that were promised to employees. Over the last few years, we took major steps to reform the retirement system, beginning with a new accounting method that honestly accounts for our outstanding liabilities and we put in place a plan that pays down those liabilities over the next 27 years. Let's be clear, today's retirement system is not on the verge of insolvency or bankruptcy. That said, we must continue working together to enact reasonable and responsible policies to ensure the benefits we promise future employees are affordable for the long term. As we developed the budget, we examined a number of programs that have been driving state cost increases for a number of years. Most made sense when they were launched, but I suspect no one at the time knew how quickly they would grow. The state subsidy for local retirement costs falls into that category, which is why this budget eliminates that subsidy, but I am also proposing a series of retirement benefit reforms for new public employees, which over the long term, will reduce costs for the state, communities and for the school districts. This package increases the retirement age for police and firefighters to 25

years of service and age 50 and increases the retirement age for other employees to age 65. Two years ago, we increased the retirement contribution for new state employees. Now I am proposing increasing that contribution for all other groups from 5 percent to 7 percent for group 1 and 9.3 percent to 11.3 percent for group 2. This package will no longer allow for end-of-career payouts that artificially increase compensation and it increases the time period for calculating the average end-of-career pay from three years to five years. Together, these reforms will help lower the rates that employers, the state, municipalities and school districts pay. These changes will save employers an estimated \$1.5 billion over the next 20 years and help keep our retirement system on a sound footing. Public safety is also one of our top priorities as a state. This budget level funds the Department of Safety in order to meet our core responsibilities. There will be no layoffs of state troopers, but to preserve trooper positions at a time of higher costs, we are making changes across the department. The Division of Motor Vehicles has launched an on-line licensing renewal system and will soon allow for online payment of traffic tickets. For most people, these changes mean they will only have to visit a Motor Vehicle office once every 10 years. As a result, we will close four substations and reduce personnel, saving \$1.2 million. The Department of Safety currently spends \$2 million a year to subsidize driver's education, with most of the money going to private driving schools under contract to public schools. This budget eliminates that subsidy and re-directs the funds to a higher priority, funding the detectives' bureau at the Department of Safety. Both the Department of Safety and Department of Education currently regulate drivers' education. We are eliminating that function within the Department of Education, saving an estimated \$175,000 over the biennium. Several years ago, we merged Highway Patrol and State Police. It is a move that has given us more flexibility, allowing the Colonel of State Police to put more troopers on the road during bad weather and major events. With this budget, we continue that integration and focus on putting more of our law enforcement resources to work where they have the highest value. Right now, some members of Troop G, the former highway patrol, perform mechanical inspections of commercial vehicles at weigh stations and they inspect car dealerships. This budget hires eight mechanics to perform those functions and puts those troopers on the road across New Hampshire. Our Corrections System is also critical to ensuring the safety of our citizens. The Department of Corrections, as I mentioned before, is the only major state agency to see an increase in funding over general and stimulus spending in 2010-2011. While it is an important and necessary investment in public safety, it is not an investment in New Hampshire's future. It is not an area where I want to spend more money. I would rather spend the money on higher education. That's an investment that will help our economy grow. The cost of corrections would be even higher if we had not closed the Lakes Region Facility and also passed the Justice Reinvestment Act. Our prison population is decreasing, but Corrections is mostly fixed costs. The budget does assume some savings from incidental costs, food, medical care and uniforms that result from the changes made through that legislation. Greater savings will come in 2014-2015 when we are able to close housing units as we reduce the number of people returned to prison for committing crimes. Before we passed the Justice Reinvestment Act, 50 percent of inmates returned to state prison within three years for new crimes. The simple fact is we cannot make lasting and meaningful reductions to corrections spending if we don't make changes to our corrections system aimed at lowering the number of released inmates that go ahead and commit new offenses. That is why we are recommending changes to the Justice Reinvestment Act, but preserving its core reforms. These reforms will save taxpayers money and also ensure public safety. Even with the savings from these reforms, the cost of our corrections' system in New Hampshire is not sustainable. For example, the age of the Concord state prison makes it inefficient to run. That is why we have issued requests for information about new options for our prison system, including potential public-private or multi-state partnerships. The deadline for those responses was yesterday. Our intention is to review those proposals, and to present any viable alternative options for our corrections system to the legislature during the budget process. High-quality roads and bridges are essential to the quality of life of our citizens and to the economic development of our state. With this budget, we reduce the Department of Transportation's operating budget by \$12 million from 2011 and we level fund spending on road and bridge projects. We level fund appropriations from the Highway Fund to other agencies, including the Department of Safety. This budget transfers administration of the state's welcome centers to the Department of Resources and Economic Development and provides for the redevelopment of the Hooksett and Interstate 95 welcome centers. Our goal is to make our rest areas more than pit stops, but areas that truly welcome people to our great state and promote our tourism industry. This budget maintains existing revenues for the High-

way and Turnpike Fund to pay for nearly \$90 million in betterment and state aid road and bridge projects; to provide \$70 million directly to communities to support their own road and bridge work and to pay for the next two years of the state's 10-year transportation plan. This is a budget that will allow us and our municipalities to keep up with basic maintenance of our roads and bridges, and to continue to move forward with important projects. It is not, however, a long-term solution for our state's highway needs. I remain committed to working with all of you on alternatives, including a potential consolidation of our highway and turnpike systems, to allow us to fully fund the 10-year plan, including expanding Interstate 93 all the way to Manchester. While the areas I've already discussed account for the majority of state government spending, there are also significant changes in other agencies. This budget eliminates programs such as the OSHA consultation program for businesses run by the Department of Environmental Services. It also consolidates the administration of the Department of Environmental Services lab with the state Public Health Lab, for a savings of more than \$300,000 over the biennium. It eliminates the requirement that the state pay for mediators and guardian ad litem in divorce cases. That change allows us to fund legal assistance and CASA, as well as put forward a realistic budget for indigent defense. It consolidates the administration of the Boards of Accountancy, Real Estate Appraisers and Manufactured Housing into the Joint Board. It also begins the process of saving on the administration of health boards by providing the capital funds to move them under one roof at the State Office Park South. It moves the Arts Council into the same state-owned space as the Division of Historical Resources to save on rental and administrative costs. The McAuliffe-Shepard Discovery Center is a great tribute to two New Hampshire space pioneers. It offers meaningful and important learning opportunities to children and adults and is inspiring a new generation to explore the universe, but it is also time for the Center to move toward greater self-reliance. When the legislature authorized the Center's expansion, it was with the understanding that the Center's board would raise the funds to pay the debt service. That hasn't happened. Instead, for the last several years, the Center has overspent its appropriations by about \$250,000 a year. This budget provides the planetarium with the equivalent of 95 percent of its appropriations, not expenditures, for the upcoming biennium, but in recognition of its difficulties, those payments are frontloaded in 2012. This budget requires the planetarium and its staff to consider new options, including becoming an independent nonprofit or increasing fundraising to reduce its general fund expenditures to \$225,000 in 2013. This budget makes changes at the Lottery and the Liquor Commission, both of which generate revenue to fund important state priorities. With this budget, we are providing both agencies with more flexibility to act as businesses, including allowing them to provide financial rewards to state employees for work that contributes to increased revenue. We cut spending at the Department of Resources and Economic Development to 95 percent of current year levels, with the exception of the Division of Travel and Tourism. In this division, we are keeping the commitment that we made to the travel and tourism industry. This budget dedicates 3.15 percent of rooms and meals revenue to travel and tourism promotion. It's an investment that returns tens of millions of dollars to our businesses, to our communities and to our state. Our state parks are one of our most valuable tourism assets and provide countless New Hampshire families with access to affordable recreation. They are treasures and this budget continues to invest in protecting and improving them. First, I believe we must recognize the remarkable strides the park system has made in improving its management. It's actually turning a profit, but for a number of years previously, the system ran a deficit and the general fund made up the difference by paying the Park's bills at the end of the fiscal year. The actual debts have long since been paid, but the park system is still required to turn any profits it makes back to the general fund. This budget proposes to erase the state park system's debt to the general fund so that it can invest its profits in improving services going forward. In addition, we will invest nearly \$4 million in capital funds for repairs at parks across the state. The budget of the Department of Information Technology also shows an increase, but as you know the Department is funded by other agencies and while it has reduced the cost of its shared services, the flat rate that every agency pays, there is an increase in the cost of agency-specific projects. That is because instead of cutting the department directly, we allowed agencies to make their own choices in developing their own reduced budgets. Many agencies chose to cut elsewhere in order to invest in technology that will provide short- and long-term savings to taxpayers. As the legislature reviews the Information Technology budget, I urge caution. Across-the-board cuts to this Department and to capital budget technology investments could eliminate savings in the operating budgets of departments and undercut our ability to deliver long-term savings to the taxpayers of New Hampshire. This budget also moves forward with a number of

initiatives that will cut costs across state government. With our new state financial system and a new online human resources system funded in the capital budget, we are able to move state government away from paper and labor intensive processes. With this budget, we will begin consolidating human resources and payroll functions. The state currently has about 400 people, or 170 full-time equivalents, involved in processing payroll and in human resources. With this budget, we will begin consolidating payroll and human resources across state government, a change that will conservatively save \$1.8 million over the next two years. We will also move forward with the consolidation of state back office functions, examining how we do accounting and finance, collections and other cross-government services. These changes will save an estimated \$1.3 million over the next biennium. To expedite these reforms, we will in the next few months issue a request for proposals for outside expertise, fund a position within the Department of Administrative Services to lead the consolidation efforts and give the commissioner of Administrative Services the authority to move positions and eliminate positions, across state government to achieve these expected savings. For our state employees we will spend \$188 million in 2011 on health care. We were estimating a \$50 million increase in health care costs for the next biennium. We cannot afford that cost increase. For our retirees under age 65, this budget proposes increasing the monthly premium to \$100, about the same premium that retirees over age 65 currently pay for Medicare. That change will reduce the state cost for retirees' health insurance by \$10 million in 2012. For our current state employees, this budget level funds health care costs and that change applies to employees at all state agencies, not just those funded by general funds. I call on our state employees to work in partnership with us to re-design our health care system to reduce costs. Working together within this budget, we must make practical, common-sense changes to health care benefits to ensure that our employees have access to quality health care at a price they and our taxpayers can afford. Some of these changes would need to be negotiated with our state employee union, but change is not an option. We can choose together how to reach this goal, but there is no choice about the goal. As Governor, I can only make recommendations on the overall funding levels, but not the line item budgets for the legislative and judicial branches of government. For the legislative branch, I have recommended a budget that is 95 percent of 2011. The same funding level as most executive agencies, including the Governor's office. With this budget, I am also proposing a change in law that would bring the legislature in line with the rest of state government. At the end of each fiscal year, almost every agency returns unspent money to the general fund. The legislative branch does not do that. The legislature has built up a surplus account that currently holds more than \$5 million. This budget proposes that the legislature return that money to the general fund at the end of this fiscal year and no longer be allowed to carry that appropriation. This budget level funds the Judicial Branch at 2011 spending. It funds almost all existing courthouses, with the exception of the Nashua District Court, which will be moved into the Hillsborough South Courthouse once the renovations to Hillsborough North are complete. The current district court building will then be sold with the proceeds dedicated to the Rainy Day Fund. In addition, we are funding the capital projects necessary to implement the 2012-2013 phase of the recommendations of the Judicial Branch innovations commission. I want to take a moment to applaud Chief Justice Linda Dalianis and the other members of the judicial branch for taking a hard look at how they do business and how they can do it better in the future. Thank you, Chief Justice, for what you are doing. In addition to the changes in this budget, agencies are already working on a number of other initiatives that will improve efficiency and reduce costs. Currently, Department of Safety staff manually enters into computers more than 100,000 tickets a year. Then, once people enter pleas or the court issues verdicts, they manually match tickets and checks and enter all of that data as well. Over the course of the next two years, the Department will move to electronic ticketing for both state and local police, which will reduce future operating costs. The new system will also help us move forward with an Administrative Traffic Court, which will further reduce costs for the Judicial Branch and save the state and local communities hundreds of thousands of dollars annually in police overtime. The Department of Health and Human Services has launched a pilot project using speech-to-text software and recorders so that caseworkers can spend less time entering data in reports and more time in the field, which will reduce the need to add people to meet the demands of a growing population. The Internet is making it possible for us to cut costs across state government, but our increased shift to online applications is putting a severe strain on the state's already fragile technology infrastructure, the pipes that carry that data from state office to state office. Through the capital budget, we will upgrade that infrastructure so that we can move to a voice over internet protocol. This investment will pre-

vent the very real possibility of a collapse in our state's technology infrastructure. It will also allow us to achieve greater efficiencies in state government. By adopting a voice over internet protocol, we will be able to easily share information or share work across state government. For example, the Division of Motor Vehicles has already made the switch. Motor Vehicles can now track and reduce waiting times for calls. This technology also allows them to easily shift calls and documents from one location to another. So, for example, if the switchboard in Concord is overloaded, it can move those calls to the office in Berlin. This capital budget also funds the creation of a new online Business One-Stop. This phased project will provide one on-line place for companies to find the information they need to do business in and with the state of New Hampshire. It will integrate computer systems to save agencies from duplicative work. And it will allow us to move to an online and integrated permitting system. Finally, this budget proposes to rebuild the Rainy Day fund to a minimum of \$30 million. In addition to the \$21 million surplus we expect at the end of 2013, this budget proposes selling facilities that we no longer need and that are costly to maintain, such as the Lakes Region campus and putting those proceeds in the Rainy Day Fund, the proceeds of which would be over and above the \$30 million. It also proposes to move forward with the leasing of the welcome centers on Interstate 95 and dedicating those proceeds to the Rainy Day Fund as well. Now you can see, I think that there has been a lot of work putting this budget together and the budget was possible because of the hard work of our agency heads and our state employees and the innovations they have begun over the last six years. They recognized early that there would be no quick return to business as usual. If you can join with me in taking a minute, let us take a moment to thank the department heads and employees for the work they have done. I also want to thank my budget director, John Beardmore. Many of you have worked with him and he really has done an outstanding job as well. He is standing right over there. Let's give him a round of applause. Well deserved. So, where are we? This budget is balanced. It uses no one-time funds. It lowers state government's overall cost structure so that it is sustainable for future years. This is a budget that invests in maintaining the strategy that has made New Hampshire the envy of the nation. As we have addressed the immediate fiscal challenges of the last several years, we've also worked to launch a long-term transformation of state services. Transformations that will save taxpayers' money in the next two years and into the future. With this budget, obviously we've also made some difficult choices, choices that will impact the services some of our citizens and businesses that they currently receive. Few of these choices were easy, but these choices were necessary to ensure that we could protect public safety, public health and education. This budget includes almost no back-of-the-budget cuts, except for the reduction in health care spending, which must be bargained with our employees. We made our choices clear and I ask and I urge the legislature to do the same, avoid across-the-board reductions that don't specify what programs you wish to cut. As we enter the next phase of the budget process, I recognize and respect that the legislature may have different ideas and different priorities and I am absolutely committed to working with you throughout this process. Our final product will not be the governor's budget or the house's budget or the senate's budget, but the budget of New Hampshire, a budget for the people of New Hampshire. Let us work together to meet our responsibility to them. As we work through this process, we must remember that in spite of the challenges we face, this is still a great state, a strong state, a state that is leading the nation's recovery. Together, through the choices we make this year, I know that we can make New Hampshire even stronger. I look forward to working with you to ensure a responsible, balanced budget that meets the needs of the people of our great state. Thank you very much for all that you do. Thank you.

Rep. Tucker and Sen. Bradley moved that the Joint Convention arise.

Adopted.

The Joint Convention adjourned.

HOUSE SESSION

The Speaker reconvened the House session.

MOTION TO SUSPEND HOUSE RULES

Rep. Lynne Ober moved that House Rules be so far suspended as to allow for late drafting and introduction of a bill to allow school districts to call a district meeting to accommodate a change in education funding.

Adopted.

CONSENT CALENDAR

Rep. Bettencourt moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

HB 65, relative to the advisory board on private investigative agencies and security services, and firearms proficiency for armed security guards, private investigators, and bail enforcement agents, removed by Rep. Ulery.

HB 124-FN, allowing any person to request conviction information regarding public officials, removed by Rep. Ulery.

HB 109, relative to residential fire sprinklers, removed by Rep. Ferrante.
Consent Calendar adopted.

HB 47, relative to inactive license status for real estate brokers and salespersons. **OUGHT TO PASS.**
Rep. James M. Sullivan for Commerce and Consumer Affairs: This bill clarifies the real estate commission's procedures for placing a license on inactive status. The changes simplify the method of requesting a change of status. This would help those licensees who are experiencing the downturn in the real estate market. Vote 13-0.

HB 61, relative to daylight saving time. **OUGHT TO PASS.**

Rep. Donna C. Mauro for Commerce and Consumer Affairs: The bill provides that daylight savings time in New Hampshire shall correspond with federal law. Vote 14-0.

HB 107, relative to the creation of express trusts for payment of claims for materials and services in building projects. **INEXPEDIENT TO LEGISLATE.**

Rep. Donna C. Mauro for Commerce and Consumer Affairs: This bill seeks to establish express trust to ensure payment to suppliers when a contractor or subcontractor files for bankruptcy before paying for supplies. The extent of the problem was not well defined and the proposed remedies created undesirable consequences. Vote 12-1.

HB 169, relative to the regulation of wood stove, wood pellet, and fireplace dealers. **INEXPEDIENT TO LEGISLATE.**

Rep. James M. Sullivan for Commerce and Consumer Affairs: The bill sought to relieve problems with dealers' agreements, inventory repurchase criteria and business transfer procedures by inserting dealers in these products into provisions of RSA 347-A:1,II that covered farm, utility tractors and other types of heavy or industrial equipment. The existing provisions did not seem to fit the nature of wood stove, pellet or fireplace equipment, as to the nature of the inventory and its repair part valuation, and the lack of formal distribution agreements. Vote 13-0.

HB 174, relative to insurance coverage for court-ordered counseling in divorce proceedings. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Matt J. Quandt for Commerce and Consumer Affairs: This bill provides that if parties to a divorce proceeding are insured and are required to participate in counseling, the parties may select a counselor who accepts direct payment from the parties health insurance carrier. Vote 13-0.

Amendment (0109h)

Amend the bill by replacing sections 1-3 with the following:

1 Causes for Divorce; Reconciliation; Counseling. Amend RSA 458:7-b to read as follows:

458:7-b Reconciliation. Whenever, before or during a hearing but before a final decree, the court shall determine that there is a likelihood for rehabilitation of the marriage relationship, the court shall refer the parties to an appropriate counseling agency within its jurisdiction, which referral may be made according to RSA 167-B or as the parties request, with the approval of the court. If the court determines that there is a reasonable possibility of reconciliation, the court shall continue the proceedings and require that both parties submit to marriage counseling. *If the parties are insured, the court shall give due consideration to selecting a counselor who accepts direct payment from the parties' health insurance carrier.*

2 Marriage Counseling Referral Service. Amend RSA 167-B:1 to read as follows:

167-B:1 Service Established; Court Referrals. Whenever a petition for divorce or petition for legal separation has been filed with the superior court the presiding justice or his *or her* authorized representative, subject to rules to be established by the superior court, pending a hearing upon the merits, shall exercise his *or her* discretion to determine if the matter before the court shall be

referred for marriage counseling to an approved family service agency within the jurisdiction of the court. ***If the parties are insured, the referral shall be made with due consideration to identifying a counselor who accepts direct payment from the parties' health insurance carrier.*** Any such referral shall be binding upon the petitioner and upon any petitionee who enters an appearance or otherwise submits himself ***or herself*** to the court's jurisdiction.

3 New Paragraph; Parental Rights and Responsibilities. Amend RSA 461-A:4 by inserting after paragraph II the following new paragraph:

III. If the parties are insured and the parenting plan directs the parties to participate in counseling, the court shall give due consideration to selecting a counselor who accepts direct payment from the parties' health insurance carrier.

AMENDED ANALYSIS

This bill provides that if the court orders the parties to a divorce or parental rights case to participate in counseling, the court shall give due consideration to selecting a counselor who accepts direct payment from the parties' health insurance carrier.

HB 203-FN, relative to mandatory motor vehicle liability insurance. **INEXPEDIENT TO LEGISLATE.**

Rep. James F. Headd for Commerce and Consumer Affairs: This bill requires proof of motor vehicle liability insurance in order to register a motor vehicle. Additionally, it also increases the minimum liability limits for motor vehicle policies. This would place an undue financial burden on our citizens as the premium increases could be extreme in some cases. Even though New Hampshire does not now demand auto insurance, we have one of the highest percentages of insured operators in the country. Our uninsured rate is in the 7% area; 93% of our drivers are insured. Additionally, all policies bought in the state do have mandatory uninsured motorist protection at a very reasonable rate. Further, once an individual has an uninsured accident, the state has mandatory financial responsibility rules in place so the uninsured operator has the potential of losing his or her operators license until certain financial responsibilities are met. Contrary to common belief, an individual's insurance rates will not be increased due to an accident with an uninsured motorist. Rates are only increased if a driver is deemed at fault, not just for simple involvement. Vote 13-0.

HB 53, requiring the inclusion of certain offenses against adults on the public sexual offender list. **INEXPEDIENT TO LEGISLATE.**

Rep. Kyle J. Tasker for Criminal Justice and Public Safety: This bill is not sufficiently thought out and a strong enough case was not made to the committee for adding every person guilty of a sex offense onto an already crowded registry. Vote 14-2.

HB 80, eliminating the rank of corporal in the division of state police. **OUGHT TO PASS WITH AMENDMENT.**

Rep. David A. Welch for Criminal Justice and Public Safety: This bill is a housekeeping measure which removes a reference to the rank of corporal within the state police. The rank has not been filled for several years and the amendment reflects the existence of seven troop commanders and assistant troop commanders instead of the six currently in statute. Vote 16-0.

Amendment (0034h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to ranks in the division of state police.

Amend the bill by replacing section 1 with the following:

1 Division of State Police; Ranks. Amend RSA 106-B:4 to read as follows:

106-B:4 Ranks and Qualifications; Establishment. The director of state police shall hold the rank of colonel. Within the division of state police there shall be not less than one major, 2 field officers with the rank of captain, [6] 7 troop commanders with the rank of lieutenant, [6] **and 7** assistant troop commanders with the rank of sergeant [~~and 6 corporals at large~~]. Every police employee shall have had not less than 2 years' service within the division to become eligible for promotion of any type except from probationary status to trooper. No member of the division shall be eligible for promotion in any event unless his **or her** record is free from the commission of any major infraction of divisional discipline within the last 7 consecutive years of such service. In addition to the foregoing, the personnel commission, with the advice of the director, shall establish suitable classification

for additional grades, positions and ranks and for each classification shall fix standards of health, education, training and experience, as well as the conduct and manner of taking of competitive examinations for promotion within the division.

AMENDED ANALYSIS

This bill eliminates the rank of corporal in the division of state police and makes other changes to reflect the current ranks within the division.

This bill was requested by the department of safety.

HB 82, relative to the annulment of criminal records. **OUGHT TO PASS.**

Rep. David A. Welch for Criminal Justice and Public Safety: This legislation is the result of a study committee established by HB 1533, Chapter 307, Laws of 2010. This committee agrees with the study committee's findings that the current statute regarding the annulment of criminal records is outdated. The committee recognizes that the internet further complicates the intent of criminal annulment, creating a new record of the incident which is all but impossible to retract. Annulments of criminal record have increased in recent years, according to statistics provided by representatives of the media, from about 800 criminal cases in 1997 to about 4,000 in 2009. The committee agrees that the purpose of a criminal record annulment is to give the person a "fresh start," however there is further agreement that the practical effect of an annulment does not make the underlying facts disappear, nor should it prevent the dissemination of those facts. The bill will clarify which records are eligible for annulment, make the fact of an annulment a public document, and based upon the principles of our right-to-know law and court cases determined upon free speech, removes liability for disclosing the contents on annulled record in certain circumstances. Vote 16-0.

HB 103, requiring law enforcement agencies to take proper care of firearms seized pursuant to a domestic violence order for relief. **INEXPEDIENT TO LEGISLATE.**

Rep. Kenneth Kreis for Criminal Justice and Public Safety: The committee did not feel that HB 103 and testimony given required the change as this is already covered in RSA 173-B:5, (c) and (d). Vote 16-0.

HB 122, establishing a commission to study the effectiveness of the sex offender registry. **INEXPEDIENT TO LEGISLATE.**

Rep. Stephen J. Shurtleff for Criminal Justice and Public Safety: The committee felt that a study of the sexual offender registry was not needed at this time. The current sexual offender registry, as now constituted, came in to effect on January 1, 2010, after a lengthy joint committee hearing that made changes to the sexual offender registry in order for New Hampshire to come in to compliance with the federal "Adam Walsh Act." Vote 14-0.

HB 177, relative to the probation and parole status of offenders in motor vehicle records. **INEXPEDIENT TO LEGISLATE.**

Rep. Jason P. Antosz for Criminal Justice and Public Safety: The committee voted to recommend "ITL" on this bill at the request of the sponsor. Vote 14-0.

HB 307, relative to the authority of the superintendent of a county correctional facility. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Mark Warden for Criminal Justice and Public Safety: The committee felt that this bill has the potential to reduce a burden on the court system by allowing the superintendent – in addition to the court – to recommend release to a work program, or home confinement. Vote 14-0.

Amendment (0188h)

Amend the bill by deleting section 2 and renumbering the original section 3 to read as 2.

AMENDED ANALYSIS

This bill permits the superintendent of the county correctional facility to recommend a prisoner for release in order to obtain gainful employment, perform uncompensated public service, or serve the sentence under home confinement.

HB 308, relative to the authority of the superintendent of a county correctional facility to order the removal or transfer of prisoners. **INEXPEDIENT TO LEGISLATE.**

Rep. Robbie L. Parsons for Criminal Justice and Public Safety: Sponsor requested to ITL based on another bill similar, HB 115. Vote 14-0.

HB 433-FN-A, relative to the exhumation and testing of victims of the so-called Connecticut River Killer and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE.**

Rep. Larry G. Gagne for Criminal Justice and Public Safety: The sponsor requested ITL because he realizes that the funding for the cold case unit might not be able to cover the extra expense that would be incurred by the unit. Vote 13-0.

HB 473-FN, relative to fees added to the late payment of fees to bail commissioners. **INEXPEDIENT TO LEGISLATE.**

Rep. Mark Warden for Criminal Justice and Public Safety: The committee agreed that there is not a significant problem with the current system, and the proposed legislation would add additional bureaucracy and cost to the court system. Vote 13-0.

HB 615, creating a database of New Hampshire grown genetically modified crops. **INEXPEDIENT TO LEGISLATE.**

Rep. Laura J. Gandia for Environment and Agriculture: The sponsor of this bill requested that the committee issue a recommendation of ITL because the supporters of this bill were unable to appear and testify. Vote 18-0.

HB 326-FN-L, eliminating the automatic continuation requirement for public employee collective bargaining agreements. **INEXPEDIENT TO LEGISLATE.**

Rep. Gary L. Daniels for Labor, Industrial and Rehabilitative Services: This bill was the same as SB 1, the evergreen bill. The committee chose to use SB 1 as the vehicle for bringing this issue to the full House. This bill then is not needed. Vote 17-0.

HB 585, proclaiming the third Friday in October as New Hampshire history day. **OUGHT TO PASS.**

Rep. Timothy P. Comerford for Legislative Administration: Our state is steeped in tradition and is rich in history. The first shots of the Revolution were actually fired here. New Hampshire has been the cradle of liberty ever since the adoption of its first in the nation Bill of Rights. Thomas Jefferson said that the price of liberty is eternal vigilance, and this includes having a citizenry that is properly cognizant of its history and traditions. Vote 15-0.

HB 54, relative to service in a qualifying war or conflict for purposes of the veterans property tax credit. **INEXPEDIENT TO LEGISLATE.**

Rep. James E. Coffey for Municipal and County Government: This bill would allow a person with as little as one day of service during a qualifying period to receive the veteran's tax credit. The present 90 day standard has been in place for decades and is a well recognized standard. Passage of this bill could lead to increased veteran's tax credits which would raise the municipal property tax rate. Vote 15-0.

HB 115, relative to the temporary removal or transfer of prisoners from a county correctional facility. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Philip L. Munck for Municipal and County Government: This bill gives formal authority to superintendents of county departments of corrections to transfer prisoners for emergency or public safety purposes without specific prior approval of the county commissioners which would require a posted meeting to comply with RSA 91-A. Review of such transfers would be made by the commissioners at their next regular meeting. Vote 16-0.

Amendment (0148h)

Amend the bill by inserting after section 1 the following and renumbering the original section 2 to read as 4:

2 Removal of Prisoners for Public Safety or Emergency Reasons or Because of Epidemic or Repairs to Facility. Amend RSA 30-B:22 to read as follows:

30-B:22 Removal of Prisoners *for Public Safety or Emergency Reasons or* Because of Epidemic or Repairs to Facility.

I. Whenever the prevalence of disease, or the rebuilding or repairing of a correctional facility or for other cause, the ~~[county commissioners]~~ **superintendent of the county department of corrections** shall think it expedient that the prisoners be removed therefrom, the county commissioners may authorize the superintendent to remove the prisoners to some other facility in the same or another county location, there to be detained, in the same manner and by the same process as in the correctional facility from which they were so removed, until removed by similar process or discharged according to law.

II. The superintendent may remove a prisoner, without the approval of the county commissioners, if the superintendent determines the removal is necessary for public safety or emergency reasons. The county commissioners shall review any such removal at their next regular meeting. If the county commissioners reject the removal, the prisoner shall be returned to the facility from which the prisoner came as soon as practicable.

3 Department of Corrections; Powers and Duties of Commissioner. Amend RSA 21-H:8, VI to read as follows:

VI. The commissioner may enter into contracts with the state's counties, the governments of other states, and the federal government, and appropriate private agencies or facilities and make proper and necessary arrangements with them for the transfer and reception of inmates and allow transfers to state prisons of any person. Any person who is confined awaiting trial on a felony charge may be transferred to the state prison from the county correctional facility, upon the recommendation of the superintendent of the county department of corrections, and with the approval of the county commissioners of said county. ***The superintendent may transfer a prisoner, without the approval of the county commissioners, if the superintendent determines the transfer is necessary for public safety or emergency reasons. The county commissioners shall review any such transfer at their next regular meeting. If the county commissioners reject the transfer, the prisoner shall be returned to the facility from which the prisoner came as soon as practicable.***

HB 226-FN-L, relative to identification of certain publicly owned vehicles. **INEXPEDIENT TO LEGISLATE.**

Rep. Franklin W. Sterling for Municipal and County Government: The intention of this bill was to amend RSA 261:92 to require all vehicles owned by any governmental subdivision to affix signage to the vehicle that was visible from 25 ft identifying the government agency to which it was registered. The committee was of the opinion that this would make a cost that was not funded and therefore was in violation of part I of article 28-A of the state constitution. Vote 16-0.

HB 204-FN, granting motor vehicles with special number plates for veterans toll-free use of the turnpike system. **INEXPEDIENT TO LEGISLATE.**

Rep. Franklin T. Tilton for Public Works and Highways: The committee has great respect and gratitude for the dedicated service of our veterans. There currently are a number of ways in which the State of New Hampshire honors its veterans and expresses its gratitude to them; however, granting this privilege would ignore other very worthy groups including those who have purple heart plates. Additionally, this bill would reduce state revenues by more than \$500,000 annually. Vote 15-0.

HB 363-L, relative to Depot Street in the town of Andover. **OUGHT TO PASS.**

Rep. David B. Campbell for Public Works and Highways: As a result of the rerouting of a section of NH Route 4 in Andover, NH department of transportation (DOT) was prepared to abandon approximately 1200 feet of state road. The Town of Andover has voted to assume ownership and maintenance of this 1200 foot section of road. This bill reclassifies this portion of road from Class I (state road) to Class V (municipal road). Vote 14-0.

HB 266-FN, relative to the submission of plans for sewage and waste disposal systems. **INEXPEDIENT TO LEGISLATE.**

Rep. Peter S. Bolster for Resources, Recreation and Development: The bill seeks to allow replacement of septic systems in residences built before 1989 without waiver from the department of environmental services (DES) in spite of the number of bedrooms. The committee felt that this is not appropriate and that septic replacement should be based on current assessing records. All new septic systems should be built appropriately to the soil conditions and the present residence capacity. Vote 15-0.

HJR 1, directing the department of transportation and the department of environmental services to study the prevention of further erosion of the east bank of the Exeter River. **INEXPEDIENT TO LEGISLATE.**

Rep. Laurie P. Pettengill for Resources, Recreation and Development: This resolution would direct the department of transportation (DOT) and the department of environmental services (DES) to study the prevention of further erosion of the east bank of the Exeter River. The sponsor alleges that a bridge built ten years ago by the town in conjunction with the DOT, shifted the erosion from one bank of the river to the other bank, causing damage to the property of a local business. The spon-

sor feels the engineering design was faulty. The DOT maintains that the town is the primary entity constructing the bridge and that the engineer was hired and supervised by the town. The committee heard testimony from DES that there are many factors that could contribute to bank erosion, including the flooding of recent years. Conspicuously absent was testimony from the town and from the property owner. This resolution is really asking the committee to adjudicate a liability dispute. We are not equipped to do that and thus cannot grant what the resolution requests. It should be noted, however, that DES did volunteer to meet with town officials should they request it. Vote 15-0.

HB 302-FN, modifying the laws relative to renewable energy portfolios. **INEXPEDIENT TO LEGISLATE.**

Rep. Laurence M. Rappaport for Science, Technology and Energy: The committee felt that this bill may be premature, and will take a second look at the renewable portfolio standard (RPS) in cooperation with the 2011 RPS review currently being conducted at the Public Utilities Commission. Vote 15-0.

HCR 7, urging Congress to expedite the entry of political dissidents from Iraq and Afghanistan to the United States. **INEXPEDIENT TO LEGISLATE.**

Rep. Lynne F. Blankenbeker for State-Federal Relations and Veterans Affairs: While this is a nice, feel-good resolution, our federal government already has provisions for a process to do what this resolution proposes. Furthermore, this resolution would call for head-of-the-line privileges for entry into the U.S. by political and religious dissidents. Some of these dissidents may have various religions and political beliefs and factions that may have adverse intentions against our nation. Vote 10-1.

HB 83, relative to vessel registration. **OUGHT TO PASS.**

Rep. John R. Cloutier for Transportation: This bill simply adds language to New Hampshire RSA 270-E:3, and requires any vessel, capable of being propelled by a motor, to be registered as required under current law, even if the vessel is just to be put or placed in state waters. Such waters include tidal, coastal and inland waters. Current law solely requires registration for the above described vessels operating in these waters. This bill is at the request of the department of safety. Vote 10-1. Referred to the Committee on Ways and Means.

HB 188, relative to division responsibility for road toll administration, hazardous waste transport, truck weight enforcement, and the international registration plan by the department of safety and relative to clerical support for the advisory board of fire control. **OUGHT TO PASS WITH AMENDMENT.**

Rep. John R. Cloutier for Transportation: This bill, as amended, has four provisions. First, it would transfer responsibility for road toll administration and enforcement of the international fuel tax agreement from the division of motor vehicles to the division of administration, and makes the division of administration responsible for the international registration plan. Second, it would transfer the road toll administrator position from the motor vehicles to administration division. Third, it would transfer responsibility for hazardous waste transport and truck weight enforcement from the motor vehicles to state police division. Fourth, it would direct the safety division rather than the administration to provide clerical support to the fire control advisory board. The amendment simply inserts the word "international" before the phrase "fuel tax agreement." This bill is at the request of the department of safety. Vote 12-0.

Amendment (0071h)

Amend RSA 21-P:6, VIII as inserted by section 1 of the bill by replacing it with the following:

VIII. Collection of fuel taxes and administration of road tolls, the international fuel tax agreement, and the international registration plan under RSA 260.

HB 68, establishing a committee to study reducing the rate of the interest and dividends tax for New Hampshire residents over 65 years of age. **INEXPEDIENT TO LEGISLATE.**

Rep. Patrick F. Abrami for Ways and Means: The committee had concern that the word "rate" might not pass constitutional scrutiny because it implies different rates for different groups of citizens. Our concern was sent to house legal counsel for opinion. The reply from counsel was that, "it is likely that the New Hampshire Supreme Court would rule that such legislation is unconstitutional on the grounds that, by imposing different interest and dividends tax rates on taxpayers over 65 years old and tax payers under 65 years old, the legislation classifies taxpayers for purposes of taxation, which

the court has ruled is unconstitutional.” With that opinion, the committee unanimously decided that it would be prudent not to move a bill forward that would be in conflict with the New Hampshire Constitution. Vote 20-0.

HB 215-FN-A, establishing a credit for gambling losses against the tax on gambling winnings. **INEXPEDIENT TO LEGISLATE.**

Rep. Bill Ohm for Ways and Means: The prime sponsor recommends ITL as he prefers passage of HB 229-FN-A (repealing the tax on gambling winnings) or HB 201-FN-A (deductions of gambling losses). HB 201 is essentially similar to this bill. Vote 18-0.

REGULAR CALENDAR

HB 125-FN, relative to lawful commerce in firearms, including manufacture and sale, in New Hampshire. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**
Rep. Joshua C. Davenport for the Majority of Constitutional Review and Statutory Recodification: This bill exempts firearms, fire arm accessories, and ammunition manufactured in New Hampshire from federal law and regulation. Testimony emphasized the importance of commerce clause limitations on federal power. The US Republic has internal checks and balances. For example, the legislative and executive branches are granted separate powers in order to keep each in check. If an organ of the executive attempts to overreach, the legislature, controlling the purse strings, may defund the organ. This primary check on power is internal to how the two branches are connected, and does not rely on the 3rd branch, the courts, for effectiveness. In the same manner, power is divided between the states and the central government. The commerce clause grants to the central government the right to regulate trade between states. As the central government attempts to over extend its power by regulating intra-state trade, it is up to the states to check that usurpation. States exercise this primary check by defending their own intra-state regulatory domain. This method of checking federal power was advocated by the authors of the constitution and has a long history of use: the state of NH previously removed the coast guard from Lake Winnepesaukee, because regulation of that space belongs to the people of NH. HB 125 is well within the historical norm for this mechanism and ought to pass. The people of NH chose to be their own masters. Vote 8-4.
Rep. Gary B. Richardson for the Minority of Constitutional Review and Statutory Recodification: This bill would make a state or federal official, who enforced a lawful federal regulation, guilty of a misdemeanor or felony. This bill is in direct conflict with the National Firearms Act and is clearly unconstitutional.

The question being adoption of the majority committee report of Ought to Pass.

Rep. Gary Richardson spoke against and yielded to questions.

Rep. Davenport spoke in favor and yielded to questions.

Rep. Cohn requested a roll call; sufficiently seconded.

ENROLLED BILL REPORT

The Committee on Enrolled Bills has examined and found correctly Enrolled Senate Bill numbered 11.

Rep. Kidder, Sen. Bradley for the Committee

REGULAR CALENDAR (CONT'D)

HB 110, requiring professional safety and security services personnel to report certain criminal offenses. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Stephen J. Shurtleff for the Majority of Criminal Justice and Public Safety: This bill requires college security personnel who have observed a felony, or had a felony revealed to them, to report that felony to their closet law enforcement agency. The bill, as amended, has an exception to the notification requirement: if the victim is 18 or older, has been the victim of a sexual assault offense or abuse as defined in RSA 173-B:1, and if the victim objects to the release of any information to the local law enforcement agency. Currently on some New Hampshire campuses not all felonies are reported. They are handled administratively by the school. Local law enforcements are never notified of these felonious crimes. Furthermore, the sub-committee on this bill was informed by one police chief that the college in his community was sometimes less then helpful in assisting felony investigations. The committee felt that there is a long held New Hampshire belief in the premise of "equal justice under the law" that there should not be one legal standard for NH citizens and another for college students. Vote 14-2.

Rep. Mark Warden for the Minority of Criminal Justice and Public Safety: The minority feels that this bill creates new regulations where none are needed. The bill would tie the hands of colleges and universities to deal with discipline on campus in the way they deem best. Requiring a college to report victimless crimes, even where there is no complainant, could lead to needlessly harming the futures of young people by tagging them with criminal records. This new level of bureaucracy will further hamper law enforcement efforts on colleges and universities.

Majority Amendment (0133h)

Amend the bill by replacing all after the enacting clause with the following:

1 Detective Agencies and Security Services; Exceptions. Amend RSA 106-F:2, IV to read as follows:

IV. Any unarmed security employee who is a direct employee of a business which is not a security guard agency and who is employed by that business to secure its premises while so employed, including but not limited to store ~~[detective]~~ **detectives** and watchmen. ***This exclusion shall not apply to any security guard or security guard service furnished by a college or university operating in the state of New Hampshire.***

2 Detective Agencies and Security Services; Definitions. Amend RSA 106-F:4, XIV to read as follows:

XIV. "Security guard service" or "***security guard agency***" means any business entity, except as provided in RSA 106-F:2, that furnishes or employs security guards or other persons for the protection of individuals or their property from injury or theft and includes, but is not limited to, services providing for the safe transport of money or valuable documents and security patrols of homes, businesses, ***colleges, universities, or other postsecondary educational institutions***, or industrial plants. Such service may use the terms "security," "safety," "control" or like terms leading the public to look to the individual as a person of authority. A person engaged in so-called "executive protection" or providing body guard services shall be classified as a security guard.

3 Detective Agencies and Security Services; License Required. Amend RSA 106-F:5, I to read as follows:

I. No person shall engage in the business of a private investigative agency, security guard agency, or bail enforcement agency without obtaining a private investigative, security guard, or bail enforcement agency license from the commissioner of safety and no person shall engage in the business of a security guard service or bail enforcement service without obtaining a security guard service or bail enforcement service license from the commissioner of safety. ***The license requirement set forth in this paragraph shall not apply to security guards or security guard services furnished by a college or university operating in the state of New Hampshire.***

4 Detective Agencies and Security Services; Obligation to Report Certain Criminal Violations. Amend RSA 106-F:13-a, I to read as follows:

I. All felonies observed or revealed by or to persons licensed under this chapter, ***or to any security guard or security guard service furnished by a college or university operating in the state of New Hampshire***, shall be immediately reported to the New Hampshire state police, the closest law enforcement agency having jurisdiction, or the attorney general's office, ***unless the victim:***

(a) ***Is 18 years of age or older;***

(b) ***Has been the victim of a sexual assault offense or abuse as defined in RSA 173-B:1;***
and

(c) ***Objects to the release of any information to the local law enforcement agency.***

5 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill requires security guards and security guard services furnished by a college or university operating in the state of New Hampshire to report felonies to law enforcement officials. The bill exempts security guards or security guard services furnished by a college or university operating in New Hampshire from the licensing requirements of RSA 106-F.

Majority committee amendment adopted.

Majority committee report adopted and ordered to third reading.

The House recessed at 12:05 p.m.

RECESS

(Speaker O'Brien in the Chair)

The House reconvened at 1:05 p.m.

REGULAR CALENDAR (CONT'D)

HB 84, establishing a statutory commission on motor vehicle recycling issues. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. J. David Knox for the Majority of Environment and Agriculture: Each year over 150 motor vehicle salvage yards are dismantling end of life vehicles for reuse of parts and recycling of scrap material. Some of these yards are poorly operated and contaminate the environment. A previous study commission has brought the stakeholders of the industry and the various state departments together to work on solutions, but problems still exist, and the bill would have this work continue through the creation of a statutory commission. The department of environmental services and the department of transportation support the passage of this bill as do the Auto and Truck Recyclers Association of New Hampshire and other representatives of the industry. Vote 10-7.

Rep. Guy Comtois for the Minority of Environment and Agriculture: The auto recycling industry is "well" regulated. We don't need another commission to study regulations, unless the goal is to deregulate.

Majority Amendment (0113h)

Amend section 3 of the bill by replacing paragraph I with the following:

I. Section 2 of this act shall take effect November 1, 2013.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.

Rep. Peter Schmidt spoke in favor.

Rep. Dan McGuire spoke against and requested a roll call; sufficiently seconded.

and the majority committee report failed.

Rep. Jasper moved Inexpedient to Legislate.

On a division vote, 260 members having voted in the affirmative and 101 in the negative, the motion was adopted.

HB 60-FN-L, repealing the moratorium on school building aid projects. **INEXPEDIENT TO LEGISLATE.**

Rep. William B. Smith for Finance: The committee felt that the current budget situation is highly unlikely to provide the opportunity to remove the moratorium on school building aid in the next biennium. Further study may be needed to address long term issues, but this bill does not provide the basis for such study. Vote 25-0.

Committee report adopted.

HB 113, prohibiting the university system of New Hampshire from using state appropriations to fund public television. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Karen C. Umberger for Finance: This bill with amendment eliminates any state general funds from being provided to New Hampshire Public Television. The university system had been providing general fund money to support New Hampshire Public Television. The committee believed this was not the proper way to spend taxpayer dollars. Vote 19-6.

Amendment (0243h)

Amend the title of the bill by replacing it with the following:

AN ACT prohibiting the use of state funds for New Hampshire public television.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Budget and Appropriations; Funding Limitation. Amend RSA 9 by inserting after section 17-f the following new section:

9:17-g Funding for Public Television Prohibited. No state general funds shall be appropriated or expended for the purpose of funding New Hampshire public television.

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill prohibits the use of state general funds for New Hampshire public television.
 Amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.
 Rep. Cohn requested a roll call; sufficiently seconded.

and the committee report was adopted and ordered to third reading.

HB 185-FN, relative to determining bargaining units for purposes of public employee collective bargaining. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.** Rep. Kevin P. Sullivan for the Majority of Labor, Industrial and Rehabilitative Services: It is the sense of the committee that it can be burdensome to towns to negotiate with groups smaller than ten. It was reported that when previous versions of this legislation were put forth, it was for the purpose of being eligible to join the state retirement system. It was brought up today that it was not the case. Hence, the committee feels it is no longer necessary to allow formation of units less than ten. Vote 13-4.

Rep. Jeffrey P. Goley for the Minority of Labor, Industrial and Rehabilitative Services: This legislation takes away the ability of a city or town governing body to recognize a public sector bargaining unit of less than ten. It no longer allows the governing body the decision that it feels may be in the best interest of its community. It takes away local control.

The question being adoption of the majority committee report of Ought to Pass.

Rep. Goley offered floor amendment (0325h).

Floor Amendment (0325h)

Amend RSA 273-A:8, I as inserted by section 1 of the bill by replacing it with the following:

I. The board or its designee shall determine the appropriate bargaining unit and shall certify the exclusive representative thereof when petitioned to do so under RSA 273-A:10. In making its determination the board should take into consideration the principle of community of interest. The community of interest may be exhibited by one or more of the following criteria, although it is not limited to such:

- (a) Employees with the same conditions of employment;
- (b) Employees with a history of workable and acceptable collective negotiations;
- (c) Employees in the same historic craft or profession;
- (d) Employees functioning within the same organizational unit.

A public employer may recognize a bargaining unit with 3-10 members, but in no case shall the board certify a bargaining unit of fewer than 10 employees with the same community of interest

without the prior approval of the [governing] *legislative* body of the public employer. For purposes of this section, probationary employees shall be counted to satisfy the employee minimum number requirement. In no case shall such probationary employees vote in any election conducted under the provisions of this chapter to certify an employee organization as the exclusive representative of a bargaining unit.

AMENDED ANALYSIS

This bill requires the legislative body of a public employer to give prior approval for certification of a bargaining unit of fewer than 10 employees.

Reps. Goley and Daniels spoke in favor.

Rep. Brunelle requested a roll call; sufficiently seconded.

and floor amendment (0325h) was adopted.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Daniels moved that the House reconsider its action whereby, on a roll call vote of 314-52, it adopted floor amendment (0325h) on **HB 185-FN**, relative to determining bargaining units for purposes of public employee collective bargaining.

Rep. Daniels spoke in favor.

On a division vote, 250 members having voted in the affirmative and 116 in the negative, the motion was adopted.

The question now being adoption of floor amendment (0325h).

Rep. Jasper spoke against.

Rep. Goley spoke in favor and requested a roll call; sufficiently seconded.

The question now being adoption of the majority committee report of Ought to Pass.
 Majority committee report adopted and ordered to third reading.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Vaillancourt moved that the House reconsider its action whereby, on a voice vote, it adopted the majority committee report of Ought to Pass on **HB 113**, prohibiting the use of state funds for New Hampshire public television.

Rep. Vaillancourt spoke against.

On a division vote, 94 members having voted in the affirmative and 273 in the negative, the motion failed.

REGULAR CALENDAR (CONT'D)

HB 474-FN, relative to freedom of choice on whether to join a labor union. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Tammy A. Simmons for the Majority of Labor, Industrial and Rehabilitative Services: This bill increases personal freedoms and protects the rights of NH citizens by preventing an employer from terminating or otherwise discriminating against an employee because they choose to join or not join a labor union, or to pay dues, fees or other charges to a labor union. No other private organization in America insists on having the power to force membership on unwilling people except labor unions. New Hampshire would join 22 other Right to Work states – states that have experienced a 23% faster rise in per capita income than non-Right to Work states in the 30 years preceding 2007. HB 474 would make NH more economically competitive, allowing us to be better able to attract new jobs to our great state while at the same time protecting individual workers' freedoms. The amendment removes the unions' obligation to represent those public sector employees who are not members of the union. Vote 10-7.

Rep. Charles F. Weed for the Minority of Labor, Industrial and Rehabilitative Services: The bipartisan minority found several questions about which little information was provided. Specifically, will the changes made lead to requests by those leaving the union of the exclusive bargaining agent to demand minority bargaining units? Will affected employees in the public sector drop out when there are no problems and rejoin when they feel insecure or vulnerable? How will communities deal with budget issues if employees suddenly choose to rejoin the union in order to receive negotiated compensation and benefits? In other words, unresolved questions may lead to chaos in cities and towns. We also wondered why the majority of the committee discounted the super majority of those who testified against the bill, as well as those indicating that this was not a pressing need expressed by 2000 New Hampshire employers. Was right to work a solution looking for a problem?

Majority Amendment (0218h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to freedom of choice on whether to join a labor union and eliminating the duty of a public employee labor organization to represent employees who elect not to join the employee organization.

Amend the bill by inserting after section 1 the following and renumbering the original sections 2 and 3 to read as 3 and 4, respectively:

2 New Paragraph; Obligation to Bargain. Amend RSA 273-A:3 by inserting after paragraph IV the following new paragraph:

V. The employee organization certified by the board as the exclusive representative of the bargaining unit shall not be required to represent employees who elect not to join the employee organization. A collective bargaining agreement reached under this chapter shall apply only to public employees in the bargaining unit who are members of the employee organization.

AMENDED ANALYSIS

This bill prohibits collective bargaining agreements that require employees to join a labor union.

This bill also provides that no public employee labor organization shall be required to represent employees who elect not to join the employee organization.

Rep. Shurtleff spoke against.

Rep. Daniels spoke in favor and yielded to questions.

On a division vote, 240 members having voted in the affirmative and 110 in the negative, the majority committee amended was adopted.

Rep. Daniels offered floor amendment (0313h).

Floor Amendment (0313h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to freedom of choice on whether to join a labor union and eliminating the duty of a public employee labor organization to represent employees who elect not to join or to pay dues or fees to the employee organization.

Amend the bill by inserting after section 2 the following and renumbering the original section 3 to read as 4:

3 New Paragraph; Obligation to Bargain. Amend RSA 273-A:3 by inserting after paragraph IV the following new paragraph:

V. The employee organization certified by the board as the exclusive representative of the bargaining unit shall not be required to represent employees who elect not to join or to pay dues or fees to the employee organization. A collective bargaining agreement reached under this chapter shall apply only to public employees in the bargaining unit who are members of, or who elect to pay dues or fees to, the employee organization.

AMENDED ANALYSIS

This bill prohibits collective bargaining agreements that require employees to join a labor union.

This bill also provides that no public employee labor organization shall be required to represent employees who elect not to join or to pay dues or fees to the employee organization.

Rep. Daniels spoke in favor.

Floor amendment (0313h) adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.

Reps. Norelli, Long, Michael McCarthy, Gonzalez and Soltani spoke against.

Reps. Simmons and Bowers spoke in favor and yielded to questions.

Reps. Barody, Goley and Lee Quandt spoke against and yielded to questions.

Rep. Peter Schmidt requested a quorum call; the Speaker declared a quorum present.

Reps. Avard and Daniels spoke in favor.

Rep. Soltani requested a roll call; sufficiently seconded.

SPECIAL ORDERED

Without objection, the Speaker made the remaining bills on today's calendar Special Orders for Wednesday, February 16, 2011 in the their regular calendar order.

MOTION TO RECONSIDER

Rep. Gimas moved that the House reconsider its action whereby, on a roll call vote of 266-95 on February 9, 2011, the House adopted the motion of Ought to Pass on **HR 11**, affirming revenue estimates for fiscal years 2011, 2012, and 2013.

Reps. Gimas and Brunelle spoke in favor.

Rep. Stepanek spoke against.

Rep. Brunelle requested a roll call; sufficiently seconded.

RESOLUTION

Rep. Bettencourt offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Wednesday, February 16, 2011 at 10:00 a.m.

Adopted.

LATE SESSION

Third reading and final passage

HB 47, relative to inactive license status for real estate brokers and salespersons.

HB 61, relative to daylight saving time.

HB 174, relative to insurance coverage for court-ordered counseling in divorce proceedings.

HB 80, relative to ranks in the division of state police.

HB 82, relative to the annulment of criminal records.

HB 307, relative to the authority of the superintendent of a county correctional facility.

HB 585, proclaiming the third Friday in October as New Hampshire history day.

HB 115, relative to the temporary removal or transfer of prisoners from a county correctional facility.

HB 363-L, relative to Depot Street in the town of Andover.

HB 188, relative to division responsibility for road toll administration, hazardous waste transport, truck weight enforcement, and the international registration plan by the department of safety and relative to clerical support for the advisory board of fire control.

HB 110, requiring professional safety and security services personnel to report certain criminal offenses.

HB 113, prohibiting the use of state funds for New Hampshire public television.

HB 185-FN, relative to determining bargaining units for purposes of public employee collective bargaining.

HB 474-FN, relative to freedom of choice on whether to join a labor union and eliminating the duty of a public employee labor organization to represent employees who elect not to join or to pay dues or fees to the employee organization.

RECESS MOTION

Rep. Bettencourt moved that the House stand in recess for the purposes of the introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports.
Adopted.

The House recessed at 3:50 p.m.

RECESS**COMMITTEE ASSIGNMENTS**

The Speaker made the following changes to committee assignments:

Reps. Cohn and Willette on the Special Committee on Public Employee Pensions Reform.
Reps. Reagan and Blankenbeker off the Special Committee on Public Employee Pensions Reform.
Rep. Hawkins, Chairman of the Special Committee on Public Employee Pensions Reform.
Rep. Sedensky, Vice Chairman of the Special Committee on Public Employee Pensions Reform.
Rep. Bowers on the Special Committee on Redistricting.
Rep. Howard off the Special Committee on Redistricting.

RECESS**(Speaker O'Brien in the Chair)**

Rep. Tucker moved that the House adjourn.
Adopted.

and the committee report was adopted.

HB 626-FN, relative to a division of motor vehicles office location in Milford. **INEXPEDIENT TO LEGISLATE.**

Rep. John R. Cloutier for Transportation: This bill would require the department of safety to maintain a division of motor vehicles (DMV) driver licensing and registration substation in the town of Milford. Furthermore, a portion of the building that housed the substation would also be available to the Milford district court. First, this bill would set a bad precedent by requiring the department of safety to maintain a Milford DMV substation as part of state law. This requirement has never been put into law before, and, if passed, would encourage legislation to file similar bills mandating the location of DMV substations in their districts. Second, the 2009 capital budget dealt with this issue by upgrading the Nashua DMV substation at a cost of \$250,000 so Milford residents could travel to that substation for their licensing and registration needs. Finally, there is presently legislation, House Bill 438, before the legislature that would deal with the Milford district court. Vote 13-1. Committee report adopted.

HB 37-FN-A, reestablishing the initial monthly gross charge exemption to the communications services tax. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Gary S. Azarian for the Majority of Ways and Means: This bill reestablishes the exemption to the communications services tax for the first \$12 of the monthly gross charge for a residential customer's telephone exchange access and service. The cost to the revenue side is small compared to the benefit gained by the elderly and those on the lower socio-economic level. Vote 14-5.

Rep. Susan W. Almy for the Minority of Ways and Means: According to the sponsor and data from the telephone companies, this bill will cost approximately \$5 million a year to the state's revenues. It will benefit land-line customers to the tune of 84 cents/month. Most, if not all, land-line customers poor enough to care about this amount - dwarfed by the \$7.49 of federal taxes on the same basic bill - have given up their lines and moved to cheap trac phones for emergency use. They and other elderly that need the state's services will be hurt much more by the loss of those services in the budget. Why make the hole in our budget worse?

MOTION TO LAY ON THE TABLE

Rep. Brunelle moved that **HB 37-FN-A**, reestablishing the initial monthly gross charge exemption to the communications services tax, be laid on the table.

Rep. Brunelle requested a roll call; sufficiently seconded.

and the majority committee report was adopted and ordered to third reading.

LAID ON THE TABLE

Rep. Stepanek moved that **HB 37-FN-A**, reestablishing the initial monthly gross charge exemption to the communications services tax, be laid on the table.

APPEAL OF THE RULING OF THE CHAIR

Rep. Gary Richardson appealed the ruling of the Chair for declaring that a motion to Lay on the Table was in order on **HB 37-FN-A**, reestablishing the initial monthly gross charge exemption to the communications services tax.

The question being shall the ruling of the Chair be upheld.

On a division vote, 274 members having voted in the affirmative and 89 in the negative, the ruling of the Chair was upheld.

The question now being the motion to Lay on the Table.

Rep. Powers requested a roll call; sufficiently seconded.

and the motion was adopted.

REGULAR CALENDAR (CONT'D)

HB 166-FN-A-L, reducing the rate of the meals and rooms tax. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Laurie J. Sanborn for the Majority of Ways and Means: This bill reduces the meals and rooms tax back to the 8 percent level. When the tax was increased by 12.5 percent to the 9 percent level, the tourism industry, small businesses, and residents of New Hampshire were all negatively affected. Reducing the tax is good for our economy, encourages people to spend money here, and helps our business community grow and create jobs. Vote 16-5.

Rep. Christine C. Hamm for the Minority of Ways and Means: This bill would reduce the meals and rooms tax from 9 percent to 8 percent, the potential effect of which could result in more than \$27 million in lost revenues. In contrast, this multi-million dollar loss would affect a consumer renting a \$70 room in a hotel by only 70 cents, i.e. instead of paying \$6.30 tax on that room, he would now pay \$5.60. Since saving 70 cents is hardly enough to be a factor in such a decision as to whether or not to rent a hotel room, and since the commissioner of the department of resources and economic development confirmed that assumption when he testified there had been no impact on the state meals and rooms revenues that could be attributable to the rate's increase in 2010, and since the state is in need of sustainable revenues, the minority considers a reduction of this rate to be unnecessary and inadvisable at this time.

The question being adoption of the majority committee report of Ought to Pass.

Rep. Hamm spoke against and yielded to questions.

Reps. Sapareto and Stepanek spoke in favor.

Rep. Stepanek requested a roll call; sufficiently seconded.

and the motion was adopted.

Rep. Katsiantonis declared a conflict of interest on **HB 166-FN-A-L** and did not participate.

BILLS REMOVED FROM THE CONSENT CALENDAR

HB 65, relative to the advisory board on private investigative agencies and security services, and firearms proficiency for armed security guards, private investigators, and bail enforcement agents. **INEXPEDIENT TO LEGISLATE.**

Rep. Philip E. Ginsburg for Criminal Justice and Public Safety: This bill would require representation on the advisory board from all three types of armed security personnel. The committee is satisfied that existing standards, which allow for more than one representative from among personnel who constitute the great majority of affected persons, is satisfactory. The bill would also allow persons licensed to carry firearms in their work to carry weapons in their off-duty hours as private citizens without complying with routine licensing requirements. The committee does not believe this is fair or prudent. Vote 16-0.

Rep. Ulery spoke against.

Rep. Gagne spoke in favor.

Committee report adopted.

HB 124-FN, allowing any person to request conviction information regarding public officials. **INEXPEDIENT TO LEGISLATE.**

Rep. Kyle J. Tasker for Criminal Justice and Public Safety: This bill is unneeded for its intended purpose. A public official's background is already easily accessible with modern means. Vote 14-0.

Rep. Ulery spoke against.

Rep. Tasker spoke in favor.

Committee report adopted.

HB 109, relative to residential fire sprinklers. **INEXPEDIENT TO LEGISLATE.**

Rep. James P. Belanger for Municipal and County Government: Passage of this bill would effectively put the planning board in the building and construction business instead of the land subdivision business where it belongs. RSA 674:36 already gives the planning board authority to determine a subdivision scattered and premature for lack of a water source for fire protection and RSA 674:21 gives it the authority to assess impact fees for cisterns or other non-natural sources of water. Not having sprinklers does not endanger the public but mandating them infringes on personal freedoms. Vote 16-0.

Rep. Ferrante moved Recommit and spoke in favor.

Reps. James Belanger and Burt spoke against.

Reps. Hunt and Ritter spoke in favor and yielded to questions.

Adopted.

Recommitted to the Committee on Municipal and County Government.

RESOLUTION

Rep. Bettencourt offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Wednesday, February 23, 2011 at 10:00 a.m.

Adopted.

LATE SESSION

Third reading and final passage

SB 1-FN-L, eliminating the automatic continuation requirement for public employee collective bargaining agreements.

HB 230, exempting the repair of certain structures from compensatory mitigation requirements.

UNANIMOUS CONSENT

Reps. Hamm, Itse and Eaton addressed the House.

MOTION TO PRINT REMARKS

Rep. Parkhurst moved that the remarks made by Rep. Itse be printed in the Permanent Journal. Adopted.

REMARKS

Rep. Itse: Thank you, Mister Speaker. I am actually here at the request of the woman who runs the store downstairs by the House of Flags, Virginia Drew. She was surprised that on the day this legislature opened, that this unanimous consent had not been made because it is actually a very auspicious anniversary, January 5th. January 5th is the day that New Hampshire adopted its first constitution in 1776. It's important because New Hampshire is actually a state of firsts. We all hear about the battle of Concord and Lexington, the start of the war for independence, but we had the battle of Fort William and Mary more than a year prior to that here, where the patriots of the Portsmouth area obtained the powder and shot from Fort William and Mary that they had just been taxed to provide and they used that powder and shot in the prosecution of their part in the battle of Bunker Hill that really saved the infant war for independence. The following year brought great turmoil in New Hampshire. It was a period of lawlessness and anarchy with growing problems in the outlying areas of the state. This reached a crescendo when the people of the state - Governor Wentworth was harboring a public official in his house and the people of the state rolled a cannon up to his front door demanding that he turn this individual over to them. After that, Governor Wentworth, who was a three generation New Hampshire citizen and his family had held the governorship, I believe, for all three generations and he then retired to Fort William and Mary and shortly thereafter he and his family left and went to England. We get to January 1776, and this is important, all the other charters - Connecticut gets hailed as the constitution state, they had the first constitution, but that constitution was enacted under and with the authority of the King of Great Britain. New Hampshire had the first free constitution on this continent and in the preamble they phrased it this way.

The sudden and abrupt departure of his Excellency, John Wentworth, Esq., our late Governor, and several of the Council, leaving us destitute of legislation, and no executive courts being open to punish criminal offenders; whereby the lives and properties of the honest people of this colony are liable to the machinations and evil designs of wicked men, *Therefore*, for the preservation of peace and good order, and the security of the lives and properties of the inhabitants of this colony, we conceive ourselves reduced to the necessity of establishing a FORM OF GOVERNMENT to continue during the present unhappy and unnatural contest with Great Britain; PROTESTING and DECLARING that we never sought to throw off our dependence upon Great Britain, but felt ourselves happy under her protection, while we could enjoy our constitutional rights and privileges. And that we shall rejoice if such a reconciliation between us and our parent State can be effected as shall be approved by the CONTINENTAL CONGRESS, in whose prudence and wisdom we confide.

Followed was the description of the first free government on this continent, six months, nearly, prior to the Declaration of Independence. I thank you and that was how we began this Session.

RECESS MOTION

Rep. Bettencourt moved that the House stand in recess for the purposes of the introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports.
Adopted.

The House recessed at 1:05 p.m.

RECESS**COMMITTEE ASSIGNMENTS**

The Speaker made the following changes to committee assignments:

Rep. Jasper off the Committee on House Rules.

Rep. Silva on the Committee on House Rules.

Rep. Jasper off the Special Committee on Public Employee Pensions Reform.

Rep. Waddell on the Special Committee on Public Employee Pensions Reform.

RECESS

(Rep. Gorman in the Chair)**RESOLUTION**

Rep. Sad offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, Senate Bills numbered 18, 21, 25, 29, 36, 37, 42, 43, 45, 60, 62, 65, 66, 67, 68, 85, 91, 96, 97, 98, 99, 112, 115, 116, 127 and 140 shall be by this resolution read a first and second time by the therein listed titles and referred to the therein designated committees.
Adopted.

INTRODUCTION OF SENATE BILLS**First, second reading and referral**

SB 18, deleting a function of the central tax services unit. (Ways and Means)

SB 21, relative to exemptions from excavating and drainage permits. (Resources, Recreation and Development)

SB 25, relative to the Connecticut River Valley resource commission. (Executive Departments and Administration)

SB 29, relative to the definition of "moped" and relative to motorcycle endorsements. (Transportation)

SB 36, relative to the permanent siting of the Hampton-Exeter District Court. (Judiciary)

SB 37, relative to the determination of residency for certain pupils. (Education)

SB 42, relative to the declaration of consideration for purposes of the real estate transfer tax. (Ways and Means)

SB 43, making a technical correction to the tobacco tax laws. (Ways and Means)

SB 45, relative to criteria for designation as a Granite State scholar. (Education)

SB 60, relative to the definition of commercial motor vehicle. (Transportation)

SB 62, relative to persons participating in the return to work program. (Commerce and Consumer Affairs)

SB 65, making technical corrections to a law relative to court facility financing. (Judiciary)

SB 66, relative to nonresident fees for motorcycle rider education. (Transportation)

SB 67, establishing a committee to study school vouchers and school choice. (Education)

SB 68, relative to records of disciplinary actions taken by the electricians' board. (Executive Departments and Administration)

SB 85, naming a bay in the town of Meredith Johnson Bay. (Resources, Recreation and Development)

SB 91, relative to automatic fire suppression sprinklers. (Municipal and County Government)

SB 96, relative to amending the charter of The Pinkerton Academy. (Education)

SB 97, relative to the application of the community revitalization tax relief incentive. (Ways and Means)

SB 98, revising the international registration plan. (Transportation)

SB 99, relative to trailer brakes. (Transportation)

SB 112, relative to the membership on the advanced manufacturing education advisory council. (Executive Departments and Administration)

SB 115, relative to observing voter check-in. (Election Law)

SB 116, relative to the manufactured housing installation standards board. (Commerce and Consumer Affairs)

SB 127-FN, relative to the city of Manchester's contributory retirement system. (Executive Departments and Administration)

SB 140-FN, relative to the disposition of military justice fines. (State-Federal Relations and Veterans Affairs)

RECESS**(Rep. Theberge in the Chair)****ENROLLED BILL REPORT**

The Committee on Enrolled Bills has examined and found correctly enrolled Senate Bill numbered 1.
Rep. Kidder, Sen. Bradley for the Committee

RECESS

(Rep. James Garrity in the Chair)

RESOLUTION

Rep. Kurk offered the following: RESOLVED, that late drafting and introduction having been approved by the Rules Committee, House Bill numbered 648 shall be by this resolution read a first and second time by the therein listed title, sent for printing and referred to the therein designated committee.

Adopted.

INTRODUCTION OF HOUSE BILL

First, second reading and referral

HB 648, relative to eminent domain petitions by public utilities. (Rappaport, Coos 1; Remick, Coos 2; Kurk, Hills 7; Tholl, Coos 2; Ladd, Graf 5; Daugherty, Coos 1; Brosseau, Graf 6; Reilly, Graf 8; Forrester, Dist 2: Science, Technology and Energy)

RECESS

(Speaker O'Brien in the Chair)

Rep. Tucker moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 8

Wednesday, February 23, 2011

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

His Excellency, Governor John H. Lynch, joined the Speaker on the rostrum for the day's opening ceremonies.

Prayer was offered by House Chaplain, Reverend Roger Boucher of Gilmanton Iron Works. O eternal and everlasting God, we give humble and hearty thanks that You have preserved us this night past from all the dangers poor mortals are subject to and in which we find ourselves refreshed and comforted for performing the duties of this new day, in which we beseech Thee to defend us from all perils of body and soul. Direct our thoughts, words and work and purge our hearts that we may with more freedom of mind and liberty of will serve Thee, the everlasting God, in righteousness and holiness this day and all the days of our lives. Bless the people of this land, be a father to the fatherless, a comforter to the comfortless, a deliverer to the captives and a physician to the sick. Bless our families, friends and kindred and unite us here in all our works begun, continued and ended and make us confident for the time when we shall come to make our last account before Thee. Let thy blessings guide us this day and forever. We pray this in Your great name. Amen.

Representative Steven Cunningham, member from Croydon, led the Pledge of Allegiance.

Representative James Garrity of Atkinson led the singing of the National Anthem.

LEAVES OF ABSENCE

Reps. Ronald Belanger, Butynski, Champagne, Chris Christensen, Cote, Day, Hamm, Lynne Ober, Pepino, Pratt, Sapienza and Soltani, the day, illness.

Reps. Ahlgren, Beattie, Bradley, DeSimone, Flanders, Foose, Hawkins, Hess, Leonard, Lerandeau, Millham, Keith Murphy, Palfrey, Panek, Amy Perkins, Lawrence Perkins, Ramsey, Chip Rice, Jon Richardson, Serlin and Molly Smith, the day, important business.

Reps. Buxton and Munck, the day, illness in the family.

Rep. Simmons, the day, death in the family.

INTRODUCTION OF GUESTS

Litsa, Greg, Addison and Olivia Delage, mother, brother, nephew and niece of Rep. Scontsas. Stefanie and Abigail O'Connor and Betty Lacroix, wife, daughter and mother-in-law of Rep. Bill O'Connor. The Honorable Freida Smith, former member from Salem and Patricia Corey, guests of Rep. Elliot. The Honorable Deborah Wheeler, former member from Northfield, guest of Rep. Wall. John Hohenwater, guest of Rep. Cunningham. Shawn Donovan, guest of the Lebanon Delegation. David Goldstein, guest of Rep. Emerson. Hanna Lundgren, Jim and Aud Segalini and Jesse Kiuszka, wife and guests of Rep. Lundgren. The Honorable Phyllis Woods, former member from Dover and Mike Silverwood, guests of Rep. Tucker.

INTRODUCTION OF SPECIAL GUEST

The Honorable Frank Guinta, Congressman from the 1st Congressional District and former member from Manchester.

MOTION TO VACATE

Rep. James Garrity moved that the House vacate the reference of **HB 561**, prohibiting the state payment of the cost of wireless communications services for legislators and staff, to the Committee on Science, Technology and Energy.

Adopted.

The Speaker referred **HB 561** to the Committee on Legislative Administration.

CONSENT CALENDAR

Rep. Bettencourt moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

HB 222-FN, relative to administrative rules which contain a fee increase, allowing political subdivisions to object to a proposed rule, and eliminating certain statutory provisions granting general rulemaking authority, removed by Rep. Carol McGuire.

HB 353-FN, establishing a Medicaid waiver program to provide in-home support services for children who are medically fragile or children with chronic illness, removed by Reps. O'Brien and Tucker.

HB 479-FN, relative to receivership of nursing homes and other residential health care facilities, removed by Reps. O'Brien and Tucker.

HB 146, relative to the right of jury nullification, removed by Rep. Itse.

HB 375, relative to immunity for school personnel using necessary force to protect pupils, removed by Rep. Peter Schmidt.

Consent Calendar adopted.

HB 40, relative to the number of children in a licensed foster family home. **INEXPEDIENT TO LEGISLATE.**

Rep. Carolyn M. Gargas for Children and Family Law: This bill intended to increase the number of foster children above the six (6) allowed in foster family homes. The division of children, youth and families feels it has considerable capacity with capable families. Many foster children have been neglected or otherwise abused and need a home where they can have the most attention, structure, and nurturing. The committee did not feel this was a necessary change to our statutes. Vote 14-0.

HB 281, relative to protective custody of intoxicated or incapacitated individuals under 18 years of age. **INEXPEDIENT TO LEGISLATE.**

Rep. David S. Robbins for Children and Family Law: The bill provides procedures when a peace officer detains an intoxicated or incapacitated minor who does not require immediate medical treatment. It directs that the minor be held in a non-secure area within a police station until the parent or guardian arrives or the child is referred to the department of health and human services licensed childcare agency. The sponsor believes the bill needs further work and clarification and requested the bill be recommended Inexpedient to Legislate. Vote 14-0.

HB 292-FN, relative to securities regulation. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Donna L. Schlachman for Commerce and Consumer Affairs: This bill makes technical changes to our securities law. It changes and clarifies some definitions, improves the procedures for processing and hearing complaints, and increases the penalty for those guilty of crimes under this law. Vote 16-0.

Amendment (0196h)

Amend the bill by replacing all after the enacting clause with the following:

1 Definitions. Amend the introductory paragraph of RSA 421-B:2 to read as follows:

421-B:2 Definitions. When used in this chapter, unless the context of *the section within which the term is used* otherwise requires:

2 Definitions. Amend RSA 421-B:2, IV-b to read as follows:

IV-b. "Bureau" means the bureau of securities regulation within the department of state.

IV-c. "Common enterprise" means an enterprise in which the fortunes of the investor are interwoven with those of either the person offering the investment, a third party, or other investors.

~~[IV-b:]~~ **IV-d. "Complaint" means a written statement submitted within a reasonable time following the incident complained of by a person, association, partnership, corporation, state agency (including the staff of the department) or by any other legal entity that sets forth specific allegations and requests administrative action by the department.**

3 New Paragraph; Definitions. Amend RSA 421-B:2 by inserting after paragraph IX-b the following new paragraph:

IX-c. "Investment contract" means an investment in a common enterprise with the expectation of profits to be derived primarily from the efforts of a person other than the investor.

4 Definitions. Amend RSA 421-B:2, XX(a) to read as follows:

XX.(a) "Security" means the investment of money or money's worth including goods furnished and/or services performed in the risk capital of a venture with the expectation of some benefit to the investor where the investor has no direct control over the investment or policy decisions of the venture. "Security" shall include any note; stock; treasury stock; bond; debenture; evidence of indebtedness; certificate of interest or participation in any profit sharing agreement; membership interest in a limited liability company; partnership interest in a registered limited liability partnership;

partnership interest in a limited partnership; collateral trust certificate; preorganization certificate or subscription; transferable shares; investment contract; investment metal contract or investment gem contract; voting trust certificate; certificate of deposit for a security; certificate of interest or participation in an oil, gas or mining right, title or lease or in payments out of production under such a right, title or lease; or, in general, any interest or instrument commonly known as a security, or any certificate of interest or participation in, temporary or interim certificate for, receipt for guarantee of, or warrant or right to subscribe to or purchase, any of the foregoing. "Security" does not include any insurance or endowment policy or annuity contract under which an insurance company promises to pay money either in a lump sum or periodically for life or for some other specified period.

5 New Paragraph; Definitions. Amend RSA 421-B:2 by inserting after paragraph XXII the following new paragraph:

XXIII. "Willful" or "willfully," especially in connection with RSA 421-B:24, but not limited thereto, means an intentional act or omission to perform an act in that the person was aware of what he or she was doing or failing to do. However, evil motive, scienter, intent to violate this title, or knowledge that this title was being violated is not required.

6 Sales and Purchases. The introductory paragraph of RSA 421-B:3, II is repealed and reenacted to read as follows:

II. For purposes of paragraph I(c), to engage in any act, practice, or course of business which operates or would operate as a fraud or deceit upon any person, shall include but not be limited to:

7 Criminal Penalty. Amend RSA 421-B:24 to read as follows:

421-B:24 Criminal Penalty.

I. Any person who willfully, *as defined in RSA 421-B:2, XXIII*, violates any provisions of RSA 421-B:3, **421-B:3-a**, 421-B:4, 421-B:5 or fails to comply with an order from the secretary of state to cease and desist or for an injunction issued pursuant to RSA 421-B:23, or who fails to comply with an order to pay a fine, penalty, rescission, restitution, or disgorgement greater than \$10,000 pursuant to RSA 421-B:10, 421-B:23, or 421-B:26, or who violates RSA 421-B:19 knowing that the statement was false or misleading in any material respect, shall be guilty of a class B felony. Each of the acts specified shall constitute a separate offense and a prosecution or conviction for any one of such offenses shall not bar prosecution or conviction for any other offense.

II. Any person who willfully violates RSA 421-B:6, 421-B:11 or 421-B:20 shall be guilty of a ~~[class A misdemeanor if a natural person, and guilty of a]~~ **class B** felony ~~[if any other person]~~. Each of the acts specified shall constitute a separate offense and a prosecution or conviction for any one of such offenses shall not bar prosecution or conviction for any other offense. ~~[For any subsequent offense, any person shall be guilty of a class B felony.]~~

III. [Repealed.]

IV. Nothing in this chapter limits the power of the state to punish any person for any conduct which constitutes a crime by statute.

V. The crimes established in paragraphs I and II of this section are public welfare offenses.

8 Hearing Procedures. Amend RSA 421-B:26-a, XXI-XXVIII to read as follows:

XXI. Within a reasonable time after the hearing, the presiding officer shall issue a written decision stating the action to be taken by the department and may set forth findings of fact, conclusions of law, and disposition. All decisions shall be reached upon the basis of a preponderance of the evidence. ~~[The decision of the presiding officer shall be construed as the decision of the secretary of state.]~~

XXII. Any party to whom notice has been forwarded pursuant to and in accordance with these rules who fails to appear shall have a default judgment rendered against him.

XXIII.(a) Within 30 days after a final decision or disposition of a motion for reconsideration by the presiding officer:

(1) Any party, including the bureau staff, may file an appeal of the presiding officer's decision to the secretary of state; or

(2) Upon his or her own motion, the secretary of state may elect to review a presiding officer's decision.

(b) In either case, the procedure for such proceeding shall be the same as in paragraph XXVI.

(c) The secretary of state may elect to conduct the proceeding de novo, on the record, with or without allowing the parties to supplement the record. In the latter case, the procedure shall be the same as that provided for in paragraph XVII.

(d) At the conclusion of the proceedings, by written decision, the secretary of state may accept or reject the presiding officer's decision, in whole or in part, substitute his or her own findings of fact and conclusions of law, or return the case to the original presiding officer, or to a substitute presiding officer, for action consistent with the secretary's instruction.

XXIV. The presiding officer may take judicial notice.

[XXIV-] XXV. Where the interests of justice will be better served without prejudice to the substantial rights of any party, a presiding officer may sever one case from another or may consolidate 2 or more cases, preserving to all parties the right of appeal from the single or several decisions rendered.

[XXV-] XXVI. Once a hearing notice has been issued commencing an adjudicatory proceeding, no party shall communicate with the presiding officer or the secretary of state concerning the merits of the case except upon notice to all parties nor shall any party cause another person to make such communications.

[XXVI-] XXVII. Within 30 days after [a] *the presiding officer's* final decision, any party *including the bureau's staff*, may *but is not required to* file a motion for reconsideration which shall serve as a petition for rehearing under RSA 541. No distinctions shall be made between the terms "reconsideration" and "rehearing." A motion for reconsideration shall:

[{+}] (a) Identify each error of law, error of reasoning, or erroneous conclusion contained in the final order which the moving party wishes the [secretary of state] *presiding officer* to reconsider.

[{2}] (b) Concisely state the correct factual finding, correct reasoning, and correct conclusion being advocated.

[{3}] (c) Include any memorandum of law the petitioner wishes to submit.

[XXVII-] XXVIII. Within 30 days after a final decision, the presiding officer may reconsider, revise or reverse any final action on the presiding officer's own motion. If reconsideration is based upon the existing record, prior notice shall not be given to the parties. If the presiding officer believes further information or argument should be considered, the parties shall be provided with an appropriate notice and opportunity to be heard before any revision is made in the previous action.

[XXVIII-] ~~The filing of a motion for reconsideration shall not operate as a stay of any order or decision, but a motion for stay may be combined with a motion for reconsideration.~~

XXIX. *During the process outlined in this section, any preliminary order, such as a summary cease and desist order, shall remain in full force and effect. Further, during the process of reconsideration or appeal, any order or decision shall not be stayed. However, the presiding officer or the secretary before whom the case is may consider a motion for stay.*

9 Effective Date. This act shall take effect January 1, 2012.

AMENDED ANALYSIS

This bill makes various changes to securities regulation laws, including increasing criminal penalties. Referred to the Committee on Criminal Justice and Public Safety.

HB 509-FN, relative to drinking water at temporary mass gatherings. **INEXPEDIENT TO LEGISLATE.**

Rep. Donna C. Mauro for Commerce and Consumer Affairs: This bill requires an operator of a temporary mass gathering to ensure that safe drinking water is available to participants. The committee felt that the licensing agencies at the local level should be addressing these issues. Vote 16-0.

HB 59, establishing a committee to study modification of the education laws. **INEXPEDIENT TO LEGISLATE.**

Rep. Mary Stuart Gile for Education: The committee understands the need for periodic and systematic review of all statutes and is sympathetic to the sponsor's intent. However, there are 1400 pages of education laws with associated rules and policies to be reviewed and a report to be completed by November 2, 2011. The majority of the committee agreed that the scope of the study was too broad. Vote 15-2.

HB 164, requiring legislative approval for the adoption of the common core state standards in New Hampshire. **OUGHT TO PASS.**

Rep. Rick M. Ladd for Education: Best practices and high academic standards are necessary components of a quality education. The NH board of education approved the common core standards developed through a joint project of the National Governor's Association Center for Best Practices

and the Chief State School Officers. As of May 24, 2010, the department of education (DOE) had not yet received unformatted math standards. The state board of education approved the common core standards in principle on July 8, 2010. Eleven states received "Race to the Top" funding totaling \$4.35 billion to implement core standards, while NH received nothing but continues to move forward with the adoption process. NH already has an adopted curriculum framework with academic standards. Yes, those standards may require improvement, but this process should be a result of the NH DOE working closely with local school boards, educators and NH residents. Implementing the new curriculum standards will also be expensive: textbooks, testing design and implementation, teacher training, etc. This bill clearly states that common core standards shall not be adopted by rule pursuant to RSA 541-A, or included or implemented in any way in New Hampshire curriculum frameworks, or used as a measure of an adequate public education without prior approval of the general court. Vote 17-0.

HB 170, conferring degree-granting authority to the Upper Valley Educators Institute. **OUGHT TO PASS.**

Rep. Barbara E. Shaw for Education: The Upper Valley Educators Institute currently provides an extensive program giving the opportunity for people in trades or the business world to enter the teaching profession. With internship and course studies, graduates would then be allowed further degree-granting subject to the authority of the postsecondary education commission. Vote 17-0.

HB 150, relative to benefits of judicial branch employees who transfer from the judicial branch to state service in the executive branch or the legislative branch. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Maurice L. Pilote for Executive Departments and Administration: This bill was introduced at the request of the department of justice. RSA 490:28 currently limits the maximum amount of annual and sick leave that employees who transfer, without a break in service, from the judicial branch to either the legislative or executive branch of state government to the amount that employees of the receiving branch may accumulate. These are the current limits for employees who transfer from other branches to the judicial branch. This bill and amendment clarifies that the rate of accrual of these benefits shall also be that of the receiving branch. Vote 16-0.

Amendment (0049h)

Amend RSA 490:28, II as inserted by section 1 of the bill by replacing it with the following:

II. Any full-time judicial branch employee who transfers from the judicial branch to state service in the executive branch or the legislative branch, without a break in service, may transfer all earned annual leave, sick leave, longevity pay, and bonus time already accumulated in the judicial branch, to the receiving branch of state government. The maximum amount of accumulated annual and sick leave that may be transferred shall be limited to the amount of annual and sick leave that employees of the receiving branch may accumulate, *the rate of accrual shall be according to continuous years worked and, upon transfer, the employee's rate of accrual shall be the rate of accrual of the receiving branch.* No leave granted at the outset of service, or without a relationship to the length of employment shall be included in earned leave.

AMENDED ANALYSIS

This bill clarifies that for judicial branch employees who transfer without a break in service from the judicial branch to state service in the executive branch or the legislative branch, the rate of accrual of annual and sick leave shall be according to continuous years worked and, upon the employee's transfer, the rate of accrual shall be the rate of accrual of the receiving branch.

HB 239, prohibiting a state agency from establishing a fee without legislative approval. **INEXPEDIENT TO LEGISLATE.**

Rep. Spec Bowers for Executive Departments and Administration: This bill is unnecessary and unworkable. It prohibits a state agency from establishing a fee without legislative approval. Under JLCAR procedures it is unnecessary. Every rule already is vetted for being authorized by legislation. To the extent that the bill would require every fee to be based on legislation specifying a precise fee or an acceptable fee range, it would require multiple bills to authorize existing rules and fees. Vote 16-0.

HB 245, establishing a committee to study election of the attorney general by the legislature. **INEXPEDIENT TO LEGISLATE.**

Rep. Russell C. Day for Executive Departments and Administration: This bill would establish a study committee composed of three members of the House of Representatives and two members of the state Senate to study the feasibility of amending the New Hampshire constitution to provide for the election of the attorney general. In the last 36 years there have been 17 proposals to change the manner in which the attorney general is selected. All these proposals have been rejected by the Legislature. Politicizing the selection process could infuse the process with the appearance of a conflict of interest. Concerns also would be that the incumbent could spend an undue amount of time campaigning for the position and not focused upon the duties of the position. There is also the issue of accepting campaign donations. Our citizens expect the chief law enforcement person to be above reproach. New Hampshire has a process of checks and balances in place whereby the governor of the state nominates and the executive council confirms the nominee. We do not feel that there is a need to change this process. Vote 16-0.

HB 252-L, repealing provisions regarding applications for hawkers' and peddlers' licenses. **INEXPEDIENT TO LEGISLATE.**

Rep. Spec Bowers for Executive Departments and Administration: This bill perfectly illustrates that good intentions can produce bad unintended consequences. It would amend RSA 31:102-a regarding hawkers, peddlers, and itinerant vendors so as to reduce the fees for a local license and would repeal the requirement for a criminal background check. The testimony was overwhelmingly against the bill. Laconia Bike Week uses high fees to pay the town's costs for running this event. Parents and police demand the ability to do background checks of vendors who are in close contact with young children. Vote 16-0.

HB 253, establishing a committee to determine the value of professional licensing and disciplinary practices in New Hampshire. **INEXPEDIENT TO LEGISLATE.**

Rep. Carol M. Vita for Executive Departments and Administration: This bill would establish a committee to determine the value of professional licensing and disciplinary practices in New Hampshire. This bill is essentially a committee to study existing boards. As such it is another level of bureaucracy that is of doubtful value to the state. The time and effort spent on staffing this committee would be better spent determining whether there is any benefit at all to the state of licensing. Vote 14-1.

HB 272-FN, requiring hearing aid dealers to post a surety bond. **INEXPEDIENT TO LEGISLATE.**

Rep. Peter B. Schmidt for Executive Departments and Administration: The committee heard persuasive testimony from knowledgeable witnesses that this bill, though well-intentioned, is both unnecessary and unworkable. Several dealers testified that surety bonds of the type mandated by the bill are unavailable in the insurance market. Further, hearing aid warranties are provided by manufacturers, not dealers. Lastly, the type of difficulties which prompted the bill sponsor to bring this legislation all traced back to one franchise operation, which has since gone out of business. Vote 16-0.

HB 279, relative to gifts, grants, or donations received by the governor's commission on disability. **INEXPEDIENT TO LEGISLATE.**

Rep. Steven J. Winter for Executive Departments and Administration: This bill would permit an expansion of the authority of the governor's commission on disability to advertise for gifts, grants or donations from individuals or corporations. The purposes of the commission are education and awareness outside the disability community. No funds are used for any direct services to or for the disabled. The committee finds the bill unnecessary. Vote 15-0.

HB 364, relative to the membership of the state committee on aging. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Maurice L. Pilotte for Executive Departments and Administration: This bill amends RSA 161-F:7 in re the state committee on aging membership and duties. (1) It eliminates the provision that no more than 8 of the 15 members appointed by the governor with the approval of the executive council be of the same political party. (2) The amendment provides for the quorum to consist of a majority of the current members eliminating a potential problem in the event of vacancies in the membership, and (3), adds advising the commissioner and advocating solutions to provide for better integration of older persons in the social and economic life of the state to the duties of the committee. Vote 16-0.

Amendment (0318h)

Amend RSA 161-F:7, I as inserted by section 1 of the bill by replacing it with the following:

I. There shall be a state committee on aging which shall consist of 18 members. The governor shall appoint 15 members with the approval of the *executive* council. Those appointed by the governor

shall include at least one member from each county. The committee shall also include a legislator appointed by the chair of the oversight committee on health and human services, one representative appointed by the speaker of the house, and one senator appointed by the president of the senate. Each of the members shall serve for a term of 3 years except the legislative members' terms shall be co-terminus with their 2-year legislative terms. At least 8 members shall be 60 years of age or older at the time of their appointment [~~and not more than 8 members shall be of the same political party. Nine~~]. **A majority of the current** members shall constitute a quorum. No member shall serve more than 2 consecutive terms, and no member shall have a material financial interest in any agency receiving federal or other funds administered by the [~~division~~] **bureau** of elderly and adult services.

HB 384, prohibiting the office of energy and planning from requiring social security numbers from applicants of any program administered by the office, except when required under federal law or regulation. **INEXPEDIENT TO LEGISLATE.**

Rep. Kenneth H. Gould for Executive Departments and Administration: This bill seeks to maintain personal privacy. The sponsor and the ACLU are persuasive on this subject. However, the agency needs to prevent fraud in the use of taxpayer funds. Social security numbers are carefully guarded, but are needed in processing applications for fuel and other utility assistance. The committee wants to protect against fraudulent use of tax dollars. Vote 16-0.

HB 392, clarifying responsibilities of the division of homeland security and emergency management, and expanding responsibilities of the advisory committee on emergency preparedness and security. **OUGHT TO PASS.**

Rep. Mark L. Proulx for Executive Departments and Administration: This bill is a request of the department of safety. This bill is a housekeeping bill that transfers certain responsibilities to the proper divisions. The bill transfers responsibility for nuclear emergency response plan to the division of homeland security. It also transfers responsibility for hazardous materials transportation to the advisory committee on emergency preparedness and security. It will place wartime emergency fire assistance coordination within the purview of the state fire marshal. Finally it establishes an annual reporting requirement for the bureau of EMS. Vote 14-0.

HB 413, directing the joint legislative oversight committee on the emergency management system to review the duties of certain other committees. **OUGHT TO PASS.**

Rep. Mark L. Proulx for Executive Departments and Administration: This bill will look to see if there is duplication of duties and possible consolidation of committees that have emergency management duties. Vote 15-0.

HB 320, requiring the construction of a clock tower as part of the Hampton seashell complex. **INEXPEDIENT TO LEGISLATE.**

Rep. Steve Vaillancourt for Finance: The sponsor noted that he filed this bill at the request of a constituent but has since decided that we should ITL it. The committee learned that all the funds allotted for the Hampton seashell complex have been expended. There was also some question about whether a clock tower might block view of the stage. Thus, the committee is happy to comply with the sponsor's request for ITL. Vote 16-0.

HB 498-FN, relative to weed control along certain state routes. **INEXPEDIENT TO LEGISLATE.**

Rep. Beverly T. Rodeschin for Finance: The committee has determined that it is inappropriate to bond operating expenses for roadside work. Vote 17-0.

HB 570, relative to licensure of guides by the fish and game department. **OUGHT TO PASS WITH AMENDMENT.**

Rep. David H. Watters for Fish and Game and Marine Resources: Introduced at the request of the fish and game department, this bill exempts licensed operators of for-hire vessels from licensure as guides, while operating in coastal and estuarine waters. Licensure as a vessel operator includes the training and other qualifications of a guide. Vote 14-0.

Amendment (0067h)

Amend the bill by deleting section 1 and renumbering the original sections 2 and 3 to read as 1 and 2, respectively.

AMENDED ANALYSIS

The bill exempts persons licensed as operators of for-hire vessels for recreational fishing in coastal and estuarine waters from requirements from licensure as a guide.

This bill is a request of the fish and game department.

HB 481-FN, relative to the definition of disability for aid to the permanently and totally disabled. **INEXPEDIENT TO LEGISLATE.**

Rep. John M. Reagan for Health, Human Services and Elderly Affairs: This bill would take away a safety net for the poorest of our citizens. It would shift costs to city and town welfare departments as a result for those who are either denied Supplemental Security Income (SSI) or have a case pending an appeal. Vote 16-0.

CACR 2, relating to the tenure of judges. Providing that the general court may specify the term of office served by a judge. **INEXPEDIENT TO LEGISLATE.**

Rep. Gregory M. Sorg for Judiciary: At present, Article 73, Part II of the Constitution specifies that judges hold their offices during good behavior. This constitutional amendment concurrent resolution would amend Article 73 by vesting in the legislature authority to make exceptions to this rule by statute. While some members of the committee were receptive to the idea of term limits for judges, all agreed that this resolution was not a suitable vehicle for pursuing this objective. The broad authority this resolution would confer could result, among other things, in different judges on the same court having different terms of office, in individual term limits being legislated with respect to individual judicial appointments, and generally in unduly threatening the independence of the judiciary. Vote 15-0.

HB 128, requiring tenants to execute a financial affidavit as part of the eviction process. **INEXPEDIENT TO LEGISLATE.**

Rep. Norman A. Tregenza for Judiciary: The purpose of this bill is to mandate that if the court renders a money verdict against a tenant in default, that the tenant shall within 7 days submit a financial affidavit and current address. A tenant would be subject to a \$300 fine for failing to supply this information to the court. The committee felt that this bill exceeded the bar of fair balance between landlord and tenant. Vote 17-0.

HB 286, changing district court jurisdiction over the town of Weare. **INEXPEDIENT TO LEGISLATE.**

Rep. Gregory M. Sorg for Judiciary: This bill would have changed district court jurisdiction over the Town of Weare from the Goffstown district to the Henniker-Hillsborough district. It had been filed at the request of the police chief of Weare, who after the bill had been introduced decided that the change was not needed after all, and requested the sponsors that it be withdrawn. Vote 15-0.

HB 297, allowing municipalities to establish municipal courts. **INEXPEDIENT TO LEGISLATE.**

Rep. Lenette M. Peterson for Judiciary: The bill would allow municipalities to create local courts to enforce violation level offenses. The committee felt this would be an extra burden on the towns financially and there was not enough information towards salaries. Vote 16-0.

HB 346, to incorporate the bar association of the state of New Hampshire. **INEXPEDIENT TO LEGISLATE.**

Rep. Lucy M. Weber for Judiciary: The stated purpose of this bill is to incorporate the bar association of the state of New Hampshire. The language proposed in the bill to accomplish the incorporation is the same as that which was actually used to charter the bar association of the State of New Hampshire in 1873, although the name of the organization was changed in 1967 to the New Hampshire bar association. Today, the bar association exists as a private not-for-profit corporation. Passage of this bill would, because of the name change, create a new and parallel bar association. The committee was not persuaded that there is any need for this duplication of effort. Vote 13-1.

HB 436, establishing a committee to study the guardian ad litem board. **INEXPEDIENT TO LEGISLATE.**

Rep. Gregory M. Sorg for Judiciary: This bill would establish a committee to study the membership, duties and organizational structure of the guardian ad litem board established under authority of RSA 490-C, and to report to the legislature and governor its findings and recommendations for any

proposed remedial legislation. This is one of several bills that have been referred to the committee on the functioning of the various components of the family court system. The committee concluded that HB 614 provides a better, more economical vehicle for undertaking a review of the guardian ad litem board than this bill. Vote 14-0.

HB 534-FN-A, relative to nonprofit reporting requirements with the division of charitable trusts, department of justice and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE.** Rep. Gregory M. Sorg for Judiciary: This bill calls for the appropriation of \$45,000 to the division of charitable trusts of the department of justice for the purpose of paying the startup costs to allow the electronic filing of the reporting forms required under authority of RSA 7:28. The committee was intrigued by the efficiencies such a change could bring about, but concluded that by reason of the budget constraints that this session of the Legislature has made a priority, coupled with the testimony of the assistant director that the activities of the division are already fully funded by the fees charged to regulated trusts, this bill should not be passed this year. Vote 16-1.

HB 270-FN-L, relative to cost recovery for emergency services. **INEXPEDIENT TO LEGISLATE.** Rep. Timothy D. Copeland for Municipal and County Government: This bill is discriminatory in nature to the general public at large who are not residents of a municipality whose emergency services respond to an incident within that municipality, then charges a fee for services rendered to only non residents of that municipality through a current insurance policy, if insured. This bill could possibly instill fears in people that have knowledge of its existence, if it becomes law, giving people reservations about calling for those services, generating insurance claims and possible increases in their insurance policy renewals. People should not fear calling for help when in distress or disabled. Vote 15-0.

HB 288-FN-L, relative to payment for election services to unincorporated places. **OUGHT TO PASS.**

Rep. Betsey L. Patten for Municipal and County Government: Unincorporated places usually have no residents living in them. However, Hales Location in Carroll County now has 136 registered voters and are designed by the secretary of state to vote in the town of Conway. HB 288 would enable the county in which the unincorporated place is located to pay the town where the residents vote the costs of the election. Those costs will be charged to the unincorporated place so this will have no fiscal impact on any other county taxpayers. Vote 15-0.

HB 303-FN, relative to the regulation of planned unit developments. **INEXPEDIENT TO LEGISLATE.**

Rep. James E. Coffey for Municipal and County Government: This bill is unnecessary because the subject is presently well regulated by the municipalities local planning and zoning authority. This bill as written will usurp local planning and zoning regulations by subjecting the final approval of a planned unit development to a popular vote without any method of appeal for the property owner. Vote 15-0.

HB 319, relative to the use of clotheslines. **INEXPEDIENT TO LEGISLATE.**

Rep. Kathleen M. Stroud for Municipal and County Government: Restrictions on the use of clotheslines contained in the bylaws of co-op, condominium and homeowners' associations are private contracts. These binding contracts are entered into voluntarily, and can be amended by mutual consent of all parties. Vote 13-0.

HB 406-L, relative to the additional fee for the licensing and restraining of dogs. **INEXPEDIENT TO LEGISLATE.**

Rep. James E. Coffey for Municipal and County Government: This bill allows local governing bodies to raise the fee for a dog license up to three dollars over the regular fee set by statute. The committee believes that it is inappropriate to promote increases in fees or taxes at this time. Vote 15-0.

HB 44, designating segments of the Oyster River as a protected river. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Lawrence M. Kappler for Resources, Recreation and Development: This bill designates segments of the Oyster River as a protected river. The Oyster River watershed association held a very successful outreach of the riparian landowners and all four towns the river passes through. Some of this nomination consists of lower than fourth order rivers. With a current strong statewide opposition to

some of the comprehensive shoreland protection act (CSPA) rules, the committee amended the bill exempting “all first, second, and third order rivers from CSPA setback requirements”, thus protecting all the hard work of the nominating committee, and the wishes of the local residents and communities. The New Hampshire department of environmental services (DES) report to the general court clearly illustrates that the general court should adopt this designation into legislation. Vote 16-0.

Amendment (0120h)

Amend the title of the bill by replacing it with the following:

AN ACT designating segments of the Oyster River as a protected river and exempting certain portions of the Oyster River from the provisions of the comprehensive shoreland protection act.

Amend RSA 483:15, XVII as inserted by section 1 of the bill by replacing it with the following:

XVII. Oyster River:

(a)(1) As a rural-community river immediately downstream of the Hall Road Bridge in Barrington to the upstream side of Old Mill Road in Lee.

(2) As a rural river from the upstream side of Old Mill Road in Lee to the upstream side of Route 155 crossing in Lee.

(3) As a rural-community river from the upstream side of Route 155 crossing in Lee to the upstream side of the Oyster River Dam in Durham.

(4) As a community river from the upstream side of the Oyster River Dam in Durham to the Mill Pond Dam in Durham.

(b) All 1st, 2nd, and 3rd order portions of the Oyster River shall be exempt from the comprehensive shoreland protection act under RSA 483-B.

AMENDED ANALYSIS

This bill designates segments of the Oyster River as a protected river.

This bill exempts 1st, 2nd, and 3rd order portions of the Oyster River from the provisions of the comprehensive shoreland protection act.

HB 278, setting the natural high water mark of Ossipee Lake. OUGHT TO PASS WITH AMENDMENT.

Rep. Harry C. Merrow for Resources, Recreation and Development: In 1933, the natural high water mark of Ossipee Lake was set at 410' Mean Sea Level (MSL). There is no record of how this is set. This is a dammed lake, so the natural high water mark is considerably less. The department of environmental services (DES) is in agreement with this. The 410' MSL mark is causing considerable problems as many lots are below 410' and buildings were constructed prior to the shoreline protection act. As a result of this, building permits are being denied and DES has indicated to some people that they don't own the land their home is built on. Ossipee, Freedom and Effingham get a huge amount of taxes from the lake. These taxes could be in jeopardy if this were not passed. Selectmen from all three towns support this bill. Extensive testimony indicated that 407.25' MSL was the proper elevation to use. Vote 15-0.

Amendment (0297h)

Amend RSA 271:20, III as inserted by section 1 of the bill by replacing it with the following:

III. The natural high water mark of Ossipee Lake as set by the general court is 407.25 feet above mean sea level.

HB 336, designating segments of the Mascoma River as a protected river. OUGHT TO PASS.

Rep. Lawrence M. Kappler for Resources, Recreation and Development: This bill nominates a little over 25 miles of the Mascoma River as a protected river, including 2.8 miles that pass through a portion of the Mascoma Lake. All of this nominated portion is a fourth order river resulting in no additional CSPA setback requirements. This portion is extremely rich in culture, scoring 60 out of a possible 60 points, in this nomination category. Three years of riparian landowner and watershed community outreach resulted in unanimous support for this nomination. The New Hampshire department of environmental services (DES) report to the general court clearly illustrates that the general court should adopt this designation into legislation. Vote 15-0.

HB 555, relative to the designation of the Lower Exeter/Squamscott River as a protected river. OUGHT TO PASS.

Rep. Lawrence M. Kappler for Resources, Recreation and Development: This bill adds the remaining downstream portion of the Exeter/Squamscott River to the tidal segment. This addition is all fourth order river, highly supported by the three towns it passes through and their residents. This addition to the already protected river is only a little over eight miles. Vote 13-0.

HB 216, relative to the instructional authority of school boards. **OUGHT TO PASS WITH AMENDMENT.**

Rep. David W. Hess for Special Committee on Education Funding Reform: This bill affirms in statute current and recommended practices already followed in many school districts. It reinforces one of the most critical roles our local school boards play in the partnership with the state to provide a quality education to our children. It enshrines at the local level the duty to adopt instructional policies to ensure teacher accountability and implement substantive state standards, guidelines and criteria while retaining local flexibility in carrying out those responsibilities. Finally, the amendment to this bill clarifies that this local school board authority extends to all schools under its jurisdiction, but not to charter schools or home schoolers located within its geographical boundaries. Vote 13-0.

Amendment (0207h)

Amend RSA 189:1-a, II as inserted by section 1 of the bill by replacing it with the following:

II. Elected school boards shall be responsible for establishing the structure, accountability, advocacy, and delivery of instruction in each school operated and governed in its district. To accomplish this end, and to support flexibility in implementing diverse educational approaches, school boards shall establish, in each school operated and governed in its district, instructional policies that establish instructional goals based upon available information about the knowledge and skills pupils will need in the future.

AMENDED ANALYSIS

This bill requires school boards to be responsible for establishing the structure, accountability, advocacy, and delivery of instruction.

HB 299-FN, relative to the method of financing for the judicial retirement plan. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Kenneth Hawkins for Special Committee on Public Employee Pensions Reform: This bill would allow the judicial retirement system RSA 100-C to use a 30 year time period to pay off the unfunded liability that the NH Retirement System uses instead of the Twenty year time period now used. It would result in a \$409,000 per year savings in state payments to the system. Vote 11-0.

Amendment (0140h)

Amend the bill by replacing section 1 with the following:

1 Method of Financing; Unfunded Accrued Liability. Amend RSA 100-C:13, III(d) to read as follows:

(d) Immediately following the actuarial valuation prepared under paragraph I, the board shall have an actuary determine the amount of the unfunded accrued liability as the amount of the total liabilities of the state annuity accumulation fund which is not dischargeable by the total of the funds in hand to the credit of the state annuity accumulation fund, and the normal contributions to be made on account of the members during the remainder of their active service. The amount so determined shall be known as the "unfunded accrued liability." On the basis of the unfunded accrued liability, the board shall have an actuary determine the level annual contribution required to discharge such amount over a period of ~~[20 years from the date of implementation of this chapter]~~ **30 years or the maximum period allowed by standards adopted by the Government Accounting Standards Board, whichever is less.**

HB 537-FN, reducing retirement allowances paid by the New Hampshire retirement system. **INEXPEDIENT TO LEGISLATE.**

Rep. Steven J. Winter for Special Committee on Public Employee Pensions Reform: Prior to the hearing on this bill, the committee was presented a testimony letter from the NH Retirement System stating that the bill as written was contrary to Internal Revenue Service Code to qualify the plan for favorable tax treatment (a tax exempt plan.) As a result of that information, the committee had no choice other than to recommend ITL for this bill. Vote 12-0.

HB 132, adopting and implementing the United States flag code. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Frank H. McCarthy for State-Federal Relations and Veterans Affairs: This bill adopts the United States flag code, codified at 4 USC sections 1 through 10, as amended, and the provisions of this chapter are herein adopted as the flag code for the state of New Hampshire. This bill will provide uniform guidelines for display, use and handling of the United States flag. The bill also includes additional occasions on which the flag may be flown at half-staff and provides that prohibitions on flying the flag at one's place of residence are unenforceable. Vote 11-0.

Amendment (0260h)

Amend RSA 3-E:3 as inserted by section 1 of the bill by replacing it with the following:

3-E:3 Flag Display. No rule, ordinance, or agreement of any kind by a person, municipality, or other entity shall prohibit the flying of the United States flag from a private residence owned, rented, or used by a private person. Reasonable restrictions regarding the size of the flag or the manner in which the flag is displayed may be adopted and enforced.

Amend RSA 356-B:47-a as inserted by section 2 of the bill by replacing it with the following:

356-B:47-a Flag Display. Pursuant to the Freedom to Display the American Flag Act of 2005, Public Law 109-243, and notwithstanding any provision in the condominium instruments to the contrary, the unit owners' association shall not prohibit the outdoor display of the United States flag in a manner consistent with the United States flag code and RSA 3-E. The association may adopt reasonable rules regarding the size of the flag and the manner in which the flag is displayed. When a flag is flown from the unit owner's balcony or deck, from a bracket, the flag may extend over the vertical line of the unit owner's outboard deck line, which would put the flag into the common area, versus the unit owner's private space.

HB 285, prohibiting smoking in motor vehicles when a passenger under the age of 16 is in the vehicle. **INEXPEDIENT TO LEGISLATE.**

Rep. Richard W. Hinch for Transportation: This bill prohibits smoking in motor vehicles when a passenger under the age of 16 is in the vehicle. The transportation committee was nearly unanimous in its opinion that this bill is unnecessary and unenforceable. Although the sentiment of the committee was that smoking is a severe health issue and we must be concerned about the adverse affects of second hand smoke, law enforcement indicated that such a law would be an enforcement nightmare. Vote 14-1.

HB 399, relative to nonresident registration of motor vehicles. **OUGHT TO PASS.**

Rep. John R. Cloutier for Transportation: This bill would allow nonresidents who exclusively "garage" or keep their vehicles in New Hampshire to register their vehicles in our state as a nonresident. This bill amends present law which states that nonresidents could register their vehicles in the state as nonresidents if they garaged or kept their vehicles primarily in New Hampshire for at least 350 days per year. Testimony was given at the bill's public hearing that many of our state's city and town clerks believe that present law is unenforceable and costs our municipalities the loss of revenue from uncollected fees. Thus, the city and town clerks support passage of this bill. Vote 13-2.

HB 502-FN, relative to low-digit number plates. **INEXPEDIENT TO LEGISLATE.**

Rep. Sherman A. Packard for Transportation: This bill would have every license plate from 1 to 9999 that is currently on a vehicle taken from the owners regardless of how long these people have had these plates - 1 year to 40 or 50 years. It would then set up a lottery system and if you were lucky enough to win a plate it will cost you a minimum of \$250 extra. This is setting up a new category of plates for the rich. The average working or retired person would in most cases be unable to pay the extra fee even if they were lucky in the lottery. This would be an extravagant new fee on thousands of our citizens. Vote 14-0.

HB 72-FN-A, establishing a state aeronautical fund. **OUGHT TO PASS.**

Rep. Joe Osgood for Ways and Means: This bill establishes a state aeronautical fund and authorizes the commissioner of the department of transportation to accept donations to the fund. The moneys in the fund shall be non-lapsing and continually appropriated to the Department for the purposes of funding maintenance and for planning and implementing capital improvements for the public airport system located within the state. This is especially helpful to airports that receive no federal funds. Vote 18-1.

HB 209, establishing a study committee to recommend a continuing revenue estimating process to produce revenue forecasts. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Patrick F. Abrami for Ways and Means: This bill would establish a study committee to determine if there is a better way in which the legislature can do its revenue estimating. The committee would be charged with investigating if there are more accurate approaches to projecting revenue. The committee would reach out to other state legislatures, corporations, and others to determine whether there are other revenue estimating approaches that have proven to result in more accurate estimates. The bill was amended to increase the House representation to four on the committee, to broaden the type of economists that the committee would be able to solicit testimony, and to insure that cost would be determined for each alternative revenue projection approach presented. It was the unanimous belief of the committee that it should always attempt to improve upon its revenue projection techniques. Vote 18-0.

Amendment (0379h)

Amend subparagraph I(a) as inserted by section 2 of the bill by replacing it with the following:

(a) Four members of the house of representatives, appointed by the speaker of the house of representatives.

Amend paragraph III as inserted by section 3 of the bill by replacing it with the following:

III. Study the processes, formal structure, and costs that other states have put in place to manage both short and long term economic and revenue forecasting, and compare their records of success with that of New Hampshire.

Amend paragraph V as inserted by section 3 of the bill by replacing it with the following:

V. Solicit information and testimony from individuals and entities with experience or expertise relevant to the study, including:

- (a) The governor's budget director.
- (b) The commissioner of the department of revenue administration.
- (c) The commissioner of the department of administrative services.
- (d) The heads of other government agencies that contribute substantially to state revenues.
- (e) The legislative budget assistant.
- (f) Economists.
- (g) Members of the New Hampshire business community.

HB 469-FN-A, establishing a credit against the business enterprise tax for operators collecting meals and rooms taxes. **INEXPEDIENT TO LEGISLATE.**

Rep. Bill Ohm for Ways and Means: This bill would have established a 5 percent credit against the BET for operators collecting meals and rooms taxes on top of the 3 percent commission they currently get. The committee was concerned that the bill would create an unconstitutional special class of taxpayers. A straightforward alternative would have been to simply increase the 3 percent commission now being paid. Vote 18-0.

REGULAR CALENDAR

HB 172, relative to transporting school children to school and school-supported activities. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Ralph G. Boehm for Education: This bill would continue the practice that was in effect until a few years ago. This bill would allow local school districts to transport students in school district vehicles or their contracted vehicles with their own drivers. This bill will save local districts money. Vote 16-1.

Amendment (0094h)

Amend RSA 259:96-a as inserted by section 2 of the bill by replacing it with the following:

259:96-a Mixed Use School Bus. "Mixed use school bus" shall mean a [~~privately owned~~] vehicle, including a station wagon, suburban, *passenger van*, panel body vehicle, [~~and vehicles~~] *or vehicle converted to a school bus, [but excluding a passenger vehicle;]* *which bears a valid state inspection sticker and is employed principally in transporting schoolchildren to and from school or school activities [by virtue of a contract with a school board authority].*

Amendment adopted.

Committee report adopted and ordered to third reading.

HB 631-FN-L, repealing the requirement that all school districts offer public kindergarten. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Ralph G. Boehm for Majority of Education: This bill was introduced because of the questionable constitutional mandate of a couple of years ago. However, since every school district now has kindergarten, this bill would be superfluous. Vote 12-3.

Rep. J. R. Hoell for the Minority of Education: This bill is not about eliminating kindergarten; this bill is about giving local control to the voters to determine how best to finance and educate the children residing in their district. The previous legislation (2008, Ch. 384, SB 530) specifically bypassed voter approval on creating and expanding school systems at the local level. The town of Hudson in 2009 voted 2046 to 1053 against spending the \$1.2 million on expanding their school system and went to court to oppose this statewide mandate. This bill removes this state mandate and restores back to local control, issues important to the voters regarding the education of the children in their district.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Reps. Boehm and Gile spoke in favor.

Rep. Dan McGuire spoke against.

Rep. Gile requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

Rep. Katsiantonis voted Nay and intended to vote Yea.

Rep. Lars Christiansen voted Yea and intended to vote Nay.

HB 417-FN-A, making an appropriation to the milk producers emergency relief fund. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Tara A. Sad for the Majority of Environment and Agriculture: Over the past four years, our dairy industry in NH has come perilously close to disappearing from our landscape. For much of 2009, our dairy farms lost approximately \$3 per cow per day, so an average farm – 110 milking cows – lost \$330 per day, \$10,230 per month and \$122,760 per year. This is through no fault of their own. Dairy farmers cannot set the price for their milk, but are at the mercy of the Federal Milk Marketing Order, a convoluted system of pricing based on the commodity futures at the Chicago Mercantile Exchange. The US Secretary of Agriculture recognizing the fact that the pricing system is broken, last year appointed a Dairy Industry Advisory Committee to investigate the problem and make recommendations to revamp the system. Unfortunately, this is tied to the next farm bill which has been delayed until 2013. Our farmers cannot wait for help. Let New Hampshire join Connecticut, Maine, Massachusetts, Vermont and New York in supporting our dairy farmers. The milk producers emergency relief fund was established 2007 and has yet to be funded. The majority feels that it is time we helped our dairy farmers. Vote 9-6.

Rep. Robert J. Malone for the Minority of Environment and Agriculture: This bill appropriates \$2,500,000 to the milk producers emergency relief fund. The state of New Hampshire is in no condition to spend money on bailouts geared towards dairy farming at this point in time. This bill takes money from taxes and fees from struggling individuals and businesses to bailout others that are struggling to turn a profit which doesn't make any sense.

The question being adoption of the majority committee report of Ought to Pass.

Rep. Ladd spoke in favor.

Rep. Groen spoke against.

Rep. Sad spoke in favor and yielded to questions.

Rep. Burt requested a roll call; sufficiently seconded.

and the majority committee report failed.

Rep. Bettencourt moved the minority committee report of Inexpedient to Legislate.
Minority committee report adopted.

HB 373, proclaiming June 3 each year in dedication of the sermon by Reverend Samuel McClintock on the commencement of the New Hampshire constitution and relative to the observance of Federal Constitution Days. **INEXPEDIENT TO LEGISLATE.**

Rep. John Sytek for Executive Departments and Administration: The committee most reluctantly makes the ITL recommendation. The entire committee wishes to see our constitutions honored by all our citizenry and to see a time set aside for that purpose. The majority was troubled by several things. The calendar already has such observations and that such a proclamation would be of questionable value. The committee did not want to see something of this importance possibly ignored or shrugged off. The minority feels that the civic and educational value is worth the risk. Vote 10-3.

Reps. Bergevin and Winter spoke against.

Rep. Bates spoke against and yielded to questions.

Rep. Sytek spoke in favor.

Rep. Carol McGuire yielded to questions.

Rep. Bergevin requested a roll call; sufficiently seconded.

and the committee report was adopted.

SPECIAL ORDERED

Rep. Bettencourt moved that **HB 353-FN**, establishing a Medicaid waiver program to provide in-home support services for children who are medically fragile or children with chronic illness, be made a Special Order as the next order of business.

Rep. Bettencourt spoke in favor.

Adopted.

SPECIAL ORDER

HB 353-FN, establishing a Medicaid waiver program to provide in-home support services for children who are medically fragile or children with chronic illness. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Charles E. McMahon for Health, Human Services and Elderly Affairs: This bill establishes a Medicaid waiver program to try to reduce the sometimes very expensive Medicaid medical payments to support chronically ill and medically fragile children. The waiver allows a parent who wishes to provide nursing support in the home to remain at home and reduces the cost of optional institutional care. One example allows a mother to remain in the home with a stipend of \$28,000 as opposed to the institutional option at \$175,000 per year. This is a program in line with efforts to reduce the Medicaid burden on the state budget. Vote 16-0.

Amendment (0160h)

Amend the bill by inserting after section 2 the following and renumbering the original section 3 to read as 4:

3 Funding Source. In each year of the biennium ending June 30, 2013, the department of health and human services shall use existing appropriations to the department to fund the pilot program established in section 2 of this act. Notwithstanding any provision of law to the contrary, the department may transfer funds between and among PAU's within the department as may be necessary to fully implement the program with state funds pending the availability of federal matching funds.

Amendment adopted.

Committee report adopted.

Referred to the Committee on Finance.

REGULAR CALENDAR (CONT'D)

HB 380, exempting the commission on the status of men from repeal on June 30, 2011 and adding a duty to the commission. **OUGHT TO PASS.**

Rep. Lawrence B. Perkins for Executive Departments and Administration: This bill would repeal a decision to eliminate the commission on the status of men. The majority believes that this is

an inopportune time for such a hasty decision. The CSM is an unfunded advisory committee that enlightens the legislator on such important issues as mortality rates, prostate cancer and fatherless homes. Vote 13-2.

Committee report adopted and ordered to third reading.

HB 635-FN-A, requiring the governor to consolidate certain agency functions and making an appropriation therefor. **OUGHT TO PASS.**

Rep. Kenneth Hawkins for Executive Departments and Administration: This bill came from an ad-hoc study committee over the summer and fall of 2010. It would allow for the consolidation of services of common administrative functions of multiple agencies into one department. There are numerous back office tasks (no contact with the public) that could be handled using a call center in the North Country rather than each agency performing its own back office tasks. This action is also in the governor's budget. Vote 14-3.

Committee report adopted.

Referred to the Committee on Finance.

HB 438-FN-A, relative to funding of the Claremont, Colebrook, Milford, and Keene District Courts and establishing a committee to study the utilization of existing facilities to house courts leased by communities through the state. **OUGHT TO PASS.**

Rep. Robert H. Rowe for Judiciary: The courts which are the subject of this bill are all located in buildings leased by the state, rather than in state-owned buildings. In the last biennium, these courts were threatened with closure. They were kept open through an agreement whereby the judicial branch absorbed part of the rental costs into its existing budget, and the rest of the cost was absorbed by the host communities. The bill has three components. First, the bill requires the four courts to remain open throughout FY 2012 and 2013, with the costs to be paid by the judicial branch within its operating budget. Second, the bill requires repayment to the host communities for the costs they absorbed in the last biennium in the total amount of \$159,430. The argument in favor of paying this sum is that this charge had been passed down to the communities after they had adopted their budgets, thus causing significant harm to the communities. Concern was expressed by some committee members that whatever the justification, such a disbursement is inappropriate in these financial times. The committee was in general agreement with the policy goal of keeping the district courts close to the people they serve, so it was decided to pass this bill on the policy issues, and let the finance committee address the question of whether to amend the bill to omit the retroactive funding. Third, the bill establishes a study committee to study the issues surrounding continued utilization of leased facilities. Vote 12-5.

Committee report adopted.

Referred to the Committee on Finance.

HB 538-FN, establishing a reporting system for court decisions relative to the determination of parental rights and responsibilities and the appointment of guardians ad litem. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Joseph M. Hagan for the Majority of Judiciary: This bill establishes a reporting system for decisions related to determination of custody and other rights and responsibilities and issues relating to guardian ad litem (GAL) processes. The committee was moved by testimony of citizens who feel wronged by the system and strongly believes fundamental reform is needed to address the inequities perpetrated during divorce proceedings. However, the committee also thought this problem would better be addressed by other legislation pending before the House. Additionally, the cost of implementation is prohibitive in these austere times. Vote 13-3.

Rep. J. Brandon Giuda for the Minority of Judiciary: This bill addresses a problem that has been discussed throughout this session, namely the total lack of transparency in the family division with regard to summarizing and analyzing court decisions that significantly impact citizens' lives. For example, the judicial branch has stated it cannot provide even basic data, such as how many marital master decisions are overturned by judges. This bill requires the judicial branch to track and report the overall statistics as family division cases make their way through the system, in order to provide greater transparency to the public and greater ability to analyze the family court decision making process. The fiscal note for the bill was extremely suspect and when challenged by the bill's sponsor, was unable to be verified. The majority voted to ITL this bill in favor of HB 614, which requires a performance audit of the guardian ad litem board and guardian ad litem services.

However, the audit envisioned by HB 614 will only address guardian ad litem issues, and will miss the crux of the issue this bill addresses, as guardians ad litem do not make decisions in the family division. This bill addresses the critical issues missed by HB 614 and will provide transparency to the decision making process, for which marital masters and judges may then be held accountable if the statistics show there is a problem. The minority believes this lack of transparency needs to end. Majority committee report adopted.

HB 614, requiring a performance audit of the guardian ad litem board and guardian ad litem services. **OUGHT TO PASS.**

Rep. Gregory M. Sorg for Judiciary: This bill would require the audit division of the legislative budget assistant to conduct a performance audit of the guardian ad litem board and of the delivery of guardian ad litem services. The committee was satisfied with the sufficiency of the evidence presented in the public hearing on this bill and on other bills dealing with the same subject that investigation of the guardian ad litem function is necessary and that the legislative budget assistant is in the best position to perform such investigation well and economically, in the course of its normal audit performance functions. Vote 10-4.

Committee report adopted and ordered to third reading.

HB 468-FN, relative to assessments for aquatic resource compensatory mitigation. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Christopher J. Ahlgren for the Majority of Resources, Recreation and Development: The majority of the committee feels that, as a policy matter, aquatic resource mitigation is an excellent program. The problem lies with the percentage of assessment (20%) used for the administrative fee. The bill, as introduced, recommends 10%. We as a committee believe the percentage assessment should be revisited, and are aware that this bill will be referred to Ways and Means. The proposed percentage can be evaluated and adjusted as necessary based on the committee's evaluation of the financial data. In addition, the current percentage will sunset July 1, 2012. This bill establishes a permanent percentage. Having a stable fee percentage will be good for New Hampshire businesses. Vote 10-3. Rep. Judith T. Spang for the Minority of Resources, Recreation and Development: There was no testimony in favor of this bill from any of the program's users. The aquatic resources compensatory mitigation (ARM) program offers significant advantages to the development community. It promotes development in a time when the real estate market is struggling by giving developers an option to avoid more costly and time-consuming methods of mitigating their wetland impacts. Except for the sponsor, the committee received no testimony the current fee is too high. There was no justification offered for reducing the fees involved, although those fees were established through an exhaustive study by Ways and Means last session. The department of environmental services testified that lowering the administrative fee to 10% would threaten the viability of this valuable program, already facing a \$45,000 deficit due to the inadequate fee charged to date. It is mystifying to the minority that the bill also eliminates the sunset of the fee schedule due to occur next year. Having a year or two more of data upon which to establish the correct fee makes sense. Instead, this bill eliminates that opportunity to try out the current fee before reducing it to an unproven level that risks the viability of a program so advantageous to businesses in NH.

Majority Amendment (0269h)

Amend the bill by inserting after section 3 the following and renumbering the original section 4 to read as 5:

4 Repeal. The following are repealed:

I. 2010, 16:3, relative to payment for freshwater and tidal wetlands loss; version effective July 1, 2012.

II. 2010, 16:5, relative to payment for stream or shoreline losses; version effective July 1, 2012.

III. 2010, 16:7, relative to rulemaking; version effective July 1, 2012.

AMENDED ANALYSIS

This bill modifies the percentage rate of certain administrative assessments related to aquatic resource compensatory mitigation.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Almy spoke against.

Rep. Renzullo spoke in favor.

Rep. Spang requested a roll call; sufficiently seconded.

RESOLUTION

Rep. Bettencourt offered the following: **RESOLVED**, that late drafting and introduction having been approved by the Rules Committee, House Bill numbered 649 shall be by this resolution read a first and second time by the therein listed title, sent for printing and referred to the therein designated committee.

Adopted.

INTRODUCTION OF HOUSE BILL

First, second reading and referral

HB 649, relative to the Northern Pass Project to construct and operate transmission lines from the Canadian border to a proposed terminal in Franklin, New Hampshire. (Ladd, Graf 5; Kurk, Hills 7; Rappaport, Coos 1; Aguiar, Graf 6; Harding, Graf 11; Cooney, Graf 7: Science, Technology and Energy)

The House recessed at 12:05 p.m.

RECESS

(Speaker O'Brien in the Chair)

The House reconvened at 1:05 p.m.

REGULAR CALENDAR (CONT'D)

HB 519-FN, repealing New Hampshire's regional greenhouse gas initiative cap and trade program for controlling carbon dioxide emissions. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Frank R. Holden for the Majority of Science, Technology and Energy: This bill, as amended, has several provisions. First, it repeals New Hampshire's participation in the Regional Greenhouse Gas Initiative (RGGI) cap and trade program for controlling carbon dioxide emissions. New Hampshire became part of RGGI in 2008 with the passage of Ch. 182, HB 1434 which stated that "Carbon dioxide (CO₂) is a significant greenhouse gas that contributes to global climate change. Therefore, the purpose of this subdivision is to reduce greenhouse gas emissions resulting from energy use in New Hampshire." During the House debate in 2008, the then-majority warned that RGGI was necessary due to the imminent dangers of global warming. During the same debate, the then-minority cautioned that the science of climate change was far from settled, and warned that a future legislature may be tempted to raid the RGGI fund to divert to the general fund. Under RGGI, each state is allotted a number of carbon allowances based on historic CO₂ emissions of electric generating power plants of more than 25 megawatts that use coal, natural gas, or oil. There are five such plants in New Hampshire, and three are owned by Public Service of New Hampshire (PSNH). New Hampshire controls 8.62 million carbon allowances. The vast majority of the state's allowances are sold at quarterly RGGI auctions along with allowances from the other nine RGGI states. The affected power plants in New Hampshire are required to buy one carbon allowance at auction for each ton of CO₂ emissions. Costs to the affected sources depend on the price of allowances during each specific auction. Costs of PSNH allowances are allowed to be passed on to PSNH electric ratepayers in their electric bills. Costs incurred by the other two plants may be priced into their go-to-market price for electricity or may simply be incurred as added expense and reduced profits. The proceeds from each RGGI auction are sent back to the member states. So far, New Hampshire has participated in nine RGGI auctions. Total proceeds for New Hampshire amount to over \$28 million. The auction proceeds are then redistributed by the Public Utilities Commission (PUC) in the form of grants to fund projects and programs intended to directly or indirectly increase energy efficiency and reduce electricity consumption which, by extension, should further reduce CO₂ emissions. Second, this bill also clarifies how the monies in the greenhouse gas emissions reduction fund (RGGI fund) may be used in the future. The committee heard testimony from many citizens and stakeholders who were not satisfied with the way the RGGI funds have been used. Most distressing was the raid of the RGGI fund in 2010 by the governor and legislature for

\$3.1 million to the general fund. The majority of the committee feels that the RGGI fund balance should be used for its intended purpose: energy efficiency. Therefore, all monies in the RGGI fund as of July 1, 2011 and all monies entering the fund after that date will be allocated to the existing CORE energy efficiency programs already in existence. The majority believes that this is the most cost effective use of RGGI funds. Third, RGGI will not sunset until December 31, 2011 since that will be the end of the first 3 year compliance period, and the affected sources will still be required to fulfill obligations with the Department of Environmental Services (DES) to prove compliance with RGGI's first three year obligations. New Hampshire will still participate in three more RGGI auctions before year end and auction proceeds will be deposited in the RGGI fund to be used as directed in this amended bill. The majority of the committee favors repeal because we believe that RGGI should never have been enacted in the first place. It was clear to us that RGGI was really all about the money and not about the climate. It is not the role of state government to subsidize or prop up private businesses; RGGI created the illusion of free money to those who were fortunate enough to receive funding, and many think that funding should continue indefinitely. The majority believes it is not the proper role of government to create burdensome mandates which take a small amount of money from the many (electric ratepayers), funnel that money through multiple levels of bureaucracy (RGGI, Inc. and NH PUC), and redistribute a large amount of money to the few. The majority believes that RGGI was a stealth tax, hidden in the electric rates of our constituents. RGGI also has added to the size and scope of New Hampshire's state bureaucracy; we need to shrink the size of government. Finally, the majority believes that New Hampshire does not need a complex and expensive multi-state scheme to find solutions to our environmental and energy challenges. New Hampshire has the ability to control emissions and protect our environment by developing uniquely New Hampshire solutions. Vote 13-5.

Rep. Naida L. Kaen for the Minority of Science, Technology and Energy: No fiscal note was provided to the committee prior to the executive session. The hearing, held in representatives' hall, began at 10:00 a.m. and concluded at 6:30 p.m. Of the sixty or more people who testified on complicated subject matter, a substantial majority spoke against the bill. No subcommittee meeting was held prior to the executive session. The executive session began with an introduction of an amendment not previously provided to committee members for review and which was essentially a rewrite of the original bill. The minority believes that this bill should have been retained in committee for a proper vetting, and to provide a better understanding of the potential consequences of its passage. Some of the possible outcomes of the passage of this legislation, as amended, are likely to be that New Hampshire electric rate-payers will continue to pay at least \$5 million on their electric bills while the State of NH gives up \$13 million annually in proceeds from the Regional Greenhouse Gas Initiative (RGGI) auction. To date more than \$28 million has gone largely to help local municipalities weatherize municipal buildings, thereby reducing local taxes, and to assist families and businesses save money by becoming more energy efficient, all of which reduces our dependence on foreign oil and ultimately reduces all ratepayers' electric rates. The minority believes that modification of the program may be warranted, but that the decision to repeal should be properly reviewed so as to avoid potential damage to NH's economy and to many citizens of the state.

Majority Amendment (0324h)

Amend the bill by replacing all after the enacting clause with the following:

1 Powers and Duties of Commissioner; Reference Deleted. Amend RSA 125-O:6, I to read as follows:

I. Develop a trading and banking program to provide appropriate compliance flexibility in meeting the emission caps established under RSA 125-O:3, III ~~and allowance requirements of RSA 125-O:21 and RSA 125-O:22~~, and to encourage earlier and greater emissions reductions and the development of new emission control technologies in order to maximize the cost-effectiveness with which the environmental benefits of this chapter are achieved.

2 Rulemaking Authority. Amend RSA 125-O:8 to read as follows:
125-O:8 Rulemaking Authority.

[E] The commissioner shall adopt rules under RSA 541-A, commencing no later than 180 days after the effective date of this section, relative to:

[(a)] I. The establishment of trading and banking programs as authorized by RSA 125-O:6, I.

[(b)] II. The establishment of a method for allocating allowances and other emissions reduction units or mechanisms as authorized by RSA 125-O:3, II and III.

~~(c) III. Emissions [and allowance] monitoring, [tracking,] recordkeeping, reporting, and other such actions as may be necessary to verify compliance with this chapter.~~

~~(d) The method and requirements for auctioning budget allowances under RSA 125-O:21, which may use regional organizations.~~

~~(e) Defining eligible projects for early reduction allowances under RSA 125-O:21, IV, and establishing criteria to quantify and grant such allowances.~~

~~(f) Defining eligible projects for offset allowances under RSA 125-O:21, V, and establishing criteria to quantify and grant such allowances, including the accreditation of third-party verifiers.~~

~~(g) The forms and information required on applications for a temporary or operating permit required under RSA 125-O:22.~~

~~H. The public utilities commission shall adopt rules, under RSA 541-A, to administer the greenhouse gas emissions reduction fund pursuant to RSA 125-O:23.]~~

3 Compliance Dates. Amend RSA 125-O:9 to read as follows:

125-O:9 Compliance Dates. The owner or operator of each affected source shall comply with the provisions of this chapter, excluding the subdivision on mercury emissions, RSA 125-O:11 through 125-O:18, ~~[and the subdivision for CO2 emissions, RSA 125-O:19 through RSA 125-O:28,]~~ by December 31, 2006.

4 Non-Severability. Amend RSA 125-O:10 to read as follows:

125-O:10 Non-Severability. No provision of ~~[RSA 125-O:1 through RSA 125-O:18 of]~~ this chapter shall be implemented in a manner inconsistent with the integrated, multi-pollutant strategy ~~[or RSA 125-O:1 through RSA 125-O:18]~~ of this chapter, and to this end, the provisions of ~~[RSA 125-O:1 through RSA 125-O:18 of]~~ this chapter are not severable.

5 Compliance. The repeal of the regional greenhouse gas initiative program on January 1, 2012 under this act shall not affect each affected CO2 source's obligation to satisfy the program's requirements for the compliance period ending December 31, 2011, including those contained in adopted rules. All means of enforcement shall remain in place for these requirements, including the provisions of RSA 125-O:7 and any permit issued or modified by the department of environmental services in accordance with RSA 125-O:22, IV.

6 Utility Cost Recovery. All prudently incurred costs of complying with the requirements of the former regional greenhouse gas initiative program by an owner of an affected CO2 source that is a public utility pursuant to RSA 362:2 that provides electric distribution service pursuant to RSA 374-F shall be recoverable through the utility's default service charge in a manner approved by the public utilities commission.

7 Use of Funds. Notwithstanding the provisions of RSA 125-O:23, all moneys in the greenhouse gas emissions reduction fund as of July 1, 2011, and all subsequent moneys deposited into the fund, shall be allocated by the commission as an additional source of funding to electric distribution companies for CORE energy efficiency programs that are funded by system benefits charges.

8 Repeal. The following are repealed:

I. RSA 6:12, I(b)(272), relative to moneys deposited in the greenhouse gas emissions reduction fund.

II. RSA 125-O:3, III(d), relative to carbon dioxide cap.

III. RSA 125-O:19 through 125-O:28, relative to the regional greenhouse gas initiative.

9 Effective Date.

I. Sections 1-4, 6 and paragraphs II and III of section 8 shall take effect January 1, 2012.

II. Sections 5 and 7 of this act shall take effect upon its passage.

III. Paragraph I of section 8 of this act shall take effect January 1, 2013.

AMENDED ANALYSIS

This bill repeals New Hampshire's regional greenhouse gas initiative cap and trade program for controlling carbon dioxide emissions. This bill also clarifies how the moneys in the greenhouse gas emissions reduction fund may be used.

On a division vote, 232 members having voted in the affirmative and 52 in the negative, the majority committee amendment was adopted.

Rep. James Garrity offered floor amendment (0408h).

Floor Amendment (0408h)

Amend the bill by deleting section 6 and renumbering the original sections 7-9 to read as 6-8, respectively.

Amend the bill by replacing section 8 with the following:

8 Effective Date.

I. Sections 1-4 and paragraphs II and III of section 7 shall take effect January 1, 2012.

II. Sections 5 and 6 of this act shall take effect upon its passage.

III. Paragraph I of section 7 of this act shall take effect January 1, 2013.

Rep. James Garrity spoke in favor and yielded to questions.

Floor amendment (0408h) adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.

Reps. Kaen and Keans spoke against.

Rep. Pastor spoke against and yielded to questions.

Rep. James Garrity spoke in favor and yielded to questions.

Rep. Kaen moved Recommit and spoke in favor.

Rep. Jasper spoke against.

Rep. Norelli requested a roll call; sufficiently seconded.

and the majority committee report was adopted.
Referred to the Committee on Finance.

Gagnon, Raymond

Lefebvre, Benjamin

Schmidt, Andrew

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Jasper moved that the House reconsider its action whereby, on a roll call vote of 246-104, it adopted the majority committee report of Ought to Pass with Amendment on **HB 519-FN**, repealing New Hampshire's regional greenhouse gas initiative cap and trade program for controlling carbon dioxide emissions.
Rep. Jasper spoke against.

On a division vote, 90 members having voted in the affirmative and 257 in the negative, the motion failed.

MOTION TO PRINT DEBATE

Rep. Kaen moved that the debate on **HB 519-FN**, repealing New Hampshire's regional greenhouse gas initiative cap and trade program for controlling carbon dioxide emissions, be printed in the Permanent Journal.

Rep. Kaen requested a roll call; sufficiently seconded.

SULLIVANBowers, Spec
and the motion was adopted.

Howard, Thomas

Rep. Manuse voted Nay and intended to vote Yea.

DEBATE ON HB 519-FN

Majority committee amendment adopted.

The question being adoption of the majority committee report of Ought to Pass with Amendment.

Rep. James Garrity: Thank you, Mister Speaker. I move floor amendment (0408h) printed on page 305 in your calendar and I'd like to speak to my motion.

Speaker O'Brien: Rep. Garrity moves floor amendment (0408h) and is recognized to speak to his motion.

Rep. James Garrity: Thank you everyone. This is a friendly amendment and thank you, by the way, for passing the committee amendment a minute ago. Essentially what it does is remove paragraph six from the amendment that we just passed. It removes the utility cost recovery language and it makes the bill more consumer friendly. This is based on some feedback that I picked up while we were doing our executive session. Please vote green on this floor amendment. Thank you.

Speaker O'Brien: Will the member yield to a question? The member yields.

Rep. Kaen: Would the Representative be so kind as to explain the outcome with regard to potential taking with this amendment?

Rep. James Garrity: Good question. Good question. Yes, this is sort of standard language about utility cost recovery. The utility in question would be Public Service of New Hampshire (PSNH). Under RGGI.....Can I talk about RGGI?

Speaker O'Brien: If it is necessary to answer the question, Representative.

Rep. James Garrity: Under RGGI, there are different compliance periods in years so the first compliance period went 2009/2010/2011. PSNH had to purchase allowances to emit carbon for period one, but they also had the option in these RGGI carbon auctions to purchase allowances in the last few years for compliance period two, which is 2012/2013/2014. When we repeal RGGI, any of those allowances that PSNH has purchased, they will still have them so originally this language was put in to say that PSNH could recover the cost after RGGI is repealed for the allowances that they purchased when RGGI was in place. Having giving that some analysis, the reason I put this in was because PSNH has the opportunity, even if RGGI is repealed, to sell those allowances in the secondary carbon market. The feeling was they can try to recover their costs through the carbon market. They took the risk in the first place by buying ahead without being told they had to, so I would prefer to err on the side of the consumer because we work for the consumers, we don't work for the utilities.

Speaker O'Brien: Will the member yield for an additional question? The member does yield.

Rep. Kaen: Can you further explain who you consulted with before putting this amendment before the body and who agreed with you that this in fact, despite the fact that those allowances might be sold for less than they paid for them, under the provision that they were required to participate in this program by this legislature? In that event, you think that the company should eat those costs?

Speaker O'Brien: The member will suspend. The member is on to her third question. You might want to decide which question.

Rep. James Garrity: To be honest with you, anybody who does business in the public sector and does business in a regulated sphere or does business in a place where the government changes every once in awhile, by doing business in the public sector, you are taking a business risk that things will change. If you don't want to take those business risks, don't do business in the public sector. I called someone at the PUC and I called someone at PSNH to float the concept. Did they like the idea? Not necessarily, but again, I don't work for the PUC and I don't work for PSNH. Thank you.

Speaker O'Brien: The question before the House is the adoption of floor amendment (0408h). For what reason does the member rise? Will the member yield for another question? The member does yield.

Rep. Pastor: Thank you, Mister Speaker. This was Representative Kaen's third question, but it will be my first. Could you please tell us who did you consult with and whether they agreed with the change that you proposed or not?

Rep. James Garrity: I just did. I answered that. I told you I consulted with someone over at the PUC and someone at PSNH. Other than that, it was a legend in my own mind.

Speaker O'Brien: The question before the House is the adoption of floor amendment (0408h). Are you ready for the question? All those in favor, say Aye. All those opposed, Nay. The Ayes have it and floor amendment (0408h) is adopted. The bill is before the House on the committee recommendation on Ought to Pass with Amendment. The Chair recognizes Rep. Kaen of Lee for remarks.

Rep. Kaen: Thank you, Mister Speaker. Thank you, members of the House and in particular those whom I have known for many years and whom I greatly respect. Several careers ago, I worked as a "research officer" for a bank holding company. Just to give you a sense of how long ago that might have been, it was in the days when they gave out titles rather than pay and the overnight interest

rates were 21 to 23%, a little different from today. That was early in my career and my duties, in addition to regulatory compliance for the holding company, included reviewing the annual report to make sure that it went out error free. Well, I didn't have a lot of patience for that. I really had a lot of difficulty even punching numbers into a calculator and getting the same outcome twice, but I worked at it and I learned that it was a really important thing to get things right. You don't want to send something out to the public because it's your face to the world. It's your face to the world when you put something out in writing as yours and I would suggest to you that the legislation that we bring out of the Science, Technology and Energy Committee and then comes before this House and is voted on, you, each one of you should have the confidence as we have had in all the years that I can remember that good work came before it came to this House. It's our face to the world. HB 519-FN was heard in this Hall from 10:00 a.m. to 6:30 p.m. on one day. The next time the committee gathered to deal with this issue, and mind you a number of very intelligent members are new to this committee and new to the subject matter, though some of us have been around for quite some time; it's a complicated subject matter. The next time we met, we met to exec it, and how much discussion took place among committee members? Well, each of us had an opportunity, and I was called on first, to make one statement. There was no exchange across the table. There was no discussion so there was no opportunity for people new to these complicated regulatory issues to even hear and have an exchange about some of the very important objections some of them had to the current legislated RGGI. Well we are not good at forecasting the future, none of us, and you just ask those people on Finance or on Ways and Means if they can figure out where the economy is going to go next and get every single thing right and every estimate right. Maybe there are a few things that need to be tweaked in the process and I heard some really good, very good ideas around the table and I would love to take up those ideas, but there was no opportunity. So, what's the rush? We have a new program in place and it's been in place two years now and we had a raft of people come here and thank us. They testified what use this would have to them and their local communities and there is someone to speak after me about those particulars. I'm sticking to the process. The process included bringing it to this floor and we were given an amendment at the executive session with no chance really to read it or even consider its implications. That got voted on and it's the one on Ought to Pass as Amended. Now, we have another amendment. That, too, has not gotten any input as you just heard, other than the committee chairs. No exchange about the importance of the fact that New Hampshire ratepayers will continue to pay in rates, despite what you read in the press. What I read in the press this morning was absolutely incorrect, I assure you. A lot of the stuff that is coming in is from out of state. The robocalls are full of misinformation. These issues are complicated and should be taken up in the Science, Technology and Energy Committee where there is institutional memory, the connections to the agencies and the support of the Department of Environmental Services and the Public Utilities Commission, all of whom stand at our service to make the changes needed. So, what's the rush? Okay, it's an early bill. We are going to ramrod it through. We'll fix it in the Senate. I think we have a couple more bites at the apple. You think the Senate's got time to stop action and figure out what all the policy implications are? We didn't talk about the policy. What does Finance do? They look at the implications for the budget. They are not charged with looking at the \$17 million we will no longer be getting into the state to help reduce our ongoing electric rates. So, what's the rush? Is somebody holding a gun to our heads? Forcing us to jump off a cliff? Because that is what we are doing. We are jumping off a cliff without knowing what the consequences are. You know business people, they make decisions with imperfect information every day and that's because they have to. They have to because time is of the essence. They may lose an opportunity if they don't, but what do we have to lose by getting it right? What do we have to lose? That's all I would like you to think about at the moment. Please, let's do our work. Do we want the Senate to believe what we bring to them? They always have when it's come out of the Science, Technology and Energy Committee. What kind of precedent will this one be? Thank you for your attention and I thank all of you who I know will do the right thing.

Speaker O'Brien: The Chair recognizes Rep. Pastor from Lyme for remarks.

Rep. Pastor: Thank you, Mister Speaker. Thank you, Honorable colleagues. I have two opening statements. The first one is I rise in opposition to HB 519. The second one is that my remarks have a subtitle. The subtitle is let's cut to the chase. That's not going to be an easy task if you think of the 8 hours of testimony that we heard right here barely a week ago or if you look at the majority blurb which is probably the longest blurb I've ever seen in a house calendar. I shall try nonetheless. I could start by answering the basic question which is what is RGGI and as Rep. Kaen has pointed

out, it is not an easy question to answer and I will not try to answer it here for the very simple reason that the majority blurb gives you the exact mechanism of how RGGI functions. The issue of the locations, the issue of the allowances, who pays for them, who gets them and what happens with the money that is generated from the fund created by the utilities and electric companies buying the allowances. That's in the majority blurb. I think that instead we should concentrate on a different question or I will be happy to answer questions about what is RGGI if you want to really hear the answer. The question that I really think we have to focus on today is, has it worked? In answering this question, I would like to just tell you that in terms of the reduction of CO2 emissions and in terms of the savings for our businesses and residents, there are some figures out there and I'm going to very briefly quote some of those figures. During the first year reporting period, the executive summary of the New Hampshire Greenhouse Gas Emissions Reduction Fund claims that residents and businesses saved \$1.5 million in energy costs and that they reduced CO2 emissions by 4,600 metric tons. In the second year that extends from July 2010 to June 2011, they project \$4.2 million in savings for residents and businesses and a reduction of 13,200 tons of CO2. As a lifetime saving, meaning taking into account the way in which the funds generated are invested, they project that it will translate into a savings of \$60.6 million savings in energy cost and a reduction of almost 200,000 metric tons of CO2. Those are figures from the Greenhouse Gas Emissions Reductions Fund. They are supported by the figures that we have gotten from the Public Utilities Commission (PUC) and also from some other state agencies. I will not clutter your mind with figures. These are almost the only figures you are going to hear. I will go to the second point, the second issue that is brought up with the discussion with RGGI when one asks has it worked. There is no question that the proceeds from the auctions, that is the RGGI fund, have allowed the state to increase energy efficiency in public buildings, to allow private residents to increase energy efficiency in their own homes, to support cost effective renewable retrofits like the solar water heaters that were supported last year with a program that was run with RGGI funds through the PUC and the Office of Energy and Planning. There is no question that they have allowed us to create new jobs in retrofitting and weatherization at a time when the building industry is really dragging in the state. All that is verifiable. I will not give the figures. If you want the figures, after the session I will be happy to direct you to the places where you can get all that specific information. So, it has fulfilled its original goals. The question is why repeal it? Why are we trying to repeal RGGI if has done all those things? The majority blurb says because it has been raided and it says we told you so. We said at the time that it was set up, the fund, that it could be raided for the general fund and that happened last year. If this is the case, if this is the reason, the solution is surely not to repeal the program, it's to fix it. It's to amend the statute so that that becomes impossible and let me tell you, there will be a lot of Democratic support for that fix. The second reason that is brought up by the majority blurb is, "Because RGGI should never have been enacted to begin with. The science of climate change was far from settled." We've heard that argument over and over again, but that was then and this is now. There is considerable scientific evidence tying CO2 emissions to accelerated climate change. In fact that is, as of now, the dominate position of the scientific community in the US and internationally. Let's face it. There are those who don't believe it. We heard them in testimony during the hearings and we talk to them regularly in committee and elsewhere. This is what I am going to propose. Let's for the sake of the argument give equal weight to both positions. The position that believes in the CO2 connection to climate change and the position that says that climate change is a result of sun cycles or other natural cycles and that we have nothing to do with it. If we do that, if we say that they can be equally right or equally wrong, that moves us into what I would call the uncertainty scenario. The problem is that in the face of that supposed uncertainty the risks of doing nothing are just too great. If the predictions about CO2 related accelerated climate change are correct and we do nothing, by the time we see unquestionable proof the damage may be well catastrophic and what is worse, irreversible. That's it. Now, let me give you an analogy on an uncertain scenario to put this into perspective. There was never any scientific evidence or certainty that the Russians were going to nuke this country during the cold war. There was never any scientific evidence and there was a great deal of uncertainty, yet every US President worth his salt prepared carefully for that possibility in order to minimize the damage. That is common sense and good risk management. It was a wise decision then just as it is a wise decision now to take protective measures against an uncertain but very possible disaster and if you are skeptical about the analogy with the President there is always Noah, isn't there? After all, Noah was in the same position. He was told there was a natural disaster about to occur and he was faced with uncertainty and

he didn't know for sure whether it was going to occur or not. He could have looked out of the window and said it doesn't look like it is going to rain and he could have said I don't think that makes sense because it hasn't happened before. He made a different story and he decided to build the Ark and he saved the human race. So, in the face of the reality of making decisions in an uncertainty scenario, I think that what we see is that just as the first reason to repeal RGGI did not hold much water because it amounted to throwing the baby away with the bath water, the second one doesn't hold much water, because acting as though we are certain that something is not going to occur when in fact there is reasonable evidence that it might occur, is an argument for accepted risk taking. When all is said and done there is yet another fundamental reason not to support HB 519 and repeal RGGI and that is a purely economic reason. Listen to our Governor, "Withdrawing from RGGI would have real costs for New Hampshire. Ratepayers would continue to pay \$6 million in additional electricity rate. We would lose more than \$12 million of funding annually." What this means is very simple. What this means is that from a purely economic view, the people of NH, I and you who will be voting on HB 519 today, only have two options. The first option would continue to pay for RGGI and reap its economic benefits which are estimated at roughly \$12 million. The second option would continue to pay for RGGI because we are tied to RGGI for as long as we are tied to ISO and that is regional structure and even though we continue to pay for RGGI we give up all the revenues which we fund to subsidize the ratepayers of other states. Those are our two real choices in this economic time. It seems to me that even in good economic times, giving up \$12 million is not a good proposition. In our current situation it seems foolish and bad. So, think about it, please. Think about it and think about the President of the US during the cold war and think about Noah and his boat and his ducks, and his cows and his elephants and think about the reality, not the rhetoric of the very simple choice you are faced with today and please when you have thought about all this, maybe not the boat and the duck, but the rest. When you've thought about all this, press the red button in opposition to HB 519 so that we can move to recommit the bill and we can study according to the process that Representative Kaen outlined earlier. Thank you for your attention.

Speaker O'Brien: Will the member yield for a question. The member does yield. Rep. Tamburello, you may ask your question.

Rep. Tamburello: Thank you, Mister Speaker and thank you Representative for taking my question. I just have a quick inquiry if you don't mind. The cow bill that we recently voted on today, some people in here recognized some research indicates that cows emit more damage to the environment than human activity does. Would you advocate for carbon credits to be required for dairy farmers?

Rep. Pastor: Do you really want me to answer this question seriously? I will. Would I advocate that? Not at this point, because at this point I am dealing with one very specific issue. That issue is RGGI. As much as I love cows, I don't think that the analogy between the cows and the consumption of fossil fuels really bears scrutiny, not serious scrutiny anyway.

Speaker O'Brien: Does the member yield for another question? The member does yield. Rep. Flanagan, you may inquire,

Rep. Flanagan: Thank you, Mister Speaker. Thank you for taking my question. The question is rather simple. If these projects are so good and have such a great return, why are we paying for it? Why aren't the people who are receiving the benefit paying for this out of their own pockets?

Rep. Pastor: You mean why is the state giving grants to allow our citizens to carry out energy efficiency improvements?

Rep. Flanagan: Correct. If it is so beneficial, why are we paying for it?

Rep. Pastor: For the same reason that states try to do things for the common good whenever they can. I think that citizens have to help themselves, but it has been the traditional function of states to try to fund things for the common good and if the state decides that cutting carbon emissions, reducing energy costs, breaking our dependency on foreign oil and protecting the planet are causes for the common good, it makes sense for the state to support them.

Speaker O'Brien: Does the member yield to a follow up question. The member does yield.

Rep. Flanagan: Thank you, Mister Speaker. Thank you for taking my question. So the lights that we are installing in Brookline are for the common good?

Rep. Pastor: Could you repeat the question please?

Rep. Flanagan: Brookline received a grant through RGGI for putting in new light fixtures. How is that for the common good?

Rep. Pastor: Well, any collective action that we take to reduce our energy consumption is going to free us from dependency on fuel that we do not produce, not in the state of New Hampshire and

if only in this economic way it makes sense and that is without even talking about the international issues that tie that reduction to what could be national security issues and that's part of the picture.

Speaker O'Brien: Does the member yield for another question? The member does yield.

Rep. Kaen: Representative, wouldn't you also say that every one of us who saves energy, fails to use it, contributes in that we all don't have to then pay for new power plants?

Rep. Pastor: Yes, I would say that.

Speaker O'Brien: The question before the body is on the majority committee report of Ought to Pass with Amendment. The Chair recognizes Representative Keans from Rochester.

Rep. Keans: Thank you, Mister Speaker. Mister Speaker I rise in opposition to the pending motion and in favor of the minority report of inexpedient to legislate. Mister Speaker, I have been around this House a long time and during all of those years, there have been many important battles. Sometimes I was on the winning side and often on the losing side, however, I always left this chamber believing the issue had had a fair debate on this very floor. Monday was quite an eye opener. I have never seen such a cowardly perpetration pulled on the vulnerable citizens.....

Speaker O'Brien: The member will suspend. The member will reserve her remarks to the merits of the bill and not any motivation or actions of a member.

Rep. Keans: This has nothing to do with the motivations of the bill, Mister Speaker. If you will let me continue Mister Speaker you will find out who I am referring to.

Speaker O'Brien: Then please proceed without referring to the motives of a member or characterizing their actions.

Rep. Keans: This is not the motives of the bill, but I can assure you that on Monday, many, many vulnerable citizens of my district and I assume some other districts as well had phone calls and I think it's quite ironic on President's Day, just think of that. I wonder what George Washington would have thought of those tactics, sleazy as they are. On Monday.....

Speaker O'Brien: The member will suspend. The member will heed the instructions of the Chair in her remarks from this point on. Please proceed.

Rep. Keans: On Monday I received in excess of two dozen robocalls that I can verify and I actually spoke to six individuals, senior citizens, from my district. Some knew the bill number, others did not. No one knew my phone number and they didn't know my name. Each had received a call from someone they didn't know and with no discussion or explanation were told if they wanted to prevent their electric bills from going up, just push number one on their phone. What a surprise when two of them I actually spoke to and identified myself to, realized, "Oh my gosh, I know you." This was an insidious act to frighten those folks in my district and it was wrong, Mister Speaker. This is not the way we practice democracy in New Hampshire. All the citizens of this state as well as in my district deserve better and I ask you to defeat this bill. Thank you.

Speaker O'Brien: The question before the House is on the majority committee recommendation of Ought to Pass with Amendment. The Chair recognizes Representative Garrity of Atkinson for remarks.

Rep. James Garrity: Thank you, Mister Speaker. Thank you fellow members and I rise in support of this bill as amended and will be asking you to press the green button. Mister Speaker, let me start off by saying that I am so honored to be the Chairman of a committee that has eighteen really, really sharp people. It doesn't matter what party they are from. These folks are top notch and I'm not the brightest florescent bulb in that tree, but I do get the benefit of being with them and working with them so I have intense respect for all of them. I am also very much aware that as a Chairman you never stop learning how to do your job better, how to learn from experience and I promise all of you I will never stop learning and trying to be a better Chair and do my job better. Mister Speaker, three years ago when RGGI was approved, I was on this floor arguing against it and the good Representatives were arguing for it. Three years ago when RGGI was approved, the rallying cry was "We must join RGGI or the planet will dry up." Here we are three years later and the rallying cry we've heard from the public hearing and from the emails and everything else is, "We can't lose RGGI or the money will dry up." It's become apparent to all of us, most of us, that RGGI was never really all about the climate, it's all about the money. RGGI involves three kinds of science. RGGI should be repealed now because we should never have joined in the first place. RGGI should be repealed now because its passage three years ago rested on shaky climate science, namely the global warming apocalypse was coming and RGGI would help stop it. The majority believes that climate science is still far from settled. The majority realizes that RGGI is not about the climate. RGGI is all about the money. RGGI should be repealed now because it rests

on shaky economics science, namely that the government should collect some money from all of us to redistribute that wealth to a few of us. The majority believes that our constituents' money should remain in their pockets to be spent, saved or invested as they see fit. After all, it's their money, not the governments'. The majority believes that RGGI was a stealth tax hidden in our electric bills. The majority believes that RGGI created the illusion of free money to those who benefited from its funds, but you and I all know there is no such thing as free money. RGGI should be repealed now because it rests on shaky political science, namely that bigger government is better government, that mandates are better than markets, that multi-state entangling alliances are better than New Hampshire citizens finding New Hampshire solutions to New Hampshire challenges. The majority believes in shrinking the scope, size and cost of government, not growing it. The majority believes that New Hampshire should declare its independence from the RGGI alliance so I ask you to think green when you vote. Vote to keep the green hard-earned money in our constituents' pockets. Vote to make other RGGI states green with envy when they hear we have left and vote to repeal the cap and trade scheme by pressing the green button. Thank you.

Speaker O'Brien: Will the member yield for a question? The member does yield.

Rep. Kaen: Thank you, Mister Speaker. Representative, do you believe that it is possible for New Hampshire to cut itself off from the regional electric supply?

Rep. James Garrity: No, it's not possible to do that. It is possible for New Hampshire to take care of its own carbon. In fact, you know that New Hampshire had a clean air bill that came way before RGGI that dealt with carbon. RGGI took that over so the next step after we repeal RGGI is to update our clean air act. Thank you.

Speaker O'Brien: Does the member yield for another question? The member yields.

Rep. DiPentima: Thank you, Mister Speaker and thank you Representative Garrity for taking my question. In a broader scope, do you believe that climate change is an issue that this legislature should be addressing through legislation separate from the issue of RGGI?

Rep. James Garrity: Should climate change be an issue that we are addressing through legislation? Yes, we should be really seriously looking to see whether this whole hype has any teeth to it.

Speaker O'Brien: The question before the House is the adoption of the majority committee report of Ought to Pass with Amendment. Representative Jasper requests a roll call. Is that sufficiently seconded? It is sufficiently seconded. This is a roll call vote. Members will please take their seats. For what reason does the member rise?

Rep. Kaen: To make a motion of a higher order.

Speaker O'Brien: The member is recognized for a motion. Please state your motion.

Rep. Kaen: Mister Speaker, I move to recommit HB 519 to the Committee on Science, Technology and Energy.

Speaker O'Brien: The House will come to order. The motion before the House is to recommit. Does the Representative wish to be heard on her motion?

Rep. Kaen: Mister Speaker and members of the House, an issue of this importance deserves a lot of consideration. It has received hardly any and I do appreciate you all listening, but I wonder if you've heard all sides of the issue. One needs committees to banter about the consequences of our actions. One seldom achieves that talking to 400 people in a Hall or 399 without me. You've probably come here with your priorities and I don't blame you, but I think each of us understands how important committee work is and I am implore you to keep the respect of this House and not just pass the issue over the wall. Thank you.

Speaker O'Brien: The Chair recognizes Representative Jasper for remarks.

Rep. Jasper: Thank you, Mister Speaker. If I know....I know its part of a speech, but it's still part of the question. I know that this is the last day and you all need to know that this is the last day that we can act on this bill because it is an early bill and will be going to a second committee and the effect of this motion would be to kill it. We have also heard nothing here today that would cause us to recommit this bill. This came out of committee with a strong vote of 2 to 1 to pass it with the amendment. There is no reason that we should not do that. Let's deal with the vote, with the bill, get an up or down vote on this and not play games such as this. Thank you, Mister Speaker.

Speaker O'Brien: The question before the House is the motion to recommit. Are you ready for the question? I heard a roll call. Representative Norelli requests a roll call. Is that sufficiently seconded? It is sufficiently seconded. This is a roll call vote. Members will please take their seats. The House will come to order. The question is on the motion of Representative Kaen to recommit. This is a roll call vote. The Chair recognizes Representative Jasper for a parliamentary inquiry.

Rep. Jasper: Thank you, Mister Speaker. If I know that there is no reason to recommit this bill and Mister Speaker, if I know the effect of recommitting it would be to prevent us from acting on it this year, would I now vote no by pressing the red button?

Speaker O'Brien: The question before the body is the motion to recommit HB 519 to the Committee on Science, Technology and Energy. The Chair recognizes Representative Norelli for a parliamentary inquiry.

Rep. Norelli: Thank you, Mister Speaker. If I know as an alumna of the great Science, Technology and Energy committee, aware of the wonderful and in-depth work they do on very complex issues, if I know that recommitting this bill to that committee would give them the opportunity to do the serious work that really needs to be done on this bill, regardless of the time deadline, but knowing that the work would be the right work, would I now vote green to recommit this bill to the committee?

Speaker O'Brien: The question is on the motion of Representative Kaen to recommit. This is a roll call vote. If you are favor of recommitting, you will press the green button. If you are opposed, you'll press the red button. Voting stations are open for 30 seconds. The House will be attentive to the state of the vote. 100 members having voted in the affirmative, 250 in the negative, the motion fails. The question before the House is the adoption of the majority committee report of Ought to Pass with Amendment. This is a roll call vote. You are in your seats. The Chair recognizes Rep. Levasseur for a parliamentary inquiry.

Rep. Levasseur: Thank you, Mister Speaker and members of the House. If you know as I know that the process by which we vet all legislation is critical to the democratic process and if you know as I know that this bill was not given the attention and the diligence that is demanded by that process when it is due to an issue of this magnitude? If you know as I know that the committee voted on this bill without fully understanding all of the implications, without a fiscal note before the true economic impacts of RGGI repeal are fully known and if you know as I know that repealing RGGI will not lower electrical rates, it will not save any ratepayer money, but it will slow job growth in the state, it will cause a loss of millions of dollars of efficiency grants and of leverage funds and that these facts alone make repealing RGGI a net loss for our state? If you know as I know that a government that moves too quickly and without all the facts is a government that makes mistakes and causes harm to its people, please push the red button and overturn the committee report?

Speaker O'Brien: The question is on the adoption of the majority committee report of Ought to Pass with Amendment. The Chair recognizes Representative Jasper for a parliamentary inquiry.

Rep. Jasper: Thank you, Mister Speaker. If I believe that neither man nor cow was responsible for global warming and I know this because I read the 1941 US Department of Agriculture report called *Climate and Man* that explained 70 years ago exactly what we could expect and I know that they were on the mark 70 years ago and they were not attributing it to man, they were attributing it to a natural cycle? Mister Speaker if I know that this committee did take the time they needed because we adopted the comprehensive amendment that they put forward and Mister Speaker if I know that what is really behind RGGI is in fact the money and that if I am not in favor of redistributing the wealth would I now push the green button and vote yes to adopted the committee report?

Speaker O'Brien: This is a roll call vote. If you are in favor of the adoption of the majority committee report of Ought to Pass with Amendment, you'll press the green button. If you are opposed, you'll press the red button. Voting stations are open for 30 seconds. The House will be attentive to the state of the vote. 246 members having voted in the affirmative and 104 in the negative, the committee report is adopted. Under the rules of the House, HB 519-FN is referred to the Committee on Finance.

REGULAR CALENDAR (CONT'D)

HB 612, establishing a commission to study existing septic systems and potential new septic technologies. **INEXPEDIENT TO LEGISLATE.**

Rep. Frank R. Holden for Science, Technology and Energy: The majority of the committee believes that studying existing septic systems and potential new designs should be done without establishing a special commission. The objective of this bill could best be accomplished by the lakes management advisory committee which has the expertise. Other concerned parties could be included on an ad-hoc basis. Vote 17-1.
Committee report adopted.

HB 208-FN-L, providing additional per pupil funding for pupils in certain public schools. **INEXPEDIENT TO LEGISLATE.**

Rep. David W. Hess for Special Committee on Education Funding Reform: The sponsor and supporters of this bill presented persuasive information concerning the diseconomies of scale for our small and very small schools that is consistent with what educational consultants have advised legislative study commissions over the years. However, these same educational consultants have also consistently advised us not to provide supplemental state aid for costs associated with smaller schools. This bill, while well-intentioned, demonstrates the difficulties of quantifying these increased costs by arbitrarily setting the amount of such supplemental aid and by arbitrarily setting the size of the schools to which this aid would be extended. In addition, this bill carries an estimated cost of almost \$8 million with no suggestion to where other education spending can be cut to fund this cost. Finally, the committee believes that this and other bills directed at specific components of state aid to education should be considered within a comprehensive review and discussion of this subject, which is ongoing. Vote 11-2.

Committee report adopted.

HB 238-FN-A, relative to the assessment of the education tax by towns and cities. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Andrew Renzullo for the Majority of Special Committee on Education Funding Reform: This bill requires municipalities to assess the education tax on residential and commercial property only after applying a \$100,000 exemption to the valuation. This has the intended consequence of shifting the tax burden to higher value properties. According to the sponsors own figures (unverified by the committee), the break-even point would be a house valued at \$600,000. Homes of lesser value would have a lower percentage tax, while homes of greater value would have a higher percentage tax. This is the first step toward a graduated property tax. It is an attempt to shift the tax burden to those who are apparently more affluent, or, in other words, "those who can afford it." On philosophical grounds, this is class warfare and is unacceptable. On a practical level, redistribution of the real estate tax could impose significant unintended hardship. In the southern tier, many homes have doubled, tripled or even quadrupled in value over the years. People who bought moderately priced homes years ago, and are now living on fixed retirements, have homes of high assessed value. They cannot, and should not, be required to pay the taxes of others. And finally, this legislature is looking to make changes in education funding. The education tax (state wide property tax) may or may not be part of any comprehensive plan. Thus any tinkering with the tax structure is, at best, premature. In this case, the tinkering is ill-advised and would result in negative consequences. Vote 10-3.

Rep. Gary B. Richardson for the Minority of Special Committee on Education Funding Reform: This bill would provide an exemption of \$100,000 from the State Wide Education Property Tax (SWEPT) from the assessed valuation for one principal structure per lot used for residential or commercial purposes. The proposal is revenue neutral meaning that the amount raised by the SWEPT for education would remain unchanged. The exemption would cause an increase in the tax rate from \$2.325 per thousand to \$2.77 per thousand, but would result in a reduction in taxes for small businesses and residents owning property assessed at less than \$625,000, and a minor increase for those residents and businesses assessed at more than \$625,000. For example, a residence or business assessed at \$1 million would see an increase of \$165 annually. The minority believes that this bill would assist people to find basic housing at an affordable cost and encourage small businesses that are the backbone of our economy.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Reps. Hatch and Gary Richardson spoke against and yielded to questions.

Rep. Renzullo spoke in favor.

Rep. Ball requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

HB 231-FN, relative to payment of state retiree medical benefits for spouses and dependents.
BOUGHT TO PASS WITH AMENDMENT.

Rep. Neal M. Kurk for Special Committee on Public Employee Pensions Reform: The amendment replaces the bill. The bill, as amended, requires state retirees to pay more for their medical benefits. At present, retirees under 65 pay \$65 per month of the \$910 monthly premium; the state picks up the balance. Retirees over 65, who are on Medicare, pay the state nothing toward the \$353 monthly premium for their Part B Medigap coverage. The statute providing for these benefits, RSA 21-1:30, states that the benefits are subject to appropriations. The bill, as amended, requires retirees to pay a larger portion of the monthly premiums. It sets up sliding premium scales, so that those with lower monthly pensions pay less toward their medical benefits and those with higher monthly pensions pay more. The sliding premium scales differ for retirees under 65 and those over 65, with those under 65 paying for a greater portion of their medical benefits than those over 65, as the committee believes retirees under 65 have more options available to them to offset the increased premiums. The bill, as amended, is intended to reduce the state's share of retiree medical benefit costs by approximately 25%, or about \$10 million per year in general funds. Should the increased premiums not save that amount, the department of administrative services is required to reduce the level of plan benefits such that the total of the additional premiums paid by retirees and the lower cost of the reduced plan benefits equals that amount. Vote 9-4.

Amendment (0317h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to payment of medical benefits for state retirees, their spouses, and dependents.

Amend the bill by replacing all after the enacting clause with the following:

1 State Retiree Medical Benefit for Retiree, Spouse, and Dependents. Amend RSA 21-1:30, I to read as follows:

I. The state shall pay a premium *toward group hospitalization, hospital medical care, surgical care and other medical benefits plan or a self-funded alternative within the limits of the funds appropriated at each legislative session and providing any change in plan or vendor is approved by the fiscal committee of the general court prior to its adoption* for:

(a) Each state employee and permanent temporary or permanent seasonal employee as defined in RSA 98-A:3 including spouse and minor, fully dependent children, if any, and

(b) *Pursuant to the extent of eligibility under paragraph I-a*, each retired employee, as defined in paragraph II of this section, and his or her spouse, or retired employee's beneficiary, only if an option was taken at the time of retirement and the employee is not now living[~~toward group hospitalization; hospital medical care, surgical care and other medical benefits plan or a self-funded alternative within the limits of the funds appropriated at each legislative session and providing any change in plan or vendor is approved by the fiscal committee of the general court prior to its adoption~~].

I-a.(a) For each calendar year the state shall pay a percentage of the premium for each retired employee, as defined in paragraph II of this section, and his or her spouse, or the retired employee's beneficiary until such retiree, spouse, or beneficiary attains 65 years of age, calculated as follows:

(1) Divide the average annual state retirement annuity income of group I or group II, as the case may be, as of June 30 of the year prior to the beginning of the calendar year by the annual state retirement annuity income of the retiree,

(2) From the result, subtract .7 and multiply by 100 to express as a percentage; provided that the resulting percentage shall never exceed 100 nor be less than 0.

(b) For each calendar year the state shall pay a percentage of the premium for each retired employee, as defined in paragraph II of this section, and his or her spouse, or the retired employee's beneficiary, from 65 years of age and older, calculated as follows:

(1) Divide the average annual state retirement annuity income of group I or group II, as the case may be, as of June 30 of the year prior to the beginning of the calendar year by the annual state retirement annuity income of the retiree,

(2) From the result, subtract .4 and multiply by 100 to express as a percentage; provided that the resulting percentage shall never exceed 100 nor be less than 0.

(c) The amount of premium paid pursuant to subparagraphs (a) and (b) shall be reduced by the percentage determined by multiplying 1.67 percent by the number of whole years that the retiree's creditable state service is less than 30 years for group I retirees and 2-1/2 percent by the number of whole years that the retiree's creditable state service is less than 20 years for group II retirees. For split benefit retirement under RSA 100-A:19-a – 19-h, the applicable percentage and years of creditable state service shall be proportionally adjusted according to the amount of service in each group.

I-b. The total cost to the general fund for the benefit provided in subparagraph I(b) and calculated under paragraph I-a shall not exceed \$30 million, including the administrative costs of the department, in each fiscal year of a biennium. If in any calendar year the total general fund cost of the retiree medical benefit as calculated pursuant to paragraph I-a is projected to exceed that amount, the commissioner of the department of administrative services shall, with the prior approval of the fiscal committee of the general court, adjust the plan design of the group hospitalization, hospital medical care, surgical care and other medical benefits plan or the self-funded alternative to reduce the cost of the benefit to that amount.

I-c. Funds appropriated for [this] the purpose described in this section shall not be transferred or used for any other purpose.

2 New Paragraph; Medical Benefits; Deduction Authorized. Amend RSA 21-I:30 by inserting after paragraph V the following new paragraph:

VI. If the cost of the premium for any retired employee, spouse, or beneficiary entitled to benefits under this section shall exceed the maximum amount payable by the state, the excess cost shall be paid by the retiree or qualified spouse or beneficiary and shall be deducted from retirement benefits. The state shall require, as a condition for coverage, that such excess cost be deducted from retirement benefits. In the event the retiree's monthly allowance is insufficient to cover the certified contribution amount, the retirement system shall so notify the department of administrative services, which shall invoice and collect from the retiree the remaining contribution amount.

3 New Section; Medical Benefit Subsidy. Amend RSA 100-a by inserting after section 53-e the following new section:

100-A:53-f Limitation of Medical Benefit Subsidy. Notwithstanding any provision of this subdivision to the contrary, the maximum amount payable by the retirement system pursuant to this subdivision on account of each eligible person shall not exceed the amount determined under RSA 21-I:30 for any state retiree, his or her spouse, or such retired member's beneficiary.

4 Repeal. RSA 100-A:54, III, relative to the deduction from retirement allowances of a premium contribution amount, is repealed.

5 Effective Date. This act shall take effect July 1, 2011.

AMENDED ANALYSIS

This bill provides that the payment by the state of the premium for the medical benefit for state retirees, their spouses, and dependents shall be calculated according to a formula and subject to a limit on total state general fund cost.

Rep. Sedensky moved Recommit and spoke in favor.

Adopted.

Recommitted to the Special Committee on Public Employee Pensions Reform.

Rep. Lars Christiansen declared a conflict of interest and did not participate.

HB 590, declaring unconstitutional under the federal Constitution the offering of federal grants-in-aid relating to matters not included among the defined powers of the federal government and declaring unconstitutional under the New Hampshire constitution their acceptance in such circumstances, and establishing a committee to review state participation in federal grant-in-aid programs. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.** Rep. Steven L. Cunningham for the Majority of State-Federal Relations and Veterans Affairs: The committee determined that this bill brings an appropriate resistance to encroachments on the state of New Hampshire by the federal government in areas exceeding the constitutional powers of the federal government. This will allow New Hampshire, through a joint committee, to review grants-in-aid to determine their constitutionality. Vote 8-2.

Rep. Robert L. Theberge for the Minority of State-Federal Relations and Veterans Affairs: This bill would create a committee to review whether every grant-in-aid program, at every level of state government (municipal, county and, state) that currently exists should be retained and/or funded with town, county or state money rather than federal. By not accepting federal grants-in-aid, towns, counties and the state, wishing to have the respective program in place, would have to increase revenues through an increase in property taxes. The latter would render New Hampshire less competitive and less attractive to companies wanting to locate and/or expand in the Northeast. The legislation also fails to identify any specific program for review. As a result, the jurisdiction of the committee is overly broad and would cause a waste of legislative and executive branch resources. In addition, rather than directing an objective review of grant-in-aid programs, the language of the bill labels grant-in-aid programs as "unconstitutional encroachments" on the sovereignty of New Hampshire that amount "to all intents and purposes of bribing the state of New Hampshire". This language makes it clear that the motivation for the bill is political ideology rather than an objective analysis of grant-in-aid programs.

Majority Amendment (0293h)

Amend the title of the bill by replacing it with the following:

AN ACT expressing the position of the New Hampshire general court that the offering and acceptance of federal grants-in-aid relating to matters not included among the defined powers of the federal government is unconstitutional under the state and federal Constitutions and establishing a committee to review state participation in federal grant-in-aid programs.

AMENDED ANALYSIS

This bill expresses the position of the New Hampshire general court that federal grants-in-aid relating to matters not delegated to the government of the United States by Article I, Section 8 of the federal Constitution is an unconstitutional exercise of federal authority and that acceptance by the state of New Hampshire an unconstitutional surrender of its sovereignty contrary to Part First, Article 7 of the New Hampshire constitution. The bill also establishes a committee to review state participation in federal grant-in-aid programs.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Reps. Theberge and Kris Roberts spoke against.

Rep. Cunningham spoke in favor.

Rep. Gary Richardson requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

Referred to the Committee on Constitutional Review and Statutory Recodification.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Renzullo moved that the House reconsider its action whereby, on a roll call vote of 261-90, it adopted the majority committee report of Ought to Pass with Amendment on **HB 468-FN**, relative to assessments for aquatic resource compensatory mitigation. Motion Failed.

REGULAR CALENDAR (CONT'D)

HCR 19, affirming States' powers based on the Constitution for the United States and the Constitution of New Hampshire. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Alfred P. Baldasaro for the Majority of State-Federal Relations and Veterans Affairs: The Committee feels that this resolution restates and affirms the powers of the States and the people as codified in the Tenth Amendment to the Constitution for the United States. It builds upon the position of James Madison and Thomas Jefferson that it is the states and not the federal government that have the power to interpret the Constitution for the United States; "The government can not be exclusive or final judge of its delegated powers much less those it delegates to itself, for that would makes its own discretion and not the Constitution the measure of its power". It relies upon, draws upon the Constitution of New Hampshire, the Constitution for the United States and Court opinions to reinforce that opinion. It outlines actions by the federal government that are clear usurpations of power or derelictions of duty. It concludes by urging our sister states to join us in restoring our union by engaging in our duty to enforce the limitations of the Constitution upon the government of the United States. Vote 10-2.

Rep. Theodoros V. Rokas for the Minority of State-Federal Relations and Veterans Affairs: The minority appreciates that this resolution does not deal with succession and respectfully disagrees as to what areas and to what extent the federal government is "over reaching" its' authority. This resolution seeks to reaffirm states rights based on the principles set forth in the Kentucky and Virginia Resolutions of 1798. The minority further affirms that any constitutional acts of congress is well defended by the courts and that the New Hampshire legislature is not the proper tribunal to determine the constitutionality of the laws or powers of the federal government.

The question being adoption of the majority committee report of Ought to Pass.

Rep. Itse spoke in favor and yielded to questions.

Rep. Rokas spoke against and requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

Referred to the Committee on Constitutional Review and Statutory Recodification.

HCR 23, urging the New Hampshire congressional delegation to support earmarks for the Portsmouth Naval Shipyard. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.**

Rep. Alfred P. Baldasaro for the Majority of State-Federal Relations and Veterans Affairs: The committee disagrees with the use of the shipyard as a political ploy to get one side voting against earmarks to show we do not support the Portsmouth naval shipyard. For the record, we do not know one representative who does not support the funding of the navy ship yard and felt that we will not be used as political pawns by supporting a resolution where the president, U.S. senate and congress all came out against earmarks. The minority wanted us to amend the reference from "earmark" to "funding," but we all know the shipyard is being funded. Vote 8-3.

Rep. Theodoros V. Rokas for the Minority of State-Federal Relations and Veterans Affairs: The minority feels that supporting the Portsmouth naval shipyard is a vital economic interest for the state of New Hampshire and for the national security of the United States. The minority also feels that by not passing this resolution the legislature will be sending the wrong message to congress, that the Portsmouth naval shipyard is not a priority for the citizens of New Hampshire.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Reps. Rokas and Keans spoke against.

Rep. Pierce spoke against and yielded to questions.

Reps. Baldasaro and Vaillancourt spoke in favor and yielded to questions.

MOTION TO LAY ON THE TABLE

Rep. Cali-Pitts moved that **HCR 23**, urging the New Hampshire congressional delegation to support earmarks for the Portsmouth Naval Shipyard, be laid on the table.

On a division vote, 141 members having voted in the affirmative and 186 in the negative, the motion failed.

The question now being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Patrick Garrity requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

Gagnon, Raymond

Lefebvre, Benjamin

HR 8, urging the New Hampshire congressional delegation to sponsor and support a constitutional amendment to re-establish the authority of the states and Congress to regulate campaign spending by corporations. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Daniel J. Tamburello for the Majority of State-Federal Relations and Veterans Affairs: A constitutional amendment as requested by the bill is unnecessary and politically motivated. If there is an issue that needs to be addressed it should be submitted as a bill that results in a state law and not request a constitutional amendment. Vote 8-3.

Rep. Robert L. Theberge for the Minority of State-Federal Relations and Veterans Affairs: The issue of money in politics pits fundamental constitutional rights against each other. On the one hand, we have the right to spend our own money to influence voter opinion. But on the other, the voters have an equally fundamental right to cast an educated ballot. An ill-informed electorate, Thomas Jefferson taught us, puts democracy and self-governance at grave risk. Before the US Supreme Court's opinion in Citizens' United v. FEC, the constitution gave Congress and the states the authority to strike this balance in the voters' favor. Citizens' United stripped the voters of their rights so that corporations can enjoy theirs. After Citizens' United, 2010 campaign spending by outside groups quadrupled over prior years' spending. Some of that new money came from foreign interests because of Citizens' United and the path to American citizenship that it created. Under Citizens' United, foreign special interests need only spend a few hundred bucks to form a US corporation to earn the same right as any other American corporation to spend money to influence our elections. No doubt this is part of the reason why 80% of Americans oppose Citizens' United and want constitutional authority restored to Congress and the states. HR 8 simply urges our congressional delegation to work to restore the people's right to free and fair elections.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Pierce spoke against.

Rep. Tamburello spoke in favor.

Majority committee report adopted.

MOTION TO AMEND COMMITTEE REPORT STATEMENTS

Rep. Pierce moved that the committee report statements on **HCR 23**, urging the New Hampshire congressional delegation to support earmarks for the Portsmouth Naval Shipyard and **HR 8**, urging the New Hampshire congressional delegation to sponsor and support a constitutional amendment to re-establish the authority of the states and Congress to regulate campaign spending by corporations, be amended for the Permanent Journal.

Rep. Pierce spoke in favor.

Rep. Baldasaro spoke against.

On a division vote, 79 members having voted in the affirmative and 234 in the negative, the motion failed.

REGULAR CALENDAR (CONT'D)

HR 9, supporting earmarks for public safety. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.**

Rep. Frank H. McCarthy for State-Federal Relations and Veterans Affairs: Although the committee believes that the safety of communities in New Hampshire is of the utmost importance, the committee is adamantly opposed to the use of earmarks. No evidence was introduced indicating funding in this area is in danger. Also, the committee felt that the issues mentioned in this bill are of less importance in our rural state and issues such as health and education were totally ignored. Vote 8-3. Rep. Theodoros V. Rokas for the Minority of State-Federal Relations and Veterans Affairs: The minority understands the importance of public safety programs which include not only law enforcement at every level but also impact fire fighters, EMT's and etc. Passing this resolution would ensure the security and social welfare of our constituents.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Long spoke against and yielded to questions.

Rep. Frank McCarthy spoke in favor and yielded to questions.

Rep. Patrick Garrity spoke against and requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

Gagnon, Raymond

HB 539-FN, repealing the state enforcement of OBD II requirements for motor vehicles. **INEXPEDIENT TO LEGISLATE.**

Rep. John A. Hikel for Transportation: While this bill was good intentioned, the OBD II (On Board Diagnostic II) emission testing program to date is contractual and has been a success with verified results. Furthermore, EPA threatens highway funding loss for non compliance and the compliance standards are becoming stricter. The repeal will also return the DMV inspection program from electronic back to an antiquated paper system. It would return us to a system where an inspection station could buy thousands of stickers and just sell them without properly doing an inspection. This would affect the safety of our roadways. We all believe in less government and fewer regulations, but when a system is more efficient and effective than the prior system it would be wrong to change it. Vote 13-1.

Reps. Lambert, Cataldo and Gionet spoke against.

Rep. Hikel spoke in favor and yielded to questions.

Rep. Cohn requested a roll call; sufficiently seconded.

SULLIVAN

Bowers, Spec Smith, Steven
and the committee report was adopted.

HB 36-FN-L*, reducing the fee for copies of birth certificates. **OUGHT TO PASS.*

Rep. Keith Murphy for Ways and Means: In 2010 the legislature increased the fee for a vital record search by \$3 and the fee for a vital record copy by \$2. This bill repeals those increases. The fiscal note liability of \$350,000 is minimal. Vote 19-0.

Committee report adopted and ordered to third reading.

HB 154-FN-A*, increasing the threshold amounts for taxation under the business enterprise tax. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.*

Rep. Frank V. Sapareto for the Majority of Ways and Means: This bill is designed to be nearly revenue neutral. Under testimony last session, the department of revenue administration (DRA) explained that nearly 20,000 returns were ruled under the business enterprise tax with no taxes due. The committee feels that this is a waste of taxpayer time and money as well as the department of revenue administration. By raising the filing threshold from \$150,000 to \$200,000 the largest bulk of those useless filings will be eliminated and the process streamlined. This change will increase the efficiency of the DRA. Vote 15-5.

Rep. William A. Hatch for the Minority of Ways and Means: The purpose of this bill is to decrease the filing requirements for businesses and reduce the work load for the department of revenues. It would do so by increasing the minimums for the business profits tax required prior to filing to the department of revenue. The minimum gross receipts for a business would be increased to \$200,000 from \$150,000 and the minimum remittance amount would be increased to \$260.00 from \$200.00.

It was reasoned by the majority there is little tax paid by businesses that are between \$150,000 and \$200,000 category but it is very costly and time consuming for them to produce the reports the decrease in revenue is justified. When the fact that information required is already prepared for a business to complete a federal return and is transferred to a single page form and considering the fiscal note showed the loss of revenue to be between \$1.6 million and \$6.2 million, the minority reasoned the cost far out weighs any benefit.

Majority Amendment (0153h)

Amend the title of the bill by replacing it with the following:

AN ACT increasing a threshold amount for taxation under the business enterprise tax.

Amend RSA 77-E:5, I as inserted by section 1 of the bill by replacing it with the following:

I. Every business enterprise having gross business receipts in excess of [~~\$150,000~~] **\$200,000** as defined by RSA 77-E:1, X, during the taxable period or the enterprise value tax base of which is greater than \$75,000, shall, on or before the fifteenth day of the third month in the case of enterprises required to file a United States corporation tax return, and the fifteenth day of the fourth month in the case of all other business enterprises, following expiration of its taxable period, make a return to the commissioner. All returns shall be signed by the business enterprise or by its authorized representative, subject to the pains and penalties of perjury and the penalties provided in RSA 21-J:39.

AMENDED ANALYSIS

This bill increases a threshold amount for taxation under the business enterprise tax.
Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.
Reps. Ohm and Stepanek spoke in favor.

Rep. Hatch spoke against.

Rep. Bettencourt requested a roll call; sufficiently seconded.

REGULAR CALENDAR (CONT'D)

HB 187-FN-A, relative to the carry forward periods for the business enterprise tax credit against the business profits tax. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Gary S. Azarian for the Majority of Ways and Means: The extension of the carry forward period gives business ample opportunity to utilize the credit. The jobs and capital improvements that will be created due to this credit will be beneficial to improving the business climate and economy of the state. This bill will retain existing business and promote new business to make an investment in New Hampshire. Vote 14-4.

Rep. William A. Hatch for the Minority of Ways and Means: This bill would increase the carry-forward period for the business enterprise tax (BET) credit against the business profits tax (BPT) from a five year to a ten year period. This would be accomplished by going back one additional tax year to reduce taxes on business profits every year until we reach a ten-year carry-forward in 2016. It would start to hit our revenue stream in 2013 when the extra tax credits based on 2008 losses from the start of the recession kick in. This is part of the budget being worked on now so it is important to know how much loss there would be, in order to pass a balanced budget. However, there is no way as yet to estimate this. The fiscal note indicates that during the last five years an annual average of 3,264 taxpayers (out of more than 40,000 potential users) applied a BET credit against their BPT liability averaging a total of \$15,888,900 per year. However, this average included only one year in which a small recession (2001) could be used against a good year (2006), so most of this revenue loss is background noise. In the case of FY 13, the start of the great recession will be hitting a recovering year, with unknown but surely larger effect. This effect should grow over the following biennium. In addition, this does not account for the fact that unused credits from each year are added to past years, back to the start of the carry-forward, so as we go back to ten years we will double the potential liability we now carry. The department of revenue administration currently has no way of estimating that liability, and so did not try to guess the full impact in the fiscal note. They are nearly finished installing a new system that will make this estimation easier. A business tax commission was put in place last year with the directive to explore business tax issues of this type starting this year, when the new system would be available. The minority considers that to pass something at this juncture which has the potential to create large unanticipated deficits is irresponsible. The minority considers that to add this cut to others already passed without knowing where and how much spending can be cut and without revenue replacements is unreasonable. The minority is attracted to the idea of helping high-tech start-ups, but fears the majority of the money expected by this cut may go to large box store retailers, and would prefer to find another route that is more efficient to the purpose.

The question being adoption of the majority committee report of Ought to Pass.

Reps. Cooney and Hatch spoke against.

Rep. Major spoke in favor and yielded to questions.

Rep. Bettencourt requested a roll call; sufficiently seconded.

BILLS REMOVED FROM THE CONSENT CALENDAR

HB 222-FN, relative to administrative rules which contain a fee increase, allowing political subdivisions to object to a proposed rule, and eliminating certain statutory provisions granting general rulemaking authority. **INEXPEDIENT TO LEGISLATE.**

Rep. Peter T. Hansen for Executive Departments and Administration: While this bill contains a number of worthy components, which may be incorporated in HB 211, it is the committee's belief that the bill requires further research, and requires additional input from the agencies affected in this sweeping and comprehensive legislation. We found the significant time and attention required by

this bill to be effective would necessarily impact federal programs, current RSA's, program rules, and would negatively impact these programs during the legislative recess prior to which we feel corrective actions could not be instituted. Vote 16-0.

Rep. Carol McGuire moved Recommit and spoke in favor.

Rep. Franklin Gould spoke against.

Adopted.

Recommitted to the Committee on Executive Departments and Administration.

HB 479-FN, relative to receivership of nursing homes and other residential health care facilities. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Laurie Harding for Health, Human Services and Elderly Affairs: This bill reestablishes language regarding procedures for receivership of nursing homes and other residential care facilities which was inadvertently repealed on July 1, 2010. The language in HB 479 is crafted to safeguard residents in long term care facilities in the event of bankruptcy or some other emergent event that puts the future of the facility in question. The goal of this legislation is to protect older adults from the disruption and possible adverse health effects that could result from an abrupt or unsuitable transfer. The bill outlines how a receiver for a long term care facility would be appointed. It identifies the qualifications and responsibilities of the receiver as well the financial obligations and eventual termination of those obligations. This bill becomes more important during a time when the future of some of our long term care facilities is precarious. Vote 16-0.

Amendment (0291h)

Amend RSA 151-H:5, I as inserted by section 1 of the bill by replacing it with the following:

I. A receiver shall not be required to honor any lease, mortgage, or secured transaction entered into by the licensee of the facility if the court finds that the lessor, lender, or secured party entered into the agreement with the lessee for a fraudulent purpose or to hinder or delay creditors or the agreement is unrelated to the operation of the facility. If the court finds that the rental, price or rate of interest required to be paid under the agreement is in excess of a reasonable market-based rent, price or rate of interest at the time the agreement was entered into based on the specific circumstances of the licensee and the facility, the receiver shall not be required to pay the excess amount.

Amend RSA 151-H:6, II as inserted by section 1 of the bill by replacing it with the following:

II. The state shall have a lien for any loan under RSA 151-H:4, VII upon the following property: the building in which the facility is located; the land on which the facility is located; and any fixtures, equipment or goods used in the operation of the facility. Such lien shall be prior to any mortgage or lien which the court finds does not have to be honored by the receiver because it has been obtained for a fraudulent purpose, hinders or delays creditors or is unrelated to the operation of the facility, as provided in RSA 151-H:5, I. Such lien shall also be prior to a mortgage or lien held by any person with an ownership interest in the facility; or any person which controls or has the ability to directly or indirectly control to any significant degree the management of policies of the licensee or the facility; or any person related to the licensee or to the facility by any significant degree of common ownership or common control. The receiver shall cause notice of any lien created hereunder to be duly filed.

Amendment adopted.

Committee report adopted.

Referred to the Committee on Finance.

HB 146, relative to the right of jury nullification. **INEXPEDIENT TO LEGISLATE.**

Rep. Gregory M. Sorg for Judiciary: This bill would require judges in all court proceedings to "instruct the jury of its inherent right to judge the law and the facts and to nullify any and all actions they find to be unjust." The committee concluded that, as drafted, this bill would incorrectly instruct the jury to put the law on trial rather than the application of the law in the case actually before it. The committee further concluded that the so-called "Wentworth" instruction, by which the judge instructs the jury that if it finds that the prosecution has proved all of the elements of the crime beyond a reasonable doubt, it should find the defendant guilty, adequately informs the jury of its unquestioned right of nullification without misleading it. Vote 15-0.

Rep. Rowe moved Recommit and spoke in favor.

Rep. Wall spoke against.

On a division vote, 208 members having voted in the affirmative and 71 in the negative, the motion was adopted.

Recommitted to the Committee on Judiciary.

HB 375, relative to immunity for school personnel using necessary force to protect pupils. **OUGHT TO PASS WITH AMENDMENT.**

Rep. J. Brandon Giuda for Judiciary: This bill addresses a significant problem in New Hampshire schools, namely the imbalance of power favoring students who promote disruption and violence while under a teachers care and supervision. In years past, teachers were not afraid to use reasonable force to control inappropriate or violent student behavior, and generally they would receive parental support. However, in today's litigious society, teachers are afraid to use reasonable force due to lack of parental support and fear of civil and criminal liability. Testimony supported the fact that teachers have been sued and have been criminally charged for acts that were reasonable and were done to control disruptive students. Due to the paralysis caused by legal concerns, disruptive students are controlling classrooms and students are being injured, as teachers are told to call for help when violence erupts. The committee unanimously believes that the legislature should make a strong statement to teachers, administrators, parents and students by moving the balance of power back to the teachers by providing them with immunity when using reasonable force to control students who are ruining the educational climate for others. Vote 17-0.

Amendment (0157h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to immunity for school personnel using reasonable force to protect pupils.

Amend RSA 627:6, II(a) as inserted by section 1 of the bill by replacing it with the following:

II.(a) A teacher or person otherwise entrusted with the care or supervision of a [~~minor for special purposes~~] **pupil** is justified [~~on the premises~~] **during the care and supervision of the pupil** in using [~~necessary~~] **reasonable** force against any such [~~minor~~] **pupil**, when the [~~minor~~] **pupil** creates a disturbance, or refuses to leave the premises, or when it is necessary for the maintenance of discipline. **A teacher or person otherwise entrusted with the care or supervision of a pupil shall be immune from any civil or criminal liability for any act or omission performed in good faith and in accordance with this paragraph.**

Amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.

Rep. Peter Schmidt spoke against.

Rep. Giuda spoke in favor and yielded to questions.

Committee report adopted.

Referred to the Committee on Education.

RESOLUTION

Rep. Bettencourt offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Wednesday, March 2, 2011 at 10:00 a.m. Adopted.

LATE SESSION

Third reading and final passage

HB 164, requiring legislative approval for the adoption of the common core state standards in New Hampshire.

HB 170, conferring degree-granting authority to the Upper Valley Educators Institute.

HB 150, relative to benefits of judicial branch employees who transfer from the judicial branch to state service in the executive branch or the legislative branch.

HB 364, relative to the membership of the state committee on aging.

HB 392, clarifying responsibilities of the division of homeland security and emergency management, and expanding responsibilities of the advisory committee on emergency preparedness and security.

HB 413, directing the joint legislative oversight committee on the emergency management system to review the duties of certain other committees.

HB 570, relative to licensure of guides by the fish and game department.

HB 288-FN-L, relative to payment for election services to unincorporated places.

HB 44, designating segments of the Oyster River as a protected river and exempting certain portions of the Oyster River from the provisions of the comprehensive shoreland protection act.

HB 278, setting the natural high water mark of Ossipee Lake.

HB 336, designating segments of the Mascoma River as a protected river.

HB 555, relative to the designation of the Lower Exeter/Squamscott River as a protected river.

HB 216, relative to the instructional authority of school boards.

HB 299-FN, relative to the method of financing for the judicial retirement plan.

HB 132, adopting and implementing the United States flag code.

HB 399, relative to nonresident registration of motor vehicles.

HB 72-FN-A, establishing a state aeronautical fund.

HB 209, establishing a study committee to recommend a continuing revenue estimating process to produce revenue forecasts.

HB 172, relative to transporting school children to school and school-supported activities.

HB 380, exempting the commission on the status of men from repeal on June 30, 2011 and adding a duty to the commission.

HB 614, requiring a performance audit of the guardian ad litem board and guardian ad litem services.

HB 36-FN-L, reducing the fee for copies of birth certificates.

HB 187-FN-A, relative to the carry forward periods for the business enterprise tax credit against the business profits tax.

UNANIMOUS CONSENT

Reps. Gary Richardson, Tamburello and James Belanger addressed the House.

RECESS MOTION

Rep. Bettencourt moved that the House stand in recess for the purposes of the introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports.
Adopted.

The House recessed at 6:10 p.m.

RECESS

COMMITTEE ASSIGNMENTS

The Speaker made the following changes to committee assignments:

Rep. Leonard off the Committee on Labor, Industrial and Rehabilitative Services.

Rep. Peckham on the Committee on Labor, Industrial and Rehabilitative Services.

RECESS

(Rep. Bettencourt in the Chair)

RESOLUTION

Rep. Ingbretonson offered the following: **RESOLVED**, that late drafting and introduction having been approved by the House on February 15, 2011, House Bill numbered 650 shall be by this resolution read a first and second time by the therein listed title, sent for printing and referred to the therein designated committee.

Adopted.

INTRODUCTION OF HOUSE BILL

First, second reading and referral

HB 650-FN-L, authorizing a school district to call a special meeting in the event of changes in the amount of state education funding. (L. Ober, Hills 27; R. Ober, Hills 27; C. McGuire, Merr 8; Special Committee on Education Funding Reform)

RECESS

COMMITTEE ASSIGNMENTS

The Speaker made the following changes to committee assignments:

Rep. Willette off the Special Committee on Public Employee Pensions Reform.

Rep. Bowers on the Special Committee on Public Employee Pensions Reform.

RECESS

(Speaker O'Brien in the Chair)

Rep. Silva moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 9

Wednesday, March 2, 2011

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Roger Boucher.

Dear Lord, alert us once again to our high calling to serve our constituents with goodness of heart and clear-sighted conviction of what is true. Increase our confidence in helping others to flourish, which is a sure sign of our intention that it is right. Travel with us through the breadth and depth of our deliberations as well as through the tangles that stifle our gladness. Remind us to go within Your gates so that You may knock on our spirit and enlighten us with Your serenity and wisdom. Yours are the years and Yours are the seasons. We pray You keep our fellow Americans in foreign lands safe from fear and violence. Guard those who serve in uniform. Show Your great love, this day, to Representative Adam Schroadter of Newmarket and his wife, Suzi, as they experience the death of their pre-born twin boys, Archer Joseph and Logan Christopher. Finally, grant us discerning hearts in our work here, that we may increase Your loving designs and serve with the satisfaction of knowing we have done the best. We pray this in Your Holy name always. Amen.

Representative Peter Silva, member from Nashua, led the Pledge of Allegiance.

Representative James Garrity of Atkinson led the singing of the National Anthem.

LEAVES OF ABSENCE

Reps. Ronald Belanger, Gargas, Karen Hutchinson, Jane Johnson, Michael Reed, Jenna Roberts and Weeden, the day, illness.

Reps. Almy, Bradley, Buxton, Condra, Copeland, Daugherty, Day, Drisko, Eaton, Flanders, Hamm, Kolodziej, Leonard, Marcus, Palfrey, Pellegrino, Pelletier, Chip Rice, Seidel, Serlin, Shuler, Todd Smith and Kevin Sullivan, the day, important business.

Rep. Schroadter, the day, death in the family.

INTRODUCTION OF GUESTS

The women's guild of St. Elizabeth Seton Parish in Bedford, guests of Rep. Cebrowski. Rita and Nicole Richardson, Hailey and Daniel Brisson, wife, daughter and grandchildren of Rep. Herb Richardson. Bill and Betty Trueheart, guests of Rep. Notter. Major Thomas Stroud, husband of Rep. Stroud. Carolyn Magri Halstead, Valerie, Adam and Jason Magri, Ellie, James and Sarah Halstead and Risa Yoda, guests of Reps. Daniels, Palmer and Willette.

MOTION TO SUSPEND HOUSE RULES

Reps. Bettencourt and Norelli moved that House Rules be so far suspended as to allow for late drafting and introduction of HB 1-A, HB 2 and HB 25-FN-A.
Adopted.

CONSENT CALENDAR

Rep. Bettencourt moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

HB 225-FN, relative to the return of personal property confiscated by law enforcement agencies from a person charged with a crime, removed by Rep. Guida.

HB 448-FN, relative to spice incense products, removed by Rep. Vaillancourt.

HB 556, relative to citizen complaints against police officers, removed by Rep. Sapareto.

HB 160, requiring decisions and actions of the joint committee on legislative facilities to be ratified by the legislature, removed by Rep. Weber.

HB 350-FN, updating laws relative to the fiscal committee of the general court, removed by Rep. Weber.

Consent Calendar adopted.

HB 313, requiring parental consent for court referral of a minor to a juvenile diversion program.
VOUGHT TO PASS WITH AMENDMENT.

Rep. Marie N. Sapienza for Children and Family Law: This bill deals with voluntary consent in juvenile diversion law. The sponsor stated that existing statutory wording could be confusing and that courts had occasionally misinterpreted to the detriment of the juvenile. The wording of the amended bill is concise and the court system had no problem with the change. Vote 16-0.

Amendment (0354h)

Amend the bill by replacing sections 1-2 with the following:

1 Delinquent Children; Juvenile Diversion Program; Parental Consent. Amend RSA 169-B:10, III(c) to read as follows:

(c) The minor and the parents, guardian, or other custodian *give knowing, informed, and voluntary* consent [~~with the knowledge that consent is not obligatory~~].

2 Children in Need of Services; Diversion Program; Parental Consent. Amend RSA 169-D:9, III(c) to read as follows:

(c) The child and parent, guardian or other custodian *give knowing, informed, and voluntary* consent [~~with the knowledge that consent is not obligatory~~].

HB 488-FN, relative to criminal records checks for employment with child day care agencies. **OUGHT TO PASS WITH AMENDMENT.**

Rep. David S. Robbins for Children and Family Law: This bill was requested by the department of health and human services (DHHS). It provides for a more limited criminal records check when an employee or volunteer at a child daycare agency which has completed the full criminal records check within the last three years transfers to another child daycare agency. The DHHS states the bill may decrease state, county and local expenditures and state revenue by an undetermined amount in FY 2011, and each year thereafter. There will be no fiscal impact on county or local revenues. The department of safety states the bill will have no fiscal impact on them. Vote 10-0.

Amendment (0378h)

Amend RSA 170-E:7, II-a as inserted by section 1 of the bill by replacing it with the following:

II-a. If an individual who is or has been employed or volunteered at a child day care agency is offered employment or volunteers at another child day care agency, the individual shall not be required to submit a new set of fingerprints and undergo a new criminal records check through the Federal Bureau of Investigation, as required in subparagraph II(b), provided that the individual has submitted fingerprints and undergone such a criminal records check under this section within 3 years of the individual's first day of employment or volunteer service at the new agency. Before entering employment or volunteering with the new agency, the individual shall undergo a New Hampshire state criminal records check through the department of safety.

AMENDED ANALYSIS

This bill provides for a more limited criminal records check when an employee or volunteer of a child day care agency, who has completed the full criminal records check within the last 3 years, transfers to another child day care agency.

This bill is a request of the department of health and human services.

HB 490-FN, adopting the interstate compact for juveniles. **OUGHT TO PASS.**

Rep. David S. Robbins for Children and Family Law: This bill adopts the most recent version of the interstate compact for juveniles based on the compact model developed by the council of state governments and the office of juvenile justice and delinquency prevention. This compact shall not interfere with the state's authority to determine policy regarding juvenile offenders and non-offenders within the state. Vote 16-0.

Referred to the Committee on Finance.

HB 634-FN, relative to payment of guardian ad litem and mediator fees in marital cases where the parties are indigent. **OUGHT TO PASS.**

Rep. Patricia T. Lovejoy for Children and Family Law: This bill streamlines the accounting process for the compensation of mediators and guardians ad litem in marital cases where the parties are indigent. The bill also repeals an obsolete provision regarding the regulation of guardians ad litem by the supreme court. Both issues addressed by this bill are "housekeeping issues." This bill was brought at the request of the supreme court. Vote 13-0.

HB 57, establishing a committee to study the penalties for menace, nuisance, or vicious dogs. **INEXPEDIENT TO LEGISLATE.**

Rep. Laura C. Pantelakos for Criminal Justice and Public Safety: The sponsor of this bill asked for it to be ITL. He felt it would be in the best interest to work with dog owners of the state to bring forth a better bill next session. Vote 16-0.

HB 282-FN, relative to spitting or urinating in an emergency vehicle. **INEXPEDIENT TO LEGISLATE.**

Rep. Larry G. Gagne for Criminal Justice and Public Safety: This bill was ITL'd because there were no provisions made for involuntary loss of bodily functions. What if the person was unconscious and not responsible for his or her actions? A better bill would have inserted the word "deliberately." This would have made this bill acceptable. Vote 15-0.

HB 304, requiring prisoners between 17 and 25 years of age to complete the requirements for a high school certificate or a GED prior to release on probation or parole. **INEXPEDIENT TO LEGISLATE.**

Rep. Mark Warden for Criminal Justice and Public Safety: While the committee agreed that incentives for prisoners completing their high school certificate or GED is not a bad idea per se, we felt that the requirements in this bill would give unfair preference to selected prisoners over those who already have graduated from high school or who simply have no interest in such studies. High school equivalency courses are already offered in prison through Granite State High School. Despite some merits of the bill's intent, even the co-sponsors voted to ITL. Vote 15-0.

HB 372, adding cigar blunt wraps to the definition of drug paraphernalia in the controlled drug act. **INEXPEDIENT TO LEGISLATE.**

Rep. Robbie L. Parsons for Criminal Justice and Public Safety: After consideration, the sponsor requested to ITL/withdraw HB 372. Vote 15-0.

HB 428-FN, relative to the procedures for detention and sanctions for default and breach of conditions of bail and recognizances. **INEXPEDIENT TO LEGISLATE.**

Rep. Stephen J. Shurtleff for Criminal Justice and Public Safety: The committee realizes that this bill would be helpful to the Hillsborough County department of corrections, but passage of this bill would cause unintended consequences for other NH pre-trial supervision programs. This bill would give the jail superintendant the authority to revoke an individual's bail as part of the pre-trial supervision program. In several counties this program is a part of the county attorney's office, not the department of corrections. Furthermore, there is no provision in the bill for a court hearing to determine if there were grounds for the bail revocation. It would be best for the sponsor to work with the NH association of counties to come up with legislation that would be in the best interest of all ten counties. Vote 16-0.

HB 432, limiting traffic violation stops of women at night. **INEXPEDIENT TO LEGISLATE.**

Rep. Phil J. Greazzo for Criminal Justice and Public Safety: The committee believes this to be arbitrary to the spirit of equality in the law and believe women currently have the ability to drive to the nearest police station, or stop in a well lit area during a traffic stop. Vote 15-0.

HB 526-FN-L, requiring the registration of persons convicted of animal abuse. **INEXPEDIENT TO LEGISLATE.**

Rep. Larry G. Gagne for Criminal Justice and Public Safety: This bill, if passed, would be a drain on the financial and personal resources of the state and in particular the department of safety (DOS). This bill would require a substantial financial investment funded by taxpayers and cause added expenses to local police departments and law enforcement agencies. There is no evidence that such a registry is necessary and in fact law enforcement officials already have resources from which they can determine prior records of arrest and conviction of any person, in the state, or out of state. Vote 15-0.

HB 535, relative to the committee to study parole boards and parole board procedures. **OUGHT TO PASS.**

Rep. Laura C. Pantelakos for Criminal Justice and Public Safety: The committee feels that the study that was started in 2010 should continue as there was not time enough to address all the issues. Vote 15-0.

HB 644-FN, relative to various state laws pertaining to unlawfully present aliens. **INEXPEDIENT TO LEGISLATE.**

Rep. David A. Welch for Criminal Justice and Public Safety: This bill would have the NH State Police trained to enforce federal immigration laws. It allows the state police to gather and share information about known illegally present aliens. It further suggests that if the lawful immigration status of a person in the custody of the police cannot be determined the department of homeland security can do it within 48 hours. It further states that any applicant for public benefits must provide proof of citizenship, residency or lawful presence in order to receive benefits. Employers will have responsibility to classify their employees as lawful aliens. The last part of the bill violates habeas corpus stating that once incarcerated he or she cannot get out until the lawful presence is determined. During the public hearing only the sponsor spoke in favor of this bill. The committee agrees with all the rest of those who opposed this bill. Vote 13-0.

HB 105, relative to the required number of instructional days and instructional hours in a school district's calendar. **INEXPEDIENT TO LEGISLATE.**

Rep. Ralph G. Boehm for Education: This bill is identical to HB 112 which passed the house on 2/9/11. Therefore, this bill is not necessary. Vote 15-0.

HB 467-FN, relative to the procedure for school districts to determine if a child in the juvenile court system is a child with a disability. **INEXPEDIENT TO LEGISLATE.**

Rep. Laura M. Jones for Education: The sponsor asked us to ITL since it is not needed. Judges currently have discretion in these matters. Vote 14-0.

HB 106, relative to filing for town offices. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Kathleen M. Hoelzel for Election Law: This bill, as amended, would require anybody filing for a town office on the last day of the filing period to file with the town clerk in person. This would provide the town clerk an opportunity to verify that the candidate's name that appears on the form is the actual person. This adopts the same policy for local elections as we have for all other elections. Vote 17-0.

Amendment (0241h)

Amend the bill by replacing section 1 with the following:

1 Nominations; Nonpartisan Ballot System. Amend RSA 669:19 to read as follows:

669:19 Nominations; Nonpartisan Ballot System. In a town which has adopted the nonpartisan ballot system as provided in RSA 669:13, all candidates shall file a declaration of candidacy with the town clerk during the filing period for town candidates. *All candidates who file on the last day of the filing period shall do so in person before the town clerk.* [Such] *The* filing period shall begin on the seventh Wednesday and end on the Friday of the following week before the town election. Such declaration of candidacy shall be prepared by the town clerk in substantially the following form: I, _____, declare that I am domiciled in the town of _____, and that I am a registered voter therein; that I am a candidate for the office of _____ and hereby request that my name be printed on the official nonpartisan ballot of the town of _____.

AMENDED ANALYSIS

This bill requires that candidates for town offices who file on the last day of the filing period do so in person.

HB 197-L, relative to processing absentee ballots. **INEXPEDIENT TO LEGISLATE.**

Rep. Kathleen M. Hoelzel for Election Law: This bill would allow moderators to open absentee ballots at any time on election day. Present law requires that absentee ballots be opened at 1:00 p.m. This uniform rule gives challengers notice of when to observe and dispute the counting of improperly cast ballots. HB 197 would deprive our elections of this protection by permitting moderators to open absentee ballots at any time of the day. Consequently people wouldn't know when to be present to challenge those ballots. Vote 17-1.

HB 120, extending the public health services improvement council. **INEXPEDIENT TO LEGISLATE.**

Rep. James R. MacKay for Health, Human Services and Elderly Affairs: The intent of this bill, extending the public health council which has a primary goal to develop a public health improvement plan, does

not require legislation. Recent legislative changes to the duties of the oversight committee on health and human services provides authority to the oversight committee to “create subcommittees, councils, task forces, or other ancillary bodies as necessary to implement its responsibilities.” The work of the public health council clearly comes under the purview of the oversight committee. The council will work under guidelines and outcomes established by the oversight committee. In addition, this allows the council to continue its work immediately. All committees approved by the oversight committee automatically are repealed at the end of the second year of the legislative session. Vote 15-0.

HB 189, relative to disclosure of certain hospital fees. **INEXPEDIENT TO LEGISLATE.**

Rep. Robert A. Fredette for Health, Human Services and Elderly Affairs: The intent of this bill has been accomplished by an informal agreement with the NH hospital association that it will ensure that the patients are informed of the charge for a facility fee. The effectiveness of this agreement will be confirmed in six (6) months by the oversight committee with the NH hospital association. Vote 15-1.

HB 289, relative to procedures followed by funeral directors. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Donald L. LeBrun for Health, Human Services and Elderly Affairs: This bill for unclaimed remains would add sections that address the issue of missing relatives, criminal death cases, relying on representations and the disposition of unclaimed remains. This bill allows for respectful and dignified disposition of the deceased. Vote 16-0.

Amendment (0132h)

Amend the bill by inserting after section 1 the following and renumbering the original section 2 to read as 3:

2 Repeal. RSA 325:28, relative to education meetings held by the board of registration of funeral directors and embalmers, is repealed.

AMENDED ANALYSIS

This bill details procedures to be followed by funeral directors when releasing custody of a body.

This bill also eliminates the requirement of the board of registration of funeral directors and embalmers to hold education meetings.

HB 306, relative to access to birth records. **INEXPEDIENT TO LEGISLATE.**

Rep. Laurie Harding for Health, Human Services and Elderly Affairs: This bill would enable a “person of interest” to request a copy of the birth worksheet from the state registrar. The birth worksheet contains information that includes personal demographic information as well as information such as alcohol use, prenatal care information, infections present during pregnancy, method of delivery as well as abnormal conditions of the newborn. The committee determined that this was a breach of privacy. Vote 15-0.

HB 510, requiring marital masters to be New Hampshire residents. **OUGHT TO PASS.**

Rep. Brian J. X. Murphy for Judiciary: This bill requires marital masters to be residents of New Hampshire at the time of appointment and throughout their term. Marital masters are contract employees reporting to the judicial branch. The committee felt that these jurists should live in and be subject to the same laws and regulations as the communities that they service. The residency requirement accomplishes this goal. Vote 13-2.

HB 511, relative to retired judges over 70 years of age. **OUGHT TO PASS.**

Rep. J. Brandon Giuda for Judiciary: This bill eliminates the unconstitutional practice of allowing retired judges over the age of 70 to serve as a judge. Part II, Article 78 of the New Hampshire Constitution states, “No person shall hold the office of judge of any court ... after he has attained the age of seventy years.” Part I, Article 35 of the New Hampshire Constitution states that in order to hold a judicial office, one must be “nominated and appointed by the Governor and council.” Part II, Article 73 states that “judicial officers duly appointed, commissioned and sworn, shall hold their offices during good behavior except those for whom a different provision is made in this constitution.” In recent years, the judiciary created and embraced the practice of allowing retired judges over the age of 70 to sit on cases, in order to provide a solution to the political problem of too few judges. When challenged, the New Hampshire supreme court reasoned that although the position required an original nomination and appointment by the governor and council and although the position required good behavior,

holding the position of a temporary judge was not actually “holding office” and therefore there was no statutory or constitutional violation. However, in coming to its decision, the committee believes the supreme court misconstrued legislative intent and the New Hampshire Constitution to conclude that the legislature condoned this practice and the constitution allowed it. In its decision supporting this practice, the supreme court stated, “Permitting retired justices to serve in temporary assignments after the age of seventy substantially increases judicial manpower by making available a greater number of experienced justices. Of course, if the legislature disagrees with our conclusions concerning RSA 490:3, it has the sole authority to amend the statute.” Although the committee agrees that permitting retired justices over the age of 70 to serve may provide a solution, the committee disagrees that this practice is constitutional. The proper solution to the problem is a constitutional amendment which would almost certainly be endorsed by the committee. Vote 11-3.

HB 529-FN*, relative to real property on which methamphetamine has been produced. **INEXPEDIENT TO LEGISLATE.*

Rep. Gary W. Wheaton for Judiciary: This bill would have given the department of environmental services (DES) the power to notify property owners that a methamphetamine drug bust has occurred on their property, and then require the owner to pay for commercial/government approved cleaning services to remediate their properties. The majority of the committee felt this bill would give the DES more powers over property owners than necessary. None of the witnesses testifying before the committee could point out any situations where this has ever caused any adverse health problems to individuals in the past. Vote 14-0.

HB 551*, relative to religious societies. **INEXPEDIENT TO LEGISLATE.*

Rep. Brian J. X. Murphy for Judiciary: This bill seeks to update antiquated statutes regarding religious societies. The committee acknowledged that certain aspects of the statute at issue were likely outdated. However, the committee concluded that statutes are best changed in response to a specific problem or a specific petitioner. In this case, there were no representatives from religious societies advocating for the proposed updates. Without this context, the committee was not in favor of deleting and/or repealing certain aspects of the statute while leaving other sections unchanged. Vote 13-2.

HB 135*, relative to state employee reimbursement for use of a personal vehicle. **INEXPEDIENT TO LEGISLATE.*

Rep. David H. Kidder for Legislative Administration: This bill seemed to be overkill to the committee, in light of several bills passed over the last several sessions, and the response of the administrator of fixed and mobile assets in the department of administrative services. The department is evolving and doing a much better job on efficient fleet utilization. It now has one person dedicated to data collection which is used at the monthly meeting of the vehicle utilization committee. Personal mileage and fleet issues are discussed at those meetings. Vote 12-0.

HB 159*, relative to review of proposed administrative rules by legislative committees. **INEXPEDIENT TO LEGISLATE.*

Rep. William B. Tobin for Legislative Administration: The committee found that a very similar bill was being considered on the same subject and had very similar verbiage, therefore, this bill was redundant. Vote 12-0.

HB 530-FN*, relative to state regulation of the septic system installation process. **INEXPEDIENT TO LEGISLATE.*

Rep. James E. Coffey for Municipal and County Government: This bill transfers the authority to approve septic system design and installation for subsurface sewerage disposal systems, with a capacity of up to 20,000 gallons per day, from the department of environmental services (DES) subsurface systems bureau to the local municipality. This bill mandates that each municipality appoints a local plumbing inspector to perform all functions currently handled by DES. After hearing testimony from the bill's sponsors, installers, designers and representatives of local government the committee voted 14-0 to recommend that the bill was Inexpedient to Legislate. The committee concluded that DES provides a high quality professional service with consistent uniformity throughout the state. The committee felt that this high quality would be seriously compromised, or lost, if it was spread out over more than 20 jurisdictions, most of whom do not want to perform this work. Local towns would need to expend funds to require a back up inspector. Not a single municipality expressed an interest in doing this work. The reduction in the DES workforce would incur a one time charge of

about \$348,000, but there would be little or no future savings for DES since this function is paid for by fees. Based on testimony from DES the state could suffer a reduction of over \$1,000,000 in federal grants should this bill pass. If HB 530-FN were to pass it would endanger our groundwater quality, create an environment that might foster inappropriate and inconsistent behavior at the local level, and place an unfunded mandate on our cities and towns, while eliminating one of DES's most effective programs. Vote 14-0.

HB 550-L, relative to the payment of bills by municipalities. **INEXPEDIENT TO LEGISLATE.** Rep. Betsey L. Patten for Municipal and County Government: The town treasurer has duties described in RSA 41:29. The bill would have authorized the treasurer to designate another town official or employee to pay accounts and claims prior to the approval of the governing body. The committee strongly disagreed with having another person responsible for paying bills. An amendment was presented that would have changed RSA 41:9 which details the financial duties of the selectmen. This amendment gave the town administrator or administrative assistant the authority to pay accounts and claims. The committee again strongly disagreed with this change. Vote 14-0.

HB 139, establishing a committee to study merging the New Hampshire turnpike system and the state highway system. **INEXPEDIENT TO LEGISLATE.**

Rep. David B. Campbell for Public Works and Highways: The basic premise of this bill proposes to form a committee to study removing the toll plazas on the 89 miles of NH's turnpike system, and replacing them with "the road toll (gas tax) or other sources of revenue or both." The NH turnpike system is currently solvent, and its roads and bridges are in generally very good condition. The reason for this is that toll plaza revenue pays off the turnpike bonds. In order to eliminate the tolls it would necessitate paying off the existing bond holders at a cost of about a 14 cent increase in the road toll (gas tax). This increase does not address the projected \$1.2 billion cumulative 10-year deficit in the highway fund (and its 4,300 miles of road and 2,100 bridges), nor the \$250-300 million underfunding of the I-93 widening. The committee felt that the premise is unreasonable and that a study committee was not necessary. Vote 15-1.

HB 323, establishing a commission to study and promote the long-term growth and efficient use of existing state highway rights-of-way. **INEXPEDIENT TO LEGISLATE.**

Rep. Carl W. Seidel for Public Works and Highways: There is no current need that the department of transportation (DOT) cannot handle adequately and the current financial situation will not allow us to implement most proposed changes. Vote 16-0.

HB 471-FN, relative to the discontinuance of certain tolls and authorizing the department of transportation to establish a toll plaza between exits 1 and 2 on the F.E. Everett turnpike. **INEXPEDIENT TO LEGISLATE.**

Rep. David B. Campbell for Public Works and Highways: This bill proposes to discontinue toll plazas on the F.E. Everett Turnpike in Merrimack and Bedford, including the mainline toll in Bedford and relocating it between Exits 1 and 2 in Nashua. The committee heard extensive testimony that this toll relocation would cause tremendous traffic diversion onto the already overcrowded Daniel Webster Highway. It was also felt that "tolling" the Massachusetts border would give the wrong message to tourists, and out-of-state business and industry, and would have an unfair impact on NH commuters. The possibility of Massachusetts retaliating by putting a toll on its side of the border was also raised. Vote 16-0.

HB 472-FN, relative to a certain E-Z Pass discount for Nashua toll plazas. **INEXPEDIENT TO LEGISLATE.**

Rep. Carl W. Seidel for Public Works and Highways: There is no need for this bill since the committee does not recommend placing toll booths between Exits 1 and 2 in Nashua (HB 471-FN). Vote 16-0.

HB 497-FN-L, relative to the placement of crosswalks and a stop sign in the town of Rye. **INEXPEDIENT TO LEGISLATE.**

Rep. Franklin T. Tilton for Public Works and Highways: There is no need for this bill in that the items requested are within the existing authority of the department of transportation. The department will contact town officials and address the town's concerns at the particular intersection in the safest manner possible. Vote 16-0.

HCR 20, urging Congress to expedite the return of the Coast Guard Cutter USCGC Storis to the state of Alaska to become Alaska's first maritime museum. **INEXPEDIENT TO LEGISLATE.** Rep. Daniel J. Tamburello for State-Federal Relations and Veterans Affairs: This HCR is unneeded and is outside the purview and jurisdiction of the state of New Hampshire. It has noble intent but it is not within the powers or responsibilities of New Hampshire to interfere with the movement or possessions of other states. Additionally, neither the relevant historical societies(s) and museum(s), nor the state of Alaska authorities have been notified of this effort to have it coordinated. Vote 12-0.

HCR 21, urging the US Army Corps of Engineers to donate a portion of the wreckage of the USS Chickasaw, which served in the Civil War, to the state of New Hampshire. **INEXPEDIENT TO LEGISLATE.**

Rep. Lucien A. Vita for State-Federal Relations and Veterans Affairs: Although of historical interest, the value of the wreckage of the USS Chickasaw to New Hampshire has not been established nor has the cost to New Hampshire for the preparation and transportation of the wreckage to New Hampshire been provided. No testimony was provided regarding the value to New Hampshire museums and/or historical societies. Vote 12-0.

HCR 24, urging the New Hampshire congressional delegation to sponsor legislation implementing policy recommendations of the Congressional Budget Office. **INEXPEDIENT TO LEGISLATE.** Rep. Robert L. Theberge for State-Federal Relations and Veterans Affairs: The prime sponsor requested that the legislation be withdrawn. Out of respect for the sponsor the committee was unanimous in its decision. Vote 13-0.

HR 10, urging the United States Congress to remove tax breaks for companies that send jobs out of the country. **INEXPEDIENT TO LEGISLATE.**

Rep. Steven L. Cunningham for State-Federal Relations and Veterans Affairs: The committee strongly concurs with the sentiment of this resolution. We also recognize that New Hampshire's national delegation is fully aware of this issue and supports policies to resolve the problem. To avoid unnecessary work and expense and to avoid distracting our national delegation, the committee recommends ITL. Vote 12-0.

MOTION TO SPECIAL ORDER

Rep. Chandler moved that **HB 525**, naming a bridge in the town of Merrimack in honor of Corporal Timothy Gibson, U.S.M.C., be made a Special Order as the first order of business on the Regular Calendar. Adopted.

REGULAR CALENDAR

SPECIAL ORDER

HB 525, naming a bridge in the town of Merrimack in honor of Corporal Timothy Gibson, U.S.M.C. **OUGHT TO PASS WITH AMENDMENT.**

Rep. John A. Graham for Public Works and Highways: This bill honors the memory of Corporal Timothy Gibson, USMC, who was killed in action in Iraq in 2005 by naming a bridge in the town of Merrimack in his honor. The amendment simply corrects the DOT inventory number of the bridge. Vote 12-0.

Amendment (0364h)

Amend the bill by replacing section 1 with the following:

1 Bridge Named in Honor of Corporal Timothy Gibson, U.S.M.C. Pursuant to RSA 4:43, the bridge on the F. E. Everett Turnpike at exit 11 that passes over Greeley street in the town of Merrimack, being designated as bridge number 113/089 in the state bridge inventory, shall be named the Corporal Timothy Gibson, U.S.M.C. Memorial Bridge in honor of Corporal Timothy Gibson, U.S.M.C. who was killed in action in Iraq in 2005. Appropriate signage or markers may be placed at the site.

Rep. Notter spoke in favor.

Amendment adopted.

Committee report adopted and ordered to third reading.

INTRODUCTION OF SPECIAL GUESTS

Speaker O'Brien introduced Tom and Elaine Gibson, parents of Corporal Timothy Gibson, U.S.M.C.

MOTION TO PRINT REMARKS

Rep. Hinch moved that the remarks made by Rep. Notter on **HB 525**, naming a bridge in the town of Merrimack in honor of Corporal Timothy Gibson, U.S.M.C., be printed in the Permanent Journal. Adopted.

REMARKS

Rep. Notter, accompanied by the Merrimack delegation: Good Morning and a special hello to Tom and Elaine Gibson, Bill and Betty Trueheart and everyone else who is here today in support of Tim's bridge. Corporal Timothy Gibson of the United States Marines paid the ultimate price in service to our country in 2005. I remember that everyone in my town of Merrimack seemed to be affected when the young marine died in Iraq. It was another marine, Gary Gahan, who brought the idea to me to draft a bill to name a bridge in Merrimack after Corporal Gibson. I wish I could take the credit because I am proud and honored to be the prime sponsor of this bill. When the hearing was held in Public Works I noticed that not one of us in support of the bill actually knew Tim Gibson personally; we just knew he was from our town. He was from the great State of New Hampshire and a United States Marine. Semper Fi. Those who serve in the military, in a sense, belong to all of us. We are proud of our service men and women and when one of them falls, we wish to honor them. The anguish that their parents feel every single day is one that none of us wants to experience and we wish that, for them, the pain could subside. Naming a bridge after Tim will remind all who travel that our country was attacked on 9/11 and many answered the call to see that it never happens again, including the young marine from Merrimack, Corporal Timothy Gibson, U.S.M.C. May his memory be eternal. I hope you will support this bill. Thank you.

MOMENT OF SILENCE

A moment of silence was observed in honor and in memory of Corporal Timothy Gibson, U.S.M.C.

REGULAR CALENDAR (CONT'D)

HB 29, permitting a person to petition the superior court for any action pertaining to a pistol or revolver license. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Larry G. Gagne for the Majority of Criminal Justice and Public Safety: This bill would have allowed denial of a concealed weapon license to be heard in superior court. RSA 159:6-c was designed to allow a denial to be heard in a district court. This allows the applicant to appeal the decision of the issuing authority either pros or cons with an attorney. If the issuing authority did not follow the procedure outlined in RSA 159:c, License to Carry, the procedure then is outlined in RSA 159:6-d, which allows the applicant to file in superior court. The passage of HB 29 would be costly and time consuming for both the applicant and the issuing authority. It would also be costly for the taxpayers. This statute has served gun owners since its inception in 1998, when it was introduced and supported by gun owners, passed by the general court and signed into law by the governor. Vote 11-6.

Rep. Robbie L. Parsons for the Minority of Criminal Justice and Public Safety: The minority believes that HB 29 should have been amended and be OTP. 1) Remove municipal court, as they no longer exist. 2) Add superior court because RSA 491.7 states of actions commenced in a district court which are transferable by statute to the superior court.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Reps. Howard and Laware spoke against.

Rep. Hoell spoke against and yielded to questions.

Rep. Welch spoke in favor and yielded to questions.

Rep. Cunningham requested a roll call; sufficiently seconded.

with Speaker O'Brien voting in the affirmative, the majority committee report failed, 168-168.
Rep. Bettencourt moved Recommit and spoke in favor.

Adopted.

Recommitted to the Committee on Criminal Justice and Public Safety.

HB 475-FN, relative to penalties under the consumer protection act. **OUGHT TO PASS.**

Rep. Philip E. Ginsburg for Criminal Justice and Public Safety: The law currently allows only misdemeanor charges under the consumer protection act against an individual, regardless of the value of the goods or services involved in the crime. The committee believes it is appropriate to let the punishment better fit the crime by allowing a charge of class B felony for values between \$1,000 and \$1,500 and a class A felony for a value of more than \$1,500. Vote 13-1.

Rep. Swinford moved Recommit and spoke in favor.

Adopted.

Recommitted to the Committee on Criminal Justice and Public Safety.

HB 572-FN, relative to official oppression. **OUGHT TO PASS.**

Rep. Mark Warden for Criminal Justice and Public Safety: This bill revises the offense of official oppression by making it either a class B misdemeanor or a violation, depending on whether a public servant acted with a purpose to benefit oneself or another or to harm another. The committee felt that the intention of this bill, to increase accountability of public servants, is a positive step towards better government. Vote 9-5.

Committee report adopted and ordered to third reading.

HB 240, allowing voters to vote for multiple candidates for an office. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Shawn N. Jasper for the Majority of Election Law: This bill, which would institute approval voting, would fundamentally change the way we elect the people who represent us. Under this election system citizens could vote for as many candidates as they "approve" of. If this bill became law, even the proponents admit that a candidate who in a traditional election would have won the popular vote can lose and a candidate who would have gotten the least number of votes could win. While it is true that the winner would be "approved" by the greatest number of voters, it would essentially give us governance by "whomever." When those we elect do not have a base of strong support it is almost always impossible for them to govern effectively. The only example of a political organization using this method of voting that can be found is the United Nations – need we say more? Vote 15-3.

Rep. Cameron W. DeJong for the Minority of Election law: This bill is a simple idea which eliminates spoilers, gamesmanship and tossed ballots at essentially no cost while maintaining the familiar ballot form and counting methods. It does this by allowing the voter to express a separate opinion on each candidate, i.e. "would that candidate be a good choice for that office?" This approach would lead to more widely supported candidates and greater voter satisfaction. Unfortunately the bill was discussed by opponents in its public hearing in such a way that many aspects of the bill were misunderstood. For example, it was alleged that cities like San Francisco use this method while in reality they use very expensive and problematic instant runoff voting (IRV) systems. The minority believes that this bill should be retained by the committee for further review to work on the exact wording of its ballot, instructions, and to alleviate concerns brought forth by the Secretary of State.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Dan McGuire moved Recommit and spoke in favor.

Reps. Bowers and Cohn spoke in favor.

Rep. DeJong spoke in favor and yielded to questions.

Reps. Bates and Bettencourt spoke against.

Rep. Bettencourt requested a roll call; sufficiently seconded.

SULLIVAN

Bowers, Spec
and the majority committee report was adopted.

Smith, Steven

MOTION TO PRINT DEBATE

Rep. Manuse moved that the debate on **HB 240**, allowing voters to vote for multiple candidates for an office, be printed in the Permanent Journal.

On a division vote, 60 members having voted in the affirmative and 283 in the negative, the motion failed.

MOTION TO SUSPEND HOUSE RULES

Rep. Lambert moved that House Rules be suspended to allow a motion of reconsideration on **HB 539-FN**, repealing the state enforcement of OBD II requirements for motor vehicles, past the deadline of the last day to act on House bills going to a second committee.

Rep. Lambert spoke in favor.

Rep. Jasper spoke against.

On a division vote, 103 members having voted in the affirmative and 241 in the negative, the motion failed lacking the necessary two-thirds vote.

REGULAR CALENDAR (CONT'D)

HB 194, repealing the prohibition on having or carrying certain crossbow, rifles, or shotguns in vehicles. **INEXPEDIENT TO LEGISLATE.**

Rep. Lyle E. Bulis for Fish and Game and Marine Resources: The committee heard extensive testimony and then debated two relevant amendments that ultimately failed. The majority of the committee voiced strong concern about the safety of those in, on or around vehicles containing loaded firearms. The majority of the committee feels that the existing firearms statutes should not be changed. The department of safety, the fish and game department, and the New Hampshire police chiefs association among many others voiced opposition to this bill. Vote 12-4.

Rep. Hopper moved Recommit, spoke in favor and requested a roll call; sufficiently seconded.

Recommitted to the Committee on Fish and Game and Marine Resources.

BILL REMOVED FROM THE CONSENT CALENDAR

HB 556, relative to citizen complaints against police officers. **INEXPEDIENT TO LEGISLATE.**
Rep. Robbie L. Parsons for Criminal Justice and Public Safety: This is a personnel issue for which most towns and cities already have procedures in place. Also, all personnel issues are not public. Vote 11-3.

Reps. Manuse and Gagne spoke against.

Rep. Sapareto spoke against and yielded to questions.

Rep. Jasper spoke in favor.

On a division vote, 241 members having voted in the affirmative and 102 in the negative, the committee report was adopted.

REGULAR CALENDAR (CONT'D)

HB 259, requiring the supreme court to adopt rules of evidence for the judicial branch family division. **OUGHT TO PASS.**

Rep. Gregory M. Sorg for Judiciary: This bill would require the supreme court to adopt rules of evidence to be followed uniformly in the family division. Established experimentally in 2005 by enactment of RSA Chapter 490-D and gradually expanded thereafter, the family division has taken over jurisdiction of many family-related matters formerly exercised by the superior, district or probate courts. Apparently, by reason that Chapter 490-D is silent on the subject and that many parties in the family division appear pro se, that is, without attorneys, proceedings in the courtroom have typically been conducted informally, without requiring adherence to the New Hampshire rules of evidence followed in the other courts. While superficially such informality would appear to be helpful and conducive to getting to the facts, in actual practice it encourages such abuses as the making of accusations and recriminations on the basis of hearsay, which cannot be effectively rebutted, leading to confusion and disorder in the court and injustice to the accused. The qualification in this bill that the rules adopted should be based on the present rules of evidence "to the extent practicable" should provide the marital master with the necessary flexibility. Vote 10-5.

Committee report adopted and ordered to third reading.

HB 584, authorizing coastal management provisions in master plans. **INEXPEDIENT TO LEGISLATE.**

Rep. Betsey L. Patten for Municipal and County Government: The master plan in a community gives the residents the opportunity to give guidance to the planning board about how they want to see their community grow and change. There are fourteen subjects that are spelled out in RSA 674:2, III. One of those subjects is "natural hazard section which documents the physical characteristics, severity, frequency and extent of any potential natural hazards to the community." The committee noted that coastal management in relationship to rising sea levels fits into the mission of this paragraph. The committee also realizes that the Army Corp of Engineers, the coastal management plan for New Hampshire and the department of environmental services already have a variety of rules and regulations. The majority of the committee agreed that coastal management was already covered by the master plan. Vote 13-1.

Rep. Watters spoke against.

Rep. Betsey Patten spoke in favor.

Committee report adopted.

HB 64-FN, authorizing medal insignias on special number plates for veterans. **INEXPEDIENT TO LEGISLATE.**

Rep. John A. Hikel for Transportation: This bill is very well intentioned. However, there are plans in committee to deal with creating a multi-use plate to be used by many organizations. Vote 14-0. Committee report adopted.

HB 90, relative to enforcement of the requirement of boaters to have a safe boater education certificate. **OUGHT TO PASS WITH AMENDMENT.**

Rep. John R. Cloutier for Transportation: This bill, as amended, would enforce the requirement of boaters to have a safe boater education certificate only as a secondary action when an operator of a motorized or registered vessel has been cited, charged with, or issued a written warning for a violation or some other offense, or as a primary action when an operator is involved in an accident or when an operator is the subject of a complaint made to a peace officer or an agent of the director of the marine patrol division of the department of safety. Vote 12-3.

Amendment (0084h)

Amend the bill by replacing section 1 with the following:

1 Safe Boater Education Certificate; Possession Required. Amend RSA 270-D:11, III to read as follows:

III. Enforcement of this section shall be accomplished only as a secondary action when an operator of a motorized or registered vessel has been cited, [or] charged with, *or issued a written warning for* a violation or some other offense, *or as a primary action when an operator is involved in an accident or when an operator is the subject of a complaint made to a peace officer or an agent of the director.*

AMENDED ANALYSIS

This bill permits enforcement of the requirement of boaters to have a safe boater education certificate when the operator is issued a written warning for a violation or offense or when the operator is involved in an accident or is the subject of a complaint.

Amendment adopted.

Committee report adopted and ordered to third reading.

HB 441-FN, relative to muffling devices on boats. **OUGHT TO PASS WITH AMENDMENT.**
Rep. John A. Hikel for Transportation: This bill allows an already compliant exhaust system on boats to be manually switched to allow above water exhaust to be diverted underwater to further quiet and be of enjoyment to all those in lake homes. Furthermore, this practice at high rpm's is potentially very damaging internally, which will ensure the practice will be at low speeds - approximately 10-15 mph. Vote 14-0.

Amendment (0367h)

Amend the bill by replacing section 1 with the following:

I Muffling Devices. RSA 270:25, II is repealed and reenacted to read as follows:

II. A boat may be equipped with a switchable device that will reduce the exhaust noise level in compliance with the limits established by RSA 270:37.

Amendment adopted.

Committee report adopted and ordered to third reading.

BILLS REMOVED FROM THE CONSENT CALENDAR

HB 225-FN, relative to the return of personal property confiscated by law enforcement agencies from a person charged with a crime. **INEXPEDIENT TO LEGISLATE.**

Rep. Stephen J. Shurtleff for Criminal Justice and Public Safety: This bill would have set up a procedure for the return of personal property seized under RSA 173-B by law enforcement agencies. The committee felt that the bill had merit, but there were several issues that the sponsors hadn't addressed that were brought to the committee's attention during the bill's hearing including the proposed time limits, how the issue of contraband would be addressed, how this bill might conflict with RSA 606:10, II, etc. The committee recommends that the sponsors work with the department of safety on a new bill for next year's session. Because of the changes that need to be made, the bill would be changed substantially, thus allowing it to be introduced in the second half of the biennium. Vote 14-2.

Rep. Jasper moved Recommit.

Rep. Swinford spoke in favor.

Adopted.

Recommitted to the Committee on Criminal Justice and Public Safety.

HB 448-FN, relative to spice incense products. **INEXPEDIENT TO LEGISLATE.**

Rep. Kyle J. Tasker for Criminal Justice and Public Safety: This bill presents a slippery slope with no foreseeable end. Any product used against its intended and instructed use can be dangerous. This product has no greater potential for abuse or danger than any number of legally sold products. Vote 11-5. Rep. Tasker spoke in favor.

Rep. Emerson spoke against, yielded to questions and requested a roll call; sufficiently seconded.

and the committee report failed.

Rep. Welch moved Recommit.

On a division vote, 211 members having voted in the affirmative and 138 in the negative, the motion was adopted.

Recommitted to the Committee on Criminal Justice and Public Safety.

HB 160, requiring decisions and actions of the joint committee on legislative facilities to be ratified by the legislature. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Marilinda J. Garcia for Legislative Administration: This bill, as amended, would change one word in RSA 17-E:5-a, pursuant to the decisions and actions of the joint committee on legislative facilities. The word "use" is changed to "operation," thus allowing for specificity in application of decision making authority about state buildings. Vote 12-0.

Amendment (0063h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to decisions and actions of the joint committee on legislative facilities.

Amend the bill by replacing all after the enacting clause with the following:

1 Joint Committee on Legislative Facilities; Powers and Duties. Amend RSA 17-E:5-a, VIII to read as follows:

VIII. To establish policies regarding the [use] **operation** of the facilities under control of the legislature in the state house, the legislative office building, the Upham Walker house, parking garages and lots, and any future facility that may come under legislative management.

2 New Section; Joint Committee on Legislative Facilities; Stay of Committee Action. Amend RSA 17-E by inserting after section 5-a the following new section:

17-E:5-b Stay of Committee Action. A decision or action of the committee pursuant to RSA 17-E:5-a shall be effective unless the chairperson of the committee is presented a notice by a member of the general court indicating the intent to petition for reversal or amendment of the decision or action. The stay of the committee action shall be effective for 14 calendar days upon the filing of the notice. During the 14-day period, the petition shall be signed by at least 25 percent of the members of the body originating a petition for stay, otherwise the stay shall be removed. If the required signatures are achieved, the stay shall continue and the member shall cause to be introduced a concurrent resolution reversing or amending the decision or action of the committee. A concurrent resolution under this section may be introduced at any time during the legislative session. It shall be subject to the same rules as any other concurrent resolution introduced at the beginning of the legislative session. The decision or action of the committee shall be stayed pending the final disposition of the concurrent resolution addressing the matter.

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill allows for decisions and actions of the joint committee on legislative facilities to be stayed pending a concurrent resolution to reverse or amend the decision or action. The bill also clarifies the powers of the committee to establish policies for the operation of legislative facilities. Rep. Mirski spoke in favor.

Amendment adopted.

Committee report adopted.

Referred to the Committee on Finance.

HB 350-FN, updating laws relative to the fiscal committee of the general court. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Marilinda J. Garcia for Legislative Administration: This bill, as amended, is a housekeeping measure that updates laws relative to the fiscal committee of the General Court. It streamlines laws between the house and senate. Vote 12-0.

Amendment (0238h)

Amend the bill by replacing section 37 with the following:

37 State Financing of Court Facilities. Amend RSA 490-B:5, II to read as follows:

II. The amount to be paid for each court facility shall be negotiated by the ~~[administrative office of the courts and approved by the court accreditation commission]~~ **department of administrative services** and shall be subject to final approval ~~[by the fiscal committee of the general court and]~~ by the governor and council **or the department of administrative services, whichever is applicable under statutes, rules, or the procedures of governor and council.**

AMENDED ANALYSIS

This bill updates laws relative to the fiscal committee of the general court.

This bill also makes technical corrections to a law relative to court facility financing to reflect current procedures for negotiation and approval of leases.

Rep. Mirski spoke against.

Amendment failed.

The question now being adoption of the motion of Ought to Pass.

Adopted.

Referred to the Committee on Executive Departments and Administration.

RESOLUTION

Rep. Bettencourt offered the following: **RESOLVED**, that late drafting and introduction having been approved by the House and in accordance with the list in the possession of the Clerk, House Bill numbered 25 shall be by this resolution read a first and second time by the therein listed title, sent for printing and referred to the therein designated committee.

Adopted.

INTRODUCTION OF HOUSE BILL

First, second reading and referral

HB 25-FN-A, making appropriations for capital improvements. (Chandler, Carr 1; Boutin, Dist 16: Public Works and Highways)

RESOLUTION

Rep. Bettencourt offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Tuesday, March 15, 2011 at 9:00 a.m.

Adopted.

LATE SESSION

Third reading and final passage

HB 313, requiring parental consent for court referral of a minor to a juvenile diversion program.

HB 488-FN, relative to criminal records checks for employment with child day care agencies.

HB 634-FN, relative to payment of guardian ad litem and mediator fees in marital cases where the parties are indigent.

HB 535, relative to the committee to study parole boards and parole board procedures.

HB 106, relative to filing for town offices.

HB 289, relative to procedures followed by funeral directors.

HB 510, requiring marital masters to be New Hampshire residents.

HB 511, relative to retired judges over 70 years of age.

HB 525, naming a bridge in the town of Merrimack in honor of Corporal Timothy Gibson, U.S.M.C.

HB 572-FN, relative to official oppression.

HB 259, requiring the supreme court to adopt rules of evidence for the judicial branch family division.

HB 90, relative to enforcement of the requirement of boaters to have a safe boater education certificate.

HB 441-FN, relative to muffling devices on boats.

UNANIMOUS CONSENT

Reps. DeLemus and Rowe addressed the House.

RECESS MOTION

Rep. Bettencourt moved that the House stand in recess for the purposes of the introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports.
Adopted.

The House recessed at 12:45 p.m.

RECESS

(Rep. Chandler in the Chair)

RESOLUTION

Rep. Cataldo offered the following: **RESOLVED**, that late drafting and introduction having been approved by the House and in accordance with the list in the possession of the Clerk, House Bills numbered 1 and 2 shall be by this resolution read a first and second time by the therein listed titles, sent for printing and referred to the therein designated committees.
Adopted.

INTRODUCTION OF HOUSE BILLS

First, second reading and referral

HB 1-A, making appropriations for the expenses of certain departments of the state for fiscal years ending June 30, 2012 and June 30, 2013. (Weyler, Rock 8: Finance)

HB 2-FN-A-L, relative to state fees, funds, revenues, and expenditures. (Weyler, Rock 8: Finance)

RECESS

(Speaker O'Brien in the Chair)

RESOLUTION

Rep. Bettencourt offered the following: **RESOLVED**, that late drafting and introduction having been approved by the Rules Committee, House Bill numbered 651 shall be by this resolution read a first and second time by the therein listed title, sent for printing and referred to the therein designated committee.
Adopted.

INTRODUCTION OF HOUSE BILL

First, second reading and referral

HB 651, allowing the sale and possession of monk parakeets. (Notter, Hills 19; Avard, Hills 20; Peterson, Hills 19; Scontsas, Hills 22; Cox, Merr 6; Pitre, Straf 3; Hill, Merr 6: Fish and Game and Marine Resources)

RECESS

(Speaker O'Brien in the Chair)

Rep. Silva moved that the House adjourn.
Adopted.

HOUSE JOURNAL No. 10

Tuesday, March 15, 2011

The House assembled at 9:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Roger Boucher.

Eternal Father, we are humbly grateful and praise You for the good and gracious land in which we live, for the place that is our home, for the upcoming spring that will release us from the burdens of travel, and for a state that presupposes that we are free to share a common vision of liberty. We hold up all those we care for in our families, our schools and places of worship and especially Representative Schroader and his wife, Susie, who still need Your strength and ours to believe in the cycle of life sustained by You. We pray for all our members and their needs and concerns. We ask for enduring strength for those who suffer from war or the uncertainties of nature. Help us in our work today, not to get bogged down with the governing machinery or to reinvent the day. Give us the humility to see each new day as Yours and a confidence which keeps us optimistic for the future. We pray this in Your name. Amen.

Representative Michele Peckham, member from North Hampton, led the Pledge of Allegiance.

The National Anthem was sung by Annie and Becky Pasternell, home schooled students from Wolfeboro.

LEAVES OF ABSENCE

Reps. Beattie, Ronald Belanger, Day, Grassie, Kingsbury, Lundgren and Sapienza, the day, illness. Reps. Ahlgren, Chase, Comtois, Hill, Kolodziej, Leonard, Mark Lindsley, Bruce MacMahon, Barry Palmer, Shackett, Daniel Sullivan and Weed, the day, important business. Rep. Schroader, the day, death in the family.

INTRODUCTION OF GUESTS

D. Patrick McGuiness, brother of Rep. McGuiness. Katy Peternel, mother of the singers, guest of the Wolfeboro delegation. The Honorable Laurie Boyce, former member from Alton, guest of Rep. Blankenbeker.

Samantha Puckett of Bishop Brady High School, Page for the day.

COMMUNICATION

March 14, 2011

Dear Speaker O'Brien,

I hereby submit my resignation from the House of Representatives effective March 14, 2011.

Representative Martin Harty

Accepted by the Speaker.

MOTION TO SUSPEND HOUSE RULES

Reps. Bettencourt and Wallner move that House Rules be so far suspended as to allow the deadline for reporting on **HB 580-FN-L**, relative to the New Hampshire retirement system, **HB 648**, relative to eminent domain petitions by public utilities, **HB 649**, relative to the Northern Pass Project to construct and operate transmission lines from the Canadian border to a proposed terminal in Franklin, New Hampshire, and **HB 651**, allowing the sale and possession of monk parakeets, be extended to no later than March 24, 2011 and the deadline for House action be extended to no later than March 31, 2011.

Adopted by the necessary two-thirds vote.

CONSENT CALENDAR

Rep. Bettencourt moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

HB 562, relative to overdraft fees charged by banks, removed by Rep. Brunelle.

HB 577, relative to the use of foreign languages by retail establishments, removed by Rep. Weber.

HB 617, repealing the prohibitions on Sunday business activities, removed by Rep. Infantine.

HB 453-FN-L, making persons fleeing to avoid prosecution or custody or violating parole or probation ineligible to receive certain disability aid, removed by Rep. Shurtleff.

HB 552, establishing a committee to study repealing the revisions to the law implemented by SB 500-FN of the 2010 legislative session, removed by Rep. Pepino.

HB 421, relative to candidates for United States senator, removed by Rep. Cote.

HB 484-FN, requiring random drug testing of food stamp program participants, removed by Rep. MacKay.

HB 485-FN, relative to requiring photo identification for food stamp program participants, removed by Rep. MacKay.

HB 489-FN, relative to health information exchange, removed by Rep. Tucker.

HB 573, relative to the administration of certain pain relief medications by a school nurse, removed by Rep. Notter.

HB 569-FN, establishing domestic union as a valid contract and extending certain rights to parties to a domestic union, removed by Rep. Cohn.

HB 640-FN, relative to notice to the department of health and human services of the allocation of spousal income and relative to estate planning by guardians, removed by Rep. Kurk.

HB 641-FN, relative to lien authority for the office of reimbursements within the department of health and human services, removed by Rep. Kurk.

HB 26-FN, clarifying the definition of gross misconduct for purposes of unemployment compensation, removed by Rep. Giuda.

HB 621-FN-L, relative to the authority of the department of transportation, removed by Rep. Chandler.

HCR 13, urging Congress to pass legislation against losses in value due to money supply by the federal reserve; restoring gold and silver money; and phasing out the federal reserve system, removed by Rep. Kris Roberts.

HCR 15, ordering our federal senators to vote against the Law of the Sea Convention, removed by Rep. Horrigan.

HB 549, relative to driver's license reexaminations, removed by Rep. Cox.
Consent Calendar adopted.

Rep. Gimás declared a conflict of interest on **HB 503** and did not participate in the vote on the Consent Calendar.

HB 435, establishing a committee to study joint parenting decisions. **INEXPEDIENT TO LEGISLATE.**

Rep. Patricia A. Dowling for Children and Family Law: The topics and subject matters contained in this bill will be covered in HB 597 and HB 563; also in the 2009 child support study. The sponsor indicated that it would be acceptable to have the substance of this bill, namely court awards of parenting time, child support formulas and their amendment incorporated in other related bills so as to avoid duplication, thus the above-referenced bills. Committee voted ITL. Vote 11-0.

HB 512, relative to education requirements for certification as a guardian ad litem. **INEXPEDIENT TO LEGISLATE.**

Rep. Marie N. Sapienza for Children and Family Law: This bill requires guardian ad litem (GAL's) to receive education and training in areas of child development and family dynamics including parental alienation. The GAL program has evidenced some problem areas and this bill is an attempt to help improve the education component. However, HB 614 proposes a performance audit of, among other things, GAL education and training. The committee feels that a prudent approach is to review the results and recommendations of a professional audit of the system that will include the educational piece, before requiring additional education components. Vote 11-0.

HB 597, revising the child support guidelines based on an income shares model of calculating child support. **OUGHT TO PASS.**

Rep. Edward P. Moran for Children and Family Law: This bill amends the current child support formula found in RSA 458-C:3 to adopt an income shares model used by most states. This approach is largely the result of discussions and recommendations contained in the University of New Hampshire 2009 New Hampshire child support guidelines review and recommendations. The income shares model is based on economic studies indicating that as parents' combined income increases, the percent of total income spent on child support declines. Thus, the income shares formula uses

both the number of children and level of parents' combined income as major variables. In current formula, both parents' adjusted incomes are combined to establish a total child support obligation based on a fixed percentage determined by the number of children. Total obligation is then divided between parties based on their relative income. The income share model complies with federal rules requirements for state support guidelines. Vote 11-0.

HB 31, relative to insurance payments for ambulance services. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Chris F. Nevins for Commerce and Consumer Affairs: This bill was submitted to create a more level playing field for reimbursement to ambulance service providers by insurance companies. Reimbursement by one insurer for the benefit of the ambulance services was being sent directly to the beneficiary who would not always pay the ambulance service. Questions also arose on differing reimbursement rates between insurers. To minimize costs to all health insurers and therefore health insurance purchasers, the insurer agreed to direct pay the ambulance service providers and the providers agreed reimbursement rates subject to the terms and conditions of the policy, plan or contract. RSA 415:6-9 and RSA 415:18-V will be amended to reflect same. Vote 17-0.

Amendment (0554h)

Amend the bill by replacing sections 1 and 2 with the following:

1 New Section; Ambulance Service Providers; Reimbursement. Amend RSA 415 by inserting after section 6-p the following new section:

415:6-q Reimbursement for Ambulance Service Providers. Each insurer that issues or renews any individual policy, plan, or contract of accident or health insurance providing benefits for medically necessary ambulance services shall reimburse the ambulance service provider directly or by a check payable to the insured and the ambulance service provider subject to the terms and conditions of the policy, plan, or contract. Nothing in this section shall preclude an insurer from negotiating with and subsequently entering into a contract with a non-participating ambulance provider that establishes rates of reimbursement for emergency medical services.

2 New Section; Ambulance Service Providers; Reimbursement. Amend RSA 415 by inserting after section 18-u the following new section:

415:18-v Reimbursement for Ambulance Service Providers. Each insurer that issues or renews any policy of group or blanket accident or health insurance providing benefits for medically necessary ambulance services shall reimburse the ambulance service provider directly or by a check payable to the insured and the ambulance service provider subject to the terms and conditions of the policy, plan, or contract. Nothing in this section shall preclude an insurer from negotiating with and subsequently entering into a contract with a non-participating ambulance provider that establishes rates of reimbursement for emergency medical services.

Amend the bill by replacing section 5 with the following:

5 Effective Date. This act shall take effect January 1, 2012.

AMENDED ANALYSIS

This bill requires that the providers of ambulance services be reimbursed directly or by a check payable to the insured and the ambulance service provider subject to the terms and conditions of the policy, plan, or contract.

HB 102, establishing a committee to study merging the insurance department, banking department, and securities division of the office of the secretary of state. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Jennifer R. Coffey for Commerce and Consumer Affairs: This bill, as amended, will establish a study committee to examine ways to improve communications among the insurance department, banking department, and bureau of securities regulation. It will also address confidentiality issues among the various departments and make recommendations regarding specific changes in the appropriate statutes. The committee may also solicit information from any source deemed relevant to its study. Vote 16-0.

Amendment (0266h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study certain issues relative to the insurance department, banking department, and bureau of securities regulation of the office of the secretary of state.

Amend the bill by replacing section 1 with the following:

1 Committee Established. There is established a committee to study certain issues relative to the insurance department, banking department, and bureau of securities regulation of the office of the secretary of state.

Amend the bill by replacing section 3 with the following:

3 Duties.

I. The committee's study shall include, but not be limited to:

(a) Ways to improve communications among the insurance department, banking department, and bureau of securities regulation.

(b) Addressing the confidentiality issues of the various departments and making recommendations regarding specific changes in the appropriate statutes.

II. The committee may solicit information from any source deemed relevant to its study.

AMENDED ANALYSIS

This bill establishes a committee to study certain issues relative to the insurance department, banking department, and bureau of securities regulation of the office of the secretary of state.

HB 175, relative to technical changes in life, accident, and health insurance. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Donald H. Flanders for Commerce and Consumer Affairs: This bill is a request of the insurance department and makes certain technical changes to the laws pertaining to life, Health and accident insurance. Vote 16-0.

Amendment (0742h)

Amend RSA 402:82, II(b) as inserted by section 1 of the bill by replacing it with the following:

(b) A written or electronic signature of the applicant. *In the case of group life, accident, or health insurance, the certificate holder insured under the group health policy is not the applicant.* Amend RSA 420-G:5, VIII as inserted by section 7 of the bill by replacing it with the following:

VIII. Health carriers shall provide coverage for medically necessary dental services resulting from an accidental injury to sound natural teeth and gums when the course of treatment for the accidental injury is received or authorized within 3 months of the date of the injury. Treatment made necessary due to injury to the jaw and oral structures other than teeth shall be covered without time limit. Coverage hereunder shall be subject to such other terms and conditions of the policy that may apply.

HB 237, relative to federal mandated health insurance benefits. **INEXPEDIENT TO LEGISLATE.**

Rep. Jennifer R. Coffey for Commerce and Consumer Affairs: This bill requires any health insurance benefits implemented pursuant to federal health care reform to be 100 percent funded by federal funds. Unfortunately we cannot control federal funding at the state level. Vote 17-0.

HB 246, relative to prearranged funeral contracts or burial plans. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Jennifer R. Coffey for Commerce and Consumer Affairs: This bill establishes procedures for contracts involving prearranged funeral contracts or burial plans, and provides for consumer protection by setting guidelines and standards to ensure the contracts are fairly written. This act strengthens the current law to provide a level of protection for New Hampshire families. This bill is supported by the NH funeral directors association who would like to see New Hampshire go from a poor national rating in the area of detailed consumer disclosures to an excellent rating. Vote 15-1.

Amendment (0281h)

Amend RSA 325:46-a, I-III as inserted by section 1 of the bill by replacing it with the following:

I. Any prearranged funeral contract that involves the payment of money to a trust account or the purchase or assignment of an insurance policy or annuity shall be in writing and shall include all of the following information:

(a)(1) The name, address, and phone number of the seller and the name and address of the purchaser of the contract.

(2) If the contract beneficiary is someone other than the purchaser of the contract, the name and address of the contract beneficiary.

(3) If the contract involves the payment of money but not the purchase or assignment of an insurance policy or annuity, the social security number of the purchaser of the contract or if the contract beneficiary is someone other than the purchaser, the social security number of the contract beneficiary.

(b) A statement of the funeral goods and funeral services purchased, which may be made by attaching a copy of the completed statement of funeral goods and services selected to the prearranged funeral contract.

(c) A disclosure explaining the form in which the purchase price shall be paid and, if the price is to be paid in installments, a disclosure to the purchaser regarding what constitutes a default under the prearranged funeral contract and the consequences of the default.

(d) A disclosure informing the purchaser whether the contract is either a guaranteed prearranged funeral contract or a nonguaranteed prearranged funeral contract, and, if the contract is guaranteed only in part, a disclosure specifying the funeral goods or funeral services included in the guarantee.

(e) If the prearranged funeral contract is a guaranteed contract, a disclosure that the seller, in exchange for all of the proceeds of the trust, insurance policy, or annuity, shall provide the funeral goods and funeral services set forth in the prearranged funeral contract without regard to the actual cost of such funeral goods and funeral services prevailing at the time of performance.

(f) If the prearranged funeral contract is a nonguaranteed contract, a disclosure that:

(1) The proceeds of the trust, insurance policy, or annuity shall be applied to the retail prices in effect at the time of the funeral for the funeral goods and funeral services set forth in the contract;

(2) Any excess funds remaining after all expenses for the funeral have been paid shall be paid to the estate of the decedent or the beneficiary named in the life insurance policy if the prearranged funeral contract is funded by a life insurance policy; and

(3) In the event of an insufficiency in funds, the seller shall not be required to perform until payment arrangements satisfactory to the seller have been made.

(g) A disclosure that:

(1) The purchaser has the right to make the contract irrevocable and that if the prearranged funeral contract is irrevocable, the purchaser does not have a right to revoke the contract.

(2) The purchaser has the right to make the contract revocable, the purchaser has the right to revoke a revocable prearranged funeral contract.

(h) A disclosure informing the purchaser of the initial right to cancel the prearranged funeral contract within 10 days. Any purchaser, on initially entering into a prearranged funeral contract may, within 10 days after entering into that contract, rescind the contract and request and receive from the seller of the contract all payments made under the contract.

(i) A disclosure that the seller may substitute funeral goods or funeral services of equal quality, value, and workmanship if those specified in the prearranged funeral contract are unavailable at the time of need.

(j) A disclosure that any purchaser of funeral goods and funeral services is entitled to receive price information prior to making that purchase in accordance with the Federal Trade Commission's funeral industry practices revised rule, 16 C.F.R. part 453;

II. If the purchaser of a prearranged funeral contract that is revocable elects to cancel the contract, the purchaser shall provide a written notice to the seller of the contract and the trustee of the prearranged funeral contract trust stating that the purchaser intends to cancel the contract. Fifteen days after the purchaser provides that notice to the seller and trustee, the purchaser may cancel the contract.

III. The purchaser of a prearranged funeral contract that is irrevocable may transfer the prearranged funeral contract to a successor seller. A purchaser who elects to make such a transfer shall provide a written notice of the designation of a successor seller to the trustee and the original seller. Within 15 days after receiving the written notice of the new designation from the purchaser, the trustee shall list the successor seller as the seller of the prearranged funeral contract and the original seller shall relinquish and transfer all rights under the prearranged funeral contract to the successor seller. The trustee shall confirm the transfer by providing written notice of the transfer to the original seller, the successor seller, and the purchaser.

HB 248, establishing a commission to study business regulations in New Hampshire. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Frederick C. Rice for Commerce and Consumer Affairs: This bill establishes a commission comprised of representatives from the legislature and both the private and public sectors, diversely representative of the state by geography and industry. The commission will examine labor and work force regulations, and environmental and construction regulations, and submit a report with recommendations to improve the business environment in New Hampshire. The amendment served only to correct and clarify the names of some of the representative agencies. Vote 15-2.

Amendment (0738h)

Amend RSA 359-K:1, II(c) as inserted by section 1 of the bill by replacing it with the following:

(c) Public members representing the following groups and interests, appointed in such a manner as to create a commission comprised of representatives from both the private and public sector, diversely representative of the state by geography and by industry:

(1) One representative of the New Hampshire Business and Industry Association, appointed by the association.

(2) One representative of the Greater Manchester Chamber of Commerce, appointed by that organization.

(3) One representative of the Greater Nashua Chamber of Commerce, appointed by that organization.

(4) One representative of the Franconia Notch Chamber of Commerce, appointed by that organization.

(5) One representative of the Upper Valley Bi-State Regional Chamber of Commerce, appointed by that organization.

(6) One representative of the Greater Portsmouth Chamber of Commerce, appointed by that organization.

(7) One representative of the Retail Merchants Association of New Hampshire, appointed by the association.

(8) One representative of the New Hampshire Lodging and Restaurant Association, appointed by the association.

(9) One representative of the Home Builders and Remodelers Association of New Hampshire, appointed by the association.

(10) One representative of the NH/VT chapter of Associated Builders and Contractors, Inc., appointed by that organization.

(11) One member representing human resources professionals, appointed by HR State Council of New Hampshire, the New Hampshire affiliate of the Society for Human Resource Management.

(12) One representative of the National Association of Professional Employer Organizations, appointed by that organization.

(13) One representative of the New Hampshire Automobile Dealers Association, appointed by the association.

(14) One representative of the New Hampshire High Technology Council, appointed by that organization.

(15) One representative of the New Hampshire Manufacturing Extension Partnership, appointed by that organization.

(16) One representative of the New Hampshire Small Business Development Center, appointed by that organization.

(17) Two public members, appointed by the office of the governor.

HB 255, requiring consumer protection for prepaid services. **INEXPEDIENT TO LEGISLATE.** Rep. Donna L. Schlachman for Commerce and Consumer Affairs: This bill addressed an important consumer issue and was supported by the attorney general's office which has dealt with complaints from people paying for a good or service in advance and not receiving the good or service. Unfortunately, the bill was too broadly written. It would have allowed individuals to terminate a prepaid agreement for a good or service at any point, even if the service was partially provided or the good partially used, and receive their prepaid funds. The committee, working with the consumer protection bureau, was unable to craft workable language free of unintended consequences. Vote 12-0.

HB 280, relative to interest rate terms in contracts for providing credit to consumers. **INEXPEDIENT TO LEGISLATE.**

Rep. David J. Palfrey for Commerce and Consumer Affairs: This bill limits the interest rate that may be charged by New Hampshire creditors under an open-ended credit plan to 6 percentage points above the prime interest rate, unless the consumer has failed to make a payment under the plan during the preceding 12 months. The committee felt that this legislation placed New Hampshire regulated lenders at a disadvantage in the lending market place since it did not apply to out of state lenders. It was also felt by the committee that additional regulation of interest notes was not necessary. Vote 17-0.

HB 291, relative to permissible fireworks. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Sean M. McGuinness for Commerce and Consumer Affairs: This bill repeals a statutory committee system that currently tests and evaluates consumer fireworks that will be placed on a list of permissible fireworks available for sale in the state. Currently there are over 2400 individual items on the permissible list and this list is always changing. This bill changes “permissible fireworks” to mean “consumer fireworks which are those items that are approved by the federal Consumer Product Safety Commission under 27 F.R. Sec 555.111;” the only exception being those particular consumer fireworks specifically prohibited by statute. The bill has broad support with testimony coming from public and private interests. The act removes unnecessary bureaucracy, simplifies enforcement and maintains the federal standard of safety. Vote 17-0.

Amendment (0675h)

Amend the bill by replacing all after the enacting clause with the following:

1 References Updated. Amend the following RSA provisions by replacing 27 C.F.R. section 55.11 with 27 C.F.R. section 555.11: RSA 158:9-c, III-a; 189:9-f, III; 160-B:1, I, IX, and X; 160-C:1, II, III, and IV.

2 Definition of Permissible Fireworks. RSA 160-C:1, V is repealed and reenacted to read as follows:

V. “Permissible fireworks” means consumer fireworks, except for those items that are prohibited pursuant to RSA 160-B:16, 160-B:16-b, and 160-B:16-c.

3 Distribution of Pamphlet. Amend RSA 160-C:12 to read as follows:

160-C:12 Distribution of Pamphlet Required. Any person engaged in selling permissible fireworks shall [provide] **make available** to the purchaser a pamphlet, approved by the commissioner, detailing the appropriate and safe use of the permissible fireworks being sold.

4 Permissible Fireworks Advisory Committee. RSA 160-C:13 is repealed and reenacted to read as follows:

160-C:13 Permissible Fireworks Advisory Committee.

I. There is hereby established a permissible fireworks advisory committee. The composition of this committee shall be as follows: one senator, appointed by the senate president; one representative, appointed by the speaker of the house of representatives; the state fire marshal, or designee; the director of the division of state police, or designee; and 3 public members, 2 of whom shall be engaged in the retail sale of consumer fireworks in New Hampshire and one of whom shall be a regular purchaser of consumer fireworks, appointed by the governor. No vote of the committee shall take place unless 3 members of the committee are present. The term of office of each member appointed by the governor shall be 2 years and until a successor is appointed and qualified. The other members of the committee shall serve terms coterminous with their terms in office. Vacancies shall be filled in the same manner for the unexpired terms. Members shall serve without compensation, except that the legislative members shall receive mileage at the legislative rate. The committee shall elect a chairperson annually.

II. The committee shall meet at least once per calendar year, prior to October 1, and within 30 days of any emergency removal from retail sale of permissible fireworks pursuant to RSA 160-C:16. The purpose of the meeting following the emergency removal of permissible fireworks shall be to review the basis for the commissioner’s decision and to make a recommendation to the commissioner as to whether the items are properly classified pursuant to 27 C.F.R. section 555.11.

III. The committee shall review the rules and standards of the Consumer Product Safety Commission regarding consumer fireworks so as to provide information and advice to the commissioner on the application and enforcement of the state’s fireworks laws.

IV. On or before December 1, 2011, and each December 1 thereafter the committee shall make a report of the committee’s activities and any recommendations for legislation to the commissioner, the speaker of the house of representatives, the senate president, the house clerk, the senate clerk, and the state library.

5 Emergency Removal from Retail Sale. RSA 160-C:16, I is repealed and reenacted to read as follows:

I.(a) The commissioner may, upon the recommendation of the state fire marshal or the director of state police, at any time and with notice to the permissible fireworks advisory committee, suspend from retail sale or otherwise order the removal from retail sale of any permissible firework item that poses an imminent threat to life and property.

(b) The commissioner shall, within 15 days of action taken pursuant to this paragraph, file a report and request a finding from the federal Consumer Product Safety Commission, a determination on the legal status of the permissible consumer firework item being suspended or removed by the commissioner from retail sale.

(c) The commissioner's suspension or removal of any such firework items shall continue in force and effect until such time as a determination can be made and shall not supersede any finding by the Consumer Product Safety Commission pursuant to the commissioner's report and request.

6 Repeal. The following are repealed:

I. RSA 160-B:16-a, prohibiting the retail sale of reloadable aerial shells.

II. RSA 160-C:10, II and III, relative to list of permissible fireworks offered for sale.

III. RSA 160-C:15, relative to the permissible fireworks list.

IV. RSA 160-C:17, II, and III, relative to the fireworks inspector's duties.

7 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill defines permissible fireworks as consumer fireworks, with certain limited exceptions. The bill also revises the membership and duties of the permissible fireworks review committee.

HB 298, requiring condominium management companies to make certain disclosures to the condominium board of directors. **OUGHT TO PASS WITH AMENDMENT.**

Rep. James M. Sullivan for Commerce and Consumer Affairs: This bill requires a condominium management company to disclose to the unit owners' association the structure of referral fees received from contracted work performed on behalf of the association. It does not place any requirement on the nature of the fee itself, just the disclosure of the fee and the purpose of the fee. Vote 12-0.

Amendment (0404h)

Amend RSA 356-B:40-a, I and II as inserted by section 1 of the bill by replacing it with the following:

I. If the unit owners' association or the board of directors has delegated certain powers and duties to a managing agent, the managing agent shall disclose any referral fees received from contract work performed on behalf of the association to the board of directors prior to the next regularly scheduled board meeting, unless the terms of any referral fees are disclosed in the managing agent's contract with the unit owners' association, in which case disclosure of fees actually received shall not be required.

II. The managing agent also shall disclose to the board of directors the amount and purpose of any fees, other than maintenance fees, received from a unit owner, unless the terms of any such fees are disclosed in the managing agent's contract with the unit owners' association, in which case disclosure of fees actually received shall not be required.

HB 317, relative to fire warning devices and carbon monoxide detection devices in dwellings. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Jennifer R. Coffey for Commerce and Consumer Affairs: This bill revises the type and location requirements for automatic fire warning devices and carbon monoxide detection devices in dwellings. This bill removes the mandate to have carbon monoxide detectors in dwellings that do not have an attached garage or appliance or device that uses a combustion method of burning solid, liquid or gas fuel. Vote 16-0.

Amendment (0377h)

Amend RSA 153:10-a, I as inserted by section 1 of the bill by replacing it with the following:

I. Each multi-unit dwelling and rental unit shall be equipped with automatic fire warning devices in accordance with the NFPA 101 Life Safety Code and the NFPA 72 National Fire Alarm and Signaling Code and carbon monoxide detection devices in accordance with the NFPA 720 Standard for the Installation of Carbon Monoxide (co) Detection and Warning Equipment; provided that a carbon monoxide detection device shall not be required in a multi-unit dwelling or rental unit that does not have an attached garage and does not contain an appliance or device that uses a combustion method of burning solid, liquid, or gas fuel. If a garage or combustion fuel appliance or device is later added to the dwelling or rental unit, a carbon monoxide detection device shall be required.

HB 322, relative to occupancy fees charged by manufactured housing park owners. **OUGHT TO PASS.**

Rep. Chris F. Nevins for Commerce and Consumer Affairs: Current law allows manufactured housing parks to charge for increased occupancy rates in individual units. The current rate is ten dollars per adult per month where the number of adults residing in manufactured housing exceeds the limit established by the park's rules. Due to increased maintenance costs, especially with septic systems, park owners requested an increase to twenty dollars. The committee found this request more than reasonable. Vote 11-1.

HB 345-FN*, relative to insurance payments for ambulance providers. **INEXPEDIENT TO LEGISLATE.*

Rep. Donald H. Flanders for Commerce and Consumer Affairs: This bill would require automobile insurers to make direct payment to ambulance providers under the medical payments coverage of the automobile insurance policy. This is contrary to current insurance law which prohibits medical payments coverage from being assigned to any health care provider. The purpose of this coverage is to reimburse the policyholder for his medical expenses incurred as a result of an automobile accident and to allow the policyholder to pay his bills directly. Allowing ambulance providers to have an exception to this rule would be inequitable to other health care provider. Vote 16-0.

HB 359-FN*, prohibiting the use of certain information to underwrite insurance coverage. **INEXPEDIENT TO LEGISLATE.*

Rep. Donald H. Flanders for Commerce and Consumer Affairs: This bill would make it an unfair insurance trade practice to charge higher premiums for automobile and homeowners insurance based on credit rating. Credit rating is a nationally used factor in establishing automobile and homeowner's rates and has been a very good predictor of loss experience. Its removal would create more uncertainty in the viability of rates and would result in rate increases to an estimated 70% of policy holders in the state. Vote 16-0.

HB 385-FN*, relative to the applicability of licensure requirements for mortgage bankers and brokers. **INEXPEDIENT TO LEGISLATE.*

Rep. James M. Sullivan for Commerce and Consumer Affairs: The bill adds an exemption to the licensure law regarding mortgage bankers and brokers for a person who negotiates no more than 12 residential mortgage loans in any calendar year. This would allow a partnership with one employee to issue 36 mortgages in a calendar year, hardly in the spirit of "deminimus" as anticipated by the yet unpublished HUD guidelines. Any exemption granted by the state could be exposed to be in error. There is a bill coming from the Senate that addresses this provision. Vote 16-0.

HB 398*, relative to service animals. **OUGHT TO PASS WITH AMENDMENT.*

Rep. Donna L. Schlachman for Commerce and Consumer Affairs: This bill came at the request of people with disabilities who use service dogs. It aligns New Hampshire's statute with new language recently enacted under the federal American with Disabilities Act. It clarifies the role(s) of service animals (dogs) in assisting individuals with disabilities and removes the state requirement that special collars or leashes be used to designate the nature of the disability, which is considered to be an invasion of privacy. Vote 12-0.

Amendment (0562h)

Amend the bill by replacing all after the enacting clause with the following:

1 Service Animals. The chapter title of RSA 167-D is repealed and reenacted to read as follows:
SERVICE ANIMALS AND SEARCH AND RESCUE DOGS

2 Service Animals. RSA 167-D:1 through RSA 167-D:9 is repealed and reenacted to read as follows:

167-D:1 Definitions. As used in this chapter:

I. "Housing accommodation" means any publicly assisted housing accommodation or any real property, or portion thereof, which is used or occupied, or is intended, arranged, or designed to be used or occupied, as the home, residence or sleeping place of one or more persons, but shall not include any single family residence the occupants of which rent, lease, or furnish for compensation not more than one room therein.

II. "Public facility" means any place of public accommodation and any street, highway, sidewalk, walkway, public building, and any other place or structure to which the general public is regularly, normally, or customarily permitted or invited.

III. A “place of public accommodation” shall mean, but shall not be limited to, any tavern road-house, hotel, motel, or trailer camp, whether for entertainment of transient guests or accommodation of those seeking health, recreation, or rest; any producer, manufacturer, wholesaler, distributor, retail shop, store establishment, or concession dealing with goods or services of any kind; any restaurant, eating house, or place where food is sold for consumption on the premises; any place maintained for the sale of ice cream, ice, and fruit preparations or their derivatives, soda water or confections, or where any beverages of any kind are retailed for consumption on the premises; any garage; any public conveyance operated on land or water, or in the air, or any stations and terminals thereof; any bathhouse, boardwalk, or seashore accommodation; any auditorium, meeting place, or hall; any theatre, motion picture house, music hall, roof garden, skating rink, swimming pool, amusement and recreation park, fair, bowling alley, gymnasium, shooting gallery, billiard and pool parlor, or any other place of amusement; any comfort station; any dispensary, clinic, or hospital; any public library; any kindergarten, primary and secondary school, trade or business school, high school, academy, college and university, or any educational institution under the supervision of the state board of education, or the commissioner of education of the state of New Hampshire.

IV. “Service animal” means any dog individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. Other species of animals, whether wild or domestic, trained or untrained, are not service animals for purposes of this definition.

V. “Service animal trainer” means any person who is employed by or volunteers for an organization generally recognized by agencies involved in the rehabilitation of mobility impaired persons as reputable and competent to provide service animals with training, and who is actively involved in the training process.

VI. “Search and rescue dog” means any dog which has been trained to perform typical search and rescue operations and is certified by a competent authority or holds a title from a competent authority or organization recognized by the office of the governor, the department of safety, the department of fish and game, or the Federal Emergency Management Agency or its successor agency.

167-D:2 Service Animal Duties.

I. The work or tasks performed by a service animal shall be directly related to the handler’s disability. Work and tasks may include, but is not limited to:

- (a) Assisting individuals who are blind or have low vision with navigation and other tasks.
- (b) Alerting individuals who are deaf or hard of hearing to the presence of people or sounds.
- (c) Providing non-violent protection or rescue work.
- (d) Pulling a wheelchair.
- (e) Assisting an individual during a seizure.
- (f) Alerting individuals to the presence of allergens.
- (g) Retrieving items such as medicine or a telephone.
- (h) Providing physical support and assistance with balance and stability to individuals with mobility disabilities.

(i) Helping persons with psychiatric and neurological disability by preventing or interrupting impulsive or destructive behaviors.

II. The crime deterrent effect of an animal’s presence and the provision of emotional support, well-being, comfort, or companionship does not constitute work or tasks for the purposes of this chapter.

167-D:3 Private Clubs, etc. Nothing herein contained shall be construed to include or apply to any institution, bona fide club, or place of accommodation, which is in its nature distinctly private; nor shall anything herein contained apply to any educational facility operated or maintained by a bona fide religious or sectarian institution; and the right of a natural parent or one in loco parentis to direct the education and upbringing of a child under his control is hereby affirmed; nor shall anything herein contained be construed to bar any private secondary or postsecondary school from using good faith criteria other than race, creed, color, national origin, ancestry, or disability in admission of students.

167-D:4 Service Animals May Accompany. It is lawful for any service animal to accompany his or her handler or trainer into any public facility, housing accommodation, or place of public accommodation to which the general public is invited, subject only to the conditions and limitations established by law and applicable alike to all persons.

167-D:5 Application of RSA 167-D:4 to Search and Rescue Dogs. The provisions of RSA 167-D:4 shall also apply to dogs involved in search and rescue missions at the request of a government agency when such dogs are in the course of, or traveling to or from the scene of, their official duties.

167-D:6 Service Animal Trainer. A service animal trainer, while engaged in the actual training process and activities of such animals, shall have the same rights and privileges with respect to access to public facilities, and the same responsibilities as are applicable to persons with disabilities using a service animal.

167-D:7 Licensing. Service animals shall be licensed as provided in RSA 466.

167-D:8 Prohibited Acts.

I. It is unlawful for a person, directly or indirectly, either to prohibit, hinder, or interfere with a service animal's handler or trainer who otherwise complies with the limitations applicable to persons without disabilities.

II. It is unlawful for any person to fit an animal with a collar, leash, or harness of the type which represents that the animal is a service animal, if in fact said animal is not and to thus use the animal to misrepresent the physical status of said person.

III. It is unlawful for any person to willfully interfere or attempt to interfere with a service animal.

167-D:9 Nonuse of Service Animal. A person with a disability not using a service animal in any of the places, accommodations, or conveyances listed in RSA 167-D shall have all of the rights and privileges conferred by law upon other persons; and the failure of person with a disability to use a service animal in those places, accommodations, or conveyances shall not be held to constitute nor be evidence of contributory negligence.

167-D:10 Penalty. Any person violating any provision of this chapter shall be guilty of a misdemeanor.

3 Service Animals; Emergency Plans. Amend RSA 21-P:37, VI to read as follows:

VI. To prepare a comprehensive plan and program for the evacuation of [~~hearing ear dogs, guide dogs,~~] search and rescue dogs[;] and [~~other~~] service animals, as defined in RSA 167-D.

4 Service Animals; Emergency Plans. Amend RSA 466:44 to read as follows:

466:44 Restaurants and Food Stores.

I. Except as provided in paragraph II, no person shall bring any animal into any restaurant or any store that sells food; and no person shall allow any animal to enter in any store that sells food, except for [~~guide dogs leading blind persons, and the hearing ear dog and the service dog~~] **service animals** as provided in RSA 167-D. Whoever violates the provisions of this paragraph shall be guilty of a violation.

II. A restaurant owner may allow his or her properly disciplined companion dog inside his or her place of business. Such dogs shall not be allowed in food preparation or production areas. A restaurant owner allowing his or her companion dog shall prominently display a sign at all public entrances advising patrons that his or her companion dog is allowed on the premises and that such dog shall be removed from any portion of the premises where members of the public are present in the event a patron with a [~~service dog~~] **service animal** is present.

5 Service Animals; Motor Vehicles Approaching. Amend RSA 265:41-a to read as follows:

265:41-a Approaching a [~~Hearing Ear Dog~~] **Service Animal**. The driver of a vehicle approaching a [~~deaf or hearing impaired~~] person using a [~~properly identified hearing ear dog~~] **service animal** shall take all necessary precautions to avoid injury to that person, and any driver who fails to take such precautions shall be liable in damages for any injury caused to that person.

6 Repeal. RSA 167-C:2 relative to guide dogs for individuals that are blind, is repealed.

7 Effective Date. This act shall take effect January 1, 2012.

HB 405, relative to dissolving corporations. **OUGHT TO PASS.**

Rep. Donna C. Mauro for Commerce and Consumer Affairs: This bill provides that the filing of articles of dissolution by a corporation shall not effect a court determination of fair market value of the shares of a shareholder who has petitioned for judicial dissolution, and eliminates the authority of the petitioner to continue to pursue claims on behalf of the corporation preventing a shareholder from affecting the value of the corporation. Vote 12-0.

HB 419-FN, relative to language in insurance certificates. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Donald Flanders for Commerce and Consumer Affairs: This bill establishes the model law relative to the content and form of certificates of insurance which are issued by an insurer or insurance producer as evidence of property or casualty insurance coverage. It also prohibits anyone from issuing a certificate that is not in compliance with the requirements of this law. Vote 16-0.

Amendment (0709h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Certificates of Insurance. Amend RSA 412 by inserting after section 6-a the following new section:

412:6-b Certificates of Insurance.

I. In this section:

(a) "Certificate" or "certificate of insurance" means any document or instrument, no matter how titled or described, which is issued by an insurer or insurance producer as evidence of property or casualty insurance coverage. "Certificate" or "certificate of insurance" shall not include a policy of insurance or insurance binder.

(b) "Certificate holder" means any person, other than a policyholder, who possesses a certificate of insurance or is identified as the certificate holder on the certificate.

(c) "Insurance producer" means an insurance producer licensed under RSA 402-J.

(d) "Insurer" means an entity established to conduct the kinds of insurance business as provided in RSA 401 and licensed in accordance with the provisions of RSA 402 or RSA 405.

(e) "Person" means any individual, partnership, corporation, association, or other legal entity, including any government or governmental subdivision or agency.

(f) "Policyholder" means a person who has contracted with a property or casualty insurer for insurance coverage.

II.(a) No person shall issue a certificate of insurance that:

(1) Does not comply with the requirements of subparagraph (b).

(2) Is not in the public interest.

(3) Is contrary to public policy.

(4) Is misleading, deceptive, or encourages misrepresentation.

(5) Violates any law.

(b) The following are requirements for the content, purpose, issuance, and use of certificates of insurance:

(1) Each certificate shall contain the following statement, in sufficient font and size and located on the certificate to be readily identifiable:

"This certificate of insurance is issued as a matter of information only and confers no rights upon the certificate holder. This certificate does not amend, extend, or alter the coverage, terms, exclusions, and conditions afforded by the policy or policies referenced herein."

(2) No person shall demand or require the issuance of a certificate of insurance from an insurer, insurance producer, or policyholder that contains any false or misleading information concerning any policy of insurance to which the certificate makes reference.

(3) No person shall knowingly prepare or issue a certificate of insurance that contains any false or misleading information.

(4) No person shall prepare or issue a certificate of insurance that purports to affirmatively or negatively alter, amend, or extend the coverage provided by any policy of insurance referenced in the certificate.

(5) The requirements of this section shall apply to certificates of insurance issued as evidence of insurance policies and coverage on property, operations, or any risk located in this state, regardless of where the certificate holder, policyholder, insurer, or insurance producer is located.

(6) No certificate of insurance shall contain references to contracts, including construction or service contracts, other than the referenced contract of insurance.

(7) A certificate holder shall only have a contractual right to notice of cancellation, non-renewal, or any similar notice concerning a policy of insurance if the person is identified and designated within the policy or any endorsement to that policy as an additional insured and that policy or endorsement requires notice to be provided.

(c) The commissioner may publish sample certificates of insurance which provide templates as to form and content, which, in his or her opinion, meet the requirements of subparagraph (b) and are acceptable for use by insurers and insurance producers. In addition to templates developed by the commissioner, insurance industry trade organizations, and supporting entities, may submit templates for consideration and inclusion in the set of sample certificates so published.

(d) An insurer or insurance producer may prepare or issue an addendum to a certificate that clarifies and explains the coverage provided by any policy of insurance referenced in the certificate and otherwise complies with the requirements of this section.

(e) An insurance producer may charge a reasonable fee to the policyholder or to a certificate holder on behalf of the policyholder in order to cover costs associated with issuing the certificate which are not otherwise provided for in commissions or expense reimbursements that the insurer has contractually agreed to pay that insurance producer.

2 Effective Date. This act shall take effect January 1, 2012.

AMENDED ANALYSIS

This bill establishes the law relative to content and form of certificates of insurance.

HB 424, relative to surplus lines tax collection. **OUGHT TO PASS WITH AMENDMENT.**

Rep. James F. Headd for Commerce and Consumer Affairs: This bill ensures the continued receipt of premium taxes for non-admitted insurance companies, including surplus line insurance companies to be collected and disbursed (annual \$1.5 to \$2 million fiscal impact). The bill also allows domestic insurers, under certain circumstances, to be designated by the insurance commissioner as domestic surplus lines insurers. Vote 16-0.

Amendment (0645h)

Amend the bill by replacing all after section 5 with the following:

6 Foreign Insurance Companies; Surplus Line Insurer. Amend RSA 405:24, II to read as follows:

II.(a) *Surplus lines insurance may be placed by a surplus lines licensee if the insurer is authorized to write the type of insurance in its domiciliary jurisdiction, and either meets the criteria established through a multi-state agreement pursuant to RSA 405-B:3 or meets one of the following criteria:*

(b) *The insurer has capital and surplus or its equivalent under the laws of its domiciliary jurisdiction which equals the greater of:*

- (1) *The minimum capital and surplus requirements under RSA 401:4 or RSA 402:13;***
- (2) *Fifteen million dollars; or***

(3) *The insurer is a nonadmitted insurer domiciled outside the United States that is listed on the Quarterly Listing of Alien Insurers maintained by the International Insurers Department of the National Association of Insurance Commissioners.*

III. The commissioner, pursuant to RSA 402-J, may issue a producer license to a resident of the state permitting the producer named therein to procure insurance policies and contracts of insurance or suretyship to be effective in this state in foreign insurance companies not authorized to transact business in this state, but which are duly authorized to do business in some state having an insurance commissioner, ***or in a domestic insurer authorized to do business in accordance with paragraph IV.*** Such insurance or suretyship placed with an unadmitted surplus lines company shall be for such amount as the producer cannot place with an admitted company, and shall not be placed until the producer has first satisfied the insurance commissioner that the producer cannot procure such an insurance in an admitted company. ***For purposes of this paragraph, an insurer authorized to do business in accordance with paragraph IV shall not be deemed to be authorized or admitted.*** Before delivering to the insured a policy or binder of insurance written under the provisions of this section, every producer shall have stamped in a form approved by the commissioner on the face of the binder or policy the following: "The company issuing this policy has not been licensed by the state of New Hampshire and the rates charged have not been approved by the commissioner of insurance. If the company issuing this policy becomes insolvent, the New Hampshire insurance guaranty fund shall not be liable for any claims made against the policy."

IV. ***A domestic insurer possessing policyholder surplus of at least \$15,000,000 may, pursuant to a resolution by its board of directors, and with the approval of the commissioner, be designated as a domestic surplus lines insurer. The authority of a domestic surplus lines insurer in this state shall be limited to providing insurance covering risks procured from a surplus lines producer in accordance with this section. A domestic surplus lines insurer is not subject to the provisions of Title XXXVII, except that it shall be subject to any statute or regulation which specifically references unadmitted surplus lines companies and to the provisions of RSA 400-A:37, RSA 400-A:39, RSA 404-F, and RSA 417:1 through 417:31.***

7 Effective Date. This act shall take effect 60 days after its passage.

HB 504-FN, licensing reverse distributors of drugs and requiring manufacturers and wholesalers to report changes in ownership. **OUGHT TO PASS WITH AMENDMENT.**

Rep. James M. Sullivan for Commerce and Consumer Affairs: Within the drug industry, reverse distribution outlets allow a retail pharmacy to return expired, near-expired or damaged drug packages to many manufacturers using a single point of return. It will save the pharmacies time and cost in making returns as well as provide proper control of materials and records. There is a separate provision to tighten the requirements of reporting change of ownership of drug manufacturers, distributors, wholesalers, service distributors and brokers. Vote 16-0.

Amendment (0698h)

Amend the title of the bill by replacing it with the following:

AN ACT licensing reverse distributors of drugs and requiring manufacturers, wholesalers, distributors, service distributors, and brokers to report changes in ownership.

Amend RSA 318:51-a, V as inserted by section 3 of the bill by replacing it with the following:

V.(a) The manufacturer, wholesaler, distributor, reverse distributor, or broker to which a license has been issued shall, within 30 days of any change of information supplied in the original application, notify the board.

(b) The notice required pursuant to subparagraph (a) shall contain:

(1) Current New Hampshire license number of the manufacturer, wholesaler, distributor, reverse distributor, or broker.

(2) Name of the manufacturer, wholesaler, distributor, reverse distributor, or broker, old and new, if applicable.

(3) Address of the manufacturer, wholesaler, distributor, reverse distributor, or broker, old and new, if applicable.

(4) Names, addresses, and titles of new corporate officers, partners, or owners.

(c) A new license shall be required for a change of ownership of an established manufacturer, wholesaler, distributor, reverse distributor, or broker to a successor business entity which results in a change in the controlling interest in the manufacturer, wholesaler, distributor, reverse distributor, or broker.

AMENDED ANALYSIS

This bill licenses reverse distributors of drugs.

This bill also requires manufacturers, wholesalers, distributors, reverse distributors, and brokers to report changes in ownership.

HB 566, relative to the identification of dental prosthetic appliances. **INEXPEDIENT TO LEGISLATE.**

Rep. Jennifer R. Coffey for Commerce and Consumer Affairs: This bill requires removable dental prosthetic appliances that are fabricated pursuant to a dentist's orders, to have markings identifying the patient. The committee respects the intent of the sponsor; however the committee felt this decision should be left up to the consumers. Currently many dentists are now doing this on their own so legislation is not necessary. Vote 16-0.

HB 601-FN, relative to implementation of federal health care reform. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Andrew J. Manuse for Commerce and Consumer Affairs: In the interim period while the committee studies the various options for opting-out of the patient protection and affordable care act of 2010 and also whether to prevent its further implementation, this bill would require all actions of "any state official or agency that seeks to enforce the insurance provisions of the act" to obtain approval from an oversight committee made up of two senators and three representatives. This oversight committee would continue to check the carte blanche authority of state bureaucrats and ensure that they are not taking any actions against the will of the legislature, and indirectly, the will of the people. At this point, such an oversight committee is needed to prevent unnecessary steps toward adoption of an act that the legislature may ultimately decide not to adopt. Vote 15-0.

Amendment (0674h)

Amend the introductory paragraph of RSA 420-L:3 as inserted by section 1 of the bill by replacing it with the following:

The commissioner shall *have the authority to* enforce the consumer protections and market reforms as set forth in the Act that relate to insurance. *Before establishing standards for enforcing the provisions of the Act, the commissioner shall obtain approval from the oversight committee, established in RSA 420-L:6. This provision requiring approval of the oversight committee before establishing standards for the enforcement of the provisions of the Act that relate to insurance shall apply to any state official or agency that seeks to enforce the insurance provisions of the Act.* This section shall not include the medical assistance program under RSA 167. The commissioner shall have full power and authority in accordance with the time frames set forth in the Act to:

Amend RSA 420-L:6 as inserted by section 2 of the bill by replacing it with the following:

420-L:6 Health Insurance Reform Oversight Committee. There is established a health insurance reform oversight committee consisting of 2 members of the senate, appointed by the president of the senate, one of whom shall be from the senate commerce~~[-labor and consumer protection]~~ committee, and 3 members of the house of representatives, appointed by the speaker of the house, 2 of whom shall be from the house commerce and consumer affairs committee. *The committee shall elect from its membership a chairman.* The committee shall meet at the request of the commissioner~~[-but no more frequently than monthly]~~ *or the chairman.* The commissioner shall make such periodic reports to the oversight committee relative to the department's federal insurance reform implementation plans and initiatives as may be required by the oversight committee. The oversight committee shall make ~~[a summary]~~ *an annual report* on federal insurance reform implementation, together with any recommendations for legislation, to the house commerce and consumer affairs committee and the senate commerce~~[-labor and consumer protection]~~ committee ~~[by the first day of the 2011 legislative session]~~ *on or before November 1, 2011 and thereafter on or before November 1 of each year.*

AMENDED ANALYSIS

This bill removes the repeal of the law authorizing the insurance commissioner to implement the insurance reforms required under federal law. This bill also requires the insurance department to obtain approval from the health insurance reform oversight committee before implementing any of the federal changes.

HB 606, establishing a committee to study the formation of a consumer protection working group. **INEXPEDIENT TO LEGISLATE.**

Rep. Jennifer R. Coffey for Commerce and Consumer Affairs: This bill establishes a committee to study the formation of a consumer protection working group as recommended by the joint legislative committee to review the state's regulatory oversight over Financial Resources Mortgage, Inc. This matter has already been addressed by the committee in earlier legislation. Vote 15-0.

HB 607, relative to exemptions under the consumer protection act. **INEXPEDIENT TO LEGISLATE.**

Rep. Donald H. Flanders for Commerce and Consumer Affairs: This bill would limit exemptions from the Consumer Protection Act to transactions "expressly" permitted by the bank commissioner, director of securities regulations, the insurance commissioner, the public utilities commission. By so doing it would allow claimants to bypass current regulations and procedures used by these departments to enforce their consumer protection and substantially reduce their enforcement effectiveness by allowing claimants to sue under the Consumer Protection Act (RSA 358A). The committee felt that simply because a department has not issued a bulletin or rule regulating every activity or product that a bank or insurance company may offer is no reason why enforcement for a consumer complaint should be under the Consumer Protection Act rather than the consumer protection laws and regulations of the individual departments. Vote 15-0.

HB 613, establishing exemptions from the licensing requirements for first mortgage bankers and brokers. **INEXPEDIENT TO LEGISLATE.**

Rep. James M. Sullivan for Commerce and Consumer Affairs: Like HB 385, this bill adds an exemption to the licensure law regarding mortgage bankers and brokers who negotiate less than 4 residential mortgage loans in any calendar year. The bill also provides an exemption for individuals licensed to practice law. A bill coming from the Senate deals with the "deminimus" allowance for issuance of mortgages at a lower level. The House voted ITL on HB 129 dealing with attorney exemptions in licensing requirements for mortgages. Vote 15-0.

HB 616-FN, relative to coverage for divorced spouses. **INEXPEDIENT TO LEGISLATE.**

Rep. Chris F. Nevins for Commerce and Consumer Affairs: This bill was requested by the insurance department to clarify insurance coverage for divorced spouses. The intent is to amend RSA 415:18

relative to group insurance coverage for divorced or legally separated spouses, the intent being to curb abuse of insuring “multiple” families due to remarriage. Since this will also be the subject of another health insurance mandate bill the committee recommended ITL so that the matter will be more fully covered in another mandate bill. Vote 15-0.

HB 627-FN, relative to “essential benefits” under federal health care reform. **OUGHT TO PASS.** Rep. Donald H. Flanders for Commerce and Consumer Affairs: This bill provides that any state mandate that exceeds or which offers better benefits than the “essential benefits” section of the Patient Protection and Affordable Care Act of 2009, as amended, and which mandate is required to be paid for by the state, shall not be available to the insured. Vote 13-2.

HB 643, relative to propane sales. **INEXPEDIENT TO LEGISLATE.**

Rep. James M. Sullivan for Commerce and Consumer Affairs: The bill made it a violation to charge a higher price or surcharge on propane delivered to low-volume users. The committee took testimony on various examples as to why deliveries in different forms or levels did indeed have fixed costs associated with the act of delivery, and that recovery of the costs justified pricing differences. Vote 15-0.

HB 434, relative to procedures for investigating law enforcement officers involved in critical incidents. **INEXPEDIENT TO LEGISLATE.**

Rep. Mark Warden for Criminal Justice and Public Safety: The committee recognizes the traumatic character of certain incidents for those involved but is reluctant to impose regulations or costs on the communities involved. The committee is further concerned that the definition of “critical incident” may be too broad, imposing costs in a wide range of cases. The committee is satisfied that municipalities may define procedures for managing officer-involved shootings and other incidents and may choose to follow them on a case-by-case basis. Vote 17-0.

HB 544, relative to state authority over firearms and ammunition. **OUGHT TO PASS.**

Rep. Kyle J. Tasker for Criminal Justice and Public Safety: It makes little sense for towns to be allowed to make conflicting laws regulating knives. If one were to pass from jurisdiction to jurisdiction with conflicting laws you could easily find yourself in conflict with a town ordinance that is different than your destination or place of origin. Vote 16-0.

HB 576-FN, relative to the right to brandish a firearm in defense of one’s property. **INEXPEDIENT TO LEGISLATE.**

Rep. Larry G. Gagne for Criminal Justice and Public Safety: This bill would allow the use of deadly force to prevent the unlawful taking of one’s property. The bill also permits a person to display a firearm to prevent a theft of one’s property. While this bill is well intentioned and although the majority of the committee has no problem with the displaying of a firearm to warn away a threat to one’s property, we felt that the use of deadly force was excessive as the term “property” was not clearly defined. Are we talking about hub caps, lawn chairs, vehicle or a life threatening situation? There are bills on the calendar that we feel will adequately address the brandishing issue. Vote 14-2.

HB 39, relative to the adoption of the common core state standards in New Hampshire and relative to the substantive content of an adequate education. **INEXPEDIENT TO LEGISLATE.**

Rep. Ralph G. Boehm for Education: Even though this bill did not remove any courses from a school’s mandatory requirement of courses that must be available, it was perceived as such. What this bill tried to address is what courses the state was actually paying for, for a so-called state defined adequate education. The second part of this bill is in HB 164, which was approved by this House. This bill will not change anything and the law that this bill addresses will probably not exist in the near future. As such, this bill is unnecessary. Vote 15-0.

HB 220-FN, relative to the approval of plans and specifications for the construction of school buildings. **INEXPEDIENT TO LEGISLATE.**

Rep. Laura M. Jones for Education: This bill would require the department of transportation and regional planning commission to submit recommendations on all school building aid projects. We’ve already retained HB 604 in committee. The issue in HB 220 could be incorporated into the retained HB 604 with the concerns expressed by the NH Association of Regional Planning Commissions taken into account. This bill creates an unfunded mandate and expands government. Vote 16-0.

HB 290, relative to staffing exceptions for small schools. **OUGHT TO PASS.**

Rep. Rick M. Ladd for Education: This bill provides staffing exceptions for small schools. The bill enables schools of this size to seek approval for staffing exceptions from the commissioner of education, with approval effective until such time the school no longer meets the small school student size definition. The bill enables school boards that have limited resources to modify staffing patterns to best support the small school's unique learning environment. For example, a small school may have a public library directly across the street with a capable librarian with whom the school could share services. Other instructional programs required by rule such as a reading specialist, media services, music, physical education, etc., might be provided through a classroom teacher generalist or a non-certified staff member supervised by a certified classroom teacher or principal. Guidance counselor services could be provided as determined necessary by school administration and the school board. Small schools have many special qualities and with modification of rules and in keeping with economies of scale, these schools will continue to provide necessary instructional programming while maintaining the community's small school environment. Vote 16-0.

HB 376, relative to representative voting on joint boards of school administrative units. **INEXPEDIENT TO LEGISLATE.**

Rep. Laura M. Jones for Education: The committee determined that this bill is not needed since statute (RSA 194-C:7 and 194-C:8) already deals with representative voting on joint boards of school administrative units. Vote 14-0.

HB 377-FN, requiring daily physical education for public school pupils. **INEXPEDIENT TO LEGISLATE.**

Rep. J. R. Hoell for Education: The committee members all felt that physical education was an important class. However, with that said, mandating daily physical education would be an additional unfunded mandate on local schools. This bill would require a 5 day a week class potentially requiring additional teachers. Vote 15-0.

HB 386, adding Granite State college to the university system of New Hampshire corporate charter and adding a student trustee from Granite State college to the university system board of trustees. **OUGHT TO PASS.**

Rep. Jeffrey L. St. Cyr for Education: This bill amends the corporate charter of the University System of New Hampshire to include Granite State College. The bill also amends the student trustee rotation to include a student trustee to serve as a member of the board of trustees from Granite State College. HB 386 does not change the size of the board membership. Granite State College allows students to attend classes at 9 academic centers or through on-line courses. Vote 15-0.

HB 501-FN-L, requiring the teaching of cardiopulmonary resuscitation in public schools. **INEXPEDIENT TO LEGISLATE.**

Rep. Laura M. Jones for Education: Local districts can already decide to offer a CPR class. It should not be mandated by the state. This bill would create an unfunded mandate. Vote 14-0.

HB 99, relative to deeming voters reregistered for purposes of verification. **INEXPEDIENT TO LEGISLATE.**

Rep. Regina M. Birdsall for Election Law: This bill requires a person's place and date of birth to be in the statewide centralized voter registration database in order for the person to be deemed reregistered at the 10-year verification of the checklist. This bill was voted Inexpedient to Legislate because it would require updating the place and date of birth of approximately 191,000 voters to prevent them from being purged from the voter registration checklist. The sponsor intends to file a new bill to solve this issue through a different approach. Vote 16-0.

HB 223-FN, eliminating election day voter registration. **INEXPEDIENT TO LEGISLATE.**

Rep. Shawn N. Jasper for Election Law: This bill would eliminate same day registration. While many of us have issues with the current system, we also recognize that eliminating it would subject us to the National Motor Voter Act, which is the very reason we adopted same day registration in the early 1990's. Among the consequences of falling under "Motor Voter" law would be that out-of-state groups could register voters on the street, with no assurance that those registrations would reach the appropriate officials. We will continue to work to see that only citizens who have a right to vote will have that privilege. Vote 18-0.

HB 251, relative to absentee ballots. **OUGHT TO PASS.**

Rep. Susan C. DeLemus for Election Law: This bill was submitted at the request of the secretary of state. It permits clerks to use the federal write-in absentee ballot as a request for an official absentee ballot as provided for in RSA 657:12. It also clarifies the city and town clerks responsibilities for sending and recording absentee ballots. Vote 15-0.

HB 257, relative to removal of political advertising. **OUGHT TO PASS.**

Rep. Cameron W. DeJong for Election Law: New Hampshire law clearly prohibits placement of political advertising on public property. The requirement governing proper placement of political advertising only has reference to placement on private property or within state-owned rights-of-ways with the owner's consent. The assistant attorney general testified that they can not enforce a requirement to remove political advertising from private property by a certain time. This bill deletes that unenforceable deadline. Vote 13-0.

HB 258, eliminating certain unenforced election laws. **OUGHT TO PASS.**

Rep. Shawn N. Jasper for Election Law: This bill makes no actual changes to how we conduct our elections at the present time. What it does is to eliminate references to filing fees and primary petitions, which were repealed by chapter law many years ago. It also makes changes such as changing "he" to "he or she." Additionally, it repeals specific RSA's which referred to the aforementioned filing fees and petitions. The repeal of RSA 664:4, I was the only area of disagreement and not because of the actual repeal, but because sections II and III were not also repealed. RSA 664:4 deals with contributions by corporations, partnerships and labor unions. The section dealing with corporations has been ruled unconstitutional and has not been enforced for years, yet it remains part of our statutes. There were those who wished to repeal the other two sections as well, but as that was a policy question and not subject to a public hearing the committee felt it best to pass the bill as introduced. Vote 11-2.

HB 274-FN, relative to voting procedures. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Regina M. Birdsell for Election Law: This bill makes various technical changes to the voting procedures wherein the bill would require town clerks to have available an official email, addresses, and polling hours available to voters and insure that the information is available to the secretary of state so it can be placed on that website in advance of an election to insure it is available to voters. Vote 18-0.

Amendment (0544h)

Amend the bill by replacing section 2 with the following:

2 Absentee Voting; Addresses and Polling Hours Maintained by Clerk. Amend RSA 657:19-c to read as follows:

657:19-c [E-Mail Account] *Addresses and Polling Hours* Maintained by Clerks. [~~As required by federal law, to satisfy their obligation to send and receive voting materials electronically;~~] Each town and city clerk shall establish and maintain an *official e-mail [account and]* address *and street address*, which shall be publically available to voters. *Clerks shall maintain up-to-date polling place locations for each election, including street addresses, and polling hours*, and clerks shall keep such information in the statewide centralized voter registration database.

HB 427-FN, prohibiting political advertising on public property. **INEXPEDIENT TO LEGISLATE.**

Rep. Kathleen M. Hoelzel for Election Law: This bill would allow the state or a city or town to charge for the removal and storage of improperly placed political advertising. Nothing in the bill addresses upon whom the charge would be assessed. The director of the New Hampshire DOT operations stated it would be very problematic to have to pick up all signs and then determine the charge and to whom. Vote 16-0.

HB 451-FN, prohibiting the use of prerecorded political messages for political advocacy within 30 days prior to an election. **OUGHT TO PASS WITH AMENDMENT.**

Rep. David M. Pierce for Election Law: As amended, this bill repeals the ban on calling a voter whose name is on the federal do-not-call registry with prerecorded political messages. Political messages are permitted to be made under the federal do not call statute because political speech cannot be limited in this way since political speech has more first amendment protection than the commercial speech the statute was designed to target. Because our state law conflicts with federal

law, it is appropriate to repeal the state law. The bill first came to the committee to prohibit robo-calls within 30 days of an election. The committee decided to replace that bill language for the same first amendment reasons. Vote 15-0.

Amendment (0353h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to prerecorded political messages.

Amend the bill by replacing all after the enacting clause with the following:

1 Repeal. RSA 664:14-a, III, relative to prohibiting the delivery of prerecorded political messages to numbers on a federal do not call list, is repealed.

2 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill repeals the prohibition on delivering prerecorded political messages to numbers on any federal do not call list.

HB 459-FN, relative to placement of political advertising. **INEXPEDIENT TO LEGISLATE.**

Rep. Shaun S. Doherty for Election Law: This bill would limit the placement of political advertising to an area within 450 feet of intersections and at least 150 feet from any residence or business. The committee decided these arbitrary requirements on placement of signs are too restrictive and unenforceable. Vote 15-0.

HB 487-FN, relative to election day registrants. **OUGHT TO PASS.**

Rep. Shaun S. Doherty for Election Law: This bill requires that a voter who does not verify his or her identity upon registration be mailed a letter and instructed that the recipient return the letter to the secretary of state within thirty days. By having the recipient return the letter, the committee believes it would improve the verification process and prevent unnecessary investigations. Vote 16-0.

HB 588, relative to polling hours and location of polling places. **OUGHT TO PASS WITH AMENDMENT.**

Rep. David M. Pierce for Election Law: Leading up to the 2010 election, a few towns/cities changed their polling hours and polling place addresses without reporting the changes to the secretary of state. This bill requires the towns/cities to immediately report any changes to the polling hours and locations and the secretary of state to immediately update his website with that information. HB 588 ensures that the voters know when and where to vote. Vote 16-0.

Amendment (0625h)

Amend the bill by replacing section 1 with the following:

1 New Section; Election Procedure; Additional Polling Places; Report of Changes. Amend RSA 659 by inserting after section 4-a the following new sec 659:4-b Report of Changes.

I. Cities and towns shall report any changes in polling hours or the location of the central polling place or any additional polling place to the secretary of state within 3 business days of the change, but in no case later than 5:00 p.m. on the Friday before the election. When reporting a change in location of a polling place, cities and towns shall include the street address of the new location.

II. The secretary of state shall post any changes in polling hours or the location of the central polling place or any additional polling place on the secretary of state's website. If the secretary of state receives a report of any such changes at least 7 days before the election, he or she shall post such changes within 48 hours of receiving the report. If the secretary of state receives a report of any such changes less than 7 days before the election, he or she shall post such changes by noon on the business day following receipt of the report.

III. If a city or town fails to report any change in accordance with paragraph I, the secretary of state may order such additional polling hours for the polling place as he or she deems necessary.

HB 598, prohibiting a candidate from receiving the nomination of more than one party. **INEXPEDIENT TO LEGISLATE.**

Rep. Shawn N. Jasper for Election Law: This bill would prevent a person from being a candidate of more than one party which may at first glance seem like a good idea. On closer examination of the effect of this act, the committee believes that the choices of the voters could be negatively affected. Under current law there is a real effort on the part of local party officials to see that the

slate of their party is full. If they fail to fill the slate, any vacancy may be filled by the state party. If they fail to do so then it should be left to the voters, without restriction. Vote 14-2.

HB 46, relative to the membership of the current use advisory board. **OUGHT TO PASS WITH AMENDMENT.**

Rep. David L. Babson for Environment and Agriculture: This bill clarifies the make-up of the current use board. As the law reads now, the board can have only three current or former assessors. This eliminates selectmen and most likely the appointee of the commissioner of the department of revenue who by the very nature of their job are assessors. The simple change in the RSA would allow the commissioner of DRA to appoint an individual who is a certified assessor. The other minor change allows the executive director of the association of conservation commissioners to appoint a designee. Vote 16-0.

Amendment (0573h)

Amend the bill by replacing all after the enacting clause with the following:

1 Current Use; Advisory Board; Certified Assessing Officials. Amend RSA 79-A:3, II(a) to read as follows:

(a) Three members who are assessing officials shall be appointed by the governor with the advice and consent of the council, one of whom shall be an assessing official in a town with a population of less than 5,000; one of whom shall be an assessing official in a town with a population of more than 5,000; and one of whom shall be an assessing official in a city. Each member shall hold office for a term of his *or her* position as assessing official or for 2 years, whichever is shorter, and until [his] *a* successor shall have been appointed and qualified, and any vacancy shall be filled for the unexpired term, by the governor with the advice and consent of the council. No other members of the board shall be [~~former or currently practicing assessing officials~~] *or have been certified under RSA 21-J:14-f, except for the commissioner of the department of revenue administration or the commissioner's designee.*

2 Advisory Board Membership. Amend RSA 79-A:3, II(h) to read as follows:

(h) The executive [~~secretary~~] *director* of the New Hampshire association of conservation commissions, *or designee.*

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill clarifies membership qualifications for persons appointed to the current use advisory board.

HB 30, relative to reciprocity for licensure by the board of veterinary medicine. **OUGHT TO PASS.**

Rep. Peter B. Schmidt for Executive Departments and Administration: This bill was vetted as to policy by the Environment and Agriculture committee and passed by the House on the consent calendar. Our function was solely to review the licensing aspect of the bill and our members found no objection therein. Vote 12-0.

HB 43, relative to the adoption of forms under the administrative procedures act. **OUGHT TO PASS.**

Rep. Maurice L. Pilote for Executive Departments and Administration: This bill was introduced at the request of the Joint Legislative Committee on Administrative Rules (JLCAR). In the last session, the legislature authorized agencies to incorporate by reference forms used by the agency and it made such forms non-expiring. The option allowing agencies to incorporate forms by reference proved to be a great improvement. The provision making them non-expiring created a serious unintended consequence for those agencies who decided to continue to describe their forms in the corpus of the rule. Because the form section had a different life-span, it needed to be filed separately and recorded distinctly from the rest of the rule, thus creating work rather than streamlining the process. This bill repeals the non-expiring provision. Vote 16-0.

HB 62, relative to the definition of the New Hampshire building code. **INEXPEDIENT TO LEGISLATE.**

Rep. Calvin D. Pratt for Executive Departments and Administration: The contents of this bill are being incorporated into HB 137 thus making this bill unnecessary. Vote 17-0.

HB 211, relative to the review and approval of proposed agency rules under the administrative procedures act. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Maurice L. Pilotte for Executive Departments and Administration: This bill was introduced to insure that any proposed administrative rule accurately reflects the intent of the authorizing statute and that no rule goes into effect by default. The amendment mandates that the first time a rule implements a newly-enacted statute, it is sent to the chairs of the standing policy committee of the house and senate. The standing committee may review the proposed rule to determine whether it is consistent with the intent of the authorizing legislation. If the policy committee concludes that the rule is not consistent with legislative intent, it shall notify the agency and the director of legislative services identifying the inconsistent provisions. The second section of the amendment mandates that absent a waiver of deadlines, for good cause, the JLCAR committee shall either approve the rule or object to the rule within the required time. Vote 16-0.

Amendment (0611h)

Amend the bill by replacing all after the enacting clause with the following:

1 Administrative Procedures Act; Proposed Rule; Policy Committee Review. Amend RSA 541-A:10 to read as follows:

541-A:10 Filing of Proposed Rule Text. At the same time the notice required by RSA 541-A:6, I is filed, the agency shall file the text of the proposed rule with the director of legislative services. *The first time a rule is proposed under RSA 541-A:3 to implement newly-enacted state authority, the agency shall send an electronic copy of the notice and proposed rule to the chair of each house and senate standing policy committee, as defined in RSA 541-A:1, XVI, for distribution to the members of such standing policy committees. If the newly-enacted state authority was not referred originally to a standing policy committee, the agency shall send an electronic copy of the notice and proposed rule to the speaker of the house and senate president for appropriate distribution. If the agency does not have the technology necessary to send an electronic copy, the agency shall send a paper copy. The members of the standing policy committees receiving proposed rules may review the proposed rules to determine whether the proposed rule is consistent with the intent of the authorizing legislation. If a standing policy committee concludes that the proposed rule is not consistent with the intent of the authorizing legislation, the standing policy committee shall send written notice to the agency, with a copy to the director of legislative services, identifying the provision or provisions the committee believes to be inconsistent with legislative intent. Such written notice may be sent to the agency via e-mail and shall be delivered so as to be received by the agency no later than the deadline for public comment specified in the rulemaking notice. If the agency does not receive notice from any standing policy committee by the end of the public comment period, the agency may proceed on the basis that the rule is consistent with the intent of the authorizing legislation.* The text as filed by the agency shall not be [changed or] established as the text of the final proposal until after the conclusion of the public comment period established pursuant to RSA 541-A:11.

2 Administrative Rulemaking; Review by Joint Legislative Committee on Administrative Rules. Amend RSA 541-A:13, I to read as follows:

I. [~~Within 45 days of the filing of a final proposal with the director of legislative services;~~] The committee [may] *shall either* approve the rule or [object] *enter a conditional approval or objection* under paragraph V [~~, except that if an agency has filed] within 45 days of the filing of a final proposal under RSA 541-A:12, I, unless the deadline is waived for good cause pursuant to RSA 541-A:40. The committee shall either approve the rule or enter a conditional approval or objection under paragraph V within 60 days of the filing of a final proposal under RSA 541-A:12, I-a, [the time shall be extended to 60 days] unless the deadline is waived for good cause pursuant to RSA 541-A:40.~~ Objections to a rule may be made only once.

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill allows legislative policy committees to review and comment on administrative rules proposals. The bill also requires a waiver for the joint legislative committee on administrative rules to exceed time frames to approve or object to a rule.

HB 339-FN-A, allowing the state veterinarian to employ a meat inspection services administrator and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Calvin D. Pratt for Executive Departments and Administration: Other than a single USDA approved federal meat inspection site in Goffstown, there has been no other way for New Hampshire

farmers to get their meat inspected since the 1970s. Consequently, farmers have been unable to sell their meat in the New Hampshire commercial market. This profoundly limits the state's opportunity for agricultural growth. New Hampshire needs a state meat inspection program. This bill is the result of extensive subcommittee work throughout the last session. The department of agriculture has been very effective at minimizing the start-up expenses that prevented passage last year, and the appropriation is only \$1. Once running, the program will pay for itself; the amendment includes a list of not to exceed fees for inspection services. Vote 14-0.

Amendment (0604h)

Amend RSA 427:2, VIII(e)-(l) as inserted by section 1 of the bill by replacing them with the following:

(e) If it is in a package or other container unless it bears a label showing:

(1) The name and place of business of the manufacturer, packer, or distributor; and

(2) An accurate statement of the quantity of the contents in terms of weight, measure, or numerical count; provided that under this subparagraph, reasonable variations may be permitted, and exemptions as to small packages may be established by the commissioner;

(f) If any word, statement, or other information required by or under authority of this subdivision to appear on the label or other labeling is not prominently placed thereon with such conspicuousness as compared with other words, statements, designs, or devices in the labeling and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use;

(g) If it purports to be or is represented as a food for which a definition and standard of identity or composition has been established by the commissioner unless:

(1) It conforms to such definition and standard, and

(2) Its label bears the name of the food specified in the definition and standard and, insofar as may be required by the commissioner, the common names of optional ingredients, other than spices, flavoring, and coloring, present in such food;

(h) If it purports to be or is represented as a food for which a standard or standards of fill of container have been established by the commissioner, and it falls below the standard of fill of container applicable thereto, unless its label bears, in such manner and form as the commissioner has specified, a statement that it falls below such standard;

(i) If it is not subject to the provisions of subparagraph (g), unless its label bears:

(1) The common or usual name of the food, if there is any, and

(2) In case it is fabricated from 2 or more ingredients, the common or usual name of each such ingredient; except that spices, flavorings, and colorings may be designated as spices, flavorings, and colorings without naming each; provided that, to the extent that compliance with the requirements of this subparagraph is impracticable, or results in deception or unfair competition, exemptions shall be established by the commissioner;

(j) If it purports to be or is represented for special dietary uses, unless its label bears such information concerning its vitamin, mineral, and other dietary properties as the commissioner, after consultation with the Secretary of Agriculture of the United States, determines to be necessary in order to fully inform purchasers as to its value for such uses;

(k) If it bears or contains any artificial flavoring, artificial coloring, or chemical preservative, unless it bears labeling stating that fact; provided that, to the extent that compliance with the requirements of this subparagraph is impracticable, exemptions shall be established by the commissioner; or

(l) If it fails to bear, directly thereon or on its container, as the commissioner may require, the inspection legend and, unrestricted by any of the foregoing, such other information as the commissioner may require to assure that it will not have false or misleading labeling and that the public will be informed of the manner of handling required to maintain the article in a wholesome condition.

Amend the introductory paragraph of RSA 427:4,I as inserted by section 1 of the bill by replacing it with the following:

I. An examination and inspection of all livestock before they shall be allowed to enter into any slaughtering establishment in this state in which slaughtering and preparation of meat and meat food products of such animals are conducted solely for commerce:

Amend RSA 427:16, IV(f) as inserted by section 4 of the bill by replacing it with the following:

(f) The slaughtering of sound and healthy poultry or the processing of poultry products of such poultry by any poultry producer or other person for distribution by him or her directly to

household consumers for use in their own dining rooms, or in the preparation of meals for sales direct to consumers, if, in lieu of other labeling requirements, such poultry products are identified with the name and address of the processor, and if they are not otherwise misbranded and are sound, clean, and fit for human food when distributed by such processor.

Amend RSA 427:32-b as inserted by section 7 of the bill by replacing it with the following:

427:32-b Fund Established. There is established in the office of the state treasurer a nonlapsing fund to be known as the meat inspection program fund to be administered by the commissioner, which shall be kept distinct and separate from all other funds. The treasurer shall deposit all gifts, grants, donations, and applicable fees received under RSA 427 in the meat inspection program fund. All moneys in the meat inspection program fund shall be continually appropriated to the commissioner for the purpose of paying the start-up and ongoing costs associated with the administration of the meat inspection program.

Amend section 7 of the bill by inserting after RSA 427:32-c the following new RSA section:

427:32-d Fees.

I. The commissioner shall adopt rules under RSA 541-A which establish fees for the processing of the following meat producing animals:

- (a) No more than \$50 per cow processed.
- (b) No more than \$30 per sheep, goat, pig, deer or elk processed.
- (c) No more than \$10 per turkey or rabbit.
- (d) No more than \$5 per chicken or other bird, not including turkeys.

II. The fees established by the commissioner for the processing of meat producing animals as well as the fees, fines and administrative charges established by the commissioner under RSA 427:14 shall be sufficient to produce estimated revenues equal to 125 percent of the direct operating expenses of the meat inspection program for the previous fiscal year. The requirements of this paragraph shall apply one year after the first establishment is opened and operating within the state meat inspection program as determined by the state veterinarian.

Amend the bill by replacing section 9 with the following:

9 Appropriation. The sum of \$1 for the fiscal year ending June 30, 2012 is hereby appropriated to the department of agriculture, markets, and food for deposit in the meat inspection program fund established in RSA 427:32-b. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated.

HB 390, relative to the reinstatement and repeal of certain boards, commissions, councils, advisory committees, and task forces. **ought to pass with amendment.**

Rep. Peter B. Schmidt for Executive Departments and Administration: This bill is a request of the committee to study the list of non-regulatory boards, commissions, councils, advisory committees, and task forces established in 2009, 144:87, II. The purpose is to eliminate unnecessary and, in some cases, non-functioning bodies while retaining those found worthy of continuing. The amendment deletes references to bodies addressed in separate legislation. Vote 15-0.

Amendment (0639h)

Amend the bill by replacing all after the enacting clause with the following:

1 Reinstated Boards, Commissions, Councils, Advisory Committees, and Task Forces. Pursuant to 2009, 144:87, I(a), the following boards, commissions, councils, advisory committees, and task forces are hereby reinstated:

- | | |
|-------------------|---------------------------------------------------------------------------|
| (1) RSA 5:42 | State Historical Records Advisory Board |
| (2) RSA 12-A:2-f | New Hampshire Economic Development Fund Review Committee |
| (3) RSA 12-A:9-c | Nash Stream Forest Citizens Committee |
| (4) RSA 12-A:29-b | Cannon Mountain Advisory Commission |
| (5) RSA 12-A:54 | Job Training Program for Economic Growth Grant Review Committee |
| (6) RSA 17-I:1 | Joint Legislative Historical Committee |
| (7) RSA 21-P:51 | Joint Legislative Oversight Committee on the Emergency Management System. |
| (8) RSA 21-R:6 | Information Technology Council |
| (9) RSA 21-R:9 | Joint Legislative Information Technology Oversight Committee. |
| (10) RSA 106-G:1 | Advisory Committee on Breath Analyzer Machines |
| (11) RSA 132:10-a | Newborn Screening Advisory Committee |
| (12) RSA 151-C:3 | Health Services Planning and Review Board |

- | | |
|---------------------|----------------------------------------------------|
| (13) RSA 153:2 | State Advisory Board of Fire Control |
| (14) RSA 153:16-c | Advisory Committee on Heating System Certification |
| (15) RSA 153-A:8 | Trauma Medical Review Committee |
| (16) RSA 171-A:19-a | Committee for the Protection of Human Subjects |
| (17) RSA 227-D:4 | Monadnock Advisory Commission |
| (18) RSA 275-C:11 | Committee on Architectural Barrier-Free Design |
| (19) RSA 278:2 | State Apprenticeship Advisory Council |
| (20) RSA 330-A:4 | Mental Health Board Advisory Committees |

2 Repealed Boards, Commissions, Councils, Advisory Committees, and Task Forces. Notwithstanding 2009, 144:87, I(a), the following boards, commissions, councils, advisory committees, and task forces are hereby repealed effective December 31, 2011:

- | | |
|---------------------|---------------------------------------------------------------|
| (1) RSA 19-B | Commission on the Status of Women |

| (8) RSA 227-C:18-23 | State Heritage Collections Committee |

3 Comprehensive Cancer Plan Fund. Amend the introductory paragraph of RSA 126-A:64 to read as follows:

There is hereby established in the office of the state treasurer the comprehensive cancer plan fund, to be administered by the department of health and human services. The department is authorized to accept public sector and private sector grants, gifts, donations, and appropriations for deposit into the fund. The fund shall be nonlapsing and continually appropriated to the department, and shall be used to implement the provisions of the New Hampshire comprehensive cancer plan as developed by the New Hampshire comprehensive cancer collaboration. The fund shall be expended annually for the following purposes, with allocations determined by the ~~[comprehensive cancer plan oversight board]~~ **commissioner of the department of health and human services**:

4 Services for Children, Youth, and Families; Appeals. Amend RSA 170-G:4-a, IV to read as follows:

IV. The appeal shall be heard under RSA 541-A:31-36 by the commissioner or his *or her* designee ~~[and 2 members from the advisory board established by RSA 170-G:6. The chairman of the advisory board shall appoint its 2 members]~~. No person hearing the appeal shall have had any involvement in establishing the rate or deciding on the certification that is the subject of the appeal, or be affiliated in any way with the appellant.

5 Special Education; Duties. Amend RSA 186-C:3-a, II(e)(1) to read as follows:

(1) If children with disabilities are being placed in out-of-district programs solely due to a lack of qualified personnel, the department shall develop and implement strategies~~[-in addition to the requirements of RSA 186-C:21;]~~ to help address the shortage and increase the capacity of local education agencies to serve children in the schools they would attend if not disabled.

6 Repeal of the New Hampshire Children's Trust Fund Board. Notwithstanding the provisions of 2010, 195:3 and 2010, 195:4, the New Hampshire children's trust fund board established in RSA 169-C:39-d is hereby repealed in accordance with section 2 of this act.

7 Repeal. The following are repealed:

I. RSA 21-H:14-c, II(a)(15), relative to a member from the commission on the status of women serving on the interagency coordinating council for women offenders.

II. RSA 169-C:39-b, I, relative to the definition of New Hampshire children's trust fund board.

III. RSA 276-B:2, I(e), relative to a member from the commission on the status of women serving on the task force on work and family.

IV. 2007, 263:98, II, relative to the repeal of the comprehensive cancer plan oversight board.

8 Effective Date. This act shall take effect June 29, 2011.

HB 491-FN, relative to divestiture of retirement system assets relating to Sudan. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Kenneth Hawkins for Executive Departments and Administration: This bill repeals RSA 100-D relating to divesting investments in Sudan. While the committee does not support the activities taking

place in Sudan it complicates the investment decisions of both the New Hampshire retirement system and the judicial retirement system. Mutual funds, ETF's and index funds invest in many companies, and for the retirement systems to try and figure out all the companies invested in, and whether or not what companies are investing in Sudan is a herculean task. We feel that it should be left to the retirement systems to be able to invest as they see fit to get the best return which will help lower employer contributions which will help the local property tax payer. Vote 13-0.

Amendment (0597h)

Amend the bill by replacing all after the enacting clause with the following:

1 Repeal. RSA 100-D, relative to divestiture of retirement system assets relating to Sudan, is repealed.

2 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill repeals the statute requiring divestiture of retirement system assets relating to Sudan.

HB 503, allowing a master electrician to have 2 apprentice electricians under his or her supervision. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Spec Bowers for Executive Departments and Administration: This bill increases from one to two the number of apprentices a master electrician may supervise. Under current law there can be no more than a 1:1 ratio of apprentice to master (or journeyman). For example, a job site might have one master with an apprentice and a journeyman with an apprentice. If the journeyman called in sick, an apprentice would also have to miss work in order to preserve the 1:1 ratio. Under the bill, if the journeyman left, the master electrician could supervise both of the remaining apprentices. The amendment, negotiated between electricians and the IBEW union, limits to six the number of master electricians supervising two apprentices at a job site. The committee majority agrees that the bill increases workplace flexibility and efficiency without sacrificing safety. Vote 14-1.

Amendment (0106h)

Amend the bill by replacing section 1 with the following:

1 Master Electricians; Apprentices. Amend RSA 319-C:2, V to read as follows:

V. "Master electrician" means a person *either employed by another master electrician or* who, as a business, hires or employs another to do electrical work, or, without hiring another, makes electrical installations as a principal or auxiliary business for his *or her* own account. *Each master electrician may have no more than 2 apprentice electricians working with him or her under his or her personal supervision, provided this authorization shall not apply to more than 6 master electricians for each work location.*

AMENDED ANALYSIS

This bill allows a master electrician licensed by the electricians' board to have no more than 2 apprentice electricians under his or her personal supervision and allows a master electrician to be employed by another master electrician.

HB 508-FN, establishing a performance measurement system for state agencies. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Maurice L. Pilote for Executive Departments and Administration: This bill was introduced to establish a pilot program for the development of a performance measurement system in the department of health and human services and calls for all agencies to develop such systems by 2013. The committee recognizes the need for measuring how effectively the state is servicing the public and believes this approach is consistent with the goals of improving governmental practices. DHHS has been working on this type of analysis for several years and some other agencies are currently involved in discussions about adopting a similar model. The amendment extends the deadlines to ensure smooth adoption. Vote 13-0.

Amendment (0606h)

Amend RSA 21-U:2 through 21-U:5 as inserted by section 1 of the bill by replacing them with the following:

21-U:2 Pilot Program to Establish Performance Measurement System. There is hereby established in the department of health and human services a pilot program for the development and adoption

of a performance measurement system. The performance measures to be developed shall include both process and end outcome indicators. Process indicators shall include, but not be limited to input, intermediate outcome, and output indicators. The performance measurement system shall be developed at the departmental level and shall serve as a model for program level performance measurement. Notwithstanding RSA 21-U:5, the department of health and human services shall develop and adopt a performance measurement system as provided for in this chapter on or before July 1, 2012.

21-U:3 Interim and Final Report. The department of health and human services shall submit an interim and a final report on the development and adoption of a performance measurement system. The interim report shall be filed on or before December 31, 2012, and the final report shall be filed on or before July 1, 2013. The report shall specifically identify the performance measures developed pursuant to RSA 21-U:2 and shall report on those measures to the extent of the available data. Copies of both the interim and the final report shall be forwarded to the speaker of the house of representatives, the president of the senate, the governor, the chairperson of the house executive departments and administration committee, the house clerk, the senate clerk, and the state library.

21-U:4 Development of Performance Measurement System by Agencies. On or before January 1, 2012, each agency, as defined in RSA 21-G:5, III, shall provide to the department of health and human services a contact person within the agency who shall be responsible for providing the department of health and human services with information as to that agency's readiness to adopt the performance measurement system provided for in RSA 21-U:5. Each such agency shall cooperate with the department of health and human services and shall provide the required information in a timely manner so that the information can be included with the reports submitted pursuant to RSA 21-U:3.

21-U:5 Adoption of Performance Measurement System by Agencies. Beginning December 31, 2013, every agency, as defined in RSA 21-G:5, III, shall adopt a performance measurement system for each of its programs that includes: a mission statement, the outcomes the program seeks to achieve, and the specific outcome indicators that the program intends to use to track performance.

AMENDED ANALYSIS

This bill establishes a pilot program for the development of a performance measurement system in the department of health and human services. The bill requires all agencies to develop performance measurement systems by December 31, 2013.

HB 586, establishing an interdepartmental public health and environmental coordinating committee. **INEXPEDIENT TO LEGISLATE.**

Rep. Calvin D. Pratt for Executive Departments and Administration: This bill adds bi-annual meetings to four state agencies on top of the work they already have to do. Their reports are advisory in nature and thus lack any rulemaking or other authority to influence outcomes. The committee felt that the additional workload was ill-advised at this time. Vote 16-0.

HB 620, establishing a commission to study the creation of a health care pool for police, fire, teachers, state, university, and municipal employees. **INEXPEDIENT TO LEGISLATE.**

Rep. Calvin D. Pratt for Executive Departments and Administration: This bill creates a study commission that duplicates private sector activities and is thus unnecessary at this time. Vote 16-0.

HB 630, requiring state agencies, boards, and commissions to submit a report to the senate and house finance committees concerning the need for fee increases or new fees. **INEXPEDIENT TO LEGISLATE.**

Rep. Peter T. Hansen for Executive Departments and Administration: The committee felt the bill's intent was unclear and would or could result in undue burden and repetition of information flowing to the recipient finance committees. HB 624, which has been retained, also addresses the intent of this bill. Vote 14-0.

HB 196, relative to the certificates of completion of a basic hunter education program or bow hunter education program. **OUGHT TO PASS.**

Rep. Betsy McKinney for Fish and Game and Marine Resources: This bill was a request of the fish and game department and asks for the ability to suspend hunter certification under administrative rules for a person charged with significant violations of safety rules and require these individuals to retake a hunter safety course. Vote 9-0.

HB 71, authorizing establishment of pharmaceutical drug take-back programs. **OUGHT TO PASS.** Rep. Frank G. Case for Health, Human Services and Elderly Affairs: This is enabling legislation that allows New Hampshire communities and private entities to establish uncontrolled and controlled drug take-back programs for the purpose of destruction of these agents by allowing collaboration with the chief law enforcement of the community or governmental entity. This bill does not mandate participation upon any community or private entity at the state or municipal level. There is great legislative and constituent support for this legislation. All should support this legislation as it has already proven its ability to remove thousands of unused medications from homes and streets of New Hampshire. Vote 11-0.

HB 75, establishing a commission to study bed bugs in New Hampshire. **INEXPEDIENT TO LEGISLATE.**

Rep. Alida I. Millham for Health, Human Services and Elderly Affairs: The committee agrees that bedbugs are a growing problem in New Hampshire and New England. This public health concern presents a serious challenge for the healthcare, hospitality, tourism, education and housing communities. Consequently, the committee has assigned the bed bug issue to the health and human services oversight committee (HHSOC) in order to expedite the discussion. The HHSOC has already created a subcommittee to bring the stakeholders together to discuss public education and prevention strategies. The prime sponsor of HB 75 will be chairing the subcommittee. Vote 16-0.

HB 163, establishing the medical sharps advisory council on disposal of medical sharps. **INEXPEDIENT TO LEGISLATE.**

Rep. Frank G. Case for Health, Human Services and Elderly Affairs: This bill would establish the medical sharps advisory council, a product of a 2008 commission. The health and human services oversight committee agreed to establish the medical sharps advisory council. Vote 17-0.

HB 191, relative to the community mental health system. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Laurie Harding for Health, Human Services and Elderly Affairs: This bill addresses the recommendations of a 2010 performance audit of the 10 community mental health agencies. As recommended by the audit, it eliminates the term "state funded" and requires all state contracts to have outcome measures. It also addresses the concern related to the growing problem of uncompensated care delivered to individuals who have no insurance and present for mental health services. The bill clarifies that clinical interventions cannot be denied but enables the agencies to prioritize care for this group of clients based on a thorough clinical assessment. This language will enable the community mental health agencies to stretch their increasingly scarce resources a bit further while providing care to needy individuals. Vote 16-0.

Amendment (0505h)

Amend RSA 135-C:13 as inserted by section 4 of the bill by replacing it with the following:

135-C:13 Discrimination Prohibited; Eligibility for Services. Every severely mentally disabled person shall be eligible for admission to the state mental health services system, and no such person shall be denied services because of race, color or religion, sex, or inability to pay. *In the event that the person does not have the ability to pay, the agency responsible for providing services shall conduct a clinical assessment and based on that assessment shall provide clinically necessary services. If the assessment reveals that the person presenting symptoms is non-emergent, then the agency may prioritize when the person accesses treatment but services shall not be denied. If the person requires immediate care while waiting to access services, then the agency's emergency services program may be utilized by the person at any time, 24 hours a day, 7 days a week. In the event that a severely mentally disabled person does not have the ability to pay, the agency responsible for providing services shall conduct an assessment and shall provide services necessary to alleviate those impairments which formed the basis for the determination, under the rules authorized by RSA 135-C:61, that the person was severely mentally disabled. Additional services may be prioritized based on clinical needs. Services to persons subject to orders of involuntary admission or other involuntary treatment under RSA 135-C:27-54 shall be provided without the limitations permitted under this section and in the same manner as a person who is able to pay for services.* Eligible persons shall include formerly severely mentally disabled persons who without continued services would probably become severely mentally disabled again. Each client has

a right to adequate and humane treatment provided in accordance with generally accepted clinical and professional standards. The treatment shall include such psychological, psychiatric, habilitative, rehabilitative, vocational and case management services which are necessary and appropriate to bring about an improvement, when possible, in the client's condition and which are available within the state mental health services system. If necessary services are not available, ~~[such service shall be documented through individual service plans. When services have been documented to be necessary but unavailable,]~~ each agency responsible for provision of such services shall notify the department of the need for them, and the department shall utilize such information for budgetary planning purposes. The treatment may include housing and such other services as the department may elect to provide to severely mentally disabled persons. Eligibility for services in the mental health system for persons under 21 years of age shall be determined after consideration of the services provided under RSA 186-C, RSA 169-B, RSA 169-C, RSA 169-D, or any other law. The commissioner shall adopt rules, pursuant to RSA 541-A, relative to the eligibility of severely mentally disabled persons to receive state services and the service guarantees for clients in the state system.

Amend the bill by replacing all after section 4 with the following:

5 Discrimination Prohibited; Eligibility for Services. RSA 135-C:13 is repealed and reenacted to read as follows:

135-C:13 Discrimination Prohibited; Eligibility for Services. Every severely mentally disabled person shall be eligible for admission to the state mental health services system, and no such person shall be denied services because of race, color or religion, sex, or inability to pay. Eligible persons shall include formerly severely mentally disabled persons who without continued services would probably become severely mentally disabled again. Each client has a right to adequate and humane treatment provided in accordance with generally accepted clinical and professional standards. The treatment shall include such psychological, psychiatric, habilitative, rehabilitative, vocational and case management services which are necessary and appropriate to bring about an improvement, when possible, in the client's condition and which are available within the state mental health services system. If necessary services are not available, each agency responsible for provision of such services shall notify the department of the need for them, and the department shall utilize such information for budgetary planning purposes. The treatment may include housing and such other services as the department may elect to provide to severely mentally disabled persons. Eligibility for services in the mental health system for persons under 21 years of age shall be determined after consideration of the services provided under RSA 186-C, RSA 169-B, RSA 169-C, RSA 169-D, or any other law. The commissioner shall adopt rules, pursuant to RSA 541-A, relative to the eligibility of severely mentally disabled persons to receive state services and the service guarantees for clients in the state system.

6 Effective Date.

I. Section 5 of this act shall take effect January 1, 2014.

II. The remainder of this act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill implements recommendations of the office of legislative budget assistant's 2010 performance audit report of the New Hampshire community health system. This bill clarifies the eligibility for mental health services when persons are unable to pay for them.

HB 214, establishing a committee to study the state's participation in the federal Medicaid program. **INEXPEDIENT TO LEGISLATE.**

Rep. Kathleen J. Cusson-Cail for Health, Human Services and Elderly Affairs: This bill establishes a committee to study the state's participation in the federal Medicaid program. The committee decided to allow the HHS Oversight Committee to establish a subcommittee to study this and other methods relating to financing of health care. Vote 17-0.

HB 284-FN, relative to contact lens prescriptions. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Rich T. DiPentima for Health, Human Services and Elderly Affairs: This bill, as amended, will cause refracted and plano (unrefracted) lenses to "on prescription only" for sales. At the present time, only refracted lenses (prepared for sight need for each individual) are on prescription only. This bill will add plano lenses. This bill was requested by the NH board of optometry. This request was triggered by the purchase of "colored lenses" to change the color of the wearer's eye, which was sold at a tattoo parlor. These lenses have to be fitted just as the refracted lenses. Later,

this lady came to an optician with an ulcerated cornea which, if not properly treated, could cause the loss of sight in that eye. This bill has been heard and passed because of possible public harm if these lenses can be sold without a prescription from an eye doctor. Vote 15-0.

Amendment (0322h)

Amend the bill by replacing all after the enacting clause with the following:

1 Optometry; Definitions; Pharmaceutical Agent. Amend RSA 327:1, IV(e) to read as follows:

(e) The application, *prescribing*, or removal of Food and Drug Administration approved medical devices, as approved by the board and consistent with the practice of optometry as set forth in this chapter, including, but not limited to, contact lenses, *plano lenses*, and punctal plugs. *The term "plano lenses" means contact lenses with no refractive power.*

2 New Paragraph; Contact Lens Prescriptions. Amend RSA 327:25-a by inserting after paragraph V the following new paragraph:

VI. No person shall sell contact lenses without a valid prescription as defined in paragraph V.

3 New Paragraphs; Penalty. Amend RSA 327:30 by inserting after paragraph III the following new paragraphs:

IV. The board is authorized to issue a cease and desist order against any person or entity engaged acting in violation of this chapter. The cease and desist order shall be enforceable in superior court.

V. The attorney general, the board, or the prosecuting attorney of any county or municipality where the violation takes place may maintain an action to enjoin any person or entity from continuing to violate the provisions of this chapter. The action to enjoin shall not replace any other civil, criminal or regulatory remedy. An injunction without bond is available to the board.

4 Ophthalmic Dispensing; Definitions. Amend RSA 327-A:1, IV to read as follows:

IV. "Prescription for contact lenses" means a dated and signed, written direction specifying that it is for contact lenses ~~[and which]~~ *or plano lenses*, and shall include at least the power, size, curvature, color, and material composition of the ~~[contact]~~ lenses. A prescription for contact lenses may also include, at the prescriber's professional discretion, other parameters or instructions such as lens manufacturer, prescription expiration date, number of permitted refills, and a statement prohibiting substitutions. Such parameters or instructions shall be honored by a person filling the prescription. Unless otherwise specified by the prescriber for health reasons, a contact lens prescription shall expire one year from the date of issue.

5 New Paragraph; Ophthalmic Dispensing; Definitions. Amend RSA 327-A:1 by inserting after paragraph VIII the following new paragraph:

IX. "Plano lenses" means contact lenses with no refractive power.

6 Effective Date. This act shall take effect 60 days after its passage.

HB 312-L, relative to notice required for the fluoridation of drinking water. **INEXPEDIENT TO LEGISLATE.**

Rep. Rich T. DiPentima for Health, Human Services and Elderly Affairs: This bill would require communities that fluoridate their water supplies to place a notice on water bills advising parents of children less than 12 months of age of the potential of developing dental fluorosis if they exclusively use tap water to reconstitute formula. This bill has a number of issues of concern for the committee. First, it would only address the 11 communities in New Hampshire that fluoridate their water and not include those small community water supplies with high levels of naturally present fluoride. The committee also was concerned that this bill may involve an unfunded mandate for the affected communities. The proposed language of the notice was not consistent with the recommendations of the Centers for Disease Control and Prevention (CDC) or the American Dental Association (ADA). Lastly, the committee feels that this concern is best addressed by parents discussing this issue with their child's physician or dentist. Vote 16-0.

HB 407, establishing a committee to study the rising incidence of autism. **INEXPEDIENT TO LEGISLATE.**

Rep. Donald L. LeBrun for Health, Human Services and Elderly Affairs: After reviewing the testimony from the public hearing weighing the current situation, it was agreed that this issue is unlikely to be further helped by creating an autism study committee. Vote 16-0.

HB 426, adding certain entities to the unused prescription drug program. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Frank G. Case for Health, Human Services and Elderly Affairs: This bill has been requested by the NH board of pharmacy. This bill will give the board of pharmacy the authority to make rules which would allow long- term health care facilities (nursing homes) and correctional facilities to donate unused prescription drugs to the New Hampshire recycling program. These donations will provide a large number of prescription drugs to be reused and not destroyed. Vote 16-0.

Amendment (0217h)

Amend RSA 318:58, I as inserted by section 1 of the bill by replacing it with the following:

I. Any patient, or other person [~~licensed pursuant to RSA 318:42, H and acting on behalf of the patient~~] *or entity authorized to possess prescription drugs and medical devices pursuant to RSA 318, including manufacturers and wholesalers licensed under RSA 318:51-a, or other law, including any nursing home or long-term care facility licensed under RSA 151 or any correctional facility*, may donate unused prescription drugs and medical devices to the program.

Amend the bill by deleting section 2 and renumbering the original section 3 to read as 2.

HB 642-FN, requiring the departments of health and human services and administrative services to jointly issue a certain request for information. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Charles E. McMahon for Health, Human Services and Elderly Affairs: This bill requires that the departments of health and human services and administrative services issue a certain request for information (RFI) needed to determine if a single source administrator for the NH pharmacy benefits management system is feasible. If the RFI suggests that there would be increased efficiency and savings, the commissioners shall jointly issue a request for proposal (RFP) within six months of the report required under this section and the cost of the RFP shall be borne by the affected groups in proportion to their covered lives. Vote 17-0.

Amendment (0565h)

Amend the bill by replacing section 1 with the following:

1 Request for Information Relative to Single Pharmacy Benefits Manager. The commissioners of the departments of health and human services and administrative services shall jointly issue a request for information (RFI) to solicit information on the feasibility and opportunities for efficiency or savings presented by unifying the public payors of health care benefits, including, but not limited, to Medicaid, state employees and retirees, and municipal employees and retirees, in a single pharmacy benefits manager. The RFI required under this section shall be issued no later than 90 days after passage of this act. The commissioners shall submit a report to the governor, speaker of the house of representatives, president of the senate, and the oversight committee on health and human services established in RSA 126-A:13 no later than 60 days following the completion of the RFI process summarizing the information received. If the RFI suggests that there would be increased efficiency and savings, the commissioners shall jointly issue a request for proposal (RFP) within 6 months of the report required under this section and the cost of the RFP shall be borne by the affected groups in proportion to their covered lives.

AMENDED ANALYSIS

This bill requires the commissioners of the departments of health and human services and administrative services to issue a request for information (RFI) soliciting information regarding the feasibility of unifying the public payors of health care benefits in a single pharmacy benefits manager. Under this bill, if the RFI suggests there would be savings under such system, the commissioners shall issue a request for proposal.

HB 146, relative to the right of jury nullification. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Gregory M. Sorg for Judiciary: As amended, this bill requires the judge in a criminal trial to instruct the jury of its right "to judge the facts and the application of the law in relationship to the facts in controversy." It also requires the court to permit the defendant or counsel for the defendant to explain this right to the jury. Vote 17-1.

Amendment (0591h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the right of a jury to judge the application of the law in relationship to the facts in controversy.

Amend the bill by replacing all after the enacting clause with the following:

1 Findings and Intent of the General Court. Under the decisions of both the New Hampshire supreme court and the United States Supreme Court, the jury has the right to judge the facts and the application of the law in relationship to the facts in controversy. The jury system functions at its best when it is fully informed of the jury's prerogatives. The general court wishes to perpetuate and reiterate the rights of the jury, as ordained under common law and recognized in the American jurisprudence, while preserving the rights of a criminal defendant, as enumerated in part 1, articles 15 and 20, New Hampshire Bill of Rights, and the Seventh Amendment of the Constitution for the United States of America.

2 New Section; Right of Accused; Jury Instruction. Amend RSA 519 by inserting after section 23 the following new section:

519:23-a Right of Accused. In all court proceedings the court shall instruct the jury of its right to judge the facts and the application of the law in relationship to the facts in controversy. The court shall permit the defendant or counsel for the defendant to explain this right to the jury.

3 Effective Date. This act shall take effect January 1, 2012.

AMENDED ANALYSIS

This bill states that in all criminal proceedings the court shall instruct the jury of its right to judge the facts and the application of the law in relationship to the facts in controversy. The court is also required to permit the defendant or counsel for the defendant to explain this right to the jury.

HB 305, relative to the homestead right. **OUGHT TO PASS.**

Rep. Gregory M. Sorg for Judiciary: This bill amends the homestead law, RSA Chapter 480, in order to change a rule established in the 2007 case of *Chase v. Ameriquest Mortgage Co.*, 155 N.H. 19. Until *Chase*, it had been widely understood that the four exemptions and exceptions from levy or sale on execution and from liability to be encumbered or taken for the payment of debts set out in RSA 480:4 must be strictly construed. In *Chase*, however, the supreme court embraced a further exception when, to the extent of the amount of the new mortgaged-secured loan used to pay off the old one, it recognized an equitable lien on Mrs. Chase's homestead in favor of the foreclosing mortgage lender, even though her signature on the new mortgage had been forged. The result was to condemn a single mother and her two minor children to eviction from their home, precisely the evil that this chapter had been enacted to prevent. This bill would clarify that the statutory homestead exemption creates an exception to the common law theory of equitable subrogation in that the ability of individual creditors to be secured by a lien on a homestead is subordinated to the broader social benefit of preventing destitution and homelessness of mothers and children; that it is the purpose of the homestead exemption to secure to debtors and their families the shelter of the homestead roof. Vote 16-0.

HB 347, exempting from nondisclosure the records of accidents involving and violations by county, city, and town employees and officials. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Joseph M. Hagan for Judiciary: This bill extends access to public records (RSA 91-A) concerning line of duty motor vehicle accidents and violations by state employees to the same events involving county, city, town and local entity employees. This expansion of the right-to-know provisions was felt to be a matter of fairness to all employees of New Hampshire governments. Vote 14-0.

Amendment (0547h)

Amend the bill by replacing section 1 with the following:

1 Motor Vehicle Records; Disclosure Required. Amend RSA 260:14, II-a to read as follows:

II-a. The accident report, the technical accident reconstruction report, any repair estimate, or any similar document that constitutes a motor vehicle record that is created or received as a result of any accident or collision involving a ~~[state-owned or state-leased]~~ vehicle ***owned or leased by the state, a county, a city, a town, or a local public entity*** shall be a governmental record subject to inspection and disclosure in accordance with RSA 91-A. ***Any report of a violation of this title by an employee or official of a county, a city, a town, or a local public entity while engaged in official business in a vehicle owned or leased by the state, a county, a city, a town, or a local public entity shall be a governmental record subject to inspection and disclosure in accordance with RSA 91-A.***

HB 349-FN, relative to alternative dispute resolution in civil cases. **INEXPEDIENT TO LEGISLATE.**

Rep. J. Brandon Giuda for Judiciary: This bill would require non-binding arbitration for legal cases involving \$100,000 or less that were not resolved through other alternative dispute resolution methods. Currently, litigants in cases involving money judgments are required to participate in alternative dispute resolution, with the majority of litigants preferring mediation. However, litigants in New Hampshire are not required to itemize their damages prior to discovery or trial, so it was unclear to the committee or the judicial branch representative that testified how the \$100,000 limit imposed by this bill would be determined. Further, imposing an additional requirement of arbitration for those smaller cases that did not settle at mediation would eliminate smaller valid claims due to increased costs, would further slow the already-clogged court system, and would impose a significant financial burden on the judicial branch. The majority believes that the alternative dispute resolution procedures already in place are working well and that this bill is not only unnecessary, but that it would be detrimental to the current system. Vote 14-1.

HB 412, establishing a committee to study issues of judicial standing under federal and state law. **INEXPEDIENT TO LEGISLATE.**

Rep. Peter L. Silva for Judiciary: This bill would establish a committee to study issues of judicial standing under federal and state law. The committee believes that this study is unnecessary because the perceived problems regarding taxpayer standing can be resolved by amending RSA 491:22. Therefore, the committee unanimously recommends inexpedient to legislate. Vote 15-0.

HB 431, relative to psychiatric evaluations. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Lucy M. Weber for Judiciary: Two sessions ago, RSA 135-C: 43, regarding non-emergency involuntary admissions to the state hospital or other facility, was amended to close the probate files in these cases to protect the privacy of the individuals involved. An unintended consequence of the change was that the probate court cannot now send a copy of the psychiatric evaluation which provides the basis for the commitment to the treating institution. The evaluation contains useful information that could aid in the determination of the best course of treatment. The bill provides that the court can determine whether the evaluation should be provided to the treating facility, after the individual who is the subject of the proceeding has notice and an opportunity to be heard on the issue. The amendment changes the word "shall" to the word "may" to reflect that the court could determine that the file should not be forwarded to the treating institution. Vote 13-0.

Amendment (0478h)

Amend RSA 135-C:45, I as inserted by section 2 of the bill by replacing it with the following:

I. In hearings held under this chapter, after hearing all the evidence, the court may order the respondent to be released, notwithstanding expert testimony, or it may order the person to submit to some form of treatment other than inpatient treatment on an involuntary basis, which may include treatment at a community mental health program approved by the commissioner. If the examining psychiatrist recommends involuntary admission to a receiving facility as the most desirable form of treatment, the court may so order. *The court may furnish a copy of the psychiatric evaluation, pursuant to RSA 135-C:43, II, performed by the psychiatrist designated by the court to the designated receiving facility, as defined in RSA 135-C:26, or the secure psychiatric unit.* If the court determines that involuntary admission to a receiving facility is necessary, but the examining psychiatrist finds otherwise in his report under RSA 135-C:40, the court may overrule the recommendation of the psychiatrist only after the court finds that treatment other than involuntary admission to a receiving facility would not be in the best interests of the person and the community.

HB 522-FN, relative to elder abuse. **INEXPEDIENT TO LEGISLATE.**

Rep. Lucy M. Weber for Judiciary: The committee extends its collective thanks to the sponsor of this bill for her concern for our frail elders and for the opportunity to hear from several experts about this most important issue. The first provision of the bill provides that criminal background checks shall be done on any person seeking to be appointed as a guardian of a frail elder. The committee learned that background checks are already routinely required not only for guardians of elders, but of minors as well. Secondly, the bill provides that a person convicted of felony abuse of an elder forfeits all right to the estate of their victim. New Hampshire does not have a codified version of the "slayer law," the law that prohibits one who has killed another from benefitting from the crime.

However, case law from the 1960s and also from 2000 confirmed the equitable powers of a court to impose a constructive trust on an inheritance in that circumstance, and to ensure that the criminal did not benefit from the crime. The committee was convinced that the court has the power, in an appropriate case, to impose the same sanction in a case of elder abuse. As the core subjects of the bill are being addressed through different mechanisms, the committee determined that passage of further legislation was not needed at this time. Vote 16-0.

HB 596, establishing a recommended procedure upon the abandonment or foreclosure of a manufactured home within a housing park. **INEXPEDIENT TO LEGISLATE.**

Rep. Peter L. Silva for Judiciary: This bill was voted unanimously Inexpedient to Legislate. Committee members felt this was the best vote because HB 232, relative to abandoned homes in manufactured housing parks, is currently in the Municipal and County Government Committee for further study during the summer. Vote 15-0.

HB 609-FN, establishing the New Hampshire circuit court to replace the current probate courts, district courts, and judicial branch family division. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Robert H. Rowe for Judiciary: The bill represents a complete reorganization of a portion of the Judicial Branch. Three courts have been merged, namely the District Court, Probate Court and the Family Division. The merger of the three court functions into the new court structure, the Circuit Court, will bring the functions of the three courts closer to the citizens with a resulting reduction of citizen's costs, travel and court delay. Judges in all three of the former courts will become certified in district court, probate court and family matters. As a result, there will be greater flexibility in the court in dealing with matters brought before them. In smaller towns, the court will be available to hear a variety of cases, thus reducing delays. The Circuit Court will function in all current court locations; no courts will be closed. Further, the bill provides for the elimination of marital masters at the end of each masters' current contract term. The marital master function will be converted to that of a full-time judicial position depending on available funding and approval of Governor and Council in each case. Vote 16-0.

Amendment (0739h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Chapter; Circuit Court. Amend RSA by inserting after chapter 490-E the following new chapter:

CHAPTER 490-F CIRCUIT COURT

490-F:1 Purpose. The general court hereby organizes, constitutes, and establishes the New Hampshire circuit court. The goals of the circuit court are the respectful treatment of all individuals, the prompt and fair resolution of all issues within its jurisdiction, the use of alternative dispute resolution to reduce the adversarial nature of proceedings, the effective use of technology and the assignment of judicial and nonjudicial staff specially selected for their commitment to these goals.

490-F:2 Circuit Court; General. The circuit court shall be a court of record with statewide jurisdiction. Each circuit court location shall have the authority to hear all cases within the subject matter jurisdiction of the circuit court. Subject to part 1, article 17 of the New Hampshire constitution, nothing in this chapter shall prohibit the reassignment of cases within the circuit court as justice or efficiency require in the discretion of the administrative judge of the circuit court.

490-F:3 Circuit Court Divisions. The circuit court shall consist of 3 divisions: a probate division, a district division, and a family division. The circuit court shall have the jurisdiction, powers, and duties conferred upon the former probate and district courts and upon the former judicial branch family division by RSA 547, RSA 502-A, and RSA 490-D.

490-F:4 Circuit Court Locations. The judicial districts for the district and family divisions shall be as set forth in RSA 502-A:1 and RSA 490-D:4, respectively, and each county shall be a judicial district for the probate division. The supreme court may, from time to time, establish other locations for each of the divisions. The probate court records shall be maintained at the circuit court site at each county seat. The circuit courts shall be as follows:

- | | |
|---------------------|----------------|
| I. Coos county | first circuit |
| II. Grafton county | second circuit |
| III. Carroll county | third circuit |
| IV. Belknap county | fourth circuit |

V. Sullivan county	fifth circuit
VI. Merrimack county	sixth circuit
VII. Strafford county	seventh circuit
VIII. Cheshire county	eighth circuit
IX. Hillsborough county	ninth circuit
X. Rockingham county	tenth circuit

490-F:5 Circuit Court Judges and Masters; Appointment; Tenure.

I. On the effective date of this chapter, the circuit court shall consist of those justices and masters previously appointed and commissioned by the governor and council as prescribed by the constitution and the laws of the state of New Hampshire. The tenure of office of persons serving as justices or special justices of the district and probate courts or marital masters in the judicial branch family division and superior court shall not be affected hereby, and they shall continue in office as judges or masters respectively of the circuit court.

II. Judicial and master appointments to fill vacancies which exist on the effective date of this chapter in the former probate and district courts and in the former judicial branch family division shall be to the New Hampshire circuit court. No judicial officer appointed to the circuit court shall be appointed to a particular location; however, the assignment of a circuit court judge to a particular location shall be within the discretion of the administrative judge of the circuit court who shall take into account the weighted caseload and judicial need of that location.

490-F:6 Circuit Court Judges and Masters; Assignment; Certification.

I. Circuit court judges and masters shall be assigned to one or more circuits or locations in the discretion of the administrative judge of the circuit court after considering population, judicial time and efficiency, available judicial resources, and the needs of the public.

II. The assignment of a circuit court judge to a division within the circuit court shall be based upon the judge's knowledge of, commitment to, and expertise in the subject matter of the division.

III. For purposes of part 2, articles 80 and 81 of the New Hampshire constitution, a judge of probate shall be any circuit court judge assigned to the probate division.

IV. Judges and marital masters appointed prior to the effective date of this chapter shall be initially assigned within the circuit court as follows:

(a) Judges of the former probate court shall be initially assigned to the probate division of the circuit court;

(b) Judges of the former district court shall be initially assigned to the district division of the circuit court;

(c) Judges certified in the former judicial branch family division shall be initially assigned to the division that corresponds with their initial appointment and to the family division of the circuit court; and

(d) Masters appointed to the former judicial branch family division or superior court shall be permanently assigned to the family division of the circuit court.

V. The assignment of a circuit court judge to a division following initial assignment shall be within the discretion of the administrative judge; provided, however, the circuit court judge shall be certified by the supreme court to hear cases coming within the newly assigned division prior to such assignment. A judge initially assigned to a division within the circuit court pursuant to paragraph I shall be deemed certified in the division of initial assignment.

VI. Thereafter, judges appointed to the circuit court shall be assigned to a division at the discretion of the administrative judge subject to the following considerations:

(a) The knowledge, commitment to, and expertise of the judge in the subject matter of the particular division to which the judge is to be assigned;

(b) The division in which the judicial vacancy resulting in the new appointment exists, and

(c) The judicial needs of a particular circuit court location as determined by the administrative judge.

VII. Judges may be certified in all divisions of the circuit court pursuant to rules adopted by the supreme court.

VIII. Nothing in this section shall prohibit the administrative judge from assigning judges to a division as justice and efficiency require.

IX. The judges and masters shall be entitled to receive their actual personal expenses when absent from their assigned court in the performance of their official duties. The judges and masters shall not be reimbursed for mileage to commute from the judge's residence to his or her assigned court except for any mileage in excess of 50 miles each way.

490-F:7 Circuit Court Judges; Number.

I. Except as provided in paragraph II, the number of judges and masters in the circuit court shall not be less than the number of authorized judicial and master positions in the former district court, probate court, and judicial branch family division, as well as any superior court judicial officer or marital master equivalent not yet transferred to the former judicial branch family division on the effective date of this chapter but necessary to complete the family division implementation as set forth in RSA 490-D.

II. Upon the retirement, resignation, disability, or removal of a part-time justice or special justice of the former probate or district courts, the position shall be eliminated, unless within 30 days of such retirement, resignation, disability, or removal the supreme court certifies in writing to the governor that due to population, caseload, and available judicial resources, the position needs to be continued in the circuit court.

III. Upon the completion of the current term of a marital master, the position shall be converted to a full-time judicial position, provided that the fiscal committee of the general court approves and further provided that sufficient funds have been appropriated for the salary and benefits of the full-time judicial position. Once converted to a full-time judicial vacancy, the governor may nominate and the council may confirm any qualified person pursuant to part 2, article 46 of the New Hampshire constitution.

IV. The supreme court, after reviewing population, caseload, judicial time, and efficiency, available judicial resources, the needs of the circuit court, and other relevant criteria may request the governor and council to designate a sitting part-time judge as a full-time judge. The court may recommend certain judges; however, the governor and council shall not be bound by that recommendation. Upon designation, that judge shall become full-time. Prior to making its request, the supreme court shall receive the approval of the fiscal committee of the general court and there shall be funds in the court's budget specifically appropriated for the salary and benefits of an additional full-time circuit court judge.

490-F:8 Circuit Court Judges; Retired Judges.

I. Nothing in this chapter shall limit the ability of retired judges under 70 years of age of the former district and probate courts or of the circuit court to elect senior active status or of such retired judges 70 years of age and older to serve as judicial referees pursuant to RSA 493-A.

II. Judges who have elected senior active status, are eligible to elect senior active status, or are eligible to serve as a judicial referee on the effective date of this chapter shall maintain such eligibility.

III. The assignment and certification provisions of this chapter shall apply to senior active judges and retired judges acting as judicial referees.

490-F:9 Disqualifications of Judges. No judge or clerk of the circuit court shall be retained or employed as an attorney in any action, complaint, or proceeding pending in a division of the circuit court or circuit court site in which that judge or clerk has been certified or assigned. No attorney shall be permitted to practice before any division of the circuit court where any justice, associate justice, or special justice is associated with such attorney in the practice of law.

490-F:10 Full-Time Circuit Court Judges. A circuit court judge designated to be full-time under RSA 490-F:7, IV shall not be permitted to engage in the practice of law to any degree. Full-time judges shall receive the salary specified in RSA 491-A:1.

490-F:11 Judicial Branch Budget Request. For the purpose of calculating the biennial budget request and judicial salaries as well as the number of judicial positions required in the circuit court, the supreme court shall establish and revise as needed a weighted case value, relating the judicial time required for each type of case included in the court's jurisdiction, which when multiplied by the caseload of each court will produce the number of weighted case units for that court. Any revisions to the weighted case values shall be approved by the fiscal committee of the general court. The number of weighted case units shall be calculated by the administrative office of the courts in October of each year, using caseload statistics for the preceding 12-month period. Said weighted case units shall serve as the basis for determining the salary of part-time judges for the next calendar year.

490-F:12 Part-Time Judges; Salary Calculation. The salary of judges who were part-time judges in the district and probate courts shall be calculated each year based on the weighted caseload of the former jurisdiction less any weighted values for case types that are no longer within the jurisdiction of the circuit court or judicial branch.

490-F:13 Circuit Court Clerks; Appointment. The administrative judge of the circuit court shall appoint a clerk with responsibility for each circuit court site. In the interest of the effective administration of justice, any such clerk may have responsibility for one or more circuit court locations. Circuit court clerks shall have the same duties as clerks of the former district court and judicial branch family division and as registers of probate with the exception of RSA 15-B, RSA 456-B, RSA 548, RSA 653, RSA 655, and RSA 661 which shall remain as duties of the registers of probate. Circuit court clerks shall hold office at the pleasure of the administrative judge of the circuit court.

490-F:14 Staff. The administrative judge of the circuit court shall identify a mechanism by which to assign and transfer existing staff in the probate and district courts and in the judicial branch family division to operate the circuit court. The number of circuit court staff shall be based upon a review of anticipated caseload, population, available staff resources, and other relevant criteria, including information from any weighted caseload system.

490-F:15 Referees. The circuit court, with the consent of the parties shall, and without the consent of the parties may, commit to one or more referees any cause at law or in equity, or the determination of any question of fact pending in the court wherein the parties are not, as matter of right, entitled to a trial by jury; and with the consent of the parties shall in the same manner commit any other cause or the determination of any other question of fact.

490-F:16 Alternative Dispute Resolution. Alternative dispute resolution shall be utilized in the circuit court when practicable to reduce the adversarial nature of proceedings.

490-F:17 Existing Procedure Applicable. All provisions of law, not inconsistent herewith, relating to procedure in civil or criminal matters and practice in the former probate and district courts and the former judicial branch family division shall remain in full force and apply to the circuit courts hereby established.

490-F:18 Statutory References. During the implementation of the circuit court, references in statutes involving the jurisdiction of the circuit court to the probate or district courts or to the judicial branch family division shall be deemed to include the circuit court. Following the full implementation of the circuit court, those references shall be deemed to be to the New Hampshire circuit court where it has exclusive jurisdiction of a subject matter and to the superior court and circuit court where the circuit court has concurrent jurisdiction with the superior court.

490-F:19 Implementation Plan. On the effective date of this chapter, the New Hampshire circuit court shall be operational based upon a plan of implementation developed by the administrative judge of the circuit court in consultation with and approved by the supreme court.

2 Judicial Branch Family Division Clerks, Fees. RSA 490-D:12, II and III are repealed and reenacted to read as follows:

II. Fees as established by the supreme court under RSA 490:26-a shall be paid to the clerk of the applicable circuit court established in RSA 490-F for the benefit of the state. The clerk shall set aside 7 percent of each entry fee paid into the court for deposit into a special escrow account established under RSA 490:26-c and 14 percent of each entry fee paid into the court for deposit into the judicial branch information technology fund established under RSA 490:26-h. The proceeds of fees for motions to appear in court pro hac vice shall be paid into the law library revolving fund established in RSA 490:25, III.

III. The sum of \$5 shall be added to each entry fee collected by the circuit court clerk on cases which, prior to the establishment of the judicial branch family division, would have been filed in the probate court. Sums collected under this paragraph shall be deposited in the mediation and arbitration fund established under RSA 490-E:4.

3 Sessions in Towns Within District. RSA 502-A:2, II is repealed and reenacted to read as follows:

II. The administrative judge of the circuit court established in RSA 490-F shall have the authority to and shall, on an annual basis, establish the number of court sessions and the hours and days of operation required for each district court. The administrative judge shall consider the convenience of each court's users, caseload, resources, and security. Each court shall submit a plan for flexible scheduling to the administrative judge that meets the needs of the community served by that court which may include evening, early morning, and/or weekend sessions and other alternative sessions. In evaluating the community need for alternative sessions, the administrative judge and local courts shall evaluate separately civil suits, small claims, order of notice, motor vehicle matters, and criminal cases to determine the needs of the community.

4 Duties of Clerks; Disposition of Fines. RSA 502-A:8 is repealed and reenacted to read as follows:

502-A:8 Duties of Clerks; Disposition of Fines.

I. The clerk of the applicable circuit court established in RSA 490-F shall receive all fines and forfeitures paid into the district court from any source. The clerk of any circuit court may accept payment of the fine by credit card in lieu of cash payment. Any transaction costs assessed by the issuer of the credit card shall be paid out of the portion of the fine amount which is deposited with the treasurer and not out of the penalty assessment charged by a district court. The clerk shall forward fines collected for violations of title XXI to the treasurer for deposit in the highway fund and fines collected for violations of title LXII and all other statutes to the treasurer for deposit in the general fund within 14 days. The clerk shall separately indicate which fines were for violations of title XXI. Fines and forfeitures collected by the clerk for violations of municipal ordinances, codes, or regulations, except those adopted pursuant to RSA 31:39, I(g); RSA 41:11; RSA 47:17, IV, VI, VII, or VIII; and RSA 105:6 through RSA 105:7, shall be remitted monthly to the treasurer of the municipality prosecuting said violations, for the use of the municipality. All expenses related to the processing of parking violations and the administrative collection of parking fines shall be the responsibility of the local unit of government, and all fines collected shall be retained in their entirety by the local unit of government.

II. Nothing in this section shall prevent the court from transferring the collection of fines to a centralized location. Any fines collected by the central location shall be distributed as indicated in paragraph I. References to duties and responsibilities of clerks contained in paragraph I shall be deemed to include the central fine collection center as appropriate.

5 Criminal Cases; District Courts. RSA 502-A:11 is repealed and reenacted to read as follows:

502-A:11 Criminal Cases, District Courts. Each district court shall have the powers of a justice of the peace and quorum throughout the state and shall have original jurisdiction, subject to appeal, of all crimes and offenses committed within the confines of the district in which such court is located which are punishable by a fine not exceeding \$2,000 or imprisonment not exceeding one year, or both, including all violations of the provisions of RSA 266:16 and 266:25 pertaining to vehicles exceeding permitted size or weight, regardless of whether the defendant is a natural person or any other person.

6 Jury Trial. RSA 502-A:15 is repealed and reenacted to read as follows:

502-A:15 Jury Trial. In cases in which the damages claimed exceed \$1,500 or the title to real estate is involved, if the defendant, upon the entry of any action for damages under RSA 502-A:14, II or II-a, within 7 days of the return date of the action or within such additional time as the district court for good cause may allow, files a written request for trial by jury, the cause shall be at once transferred to the superior court for the county or judicial region in which the court is located, to be heard and tried as if originally entered in the transferee court. The original entry fee and cost of transferring the action shall be paid by the moving party but shall be recoverable as costs if the moving party prevails in the action. If, after transfer for trial by jury, the moving party waives the right to jury trial, the cause shall at once be remanded to the district court of original jurisdiction.

7 District Court Fees. RSA 502-A:28, I is repealed and reenacted to read as follows:

I. Fees as established by the supreme court under RSA 490:26-a shall be paid to the clerk of each applicable circuit court established in RSA 490-F for the benefit of the state.

8 Other Fees. RSA 502-A:29 is repealed and reenacted to read as follows:

502-A:29 Other Fees. For other certificates or papers which he or she is authorized to make or certify, the clerk of a circuit court shall receive the same fees as a clerk of the superior court.

9 Probate Court Fees. RSA 490:27, I is repealed and reenacted to read as follows:

I. Probate court fees as established by the supreme court under RSA 490:26-a shall be paid to the clerk of the applicable circuit court established in RSA 490-F for the benefit of the state.

10 Court of Record. RSA 547:1 is repealed and reenacted to read as follows:

547:1 Court of Record. The court of probate is a court of record for all purposes, and each probate court shall be provided with a seal bearing upon its face the name of the court and the name of this state.

11 Transfer to Superior Court. RSA 547:11-d is repealed and reenacted to read as follows:

547:11-d Transfer to Superior Court. In cases where a right to jury trial is guaranteed by the constitution or granted by statute, a plaintiff desiring a jury trial shall file the action in the superior court, and filing the action in the probate court where there is concurrent jurisdiction shall constitute a waiver of a jury trial by the plaintiff. If the defendant desires a jury trial, the defendant shall

indicate the request for a jury trial at the time of the defendant's initial pleading with the court. Failure to timely request a jury trial shall constitute a waiver by the defendant thereof. If a jury trial is requested by the defendant, the matter shall be transferred to the superior court.

12 New Sections; Dockets and Index; Records; Probate Court Entry Fees. Amend RSA 547 by inserting after section 27 the following new sections:

547:27-a Docket and Index. The probate court shall keep a docket of all cases and matters, and an index thereto which shall be open to public inspection at all reasonable times.

547:27-b Records.

I. The probate court shall appropriately retain all wills and their probate; all proceedings with regard to real estate; all accounts settled, and all orders, decisions and appointments from which an appeal may be claimed.

II. The probate court, subject to the approval of the supreme court, shall establish and implement retention and destruction schedules for those original files, papers and records in cases and matters disposed of by the court.

547:27-c Probate Court Entry Fees.

I. Entry fees as established by the supreme court under RSA 490:26-a shall be paid to the clerk of each applicable circuit court established in RSA 490-F for the benefit of the state.

II. The clerk shall set aside 7 percent of each entry fee paid into the court for deposit into a special escrow account established under RSA 490:26-c and 14 percent of each entry fee paid into the court for deposit into the judicial branch information technology fund established under RSA 490:26-h. The proceeds of fees for motions to appear in court pro hac vice shall be paid into the law library revolving fund established in RSA 490:25, III.

13 Residence. RSA 548:1 is repealed and reenacted to read as follows:

548:1 Residence, etc. The register of probate shall dwell in the county in which the probate records are required to be kept. If a register shall dwell in any other county and continue so dwelling for 30 consecutive days, the office shall be deemed vacant.

14 Preservation of Files. RSA 548:5 is repealed and reenacted to read as follows:

548:5 Preservation of Files. The register of probate shall be responsible for coordinating with the administrative judge of the circuit court established in RSA 490-F the preservation of any closed files having the potential for historical significance. The register may recommend that these files be sent to the records center established under RSA 5. The register of probate shall maintain a current index describing the location of any files which have been removed from the court pursuant to this section.

15 Salaries. RSA 548:17 is repealed and reenacted to read as follows:

548:17 Salaries. The annual salaries of the registers of probate shall be established by the supreme court in accordance with the compensation system established by the supreme court.

16 Acting as Counsel. RSA 548:24 is repealed and reenacted to read as follows:

548:24 Counsel Acting As. The register shall not act as counsel or advocate in any proceeding in, or to be brought into, the probate court of which the register was elected, nor receive any fee for such service.

17 Acting as Appraiser. RSA 548:25 is repealed and reenacted to read as follows:

548:25 Appraiser, or Commissioner, Acting As. The register shall not be appointed nor act as appraiser or commissioner on any estate under administration in the probate court of the county in which the register was elected.

18 New Section; Record of Decedent's Real Estate. Amend RSA 554 by inserting after section 14 the following new section:

554:14-a Record of Decedent's Real Estate. Whenever it appears from the inventory or any other instrument pertaining to real estate filed with the court in connection with the administration of any estate that the estate contains real estate located in another county within the state, the court shall notify, within 15 days, the register of deeds of the county in which the real estate lies of the name and date of death of the decedent. A register of deeds who receives such a notice shall record in the grantor's index of the register's office the name of the decedent, the decedent's date of death, and the county in which the estate is being probated. The cost for filing said notice shall be assigned to the estate.

19 New Section; Notice to Fiduciaries. Amend RSA 554 by inserting after section 26 the following new section:

554:26-a Notice to Fiduciaries.

I. A fiduciary appointed by the probate court shall file, as required by law, an inventory within 90 days after the date of appointment, or an account of administration within one year after the date of appointment. If a fiduciary fails to file an inventory within 30 days after the required filing date, or an account of administration within 90 days after the required filing date, the fiduciary is in default. The clerk of the applicable circuit court established in RSA 490-F shall give notice of the default to the fiduciary by first class mail within 10 days after the default. In the case of any inventory, account, annual report, statement of voluntary administration, or waiver of administration affidavit, the fiduciary shall either file the inventory, account, annual report, statement of voluntary administration, or waiver of administration affidavit, or show good cause for the failure to file, within 30 days after notice of the default from the clerk. If the fiduciary fails to file or to show good cause, the judge of probate shall issue a citation to the fiduciary to appear before the judge pursuant to RSA 550:2. The fiduciary shall pay default and citation fees as established by the supreme court under RSA 490:26-a to the clerk, pursuant to RSA 490:27. The requirements of this section shall apply to fiduciaries previously appointed as the judges of probate may prescribe by rules adopted pursuant to RSA 547:33.

II. The clerk shall contemporaneously with the issuance of any citation pursuant to paragraph I and RSA 550:2 send a copy of such citation by first class mail to the following:

- (a) Any surety for the fiduciary;
- (b) Any person who has filed an appearance; and
- (c) Any residuary beneficiary, and the director of charitable trusts in cases involving charitable dispositions and trusts.

20 Name Change. Amend the following RSA provisions by replacing “register of probate” and “register” with “clerk:” 5-C:32, 7:29, 21-J:14, 87:21, 87:22, 87:26, 135-C:38, 170-B:16 170-B:22, 171-B:6, 401:1, 457:28-b, 464-A:12, 464-A:20, 464-A:26, 464-A:28, 464-A:33, 505:11, 553:16, 553:25, 561:19, 564:4, 564:12, 568:30, 568:35, and 568:54.

21 Reference Deleted. RSA 151-A:15, I is repealed and reenacted to read as follows:

I. If within 180 days after the date of a testate or intestate patient’s death in any nursing home no petition for probate has been filed under any section of RSA 553 and the gross value of the personal property remaining at the nursing home belonging to the deceased, including any amount left in a patient account, is no more than \$2,500, the nursing home administrator shall file in the probate court in the county where the nursing home is located an affidavit for the purpose of disposing of such deceased patient’s estate. The form of the affidavit, and the rules governing proceedings under this section, shall be provided by the probate court pursuant to RSA 547:33. The nursing home administrator shall not file a death certificate with the probate court, but shall attest to the death in the affidavit. If the nursing home patient died testate and if the nursing home administrator has the will or a copy of the will, the nursing home administrator shall file the same in the probate court in the county where the nursing home is located. The probate court shall waive all filing fees.

22 Reference Change. The introductory paragraph of RSA 464-A:35, I is repealed and reenacted to read as follows:

I. A guardian of the person shall file an annual report with the court within 90 days after the anniversary date of the guardian’s appointment, or be in default. The clerk shall give notice of the default to the guardian by first class mail within 10 days after the default. The clerk shall issue a citation notice in accordance with RSA 554:26-a. The report shall contain a brief summary of the present status of the ward including, but not limited to:

23 Reference Change. RSA 464-A:36, I is repealed and reenacted to read as follows:

I. Subject to the provisions of RSA 464-A:26, V, a guardian of the estate shall file an annual account under oath with the court within 90 days after the anniversary date of the guardian’s appointment, or be in default. The clerk shall give notice of the default to the guardian by first class mail within 10 days after the default. The clerk shall issue a citation notice in accordance with RSA 554:26-a.

24 Reference Change. RSA 490:25, III is repealed and reenacted to read as follows:

III. Receive and accept at any time funds from the sale or exchange of books, pamphlets, maps, manuscripts, and other related material, or from the sale of data base services, barcodes, cataloging records, magnetic tapes, laser discs, video tapes, or related or similar material, or from fees and fines as established by the law library and approved by the supreme court. Any funds accruing to the law library from such sources and as provided under RSA 490:24, I; RSA 490-D:12, II; RSA 499:18, II; RSA 502-A:28, II; and RSA 547:27-c, II shall be paid into the state treasury and held in a continually appropriated fund which shall not lapse for the use of the law library upon approval by the supreme court;

25 Reference Change. RSA 491-A:1 is repealed and reenacted to read as follows:

491-A:1 Salaries Established. The salaries for the positions set forth below shall be as follows:	
Chief justice, supreme court	\$151,477
Associate justices, supreme court	\$146,917
Chief justice, superior court and administrative judges appointed pursuant to supreme court rule 54	\$146,917
Associate justices, superior court	\$137,804
District court justices prohibited from practice pursuant to RSA 502-A:21-a	\$137,804
Probate judges prohibited from practice pursuant to RSA 547:2-a	\$137,804

26 Reference Change. RSA 553:32, I is repealed and reenacted to read as follows:

I. Notwithstanding any provision of law, whenever a deceased dies testate and the surviving spouse or, if no spouse, an only child is named in the will as the sole beneficiary of the deceased's estate and is appointed to serve as administrator; or whenever a deceased dies intestate and the surviving spouse or, if no spouse, an only child is the sole heir of the deceased's estate and is appointed to serve as administrator, there shall be no requirement for an inventory of the estate, no requirement for a bond, and no requirement for an accounting for assets. Administration of the estate shall be completed upon the administrator's filing, and the probate court's approval of an affidavit of administration. Such filing shall occur not less than 6 months nor more than one year after the date of appointment of the administrator. The affidavit of administration shall state that to the best of the knowledge and belief of the administrator there are no outstanding debts or obligations attributable to the deceased's estate and shall list all real estate owned by the decedent at the time of death, including the location, book, and page. If the administrator fails to file the affidavit of administration within the time prescribed above, the administrator is in default. The clerk shall give notice of the default to the administrator by first class mail within 10 days after the default. The clerk shall issue a citation notice in accordance with RSA 554:26-a.

27 Reference Change. RSA 554:1 is repealed and reenacted to read as follows:

554:1 Inventory. Every administrator shall file under oath, with the court, within 90 days after the date of appointment, a full, true and itemized inventory of all the estate of the deceased which has come to the administrator's knowledge. If an administrator fails to file an inventory within 30 days after the required filing date, the administrator is in default. The clerk shall give notice of the default to the administrator by first class mail within 10 days after the default. The clerk shall issue a citation notice in accordance with RSA 554:26-a. The inventory shall contain a description of the real estate; a correct schedule of all goods, chattels, stocks, bonds, cemetery plots or burial spaces, and other effects of the deceased; of all notes, with their dates and terms of payment, and the date and amount of each endorsement thereon; of all deposits in savings banks, with the name and location of each bank, the number of each book, the date of the last dividend, and the whole amount then due thereon less any withdrawals since that date; and a list and description of any other written evidences of debt. If any person claims a present legal or equitable right of title to real or personal property in the estate of the deceased, the administrator may petition the probate court pursuant to RSA 547:11-b to determine the question as between the parties.

28 Reference Change. RSA 599:1 is repealed and reenacted to read as follows:

599:1 Appeals. A person convicted by a district court of a class A misdemeanor, at the time the sentence is declared, may appeal therefrom to obtain a de novo jury trial in the superior court, which shall hear the appeal. The appeal shall be entered by the defendant at the next return day unless for good cause shown the time is extended by the superior court. If, after a jury trial in the superior court, the defendant is found guilty, the superior court shall sentence the defendant, and the defendant may appeal questions of law arising therefrom to the supreme court. In the event the defendant waives the right to jury trial after the case has been appealed, the superior court shall forthwith remand the case to the district court for imposition of the sentence originally imposed by the district court, and the defendant may appeal questions of law arising therefrom to the supreme court. In all misdemeanor cases which are appealed to superior court or in which defendants are bound over it shall be the duty of the superior court to transmit to the justice of the district court, within 10 days after the case is finally disposed of, a certificate showing the final disposition of the case.

29 Repeal. The following are repealed:

1. RSA 490-D:6, relative to judges and marital masters.

2. RSA 490-D:10, relative to referees.
3. RSA 490-D:11, relative to staff.
4. RSA 490-D:12, I, relative to judicial branch family division clerks.
5. RSA 490-D:13, relative to alternative dispute resolution.
6. RSA 490-D:15, relative to marital master's expenses.
7. RSA 502-A:1-a, relative to additional district courts.
8. RSA 502-A:3, relative to appointment and tenure of district court justices.
9. RSA 502-A:3-a, relative to associate justices of Manchester, Nashua, and Concord District Courts.
10. RSA 502-A:3-b, relative to tenure of district court justices following consolidation.
11. RSA 502-A:3-c, relative to elimination of special justices unless need certified.
12. RSA 502-A:5, relative to powers of other justices.
13. RSA 502-A:5-a, relative to assignment of judges.
14. RSA 502-A:6, III, relative to salaries of clerks.
15. RSA 502-A:6, V, relative to salaries of deputy clerks.
16. RSA 502-A:7, relative to district court clerks.
17. RSA 502-A:7-a, relative to deputy clerk of the Nashua District Court.
18. RSA 502-A:7-b, relative to deputy clerks.
19. RSA 502-A:8-a, relative to assignment of juvenile intake officers.
20. RSA 502-A:8-b, relative to duties of juvenile intake officers.
21. RSA 502-A:12-a, relative to regional jury trials.
22. RSA 502-A:20, relative to courts of record.
23. RSA 502-A:21, relative to disqualification of justices.
24. RSA 502-A:32, relative to existing procedure applicable.
25. RSA 502-A:34, relative to functions of municipal courts vested in district court.
26. RSA 502-A:35, relative to an exception to the abolition of municipal courts.
27. RSA 502-A:36, relative to the transfer of pending actions.
28. RSA 547:11-e, relative to failure to prosecute appeal.
29. RSA 547:27, relative to if the register is not present.
30. RSA 547:38, relative to assignment of judges.
31. RSA 548:2, relative to office hours.
32. RSA 548:3, relative to the seal.
33. RSA 548:4, relative to docket and index.
34. RSA 548:4-a, relative to scheduling.
35. RSA 548:5-a, relative to notice to fiduciaries.
36. RSA 548:6, relative to destruction of records.
37. RSA 548:7-a, relative to the record of decedent's real estate.
38. RSA 548:8, relative to blanks and stationery.
39. RSA 548:9, relative to inventory blanks.
40. RSA 548:14, relative to deputy registers.
41. RSA 548:14-a, relative to additional deputy registers.
42. RSA 548:16, relative to the disability of the register.
43. RSA 548:23, relative to receipts.
44. RSA 548:23-a, relative to probate court entry fees.
- 30 Effective Date. This act shall take effect July 1, 2011.

AMENDED ANALYSIS

This bill establishes the New Hampshire circuit court to replace the current probate courts, district courts, and judicial branch family division.

HB 637-FN, relative to lowering the legal drinking age for members of the armed forces. **INEXPEDIENT TO LEGISLATE.**

Rep. Joseph M. Hagan for Judiciary: The committee has the highest respect for and extends the greatest thanks to our service members who have not reached their 21st birthday. However, lowering the legal drinking age to 18 would lead to loss of federal highway funds. Additionally, numerous witnesses, including members of the New Hampshire National Guard, the department of transportation, law enforcement agents unanimously testified that alcohol consumption is especially problematic in this age group and ought to be discouraged by the force of law. Vote 15-1.

HCR 17, declaring that *Copp v. Henniker* and the opinions which subsequently relied upon *Copp* versus *Henniker* are void and of no force. **INEXPEDIENT TO LEGISLATE.**

Rep. Lucy M. Weber for Judiciary: *Copp v. Henniker* was decided in 1875, and addresses the availability of jury trials. The case has been reaffirmed over the intervening years. The New Hampshire House cannot, by House Concurrent Resolution, overturn a decision of the New Hampshire supreme court. The legislature has the power at any time to expand the right to jury trial by passing a bill to that effect. Vote 15-0.

HCR 18, declaring *Merrill v. Sherburne* to be void and of no force. **INEXPEDIENT TO LEGISLATE.**

Rep. Lucy M. Weber for Judiciary: *Merrill v. Sherburne* was decided in 1818, and addresses the separation of powers between the legislature and the judicial branch. The case has been cited with approval over the intervening years. The New Hampshire House cannot, by House Concurrent Resolution, overturn a decision of the New Hampshire Supreme Court. The legislature has the power to begin the process to overturn this ruling, which has stood for nearly 200 years, by an appropriate constitutional amendment. Vote 14-0.

HB 401, relative to postsecondary training for workers with disabilities. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Joanne A. Ward for Labor, Industrial and Rehabilitative Services: Upon application by a participating employer or proper school authority, the labor commissioner may establish a sub-minimum wage rate or no rate for high school or post secondary student working for practical experience to provide them with on the job skills to seek gainful employment once the training has been completed. The amendment states that during the training period no trainee can replace an employee. Vote 15-0.

Amendment (0527h)

Amend the bill by replacing section 1 with the following:

1 High School and Postsecondary Students; Workers with Disabilities. Amend RSA 279:22-aa to read as follows:

279:22-aa High School and Post Secondary Students; *Workers with Disabilities.*

I. Upon application by a participating employer or proper school authority, the labor commissioner may establish a sub-minimum wage rate, or no rate, for high school or post secondary students working for practical experience, if circumstances warrant. Guidelines shall be established by the labor commissioner to determine whether an employer-employee relationship exists between participating parties for such work in respect to existing labor laws. No such student shall be allowed to replace an existing worker or a laid-off worker.

II. Upon application by a proper post-secondary organization or rehabilitation facility as defined by and in a manner established by the labor commissioner, the commissioner may establish a practical experience/training program at a sub-minimum wage rate or no wage rate for individuals with disabilities. If such program is established, the commissioner shall establish guidelines to determine whether an employer-employee relationship exists between the parties for work performed through the program that is consistent with state and federal law. No such individual with disabilities, while in the program, shall be allowed to replace an existing worker or a laid-off worker.

HB 647, relative to withholding of wages. **OUGHT TO PASS.**

Rep. Andrew A. White for Labor, Industrial and Rehabilitative Services: This bill adds to statute an additional provision on employer withholding of wages. This provision allows the employee and the employer to mutually agree on any withholding provided that withholding is authorized in writing and does not give the employer a financial advantage. Vote 15-0.

HB 114, establishing a committee to study merging the state heritage collections committee and the joint legislative historical committee. **OUGHT TO PASS WITH AMENDMENT.**

Rep. David H. Kidder for Legislative Administration: This bill came to us as a request for a study committee. In the course of testimony it seemed plausible that we should combine the functions under one bill. The bill was amended to reinstate the joint legislative historical committee. It is the hope archival, historic, cultural and art assets can be catalogued so we know what we own, using the best current practices. Vote 14-0.

Amendment (0455h)

Amend the title of the bill by replacing it with the following:

AN ACT reinstating and expanding the duties of the joint legislative historical committee.

1 Reinstatement of Joint Legislative Historical Committee. Pursuant to 2009; 144:87, I(a), the joint legislative historical committee, established in RSA 17-I:1, is hereby reinstated.

2 Joint Legislative Historical Committee; Duties. RSA 17-I:2 is repealed and reenacted to read as follows:

17-I:2 Committee Responsibilities. The committee shall have the following responsibilities:

I. To purchase and restore historical items, including paintings and memorial plaques, for the state house, the legislative office building, and other buildings or facilities under the jurisdiction of the general court.

II. To oversee the historical fund established under RSA 177:8.

III. To research and record the history, background, and achievements of the general court.

IV. To accept and expend funds appropriated by the general court or received from any other source for the purposes authorized by this chapter.

V. To administer and enforce the collections policy established by the committee created in 1990, 41:1, for objects of historical, cultural, or artistic value, and recommend legislation as needed to implement this policy.

VI. To maintain a descriptive inventory and photographic collection of objects of historical, cultural, or artistic value owned by the state, using current best practices.

VII. To provide guidelines to all branches of state government relative to the acquisition, disposal, care, and interpretation of historical, cultural, and artistic objects.

VIII. To cooperate with other New Hampshire institutions and collecting agencies relative to the acquisition, disposal, care, and interpretation of historical, cultural, and artistic objects.

3 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill reinstates the joint legislative historical committee. The bill also expands the duties of the joint legislative historical committee to include the duties of the state heritage collections committee, which is scheduled to be repealed on June 30, 2011 pursuant to 2009, 144:87.

HB 190, relative to legislative study committees. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Gladys Johnsen for Legislative Administration: This legislation limits membership of study committees established by the General Court to members of the legislative unit. In addition to the electronic filing all other reporting requirements shall be met. Vote 12-2.

Amendment (0460h)

Amend RSA 14:49, I(c) as inserted by section 1 of the bill by replacing it with the following:

(c) The chairman of a study committee established by the general court shall, in addition to any other reporting requirements, electronically file the final report with the clerk of the house of representatives or clerk of the senate, and the clerks of the respective bodies shall post the report on the general court website.

AMENDED ANALYSIS

This bill limits membership on any study committee established by the general court to members of the general court only and requires chairmen to electronically file the committee's final report with the clerk of the house of representatives or senate, in addition to any other reporting requirements.

HB 520-FN, requiring certain bills to have performance standard notes. **OUGHT TO PASS.**

Rep. Brendon S. Browne for Legislative Administration: This bill requires the legislative budget assistant to prepare a fiscal note for any bill changing expenditures of the state by more than \$1,000,000. The performance standards note shall include a description of the measurable outcomes, positive and negative, if the bill passes. The committee believes that, like any good business plan, the legislature should know before it expends any money on a program how that program will define success. We believe that this bill will allow us to better identify what programs are successful, and which are not. Vote 12-1.

HB 66, relative to assessment of the land use change tax on cluster or condominium developments. **INEXPEDIENT TO LEGISLATE.**

Rep. James E. Coffey for Municipal and County Government: The purpose of HB 66 was to change the effective date of HB 424 from July 1, 2009 back to 2007 when the supreme court altered the method in which the land use change tax is calculated on cluster or condominium development. After considering all the testimony, the committee had serious concerns with a retroactive bill. Vote 16-0.

HB 144, repealing the authorization for energy efficiency and clean energy districts. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Franklin W. Sterling for Municipal and County Government: This bill, as amended, changes the manner in which clean energy districts created under RSA 53-F are funded. The amended bill removes as a funding source general revenue funds and general obligation bonds for energy conservation improvements and as a source of funds for the required loan loss reserve account. Further the proposed legislation removes the priority lien position of clean energy fund loans, a condition that has been contentious with mortgage lending institutions. The proposed changes will remove the liability of the PACE program from the municipalities' general fund revenues while still preserving the clean energy initiative. Vote 15-0.

Amendment (0528h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to energy efficiency and clean energy districts.

Amend the bill by replacing all after the enacting clause with the following:

1 Municipal Revenue Bonds; Definitions. Amend RSA 33-B:1, VI to read as follows:

VI. "Revenue-producing facilities" means water works, broadband infrastructure as defined in RSA 38:38, I(e), purchased or constructed in areas not served by an existing broadband carrier or provider, sewerage systems, sewage treatment or disposal facilities, solid waste disposal or resource recovery facilities, parking facilities, facilities for the production, generation, transmission, or distribution of electricity or gas ~~and~~, any other real or personal property or interests in a municipality or regional water district owned or controlled by the municipality or regional water district, from the operation of which revenues are or are expected to be derived by the municipality, or regional water district, *and qualifying energy conservation and clean energy improvements for which a municipality provides financing pursuant to RSA 53-F.*

2 Energy Efficiency and Clean Energy Districts; Authority. Amend RSA 53-F:3, I-II to read as follows:

I. Incur debt for the purpose of providing financing to property owners within the district, including through issuance of municipal *revenue* bonds, Qualified Energy Conservation Bonds or Clean Renewable Energy Bonds. Any such debt ~~[shall constitute a pledge of the municipality's full faith and credit]~~ *may be secured by a pledge of revenues, moneys, rights, and proceeds under this chapter*, and except as may be otherwise provided in this chapter, shall be subject to the provisions of RSA 33 *and RSA 33-B.*

II. Establish a revolving fund pursuant to RSA 31:95-h using ~~[general municipal revenues; bond funds;]~~ federal Energy Efficiency and Conservation Block Grant funds, or grant funds from any federal, state, private, or other source~~[- provided that the use of general municipal revenues shall be pursuant to an appropriation by special warrant article in accordance with RSA 32 and the municipality's appropriation procedures].~~

3 Energy Efficiency and Clean Energy Districts; Financing Terms. Amend RSA 53-F:7, II to read as follows:

II. A municipality that provides financing to participating property owners shall establish a loss reserve account and maintain funds in such account at a level that meets generally accepted standards for property-assessed clean energy finance programs. *Funds in a loss reserve account shall not be provided from general municipal revenues*

4 Definition; Special Assessment. Amend RSA 53-F:1, VI to read as follows:

VI. "Special assessment" means a special assessment within the meaning and subject to the provisions of RSA 80:19, *except as provide in RSA 53-F:8.*

5 Risk of Enforcement of Special Assessment Liens. Amend RSA 53-F:4, II to read as follows:

II. The municipality shall disclose to participating property owners the risks associated with participating in the program, including risks related to their failure to make payments and the risk of enforcement of property tax or special assessment liens under RSA ~~[80:19]~~ *53-F:8.*

6 Priority, Collection, and Enforcement. Amend RSA 53-F:8 to read as follows:

53-F:8 **Priority; Collection and Enforcement.** Collection of assessments under this chapter shall be made by the tax collector or other official responsible for property tax or municipal service charge collection. A municipality shall commit bills for amounts due on the assessments, including interest and any charges, to the tax collector with a warrant signed by the appropriate municipal officials requiring the tax collector to collect them. *Each year* bills for amounts due on the assessments shall coincide with bills for property taxes or municipal service charges [and]. *Each assessment on the property of a participating property owner* shall create a lien on the property pursuant to RSA 80:19, *except that the lien shall be junior to existing liens of record at the time the bill for the assessment is mailed to the participating property owner.* Enforcement powers for nonpayment shall be those provided under RSA 80 relative to property tax collection, including RSA 80:19; *provided, however, a tax sale of the property shall not extinguish prior liens of record.* At the time of enforcement, only the past due balances of the assessment under this chapter, including all interest, charges, and penalties, shall be due for payment. Notwithstanding any other provision of law, in the event of a transfer of property ownership through foreclosure [~~collection by the municipality shall be limited to any past due balances and future payments shall neither be accelerated nor extinguished by foreclosure~~] *or a sheriff's sale by a senior lienor, the lien of the municipality shall be extinguished.* Payment of a past due balance from the loss reserve established under this chapter shall not relieve a participating property owner from the obligation to pay that amount.

7 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill establishes that financing for participating property owners in energy efficiency and clean energy districts may be provided through issuance of municipal revenue bonds but not from general municipal revenues.

This bill also removes the priority lien provision for loans made by energy efficiency and clean energy districts under RSA 53-F.

HB 205-FN, relative to notice to owners of upstream dams. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Betsey L. Patten for Municipal and County Government: In 2010, an amendment to RSA 676:4, I(d) was enacted to require notification of upstream dam owners whenever a “near” development was proposed. There was difficulty in verifying the owners of the dams due to perceived homeland security issues. HB 205 was introduced to deal with those issues. The amendment clarifies that “near” is defined by any structure that will be within 500 feet of the top of the bank of any river or stream and now requires notification to the department of environmental services who will notify the upstream dam owners. Vote 15-0.

Amendment (0521h)

Amend the bill by replacing section 2 with the following:

2 Board's Procedure on Plats; Notice to Upstream Dam Owners. Amend RSA 676:4, I(d) to read as follows:

(d) Notice to the applicant, holders of conservation, preservation, or agricultural preservation restrictions, abutters, [~~upstream dam owners,~~] the department of environmental services dam bureau, and the public shall be given as follows: The planning board shall notify the abutters, the applicant, holders of conservation, preservation, or agricultural preservation restrictions, and every engineer, architect, land surveyor, or soil scientist whose professional seal appears on any plat submitted to the board by certified mail of the date upon which the application will be formally submitted to the board. For those proposals [~~near rivers and streams~~] *in which any structure would be within 500 feet of the top bank of any river or stream* and downstream of a dam, the planning board shall also notify [~~the owners of the upstream dam and~~] the department of environmental services dam bureau by certified mail. Notice shall be mailed at least 10 days prior to submission. Notice to the general public shall also be given at the same time by posting or publication as required by the subdivision regulations. The notice shall include a general description of the proposal which is the subject of the application and shall identify the applicant and the location of the proposal. For any public hearing on the application, the same notice as required for notice of submission of the application shall be given. If notice of public hearing has been included in the notice of submission or any prior notice, additional notice of that hearing is not required nor shall additional notice be

required of an adjourned session of a hearing with proper notice if the date, time, and place of the adjourned session was made known at the prior hearing. All costs of notice, whether mailed, posted, or published, shall be paid in advance by the applicant. Failure to pay such costs shall constitute valid grounds for the planning board to terminate further consideration and to disapprove the plat without a public hearing.

HB 338, allowing towns and cities to exempt farm buildings and structures from property taxation. **INEXPEDIENT TO LEGISLATE.**

Rep. John A. Burt for Municipal and County Government: The committee feels that there are already avenues to address this problem. For decades, the New Hampshire legislature has been concerned with the decline of agriculture in the state and the loss of agricultural land to encroaching development. In response, statutes to preserve and protect agriculture have been enacted, including current use property taxation, RSA Chapter 79-A, and the "Right to Farm Law," RSA Chapter 432. RSA 79-F Current use assessment, provides a property tax incentive to all qualifying landowners who agree to maintain their land in an undeveloped condition. This assessment is based on the capacity of the land to produce income in its current uses whether it is managed farm or forest, or managed open space. Current use is the cornerstone of the state's land conservation efforts, with over half the land in New Hampshire enrolled in this valuable program. RSA Chapter 432 protects agricultural operations against claims of public nuisance or private nuisance when operations are conducted in compliance with state and local health and safety regulations. Several statutes afford advantageous property tax treatment to agriculture. The legislature has also been encouraging agriculture through amendments to the zoning and planning enabling legislation. Vote 15-0.

HB 358, relative to the maintenance, repair, and preservation of burial grounds. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Kathleen M. Stroud for Municipal and County Government: The preservation of our historic burial grounds enhances our towns and communities. This bill establishes procedures for maintenance, repair and preservation of these grounds by volunteers who wish to take up this important work. Vote 15-0.

Amendment (0366h)

Amend RSA 289:14-a, III as inserted by section 2 of the bill by replacing it with the following:

III. Any city, town, or public body shall be immune from civil liability in any action brought on the basis of any act or omission by any person who voluntarily and without compensation undertakes to maintain or to repair any burying ground.

Amend RSA 289:14-a, V as inserted by section 2 of the bill by replacing it with the following:

V. After approval and notice required under RSA 635:6, II, any marker, gate, or other material removed for repair shall be stored and kept safely in a manner determined by the selectmen, town council, mayor, or cemetery trustees. Upon approval of the selectmen, town council, mayor, or cemetery trustees, a marker, gate, or other material deemed to be at risk of irreparable damage or loss may be placed permanently in a safe facility and the fact of its removal or replacement made visible in the cemetery or in public records.

HB 366, relative to the jurisdiction of counties concerning retail electric supply. **INEXPEDIENT TO LEGISLATE.**

Rep. Franklin W. Sterling for Municipal and County Government: This bill seeks to enhance the authority of the counties to "exercise the full jurisdiction" over public utilities (water and sewage disposal and treatment) that are essential to the safe operation of county buildings by including municipal electric utilities in the list of services enumerated in RSA 23:1. This bill further mandates that the municipal electric utilities within the county unbundle in direct opposition to RSA 38:34 which allows for the "voluntary" unbundling of their rates. No evidence as to the economies to be derived by the county nor any economic impact to the municipal electric utility was presented to the committee. Without such testimony and without compelling evidence as to the necessity of the mandate the committee voted to recommend ITL. Vote 15-0.

HB 367-L, relative to the election of county commissioners in Carroll County. **INEXPEDIENT TO LEGISLATE.**

Rep. James E. Coffey for Municipal and County Government: This bill changes the procedure for the election of the county commissioners in Carroll County from at large to the districts of

each commissioner. Based on the testimony provided, the committee did not find that there was a significant level of support within the county delegation to recommend the proposed change at this time. Vote 16-0.

HB 382, allowing municipalities discretion to raise and appropriate funds for cemetery fences. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Robert W. Moore for Municipal and County Government: This bill removes the requirement that municipalities maintain fences and gates surrounding municipal public cemeteries. Vote 15-0.

Amendment (0514h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the maintenance of municipal public cemeteries.

Amend RSA 289:4 as inserted by section 1 of the bill by replacing it with the following:

289:4 Maintenance. Every municipality shall raise and appropriate sufficient funds, by taxation or otherwise, to provide for the suitable care and maintenance of the municipal public cemeteries within its boundaries which are not otherwise provided for *by an alternative funding source* [~~and to provide and maintain around all such cemeteries a good and sufficient fence, and to supply the fence with necessary gates~~]. Every municipality may raise and appropriate annually a sufficient sum to provide for the suitable care and maintenance of deserted burial grounds and cemeteries which have been declared abandoned in accordance with RSA 289:19-21.

AMENDED ANALYSIS

This bill removes the requirement that municipalities maintain sufficient fencing and gates surrounding municipal public cemeteries.

HB 393, repealing the authority for the establishment of certain revolving funds by towns. **INEXPEDIENT TO LEGISLATE.**

Rep. James P. Belanger for Municipal and County Government: This bill would remove the ability of a town to use revolving funds as a budgeting tool and force them to estimate expenses and revenues for the upcoming year at an annual meeting without knowing what needs may arise during the year. It would tie the town to a gross budget without the ability to take in and expend funds that have no tax impact. More than that, it would dissolve existing funds in trust that townspeople have put aside and return them to the general fund for a one year reduction in taxes which could not be repeated in the next year and would mandate new appropriations for the revolving funds purposes. Vote 16-0.

HB 521, relative to meeting dates for county conventions. **OUGHT TO PASS.**

Rep. Betsey L. Patten for Municipal and County Government: The county convention convening time for organization and public hearing on budget estimates is covered in RSA 24:23 and RSA 24:9-a. There is no conflict except in the fifth meeting dates of the even numbered years, i.e., 2010, 2020. This amendment will fix the conflict by changing "not earlier than 10 days" to "not earlier than 5 days." The committee noted that it was a small change but necessary to correct the conflict. Vote 15-0.

HB 541, relative to ownership of property placed in trust qualifying for certain property tax exemptions and credits. **OUGHT TO PASS WITH AMENDMENT.**

Rep. John A. Burt for Municipal and County Government: This bill clarifies the ability of the owner of real property that is placed in trust to qualify for exemptions or tax credits. Vote 16-0.

Amendment (0470h)

Amend RSA 72:29, VI as inserted by section 1 of the bill by replacing it with the following:

VI. For purposes of RSA 72:28, 29-a, 30, 31, 32, 33, 35, 36-a, 37, 37-a, 37-b, 38-a, 39-a, 62, 66, and 70, the ownership of real estate, as expressed by such words as "owner," "owned" or "own," shall include those *who have placed their property in a grantor/revocable trust or* who have equitable title or the beneficial interest for life in the subject property.

AMENDED ANALYSIS

This bill clarifies the ability of the owner of real property whose property is placed in a grantor/revocable trust to qualify for exemptions or tax credits.

HB 594, relative to the application of procedures for discharge or suspension from county employment. **OUGHT TO PASS.**

Rep. Stephen T. DeStefano for Municipal and County Government: This bill provides, under RSA 28:10a, the procedures for discharge or suspension from employment by county government. This bill does not apply to per diem, on call, seasonal, part time or employees under a union contract. Vote 15-0.

HB 622, relative to adjustments to the semi-annual collection of property taxes in towns and cities.
OUGHT TO PASS WITH AMENDMENT.

Rep. Betsey L. Patten for Municipal and County Government: When the statewide education property tax went into effect in 1999, the municipalities were allowed to make an adjustment in their June estimated tax bills to smooth out tax bills that would otherwise increase when the statewide education property tax went into effect. This legislation would again allow this possibility for adjustment and include it permanently in RSA 198:41. The effect of HB 622 would help those cities and towns deal with either an increase or decrease change in the amounts excess tax amounts or grants if the statewide property tax continues as it is calculated currently. The committee recommendation will help the local taxpayers plan for any increases or decreases in their tax bills. Vote 16-0.

Amendment (0487h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to adjustments to the semi-annual and quarterly collection of property taxes in towns and cities.

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Semi-annual Rate Adjustments for Adequate Education Grants or Excess Tax Amounts. Amend RSA 76:15-a by inserting after paragraph II the following new paragraph:

III.(a) Notwithstanding the provisions of paragraphs I and II, any municipality affected by a change in adequate education grants or excess tax amounts, determined pursuant to RSA 198:41, may apply to the commissioner of revenue administration on forms prescribed by the commissioner to adjust the 1/2 of the previous year's tax rate by an amount sufficient to collect 1/2 of the estimated increase or decrease in the local school tax resulting from the change.

(b) The department of education shall certify, no later than November 15, to the commissioner of the department of revenue administration the difference in the amount of the adequate education grants and excess tax amounts between the current fiscal year and the forthcoming fiscal year for every municipality.

(c) Any municipality requesting an adjusted rate for the semi-annual bill shall submit such request to the commissioner of the department of revenue administration by April 1 prior to the issuance of the semi-annual bill.

2 New Paragraph; Quarterly Rate Adjustments for Adequate Education Grants or Excess Tax Amounts. Amend RSA 76:15-aa by inserting after paragraph IV the following new paragraph:

V.(a) Notwithstanding the provisions of paragraphs II and III, any municipality with quarterly billing affected by a change in adequate education grants or excess tax amounts, determined pursuant to RSA 198:41, may apply to the commissioner of revenue administration on forms prescribed by the commissioner to adjust the 1/4 of the previous year's tax rate by an amount sufficient to collect 1/4 of the estimated increase or decrease in the July and October quarterly bills in local school tax resulting from the change.

(b) The department of education shall certify, no later than November 15, to the commissioner of the department of revenue administration the difference in the amount of the adequate education grants and excess tax amounts between the current fiscal year and the forthcoming fiscal year for every municipality.

(c) Any municipality requesting an adjusted rate for the quarterly bills shall submit such request to the commissioner of the department of revenue administration by April 1 prior to the issuance of the July and October quarterly bills.

(d) The department of revenue administration shall expedite certified adjusted rate applications.

3 Rate Adjustments for Fiscal Year 2011. On the effective date of this act, the department of education shall certify to the commissioner of the department of revenue administration the difference in the amount of the adequate education grants between the 2011 fiscal year and the 2012 fiscal year for every municipality. The department of revenue administration shall expedite certified adjusted rate applications in accordance with RSA 76:15-a, III and RSA 76:15-aa, V.

4 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill allows for the adjustment in the method of calculating the partial payment of taxes related to an increase or decrease in local education taxes resulting from a change to the town's or city's adequate education grant or excess tax amount. The changes applies to both semi-annual and quarterly collection of taxes.

HB 639-FN-L*, requiring impact studies for large-scale retail development. **INEXPEDIENT TO LEGISLATE.*

Rep. Harry Accornero for Municipal and County Government: This bill creates a set of study criteria dictated by the state, which is overseen by the local planning board. It also requires the office of energy and planning to act as a holder of funds to pay for the study and even notes how much money should be sent to the state to hold. Who knows if that amount of money would be enough for such a study? Noting a specific dollar amount in a statute makes no sense. Vote 15-0.

HB 477-FN*, relative to the classification of certain highways in the town of Farmington. **INEXPEDIENT TO LEGISLATE.*

Rep. Edwin O. Smith for Public Works and Highways: The town of Farmington established a new policy for posting load limits on roads in the spring creating a problem for some of neighboring towns. The state agreed to swap road maintenance from one road to another to help solve the problem; however Farmington will not accept maintenance of any bridges on either road so the state would continue to maintain all bridges. The committee can understand the problem for the neighboring towns. However, the precedent established by posting roads to avoid maintenance of bridges and roads could encourage other towns to do the same thing. Vote 14-0.

HB 507-FN*, requiring the department of transportation to establish a storage depot for storing historic bridge parts. **INEXPEDIENT TO LEGISLATE.*

Rep. John A. Graham for Public Works and Highways: This bill, as introduced, would require the department of transportation to establish a storage area for historic bridge parts in the city of Concord. The sponsor brought forward an amendment that would allow the DOT to locate this storage area any where in the state. Either option would increase costs to the department. Additionally, under existing federal and state regulations governing historic bridges, the DOT currently stores these parts around the state in the hope that a municipality or a private entity will purchase them. Given these considerations, the committee recommends that the bill be found ITL. Vote 12-0.

HB 531*, relative to uniformed presence officers in highway work zones. **INEXPEDIENT TO LEGISLATE.*

Rep. John A. Graham for Public Works and Highways: This bill would set the amount that the commissioner of the department of transportation could pay uniformed officers on a work site at 150% of the pay flaggers would receive for the same job. The committee heard testimony that the DOT evaluated, on the basis of public safety, the need for uniformed officers or the use of flaggers on each job. Additionally, the bill as written would not affect municipal requirements that uniformed officers be utilized during work on town or city streets. While sympathetic to the intent of the sponsors to reduce costs to DOT projects, the committee felt safety issues were of paramount importance and that the bill would do nothing to solve any perceived problems with municipalities charging excessive fees to developers or utilities. An ad hoc committee will be established to seek ways to improve the existing situation, especially as it deals with local government entities. Vote 14-1.

HB 558*, relative to exchanging Haseltine Street in Plaistow for a section of NH 121A from the intersection of Haseltine and Main Streets to the border with Haverhill, Massachusetts. **OUGHT TO PASS WITH AMENDMENT.*

Rep. Edwin O. Smith for Public Works and Highways: The committee heard testimony from the Town of Plaistow and NH DOT both in support of this legislation. This eliminates a bad intersection and all of the parties affected agree with this solution. The amendment removes any mention of maintenance as this is typically done by agreement between the town or city and DOT, so this would put maintenance into statute and the committee did not want to start that practice. Vote 12-0.

Amendment (0425h)

Amend the bill by replacing section 1 with the following:

1 Haseltine Street in the Town of Plaistow; Portion of NH 121A in Plaistow; Reclassification.

I. Haseltine Street in the town of Plaistow shall be reclassified as a class II highway and shall be renamed NH 121A.

II. The portion of NH 121A (Main Street) in the town of Plaistow, from the intersection with Haseltine Street to the Massachusetts state line, shall be reclassified as a Class V highway.

HB 583, relative to including projected sea level rise in planning and implementation of state-funded projects. **INEXPEDIENT TO LEGISLATE.**

Rep. John A. Graham for Public Works and Highways: In many respects this bill is similar to HB 584 that the House found ITL on March 2, 2011. As introduced, the bill mandates that projected sea levels “shall” be included in the permitting, siting and construction of state funded projects. The committee did consider changing the “shall” to “may.” However, the committee felt that even this change would not make the bill workable or necessary at this time. Vote 14-1.

HB 603, prohibiting public works projects and natural formations from being named in honor of any living elected official. **OUGHT TO PASS WITH AMENDMENT.**

Rep. David B. Campbell for Public Works and Highways: This bill, as amended, prohibits naming state-controlled facilities after elected or formerly elected officials during their lifetime. A similar bill passed the House six years ago, but was defeated in the Senate. The committee believes naming state facilities after political figures is more appropriate when done posthumously. Vote 13-2.

Amendment (0256h)

Amend the title of the bill by replacing it with the following:

AN ACT prohibiting public works projects and natural formations from being named in honor of any living elected, or formerly elected, official.

Amend RSA 4:43, IV as inserted by section 1 of the bill by replacing it with the following:

IV. No public works projects or natural formations under the control of the state shall be named in honor of any living elected, or formerly elected, official.

AMENDED ANALYSIS

This bill prohibits public works projects and natural formations under control of the state from being named in honor of any living elected, or formerly elected, official.

HB 27, relative to de minimis impact work in designated rivers. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Lawrence M. Kappler for Resources, Recreation and Development: This bill amends the New Hampshire rivers management and protection program (RSA 483) making recommended changes found during river bill hearings. The changes are: (1) Requires the nominating party to give written notice to all riparian landowners of their intent. (2) When a designated river is protected, any protected tributary river shall be in a subparagraph under main stem. (3) Permanent alterations of de minimis impact work may be done. (4) Spells out protection criteria in evaluation process, including public water supply. (5) Extends an exemption for septage and sludge land application restriction. Exemption has been in effect since 1998. Vote 13-1.

Amendment (0532h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the classification of rivers, de minimis impact work in designated rivers, and protected instream flows, and extending the time for septage and sludge land application restrictions.

Amend the bill by replacing all after the enacting clause with the following:

1 New Hampshire Rivers Management and Protection Program; Nominations; Criteria. Amend RSA RSA 483:6, I to read as follows:

I. Any New Hampshire organization or resident may nominate a river or any segment or segments of such river for protection by submitting to the commissioner a description of the river or segment or segments of such river and its values and characteristics. The completed nomination shall be submitted to the rivers coordinator on or before June 1 in order for it to be considered in the next legislative session. This nomination shall include, but not be limited to, an assessment of fisheries; geologic and hydrologic features; vegetation; wildlife; historical and archaeological features; open space and recreation features and potential; water quality and quantity; dams, hydropower generation, buildings, and other manmade structures; riparian interests and public water

supply, including flowage rights known by the nominating individual or group, and other pertinent instream and riverbank and tributary drainage area information. The nominating party shall hold at least one public meeting on the information prior to final submittal to the commissioner. The department shall encourage the nominating party to include tributary drainage area information in the nomination. The nominating party shall advertise the meeting in cooperation with the rivers coordinator and shall give written notice to *riparian landowners and* the governing body of any municipality where segments of the river are located. The rivers coordinator shall provide assistance to the nominating party in the presentation of the nomination at the public meeting.

2 New Paragraph; River Classification Program; Management. Amend RSA 483:7-a by inserting after paragraph II the following new paragraph:

III. A designated river and its tributary drainage area rivers that are subsequently designated shall be listed in the same paragraph in RSA 483:15. Each tributary river shall be named in a subparagraph under the main stem, and designated segments of each tributary shall be listed as further subparagraphs under each tributary.

3 Natural Rivers Protection. RSA 483:9, III(b) is repealed and reenacted to read as follows:

(b) Permanent alterations in conjunction with the repair or maintenance of a bridge, road, or riprap which is in place at the time a river or segment is designated which have only de minimis impact to or restore the channel's geomorphic characteristics.

4 Establishment of Protected Instream Flows. Amend RSA 483:9-c, I to read as follows:

I. The commissioner, in consultation with the advisory committee, shall adopt rules under RSA 541-A specifying the standards, criteria, and procedures by which a protected instream flow shall be established and enforced for each designated river or segment. Each protected instream flow shall be established and enforced to maintain water for instream public uses and to protect *outstanding characteristics, including recreational, fisheries, wildlife, environmental, hydropower, cultural, historical, archaeological, scientific, ecological, aesthetic, community significance, agricultural, public water supply, and* the resources for which the river or segment is designated, and shall respect riparian interests on each designated river or segment consistent with the purposes of this chapter. Instream public uses shall include the state's interests in surface waters, including, but not limited to, navigation; recreation; fishing; storage; conservation; maintenance and enhancement of aquatic and fish life; fish and wildlife habitat; wildlife; the protection of water quality and public health; pollution abatement; aesthetic beauty; and hydroelectric energy production.

5 Temporary Use Authorization; Time Extended. Amend 1998, 56:6 as amended by 2003, 43:14, 2003, 302:3, 2005, 141:2, and 2007, 287:1 to read as follows:

Temporary Use Authorization. The septage and sludge land application restrictions contained in RSA 483:9, VI(c), RSA 483:9-a, VII(b), RSA 483:9-aa, VII(b), and RSA 483:9-b, VII(b) shall not apply until January 1, [2012] **2017** to any land upon which septage or sludge has been spread in accordance with all applicable rules adopted by the federal Environmental Protection Agency and the New Hampshire department of environmental services, during any portion of the 3-year period prior to January 1, 1998. In addition, there shall be no termination of this restriction exemption for qualifying land that is used for scientific research on septage or sludge. Any continued application of septage and sludge pursuant to this section shall comply with all applicable federal and state laws and any best management practices published by the university of New Hampshire cooperative extension.

6 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill:

I. Permits the commissioner of the department of environmental services to approve certain permanent alterations which have de minimis impact to or restore a channel's geomorphic characteristics.

II. Requires tributaries and segments of rivers designated for protection to be listed in the same paragraph.

III. Extends the time before septage and sludge land application restrictions apply.

HB 33, relative to the preservation and care of the Franconia Notch forest reservation and memorial park. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Peter S. Bolster for Resources, Recreation and Development: This bill provides for protection and recognition of the War Memorial at Franconia State Park and other memorials, graves and historic sites throughout the state park system. It also sets up a fund for private contributions to insure appropriate maintenance of the War Memorial at Profile Lake. Vote 14-0.

Amendment (0563h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the care of memorials in Franconia Notch state park.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Expansion of State Park System; Franconia Notch Forest Reservation and Memorial Park. Amend RSA 216-A by inserting after section 6-a the following new section:

216-A:6-b Franconia Notch Forest Reservation and Memorial Park.

I. The war memorials on the eastern shore of Profile Lake shall be undisturbed and maintained in a proper manner for viewing and visiting by veterans as defined in RSA 21:50 and the general public. Appropriate signage and recognition of the war memorial and the entire Franconia forest reserve, as dedicated to the men and women who have served our country in times of conflict shall be placed at the entrances to Franconia Notch state park as well as directional signs to the memorial site. Veterans groups may aid the division of parks and recreation in enhancing and maintaining the park, through programs such as the Adopt-a-Park program and by other means. Veterans, active duty members of the armed forces, and members of their immediate family accompanying them shall pay no fee to hike or bicycle the trails of the park.

II. In addition, no activity or lease in the state park system shall result in any disturbance of a burial site, memorial, or designated historic site, nor shall any lease provisions cause such sites to be restricted to the general public. Fees may be charged for the use of amenities, improvements, amusements, and special events. Nothing in this section shall prevent the division of parks and recreation or the department of resources and economic development, or any other state agency from exercising full supervisory and managerial responsibilities relative to the area known as the Franconia Notch state park and its surroundings.

III. The director of the division of parks and recreation may solicit, accept, and expend any gifts, grants, and donations for the purpose of maintaining the war memorials in accordance with this section.

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill establishes the standards of care for memorials and memorial sites in the Franconia Notch state park.

HB 149, designating segments of the Lamprey, North Branch, Pawtuckaway, North, Little, and Piscassic Rivers as protected rivers. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Lawrence M. Kappler for Resources, Recreation and Development: A segment of the Lamprey River has been in the rivers management protection program (RMPP) since 1996. HB 149 extends protection for the remaining segments of this river from its headwaters in Northwood to the tidal segment in Newmarket. This 87 plus miles of waterway are a major contribution to protecting the Great Bay Estuary (GBE). Along with additional protection by the Cochecho, Oyster, and Exeter Rivers, also in RMPP, it will greatly enhance the water quality of the GBE. This legislation puts not only the main stem of the Lamprey River into protection, but all five of its tributary rivers, making it the first complete river watershed protected in RMPP. During committee discussion, a concern was CSPA setbacks, being imposed on sections not presently under the act. This concern was answered with the amendment "exempting the first, second, and third order streams from the Comprehensive Shoreland Protection Act (CSPA) setbacks for the Lamprey River and its tributary rivers." Vote 14-0.

Amendment (0126h)

Amend the title of the bill by replacing it with the following:

AN ACT designating segments of the Lamprey, North Branch, Pawtuckaway, North, Little, and Piscassic Rivers as protected rivers and exempting certain portions of the Lamprey River from the provisions of the comprehensive shoreland protection act.

Amend RSA 483:15, I as inserted by section 1 of the bill by replacing it with the following:

I. Lamprey River and its watershed tributaries including: North Branch, Pawtuckaway, North, Little, and Picassic Rivers.

(a)(1) Lamprey River:

(A) As a rural river from immediately downstream of Meadow Lake Dam in Northwood to the confluence with the North Branch River in Raymond.

(B) As a rural-community river from the confluence with the North Branch River in Raymond to 0.9 miles downstream of the Langford Road crossing in Raymond.

(C) As a community river from 0.9 miles downstream of the Langford Road crossing in Raymond to 0.3 miles downstream of the Epping Street crossing in Raymond.

(D) As a rural-community river from 0.3 miles downstream of the Epping Street crossing in Raymond to the confluence with the Pawtuckaway River in Epping.

(E) As a community river from the confluence with the Pawtuckaway River in Epping to the downstream side of the New Hampshire Route 125 bridge in Epping.

(F) As a rural river from the downstream side of the New Hampshire Route 125 bridge in Epping to the Epping-Lee town line.

(G) As a rural river from the Epping-Lee town line to the Durham-Newmarket town line. Notwithstanding any other provisions of this chapter, the department of environmental services shall not approve the use of flashboards under RSA 482:29 to increase the height of any existing dam within this segment of the Lamprey River.

(H) As a community river from the Durham-Newmarket town line to 1.8 miles downstream of the MacCallen Dam in Newmarket.

(2) North Branch River - as a natural river from immediately downstream of the Beaver Pond Dam in Deerfield to the confluence with the Lamprey River in Raymond.

(3) Pawtuckaway River - as a rural river from immediately downstream of the Pawtuckaway Lake Dam in Nottingham to the confluence with the Lamprey River in Epping.

(4) North River - as a rural river from immediately downstream of the North River Pond Dam in Nottingham to the confluence with the Lamprey River in Epping.

(5) Little River - as a rural river from immediately downstream of the Mendum's Pond Dam in Nottingham to the confluence with the Lamprey River in Lee.

(6) Piscassic River:

(A) As a natural river from the headwaters 0.5 miles upstream of the Fremont-Brentwood town line to the upstream side of the Piscassic Ice Pond Dam in Newfields.

(B) As a rural-community river from the upstream side of the Piscassic Ice Pond Dam in Newfields to the downstream side of the Grant Road crossing in Newmarket.

(C) As a community river from the downstream side of the Grant Road crossing in Newmarket to the confluence with the Lamprey River in Newmarket.

(b) All 1st, 2nd, and 3rd order portions of the Lamprey River and its tributary rivers shall be exempt from the provisions of the comprehensive shoreland protection act, RSA 483-B.

AMENDED ANALYSIS

This bill designates segments of the Lamprey, North Branch, Pawtuckaway, North, Little, and Piscassic Rivers as protected rivers.

This bill also exempts certain portions of the Lamprey River from the provisions of the comprehensive shoreland protection act.

HB 404, relative to toilets at campgrounds and exclusions for such requirements for certain parcels of land. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Peter S. Bolster for Resources, Recreation and Development: In the past, only flush toilets were permitted at campgrounds in the state. This bill permits the use of self-composting and incinerator toilets in all campgrounds, saving cost and creating a more environmentally friendly solution to this issue. Vote 14-0.

Amendment (0410h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to toilet facilities at recreational campgrounds or camping parks.

Amend the bill by replacing all after the enacting clause with the following:

1 Recreational Parks and Campgrounds; Disposal System. Amend RSA 216-I:4, III to read as follows:

III. Flush toilets or other approved toilet facilities, *such as self-composting toilets or incinerating toilets*, shall be provided in all recreational campgrounds or camping parks.

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill includes self-composting toilets or incinerating toilets on the list of toilet facilities which may be provided in recreational campgrounds or camping parks.

HB 439-FN-L, relative to claiming an invasive species as a habitat. **OUGHT TO PASS.**

Rep. Harry C. Merrow for Resources, Recreation and Development: This bill prevents an invasive species from being protected as a habitat for an endangered species. This bill was introduced because a threatened specie of fish was found inhabiting milfoil. Milfoil is a real problem. Many of our lakes are seriously infected with milfoil and large sums of money are being spent to eradicate it. The last thing we need is to allow the overly strict application of the state endangered species act to prevent its eradication. Milfoil, if allowed to grow, will eliminate necessary oxygen in the water body and kill the fish anyway. It is unfortunate that this bill was necessary. Cooperation among agencies and a common sense application of existing and conflicting statutes on a case by case basis should have been sufficient. Vote 13-1.

HB 379, relative to late fees charged by utilities. **INEXPEDIENT TO LEGISLATE.**

Rep. William D. Panek for Science, Technology and Energy: This bill would change the way that utility companies would be able to bill their customers. The PUC determines the rate for late fees and oversees the utility billing process. The committee feels that the PUC properly monitors the utility companies and no further legislation is needed at this time. Vote 17-0.

HB 381, authorizing net metering for micro-combined heat and power systems. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Frank R. Holden for Science, Technology and Energy: As amended, this bill would add another eligible class of electrical generation to the net metering law. Micro-combined heat and power (micro-CHP) systems would become eligible provided that the primary purpose of the system is the production of heat and certain system efficiency goals are met. The surplus electrical power would then flow into the electrical grid, offsetting that customer's electrical usage. Customers that use these systems would use less energy overall to heat and power their house or building. An additional benefit is distributed generation which could potentially reduce the need for electrical distribution infrastructure upgrades by locating generation closer to the load. Vote 17-0.

Amendment (0740h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Definitions. Amend RSA 362-A:1-a by inserting after paragraph I-c the following new paragraph:

I-d. "Combined heat and power system" means a new system installed after July 1, 2011, that produces heat and electricity from one fuel input using an eligible fuel, without restriction to generating technology, has an electric generating capacity rating of at least one kilowatt and not more than 30 kilowatts and a fuel system efficiency of not less than 80 percent in the production of heat and electricity, or has an electric generating capacity greater than 30 kilowatts and not more than one megawatt and a fuel system efficiency of not less than 65 percent in the production of heat and electricity. Fuel system efficiency shall be measured as usable thermal and electrical output in BTUs divided by fuel input in BTUs.

2 Definitions. Amend RSA 362-A:1-a, II-b to read as follows:

II-b. "Eligible customer-generator" or "customer-generator" means an electric utility customer who owns or operates *an* electrical generating ~~[facilities]~~ *facility either* powered by renewable energy *or which employs a heat led combined heat and power system*, with a total peak generating capacity of not more than 100 kilowatts, or that first begins operation after July 1, 2010 and has a total peak generating capacity of 100 kilowatts or more up to one megawatt, that is located behind a retail meter on the customer's premises, is interconnected and operates in parallel with the electric grid, and is used in the first instance to offset the customer's own electricity requirements.

II-c. "*Eligible fuel*" means *natural gas, propane, hydrogen, heating oil when combusted with a burner, or other fuel approved by the department of environmental services, through rules adopted under RSA 541-A, including air emission standards for the device using the approved fuel.*

II-d. "*Heat led*" means *that the combined heat and power system is operated in a manner to satisfy the heat usage needs of the customer-generator.*

3 Effective date. This act shall take effect on July 1, 2011.

HB 402-L, relative to the authority of the department of environmental services to determine whether outdoor wood-fired hydronic heaters violate air quality emission limits. **INEXPEDIENT TO LEGISLATE.**

Rep. William D. Panek for Science, Technology and Energy: This bill arises from a particular case in Claremont of an outdoor wood-fired hydronic heater (OWHH) creating a public nuisance and possibly a health hazard. The law currently states "If the owner or operator of an outdoor wood-fired hydronic heater (OWHH), as defined under RSA 125-R, operates the OWHH in a manner which causes a nuisance or is injurious to the public health, the health officers may, in writing, order that use of the OWHH be discontinued." (RSA 147:16b). The statute already addresses this problem. The committee therefore recommends ITL. Vote 14-0.

HB 559, establishing a committee to study methods of encouraging the installation and use of small scale renewable energy resources by homeowners and businesses and authorizing the development of a solar photovoltaic renewable energy project in Manchester. **INEXPEDIENT TO LEGISLATE.** Rep. Frank R. Holden for Science, Technology and Energy: This bill, as written would have established a study committee regarding small scale renewable energy, but that study committee was already created by legislation in 2010 and filed its report in November. The bill also dealt with authorizing the development of a solar photovoltaic (PV) project in Manchester between the City of Manchester and Public Service Company of New Hampshire (PSNH). PSNH testified that they were not interested in being part of this project and did not want to be included in this bill. So, with the study already completed and PSNH not interested, this bill is not needed. After the hearing, the committee facilitated discussions between the bill sponsors and the renewable energy division of the public utilities commission to explore possible clean energy grant opportunities from existing programs. Vote 15-0.

HB 608, establishing a committee to study the health and environmental effects of using industrial-grade silicofluorides and industrial-grade sodium fluoride for water fluoridation in New Hampshire. **INEXPEDIENT TO LEGISLATE.**

Rep. Frank R. Holden for Science, Technology and Energy: There already is a voluminous body of work regarding fluoride in municipal water supplies. We believe that establishing a special committee to study this further is unlikely to clarify the issue. Furthermore, addition of fluoride to public water supplies is a decision made at the local level. Vote 14-0.

HB 650-FN-L, authorizing a school district to call a special meeting in the event of changes in the amount of state education funding. **OUGHT TO PASS.**

Rep. Lynne M. Ober for Special Committee on Education Funding Reform: This bill provides a method for school districts, who already have approved budgets, to make an adjustment. The cycle of the legislature is not in sync with budgeting cycles for towns and municipalities that have chosen to use SB 2 budgeting, i.e. with a budget committee, public hearing, deliberative session and voting. As a result, when the legislature changes school funding, these towns cannot under state law change their gross budgets without repeating the process. HB 650 provides a legal mechanism for towns and municipalities operating under the Municipal Budget Act to change their budgets. For purposes only of adequate education funding changes, a town may call one additional deliberative and voting session. This allows towns and municipalities that must budget not only gross expenditures, but also gross revenues, to have an opportunity to make changes to both revenues and expenses as they relate to adequate education. In cases where additional revenues are received from the state, this will allow a school district to accept the additional revenues thus reducing the tax burden on local residents. Vote 14-0.

HB 360-FN, establishing a state defined contribution retirement plan for state and political subdivision members of the retirement system and establishing a committee to study the transition of current employees into the new plan and administration of the new plan. **INEXPEDIENT TO LEGISLATE.** Rep. Kevin A. Avar for Special Committee on Public Employee Pensions Reform: There are two other bills in committee that establish a study committee to report back by November 1, 2011. Vote 12-0.

HB 456-FN, relative to the calculation of average final compensation for the purpose of determining retirement system benefits. **INEXPEDIENT TO LEGISLATE.**

Rep. Seth Cohn for Special Committee on Public Employee Pensions Reform: This bill would have used the entire span of an employee's creditable service, rather than the last three years for calculating an average compensation. The committee has retained a similar bill (HB 465) which would use the last five years, for consideration as part of the overall reform process. Vote 11-0.

HB 492-FN, establishing a deferred retirement option in the judicial retirement plan, and relative to benefits related to service of certain judges of probate retiring because of permanent disability. **INEXPEDIENT TO LEGISLATE.**

Rep. Edward P. Moran for Special Committee on Public Employee Pensions Reform: This bill would establish a deferred retirement option in the judicial retirement plan. It also includes provisions for benefits related to the service of certain judges of probate retiring because of permanent disability. Information that the bill would allow judges with seven years service to retire at 45% of salary was determinative. The funds would be drawn from the judicial retirement plan, and the committee concern was the high probability that these rates of payout would progressively impair the resources of the fund. Vote 10-0.

HCR 8, urging the Transportation Security Administration to terminate recent changes to pat down search procedures and urging Congress and the President to change or discontinue the use of advanced imaging technology at airports. **INEXPEDIENT TO LEGISLATE.**

Rep. Steven L. Cunningham for State-Federal Relations and Veterans Affairs: This bill is remarkably similar to another bill and what little subject matter that the committee found to be unique was incorporated into the aforementioned bill. Vote 13-0.

HCR 10, urging the National Park Service to permit the exhumation of the body of Meriwether Lewis to determine the cause of his death. **INEXPEDIENT TO LEGISLATE.**

Rep. Daniel J. Tamburello for State-Federal Relations and Veterans Affairs: The intent of this resolution is to ask the national park service to investigate further the cause of death of American hero Meriwether Lewis. While noble in its intent, the resolution is outside the scope and responsibility of the state of New Hampshire, and the committee further felt that living relatives had primary authority for asking such a measure be taken, if in fact, there were any controversy regarding the death of Lewis. Vote 13-0.

HCR 14, applying to Congress to convene a convention proposing amendments to the United States Constitution. **INEXPEDIENT TO LEGISLATE.**

Rep. Robert P. Kingsbury for State-Federal Relations and Veterans Affairs: An article five convention is no guarantee on other states. There is every possibility of an article five convention being a runaway convention. With no guarantees the committee recommends ITL. Vote 12-0.

HCR 16, urging the prohibition of enforcing a particular federal executive order. **INEXPEDIENT TO LEGISLATE.**

Rep. Lucien A. Vita for State-Federal Relations and Veterans Affairs: The committee, in reviewing HCR 15 and HCR 16, determined that the subject matter of the two resolutions was sufficiently related to allow both resolutions to be combined into one. Consequently, two paragraphs were extracted from HCR 16 and added to HCR 15, improving HCR 15 and making HCR 16 redundant. Vote 11-0.

HB 134, relative to eligibility for walking disability plates. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Lisa E. Scentsas for Transportation: This bill allows a veteran or a person with a permanent disability after satisfying proof of a walking disability, to be excused from resubmitting proof for plates every five years. Vote 13-0.

Amendment (0137h)

Amend the bill by replacing section 1 with the following:

1 Walking Disability Plates; Proof of Disability. Amend RSA 261:88, III to read as follows:

III. An applicant for such special plates shall furnish the director with satisfactory proof, as the director may require, that the applicant meets the requirements of paragraph II. Such proof must be submitted every 5 years except in the case of a veteran who has been evaluated by the United States Department of Veterans Affairs to be permanently and totally disabled from service-connected disability. [Such] Proof *submitted by a veteran with a service-connected disability* shall only have to be made upon initial application. Satisfactory proof of a walking disability, at a minimum, shall consist of the certification of a licensed physician, podiatrist, or advanced practice registered nurse that the applicant has a walking disability, as defined in paragraph I. Upon request and for the fee set forth in RSA 261:75, I, the director shall exchange special plates for regular plates currently issued to an applicant who qualifies for special plates. *Upon satisfactory proof, as the director may*

require, that the walking disability of an applicant for special plates is likely to be permanent, the director may excuse an applicant from the requirement that proof be submitted every 5 years, or may reduce the frequency with which proof must be submitted.

AMENDED ANALYSIS

This bill authorizes the director of the division of motor vehicles to exempt persons with permanent disabilities from having to resubmit proof of eligibility for walking disability plates every 5 years.

HB 271-FN-A, establishing number plates for firefighters and emergency medical care providers. **INEXPEDIENT TO LEGISLATE.**

Rep. Lisa E. Scontsas for Transportation: This bill will be covered under the multi-plate bill (HB 335) and is not necessary. Vote 13-0.

HB 397, relative to image display devices in motor vehicles. **OUGHT TO PASS.**

Rep. Richard W. Hinch for Transportation: This bill replaces the prohibition on televisions in motor vehicles with a prohibition on image display devices, as defined in the bill. The committee was unanimous in its opinion that technology has advanced to a point whereby utilization of a split screen technology has appropriately addressed prior concerns regarding distracted driver/safety issues. These innovations help to prevent accidents or reduce their impact. Vote 13-0.

HB 516-FN-A, establishing Red Sox number plates to benefit the Children's Hospital at Dartmouth. **INEXPEDIENT TO LEGISLATE.**

Rep. John E. Tholl for Transportation: This is one of the many license plate bills that the transportation committee considered this year. We recommend a multi-use plate bill (HB 335) that all these plate bills could take advantage of. Vote 14-0.

HB 548, relative to boater safety education and relative to the minimum age for operation of motorized vessels. **OUGHT TO PASS.**

Rep. Richard W. Hinch for Transportation: This bill expands the safe boater education certificate requirement to the operation of all motorized vessels. It allows persons 12 years of age and older to obtain safe boater education certificates and further, it modifies the minimum age for operation restrictions for motorized vessels. This bill was requested and supported by the department of safety. The committee was unanimous in its support for family enjoyment of our public waterways and providing an avenue for youth operation of vessels with appropriate certification or supervision. Vote 14-0.

HB 610-FN-A, establishing number plates supporting New Hampshire public higher education. **INEXPEDIENT TO LEGISLATE.**

Rep. Lisa E. Scontsas for Transportation: This bill is not needed because this committee has already passed a bill that deals with this and many other plate ideas by having a multi-use plate at no expense to the taxpayers. Vote 14-0.

CACR 10, relating to establishing a New Hampshire state reserve fund. Providing that the New Hampshire state reserve fund shall be under the authority of the state treasurer and dedicated to offset the business profits tax, business enterprise tax, and the interest and dividends tax for purposes of lowering the rates of such taxes. **INEXPEDIENT TO LEGISLATE.**

Rep. Patrick F. Abrami for Ways and Means: This bill would establish a New Hampshire state reserve fund. To do so would require a constitutional amendment. The fund shall consist of 10 percent of the balance of the revenue stabilization reserve account, which shall be transferred to this state reserve fund at the close of each fiscal year, any other appropriation which may be made by the general court of surplus funds from the operating budget for the prior fiscal year, and any other type of public or private donations. The concept is that balance of this fund, being managed by the state treasurer, would grow over the years to the point in which there would be enough interest and dividend income generated to help fund state operations and allowing a lowering of taxes in those future years. The committee found this idea intriguing but unanimously felt, as a practical matter, this approach to funding future obligation to be unworkable. Vote 19-0.

HB 157-FN-A, repealing the tax on gambling winnings. **INEXPEDIENT TO LEGISLATE.**

Rep. Susan W. Almy for Ways and Means: This bill is recommended as ITL because the majority of the committee preferred to amend HB 229 and use it as the vehicle to repeal the tax on gambling winnings. Both bills were filed to stop the drain on lottery instant ticket sales and on the much smaller

simulcast, bingo and games of chance revenues. The tax is almost impossible to administer in this state except as a tax on winnings without regard to losses. This costs professional gamblers more than they make, and both in- and out-of-staters have taken their business elsewhere. The committee received testimony from the lottery commission that repeal will likely bring in more than the state has gained from the tax by at least \$1 million per year, but that number could well increase if the commission is successful in attracting lost business back to the state. Vote 19-0.

HB 201-FN-A, establishing deductions from the tax on gambling winnings, the business profits tax, and the business enterprise tax for gambling losses. **INEXPEDIENT TO LEGISLATE.**
Rep. Bill Ohm for Ways and Means: This bill establishes deductions of gambling losses from gambling winnings before the tax on gambling winnings is applied. However, the sponsor prefers passage of HB 229-FN-A, which repeals the tax on gambling winnings. Since the committee is recommending passage of HB 229-FN-A which repeals the gambling tax, this bill is no longer needed. Vote 19-0.

HB 243, enabling towns and cities to establish a local revenue option as an alternative to property taxation for the funding of local government costs. **INEXPEDIENT TO LEGISLATE.**
Rep. Gary S. Azarian for Ways and Means: The committee was unanimous in reaching the conclusion that enabling towns and cities to establish a local revenue option such as a local sales tax or income tax as an alternative to property taxation for funding of their local government costs had little merit and may be unconstitutional. Vote 19-0.

HB 579, exempting department of revenue administration guidelines from the right-to-know law. **OUGHT TO PASS.**

Rep. Susan W. Almy for Ways and Means: This bill was put in to enact an agreement among the department of revenue administration, the legislative budget office, and the attorney general's office which makes it possible to go forward with a long-delayed performance audit of the department. The department feared that confidential taxpayer documents would become subject to the right-to-know law if provided to our performance auditors. This language clears that up without sacrificing any of the confidentiality insisted on by our tax-payers, the department, and the internal revenue service. Vote 19-0.

HB 605, authorizing the business finance authority to establish a New Hampshire innovation business job growth program. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Stephen B. Stepanek for Ways and Means: This bill establishes a New Hampshire innovation business job growth program, intended to promote investment in qualified venture capital funds by guaranteeing or insuring portions of the principle of investments in such funds and through direct investment in qualified venture capital funds by the program. The program is authorized to apply for and accept grants from the federal government and sources other than the state of New Hampshire that will assist in carrying out the purposes of this law. There are no funds from the state of New Hampshire. There are no obligations or liabilities to the state of New Hampshire related to any of these investments. This is a new business new job creation bill. Vote 17-0.

Amendment (0494h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Business Finance Authority; Innovation Business Job Growth Program. Amend RSA 162-A by inserting after section 13-c the following new section:

162-A:13-d Innovation Business Job Growth Program.

I. The authority may establish and administer an innovation business job growth program to increase the supply of venture capital to the economy of the state. The program is intended to promote investment in qualified venture capital funds by guaranteeing or insuring portions of the principal of investments in such funds and through direct investment in qualified venture capital funds by the authority. Creation of the program is intended to improve access by innovative businesses in this state to venture capital funds, and to create or preserve employment opportunities for the state's citizens. The program shall be known as the "New Hampshire innovation business job growth program."

II. The authority is authorized to apply for and accept grants from the federal government and sources other than the state of New Hampshire that will assist in carrying out the purposes of this section. The authority shall establish a fund to be known as the New Hampshire innovation business job growth fund which shall be established exclusively for the purpose of receiving, holding,

and investing all such moneys or grants consistent with the purposes of this section, including any investment income earned with respect to such moneys or grants. The authority shall maintain the fund and all moneys, grants, and investment income earned thereon separate and distinct from all other moneys of the authority.

III. Upon approval by the authority's board of directors, the authority may apply funds maintained in the New Hampshire innovation business job growth fund to provide guarantees of the principal of investments in qualified venture capital funds that by contract agree to invest such principal in New Hampshire within 12 months of the receipt of the guarantees. The authority's board of directors shall approve such application of funds after making all of the following findings:

(a) The proposed application or investment will serve a public use and provide a public benefit;

(b) The proposed application or investment is within the policy of, and the authority conferred by, this section;

(c) The proposed application or investment will preserve or increase the social welfare or economic prosperity of the state and one or more of its political subdivisions, and will promote the general welfare of the state's citizens; and

(d) The proposed application or investment will promote the orderly development of business activities, create or preserve employment opportunities, or protect the physical environment.

IV. Qualified venture capital funds are those funds that have by contract with the authority's board of directors agreed to invest, no later than 12 months after the execution of the guarantee, the amount of any guaranteed principal in businesses whose primary operations are located in New Hampshire and that, in opinion of the board:

(a) Will maintain a periodic presence in the state;

(b) Will build linkages to, and accept referrals from, some of the organizations promoting the state's innovation economy, including the authority, the Small Business Development Corporation, the university of New Hampshire Green Launching Pad, the department of resources and economic development, the New Hampshire Innovation Commercialization Center, the university system of New Hampshire, and other venture capital investors within the state;

(c) Will actively invest in companies establishing their first payroll accounts in the state;

(d) Express a commitment to seek investments in businesses in this state that meet its investment criteria; and

(e) Demonstrate the ability to successfully manage rapid portfolio company growth leading to excellent returns on invested capital.

V. The application or investment of funds pursuant to this section shall be evidenced by written agreement entered into by the authority, other parties, and qualified venture capital funds with respect to such application or investment.

VI. The authority shall establish such policies and procedures as it shall determine necessary to carry out the purposes of this section.

2 Effective Date. This act shall take effect 60 days after its passage.

HB 636-FN-A, increasing the rate of the Medicaid enhancement tax, the nursing facility quality assessment fee, and the ICF quality assessment fee. **INEXPEDIENT TO LEGISLATE.**

Rep. Gary S. Azarian for Ways and Means: The sponsor and the committee agreed that this actually equated to a new tax and should be found Inexpedient to Legislate. Vote 19-0.

REGULAR CALENDAR

CACR 9, relating to parental rights. Providing that the state shall not abridge the responsibility of parents for the health, education, and welfare of their children. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.**

Rep. Anne C. Grassie for the Majority of Children and Family Law: The majority understands that both the U.S. and N.H. Supreme Courts expressly recognize the natural rights of parents to raise their children as they see fit. However, those recognized rights do not confer an absolute right when it is proven that the welfare of a child is in jeopardy. Courts' explicit recognition of these parental rights hasn't prevented legislatures from promulgating laws that enable governmental agencies interventions. The sensible solution for the aggrieved is to revise or repeal those specific laws. Also, a constitutional amendment that doesn't allow abridgement of parental rights will spawn litigation and paralyze constructive state interventions where parents, through substance addiction

or something similar, are derelict in their parenting responsibilities to the point that children are in real jeopardy. The sensible solution again, is to amend relevant RSAs, because the problem lies not in the constitution but in the culture. Vote 8-3.

Rep. Jeffrey D. Oigny for the Minority of Children and Family Law: The bearing of arms, Article 2a, was added to the NH Bill of Rights in 1982 to explicitly enumerate the natural right already covered by Article 2 in response to several efforts to degrade gun rights in New Hampshire. The constitutional enumeration of gun rights hasn't stopped all gun legislation, but it has protected the right even during times when the legislature was inclined to pass laws limiting it. Similar degradation of parental rights is taking place in New Hampshire, on a regular basis. The New Hampshire bureau of vital statistics has data showing that New Hampshire family division's parenting time determination orders abridge parental rights in 80 percent of cases. Even this year, the number of bills related to parental rights is considerably high, both in bills to protect them and worse, bills to restrict them. Enumeration of parental rights is needed to set a bright line and not only stop the violation of fundamentally protected parental rights but also guide the legislature forward so it can amend existing statutory law to coincide with the constitutional right. It's time that New Hampshire act in concordance with 80 years of U.S. Supreme Court decisions that have consistently upheld the primary, natural authority of parents over their children, to make key determinations in their formative lives, by sending Article 2b to the people, so that the parents of NH can insist that the constitution should protect their proper role with a clear statement of that fact. Parents have the natural right to control the health, education and welfare of their children.

The question being adoption of the majority committee report of Inexpedient to Legislate.
Reps. Bettencourt and Avard spoke against.

Rep. Moran spoke in favor.

Rep. Oigny spoke against, yielded to questions and requested a roll call; sufficiently seconded.

and the majority committee report failed.

Rep. Emerson did not vote and notified the Clerk that she wished to be recorded against.

Rep. Bettencourt moved the minority committee report of Ought to Pass with Amendment and offered minority committee amendment (0602h).

Minority Amendment (0602h)

Amend the title of the resolution by replacing it with the following:

RELATING TO: parental rights.

PROVIDING THAT: parents have the natural right to control the health, education, and welfare of their children.

Amend paragraph I of the resolution by replacing it with the following:

I. That the first part of the constitution be amended by inserting after article 2-a the following new article:

[Art.] 2-b. Parents have the natural right to control the health, education, and welfare of their children.

Amend paragraph IV of the resolution by replacing it with the following:

IV. That the wording of the question put to the qualified voters shall be:

“Are you in favor of amending the first part of the constitution by inserting after article 2-a a new article to read as follows:

[Art.] 2-b. Parents have the natural right to control the health, education, and welfare of their children.”

AMENDED ANALYSIS

This constitutional amendment concurrent resolution provides that parents have the natural right to control the health, education, and welfare of their children.

On a division vote, 219 members having voted in the affirmative and 117 in the negative, the minority committee amendment was adopted.

The question now being adoption of the minority committee report of Ought to Pass with Amendment.

MOTION TO LAY ON THE TABLE

Rep. Cohn moved that **CACR 9**, relating to parental rights. Providing that parents have the natural right to control the health, education, and welfare of their children, be laid on the table.

On a division vote, 221 members having voted in the affirmative and 117 in the negative, the motion failed lacking the necessary three-fifths vote.

The question now being adoption of the minority committee report of Ought to Pass with Amendment. Rep. Cox requested a roll call; sufficiently seconded.

and the minority committee report failed lacking the necessary three-fifths vote.

Rep. Emerson did not vote and notified the Clerk that she wished to be recorded in favor.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Vaillancourt moved that the House reconsider its action whereby, on a roll call vote of 212-128, it failed to adopt the minority committee report of Ought to Pass with Amendment by the necessary three-fifths on **CACR 9**, relating to parental rights. Providing that parents have the natural right to control the health, education, and welfare of their children. Rep. Vaillancourt spoke against.

On a division vote, 158 members having voted in the affirmative and 186 in the negative, the motion failed.

REGULAR CALENDAR (CONT'D)

HB 52, relative to grounds for modification of parental rights and responsibilities. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Carolyn M. Gargasz for Children and Family Law: This bill, as amended, permits the court to modify a permanent order based on the best interests of the child if the modification makes no more than a minimal change in the allocation of parenting time. The bill also permits modification of a parenting plan based on the best interests of the child, other than the sections of the plan concerning relocation or the parenting schedule. The current rigidity resulted from an inadvertent omission when the law was changed. The court system felt the change would not create any undue burdens. Vote 10-2.

Amendment (0480h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Subparagraph; Grounds for Modification of Parenting Rights and Responsibilities. Amend RSA 461-A:11, I by inserting after subparagraph (e) the following new subparagraph:

(f) The modification makes either a minimal change or no change in the allocation of parenting time between the parents, and the court determines that such change would be in the best interests of the child.

2 Modification of Parenting Plan. Amend RSA 461-A:11, II to read as follows:

II. Except as provided in RSA 461-A:11, I (b) - (f) for parenting schedules and RSA 461-A:12 for a request to relocate the residence of a child, the court may issue an order modifying any section of a permanent parenting plan based on the best interest of the child. RSA 461-A:5, III shall apply to any request to modify decision-making responsibility.

III. For the purposes of this section, the burden of proof shall be on the moving party.

3 Effective Date. This act shall take effect January 1, 2012.

AMENDED ANALYSIS

This bill permits the court to modify a permanent parenting order based on the best interests of the child if the modification makes no more than a minimal change in the allocation of parenting time.

The bill also permits modification of a parenting plan based on the best interests of the child, other than the sections of the plan concerning relocation or the parenting schedule.

Amendment adopted.

Committee report adopted and ordered to third reading.

HB 81, relative to public members of the guardian ad litem board. INEXPEDIENT TO LEGISLATE.

Rep. Franklin F. Gould for Children and Family Law: Three issues led to Inexpedient to Legislate:

1) This bill changes precedent by narrowly defining "general public" by gender and customers of the Guardian ad Litem system. 2) Adding two members would change the quorum which has been hard to make in the past and four "general public" members would represent a voting majority when a quorum is present. 3) A bill to require an audit of the GAL process, including the make-up of the GAL board, has passed the House. HB 81 is inappropriate at this time. Vote 9-2.

Committee report adopted.

HB 395, establishing a child protection study committee. INEXPEDIENT TO LEGISLATE.

Rep. Patricia T. Lovejoy for Children and Family Law: The committee felt that the performance and financial audits called for in this bill were overly broad. The study committee had no end date, reporting would have been required every year by November 1st. The bill did not have a financial note but would require large expenditures in order to perform all of the duties listed. In addition, the bill called for audits of two independent not-for-profit organizations, The New Hampshire Charitable Foundation and the Child Advocacy Centers. Several committee members agreed on pursuing a more focused approach including University of New Hampshire help and review of current audits. Vote 10-2.

Committee report adopted.

HB 416, adding an exemption from immunization for conscientious beliefs. INEXPEDIENT TO LEGISLATE.

Rep. David S. Robbins for Children and Family Law: The proposed law would add an exemption for conscientious belief to the NH requirement that all children be immunized for attendance at public schools and licensed day care facilities. Currently NH requires a series of vaccinations and boosters for entry to and continued attendance at public schools and licensed day care facilities.

There are now two exemptions: medical and religious. A medical professional can assert that a specific vaccination or vaccinations should be delayed or proscribed due to a temporary or ongoing medical condition. Parents may assert that vaccination violates a religious tenant. NH law is silent on whether the religious exemption allows the parents to choose administration of some, but not all, vaccinations. Testimony before the committee indicated that some, but by no means all, medical professionals were reluctant to administer selective immunizations. Further testimony indicated that parents could, if they chose, find medical professionals who would administer vaccinations selectively. The committee believes that immunization requirements for attendance at public school and licensed daycare are appropriate and necessary for the public good. We received testimony indicating increased outbreaks of pertussis and other contagious diseases in states and countries with decreased immunization rates. Conversely, there was lower disease incidence in states and countries with high immunization rates. Further testimony indicated that effective group protection required very high, but not total, immunization rates. A small percentage of unimmunized individuals did not threaten the health of the group. However, beyond a certain threshold (the limit of herd immunity) infection rates increased dramatically. The committee heard the anguished, passionate, frustrated, philosophical, constitutional and health-based arguments offered by parents and professionals supporting an exemption as a right of conscience. They were compelling and well-articulated. The committee did not and does not dismiss or minimize them. They come from a genuine concern for children's health and the right of parents to make choices for their children. The committee concluded that there was compelling, overwhelming medical evidence that vaccinations were effective and current law served the public good. Allowing a third exemption would threaten public health. We further concluded that while vaccinations have some risks of adverse consequences, the public good outweighs the individual risks. Parents may choose which, if any, vaccines their children receive. They have school choice options including private, parochial and/or home schooling. The committee believes these options provide a balance between group health and a parent's right to choose what they believe best for their children. Vote 8-3.

Reps. Notter and Laura Jones spoke against.

Rep. Lambert spoke against and yielded to questions.

Reps. DiPentima and Robbins spoke in favor and yielded to questions.

Rep. Terrio spoke in favor.

Rep. DiPentima requested a roll call; sufficiently seconded.

and the committee report was adopted.

HB 563, revising the child support guidelines based on foster care reimbursement rates. **INEXPEDIENT TO LEGISLATE.**

Rep. Patricia A. Dowling for Children and Family Law: The committee heard several bills relative to child support issues and opted to affirm HB 597 unanimously and to find this bill Inexpedient to Legislate. This bill proposed using foster care subsidies as total child support obligation guidelines. The majority of the committee felt that foster care subsidies were intended as temporary subsidies for foster families with a child in their care, and not as benchmarks for actual child support in New Hampshire, as are elaborated in HB 597. Vote 10-1.

Committee report adopted.

HB 575, relative to the calculation of child support in cases of shared parenting. **INEXPEDIENT TO LEGISLATE.**

Rep. Carolyn M. Gargasz for Children and Family Law: Currently adjustments are being made in court regarding parents sharing expenses in cases of equal and near equal parenting time. Upon further reflection constituents who requested the bill and the sponsor decided the court was functioning well enough in this area that this legislation was essentially superfluous. Therefore, there is no need for this legislation. Vote 9-2.

Committee report adopted.

HB 178, establishing a committee to study issues regarding Financial Resources Mortgage, Inc. **OUGHT TO PASS.**

Rep. Matt J. Quandt for Commerce and Consumer Affairs: The majority believes that the previous FRM commission ran out of time before they received all the facts in this case, although there was a report done by the AG's office in which the banking department was involved. Given that the securities department will have a report done and public in a couple of weeks, the committee felt that to continue the committee would be worth while. There are enough reports out there to review, with the expected securities report that the information will be available to nail down the facts without any extensive interviewing or investigation and provide this information to the full House. Vote 13-4. Committee report adopted and ordered to third reading.

HB 262-FN, relative to beverage manufacturers. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Andrew J. Manuse for Commerce and Consumer Affairs: This common-sense bill is an enabling piece of legislation that will create an entry-level license for entrepreneurs who want to launch a New Hampshire brewery. This new "nanobrewery" license, which will create jobs and more choices for consumers, will remove the prohibitive barriers to market entry of current license classifications. Unlike a brew pub, a nanobrewery set up only to sell uniquely brewed beer would not be subject to the burdens of maintaining kitchen and food services in order to serve beer samples to potential customers. A nanobrewery would also be allowed to sell limited amounts of New Hampshire made product to the market. The \$240 annual license fee for a nanobrewery is substantially less than the \$1,200 license required of larger manufacturers, yet the lower-cost license comes with reasonable limitations until the nanobrewery is ready to graduate to the next level license. The committee felt that this type of enabling legislation is needed to help stimulate the state's economy with new small businesses. Vote 16-0.

Amendment (0711h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Nano Brewery License. Amend RSA 178 by inserting after section 12 the following new section:

178:12-a Nano Brewery License.

I. The commission may issue a nano brewery license to a business that manufactures beer or specialty beer, not exceeding, 2,000 barrels annually for sale in any quantity to the general public or licensees. The license shall entitle the licensee to sell at retail or wholesale only beverages manufactured by the licensee in a public building as defined in RSA 175:1, LV-a. In addition to the annual license fees provided in this section, a fee of \$.30 for each gallon of beverage sold or transferred for retail sale or to the public shall be required.

II.(a) The annual fee for each license issued under this section shall be \$240.

(b) On or before the tenth day of each month a nano brewery licensee shall pay the license fees as provided by paragraph I covering sales or transfers made during the preceding calendar month.

III.(a) No beverage or liquor shall be served or consumed on the premises except that which is manufactured by the licensee.

(b) The licensee may serve beverages to any visitor of legal drinking age by the glass or other suitable container.

(c) For the purpose of this section, food and non-alcoholic beverages may be provided by a properly licensed third party food vendor on or off the premises.

(d) The licensee shall not allow any beverage or liquor to be served or sold to any person under the age of 21 on the premises.

(e) Sales for consumption on the premises shall be limited to one 4-ounce glass per label per person.

IV. A nano brewery licensee shall have the right to transport beverages it manufactures in barrels, kegs, bottles, or other closed containers within the state for sale to licensees and to the state border for transportation and sale outside the state.

2 Limited Credits. Amend RSA 179:13 to read as follows:

179:13 Limited Credits.

I. Each holder of a wholesale distributor, brew pub, *nano brewery*, or beverage manufacturer license shall report to the commission the name and license number of any on-premises or off-premises licensee who is delinquent in making payment of accounts over a total of \$100 within 10 days, including Sundays and holidays, from the date of delivery of beverages on the premises of such on-premises or off-premises licensee or on the premises of a liquor/wine/beverage warehouse storing the beverages for an on-premises or off-premises licensee. Each holder of a wholesale distributor license, brew pub license, *nano brewery license*, beverage manufacturer license, or beverage vendor license shall report to the commission the name and license number of any holder of a wholesale distributor license who is delinquent in making payments of accounts within 30 days from the date of delivery of beverages on the premises of such holder of a wholesale distributor license. Such report to the commission shall include the amounts purchased and the dates when payments were due and shall be forwarded to the commission within 5 days after said accounts become delinquent, unless the fifth day of such period is a Sunday or holiday in which case the report shall be forwarded the day following such Sunday or holiday.

II. Each holder of a beverage manufacturer license, [a] beverage vendor license, brew pub license, *nano brewery license*, or wholesale distributor license shall immediately notify the commission of the receipt of the payment of any account which has been reported to the commission as delinquent. Post-dated checks beyond the 5-day reporting period shall not constitute payments of accounts for the purchases of beverages. Checks given in payment for beverages which are returned for nonpayment after the 5-day reporting period shall immediately constitute a delinquency and shall, upon return, be reported to the commission. Payments collected by agents shall be reported as delinquent unless actually received at the place of business of the holder of the beverage manufacturer license, beverage vendor license, brew pub license, *nano brewery license*, or wholesale distributor license on or before the fifth day of the reporting period. When collections are made by an agent, the sales slips or invoices shall be clearly marked with the name of the person making the collection and the date of such collection.

III. The commission shall inform holders of beverage manufacturer licenses, beverage vendor licenses, brew pub licenses, *nano brewery licenses*, and wholesale distributor licenses of the names of licensees who are delinquent in making payments of a total amount of \$100 or more under the provisions of this section and no holder of a beverage manufacturer license, beverage vendor license, brew pub license, *nano brewery license*, or wholesale distributor license shall knowingly make any delivery of beverages to any licensee whose payments for purchases of beverages are reported as delinquent under this section. The commission may withhold names of delinquent licensees under circumstances in which there is a dispute over payments, an agreement to liquidate which has been approved by the commission, or other reason which the commission may deem proper.

IV. The commission may impose a fine of not less than \$100 nor more than \$500 for a violation of this section. Determinations of a failure to comply with this section shall be made by the commission.

V. Each wholesale distributor, brew pub licensee, *nano brewery*, or beverage manufacturer shall notify any retailer reported to the commission pursuant to RSA 179:13, I who is delinquent in making payment of accounts. Notification shall be delivered in writing to the licensee by a representative of the wholesaler, brew pub licensee, *nano brewery*, or beverage manufacturer. Proof

of notification shall be forwarded to the commission, who shall issue an administrative notice for a violation of the provisions of RSA 179:13, I. Any license issued to any business violating the provisions of RSA 179:13, I may be suspended by the commission for nonpayment of accounts which are delinquent more than 15 days from the date of the wholesale distributor's, brew pub licensee's, **nano brewery's**, or beverage manufacturer's notification, providing the requirements of this section have been met.

3 Purchase and Supply Restrictions. Amend RSA 179:33 to read as follows:

179:33 Sizes of Beer Containers; Promotions; Notification.

I. Holders of beverage vendor, **nano brewery**, or beverage manufacturer licenses shall use bottles or cans, and cases or containers for the sale of beer in the state which shall be specifically authorized by the commission.

II. Holders of beverage vendor, **nano brewery**, or beverage manufacturer licenses shall have their packaging or containers specifically approved by the commission and shall be fined \$250 for each packaging or container violation.

III. All details of transactions between retailers and wholesale distributors, beverage manufacturers, **nano breweries**, or brew pubs shall be reflected on pertinent invoices. Promotions shall be clearly identified by both brands and sizes and cash discounts shall be shown as credit and itemized as such. All items noted on delivery slips shall also be noted on wholesale distributor's account receivable ledger records.

IV. All wholesale distributors, beverage manufacturers, **nano breweries**, and brew pubs shall make their current prices for wholesale sales available to the commission in writing by brand package. Prices shall remain in effect until such time as they are changed in writing by the wholesale distributor, beverage manufacturer, **nano brewery**, or brew pub to the commission. Price changes shall be in the commission offices no later than 5 working days prior to any change of prices.

4 Effective Date. This act shall take effect July 1, 2011 at 12:01 a.m.

AMENDED ANALYSIS

This bill establishes a nano brewery license for businesses that manufacture up to 2,000 barrels of beer or specialty beer annually.

Amendment adopted.

Committee report adopted and ordered to third reading.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Robbins moved that the House reconsider its action whereby, on a roll call vote of 215-149, it adopted the committee report of Inexpedient to Legislate on **HB 416**, adding an exemption from immunization for conscientious beliefs.

Motion failed.

REGULAR CALENDAR (CONT'D)

HB 276-FN, relative to wine manufacturers. **OUGHT TO PASS.**

Rep. Donna L. Schlachman for Commerce and Consumer Affairs: This bill adds wine manufacturers to the existing state statute that licenses beer festivals and that already allows wines to be brought to farmers' markets. It sets fees in line with beer festivals. While the statute applies to all wines, this bill will reduce red tape and make it easier for New Hampshire's 24 wineries to participate in New Hampshire wine festivals. Vote 16-0.

Committee report adopted and ordered to third reading.

HB 333-FN, repealing certain provisions relating to the sale of oleomargarine. **OUGHT TO PASS.**

Rep. Jennifer R. Coffey for Commerce and Consumer Affairs: This bill repeals labeling requirements of oleomargarine sold in less quantities than the original packages contain, and for serving colored oleomargarine. These are two very old laws from the 1800's; removing these laws still leaves law in effect in RSA 184:48 to provide for consumer protection and notification. Restaurants will be able to serve in the color and shape they would choose, so long as the customer knows what they are getting. Vote 13-3.

Committee report adopted and ordered to third reading.

HB 629-FN, relative to the uninsured health care database. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Jennifer R. Coffey for the Majority of Commerce and Consumer Affairs: This bill repeals the uninsured health care database. This bill will end the database creation passed in 2009 that has proven to be a burden on hospitals and an invasion of privacy by the use and storing of the social security numbers of patients without their knowledge or permission. The New Hampshire Hospital Association and the NH Medical Society requested this bill. Vote 11-4.

Rep. Donna L. Schlachman for the Minority of Commerce and Consumer Affairs: Last year the legislature passed a bill to expand the healthcare data collection already done by hospitals, hospital-owned physician practices and community health centers under RSA 126:25. The impetus for this was concern over cost-shifting that occurs in providing health care services to the uninsured. These expenses are one factor in the high insurance premiums paid by NH residents. This data would be available to policy analysts, legislators, healthcare providers and others to better understand healthcare utilization by the uninsured. The minority believes that the failure of the hospitals and their physician practices to establish the mechanism for data collection is not a reason to abandon this effort.

The question being adoption of the majority committee report of Ought to Pass.

Rep. Dan McGuire requested a roll call; sufficiently seconded.

and the majority committee report was adopted and ordered to third reading.

HB 89, requiring the attorney general to join the lawsuit challenging the Patient Protection and Affordable Care Act. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Anne S. Cartwright for the Majority of Constitutional Review and Statutory Recodification: The question before the committee was the issue of whether the legislature has the constitutional right to direct the attorney general to pursue a lawsuit on behalf of the state. We reviewed testimony specifically on the constitutional issue. The evidence for both past practices and recent examples was overwhelmingly supportive of the constitutionality of this directive. Clearly the legislature has directed the attorney general using mandatory language many times before. Section 2 Article 5 of

the NH Constitution deals with the power to make laws, elect officers, define their powers and duties and in part states "or provide by fixed laws for the naming and settling, all civil officers within this state, such officers excepted, the election and appointment of whom are hereafter in this form of government otherwise provided for; and set forth the several duties, powers, and limits, of the several civil and military officers of this state, and the forms of such oaths or affirmations as shall be respectively administered unto them, for the execution of their several offices and places, so as the same be not repugnant or contrary to the constitution;" Furthermore, RSA 7 and RSA 21-M, which define his duties, including any discretion he may have, contain many statutes that use "shall" to require the attorney general to take action. Although the House of Representatives could retain the services of an independent counsel on behalf of the House, it is constitutionally questionable for the House to do so on behalf of the state. If the legislature does not have the ability to direct the attorney general to act on its behalf then the legislature has no ability to enforce our statutes. Section 2 Article 2 states that: "The supreme legislative power, within this state, shall be vested in the senate and house of representatives, each of which shall have a negative on the other." (June 2, 1784). The constitutionally appropriate action is to direct the attorney general to take action on behalf of the state of New Hampshire. Vote 12-5.

Rep. Thomas Katsiantonis for the Minority of Constitutional Review and Statutory Recodification: After hearing public testimony and engaging in considerable discussion at the committee level, the minority has come to the realization that the constitutionality of HB 89 will ultimately be determined by the state's supreme authority on constitutionality, the New Hampshire Supreme Court. The attorney general has already stated that he will challenge the constitutionality of HB 89 in court if it becomes law. Such an action would not only be time consuming for the judicial, the executive (plaintiff), and legislative (defendant) branches, it would also be unnecessarily costly to the taxpayer, who would be forced to fund both sides of the lawsuit. The minority believes that instead of determining the constitutionality of HB 89 through expensive, time consuming court proceedings, the more appropriate course of action would be to request an Opinion of the Justices concerning the constitutionality of HB 89. By requesting an Opinion of the Justices, we get the same question answered ("Is HB 89 constitutional or not?") quickly, definitively, and at very little expense to the taxpayer. The minority sees no shame in admitting that the supreme court is a higher constitutional authority than we, and the savings to the taxpayer in taking this approach shows that it is far more logical and responsible than passing HB 89 and engaging in the costly legal battle that would follow. For that reason, the minority supports tabling HB 89 while an Opinion of the Justices is rendered. Alternatively, the minority supports ITL.

The question being adoption of the majority committee report of Ought to Pass.

Rep. Serlin spoke against and yielded to questions.

Rep. Cartwright spoke in favor.

Rep. Itse requested a roll call; sufficiently seconded.

and the majority committee report was adopted and ordered to third reading.

HB 145, permitting the audio and video recording of any public official while in the course of his or her official duties. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Mark Warden for Criminal Justice and Public Safety: This bill is the result of extensive sub-committee work, testimony and input from a number of interested parties, including the Attorney General's office, police chiefs and the public. This bill promotes transparency and accountability among public officials and clarifies an ambiguous section of RSA 570:A that has been inconsistently applied, leading to arrests of people on felony wiretapping charges for simply recording routine traffic stops. Vote 13-4.

Amendment (0766h)

Amend the title of the bill by replacing it with the following:

AN ACT permitting the audio and video recording of a law enforcement officer while in the course of his or her official duties.

Amend RSA 570-A:2, II(m) as inserted by section 1 of the bill by replacing it with the following:

(m) Any person to make an audio or video recording of a law enforcement officer in the course of his or her official duties; provided that:

(1) The person making the recording shall first give notification of the recording to the officer;

(2) The person making the recording is personally interacting with the officer or is recording the officer in a public area; and

(3) The act of recording does not interfere with the officer's ability to perform his or her official duties.

AMENDED ANALYSIS

This bill permits the audio and video recording of a law enforcement officer while in the course of his or her official duties.

Rep. Dan McGuire spoke in favor.

Rep. Stephen Palmer requested a roll call; sufficiently seconded.

and the committee amendment was adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment. On a division vote, 296 members having voted in the affirmative and 70 in the negative, the committee report was adopted.
Ordered to third reading.

HB 147-FN, making the commission of certain offenses punishable under the capital murder statute. **OUGHT TO PASS.**

Rep. Phil J. Greazzo for Criminal Justice and Public Safety: This bill would expand the death penalty law to include murder committed during home invasions where the killing is premeditated. We believe that this legislation represents a necessary enhancement of protection for those in their homes who have the right to be safe and secure. It will achieve justice for victims and allow for deterrence to those who would enter the homes of others to murder them. This is a measured and responsible expansion of the NH death penalty statute. Vote 14-2.
Committee report adopted and ordered to third reading.

HB 207-FN, relative to physical force in defense of a person. **INEXPEDIENT TO LEGISLATE.**

Rep. Stephen J. Shurtleff for Criminal Justice and Public Safety: This bill is one of many bills that are before the committee this session that would expand the "Castle Doctrine." The "Castle Doctrine" allows an individual to use deadly force within his home whenever an individual attempts to commit a felonious act against others. What this bill would permit is already allowed under RSA 627.4 II. Under current law there is a presumption that a person acted in self defense, the state must prove they didn't. There is also the concern that a person using deadly force in a public place could cause death or bodily harm to an innocent third party. Vote 11-6.

Rep. Pepino spoke against.

Rep. Shurtleff spoke in favor.

Committee report adopted.

HB 210-FN, relative to the use of deadly force to protect oneself. **OUGHT TO PASS.**

Rep. Kenneth Kreis for Criminal Justice and Public Safety: NH Citizens should not be forced to retreat when faced with serious bodily injury or death. Current NH law places an undue burden on a citizen having to make split second decisions on whether it is appropriate to use deadly force. While we do not think deadly force should be used lightly, citizens should not be put in a position of having to choose between defending themselves and/or possibly going to jail because they might be able to retreat, or face serious injury from an assailant. Vote 9-8.

Rep. Shurtleff spoke against.

Rep. Kreis spoke in favor.

Rep. Cunningham requested a roll call; sufficiently seconded.

and the committee report was adopted and ordered to third reading.

Rep. Pepino voted Nay and intended to vote Yea.

HB 225-FN, relative to the return of personal property confiscated by law enforcement agencies from a person charged with a crime. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Phil J. Greazzo for Criminal Justice and Public Safety: We the majority of the committee, firmly believe, once a person has their property taken during the course of any criminal investigation and are then found not guilty of any charges pending, they are entitled to get back any items taken from them. In the event these items are unduly withheld, the agency in possession of said items would then be fined for not returning the personal property taken. Vote 11-5.

Amendment (0541h)

Amend RSA 595-A:6, II as inserted by section 1 of the bill by replacing it with the following:

II. Upon the acquittal of or dismissal of criminal proceedings against a person charged with a crime or upon the disposal of criminal proceedings against a person by nol prosequi or upon a finding that no abuse has occurred in a proceeding against a person under RSA 173-B, any personal property owned by such person, including weapons, confiscated by a law enforcement agency or entity under this section shall be returned to the person by the law enforcement agency or entity that confiscated the personal property within 21 days of the date of the acquittal or dismissal or nol prosequi or determination of no finding. This section shall not apply to illegal contraband or to personal property that a person is prohibited from possessing under state or federal law. If after diligent efforts the agency or entity is unable to comply with this section, it may file a request with the court for an extension or exemption. Any agency or entity not complying with this paragraph shall pay a civil penalty of \$100 per day to the person for each day the agency or entity is in noncompliance, not to exceed a total civil penalty of \$10,000.

Rep. Tholl spoke against and yielded to questions.

Reps. Giuda and Greazzo spoke in favor.

Amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.

Rep. Tholl requested a roll call; sufficiently seconded.

and the committee report was adopted and ordered to third reading.

The House recessed at 11:40 a.m.

RECESS**(Speaker O'Brien in the Chair)**

The House reconvened at 1:20 p.m.

CLERK'S NOTE

When less than two-thirds of the elected membership is present, Part II, Article 20 of the state constitution requires the assent of two-thirds of those present and voting to render their acts and proceedings valid.

REGULAR CALENDAR (CONT'D)

HB 235, relative to the right to possess a firearm in one's personal motor vehicle. **INEXPEDIENT TO LEGISLATE.**

Rep. Laura C. Pantelakos for Criminal Justice and Public Safety: A majority of the committee believes that this bill has many flaws. It takes away a business owners right to tell people they can not have guns on their property. The committee believes we should not mandate business owners property rights, particularly since they would be liable for what happens on their property. Vote 9-8. On a division vote, 183 members having voted in the affirmative and 29 in the negative, the committee report was adopted by the necessary two-thirds vote.

CLERK'S NOTE

The constitutionally required two-thirds of the membership for action by majority vote was declared present.

REGULAR CALENDAR (CONT'D)

HB 330-FN, relative to carrying firearms. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Mark Warden for Criminal Justice and Public Safety: This bill permits most people to carry a firearm open or concealed, loaded or unloaded, without the requirement of a license. This bill complies with Art. 2-a, Part I of the N.H. constitution, protecting a person's right to keep and bear arms, while also recognizing law enforcement's requests to prohibit certain persons from obtaining a license. The bill extends the license renewal period from 4 to 5 years, saving time for both citizens and police departments. It also restores the non-resident license and reduces the cost from \$100 to \$50. These fees will pay for the resident license forms. A non-resident who pays for a NH license will then have the advantage of the reciprocity that NH currently enjoys with approximately 20 other states. Vote 11-6.

Amendment (0637h)

Amend the bill by replacing all after section 1 with the following:

2 Pistols and Revolvers; Carrying Without License. RSA 159:4 is repealed and reenacted to read as follows:

159:4 Carrying Without License.

I. Notwithstanding any provision of law to the contrary, no person who is 18 years of age or older shall be guilty of an offense for carrying a firearm, openly or concealed, loaded or unloaded, upon or about his or her person, or upon or in a vehicle, whether or not such person possesses a license, permit, or other authorization to carry a firearm.

II. The provisions of paragraph I shall not constitute a bar to prosecution for any of the following offenses:

- (a) RSA 159:3, relative to convicted felons.
- (b) RSA 159:3-a, relative to armed career criminals.
- (c) RSA 159:19, relative to courthouse security.
- (d) RSA 207:7, relative to hunting from a motor vehicle, OHRV, snowmobile, boat, or aircraft.
- (e) RSA 215-A:20, relative to loaded firearms on an OHRV.
- (f) RSA 215-C:35, relative to loaded firearms on a snowmobile.
- (g) RSA 637:7, relative to receiving stolen property.
- (h) RSA 637:7-a, relative to possession of property without a serial number.
- (i) RSA 597:7-a, relative to default or breach of conditions of release.
- (j) Any unlawful act prohibited by 18 U.S.C. section 922.

3 Pistols and Revolvers; Exceptions. Amend RSA 159:5 to read as follows:

159:5 Exceptions. [~~The provisions of~~] RSA 159:3 [~~and 4~~] shall not apply to marshals, sheriffs, policemen or other duly appointed peace and other law enforcement officers, or bailiffs and court officers responsible for court security; nor to the regular and ordinary transportation of pistols or revolvers as merchandise, nor to members of the armed services of the United States when on duty; nor to the national guard when on duty; nor to organizations by law authorized to purchase or receive such weapons; nor to duly authorized military or civil organizations when parading, or the members thereof when at, or going to or from, their customary places of assembly.

4 Pistols and Revolvers; Optional License to Carry. Amend RSA 159:6, I to read as follows:

I. The selectmen of a town or the mayor or chief of police of a city or some full-time police officer designated by them respectively, upon application of any resident of such town or city, or the director of state police, or some person designated by such director, upon application of a non-resident, shall issue a license to such applicant authorizing the applicant to carry a loaded pistol or revolver in this state for not less than [~~4~~] 5 years from the date of issue, if it appears that the applicant has good reason to fear injury to the applicant's person or property or has any proper purpose, and that the applicant is a suitable person to be licensed. Hunting, target shooting, or self-defense shall be considered a proper purpose. The license shall be valid for all allowable purposes regardless of the purpose for which it was originally issued. The license shall be in duplicate and shall bear the name, address, description, and signature of the licensee. The original shall be delivered to the licensee and the duplicate shall be preserved by the people issuing the same for [~~4~~] 5 years. When required, license renewal shall take place within the month of the [~~fourth~~] *fifth* anniversary of the license holder's date of birth following the date of issuance. The license shall be issued within 14 days after application, and, if such application is denied, the reason for such denial shall be stated in writing, the original of which such writing shall be delivered to the applicant, and a copy kept in the office of the person to whom the application was made. The fee for licenses issued to residents of the state shall be \$10, which fee shall be for the use of the law enforcement department of the town or city granting said licenses; the fee for licenses granted to out-of-state residents shall be [~~\$100~~] *\$50*, which fee shall be for the use of the state. The director of state police is hereby authorized and directed to prepare forms for the licenses required under this chapter and forms for the application for such licenses and to supply the same to officials of the cities and towns authorized to issue the licenses. *The form shall require no more information than was required on the state of New Hampshire application for pistol/revolver license, form DSSP 85, as revised in December 2009.* No other forms shall be used by officials of cities and towns. The cost of the forms shall be paid out of the fees received from nonresident licenses.

5 Pistols and Revolvers; Reciprocity. Amend RSA 159:6-d to read as follows:

159:6-d Full Faith and Credit for Licenses From Other States; Reciprocity. [~~Notwithstanding the provisions of RSA 159:6,]~~ No nonresident [~~holding a current and valid license to carry a loaded pistol or revolver in the state in which he resides~~] or [~~who is a~~] peace officer [~~in the state in which he resides,]~~ shall be required to obtain a license to carry a loaded pistol or revolver within this state if:

I. Such nonresident carries upon his person the license held from the state in which he resides; [and] *or*

II. Such nonresident is in compliance with RSA 159:4; or

[H.] **III.** The state in which such person is a resident provides a reciprocal privilege for residents of this state.

6 Pistols and Revolvers; Exemption. Amend RSA 159:14 to read as follows:

159:14 Exemption. None of the provisions of this chapter shall prohibit an individual not licensed under the provisions thereof who is not engaged in the business of selling pistols or revolvers from selling a pistol or revolver to a person *qualified pursuant to RSA 159:4, or who is* licensed under this chapter, or to a person personally known to him *or her*.

7 Game Animals; Bow and Arrow. Amend RSA 208:5, V to read as follows:

V. The licensee shall not be entitled to carry any firearms while hunting under the provisions of this section, unless such licensee also possesses a valid firearms hunting license ~~[or a valid license to carry firearms issued pursuant to RSA 159]~~ *or is otherwise qualified pursuant to RSA 159:4.*

8 Repeal. RSA 21-P:14, II(f), relative to the authority of the commissioner of the department of safety to adopt rules relative to the issuance of nonresident pistol permits, is repealed.

9 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill:

I. Permits any person who meets the requirements established in RSA 159:4 to carry a firearm openly or concealed, loaded or unloaded, on or about his or her person or upon or in a vehicle.

II. Removes, under certain circumstances, the requirement that nonresidents obtain a license to possess a firearm while in New Hampshire.

Amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.
Rep. Burt offered floor amendment (0775h).

Floor Amendment (0775h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to carrying a concealed weapon without a license.

Amend the bill by replacing all after the enacting clause with the following:

1 Pistols and Revolvers; Exceptions. Amend RSA 159:5 to read as follows:

159:5 Exceptions. The provisions of RSA 159:3 ~~[and 4]~~ shall not apply to marshals, sheriffs, policemen or other duly appointed peace and other law enforcement officers, or bailiffs and court officers responsible for court security; nor to the regular and ordinary transportation of pistols or revolvers as merchandise, nor to members of the armed services of the United States when on duty; nor to the national guard when on duty; nor to organizations by law authorized to purchase or receive such weapons; nor to duly authorized military or civil organizations when parading, or the members thereof when at, or going to or from, their customary places of assembly.

2 Repeal. RSA 159:4, relative to the prohibition on carrying a pistol or revolver without a license, is repealed.

3 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill repeals the statute that prohibits carrying a concealed pistol or revolver without a license.

Rep. Burt spoke in favor.

Rep. Kreis spoke against.

On a division vote, 41 members having voted in the affirmative and 261 in the negative, floor amendment (0775h) failed.

The question now being adoption of the committee report of Ought to Pass with Amendment.

Rep. Welch offered floor amendment (0811h).

Floor Amendment (0811h)

Amend RSA 159:4, II as inserted by section 2 of the bill by deleting subparagraph (j).

Rep. Welch spoke in favor and yielded to questions.

Floor amendment (0811h) adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.
 Reps. Cunningham and Tholl spoke in favor.
 Rep. Pepino spoke against and yielded to questions.
 Rep. Swinford spoke in favor and yielded to questions.
 Rep. Cunningham requested a roll call; sufficiently seconded.

 and the committee report was adopted and ordered to third reading.
 Rep. Emerson did not vote and notified the Clerk that she wished to be recorded in favor.

HB 378-FN, inserting an exception to the criminal threatening statute. **OUGHT TO PASS WITH AMENDMENT.**

Rep. David A. Welch for Criminal Justice and Public Safety: This bill adds to the criminal threatening statutes an exception for a person who responds to a trespasser who refuses to leave his or her property and displays a firearm to with an intent to warn away the trespasser that he or she shall not have committed a criminal act. It further amends the sentencing statutes to change "shall" to "may" to eliminate the mandatory 3 year sentence for the commission of a felony an element of which is the use of a firearm. Another part of the amendment defines non-deadly force as the display, producing or pointing a weapon without firing such weapon. Deadly force is currently defined as firing a firearm at a person or vehicle. Vote 13-3.

Amendment (0582h)

Amend the title of the bill by replacing it with the following:

AN ACT inserting an exception to the criminal threatening statute, relative to the minimum mandatory sentence for a felony conviction involving the possession, use, or attempted use of a firearm, and relative to the definition of "non-deadly" force.

Amend the bill by inserting after section 1 the following and renumbering the original section 2 to read as 4:

2 Sentences and Limitations. Amend RSA 651:2, II-g to read as follows:

II-g. If a person is convicted of a felony, an element of which is the possession, use or attempted use of a deadly weapon, and the deadly weapon is a firearm, such person may be sentenced to a maximum term of 20 years' imprisonment in lieu of any other sentence prescribed for the crime. The person ~~[shall]~~ **may** be given a minimum ~~[mandatory]~~ sentence of not less than 3 years' imprisonment for a first offense and a minimum ~~[mandatory]~~ sentence of not less than 6 years' imprisonment if

such person has been previously convicted of any state or federal offense for which the maximum penalty provided was imprisonment in excess of one year, and an element of which was the possession, use or attempted use of a firearm. Neither the whole nor any part of the minimum sentence imposed under this paragraph shall be suspended or reduced.

3 Justification; Definitions. Amend RSA 627:9, IV to read as follows:

IV. "Non-deadly force" means any assault or confinement which does not constitute deadly force. *The act of producing, displaying, or pointing a weapon shall constitute non-deadly force.*

AMENDED ANALYSIS

This bill provides that a person who is on his or her own property and who responds to a trespasser who refuses to leave and displays a firearm or other means of self-defense with the intent to warn away the person making the threat shall not have committed criminal threatening. The bill also removes the minimum mandatory sentence for conviction of a felony involving the possession, use, or attempted use of a firearm, and makes the sentence for such a felony conviction discretionary. Amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment. Rep. Pepino offered floor amendment (0864h).

Floor Amendment (0864h)

Amend the title of the bill by replacing it with the following:

AN ACT inserting an exception to the criminal threatening statute and relative to the definition of "non-deadly" force.

Amend the bill by deleting section 2 and renumbering the original sections 3-4 to read as 2-3, respectively.

AMENDED ANALYSIS

This bill provides that a person who is on his or her own property and who responds to a trespasser who refuses to leave and displays a firearm or other means of self-defense with the intent to warn away the person making the threat shall not have committed criminal threatening.

Rep. Pepino spoke in favor.

Rep. Welch spoke against.

Floor amendment (0864h) failed.

The question now being adoption of the committee report of Ought to Pass with Amendment. Rep. Mirski requested a roll call; sufficiently seconded.

and the committee report was adopted and ordered to third reading.
Rep. Campbell voted Nay and intended to vote Yea.

HB 478-FN-L, relative to testimony by video teleconference. **OUGHT TO PASS.**

Rep. Phil J. Greazzo for Criminal Justice and Public Safety: The committee recommended that this bill Ought to Pass because of the significant savings it will provide to cities and towns when officers and others are relieved of the burden of taking time off to travel to hearings in Concord in district and superior court in motor vehicle cases. Video teleconference will provide similar savings for state laboratory personnel and will relieve parties who have left the state from the expense and time required to appear in person. Vote 17-0.

Committee report adopted and ordered to third reading.

HB 524-FN, excluding persons convicted of violent crimes from mandatory early release on probation or parole. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**
Rep. Phil J. Greazzo for the Majority of Criminal Justice and Public Safety: This bill seeks to address the serious flaws contained within SB 500, which was passed last session. Specifically, it seeks to ensure that violent or sex offenders are not released earlier than is warranted in their individual cases. Additionally, under the bill the discretion of our state's parole board is restored. Violent and sex offenders should not be automatically released early from their sentences without a specific review of their status and determination by the parole board that a release is appropriate. Parole violators also should not face merely a 90-day return to incarceration following their violations. Rather, they should be again released earlier than their full sentences when the parole board believes that release is appropriate. Vote 12-4.

Rep. Stephen J. Shurtleff for the Minority of Criminal Justice and Public Safety: This bill would make a critical and crippling change to SB 500. The bill would mandate that individuals convicted of sex offenses and crimes of violence would not be eligible for mandatory supervised release. There is no disagreement that minor changes in the law need to be made, especially in the area of the time to be served by parolees sent back to prison for technical parole violations. A former speaker testified against this bill and said "There are some issues that are truly bipartisan, and public safety is one of them." The current law requires focused supervision and treatment of offenders most likely to reoffend. There are provisions in the current law for quick and certain sanctions for those that violate the provisions of mandatory release. Also speaking against this bill was the attorney general, who told the committee that last year, before the bill went into effect, 225 inmates "maxed out." These inmates completed their sentence and walked out of the prison doors without any supervision whatsoever. The director of community corrections told the committee that although the current law has been in effect for less than a year, the positive results are obvious. The prison population has already been reduced by 150 inmates. Housing an inmate costs the taxpayers of this state \$33,000 each. This reduction in population is a tremendous savings to the people of New Hampshire.

The question being adoption of the majority committee report of Ought to Pass.

Rep. Jennifer Coffey offered floor amendment (0789h).

Floor Amendment (0789h)

Amend the bill by replacing all after section 4 with the following:

5 Applicability. Section 1 of this act shall take effect one year after the effective date of this act, or on the date when the commissioner of the department of corrections furnishes written certification to the secretary of state and the director of legislative services that all counties in the state have notified the commissioner that sufficient services are available to manage those prisoners released on parole, whichever is later.

6 Effective Date.

I. Section 1 of this act shall take effect as provided in section 5 of this act.

II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill:

I. Excludes a prisoner convicted of a violent crime from mandatory early supervised release.

II. Authorizes the parole board to recommit a person who reoffends while on mandatory early supervised release for a minimum of 90 days or up to the remainder of the person's maximum sentence.

III. Delays the parole of nonviolent prisoners for one year or upon certification by all counties in the state that sufficient services have been implemented to manage such prisoners while on parole, whichever is later.

Rep. Jennifer Coffey spoke in favor and yielded to questions.

Floor amendment (0789h) adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.

Rep. Shurtleff moved Recommit, spoke in favor and yielded to questions.

Rep. Greazzo spoke against.

Rep. Cox requested a roll call; sufficiently seconded.

and the majority committee report was adopted and ordered to third reading.

HB 567, relative to physical force in defense of a person. **INEXPEDIENT TO LEGISLATE.**

Rep. Stephen J. Shurtleff for Criminal Justice and Public Safety: This bill would expand the "Castle Doctrine," the right to use deadly force within one's home. As the assistant attorney general said in testimony, "This (bill) is an impenetrable morass of law." The bill would grant immunity from criminal prosecution. The term "criminal prosecution" as defined includes arresting, detaining in custody, charging or prosecuting a defendant. This bill would have a chilling effect on law enforcement, as well as state or county prosecutors. Furthermore, the bill grants immunity from a civil action. A person under this bill could, in using deadly force, injure an innocent third person. That innocent individual would be barred from seeking relief in the courts. Vote 11-6.

Rep. LaCasse requested a roll call; sufficiently seconded.

Laware, Thomas

and the committee report was adopted.

Rep. Hoell voted Yea and intended to vote Nay.

Rep. Brian Murphy voted Nay and intended to vote Yea.

HB 369-FN-L, relative to withdrawal from a school administrative unit or an authorized regional enrollment area school. **OUGHT TO PASS.**

Rep. Kathleen A. Lauer-Rago for Education: This came to the committee via the Town of Croydon which has been attempting to withdraw from SAU 43 since 2006 to no avail due to excessive red tape. This bill will streamline the bureaucracy and has the support of the department of education. Vote 11-4.

Committee report adopted and ordered to third reading.

HB 370, making changes to the pupil safety and violence prevention act. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Ralph G. Boehm for the Majority of Education: Parents should be notified when their child is involved in a bullying incident. However, current law allows the school administration to

determine whether to tell parents about their child being bullied or being a bully. Also current law requires school boards to be responsible for their students' behavior 24/7/365. That's an impossible oversight burden and the liability to the town/district is potentially devastating should a student be injured off school grounds, not at a school function, and at any hour of the day or night. This bill, as amended, solves these problems by requiring parents be notified when their child is involved in a bullying incident and limits the school's liability to only when the school has assumed control of, and a supervisory role over, a child. The bill also requires the school to notify parents if the school becomes aware of a bullying or cyber-bullying situation that occurred when the school did not have a supervisory role over the child. Vote 10-6.

Rep. Mary Stuart Gile for the Minority of Education: The minority supports allowing the Pupil Safety and Violence Prevention Act (RSA 193-F) to continue as enacted. School districts have implemented training programs for school administrators, teaching faculty, ancillary and auxiliary staff and parents, all of which were required to be completed by March 1, 2011. In other words, full implementation of RSA 193-F has just begun. In May, 2011, the department of education will conduct a survey which will include questions on the impact of RSA 193-F. The minority agreed that resulting information should be more helpful in deciding which aspects of the new statute need to be amended.

Majority Amendment (0452h)

Amend RSA 193-F:4, II(1) as inserted by section 2 of the bill by replacing it with the following:

~~[(tm)]~~ (I) A written procedure ~~[providing for]~~ **requiring** communication with the parent or parents or guardian of victims and perpetrators throughout the course of the investigation and a written procedure providing for communication with the parent or parents or guardian of victims and perpetrators regarding the school's remedies and assistance, within the boundaries of applicable state and federal law.

Amend the bill by inserting after section 3 the following and renumbering the original section 4 to read as 5:

4 New Section; Pupil Safety and Violence Prevention; Bullying or Cyberbullying Occurring Off of School Property. Amend RSA 193-F by inserting after section 4 the following new section:

193-F:4-a Bullying or Cyberbullying Occurring Off of School Property. A school board member or employee of a school district who becomes aware of an incident of bullying or cyberbullying which occurs off of school property shall notify the principal of the school attended by the victim and, if the perpetrator attends a different school than the victim, the principal of the school attended by the perpetrator. The principal or principals shall, in writing, notify the parent, or parents, or guardian of the victim and the perpetrator within 48 hours of the incident.

AMENDED ANALYSIS

This bill:

I. Deletes a provision authorizing the superintendent to grant the principal a waiver from providing notice of an incident of bullying within 48 hours to the victim or the perpetrator.

II. Removes a provision extending the bullying and cyberbullying statute to actions occurring off school property, but requires a school principal to notify the parent, parents, or guardian of the victim and the perpetrator of any incidents of bullying or cyberbullying occurring off school property.

Rep. Schlachman spoke against and yielded to questions.

Rep. Boehm spoke in favor.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.

Rep. Schlachman spoke against.

Reps. Boehm and Gandia spoke in favor.

Rep. Tamburello requested a roll call; sufficiently seconded.

and the majority committee report was adopted and ordered to third reading.

HB 422, prohibiting vaccinations in public schools. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Kathleen A. Lauer-Rago for the Majority of Education: Currently vaccination clinics in schools are strictly on a voluntary basis. The majority felt that this goes back to local control and that a district should be allowed to choose whether or not to have a vaccination clinic in its school. Vote 11-4.

Rep. J. R. Hoell for the Minority of Education: Schools are institutions of learning and this bill seeks to restore that from where we are today. The rationale against this bill was the hardship imposed on parents for having to spend time to visit a doctor or clinic. Convenience should not be the reason for keeping an unnecessary statute on the books. Lastly, testimony was given that the current process allows the lack of controls about the brand and date code of vaccine being administered. Parents should expect to be notified of all necessary and pertinent information prior to their children receiving any vaccination. This information should include vaccine brand, date code and information prescribed by the manufacturer.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Reps. Laura Jones and Hoell spoke against.

Reps. DiPentima and Lauer-Rago spoke in favor.

Rep. White requested a roll call; sufficiently seconded.

and the motion was adopted and ordered to third reading.

HB 542-FN, amending the school attendance statutes, amending the statute for suspension or expulsion of a pupil for possession of certain weapons, and repealing the rulemaking and reporting provisions of the Parents as Teachers program. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. J. R. Hoell for the Majority of Education: Parents have a right to control the education and instruction of their children. This bill clarifies in statute the constitutional right of parents to conscientiously object to materials, or programs, taught in the public school system. Parents already have the right to a voice in alternate learning programs for children over the age of 16, (RSA 193:1,I,(h)), and this bill clearly states that this right shall be extended to all children ages 6-18. The New Hampshire Constitution states in Part First, Article 4 that the right of Conscience is an unalienable right, and this bill specifies that this right applies to parent-directed education of their children. This bill codifies in statute the common practice seen in some, but not all, local school districts where parents have the right to provide alternatives to a public school program where the parent has objections; this includes conscientious objections to particular books, materials, units or classes. For example: parents may object to a particular sex education course or specific books being used in the curriculum. Recently (12/2010), the town of Bedford had a controversy over a book used in the finance course. The book, Nickel and Dimed: On (Not) Getting By In America by Barbara Ehrenreich promoted the abuse of controlled substances and mocked Jesus which was offensive to both the parents and the student. The book in question not only had political propaganda violating the conscience of the parents, the questionable material was taking time from teaching valuable personal finance skills. Had HB 542, as amended, been in statute, the controversy could have been avoided. Vote 11-6.

Rep. Karen K. Hutchinson for the Minority of Education: This amendment attempts to codify a parent's right to conscientiously object to a program or school. However, the original bill did not

address this subject matter, as the amendment replaces the entire bill and title. Had this been the subject of the original bill, the minority believes that that testimony would have been received and that the public should have the right to testify and weigh in on this important issue. The minority believes that a new bill with appropriate title be brought forth in May for next year. In addition, this bill as amended, inserts language regarding program approval into the "attendance" statute. The language attempts to remove a school district's right to approve a "parent's education program." While it alludes to home schooling, its ramifications could be much further reaching. The minority believes that the question of whether approval of home school programs are warranted be better answered during the study of the three home schooling bills already retained.

Majority Amendment (0726h)

Amend the title of the bill by replacing it with the following:

AN ACT prohibiting a school district from requiring that a parent send his or her child to any school or program to which the parent may be conscientiously opposed.

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Attendance by Pupil. Amend RSA 193:1 by inserting after paragraph IV the following new paragraph:

V. No school district shall compel a parent to send his or her child to any school or program to which he or she may be conscientiously opposed nor shall a school district approve or disapprove a parent's education program or curriculum.

2 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill prohibits a school district from requiring that a parent send his or her child to any school or program to which the parent is conscientiously opposed.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Karen Hutchinson spoke against and yielded to questions.

Rep. Hoell spoke in favor and yielded to questions.

Rep. Ladd spoke against.

Rep. Gile requested a roll call; sufficiently seconded.

and the majority committee report was adopted and ordered to third reading.

HB 505-FN, making charter schools eligible for grants for leased space. **OUGHT TO PASS.**

Rep. Gregory Hill for Education: The committee feels the success of charter schools is critical as an alternative to traditional public schools. Use of building aid funds to lease space will be very helpful. Even though there currently is a moratorium on building aid, the committee feels that eventually that moratorium will have to be lifted given the age of our schools state-wide. Leasing space is currently the only option for charter schools to gain space for educational purposes. This bill will allow charter schools access to up to 30% of the annual lease arrangement. Vote 13-1.

Committee report adopted and ordered to third reading.

Rep. Ball declared a conflict of interest and did not participate.

HB 528-FN-L, requiring school districts to develop a facility maintenance and capital improvement program. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Rick M. Ladd for Education: In an effort to reduce new construction costs associated with state building aid spending, this bill encourages school districts to initiate and implement facility maintenance and capital improvement plans. To date, school districts may apply for and receive state funding for new construction and renovation projects without having to demonstrate that the school has been properly maintained and that renovations or new construction cannot be attributed to lack of maintenance. In brief, school districts must demonstrate maintenance of effort before being accepted for future building grant aid funds. Many districts currently have active, ongoing maintenance and capital improvements plans; however, there are others according to DOE who could avoid expensive costs through better implementing routine, preventive, and predictive maintenance. Although this bill does not mandate that a school district must initiate a working maintenance and capital improvement plan to the extent possible, evidence that the district has complied with the maintenance and capital improvement program will be required when applying for future building aid unless the school district can show good cause for noncompliance in which the department may approve the school district's request. In summary, proactive attention to building maintenance will increase building longevity while saving costly construction and renovation expenses associated with state spending. Vote 14-0.

Amendment (0333h)

Amend the bill by replacing all after the enacting clause with the following:

1 School Building Aid; Annual Payment. Amend RSA 198:15-a, I to read as follows:

I.(a) To aid local school districts in meeting the costs of the payment of debt for school buildings and educational administration buildings, including office facilities for school administrative units, and to meet the costs of leasing permanent space in a building which is used for the operation of a high school vocational technical education program, the department of education shall, from funds appropriated by the general court to carry out the provisions of this subdivision, pay annually to the school districts of the state *which have implemented a facility maintenance and capital improvement program in accordance with RSA 198:15-y*, sums in accordance with the provisions of this subdivision or the alternative school building aid provisions under RSA 198:15-u through RSA 198:15-w, depending on which option a school district elects. The annual grant to school districts shall be made in 2 approximately equal payments, one in October and one in April of each fiscal year. No payment shall be made to a school district prior to the district's first payment on the amount of principal borrowed.

2 School Building Aid; Approval of Plans, Specifications, and Costs. Amend RSA 198:15-c to read as follows:

198:15-c Approval of Plans, Specifications, and Costs of Construction or Purchase.

I. A school district maintaining approved schools, desiring to avail itself of the grants herein provided shall have the plans, specifications, and cost estimates for school plant construction or proposals for the purchase of school buildings, or both, and the costs for them approved by the state board prior to the start of construction. For this purpose the district shall submit its plans, specifications, cost, and purchase estimates in writing to the department of education on such forms as the department prescribes. A school district shall also submit a copy of any application for energy efficiency reimbursement under RSA 374-F. The department of education shall coordinate with the public utilities commission to ensure that eligible school districts have submitted applications for funding reimbursement and technical assistance as available from energy utility companies to promote indoor air quality and energy efficiency in public schools. Application for school building aid shall be submitted before January 1 of each year in order to be eligible for school building aid in the fiscal year following the year of submittal.

II. The department of education shall not approve the plans, specifications, cost, or purchase estimates, if in the department's judgment:

(a) The facilities planned will not adequately meet the educational requirements, or if [its] ~~the~~ cost estimates are excessive or unreasonable[. ~~The department of education shall not approve the plans, specifications, cost, or purchase estimates if in the department's judgment;~~ **or**

(b) The proposed construction or purchase is in conflict with effective statewide planning pursuant to RSA 9-A or the principles of smart growth pursuant to RSA 9-B; **or**

(c) ***The school district has failed to comply with the facility maintenance and capital improvement program required under RSA 198:15-y, unless the department determines that the school district has shown good cause for the noncompliance in which case the department may approve the school district's request.***

III. Necessary costs of the purchase of school buildings may be determined by any recognized method of real estate appraisal with appropriate adjustments for remodeling or other expenditures. Upon approval of the construction or purchase, or both, by the department of education, the school district shall be entitled to receive an annual grant as provided herein.

3 New Subdivision; School Building Aid; Facility Maintenance and Capital Improvement Programs. Amend RSA 198 by inserting after section 15-w the following new subdivision:

Facility Maintenance and Capital Improvement Programs

198:15-x Definitions. In this subdivision:

I. "Facility maintenance and capital improvement program" means a program to replace or repair building systems on a building by building basis for each school district.

II. "Maintenance plan" means a plan to address scheduled and unscheduled repairs and maintenance necessary to achieve the designed life expectancy of building systems and components.

198:15-y Facility Maintenance and Capital Improvement Programs.

I. Beginning July 1, 2016, each school district shall develop and implement a facility maintenance and capital improvement program which includes a maintenance plan for each building in the school district in order to be eligible to receive school building aid grants.

II. A maintenance plan shall, at a minimum, include a maintenance and replacement schedule for all major building systems to include but not be limited to the following:

- (a) Heating, ventilation, and air conditioning systems.
- (b) Plumbing and electrical systems.
- (c) Integrated technology systems.
- (d) Roof systems.
- (e) Building exterior.
- (f) Windows and doors.
- (g) Building interior, including painting and flooring.
- (h) Site maintenance.
- (i) Annual fire safety inspection report.

III. A capital improvement program shall, at a minimum, include for a 10-year period:

- (a) The school district's educational mission, vision, and goals.
- (b) Assessment of program capacity of an existing facility.
- (c) Enrollment projections and new program needs.
- (d) Efficiencies of current space usage.
- (e) Match of infrastructure to educational programs.
- (f) Education specifications.
- (g) Estimated associated costs and a budget reflecting those costs.
- (h) Evidence of consultation with the local planning board and with the regional planning

commission.

IV. The school district shall, to the extent possible, commit the resources necessary to implement the facility maintenance and capital improvement program for all school buildings and facilities within the school district.

V. Beginning July 1, 2016, and annually thereafter, each school district shall report to the department of education, on a form provided by the department, the actual amount budgeted for facilities maintenance, capital improvement, or capital reserves, and whether these amounts comply with its facility maintenance and capital improvement program.

4 Effective Date. This act shall take effect January 1, 2012.

AMENDED ANALYSIS

This bill requires school districts to develop a facility maintenance and capital improvement program no later than July 1, 2016 in order to be eligible to receive school building aid grants. Amendment adopted.

Committee report adopted and ordered to third reading.

HB 176, relative to eligibility to vote. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Richard B. Drisko for the Majority of Election Law: This bill would place potentially unconstitutional and certainly unfair restrictive prohibitions on the voting rights of individuals who serve in the military or pursue college course work, whether full or part-time. The bill would not allow elected officials to move from their present domicile to another, even when that domicile is in the same district. When a person declares a community in New Hampshire as his or her domicile we can not, nor should we, deny them the right to vote based on their occupation or pursuit of a higher education. The issue which should be addressed is the steps that individuals should take in order to have a valid claim of domicile in New Hampshire. That issue will be addressed in HB 515, which has been retained by the committee. HB 176 evokes strong emotions from both its supporters and detractors. Due to the high level of feelings surrounding this bill, it is the opinion of the majority of the committee that using HB 176 as a vehicle to study the issue of domicile, as well as others, which were raised during the public hearing would be a distraction at best. Vote 13-5.

Rep. Regina M. Birdsell for the Minority of Election Law: This bill was voted Inexpedient to legislate, however the minority feels the testimony, letters and emails from constituents show there is a problem with the definition of "domicile." The minority feels the bill would have been better served being retained and worked on to focus in on the definition of "domicile" with regards to voter eligibility.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. St. Cyr spoke in favor and yielded to questions.

Rep. Sorg spoke against.

Rep. Jasper spoke in favor and yielded to questions.

Rep. Brunelle requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

HB 186-FN, relative to restrictions on political communications. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Regina M. Birdsell for the Majority of Election Law: This bill removes the word “implicitly” from the definition of “political advertising” to make the statute conform to the decision reached in *Stenson v. McLaughlin*. The attorney general stated that the statute, as currently written, is unenforceable because of that decision. Vote 13-2.

Rep. David M. Pierce for the Minority of Election Law: No state law should regulate the content of political messages, but there are many political advertising statutes that regulate not the content of the message, but the manner in which political messages are communicated. For instance, current law on political advertising prohibits: (i) removing, defacing or destroying political advertising on private property; (ii) displaying political messages on government and law enforcement vehicles; (iii) anonymous “robo-calls”; and (iv) misrepresenting the origin of a campaign call. HB 186 would narrow the definition of “political advertising” and would implicitly permit: (i) someone to deface or remove a sign from his neighbor’s yard; (ii) a police car to display campaign signs; (iii) middle-of-the-night robo-calls without any way to trace who made the calls; and (iv) one campaign changing the caller ID of its outgoing calls to say the call is coming from an opponent’s campaign. Our election laws are models of how to ensure the integrity of our campaigns and elections. Campaigns should be based on the competition of ideas, not tricks and traps. HB 186 makes it marginally easier to game the system. The minority believes the entire structure of political advertising statutes should be studied to continue to prohibit governmental regulation of the content of political messages while at the same time ensuring the integrity of the system.

Majority Amendment (0551h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the definition of political communication.

Amend the bill by deleting sections 2-3 and renumbering the original section 4 to read as 2.

AMENDED ANALYSIS

This bill eliminates implicit advocacy from the definition of political advertising.

Majority committee amendment adopted.

Majority committee report adopted and ordered to third reading.

HB 264-FN, relative to political contributions by state contractors and other recipients of state grants or appropriations. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Dino A. Scala for the Majority of Election Law: This bill would require any recipient of a grant or appropriation of funds to file with the secretary of state an itemized statement under oath of any political contribution. The majority feels that because a political candidate has to file and claim political contributions already, this would be a redundant filing and unnecessary. Although the minority believes it would be a burden for an individual to look line by line at a candidate’s disclosure, the majority feels that a system is in place and is transparent. Vote 13-5.

Rep. David M. Pierce for the Minority of Election Law: Current law prohibits lobbying or participating in political activity with money received from the state. HB 264 takes this one step further. HB 264 requires anyone who gets a state grant or appropriation to disclose any political contributions he/she may make. The majority believes that because current law requires candidates to disclose that money, we already have enough disclosure. But this ignores the reality that current law requires the public to comb through every single line of every single contribution report to see if there’s a conflict. HB 264 puts all that information in one place. HB 264 gives the people an effective tool to know if their tax dollars are going to fund political campaigns or not. The lobbying laws aren’t on the books to protect the politicians and their donors, they exist to protect the people and the fair use of their tax dollars.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Pierce spoke against and yielded to questions.

Rep. Bates spoke in favor and yielded to questions.

Majority committee report adopted.

HB 411, relative to distributing campaign materials at the polling place. **OUGHT TO PASS WITH AMENDMENT.**

Rep. David M. Pierce for Election Law: This bill originally would have deprived the moderator the discretion to establish the electioneering zone at the polling place. The secretary of state and

the attorney general testified that we should leave these decisions to local officials. Every polling place is different and the moderators know their polling places best. The committee adopted a compromise amendment that guarantees local control, but also establishes a challenge process with the secretary of state to permit anyone to contest the moderator's decision if the electioneering zone is too restrictive of electioneering activities. Vote 14-2.

Amendment (0584h)

Amend the bill by replacing section 1 with the following:

1 Distributing Campaign Materials at Polling Place. Amend RSA 659:43, II to read as follows:

II. No person who is a candidate for office or who is representing or working for a candidate shall distribute any campaign materials or perform any electioneering activities or any activity which affects the safety, welfare, and rights of voters within a corridor [10] 15 feet wide and extending [a distance] from the entrance door of the building [as determined by the moderator] where the election is being held *to the nearest public way or parking area. In cities and towns that have not adopted an ordinance establishing the dimensions of the corridor, the moderator may, in the interests of the safety, welfare, and rights of voters, alter the dimensions of the corridor, if the moderator posts notice of the altered dimensions at the office of the town or city clerk or at the town hall at least 10 days before the election. The altered dimensions shall be subject to review by the secretary of state, if such review is requested by a resident of the town or ward or candidate appearing on the ballot in the town or ward at least 3 days before the election; following the review, the secretary of state shall either approve or modify the altered dimensions of the corridor. If, due to an unforeseen event, enforcement of the dimensions of the corridor would endanger public safety, the moderator may establish temporary emergency dimensions until the danger to public safety has passed; the moderator shall promptly notify the secretary of state of the circumstances requiring the establishment of temporary emergency dimensions.*

AMENDED ANALYSIS

This bill authorizes the moderator to alter the corridor in which distributing campaign materials and electioneering are prohibited at the polling place, subject to review by the secretary of state. Amendment adopted.

Committee report adopted and ordered to third reading.

HB 423, relative to including workplace harassment in the legislative ethics law. **INEXPEDIENT TO LEGISLATE.**

Rep. David Bates for Election Law: This bill would add a new basis for bringing complaints to the Legislative Ethics Committee against legislators and legislative employees. "Workplace harassment" would be added to the list of improper conduct that a person could be charged with. The proposed definition for "workplace harassment" is, "treatment or behavior that to a reasonable person creates an intimidating, hostile, or abusive work environment." The committee believes that this definition is too general and subjective. Language this vague could lead to people filing unnecessary complaints that could be resolved through other channels. Legislators and legislative employees should not be subjected to ethics complaints just because someone felt intimidated by them. The Speaker has the authority and responsibility to deal with any problems arising among House members and employees. Vote 11-7.

Committee report adopted.

HB 466-FN, eliminating the ballot law commission. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Richard B. Drisko for the Majority of Election Law: The purpose of this bill is to eliminate the ballot law commission and transfer its responsibilities to the secretary of state. For many years the duties of the ballot law commission were performed by the secretary of state. Some of those duties are beyond the expertise of the commission's members. The committee decided that these duties are best preformed by the secretary of state with any appeals being decided in superior court. The committee's conclusion is that the ballot law commission is too partisan and should be eliminated. Vote 14-2.

Rep. David E. Cote for the Minority of Election Law: The minority is concerned that the elimination of the ballot law commission will place an unnecessary financial burden on a candidate seeking to appeal a decision of the secretary of state, as they would have no alternative but to appeal to the

superior court. The minority believes that a change this significant to a structure that has been in place for decades should be undertaken, if at all, only after greater consideration than is possible under current deadlines. The fiscal note states, in part, that: "The judicial branch states this bill would eliminate the ballot law commission and replace its adjudicatory function with appeals to the superior court. The branch does not have information on which to estimate how many new appeals to the superior court will be brought pursuant to this proposed bill. The branch states the average cost of a complex equity case in superior court will be \$598.85 in FY 2012 and \$595.70 in FY 2013."

The question being adoption of the majority committee report of Ought to Pass.
Rep. Jasper offered floor amendment (0834h).

Floor Amendment (0834h)

Amend the bill by replacing section 13 with the following:

13 Reference Changed. Amend RSA 660:3 to read as follows:

660:3 Number of Recounts. Any candidate for whom a vote was cast for any office at a state general election, provided that the difference between the votes cast for the applying candidate and a candidate declared elected is less than 20 percent of the total votes cast in the towns which comprise the office to be recounted, shall be entitled to apply for only one recount under this chapter, and the declaration made by the secretary of state under RSA 660:6 shall be final, subject to a change in the result following an appeal to the ~~[ballot law commission, as provided in RSA 665:8, H]~~ **superior court. The appellant shall not be subject to any fees for the appeal and the superior court shall expedite the appeal.** If more than one candidate for the same office in the same district applies for a recount under this chapter, and a recount is completed, such applications shall not result in a second recount.

Amend the bill by replacing sections 15-17 with the following:

15 Reference Changed. Amend RSA 660:9 to read as follows:

660:9 Declaration of Result, State Primary. If the recount after a state primary election shall show that some candidate other than the one declared nominated upon the original canvass of votes has the greatest number of votes cast for the nomination, such candidate shall be declared nominated and shall be placed upon the official ballot at the following election unless appeal is taken to the ~~[ballot law commission in accordance with RSA 665:6, I]~~ **superior court. The appellant shall not be subject to any fees for the appeal and the superior court shall expedite the appeal.** If the person who applied for the recount was thereby shown to be the one chosen as the candidate of the party, the person shall also have any fee paid returned.

16 Reference Changed. Amend RSA 660:9-a to read as follows:

660:9-a Declaration of Result, Presidential Primary. If the recount after a presidential primary election shall show that the applying candidate qualified under RSA 659:93 for at least one more delegate than the original count indicated or that such candidate did qualify for federal election funding, such candidate shall receive such funding or shall be apportioned delegates to the national party convention in accordance with RSA 659:93 unless appeal is taken to the ~~[ballot law commission in accordance with RSA 665:6, I]~~ **superior court. The appellant shall not be subject to any fees for the appeal and the superior court shall expedite the appeal.** If the person who applied for the recount was thereby shown to be entitled to federal funding or at least one more delegate under RSA 659:93, the person shall also have any fee paid returned.

17 Reference Changed. Amend RSA 660:15 to read as follows:

660:15 Declaration of Result. If after the recount it shall appear that the result of the voting on said question is other than that announced by the moderator at the election, the secretary of state shall declare said result which shall be final unless the result is changed because of an appeal taken within 10 days to the ~~[ballot law commission]~~ **superior court. The appellant shall not be subject to any fees for the appeal and the superior court shall expedite the appeal.**

Rep. Jasper spoke in favor.

Floor amendment (0834h) adopted.

Majority committee report adopted and ordered to third reading.

HB 495-FN, relative to the prevention of the use of pesticides on the grounds of child day care facilities, schools, and state parks. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. John T. O'Connor for the Majority of Environment and Agriculture: The intent of this bill is to reduce the amount of pesticides that children are exposed to because they are toxic. The majority of the committee is concerned about the health and welfare of our children, citizens, and environment. It is for this reason that the majority voted to ITL the bill. We are confident that the current state pesticide statute (RSA 430:28-50) recognizes the benefits of safe pesticides use when conditions indicate a need. This bill will result in unintended consequences of limiting the ability of local control as to whether to use EPA and state certified pesticides, or IPM (Integrated Pest Management), PESP (Pesticide Environmental Stewardship Program) or other alternative methods, in protecting our citizens, young and old from diseases like, Lyme, West Nile Virus, Triple E and insect bites that cause anaphylactic shock. As stated in testimony, this is the first bill to take local control away and that private academies, colleges and municipal playgrounds and public gathering locations are next in banning of the use of pesticides. We in the voting majority believe and emphasize that the IPM program that many applicators use is the preferable and prudent approach that should be taken. Vote 11-6.

Rep. Suzanne J. Smith for the Minority of Environment and Agriculture: The minority agrees with the President's Cancer Panel issued in 2010 that recommended that it is prudent to reduce and, where possible, eliminate children's exposure to pesticides. This bill restricts pesticides used on school grounds, playing fields and on the lawns at day care centers. Those pesticides are used predominately to keep crabgrass, dandelions and grubs at bay. Our children spend 180 plus days a year at school. Is it worth risking their long-term health for short-term relief of weeds on ball fields? Knowing that there are times when pesticides are required, HB 495 allows for an emergency exemption in cases of threats to health such as spraying for mosquitoes, ticks, other stinging insects plus threats to plant health such as from invasive insects. If we can produce good quality ball fields and NOT put children at risk from even the possibility of short or long-term health consequences, what is the argument not to do something?

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Suzanne Smith spoke against and yielded to questions.

Rep. Haefner spoke in favor and yielded to questions.

Majority committee report adopted.

HB 331-FN, relative to posting agency expenditures on the state transparency website. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Kenneth H. Gould for Executive Departments and Administration: This bill requires all state agencies to post expenditures monthly no later than the fifteenth day of the following month on the state transparency website. It begins the process for a totally transparent state government by requiring the agencies to post their expenditures in a total fund format and where each expenditure will be reported in a check register format allowing our citizens an easily understood and accurate insight into each expense in a detailed comprehensive format. Vote 11-0.

Amendment (0110h)

Amend the bill by replacing all after section 1 with the following:

2 New Paragraph; State Transparency Website; Exemption from Disclosure. Amend RSA 9-F:1 by inserting after paragraph III the following new paragraph:

IV.(a) Nothing in this chapter shall be construed to require the public posting or dissemination of information exempt from public disclosure under RSA 91-A or other law.

(b) In submitting information to the state's financial system, each agency shall be responsible for identifying information that is confidential or otherwise exempt from public disclosure under RSA 91-A. The department of administrative services shall, in consultation with state agencies, establish the method by which an agency shall identify information in the state's financial system that the agency has determined is confidential or otherwise exempt from disclosure. The department of administrative services shall not post such information on the transparency website.

3 Effective Date. This act shall take effect 120 days after its passage.

Amendment adopted.

Committee report adopted and ordered to third reading.

HB 343-FN, establishing a permanent state defense force. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Randall A. Whitehead for the Majority of Executive Departments and Administration: The majority felt that this bill is unnecessary, as the state, indeed, has adequate resources to deal with any and all contingencies, including the New Hampshire National Guard. It is believed that this bill could lead to unintended consequences and be a financial burden to the state. Vote 10-6.

Rep. Spec Bowers for the Minority of Executive Departments and Administration: The minority supported Retain to give the sponsor time to amend the bill. Although the bill as written is open to misinterpretation, a more narrowly crafted definition of the volunteer force envisioned by the sponsor would provide valuable services to the people of New Hampshire.

LAID ON THE TABLE

Rep. Baldasaro moved that **HB 343-FN**, establishing a permanent state defense force, be laid on the table.

Rep. Peter Schmidt requested a roll call; sufficiently seconded.

REGULAR CALENDAR (CONT'D)

HB 348-FN, transferring the duties of the racing and charitable gaming commission to the lottery commission and abolishing the racing and charitable gaming commission, and prohibiting new electronic gaming devices without statutory authorization. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Kenneth H. Gould for the Majority of Executive Departments and Administration: This bill eliminates the racing and charitable gaming commission and transfers all of its duties, personnel, rules, and budget to the state lottery commission. The bill also prohibits the use of new electronic gaming devices in the state without specific statutory authorization. The amendment clarifies that gaming devices can be replaced as needed due to wear and tear. The lottery is a promotional agency and the racing and gaming commission is an enforcement agency, but the committee senses the need to streamline state agencies in this instance. Concerns about regulation of charitable gaming should not be affected by this reorganization. Vote 9-6.

Rep. Lawrence B. Perkins for the Minority of Executive Departments and Administration: Although the minority understands the premise of combining state agencies for the purpose of lowering the budget, we also understand that charitable gaming needs regulation and enforcement and a marketing entity such as the lottery commission is not the vehicle for such an undertaking. In fact five years ago the lottery relinquished bingo and lucky 7's to charitable gaming. This bill looks to save \$60,000 while jeopardizing hundreds of charities in New Hampshire.

Majority Amendment (0538h)

Amend RSA 284:6-a, VI as inserted by section 10 of the bill by replacing it with the following:

VI. Notwithstanding any law, rule or current practice to the contrary, the commission shall not authorize:

(a) Any game, lottery or other offering which was not in use by the public on or before October 1, 2010, including but not limited to any game, lottery or other offering by video slot machine and other gambling machines, devices which function or are designed to emulate a video slot machine or other gambling machine, an historical racing machine, electronic lucky 7 ticket units and computer technology to reveal instant ticket winners, whether in physical presence or through the Internet; or

(b) A reduction in the length of time between placing a wager, purchasing a lottery ticket or otherwise engaging in gambling and the announcement of the result of the wager, lottery or gamble for any game, lottery or other offering which was in use by the public on or before October 1, 2010.

MOTION TO SPECIAL ORDER

Rep. Carol McGuire moved that **HB 348-FN**, transferring the duties of the racing and charitable gaming commission to the lottery commission and abolishing the racing and charitable gaming commission, and prohibiting new electronic gaming devices without statutory authorization, be made a Special Order as the first order of business for Wednesday, March 16, 2011.

Rep. Carol McGuire spoke in favor.

Adopted.

REGULAR CALENDAR (CONT'D)

HB 355, enabling state and local fire and building officials to issue citations for violations of the fire code, and for fireworks, gas fitting, and electric code violations. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Calvin D. Pratt for Executive Departments and Administration: This bill clearly delineates this authority of fire marshals to cite unlicensed individuals for fire safety violations under the authority of the professional boards. Vote 12-3.

Amendment (0761h)

Amend RSA 21-P:4, VII as inserted by section 1 of the bill by replacing it with the following:

VII. Have the discretion to grant authority to issue a citation for violations of fire safety rules adopted under RSA 153:4-a [and], RSA 153:5, **RSA 153:28, RSA 153:29-a, and RSA 160-C** to the state fire marshal or his designee, or to any fire chief, fire investigator, fire inspector or [~~fire prevention~~] **code enforcement** officer who meets the qualifications established pursuant to RSA 21-P:14, II(s). A citation for violations under this paragraph shall carry the penalty set forth under RSA 153:24. **Any such officer may also be granted authority under the conditions set forth in RSA 21-P:14, II(s) to issue a citation for violations to an unlicensed person pursuant to RSA 319-C and RSA 329-A.**

Amendment adopted.

Committee report adopted and ordered to third reading.

HB 418-FN, requiring state agencies to consider open source software when acquiring new software. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Calvin D. Pratt for Executive Departments and Administration: This bill codifies a process that is already being used at the discretion of the state's information technology workers. Although it would require a three person team to fully implement, the cost would be offset by software savings resulting in a cost neutral program going forward. This bill was supported by the department of information technology and the archivist's office. Vote 11-2.

Amendment (0733h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the use of open source software and open data formats by state agencies and relative to the adoption of a statewide information policy regarding open government data standards.

Amend the bill by replacing all after section 1 with the following:

2 New Subdivision; Department of Information Technology; Open Standards. Amend RSA 21-R by inserting after section 9 the following new subdivision:

Open Standards

21-R:10 Definitions. In this subdivision:

I. "Open source software" means software that guarantees the user, without further cost:

- (a) Unrestricted use of the software for any purpose;
- (b) Unrestricted access to the respective source code;
- (c) Exhaustive inspection of the working mechanisms of the software;
- (d) Use of the internal mechanisms and arbitrary portions of the software, to adapt them to the needs of the user;

- (e) Freedom to make and distribute copies of the software; and

- (f) Modification of the software and freedom to distribute modifications of the new resulting software, under the same license as the original software.

II. "Open standards" means specifications for the encoding and transfer of computer data that:

- (a) Is free for all to implement and use in perpetuity, with no royalty or fee;

- (b) Has no restrictions on the use of data stored in the format;
- (c) Has no restrictions on the creation of software that stores, transmits, receives, or accesses data codified in such way;
- (d) Has a specification available for all to read, in a human-readable format, written in commonly accepted technical language;
- (e) Is documented, so that anyone can write software that can read and interpret the complete semantics of any data file stored in the data format;
- (f) If it allows extensions, ensures that all extensions of the data format used by the state are themselves documented and have the other characteristics of an open data format;
- (g) Allows any file written in that format to be identified as adhering or not adhering to the format; and
- (h) If it includes any use of encryption or other means of data obfuscation, provides that the encryption or obfuscation algorithms are usable in a royalty-free, nondiscriminatory manner in perpetuity, and are documented so that anyone in possession of the appropriate encryption key or keys or other data necessary to recover the original data is able to write software to access the data.

III. "Proprietary software" means software that does not fulfill all of the guarantees provided by open source software.

IV. "State agency" means any department, commission, board, institution, bureau, office, or other entity, by whatever name called, including the legislative and judicial branches of state government, established in the state constitution, statutes, or executive orders.

21-R:11 Use of Open Source Software by State Agencies.

I. For all software acquisitions, each state agency, in consultation with the department of information technology, shall:

- (a) Consider acquiring open source software products and services as an alternative to proprietary software products and services;
- (b) Except as provided in subparagraphs (d) and (e), acquire software products primarily on a value-for-money basis;
- (c) Provide justification to the chief information officer whenever a proprietary software product is acquired rather than open source software;
- (d) Avoid the acquisition of products that do not comply with open standards for interoperability or data storage; and
- (e) Avoid the acquisition of products that are known to make unauthorized transfers of information to, or permit unauthorized control of or modification to a state agency's computer.

II. All state procurement documents related to software acquisitions shall include language that requires adherence to this section.

21-R:12 Metrics; Inventory of Open Source Software Used by State Agencies. Each state agency shall maintain an inventory of all proprietary and open source software products used by the agency.

21-R:13 Use of Open Data Formats by State Agencies.

I. The commissioner shall assist state agencies in the purchase or creation of data processing devices or systems that comply with open standards for the accessing, storing, or transferring of data. The commissioner shall:

- (a) Ensure that any new data standards which the state of New Hampshire defines and to which it owns all rights are open standards compliant.
- (b) Use open standards unless specific project requirements preclude use of an open data format.

(c) Reexamine existing data stored in a restricted format to which the state of New Hampshire does not own the rights every 4 years to determine if the format has become open and, if not, whether an appropriate open standard exists.

(d) Make readily accessible, on the state website, documentation on open data formats used by the state of New Hampshire. When data in open format is made available through the state's website, a link shall be provided to the corresponding data format documentation.

21-R:14 Statewide Information Policy on Open Government Data Standards.

I. The commissioner shall develop a statewide information policy based on the following principles of open government data. According to these principles, open data is data that is:

- (a) Complete. All public data is made available, unless subject to valid privacy, security, or privilege limitations.
- (b) Primary. Data is collected at the source, with the highest possible level of granularity, rather than in aggregate or modified forms.

- (c) Timely. Data is made available as quickly as necessary to preserve the value of the data.
- (d) Accessible. Data is available to the widest range of users for the widest range of purposes.
- (e) Machine processable. Data is reasonably structured to allow automated processing.
- (f) Nondiscriminatory. Data is available to anyone, with no requirement of registration.
- (g) Nonproprietary. Data is available in a format over which no entity has exclusive control, with the exception of national or international published standards.
- (h) License-free. Data is not subject to any copyright, patent, trademark, or trade secret regulation. Reasonable privacy, security, and privilege restrictions may be allowed.

II. The information policy developed under paragraph I shall include a mechanism for adoption and review by each state agency. Each agency that adopts the policy shall designate a contact person responsible for oversight and implementation of open government data standards for that agency. The contact shall act as a liaison between the department, the implementing agency, and the public in matters related to open government data standards. The commissioner shall include the status of the development and implementation of the statewide information policy based on open government data standards in the quarterly report to the legislative oversight committee under RSA 21-R:9.

III. In developing the open data standards policy, the commissioner shall solicit information from the secretary of state relative to state archiving practices and the collection of data for historical purposes.

3 Department of Information Technology; Duties of Commissioner Regarding Acquisition of Information Systems. Amend RSA 21-R:4, I to read as follows:

I. Providing technical information technology consultation to all executive branch agencies and to any other agency that requests it, including technical advice *consistent with the principles of open government data established in RSA 21-R:11 through RSA 21-R:14* during the development or acquisition of information systems.

4 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill requires state agencies to consider open source software when acquiring software and promotes the use of open data formats by state agencies. This bill also directs the commissioner of information technology to develop a statewide information policy based on principles of open government data.

Amendment adopted.

Committee report adopted and ordered third reading.

HB 444-FN, making John Stark Day a New Hampshire state holiday. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Peter T. Hansen for Executive Departments and Administration: The committee agrees with the sponsor that the significant contributions made by General Stark to the state and the nation in its infancy deserve recognition in the form of a proclamation urging the schools on the 4th Monday in April to commemorate the day with appropriate activities and events. Vote 12-3.

Amendment (0590h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the commemoration of General John Stark Day.

Amend the bill by replacing all after the enacting clause with the following:

1 Observances Proclaimed by the Governor; General John Stark Day. Amend RSA 4:13-1 to read as follows:

4:13-1 General John Stark Day. The governor shall annually proclaim the fourth Monday in April as General John Stark Day and shall urge cities and towns throughout the state to observe this day in commemoration of General Stark's gallant and illustrious service to New Hampshire and his country. *The governor shall urge schools to commemorate the day with appropriate activities and events.*

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill requires the governor to urge schools to commemorate General John Stark Day with appropriate activities and events.

Amendment adopted.

Committee report adopted and ordered to third reading.

HB 450, relative to the regulatory authority of the board of barbering, cosmetology, and esthetics. **OUGHT TO PASS WITH AMENDMENT.**

Rep. John Sytek for Executive Departments and Administration: This bill, as introduced, would permit unlicensed people to perform barbering, cosmetology, and esthetics services provided that there is no compensation for the services performed. The amendment closes a possible loophole while maintaining the intent of the sponsor by inserting an exemption for these services including manicuring performed for friends and family and with no compensation. The amendment also decreases the penalties for offenses. Current law makes possible a penalty of a year in county jail if an unlicensed person gives a haircut. Although the committee knows of no such prosecution, it feels that it is bad law to leave so drastic a penalty up to prosecutorial discretion. Vote 15-1.

Amendment (0716h)

Amend the bill by replacing all after the enacting clause with the following:

1 Barbering, Cosmetology, and Esthetics; License Required; Compensation. Amend RSA 313-A:9, I to read as follows:

I. It shall be a ~~[class A misdemeanor]~~ **violation** for any natural person, and a ~~[felony]~~ **class A misdemeanor** for any other person, to engage in any practice regulated by this chapter without the appropriate license.

2 New Paragraph; Exemption Added; Barbering, Manicuring, Cosmetology, and Esthetics. Amend RSA 313-A:25 by inserting after paragraph II the following new paragraph:

III. The provisions of this chapter relative to barbering, manicuring, cosmetology and esthetics shall not be construed to apply to the provision of barbering, manicuring, cosmetology, or esthetics services to family and friends when done for no compensation.

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill reduces the penalty for unlicensed practice of barbering, manicuring, cosmetology, or esthetics. The bill also adds an exemption for providing barbering, manicuring, cosmetology, or esthetics services to family and friends for no compensation.

Amendment adopted.

Committee report adopted and ordered to third reading.

HB 452-FN, establishing the independent regulation of dental hygienists. **INEXPEDIENT TO LEGISLATE.**

Rep. John Sytek for Executive Departments and Administration: The practice of dental hygiene is presently governed by the board of dental examiners. This bill would establish a separate board regulating dental hygienists in matters such as licensing, procedural aspects, and work rules (but would not change their scope of practice). This bill has had a long history. Nonetheless, the committee did not feel that the issues raised by the dental hygienists rose to the level of setting up yet another board in state government at this time. A major complicating factor is that dentists and dental hygienists are in an employer-employee relationship more directly than in any other licensed profession. Thus dental hygienists would have to answer to two authorities which could very well be in conflict with one another. The committee felt that the needs of the dental hygienists could be more appropriately addressed by giving them a greater voice in the board of dental examiners. The ITL recommendation is made in favor of HB 565 which provides a positive step in that direction. Vote 12-5.

Committee report adopted.

HB 565, establishing a dental hygienists committee within the board of dental examiners. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Peter B. Schmidt for Executive Departments and Administration: This bill confers a substantial degree of rulemaking authority and self-governance on this valued and hitherto insufficiently empowered profession, while maintaining a unified and collaborative oversight board of dental care for the benefit of New Hampshire citizens. Similar arrangements are in effect in numerous other states. Vote 12-3.

Amendment (0755h)

Amend RSA 317-A:2-a, I(c) as inserted by section 1 of the bill by replacing it with the following:

(c) The additional non-board dental hygienist members shall serve terms of 3 years, with initial terms staggered to provide for annual appointments. The New Hampshire Dental Hygienists'

Association, the New Hampshire Dental Society, and the dental hygiene education community shall each nominate one dental hygienist for appointment as additional members of the committee. Subsequent appointments shall be made from the same nominating authority as the committee member whose term expires.

Amendment adopted.

Committee report adopted and ordered to third reading.

HB 623, prohibiting preferences in recruiting, hiring, promotion, or admission by state agencies, the university system, the community college system, and the postsecondary education commission.

MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Peter B. Schmidt for the Majority of Executive Departments and Administration: This bill drew strong and persuasive testimony in opposition, both as to the premise of the language proposed for addition to the existing statute and to the facts of current practice. After much deliberation the committee majority concluded that the bill is unnecessary. Vote 9-6.

Rep. Spec Bowers for the Minority of Executive Departments and Administration: HB 623 prohibits preferential treatment or discrimination in recruiting, hiring, promotion, or admission by state agencies, colleges, or universities. The minority believes that "affirmative action" hurts the very people it tries to help. Installing a less qualified person in a demanding environment sets him or her up for failure. It is far better for a student to graduate from a lower tier college than to flunk out of a higher tier college. Secondly, well qualified individuals may be stigmatized because they happen to be members of a "preferred" group. For such individuals it may take years of hard work for others to realize that they are fully qualified. The committee believes that the best path is for all people to be judged not "by the color of their skin, but by the content of their character."

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Bowers spoke against.

Rep. Watters spoke in favor and yielded to questions.

Rep. Gladys Johnsen requested a roll call; sufficiently seconded.

and the minority committee report was adopted and ordered to third reading.
Rep. Panek declared a conflict of interest and did not participate.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Carol McGuire moved that the House reconsider its action whereby, on a roll call vote of 219-79, it adopted the minority committee report of Ought to Pass on **HB 623**, prohibiting preferences in recruiting, hiring, promotion, or admission by state agencies, the university system, the community college system, and the postsecondary education commission.

Rep. Carol McGuire spoke against.

On a division vote, 59 members having voted in the affirmative and 240 in the negative, the motion failed.

Rep. Panek declared a conflict of interest and did not participate.

RESOLUTION

Rep. Jasper offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Wednesday, March 16, 2011 at 9:00 a.m. Adopted.

LATE SESSION

Third reading and final passage

HB 597, revising the child support guidelines based on an income shares model of calculating child support.

HB 31, relative to insurance payments for ambulance services.

HB 102, establishing a committee to study certain issues relative to the insurance department, banking department, and bureau of securities regulation of the office of the secretary of state.

HB 175, relative to technical changes in life, accident, and health insurance.

HB 246, relative to prearranged funeral contracts or burial plans.

HB 248, establishing a commission to study business regulations in New Hampshire.

HB 291, relative to permissible fireworks.

HB 298, requiring condominium management companies to make certain disclosures to the condominium board of directors.

HB 317, relative to fire warning devices and carbon monoxide detection devices in dwellings.

HB 322, relative to occupancy fees charged by manufactured housing park owners.

HB 398, relative to service animals.

HB 405, relative to dissolving corporations.

HB 419-FN, relative to language in insurance certificates.

HB 424, relative to surplus lines tax collection.

HB 504-FN, licensing reverse distributors of drugs and requiring manufacturers, wholesalers, distributors, service distributors, and brokers to report changes in ownership.

HB 601-FN, relative to implementation of federal health care reform.

HB 627-FN, relative to "essential benefits" under federal health care reform.

HB 544, relative to state authority over firearms and ammunition.

HB 290, relative to staffing exceptions for small schools.

HB 386, adding Granite State college to the university system of New Hampshire corporate charter and adding a student trustee from Granite State college to the university system board of trustees.

HB 251, relative to absentee ballots.

HB 257, relative to removal of political advertising.

HB 258, eliminating certain unenforced election laws.

HB 274-FN, relative to voting procedures.

HB 451-FN, relative to prerecorded political messages.

HB 487-FN, relative to election day registrants.

HB 588, relative to polling hours and location of polling places.

HB 46, relative to the membership of the current use advisory board.

HB 30, relative to reciprocity for licensure by the board of veterinary medicine.

HB 43, relative to the adoption of forms under the administrative procedures act.

HB 211, relative to the review and approval of proposed agency rules under the administrative procedures act.

HB 339-FN-A, allowing the state veterinarian to employ a meat inspection services administrator and making an appropriation therefor.

HB 390, relative to the reinstatement and repeal of certain boards, commissions, councils, advisory committees, and task forces.

HB 491-FN, relative to divestiture of retirement system assets relating to Sudan.

- HB 503**, allowing a master electrician to have 2 apprentice electricians under his or her supervision.
- HB 508-FN**, establishing a performance measurement system for state agencies.
- HB 196**, relative to the certificates of completion of a basic hunter education program or bow hunter education program.
- HB 71**, authorizing establishment of pharmaceutical drug take-back programs.
- HB 191**, relative to the community mental health system.
- HB 284-FN**, relative to contact lens prescriptions.
- HB 426**, adding certain entities to the unused prescription drug program.
- HB 642-FN**, requiring the departments of health and human services and administrative services to jointly issue a certain request for information.
- HB 146**, relative to the right of a jury to judge the application of the law in relationship to the facts in controversy.
- HB 305**, relative to the homestead right.
- HB 347**, exempting from nondisclosure the records of accidents involving and violations by county, city, and town employees and officials.
- HB 431**, relative to psychiatric evaluations.
- HB 609-FN**, establishing the New Hampshire circuit court to replace the current probate courts, district courts, and judicial branch family division.
- HB 401**, relative to postsecondary training for workers with disabilities.
- HB 647**, relative to withholding of wages.
- HB 114**, reinstating and expanding the duties of the joint legislative historical committee.
- HB 190**, relative to legislative study committees.
- HB 520-FN**, requiring certain bills to have performance standard notes.
- HB 144**, relative to energy efficiency and clean energy districts.
- HB 205-FN**, relative to notice to owners of upstream dams.
- HB 358**, relative to the maintenance, repair, and preservation of burial grounds.
- HB 382**, relative to the maintenance of municipal public cemeteries.
- HB 521**, relative to meeting dates for county conventions.
- HB 541**, relative to ownership of property placed in trust qualifying for certain property tax exemptions and credits.
- HB 594**, relative to the application of procedures for discharge or suspension from county employment.
- HB 622**, relative to adjustments to the semi-annual and quarterly collection of property taxes in towns and cities.
- HB 558**, relative to exchanging Haseltine Street in Plaistow for a section of NH 121A from the intersection of Haseltine and Main Streets to the border with Haverhill, Massachusetts.
- HB 603**, prohibiting public works projects and natural formations from being named in honor of any living elected, or formerly elected, official.
- HB 27**, relative to the classification of rivers, de minimis impact work in designated rivers, and protected instream flows, and extending the time for septage and sludge land application restrictions.
- HB 33**, relative to the care of memorials in Franconia Notch state park.
- HB 149**, designating segments of the Lamprey, North Branch, Pawtuckaway, North, Little, and Piscassic Rivers as protected rivers and exempting certain portions of the Lamprey River from the provisions of the comprehensive shoreland protection act.
- HB 404**, relative to toilet facilities at recreational campgrounds or camping parks.
- HB 439-FN-L**, relative to claiming an invasive species as a habitat.
- HB 381**, authorizing net metering for micro-combined heat and power systems.
- HB 650-FN-L**, authorizing a school district to call a special meeting in the event of changes in the amount of state education funding.
- HB 134**, relative to eligibility for walking disability plates.
- HB 397**, relative to image display devices in motor vehicles.
- HB 548**, relative to boater safety education and relative to the minimum age for operation of motorized vessels.
- HB 579**, exempting department of revenue administration guidelines from the right-to-know law.
- HB 605**, authorizing the business finance authority to establish a New Hampshire innovation business job growth program.
- HB 52**, relative to grounds for modification of parental rights and responsibilities.
- HB 178**, establishing a committee to study issues regarding Financial Resources Mortgage, Inc.

HB 262-FN, relative to beverage manufacturers.

HB 276-FN, relative to wine manufacturers.

HB 333-FN, repealing certain provisions relating to the sale of oleomargarine.

HB 629-FN, relative to the uninsured health care database.

HB 89, requiring the attorney general to join the lawsuit challenging the Patient Protection and Affordable Care Act.

HB 145, permitting the audio and video recording of a law enforcement officer while in the course of his or her official duties.

HB 147-FN, making the commission of certain offenses punishable under the capital murder statute.

HB 210-FN, relative to the use of deadly force to protect oneself.

HB 225-FN, relative to the return of personal property confiscated by law enforcement agencies from a person charged with a crime.

HB 330-FN, relative to carrying firearms.

HB 378-FN, inserting an exception to the criminal threatening statute, relative to the minimum mandatory sentence for a felony conviction involving the possession, use, or attempted use of a firearm, and relative to the definition of "non-deadly" force.

HB 478-FN-L, relative to testimony by video teleconference.

HB 524-FN, excluding persons convicted of violent crimes from mandatory early release on probation or parole.

HB 369-FN-L, relative to withdrawal from a school administrative unit or an authorized regional enrollment area school.

HB 370, making changes to the pupil safety and violence prevention act.

HB 429, permitting a child 16 years of age or older to withdraw from school with parental permission.

HB 542-FN, prohibiting a school district from requiring that a parent send his or her child to any school or program to which the parent may be conscientiously opposed.

HB 505-FN, making charter schools eligible for grants for leased space.

HB 528-FN-L, requiring school districts to develop a facility maintenance and capital improvement program.

HB 186-FN, relative to the definition of political communication.

HB 411, relative to distributing campaign materials at the polling place.

HB 466-FN, eliminating the ballot law commission.

HB 331-FN, relative to posting agency expenditures on the state transparency website.

HB 355, enabling state and local fire and building officials to issue citations for violations of the fire code, and for fireworks, gas fitting, and electric code violations.

HB 418-FN, relative to the use of open source software and open data formats by state agencies and relative to the adoption of a statewide information policy regarding open government data standards.

HB 444-FN, relative to the commemoration of General John Stark Day.

HB 450, relative to the regulatory authority of the board of barbering, cosmetology, and esthetics.

HB 565, establishing a dental hygienists committee within the board of dental examiners.

HB 623, prohibiting preferences in recruiting, hiring, promotion, or admission by state agencies, the university system, the community college system, and the postsecondary education commission.

UNANIMOUS CONSENT

Rep. DiPentima addressed the House.

RECESS MOTION

Rep. Tucker moved that the House stand in recess for the purposes of the introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports.
Adopted.

The House recessed at 6:20 p.m.

RECESS

(Speaker O'Brien in the Chair)

Rep. Jasper moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 11

Wednesday, March 16, 2011

The House assembled at 9:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Roger Boucher.

Gracious and Heavenly Father, we pause and bow our heads to ask for Your blessing and to give thanks for the goodness that You have given us. We remember before You Representative Lynne Ober of Hudson, whose mother passed away last night, and her husband, Representative Russ Ober. Assist us, this day, with the time and the talent we need to accomplish the common good. We ask this by Your Holy name. Amen.

Speaker O'Brien addressed the House in regards to the tragedy in Japan.

MOTON TO PRINT REMARKS

Rep. James Belanger moved that the remarks made by Speaker O'Brien be printed in the Permanent Journal.

Adopted.

REMARKS

Speaker O'Brien: On behalf of the New Hampshire House of Representatives, I want to send our thoughts and prayers to our friends and the many people of Japan who were impacted by the devastating earthquake and tsunami. With the tragic loss of life coupled with what undoubtedly will be many, many months of difficult recovery for the survivors, we send our deepest sympathies and hopes that those in Northeast Japan have seen an end to the catastrophes and that they will quickly get back to having their lives in order. Thank you.

MOMENT OF SILENCE

A moment of silence was observed for those affected by the earthquake and tsunami in Japan.

Representative Frederick Rice, member from Hampton, led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. Andolina, Beattie, Ronald Belanger, Cox, Day, Grassie, Katsiantonis, Kingsbury and Sapienza, the day, illness.

Reps. Ball, Chase, Comtois, Gimas, Hill, Kidder, Mark Lindsley, William O'Connor, Barry Palmer, Serlin, Shackett, Daniel Sullivan and Weed, the day, important business.

Reps. Lynne Ober, Russell Ober and Schroader, the day, death in the family.

INTRODUCTION OF GUESTS

Paul Gaylord, guest of Rep. Hardwick. Bob Fellows, guest of Rep. Tucker. Fourth grade students from Bow Elementary School, guests of the Bow and Dunbarton delegation. Rich Amari and Marc Sawyer, guests of Rep. Okerman. Larry Hileman and visitors from the Heritage Baptist Church in Nashua, Eric Davis and visitors from Emmanuel Baptist Church in Hooksett, Paul Miller and visitors from Tabernacle Baptist Church in Litchfield, Sam Phillips and visitors from Nashua Baptist Church, Jorgen Stycharz and visitors from Grace Capital Church in Pembroke and Steve Ferreira, guests of Rep. Avard. The Honorable Joel Winters, former member from Manchester, Eileen Landies, Dan Garthwaite, Sandy Pierre, Steve Villee, Paul Comeau and Brandon Ross, guests of Reps. Warden, Cohn, Pratt and Carol McGuire. Loretta and Jacqueline Greazzo, mother and daughter of Rep. Greazzo. Robert Cooper, guest of Rep. Tamburello.

Emma Rourke and Alden LeClair, students from Nashua High School South, Pages for the day.

REGULAR CALENDAR (CONT'D FROM MARCH 15, 2011)

SPECIAL ORDER

HB 348-FN, transferring the duties of the racing and charitable gaming commission to the lottery commission and abolishing the racing and charitable gaming commission, and prohibiting new electronic gaming devices without statutory authorization. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Kenneth H. Gould for the Majority of Executive Departments and Administration: This bill eliminates the racing and charitable gaming commission and transfers all of its duties, personnel, rules, and budget to the state lottery commission. The bill also prohibits the use of new electronic gaming devices in the state without specific statutory authorization. The amendment clarifies that gaming devices can be replaced as needed due to wear and tear. The lottery is a promotional agency and the racing and gaming commission is an enforcement agency, but the committee senses the need to streamline state agencies in this instance. Concerns about regulation of charitable gaming should not be affected by this reorganization. Vote 9-6.

Rep. Lawrence B. Perkins for the Minority of Executive Departments and Administration: Although the minority understands the premise of combining state agencies for the purpose of lowering the budget, we also understand that charitable gaming needs regulation and enforcement and a marketing entity such as the lottery commission is not the vehicle for such an undertaking. In fact five years ago the lottery relinquished bingo and lucky 7's to charitable gaming. This bill looks to save \$60,000 while jeopardizing hundreds of charities in New Hampshire.

Majority Amendment (0538h)

Amend RSA 284:6-a, VI as inserted by section 10 of the bill by replacing it with the following:

VI. Notwithstanding any law, rule or current practice to the contrary, the commission shall not authorize:

(a) Any game, lottery or other offering which was not in use by the public on or before October 1, 2010, including but not limited to any game, lottery or other offering by video slot machine and other gambling machines, devices which function or are designed to emulate a video slot machine or other gambling machine, an historical racing machine, electronic lucky 7 ticket units and computer technology to reveal instant ticket winners, whether in physical presence or through the Internet; or

(b) A reduction in the length of time between placing a wager, purchasing a lottery ticket or otherwise engaging in gambling and the announcement of the result of the wager, lottery or gamble for any game, lottery or other offering which was in use by the public on or before October 1, 2010.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Reps. Lawrence Perkins and Elliott spoke against and yielded to questions.

Reps. Kenneth Gould and Kurk spoke in favor and yielded to questions.

On a division vote, 263 members having voted in the affirmative and 69 in the negative, the majority committee report was adopted.

Ordered to third reading.

HB 425-FN-A-L, making an appropriation for the special education catastrophic aid program for the 2011 fiscal year. **INEXPEDIENT TO LEGISLATE.**

Rep. Karen C. Umberger for Finance: This bill would allocate an extra \$7,892,809 for FY 11 (this year) for special education catastrophic aid. While the committee supports this program, school budgets for FY 11 have already been established. There are no remaining funds available to support this increase. Vote 15-5.

Committee report adopted.

HB 482-FN-A-L, relative to county reimbursements for nursing home services. **INEXPEDIENT TO LEGISLATE.**

Rep. Cindy Rosenwald for Finance: Several years ago, when the state transferred responsibility to the counties for Medicaid long-term costs, the state capped the county costs, starting at \$71.5 million a year for 2008 and rising to \$105 million a year for 2012. The counties sued the state on the grounds of it being an unfunded mandate but did not prevail because the cap prevented them from being harmed. RSA 167:18-a II requires the legislature to set the cap prospectively for the next biennium. The committee understands and agrees with the need to cap the costs. However, since the amount of the cap has been amended in the past, the committee wishes to retain the flexibility of setting the cap within the context of the entire budget. Therefore, the cap will be extended in HB 2. Vote 22-0. Committee report adopted.

HB 206-FN, establishing an apprentice hunting license. **OUGHT TO PASS WITH AMENDMENT.** Rep. Benjamin P. Lefebvre for Fish and Game and Marine Resources: This bill allows the fish and game department to issue an apprentice hunting license to persons who have not completed a hunter education program or provided proof of previous hunting or archery license. The committee feels that issuing an apprentice license for hunting with a bow or a firearm will provide an opportunity for new hunters to explore the enjoyment of hunting in a safe and responsible manner. Vote 9-0.

Amendment (0389h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Fish and Game; Apprentice Hunting License. Amend RSA 214 by inserting after section 6 the following new section:

214:6-a Apprentice Hunting License. Any person who wishes to hunt but who has not completed a hunter education program or provided proof of a previous hunting or archery license, as required in RSA 214:23-a, may purchase an apprentice hunting license. A person holding an apprentice hunting license shall be allowed to hunt only when accompanied by a properly licensed person who is 18 years of age or over. The fees for an apprentice hunting license shall be as provided in RSA 214:9, I for a resident apprentice hunting license, as provided in RSA 214:9, VI for a nonresident apprentice hunting license, or as provided in RSA 214:9, VII-a for a nonresident small game apprentice hunting license. The properly licensed person who is 18 years of age or over accompanying the apprentice shall be fully accountable for any damage incurred or for any violations which may be committed by the apprentice while hunting. Any other permits or licenses for hunting shall be purchased as required by the apprentice hunter. The apprentice hunting license shall not be valid to take moose, shall not apply to the 3-day small game license, and shall not be used as proof of a previous license under RSA 214:23-a, I(c) or II(c). An apprentice hunting license may be purchased only once in the lifetime of the hunter.

2 Effective Date. This act shall take effect January 1, 2012.

AMENDED ANALYSIS

This bill allows the fish and game department to issue an apprentice hunting license to persons who have not completed a hunter education program or provided proof of previous hunting or archery license.

This bill is a request of the fish and game department.

Amendment adopted.

Committee report adopted and ordered to third reading.

HB 571-FN, relative to lobster and crab licenses issued by the fish and game department. **OUGHT TO PASS WITH AMENDMENT.**

Rep. David H. Watters for Fish and Game and Marine Resources: This bill revises criteria for lobster and crab licenses issued by the fish and game department. The bill also clarifies provisions for lobster tail permits and landing licenses for lobster and crabs. In an effort to reduce the latent catch related to individuals who are eligible to purchase a commercial lobster and crab license and have not done so, the department will require those eligible to submit a notarized affidavit indicating their intent to remain eligible to purchase such license in subsequent years. The bill was at the request of the department. Vote 9-0.

Amendment (0539h)

Amend RSA 211:18, III(e) as inserted by section 1 of the bill by replacing it with the following:

(e) Beginning January 1, 2012, any eligible individual shall purchase a commercial or limited commercial lobster and crab license for each calendar year in order to remain eligible to purchase such license in subsequent years, except that:

(1) Active duty military personnel stationed outside the state for any portion of the calendar year may submit duty orders and a written request to the executive director to obtain an exemption for that year.

(2) The purchase requirement shall not pertain to those individuals prohibited from purchasing a valid lobster and crab license for the entire calendar due to a court conviction for violation of marine fisheries regulations.

(3) The purchase requirement shall not pertain to those individuals who file with the executive director, each year, a notarized affidavit indicating their intent to remain eligible to purchase such license in subsequent years. The notarized affidavit shall be on a form provided by the department and shall be postmarked on or before June 30 of that year.

Amend the bill by replacing section 4 with the following:

4 Effective Date.

I. Sections 1 and 3 of this act shall take effect January 1, 2012.

II. The remainder of this act shall take effect upon its passage.

Amendment adopted.

Committee report adopted and ordered to third reading.

HB 58, relative to inter-facility transfers of critical access hospital patients. **OUGHT TO PASS.**

Rep. Laurie Harding for Health, Human Services and Elderly Affairs: This bill deletes the exception for emergency medical and trauma services to allow certain providers (MD, RN or PA) to ride alone in the back of an ambulance while transporting a critically ill patient. After much discussion, the NH hospital association, the emergency nurses' association, the NH nurses association and the NH department of safety, division of fire standards and training, emergency planning medical services came together and agreed that having only one clinician in the back of the ambulance was unsafe practice for the patient, the clinician and the hospital, especially considering current emergency medical services law requires two paramedics be in the back of an ambulance with a critically ill patient. The committee agreed. Vote 14-2.

Committee report adopted and ordered to third reading.

HB 295, relative to the use of long-term antibiotics for the treatment of Lyme disease. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Laurie Harding for Health, Human Services and Elderly Affairs: Lyme disease has emerged as a devastating problem for many NH people. There is not a consensus of understanding about treatment modalities. This legislation directs the board of medicine to place a statement on their website that "No licensee may be subject to disciplinary action for prescribing, administering or dispensing long-term antibiotic therapy for a patient clinically diagnosed with Lyme disease, if diagnosis and treatment has been documented in the physician's medical record for that patient." This serves to protect persons with Lyme disease and not interfere with the practice of medicine. Vote 18-0.

Amendment (0748h)

Amend the bill by replacing all after the enacting clause with the following:

1 Board of Medicine; Lyme Disease Treatment. The board of medicine established in RSA 329:2 shall post and maintain on its website the following statement: No licensee may be subject to disciplinary action solely for prescribing, administering, or dispensing long-term antibiotic therapy for a patient clinically diagnosed with Lyme disease, if diagnosis and treatment has been documented in the physician's medical record for that patient.

2 Terms Defined. For purposes of section 1 of this act:

I. "Long-term antibiotic therapy" means the administration of oral, intramuscular, or intravenous antibiotics, singly or in combination, for periods of time in excess of 4 weeks.

II. "Lyme disease" means the disease caused by the bacterium *Borrelia burgdorferi* and transmitted to humans by the bite of an infected blacklegged tick. Typical symptoms include fever, headache, fatigue, and a characteristic skin rash called erythema migrans. If left untreated, infection can spread to joints, the heart, and the nervous system. Lyme disease is diagnosed based on symptoms, physical findings such as rash, and the possibility of exposure to infected ticks; laboratory testing is helpful when used appropriately.

3 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill requires the board of medicine to post a statement on Lyme disease treatment on its website.

Amendment adopted.

Committee report adopted and ordered to third reading.

HB 442-FN, relative to the use of marijuana for medicinal purposes. **OUGHT TO PASS WITH AMENDMENT.**

Rep. John M. Reagan for Health, Human Services and Elderly Affairs: This bill first and foremost keeps the decision of medicinal healthcare between the patient and physician and not the government. It also removes the risk of any ailing patient from arrest, prosecution and jail if legally using cannabis for medicinal purposes. For a significant number of patients, clinical experience and research

confirm that marijuana serves as the only effective medicine for relieving pain, suppressing nausea, stimulating appetite, minimizing severe and chronic symptoms as a result of serious and terminal medical conditions and creating an opportunity for patients to connect with their loved ones in their dying days. Numerous studies by blue-ribbon government panels and federally funded, peer reviewed scientific studies have consistently found that cannabis is effective for treating certain debilitating symptoms when traditional, legally prescribed, therapeutic drugs are not effective. Studies have consistently found that cannabis is an effective analgesic and antispasmodic agent, that its side effects are often less debilitating than those of drugs currently approved for treating the same ailments, and for some individuals is the only meaningful option. It is one of the safest therapeutically active substances known. For certain persons, the medical use of marijuana laws such as HB 442 are not preempted by federal law, as stated explicitly in the Federal Controlled Substance Act. As of July 2, 2010, the department of veterans affairs (a federal agency) accepts medical cannabis as an effective medicine and formally allows patients treated at its hospitals and clinics to use medicinal cannabis in those states where it is legal as an alternative medicine. Vote 14-3.

Amendment (0734h)

Amend the bill by replacing all after the enacting clause with the following:

1 Findings.

I. Modern medical research has discovered beneficial uses for marijuana in treating or alleviating the pain, nausea, and other symptoms associated with a variety of debilitating medical conditions, as found by the National Academy of Sciences' Institute of Medicine in March 1999.

II. Subsequent studies since the 1999 National Academy of Sciences' Institute of Medicine report continue to show the therapeutic value of marijuana in treating a wide array of debilitating medical conditions. These include relief of the neuropathic pain caused by multiple sclerosis, HIV/AIDS, and other illnesses that often fails to respond to conventional treatments and relief of nausea, vomiting, and other side effects of drugs used to treat HIV/AIDS and hepatitis C, increasing the chances of patients continuing on life-saving treatment regimens.

III. Marijuana has many currently accepted medical uses in the United States, having been recommended by thousands of licensed physicians to at least 500,000 patients in states with medical marijuana laws. Marijuana's medical utility has been recognized by a wide range of medical and public health organizations, including the American Academy of HIV Medicine, the American College of Physicians, the American Nurses Association, the American Public Health Association, the Leukemia & Lymphoma Society, and many others.

IV. Data from the Federal Bureau of Investigation's Uniform Crime Reports and the Compendium of Federal Justice Statistics shows that approximately 99 out of every 100 marijuana arrests in the United States are made under state law, rather than under federal law. Consequently, changing state law will have the practical effect of protecting from arrest the vast majority of seriously ill patients who have a medical need to use marijuana.

V. Alaska, California, Colorado, the District of Columbia, Hawaii, Maine, Michigan, Montana, Nevada, New Mexico, New Jersey, Oregon, Vermont, Rhode Island, and Washington have removed state-level criminal penalties from the medical use and cultivation of marijuana. New Hampshire joins in this effort for the health and welfare of its citizens.

VI. States are not required to enforce federal law or prosecute people for engaging in activities prohibited by federal law. Therefore, compliance with this act does not put the state of New Hampshire in violation of federal law.

VII. State law should make a distinction between the medical and non-medical uses of marijuana. Hence, the purpose of this act is to protect patients with debilitating medical conditions, as well as their physicians and designated caregivers, from arrest and prosecution, criminal and other penalties, and property forfeiture if such patients engage in the medical use of marijuana.

VIII. The people of the state of New Hampshire declare that they enact this act pursuant to the police power to protect the health of its citizens that is reserved to the state of New Hampshire and its people under the 10th Amendment to the United States Constitution.

2 New Chapter; Use of Marijuana for Medicinal Purposes. Amend RSA by inserting after chapter 126-U the following new chapter:

CHAPTER 126-V

USE OF MARIJUANA FOR MEDICINAL PURPOSES

126-V:1 Definitions. In this chapter:

I. "Alternative treatment center" means a not-for-profit entity registered under RSA 126-V:8 that acquires, possesses, cultivates, manufactures, delivers, transfers, transports, sells, supplies, or dispenses marijuana, or related supplies and educational materials, to a registered qualifying patient who has designated it, either by dispensing it directly to the registered qualifying patient or by dispensing it to his or her registered designated caregiver.

II. "Alternative treatment center agent" means a principal officer, board member, employee, manager, or volunteer of a registered alternative treatment center who is 21 years of age or older.

III. "Cardholder" means a qualifying patient, a designated caregiver, or an alternative treatment center agent who has been issued and possesses a valid registry identification card.

IV. "Chronic or terminal disease" means cancer, glaucoma, positive status for human immunodeficiency virus, acquired immune deficiency syndrome, hepatitis C currently receiving antiviral treatment, amyotrophic lateral sclerosis, muscular dystrophy, Crohn's disease, agitation of Alzheimer's disease, or multiple sclerosis.

V. "Debilitating medical condition" means the presence of both:

(a) A chronic or terminal disease; and

(b) Symptoms or treatment results that include at least one of the following: cachexia or wasting syndrome, severe pain that has not responded to previously prescribed medication or surgical measures for more than 3 months, severe nausea, severe vomiting, seizures, or severe, persistent muscle spasms.

VI. "Department" means the department of health and human services.

VII. "Designated caregiver" means an individual who is at least 21 years of age including a licensed health care professional, but who is not a qualifying patient, and who has agreed to assist with a patient's medical use of marijuana, including acquiring medical marijuana from an alternative treatment center and delivering it to the qualifying patient, and who has never been convicted of any drug-related offense. Except for a licensed health care professional, a designated caregiver may serve as a designated caregiver for only one qualifying patient at a time.

VIII. "Marijuana" means all parts of any plant of the Cannabis genus of plants, whether growing or not; the seeds thereof; the resin extracted from any part of such plant; and every compound, salt, derivative, mixture, or preparation of such plant, its seeds, or resin. Such term does not include the mature stalks of such plants, fiber produced from such stalks, oil, or cake made from the seeds of such plants, any other compound, salt, derivative, mixture, or preparation of such mature stalks (except the resin extracted therefrom), fiber, oil or cake, or the sterilized seeds of such plants which are incapable of germination.

IX. "Medical use" means the acquisition, possession, preparation, use, delivery, transfer, or transportation of marijuana or paraphernalia relating to the administration of marijuana to treat or alleviate a registered qualifying patient's debilitating medical condition or symptoms or results of treatment associated with the registered qualifying patient's debilitating medical condition.

X. "Physician" means an individual licensed to prescribe drugs to humans under RSA 329 and who possesses certification from the United States Drug Enforcement Administration to prescribe controlled substances, except that in relation to a visiting qualifying patient, "physician" means an individual licensed to prescribe drugs to humans in the state of the patient's residence and who possesses certification from the United States Drug Enforcement Administration to prescribe controlled substances.

XI. "Qualifying patient" means an individual who has been diagnosed by a physician as having a debilitating medical condition.

XII. "Registry identification card" means a document issued by the department that identifies an individual as a qualifying patient, a designated caregiver, or a registered alternative treatment center agent.

XIII. "Seedling" means a marijuana plant that has no flowers and is less than 12 inches in height and less than 12 inches in diameter. A seedling shall meet all three criteria set forth in this paragraph.

XIV. "Usable marijuana" means the dried leaves and flowers of the marijuana plant and any mixture or preparation thereof, but does not include the seeds, stalks, and roots of the plant and does not include the weight of any non-marijuana ingredients combined with marijuana and prepared for consumption as food or drink.

XV. "Visiting qualifying patient" means a patient with a debilitating medical condition who is not a resident of New Hampshire or who has been a resident of New Hampshire for fewer than 30 days.

XVI. "Written certification" means a document signed by a physician stating that in the physician's professional opinion, after having completed a full assessment of the qualifying patient's medical history and current medical condition made in the course of a bona fide physician-patient relationship as defined in RSA 329:1-c of at least 3 months in duration, the qualifying patient has a debilitating medical condition, and the potential benefits of the medical use of marijuana would likely outweigh the health risks for the qualifying patient. The written certification shall be valid for up to one year and shall specify the qualifying patient's debilitating medical condition, which also shall be noted in the qualifying patient's medical records.

126-V:2 Protections for the Medical Use of Marijuana.

I. A qualifying patient who has been issued and possesses a registry identification card shall not be subject to arrest, prosecution, or penalty, or denied any right or privilege, including but not limited to a civil penalty or disciplinary action by a court or occupational or professional licensing board or bureau, for the medical use of marijuana in accordance with this chapter, if the qualifying patient possesses an amount of usable marijuana that does not exceed 2 ounces. A qualifying patient shall remain subject to the provisions of RSA 126-V:5.

II. A designated caregiver who has been issued and possesses a registry identification card shall not be subject to arrest, prosecution, or penalty, or denied any right or privilege, including but not limited to civil penalty or disciplinary action by a court or occupational or professional licensing board or bureau, for assisting a qualifying patient to whom he or she is connected through the department's registration process with the medical use of usable marijuana in accordance with this chapter, if the designated caregiver possesses an amount of marijuana that does not exceed 2 ounces of usable marijuana. A designated caregiver shall remain subject to the provisions of RSA 126-V:5.

III.(a) A qualifying patient is presumed to be lawfully engaged in the medical use of marijuana in accordance with this chapter if the qualifying patient possesses a registry identification card and possesses an amount of marijuana that does not exceed the amount allowed under this chapter.

(b) A designated caregiver is presumed to be lawfully engaged in assisting with the medical use of marijuana in accordance with this chapter if the designated caregiver possesses a registry identification card and possesses an amount of marijuana that does not exceed the amount allowed under this chapter.

(c) The presumptions made in subparagraphs (a) and (b) may be rebutted by evidence that conduct related to marijuana was not for the purpose of treating or alleviating the registered qualifying patient's debilitating medical condition or symptoms or effects of the treatment associated with the debilitating medical condition, in accordance with this chapter.

IV.(a) An alternative treatment center may accept marijuana seeds, seedlings, plants, or useable marijuana from other registered alternative treatment centers in New Hampshire. An alternative treatment center may transfer or sell marijuana seeds, seedlings, plants, or usable marijuana to other registered alternative treatment centers in New Hampshire.

(b) An alternative treatment center may accept a donation of marijuana seeds or seedlings, without compensation, from individuals and entities from jurisdictions outside of New Hampshire who are authorized to cultivate medical marijuana in their home state.

(c) Individuals and entities from jurisdictions outside of New Hampshire who are authorized to cultivate medical marijuana in their home state shall not be subject to arrest, prosecution, or penalty, or denied any right or privilege for donating marijuana seeds or seedlings to alternative treatment centers in New Hampshire.

V.(a) No school or landlord may refuse to enroll or lease to, or otherwise penalize, an individual solely for his or her status as a registered qualifying patient or a designated caregiver, unless failing to do so would put the school or landlord in violation of federal law or regulations.

(b) For the purposes of medical care, including organ transplants, a registered qualifying patient's authorized use of marijuana in accordance with this chapter shall be considered the equivalent of the authorized use of any other medication used at the direction of a physician, and shall not constitute the use of an illicit substance.

(c) Unless a failure to do so would constitute a violation of federal law or federal regulations, an employer shall not discriminate against an individual in hiring, termination, or any term or condition of employment, or otherwise penalize an individual, based upon either of the following:

(1) The individual's status as a registered qualifying patient or registered designated caregiver; or

(2) A registered qualifying patient's positive drug test for marijuana components or metabolites, unless the patient used or possessed, or was under the influence of or impaired by marijuana

on the premises of the place of employment. For purposes of this chapter, "impaired" includes but is not limited to instances where the registered qualifying patient is not able to safely perform essential job tasks.

VI. A person otherwise entitled to custody of, or visitation or parenting time with, a minor shall not be denied such a right solely for conduct allowed under this chapter and there shall be no presumption of neglect or child endangerment.

VII. A registered designated caregiver who is a licensed health care professional may receive compensation for costs associated with assisting a registered qualifying patient who has designated the designated caregiver to assist him or her with the medical use of marijuana. Such compensation shall not constitute the sale of controlled substances.

VIII. A physician shall not be subject to arrest, prosecution, or penalty, or denied any right or privilege, including but not limited to a civil penalty or disciplinary action by the New Hampshire board of medicine or any other occupational or professional licensing board or bureau, solely for providing written certifications or for otherwise stating that, in the physician's professional opinion, a patient is likely to receive therapeutic or palliative benefit from the medical use of marijuana to treat or alleviate the patient's debilitating medical condition or symptoms or effects of treatment associated with the debilitating medical condition, provided that nothing shall prevent a professional licensing board from sanctioning a physician for failing to properly evaluate a patient's medical condition or otherwise violating the standard of care.

IX. Any marijuana, marijuana paraphernalia, licit property, or interest in licit property that is possessed, owned, or used in connection with the medical use of marijuana as allowed under this chapter, or acts incidental to such use, shall not be seized or forfeited.

X. An individual shall not be subject to arrest, prosecution, or penalty, or denied any right or privilege, including but not limited to a civil penalty or disciplinary action by a court or occupational or professional licensing board or bureau, simply for being in the presence or vicinity of the medical use of marijuana as allowed under this chapter.

XI. A registry identification card, or its equivalent, that is issued under the laws of another state, district, territory, commonwealth, or insular possession of the United States that allows, in the jurisdiction of issuance, a visiting qualifying patient to possess marijuana for medical purposes, shall have the same force and effect as a registry identification card issued by the department, provided that a debilitating medical condition as defined in RSA 126-V:1, V exists.

XII. Any cardholder who transfers marijuana to an individual who is not a cardholder under this chapter shall be guilty of a class B felony, shall have his or her registry identification card revoked, and shall be subject to other penalties as provided in RSA 318-B:26. The department may revoke the registry identification card of any cardholder who violates any provision of this chapter, and the cardholder shall be subject to any other penalties established in law for the violation.

XIII. The protections provided to cardholders in this section shall exist only upon presentation of a valid registry identification card.

126-V:3 Departmental Administration.

I. Except as provided for in paragraphs II and III, the department shall issue registry identification cards to qualifying patients who submit all of the following information:

- (a) Written certification as defined in RSA 126-V:1, XVI.
- (b) Application or renewal fee.
- (c) Name, residential and mailing address, and date of birth of the qualifying patient, except that if the applicant is homeless, no residential address is required.
- (d) Name, address, and telephone number of the qualifying patient's physician.
- (e) Name, address, and date of birth of the qualifying patient's designated caregiver, if any.
- (f) Name and address of the alternative treatment center that the qualifying patient designates; a qualifying patient may designate no more than one alternative treatment center at any time.
- (g) A statement signed by the qualifying patient, pledging not to divert marijuana to anyone who is not allowed to possess marijuana pursuant to this chapter and acknowledging that their diversion of marijuana is punishable by a class B felony and revocation of one's registry identification card, in addition to other penalties for the illegal sale of marijuana.
- (h) A complete set of fingerprints for the qualifying patient's designated caregiver, if any.
- (i) A signed statement from the designated caregiver, if any, agreeing to be designated as the patient's designated caregiver and pledging not to divert marijuana to anyone who is not allowed

to possess marijuana pursuant to this chapter and acknowledging that their diversion of marijuana is punishable by a class B felony and revocation of one's registry identification card, in addition to other penalties for the illegal sale of marijuana.

II. The department shall not issue a registry identification card to a qualifying patient who is under the age of 18 unless:

(a) The qualifying patient's physician has explained the potential risks and benefits of the medical use of marijuana to the custodial parent or legal guardian with responsibility for health care decisions for the qualifying patient; and

(b) The custodial parent or legal guardian with responsibility for health care decisions for the qualifying patient consents in writing to:

(1) Allow the qualifying patient's medical use of marijuana;

(2) Serve as the qualifying patient's designated caregiver;

(3) Control the acquisition of the marijuana and the frequency of the medical use of marijuana by the qualifying patient; and

(c) The custodial parent or legal guardian completes an application on behalf of the minor.

III. The department shall verify the information contained in an application or renewal submitted pursuant to this section, and shall approve or deny an application or renewal within 15 days of receiving it. The department may deny an application or renewal only if the applicant did not provide the information required pursuant to this section, the applicant previously had a registry identification card revoked for violating the provisions of this chapter, or if the department determines that the information provided was falsified. An applicant who is aggrieved by a department decision may request an administrative hearing at the department.

IV. The department shall require a state and federal criminal records check on each person who is applying to be a designated caregiver or an alternative treatment center agent. The department shall request the department of safety to perform the state and federal criminal records check and the department of safety shall complete such records checks and convey the findings of such checks to the department within 30 days of the request. The department and the department of safety may exchange necessary data including fingerprint data with the Federal Bureau of Investigation without disclosing that the records check is related to the provisions of RSA 126-V and acts permitted by it. The department and the department of safety shall destroy each set of fingerprints obtained pursuant to this chapter after the criminal records check is complete.

V. The department shall issue a registry identification card to the designated caregiver, if any, who is named in a qualifying patient's approved application and who qualifies under this chapter. The department shall notify the qualifying patient who has designated someone to serve as his or her designated caregiver if a registry identification card will not be issued to the individual.

VI. The department shall issue registry identification cards to qualifying patients and to the designated caregivers within 5 days of approving an application or renewal. Each registry identification card shall expire one year after the date of issuance, unless the physician states in the written certification that he or she believes the qualifying patient would benefit from medical marijuana only until a specified earlier date, then the registry identification card shall expire on that date.

(a) In the case of qualified patients and designated caregivers, registry identification cards shall contain all of the following:

(1) Name, mailing address, and date of birth of the qualifying patient.

(2) If the cardholder is a designated caregiver, the designated caregiver's name, address, and date of birth.

(3) The date of issuance and expiration date of the registry identification card.

(4) A random 10-digit identification number, containing at least 4 numbers and at least 4 letters, that is unique to the cardholder.

(5) A photograph of the cardholder.

(6) A statement that the cardholder is permitted under state law to possess marijuana pursuant to this chapter for the medical use of the qualifying patient.

(b) In the case of a registered alternative treatment center agent, registry identification cards shall contain all of the following:

(1) Name, mailing address, and date of birth of the cardholder.

(2) The name and address of the alternative treatment center.

(3) The date of issuance and expiration date of the registry identification card.

(4) A random 10-digit identification number, containing at least 4 numbers and at least 4 letters, that is unique to the cardholder.

(5) A photograph of the cardholder.

(6) A statement that the cardholder is permitted to engage in activities for the alternative treatment center to cultivate and provide medical marijuana to qualified patients and designated caregivers in accordance with this chapter and a designation as to whether the person is a principal officer, board member, employee, or volunteer.

VII. The department shall track the number of registered qualifying patients who have designated each alternative treatment center and issue a monthly written statement to the alternative treatment center identifying the number of registered qualifying patients who have designated that alternative treatment center along with the registry identification numbers of each patient and each patient's designated caregivers.

VIII. In addition to the monthly reports, the department shall also provide written notice to an alternative treatment center which identifies the names and registration identification numbers of a qualifying patient and his or her designated caregivers whenever any of the following events occur:

(a) A qualifying patient designates the alternative treatment center to serve his or her needs under this chapter;

(b) An existing registered qualifying patient revokes the designation of the alternative treatment center because he or she has designated a different alternative treatment center instead; or

(c) A registered qualifying patient who has designated the alternative treatment center loses his or her status as a registered qualifying patient under this chapter.

IX. The following notifications and department responses are required:

(a) A registered qualifying patient shall notify the department of any change in his or her name, address, or designated caregiver within 10 days of such change.

(b) A registered qualifying patient or alternative treatment center agent who fails to notify the department of any of these changes shall be guilty of a violation, punishable by a fine of no more than \$150. If the qualifying patient's certifying physician notifies the department in writing that either the qualifying patient has ceased to suffer from a debilitating medical condition or that the physician no longer believes the patient would receive benefit from the medical use of marijuana, the card is null and void upon notification by the department to the qualifying patient.

(c) A registered designated caregiver or alternative treatment center agent shall notify the department of any change in his or her name or address within 10 days of such change. A registered designated caregiver or alternative treatment center agent who fails to notify the department of any of these changes shall be guilty of a violation, punishable by a fine of no more than \$150.

(d) When a qualifying patient, designated caregiver, or alternative treatment center agent notifies the department of any change to a name, address, alternative treatment center, or designated caregiver, the department shall issue the cardholder a new registry identification card with a new random 10-digit identification number within 15 days of receiving the updated information and a \$10 fee.

(e) A registered qualifying patient who no longer has a debilitating medical condition and the patient's registered designated caregiver and alternative treatment center shall return all registry identification cards associated with that qualifying patient to the department within 48 hours of receiving the diagnosis by the patient's physician. When a registered qualifying patient dies, the family or designated caregiver shall notify the designated alternative treatment center within 24 hours, the alternative treatment center shall make arrangements to pick up any remaining supply of marijuana within 48 hours of receiving such notification, and the protections of this chapter shall no longer apply.

(f) If a cardholder loses his or her registry identification card, he or she shall notify the department and submit a \$10 fee within 10 days of losing the card. Within 5 days after such notification, the department shall issue a new registry identification card with a new random 10-digit identification number.

X. Mere possession of, or application for, a registry identification card shall not constitute probable cause or reasonable suspicion, nor shall it be used to support the search of the individual or property of the individual possessing or applying for the registry identification card. The seizure of, or application for, a registry identification card shall not preclude the existence of probable cause if probable cause exists on other grounds.

XI.(a) The department shall create and maintain a confidential registry of registered qualifying patients, designated caregivers, and alternative treatment center agents who have applied for and are entitled to receive a registry identification card in accordance with the provisions of this chapter.

(b)(1) Except as specifically provided in this chapter, no person shall be permitted to gain access to any information about qualifying patients, designated caregivers, and alternative treatment center agents in the department's confidential registry, or any information otherwise maintained by the department about physicians and alternative treatment centers, except for authorized employees of the department in the course of their official duties and authorized employees of local and state law enforcement agencies who have stopped or arrested an individual who claims to be engaged in the medical use of marijuana. Authorized employees of local and state law enforcement agencies shall be granted access to the information within the department's confidential registry only for the purpose of verifying that an individual who has presented a registry identification card to the state or local law enforcement official is lawfully in possession of such card. In addition, if a state or local law enforcement agent has obtained a search or arrest warrant for a specific individual or address for which the law enforcement agent has probable cause to believe possesses, cultivates, or distributes marijuana, the department shall confirm or deny whether the individual or location is a registered qualifying patient, designated caregiver, or alternative treatment center agent.

(2) An employer, landlord, court, administrative hearings officer, or health care provider that has been presented with a registry identification card by a person asserting that they are entitled to protections under RSA 126-V:2 may contact the department to verify the validity of the registry identification card. The department shall verify a registry identification card to an employer, landlord, court, or health care provider who requests verification pursuant to this paragraph, provided that the employer, landlord, court, or health care provider provides the random identification card number on the registry identification card. In verifying the validity of a registry identification card, the department shall confirm only whether a card bearing the random identification card number is valid and the name of the person to whom it was issued.

(c) An individual shall be guilty of a class B misdemeanor for breaching the confidentiality of information obtained pursuant to this chapter, except that department employees shall be exempt for notifying law enforcement officials about falsified or fraudulent information submitted to the department, provided the employee who suspects that falsified or fraudulent information has been submitted confers with his or her supervisor, and both agree that circumstances exist that warrant the notification.

XII. The department shall submit to the legislature an annual report that does not disclose any identifying information about qualifying patients, designated caregivers, or physicians, but does contain, at a minimum, all of the following information:

- (a) The number of applications and renewals filed for registry identification cards.
- (b) The number of qualifying patients and designated caregivers approved in the state.
- (c) The number of alternative treatment centers registered in the state.
- (d) The nature of the debilitating medical conditions of the qualifying patients.
- (e) The number of registry identification cards revoked.
- (f) The number of physicians providing written certifications for qualifying patients.

XIII. Where a state or local law enforcement agency encounters an individual who, during the course of an investigation, credibly asserts that he or she is a registered qualifying patient or registered designated caregiver or encounters a registered alternative treatment center, the law enforcement agency shall not provide any information from any marijuana-related investigation of the individual or entity to any law enforcement authority that does not recognize the protection of this chapter and any prosecution of the individual or entity for a violation of this chapter shall be conducted pursuant to the laws of this state. This paragraph shall not apply in cases where the state or local law enforcement agency has probable cause to believe the person is distributing marijuana to a person who is not allowed to possess it under this chapter, nor shall it prevent the sharing of information if the primary offense is unrelated to marijuana.

XIV. The application for qualifying patients' registry identification cards shall include a question asking whether the patient would like the department to notify him or her of any clinical studies regarding marijuana's risk or efficacy that seek human subjects. The department shall inform those patients who answer in the affirmative of any such studies it is notified of that will be conducted in the United States.

126-V:4 Department Rules. Not later than one year after the effective date of this chapter, the department shall adopt rules, pursuant to RSA 541-A, governing the manner in which it shall consider applications for issuance and renewals of registry identification cards for qualifying patients and designated caregivers. The department's rules shall establish application and renewal fees for registry identification cards in accordance with the following:

I. The fee structure by the department for alternative treatment centers and registry identification cards shall generate revenues sufficient to offset all state expenses of implementing and administering this chapter; however,

II. The department may accept donations from private sources without the approval of the governor and council in order to reduce the application and renewal fees.

126-V:5 Prohibitions, Restrictions, and Limitations on the Use of Medical Marijuana.

I. A registered qualifying patient may use medical marijuana on privately-owned real property only with the permission of the property owner or in the case of leased property with the permission of the tenant in possession of the property, except that a tenant shall not allow a qualified patient to smoke medical marijuana on rented property if smoking on the property violates the lease or the lessor's rental policies that apply to all tenants at the property. However, a tenant in possession may permit a qualified patient to use medical marijuana on leased property by ingestion or inhalation through vaporization even if smoking is prohibited by the lease or rental policies. For purposes of this chapter, vaporization shall mean the inhalation of marijuana without the combustion of the marijuana.

II. Nothing in this chapter shall exempt any person from arrest or prosecution for:

(a) Being under the influence of marijuana while:

(1) Operating a motor vehicle, commercial vehicle, boat, or vessel, or any other vehicle propelled or drawn by power other than muscular power;

(2) In his or her place of employment, without the written permission of the employer; or

(3) Operating heavy machinery or handling a dangerous instrumentality.

(b) The use or possession of marijuana by a qualified patient or other cardholder:

(1) For purposes other than alleviating symptoms as permitted by this chapter; or

(2) In a manner that endangers the health, well-being, or safety of another person;

(c) The smoking of marijuana in any public place, including:

(1) A school bus, public bus, or other public vehicle;

(2) A workplace or place of employment, without the written permission of the employer;

(3) The grounds of any preschool or primary or secondary school;

(4) Any correctional facility; or

(5) Any public park, public beach, public recreation center, public field, or youth center.

II. Nothing in this chapter shall be construed to require:

(a) A governmental, private, or any other health insurance provider, health care plan, or medical assistance program to be liable for any claim for reimbursement for the medical use of marijuana;

(b) Any individual or establishment in lawful possession of property to allow a guest, client, customer, or other visitor to use marijuana on or in that property. This chapter shall not limit an individual or entity in lawful possession of property, or an agent of such individual or entity, from expelling an individual who uses marijuana without permission from their property and from seeking civil and criminal penalties for the unauthorized use of marijuana on their property;

(c) Any accommodation of any medical use of marijuana on the property or premises of any place of employment or on the property or premises of any jail, correctional facility, or other type of penal institution where prisoners reside or persons under arrest are detained. This chapter shall in no way limit an employer's ability to discipline an employee for ingesting marijuana in the workplace or working while under the influence of marijuana;

(d) A landlord to permit a qualified patient to use marijuana in any common areas of leased property.

(e) A landlord to permit a qualified patient to smoke marijuana on any or in any leased property, except that a landlord may not prohibit the medical use of marijuana on leased property by a qualified patient through means other than smoking, including but not limited to the ingestion of medical marijuana or the inhalation through vaporization, as long as the tenant in possession of the property provides permission to the qualified patient to use medical marijuana in the rented property.

III. Fraudulent representation to a law enforcement official of any fact or circumstance relating to the medical use of marijuana to avoid arrest or prosecution shall be punishable by a fine of \$500, which shall be in addition to any other penalties that may apply for making a false statement or for the use of marijuana other than use undertaken pursuant to this chapter.

126-V:6 Affirmative Defense. Except as provided in RSA 126-V:5, it is an affirmative defense to any prosecution of an offense involving marijuana intended for medical use that:

I. The defendant is a qualifying patient in possession of a valid registry identification card and at the time of arrest or prosecution was in possession of a quantity of marijuana that was not more than is allowed under this chapter; or

II. The defendant is a designated caregiver in possession of a valid registry identification card and at the time of arrest or prosecution was in possession of a quantity of marijuana that was not more than is allowed under this chapter; and

III. The qualifying patient or the qualifying patient's designated caregiver was engaged in the acquisition, possession, preparation, use, or transportation of marijuana, paraphernalia, or both, relating to the administration of marijuana solely to treat or alleviate the qualifying patient's debilitating medical condition or symptoms or effects of treatment associated with the qualifying patient's debilitating medical condition.

126-V:7 Enforcement.

I. If the department fails to issue a valid registry identification card in response to a completed application for issuance or renewal submitted by a qualifying patient by certified mail pursuant to this chapter within 20 days of the application for issuance or renewal, the registry identification card shall be deemed granted, and a copy of the registry identification application or renewal shall be deemed a valid registry identification card.

II. If the department fails to issue a valid registry identification card in response to a completed application for issuance or renewal submitted by an alternative treatment center agent or a designated caregiver by certified mail pursuant to this chapter within 45 days of the application for issuance or renewal, the registry identification card shall be deemed granted, and a copy of the registry identification application or renewal shall be deemed a valid registry identification card.

III. If at any time after one year following the effective date of this chapter the department is not accepting applications, including if it has not adopted rules allowing qualifying patients to submit applications, a notarized statement by a qualifying patient containing the information required in an application, pursuant to RSA 126-V:3, I together with a written certification shall be deemed a valid registry identification card.

126-V:8 Alternative Treatment Centers.

I. An alternative treatment center registered under this section may acquire, possess, cultivate, manufacture, deliver, transfer, transport, supply, or dispense marijuana, marijuana paraphernalia, and related supplies and educational materials, to registered qualifying patients who have designated it as their alternative treatment center and to their registered designated caregivers for the registered qualifying patients' medical use. An alternative treatment center may receive consideration for providing the goods and services allowed by this section. An alternative treatment center may cultivate and possess whichever of the following quantities is greater: (a) 96 marijuana plants, 96 seedlings, and 32 ounces of usable marijuana; or (b) 6 plants, 6 seedlings, and 2 ounces for each registered qualifying patient who has designated the alternative treatment center to provide him or her with marijuana for medical use. An alternative treatment center may also possess marijuana seeds, stalks, and unusable roots.

II.(a) Not later than one year after the effective date of this section, the department shall adopt rules, pursuant to RSA 541-A, governing alternative treatment centers and the manner in which it shall consider applications for registration certificates for alternative treatment centers, including, but not necessarily limited to, rules governing:

- (1) The form and content of registration and renewal applications.
- (2) Oversight requirements.
- (3) Security requirements, which shall include at a minimum, lighting, physical security, video security, alarm requirements, measures to prevent loitering, and on-site parking.
- (4) Sanitary requirements.
- (5) Electrical safety requirements.
- (6) The specification of acceptable forms of picture identification that an alternative treatment center may accept when verifying a sale.

(7) Personnel requirements including how many volunteers an alternative treatment center is permitted to have and requirements for supervision.

(8) Labeling standards.

(9) Procedures for suspending or terminating the registration of alternative treatment centers that violate the provisions of this section or the rules adopted pursuant to this section, procedures for appealing penalties, and a schedule of penalties.

(10) Procedures for inspections and investigations.

(11) Advertising restrictions, including a prohibition of misrepresentation and unfair practices.

(12) Permissible hours of operation.

(13) The fees for the processing and review of applications for registration as an alternative treatment center for the registration and regulation of an alternative treatment center after it has been approved by the department. Such fees shall be established in an amount that covers all costs of the department and other state agencies, as applicable, for the review, registration, and regulation of alternative treatment centers.

(14) Such other matters as are necessary for the fair, impartial, stringent, and comprehensive administration of this chapter.

(b) The department shall adopt rules with the goal of protecting against diversion and theft, without imposing an undue burden on the registered alternative treatment centers or compromising the confidentiality of registered qualifying patients and their registered designated caregivers.

(c) Within 30 days of the adoption of rules, the department shall begin accepting applications for the operation of alternative treatment centers.

(d) Within 18 months of the effective date of this section, provided that at least 3 applications have been submitted that score sufficiently high to receive a certificate, the department shall issue alternative treatment center registration certificates to the three highest-scoring applicants.

(e) Any time an alternative treatment center registration certificate is revoked, is relinquished, or expires, the department shall accept applications for a new alternative treatment center and issue registration certificates to the applicant who scores the highest.

(f) If at any time after one year after the effective date of this section, fewer than 3 alternative treatment centers hold valid registration certificates in New Hampshire, the department shall accept applications for a new alternative treatment center. Except as provided in subparagraph (g), no more than 3 alternative treatment centers may hold valid registration certificates at one time.

(g) If at any time after 2 years after the effective date of this section, the report issued pursuant to RSA 126-V:9 determines that 3 alternative treatment centers are not sufficient to ensure access to registered qualifying patients throughout the state, the department shall accept applications for up to 2 additional alternative treatment centers and issue registration certificates to the appropriate number of applicants who score the highest. The number of additional alternative treatment centers shall be determined by the department, based on the report issued pursuant to RSA 126-V:9.

III. (a) An alternative treatment center applicant must submit a completed department-approved application form with all required documentation and a non-refundable fee in an amount set by department rule. The alternative treatment center application and supporting materials must include, at a minimum:

(1) The legal name, articles of incorporation, and bylaws of the alternative treatment center.

(2) The proposed physical address of the alternative treatment center, if a precise address has been determined, or, if not, the general location where it would be located. This may include a second location for the cultivation of medical marijuana.

(3) A description of the enclosed, locked facility that would be used in the cultivation of marijuana by the alternative treatment center.

(4) The name, address, and date of birth of each principal officer and board member of the alternative treatment center and a complete set of fingerprints for each of them. The board of directors for the non-profit must include at least one physician, nurse, or pharmacist licensed to practice in New Hampshire and at least 3 patients qualified to register as registered qualifying patients.

(5) Proposed security and safety measures that comply with the rules issued pursuant to 126-V:8 II (a)(4), including a description of interior and exterior lighting and security systems; and

(6) Written procedures, including for cultivation, inventory control, food preparation, if any, quality control, record keeping and incident reporting.

(7) Copies of educational materials that would be provided.

(8) The distance from any pre-existing private or public school.

(9) A copy of the proposed policy regarding services to registered patients who cannot afford to purchase marijuana for medical purposes.

(10) Information demonstrating the applicant's knowledge of organic growing methods to be used in their growing and cultivation of marijuana.

(11) Steps that will be taken to ensure the quality of the marijuana, including purity and consistency of dose.

(12) A start-up timetable which provides an estimated time from registration of the dispensary to full operation, and the assumptions used for the basis of those estimates.

(13) Information showing the applicant's experience running a non-profit or other business.

(14) A full description of a staffing plan that will provide accessible business hours, safe growing and cultivation, and maintenance of confidential information regarding grow sites and the identity of patient information.

(15) A description of any additional services that will be available to patients.

(b) Any time one or more alternative treatment center registration applications are being considered, the department shall also allow for comment by the public and shall solicit input from registered qualifying patients, registered designated caregivers, and the towns or cities where the applicants would be located.

(c) Each time an alternative treatment center certificate is granted, the decision shall be based on the overall health needs of qualified patients and the safety of the public. The department shall evaluate applications for alternative treatment center registration certificates using an impartial and numerically scored competitive bidding process developed by the department in accordance with this chapter. The department shall require applicants to meet a minimum score to be considered. The registration considerations shall include the following criteria:

(1) The suitability of the proposed location or locations, including compliance with any local zoning laws and geographic convenience to patients from throughout the state of New Hampshire to alternative treatment centers if the applicant were approved.

(2) The proposed alternative treatment center's plan for operations and services, including its staffing and training plans, whether it has sufficient capital to operate, and ability to provide a steady supply of marijuana to the registered qualifying patients in the state.

(3) The principal officer and board members' character and relevant experience, including any training or professional licensing related to medicine, pharmaceuticals, natural treatments, botany, or marijuana cultivation and preparation and their experience running a non-profit organization or business.

(4) The applicant's plan for making medical marijuana available on an affordable basis to registered qualifying patients enrolled in Medicaid or receiving Supplemental Security Income or Social Security Disability Insurance.

(5) The applicant's plan for safe and accurate packaging and labeling of medical marijuana, including the applicant's plan for ensuring that all medical marijuana is free of contaminants.

(6) The sufficiency of the applicant's plans for record keeping and inventory control. Records shall be considered confidential health care information under New Hampshire law and are intended to be deemed protected health care information for purposes of the federal Health Insurance Portability and Accountability Act of 1996, as amended. Any dispensing records that a registered alternative treatment center is required to keep shall keep track of transactions according to registered qualifying patients', registered designated caregivers', and registered alternative treatment centers' registry identification numbers, rather than their names, to protect their confidentiality.

(7) The sufficiency of the applicant's plans for safety and security, including proposed location and security devices employed.

(8) Whether the entity possesses or has the right to use sufficient land, buildings, and equipment to properly carry out its duties as an alternative treatment center.

(d) After an alternative treatment center is approved, but before it begins operations, it shall submit the registration and regulation fee paid to the department in accordance with the rules adopted by the department.

(e) Except as provided in subparagraph (h), the department shall issue each alternative treatment center agent a registry identification card or renewal card within 15 days of receipt of the person's name, address, and date of birth and a fee in an amount established by the department. Each card shall specify that the cardholder is a principal officer, board member, agent, volunteer, or employee of an alternative treatment center and shall contain the following:

- (1) The name, address, and date of birth of the alternative treatment center agent.
- (2) The legal name of the alternative treatment center with which the alternative treatment center agent is affiliated.
- (3) A random identification number that is unique to the cardholder.
- (4) The date of issuance and expiration date of the registry identification card.
- (5) A photograph of the cardholder.

(f) Except as provided in this section, the department shall not issue a registry identification card to any principal officer, board member, agent, volunteer, or employee of an alternative treatment center who has been convicted of a drug-related offense. The department shall conduct a background check of each principal officer, board member, agent, volunteer, or employee in order to carry out this provision. The department shall notify the alternative treatment center in writing of the reason for denying the registry identification card. The department may grant such person a registry identification card if the department determines that the offense was for conduct that occurred prior to the effective date of this chapter or that was prosecuted by an authority other than the state of New Hampshire and for which the provisions of this chapter would otherwise have prevented a conviction.

(g) A registration identification card of an alternative treatment center agent shall expire one year after its issuance, or upon the expiration of the registered organization's registration certificate, whichever occurs first.

(h) Notwithstanding any other provision of law, information required to be submitted to the department on an application for an alternative treatment center identifying the locations where marijuana is proposed to be grown, cultivated, harvested, and otherwise prepared for distribution to registered qualifying patients, registered caregivers, and alternative treatment centers, if such location is different from the location of the alternative treatment center, and any other department records identifying such location, shall be considered to be confidential information and not subject to disclosure pursuant to RSA 91-A, provided that such information may be disclosed to a law enforcement agency upon request for purposes of enforcement under this chapter.

IV. (a) An alternative treatment center's registration shall expire 2 years after its registration certificate is issued. The alternative treatment center may submit a renewal application beginning 60 days prior to the expiration of its registration certificate.

(b) The department shall grant an alternative treatment center's renewal application within 30 days of its submission if the following conditions are all satisfied:

- (1) The alternative treatment center submits the required fee, which shall be refunded within 30 days if the renewal application is rejected.
- (2) The department has not suspended the alternative treatment center's registration for violations of this chapter or rules adopted pursuant to this chapter.
- (3) The alternative treatment center is complying with the requirements in paragraph VI.
- (4) The inspections authorized by paragraph V and the report, provided pursuant to subparagraph VI (h), do not raise serious concerns about the continued operation of the alternative treatment center applying for renewal.

(c) If the department determines that any of the conditions listed in subparagraphs (b)(1)-(4) do not exist, the department shall begin an open application process for the operation of an alternative treatment center. In granting a new registration certificate, the department shall consider factors listed in subparagraphs III(a) and III(c).

(d) The department shall issue a 30-day temporary registration certificate to an alternative treatment center after that center's registration would otherwise expire if the following conditions are all satisfied:

- (1) The alternative treatment center has applied for a renewal, but the department has not yet come to a decision.
- (2) The alternative treatment center requested a temporary registration certificate.
- (3) The alternative treatment center has not had its registration certificate revoked due to violations of this chapter or rules adopted pursuant to this chapter.

V. Alternative treatment centers shall be subject to reasonable inspection by the department of health and human services. During an inspection, the department may review the alternative treatment center's records, including its confidential dispensing records, which shall track transactions according to registered qualifying patients' registry identification numbers to protect their confidentiality.

VI. (a) An alternative treatment center shall be operated on a not-for-profit basis for the benefit of its patients. An alternative treatment center need not be recognized as a tax-exempt organization by the Internal Revenue Service.

(b) An alternative treatment center may not be located in a residential district or within 500 feet of the property line of a pre-existing public or private school or playground.

(c) An alternative treatment center shall notify the department within 10 days of when an alternative treatment center agent ceases to be associated with and/or work at the alternative treatment center. His or her registry identification card shall be deemed null and void and the person shall be liable for any other penalties that may apply to the person's non-medical use of marijuana.

(d) An alternative treatment center shall notify the department in writing of the name, address, and date of birth of any proposed new alternative treatment center agent and shall submit a fee in an amount established by the department for a new registry identification card before a new agent or employee begins working at the alternative treatment center, and shall submit a complete set of fingerprints for the prospective alternative treatment center agent.

(e) An alternative treatment center shall implement appropriate security measures to deter and prevent the unauthorized entrance into areas containing marijuana and the theft of marijuana, and shall ensure that each location has an operational security alarm system.

(f) The operating documents of an alternative treatment center shall include procedures for the oversight of the alternative treatment center and procedures to ensure accurate record keeping.

(g) Each alternative treatment center shall keep the following records, dating back at least one year:

(1) Records of the disposal of marijuana that is not distributed by the alternative treatment center to registered patients who have designated the alternative treatment center to cultivate for them.

(2) A record of each transaction, including the amount of marijuana dispensed, the amount of consideration, and the registry identification number of the registered qualifying patient or registered designated caregiver.

(h) Each alternative treatment center shall:

(1) Conduct an initial comprehensive inventory of all medical marijuana, including usable marijuana available for dispensing and mature marijuana plants at each authorized location on the date the alternative treatment center first dispenses medical marijuana.

(2) Conduct a monthly comprehensive inventory of all medical marijuana, including usable marijuana available for dispensing, mature marijuana plants, and seedlings at each authorized location on the date the alternative treatment center first dispenses medical marijuana.

(i) An alternative treatment center shall submit a department-approved incident report form on the next business day after it discovers a reportable incident. The report shall indicate the nature of the breach and the corrective actions taken by the alternative treatment center. For purposes of reporting, an incident includes:

(1) Confidential information accessed or disclosed in violation of department rules;

(2) Loss of inventory by theft or diversion;

(3) Unauthorized intrusion into the alternative treatment center or the one permitted additional location, if any;

(4) Any known violation of this chapter or department rules by an alternative treatment center agent; and

(5) Any other incident that the department by rule requires to be reported.

(j) Alternative treatment centers cannot use pesticides in marijuana cultivation unless pesticides become authorized for application on marijuana.

(k) No marijuana or paraphernalia at an alternative treatment center shall be visible from any public or other property.

(l) An alternative treatment center is prohibited from acquiring, possessing, cultivating, manufacturing, delivering, transferring, transporting, supplying, or dispensing marijuana for any purpose except to assist patients who are allowed to use marijuana pursuant to this chapter with the medical use of marijuana directly or through the registered qualifying patients' designated caregivers.

(m) An alternative treatment center shall submit an annual report to the department which shall provide information required by the department in order to allow the department to evaluate whether the alternative treatment center is adequately providing patients with access to medical marijuana

VII. (a) Each time an alternative treatment center agent dispenses marijuana to a registered qualifying patient directly or through the qualifying patient's registered designated caregiver, he or she shall consult the alternative treatment center's records to verify that the records do not indicate

that the dispensing of marijuana would cause the registered qualifying patient to receive more marijuana than is permitted in a 10-day period. Each time marijuana is dispensed, the alternative treatment center agent shall record the date the marijuana was dispensed and the amount dispensed. All records shall be kept according to the registry identification number of the registered qualifying patient and registered designated caregiver, if any.

(b) Except as provided in subparagraph (c), a registered qualifying patient is not allowed to obtain more than one ounce of usable marijuana directly or through the qualifying patient's registered designated caregiver during a 10-day period;

(c) After providing an opportunity for patients, experts, researchers, and physicians to be heard, the department may issue a rule adjusting the limit specified in subparagraph (a) to an amount that is reasonably necessary for a 10-day supply.

VIII. (a) No registered alternative treatment center shall be subject to the following:

(1) Prosecution for the acquisition, possession, cultivation, manufacture, delivery, transfer, transport, sale, supply, or dispensing of marijuana, or related supplies for medical purposes in accordance with the provisions of this chapter and any rule adopted by the department pursuant to this chapter.

(2) Inspection and search by a law enforcement agency, except pursuant to paragraph V or upon a search warrant issued by a court or judicial officer.

(3) Seizure of marijuana, except upon any order issued by a court or judicial officer.

(4) Imposition of any penalty or denied any right or privilege including, but not limited to, imposition of a civil penalty or disciplinary action by an occupational or professional licensing board or entity, solely for acting in accordance with this chapter to assist registered qualifying patients or registered designated caregivers with the medical use of marijuana.

(b) No alternative treatment center agent shall be subject to arrest, prosecution, search, seizure, or penalty in any manner, or denied any right or privilege including, but not limited to, civil penalty or disciplinary action by a business, occupational, or professional licensing board or entity, solely for working for or with an alternative treatment center to engage in acts permitted by this chapter.

(1) Except when transporting marijuana in accordance with subparagraphs (2) or (3), registered alternative treatment center agents are only allowed to possess and manufacture marijuana at the registered alternative treatment center location or locations for which the alternative treatment center agent is registered. Volunteers are only allowed to possess and manufacture marijuana at a registered alternative treatment center location. Volunteers cannot dispense marijuana.

(2) Distributions of marijuana for medical use to a registered qualifying patient or a registered caregiver for use by a registered qualifying patient shall be labeled with a trip ticket to identify the alternative treatment center, the patient's registry number, or the caregiver's number, the amount and form, the time and date of origin, and destination of the product.

(3) An alternative treatment center with a growing location in addition to the location of the alternative treatment center shall label the marijuana that is being moved between the growing location and the alternative treatment center with a trip ticket that identifies the alternative treatment center by registry number, the time, date, origin, and destination of the material being transported, and the amount and form of marijuana and marijuana material that is being transported. Marijuana shall be transported only by a registered alternative treatment center agent who is not a volunteer.

IX. (a)(1) An alternative treatment center shall not possess an amount of marijuana that exceeds whichever of the following quantities is greater: (a) 96 marijuana plants, 96 seedlings, and 32 ounces of useable marijuana; or (b) 6 plants, 6 seedlings, and 2 ounces for each registered qualifying patient who has designated the alternative treatment center to provide him or her with marijuana for medical use.

(2) An alternative treatment center may possess marijuana seeds, stalks, and unusable roots.

(b) An alternative treatment center or registered alternative treatment center agent shall not dispense, deliver, or otherwise transfer marijuana to a person other than:

(1) A registered qualifying patient who has designated the relevant alternative treatment center; or

(2) Such patient's registered designated caregiver.

(c) A person found to have violated subparagraph (b) of this section shall not be a registered alternative treatment center agent, and such person's registry identification card shall be immediately revoked.

(d) Except as provided in subparagraph III(f), no person who has been convicted of a drug-related offense shall be a registered alternative treatment center agent unless the department has determined that the person's conviction was for the medical use of marijuana or assisting with the medical use of marijuana and issued the person a registry identification card as provided under subparagraph III(g). A person who is employed by or is an agent, volunteer, principal officer, or board member of an alternative treatment center who violates this paragraph shall be guilty of a violation punishable by a fine of up to \$1,000. A subsequent violation of this paragraph shall be a misdemeanor.

(e) All cultivation of marijuana shall take place in an enclosed, locked facility, which can only be accessed by alternative treatment center agents.

X. All marijuana dispensed by an alternative treatment center shall include a label specifying the percent of tetrahydrocannabinol contained in the marijuana, the weight of the marijuana, and any other information the department requires to appear on the label. The label shall also specify that the marijuana is for medical use and that diversion is a class B felony requiring revocation of one's registry identification card.

XI. An alternative treatment center must provide educational materials about marijuana to registered patients and their registered primary caregivers. Each alternative treatment center shall have an adequate supply of up-to-date educational material available for distribution. Educational materials shall be available for inspection by the department upon request. The educational material shall at least include information about the following:

(a) Strains of marijuana, routes of administration, and their different effects. Alternative treatment centers shall have educational materials available to assist in the selection of prepared marijuana. Alternative treatment centers shall provide tracking sheets to registered patients and registered primary caregivers who request them to keep track of the strains used and their effects.

(b) How to achieve proper dosage for different modes of administration. Emphasis shall be on using the smallest amount possible to achieve the desired effect. The impact of potency must also be explained.

(c) Information on tolerance, dependence, and withdrawal must be provided. Alternative treatment centers are not required to continue to furnish marijuana for medical purposes if it is believed that a registered qualifying patient or designated caregiver is abusing marijuana or other substances.

(d) Information regarding substance abuse signs and symptoms must be available, as well as referral information.

(e) Information on whether the alternative treatment center's marijuana and associated products meet organic certification standards.

(f) An alternative treatment center shall provide to each registered qualifying patient and registered designated caregiver receiving marijuana a safety insert, which the department may, at its discretion, inspect and approve, which shall include but not be limited to: (1) methods for administration of medical marijuana; and (2) a description of potential side effects qualifying patients could experience while using medical marijuana.

XII. Each alternative treatment center shall develop, implement, and maintain on the premises employee and agent policies and procedures to address the following requirements:

(a) A job description or employment contract developed for all employees and a volunteer agreement for all volunteers, which includes duties, authority, responsibilities, qualifications, and supervision.

(b) Training in and adherence to confidentiality laws.

(c) The proper use of security measures and controls that have been adopted; and

(d) Specific procedural instructions on how to respond to an emergency.

XIII. Each alternative treatment center shall maintain a personnel record for each alternative treatment center agent that includes an application for employment or to volunteer and a record of any disciplinary action taken.

XIV. Each alternative treatment center shall develop, implement, and maintain on the premises an on-site training curriculum, or enter into contractual relationships with outside resources capable of meeting employee training needs, which includes, but is not limited to, the following topics:

(a) Professional conduct, ethics, and patient confidentiality; and

(b) Developments in the field of the medical use of marijuana.

XV. All alternative treatment centers shall prepare training documentation for each employee and have employees sign a statement indicating the date, time, and place the employee received said training and topics discussed, to include name and title of presenters. The alternative treatment center shall maintain documentation of an employee's and a volunteer's training for a period of at least 6 months after termination of an employee's period of employment or the volunteer's period of voluntary service.

XVI. A physician shall not:

(a) Accept, solicit, or offer any form of pecuniary remuneration from or to an alternative treatment center, except if the physician is employed by an alternative treatment center.

(b) Offer a discount or other thing of value to a patient who uses or agrees to use a particular alternative treatment center.

(c) Examine a patient for purposes of diagnosing a debilitating medical condition at a location where medical marijuana is sold or distributed.

(d) Hold an economic interest in an alternative treatment center if the physician certifies the debilitating medical condition of a patient for participation in the medical marijuana program.

126-V:9 Annual Report. The commissioner of the department of health and human services shall report annually on the medical marijuana program established under this chapter to the health and human services oversight committee established under RSA 126-A:13. The report shall be filed with the chairman of the committee by November 1 of each year beginning with November 1, 2012. The commissioner's report shall include the following areas:

I. The ability of registered qualifying patients and registered designated caregivers in all areas of the state to obtain timely access to medical marijuana.

II. The effectiveness of alternative treatment centers individually and together in serving the needs of registered qualifying patients and registered caregivers, including the provision of educational and support services.

III. Physician participation in the medical marijuana program.

IV. The number of designated caregivers and the number of registered qualifying patients, by county.

V. Sufficiency of the regulatory and security safeguards contained in this chapter to ensure that access to and use of marijuana cultivated is provided only to cardholders authorized for such purposes.

VI. Any illegal distribution or diversion of marijuana cultivated pursuant to this chapter to individuals who are not cardholders.

VII. Any other issues related to the implementation of the medical use of marijuana permitted under this chapter that the committee shall request.

VIII. A detailed summary of the reports submitted by alternative treatment centers as required under RSA 126-V:8, VI(i).

126-V:10 Severability. If any provision of this chapter or the application thereof to any individual or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the chapter which can be given effect without the invalid provision or application, and to this end the provisions of this chapter are declared to be severable.

3 Effective Date. This act shall take effect upon its passage.
Amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.

On a division vote, 221 members having voted in the affirmative and 96 in the negative, the committee report was adopted.

Ordered to third reading.

HB 632, relative to labeling requirements for dispensing of drugs by automated pharmacy systems.
OUGHT TO PASS.

Rep. Donald L. LeBrun for Health, Human Services and Elderly Affairs: This bill has been requested by the New Hampshire board of pharmacy. This was requested to allow the board of pharmacy to prepare labeling requirements for the placement of an "automated pharmacy system" which would not have a pharmacist present at the time of dispensing. These systems could be placed for the use of one or more doctors in a suitable location, in an office building with several doctors' offices or outside a doctor's office. The doctor would email a prescription to the automated pharmacy system,

and the client would then go to the machine and pick up and pay for the prepared prescription. The issue for the board of pharmacy is to have labeling requirements and to have a system in place for patient counseling which is required by New Hampshire law. Vote 14-3.

Committee report adopted and ordered to third reading.

HB 141, relative to the treatment of cable television as a protected utility service. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Gregory M. Sorg for the Majority of Judiciary: This bill, as introduced, sought to change a rule established in the 2009 case of *Lally v. Flieder*, 159 N.H. 350. In that case, the court found that an evicting landlord acted wrongfully in disconnecting cable television service that the tenant was stealing from a third-party provider by means of an illegal connection. The court reasoned that, notwithstanding the illegality of the connection, the legislative history of RSA 540-A:31 of the landlord-tenant statute--which prohibits the interruption or termination "directly or indirectly" of "any utility service" being supplied to the tenant--supported the conclusion that it was intended to prevent landlords from engaging in any self-help tactic. The committee majority concluded that this anomalous result warranted an amendment revising the statute to spell out with precision exactly which utility services may not be interrupted or terminated by an evicting landlord, and to limit that prohibition to utilities services being supplied by the landlord. The majority felt that, in view of the severity of the penalties they face for violations of the statute, landlords are entitled to such specificity. Vote 11-4.

Rep. Lucy M. Weber for the Minority of Judiciary: RSA 540-A:3 currently prohibits a landlord from willfully causing, directly or indirectly, termination of a list of enumerated services, including water, heat, light, electricity, gas, telephone, sewerage, elevator or refrigeration. For 31 years, this statute has effectively discouraged landlords from evicting tenants through self-help measures, and has provided tenants with much-needed recourse if these practices occurred. Several years ago, a court decision added cable television to the list of protected services. The bill as originally introduced simply reversed the court decision and made it clear that cable television is not a protected service. Most of the committee members were in agreement with the original intent of the bill, although there was some concern over how to deal with tenants whose phone service is accessed through cable, such as Vonage. As amended, however, the bill removes from the statute any prohibition at all barring a landlord from interrupting services already paid for by the tenant. Nor would a landlord be liable if he or she caused a service interruption indirectly. As a result, a tenant would no longer have any recourse under this chapter if, for example, a landlord decided to drive the tenant out of the building by the simple expedient of tripping a circuit breaker which controls tenant-provided heat.

Majority Amendment (0125h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to protected utility services.

Amend the bill by replacing section 1 with the following:

1 Prohibited Practices and Security Deposits; Certain Specific Acts Prohibited. RSA 540-A:3, I is repealed and reenacted to read as follows:

I. Except for such temporary interruption as may be necessary while actual repairs are in process or during temporary emergencies, no landlord shall willfully cause the interruption or termination of any of the following utility services being supplied to the tenant by the landlord: water, sewage, electricity, gas, heat, air conditioning, telephone, elevator, or refrigeration.

AMENDED ANALYSIS

This bill clarifies which utility services are protected from interruption or termination by landlords. Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Weber spoke against.

Rep. Sorg spoke in favor.

On a division vote, 224 members having voted in the affirmative and 65 in the negative, the majority committee report was adopted.

Ordered to third reading.

Reps. Edwin Smith and Mirski declared a conflict of interest and did not participate.

HB 158, relative to the misuse of social security numbers. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. J. Brandon Giuda for the Majority of Judiciary: This bill creates a civil cause of action for citizens who have had their social security numbers misused. The cause of action applies to: (1) persons who misused the number with fraudulent intent; (2) persons who knowingly supplied or aided in obtaining the false documentation; and (3) employers who know or should have known the documentation was false. The majority felt that the bill serves an important public service by allowing innocent victims to recover civil damages against fraud and by creating a strong deterrent for people participating in such fraudulent behavior. The bill allows for treble damages or \$10,000, whichever is greater, plus reasonable attorney's fees and costs incurred to correct the records of the aggrieved party. Vote 15-2.

Rep. Lucy M. Weber for the Minority of Judiciary: No instances of the type of identity theft addressed by this bill have been reported in New Hampshire. In addition, the minority is concerned about potential burdens on small businesses that are faced with the prospect of penalties amounting to the greater of \$10,000 or treble damages.

Majority Amendment (0643h)

Amend RSA 275-A:4-b, I(a) and (b) as inserted by section 1 of the bill by replacing them with the following:

(a) The person who misused the number with fraudulent intent.

(b) Any individual who knowingly supplied or aided in obtaining false social security documentation.

Majority committee amendment adopted.

Majority committee report adopted and ordered to third reading.

HB 254, relative to offers of judgments. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Brian J. X. Murphy for the Majority of Judiciary: This bill provides a judicial procedure to facilitate the more timely resolution of civil disputes between New Hampshire litigants. The bill allows for either a plaintiff or defendant to make a formal offer of judgment. If that offer is rejected, and the judgment finally obtained is not more favorable than the rejected offer, then the court will have the discretion to assess cost-shifting on the party that rejected the offer. The cost-shifting which is to include reasonable attorney fees, will be calculated from the time the more favorable offer of judgment was made. This bill is designed to compel parties to properly value their case and then bear the risk and responsibility of being stubborn or foolhardy. Forty-one states have enacted some version of this law, which is modeled after the Federal Rules of Civil Procedure (passed in 1938). There is a significant amount of legal precedent regarding this concept. The Committee found that the bill would effectively promote responsible resolutions between litigants, in a timely manner, and thereby preserve the state's limited judicial resources. Vote 13-4.

Rep. Janet G. Wall for the Minority of Judiciary: The minority believes that some cases may take longer than others to reach a settlement and that it is in the best interest of the parties to determine what is fair and reasonable and conclude cases sooner. Prompt settlements would also reduce the workload on the court system. The minority disagrees with the requirement in the bill that may find the losing party liable for court costs and attorneys' fees. Those parties of lower economic status would stand at a disadvantage under this bill if they were pressured into an unreasonably low offer of settlement for fear of having to pay all costs of the other party. Justice would not be served. The committee has killed similar bills in the past while recognizing the importance of balancing justice better serve all.

Majority Amendment (0747h)

Amend RSA 507:18 as inserted by section 1 of the bill by replacing it with the following:

507:18 Offers of Judgment in Civil Cases.

I. More than 10 days before the trial begins, either party to a claim may serve on an opposing party an offer to allow judgment on specified terms, with the costs then accrued. If, within 10 days after being served, the opposing party serves written notice accepting the offer, either party may then file the offer and notice of acceptance, plus proof of service. The clerk shall then enter judgment.

II. An unaccepted offer shall be considered withdrawn, but does not preclude a later offer. Evidence of an unaccepted offer shall not be admissible except after judgment in a proceeding to determine costs.

III. When one party's liability to another has been determined, but the extent of liability remains to be determined by further proceedings, the party held liable may make an offer of judgment. This offer shall be served within a reasonable time, but at least 10 days, before a hearing to determine the extent of liability.

IV. If the judgment that the offeree finally obtains is not more favorable than the unaccepted offer and the court finds that the offeree was unreasonable in rejecting the offer, the offeree shall pay the costs incurred, including reasonable attorney's fees, after the offer was made.
Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Weber spoke against and yielded to questions.
Reps. Steven Smith and Brian Murphy spoke in favor.

MOTION TO SUSPEND HOUSE RULES

Rep. Itse moved that all House Rules necessary be so far suspended as to allow HB 254, relative to offers of judgments, to be referred to the Committee on Constitutional Review and Statutory Recodification, beyond the deadline.

Rep. Itse spoke in favor and yielded to questions.

Rep. Rowe spoke against.

Rep. Gary Richardson spoke in favor.

On a division vote, 155 members having voted in the affirmative and 194 in the negative, the motion failed.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Majority committee report adopted and ordered to third reading.

(Rep. Bettencourt in the Chair)

HB 314, relative to judicially appointed officials. **INEXPEDIENT TO LEGISLATE.**

Rep. Donald C. Andolina for Judiciary: This bill adopts a procedure for courts to follow in appointments of officials by the courts. The committee voted that the bill was inexpedient to legislate because there were no reported problems. Though the committee did see possible merit in the purpose of the bill, the consensus of the committee was that there was no pressing need at present. Vote 11-5.

Rep. Soltani spoke against.

Rep. Tregenza spoke in favor.

On a division vote, 303 members having voted in the affirmative and 42 in the negative, the committee report was adopted.

(Speaker O'Brien in the Chair)

MOTION TO PRINT DEBATE

Rep. Soltani moved that the debate on **HB 314**, relative to judicially appointed officials, be printed in the Permanent Journal.

Rep. Soltani spoke in favor.

Rep. Vaillancourt spoke against.

Motion failed.

REGULAR CALENDAR (CONT'D)

HB 329-FN, requiring parental notification before abortions may be performed on unemancipated minors. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. J. Brandon Giuda for the Majority of Judiciary: This bill ensures that a parent, guardian or conservator of an unemancipated female child is notified prior to an abortion taking place, with certain exceptions. The exceptions include: (1) a medical emergency exists and there is not time to provide the required notice; (2) the parent, guardian or conservator certifies in writing that they have been notified; (3) a court of competent jurisdiction determines that the female child is mature and capable of giving informed consent; and (4) a court of competent jurisdiction determines that it is the best interest of a female child who is not proven to be mature. This bill ensures the confidentiality of all proceedings and ensures a speedy process. The majority stands behind this bill for many reasons, including but not limited to: (1) it is the fairest and most accessible judicial

by-pass system that has ever been proposed in New Hampshire or any other state; (2) it will not negatively affect the health or safety of any female children in New Hampshire; (3) it reinforces the legislature's belief that parents are the most important part of a child's life and are necessary to protect the children from their own immaturity; (4) it fosters the family structure and preserves it as a viable social unit; and (5) it brings New Hampshire in line with 43 other states that have passed such laws to protect their children. Vote 12-4.

Rep. Lucy M. Weber for the Minority of Judiciary: The minority agrees that every minor considering an abortion should have the advice and support of a caring, nurturing parent. Currently, about 75% of minor women seeking an abortion are accompanied by a parent, and all minors are counseled to inform a parent. Those who are unable to do so have heartbreaking reasons: there is physical or sexual abuse in the home; the parent is unable, through physical or mental illness or addiction, to offer support; the young woman fears being thrown out of the home. Currently, these most vulnerable young women have the safety net of safe, legal health care provided by experienced licensed medical professionals and counselors. For these young women who lack parental support, passage of this bill poses very real risks to their health. The choice of notifying a parent or seeking a judicial bypass will cause some of these young women to delay seeking medical attention, and delay brings with it increased health risks, whether the young woman seeks an abortion or ultimately decides to carry the child to term. In addition, a desperate young woman may seek an abortion through illegal and life-threatening methods. In addition to being intimidating for a vulnerable young woman, the judicial bypass carries with it concerns about confidentiality. The minority is concerned that, even as amended, there is no effective way of guaranteeing confidentiality in our small communities. Finally, there is the issue of cost. The estimated 50 judicial bypass proceedings could cost approximately \$4000 each for a total of \$200,000, not counting the additional costs for any cases which are appealed. There is no provision in the bill to provide extra funding to the courts to cover these added costs.

Majority Amendment (0531h)

Amend RSA 132:34, II as inserted by section 2 of the bill by replacing it with the following:

II. If such a pregnant minor elects not to allow the notification of her parent or guardian or conservator, any judge of a court of competent jurisdiction shall, upon petition, or motion, and after an appropriate hearing, authorize an abortion provider to perform the abortion if said judge determines that the pregnant minor is mature and capable of giving informed consent to the proposed abortion. If said judge determines that the pregnant minor is not mature, or if the pregnant minor does not claim to be mature, the judge shall determine whether the performance of an abortion upon her without notification of her parent, guardian, or conservator would be in her best interests and shall authorize an abortion provider to perform the abortion without such notification if said judge concludes that the pregnant minor's best interests would be served thereby.

(a) Such a pregnant minor may participate in proceedings in the court on her own behalf, and the court may appoint a guardian ad litem for her. Any guardian ad litem appointed under this subdivision shall maintain the confidentiality of the proceedings. The court shall, however, advise her that she has a right to court-appointed counsel, and shall, upon her request, provide her with such counsel.

(b) Proceedings under this section shall be held in closed court, shall be confidential and shall ensure the anonymity of the minor. All court proceedings under this section shall be sealed. The minor shall have the right to file her petition in the court using a pseudonym or using solely her initials. All documents related to this petition shall be confidential and shall not be available to the public. These proceedings shall be given such precedence over other pending matters so that the court may reach a decision promptly and without delay so as to serve the best interest of the pregnant minor. In no case shall the court fail to rule within 48 hours from the time the petition is filed, except that the 48-hour limitation may be extended at the request of the minor. A judge of the court who conducts proceedings under this section shall make in writing specific factual findings and legal conclusions supporting the decision and shall order a record of the evidence to be maintained including the judge's own findings and conclusions. If the court fails to rule within the 48-hour period and an extension was not requested, then the petition shall be deemed to have been granted, and the notice requirement shall be waived.

(c) An expedited confidential appeal shall be available, as the supreme court provides by rule, to any such pregnant minor for whom the court denies an order authorizing an abortion without notification. The court shall make a ruling within 48 hours from the time of the docketing of the

appeal. An order authorizing an abortion without notification shall not be subject to appeal. No filing fees shall be required of any such pregnant minor at either the trial or the appellate level. Access to the trial court for the purposes of such a petition or motion, and access to the appellate courts for purposes of making an appeal from denial of the same, shall be afforded such a pregnant minor 24 hours a day, 7 days a week.

(d) The supreme court shall make rules to ensure that procedures followed in the appeals process are handled in an expeditious manner and protect the confidentiality of the parties involved in the appeal to satisfy the requirements of the federal courts.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Reps. Souza, Giuda and Groen spoke in favor and yielded to questions.

Reps. Tasker, Weber and Kurk spoke against.

Rep. James Belanger spoke in favor.

Rep. Panek requested a roll call; sufficiently seconded.

MOTION TO SPECIAL ORDER

Rep. Bettencourt moved that **CACR 12**, relating to funding of public education. Providing that the legislature shall define standards for education, determine the level of state funding thereof, establish standards of accountability, and allocate state funds in a manner that mitigates disparities in educational opportunity and fiscal capacity, provided that a reasonable share of state funds shall be distributed on a per pupil basis, be made a special order as the next order of business.

Rep. Bettencourt spoke in favor.

On a division vote, 255 members having voted in the affirmative and 102 in the negative, the motion was adopted.

(Rep. Chandler in the Chair)**SPECIAL ORDER**

CACR 12, relating to funding of public education. Providing that the legislature shall define standards for education, determine the level of state funding thereof, establish standards of accountability, and allocate state funds in a manner that mitigates disparities in educational opportunity and fiscal capacity, provided that a reasonable share of state funds shall be distributed on a per pupil basis.

UGHT TO PASS WITH AMENDMENT.

Rep. Lynne M. Ober for Special Committee on Education Funding Reform: CACR 12 is a simple, straight forward amendment to the constitution that deals with the responsibility for determining education funding for our students. It affirms that people's elected representatives, not the court system, will have responsibility for determining school funding decisions, setting targeted aid and will allow the legislature to focus attention on offering students an outstanding education, not an adequate one. As a practical matter, this amendment, if adopted, will eliminate the statewide property taxes and make sure that donor towns are eliminated. CACR 12 resolves the state's lingering education funding situation and is critical to ensuring that the legislature can guarantee local control of schools. If you believe that education decisions are best made between parents, teachers and local school boards, not in courtrooms, CACR 12 is a vehicle to make that a reality. CACR 12 will once again place responsibility for ensuring an adequate education for New Hampshire children on the shoulders of the legislature, which will have the responsibility to define standards for education, determine the level of state funding thereof, establish standards of accountability, and allocate state funds in a manner that mitigates disparities in educational opportunity and fiscal capacity. Vote 12-2.

Amendment (0613h)

Amend the title of the resolution by replacing it with the following:

RELATING TO: public education.

PROVIDING THAT: the general court shall have the authority to define standards for public education, establish standards of accountability, mitigate local disparities in educational opportunity and fiscal capacity, and have full discretion to determine the amount of state funding for education.

Amend the resolution by replacing all after the resolving clause with the following:

I. That the second part of the constitution be amended by inserting after article 5-b the following new article:

[Art.] 5-c [Public Education.] In fulfillment of the provisions with respect to education set forth in Part II, Article 83, the general court shall have the authority and full discretion to define reasonable standards for elementary and secondary public education, to establish reasonable standards of accountability therefor, and to mitigate local disparities in educational opportunity and fiscal capacity. Further, in the exercise thereof, the general court shall have full discretion to determine the amount of, and methods of raising and distributing, State funding for education.

II. That the above amendment proposed to the constitution be submitted to the qualified voters of the state at the state general election to be held in November, 2012.

III. That the selectmen of all towns, cities, wards, and places in the state are directed to insert in their warrants for the said 2012 election an article to the following effect: To decide whether the amendments of the constitution proposed by the 2011 session of the general court shall be approved.

IV. That the wording of the question put to the qualified voters shall be:

"Are you in favor of amending the second part of the constitution by inserting after article 5-b a new article to read as follows:

[Art.] 5-c [Public Education.] In fulfillment of the provisions with respect to education set forth in Part II, Article 83, the general court shall have the authority and full discretion to define reasonable standards for elementary and secondary public education, to establish reasonable standards of accountability therefor, and to mitigate local disparities in educational opportunity and fiscal capacity. Further, in the exercise thereof, the general court shall have full discretion to determine the amount of, and methods of raising and distributing, State funding for education."

V. That the secretary of state shall print the question to be submitted on a separate ballot or on the same ballot with other constitutional questions. The ballot containing the question shall include 2 squares next to the question allowing the voter to vote "Yes" or "No." If no cross is made in either of the squares, the ballot shall not be counted on the question. The outside of the ballot shall be the same as the regular official ballot except that the words "Questions Relating to Constitutional Amendments proposed by the 2011 General Court" shall be printed in bold type at the top of the ballot.

VI. That if the proposed amendment is approved by 2/3 of those voting on the amendment, it becomes effective when the governor proclaims its adoption.

AMENDED ANALYSIS

This constitutional amendment concurrent resolution provides that the general court have the authority to define standards for public education, establish standards of accountability, mitigate local disparities in educational opportunity and fiscal capacity, and have full discretion to determine the amount of state funding for education.

Amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.

Reps. Kyle Jones and Laura Jones spoke against.

Reps. Gile and Gary Richardson spoke against and yielded to questions.

Reps. Mirski, Manuse, Weyler and O'Brien spoke in favor.

Rep. Itse spoke in favor and yielded to questions.

Rep. O'Brien requested a roll call; sufficiently seconded.

and the committee report was adopted by the constitutionally required three-fifths vote and ordered to third reading.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Bettencourt moved that the House reconsider its action whereby, on a roll call vote of 252-113, it adopted the committee report of Ought to Pass with Amendment on **CACR 12**, relating to public education. Providing that the general court shall have the authority to define standards for public education, establish standards of accountability, mitigate local disparities in educational opportunity and fiscal capacity, and have full discretion to determine the amount of state funding for education.

Rep. Bettencourt spoke against.

Motion failed.

The House recessed at 12:45 p.m.

RECESS

(Speaker O'Brien in the Chair)

The House reconvened at 1:45 p.m.

RESOLUTION

Rep. Jasper offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, Senate Bills numbered 20, 28, 30, 32, 33, 34, 35, 38, 46, 47, 49, 55, 57, 64, 81, 82, 89, 90, 95, 102, 104, 108, 109, 122, 128, 130, 133, 135, 139, 144, 146, 148, 158, 168, 172, 173, 174 and 183 shall be by this resolution read a first and second time by the therein listed titles and referred to the therein designated committees.

Adopted.

INTRODUCTION OF SENATE BILLS**First, second reading and referral**

SB 20, relative to shoreland protection permits. (Resources, Recreation and Development)

SB 28, establishing an exemption from the licensing requirements for nondepository first mortgage bankers and brokers for persons providing loans for certain seller-financed transactions. (Commerce and Consumer Affairs)

SB 30, relative to including a parent's residence in the parenting plan. (Children and Family Law)

SB 32, relative to water withdrawals for snow making. (Resources, Recreation and Development)

SB 33-FN, relative to retired state employee contributions for medical benefits costs. (Executive Departments and Administration)

SB 34-FN, relative to orders of notice in guardianship cases; relative to approvals of marriages for persons under 18 years of age by the judicial branch family division; and relative to the adjudicatory hearing date in child protection cases. (Judiciary)

SB 35-FN-A, relative to exemption from the definition of utility property for purposes of the utility property tax. (Ways and Means)

SB 38, relative to extensions for wetland and shoreland permits. (Resources, Recreation and Development)

SB 46, extending and revising the commission to develop a plan for the expansion of transmission capacity in the north country. (Science, Technology and Energy)

SB 47, extending the commission to study water infrastructure sustainability funding. (Resources, Recreation and Development)

SB 49, relative to tip pooling arrangements. (Labor, Industrial and Rehabilitative Services)

SB 55-FN, requiring certain engine coolants and antifreeze to include an aversive agent so that they are rendered unpalatable. (Science, Technology and Energy)

SB 57, relative to regulation of title loan lenders. (Commerce and Consumer Affairs)

SB 64, removing the oath requirement for criminal complaints filed by police officers. (Judiciary)

SB 81-FN, relative to powers and duties of commissioners of executive branch agencies, and relative to the extension of the expired term of a commissioner or agency head. (Executive Departments and Administration)

SB 82-FN, extending the state board of education's authority to approve chartered public schools and relative to the funding of chartered public schools approved by a school district. (Education)

SB 89, establishing a study committee on the procurement of health insurance by employee leasing companies. (Commerce and Consumer Affairs)

SB 90, directing the legislative oversight committee to study the consolidation of school administrative units. (Education)

SB 95, establishing a commission to study youth sports concussions and other concussions received while at school. (Education)

SB 102, establishing a commission to study the effects of service-connected post-traumatic stress disorder and traumatic brain injury suffered in the line of duty by members of the armed forces and veterans. (State-Federal Relations and Veterans Affairs)

SB 104, relative to certain agricultural operations and certain bonds for excavation and driveways. (Municipal and County Government)

SB 108, relative to emergency obstetrical care. (Judiciary)

SB 109, establishing a committee to study the foreclosure process in New Hampshire. (Judiciary)

SB 122, establishing a committee to study the laws relating to electronic prescriptions. (Commerce and Consumer Affairs)

SB 128-FN-A, establishing a committee to study sources of funding for the search and rescue operations of the fish and game department. (Fish and Game and Marine Resources)
SB 130-FN-A, repealing the tax on gambling winnings. (Ways and Means)
SB 133-FN, relative to reestablishing the exemption from property taxation for telecommunications poles and conduits. (Municipal and County Government)
SB 135-FN-A, relative to election returns and election records. (Election Law)
SB 139-FN, relative to state recoveries of public assistance caused by fraud. (Judiciary)
SB 144, relative to extending certain permits and approvals. (Resources, Recreation and Development)
SB 146-FN, relative to requiring submission of a reduced spending alternative as part of the biennial budget process. (Finance)
SB 148-FN, relative to health insurance coverage and declaring that the attorney general should join the lawsuit challenging the Patient Protection and Affordable Care Act. (Commerce and Consumer Affairs)
SB 158-FN, relative to the payment of state aid grants for water and wastewater for 2009 and 2010. (Finance)
SB 168-FN, conforming the interest and dividends tax to federal tax definitions. (Ways and Means)
SB 172, relative to performance-based school accountability criteria. (Education)
SB 173, proclaiming January 24, 2012 as Granny D. Day. (Executive Departments and Administration)
SB 174, relative to the Concord regional solid waste/resource recovery cooperative. (Municipal and County Government)
SB 183-FN-L, amending the calculation and distribution of adequate education grants, repealing fiscal capacity disparity aid, and providing stabilization grants to certain municipalities. (Special Committee on Education Funding Reform)

REGULAR CALENDAR (CONT'D)

HB 499-FN, relative to the employer's lien on damages and benefits recovered from third persons by employees who have received workers' compensation. **INEXPEDIENT TO LEGISLATE.**
 Rep. Gary W. Wheaton for Judiciary: This bill clarifies the division of damages and benefits received from third persons by employees who have received workers' compensation. A court, arbitrator or the commissioner of labor would now have the authority to allocate a lien recovery based upon fault, so that if an employer were at fault in causing the accident, its lien would be reduced as justice may require. While the committee believes that the provisions of this bill would apply only in a small number of workers' compensation cases, it further believes that the effects would cause workers' compensation insurance rates to disproportionately increase. The committee is also concerned with introducing the concept of fault to the workers' compensation scheme which is designed to be a no-fault system. For these reasons, the majority of the committee recommends inexpedient to legislate. Vote 14-3.
 Committee report adopted.

HB 513-FN, relative to end of life aid in dying for certain persons suffering from a terminal disease. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**
 Rep. Lenette M. Peterson for the Majority of Judiciary: This bill would allow a person who has been diagnosed with a terminal disease to request a prescription for medication to enable the patient to control the time, place and manner of his or her death. The committee believes that this bill would legalize state-sanctioned suicide for people with terminal illnesses and that this is an area where government does not belong. People with terminal illnesses who may consider suicide do not need encouragement from the government. The committee further believes that this bill is a recipe for elder abuse. The committee also recognizes that doctors' diagnoses and predictions may be incorrect; numerous cases exist where people have lived far beyond their doctor's predictions, some of them having been cured from their terminal disease. For these reasons, the committee strongly believes that this bill represents bad policy and practice and recommend inexpedient to legislate. Vote 15-1.
 Rep. Rick H. Watrous for the Minority of Judiciary: This personal liberty bill would allow a mentally competent adult who has been diagnosed as having a terminal disease by the citizen's attending physician and a consulting physician to request a prescription for medication which would enable that citizen to control the time, place, and manner of his or her own death. Based on the long standing death with dignity Oregon law, this bill would enable terminal citizens to end their needless suffering. There is no law against suicide in New Hampshire, but there is a law against assisting

suicide. Passage of this bill would allow physicians to grant this aid in dying request by patients. It would also allow the patient to end his or her own life in the presence of friends or family without fear that those loved ones would be prosecuted. New Hampshire is the Live Free or Die state; this is the ultimate Live Free or Die bill. A person should be able to end their terminal suffering as painlessly as possible.

The question being adoption of the majority committee report of Inexpedient to Legislate. Rep. Dan McGuire requested a roll call; sufficiently seconded.

HB 532-L, relative to municipal liability for dog bites. **OUGHT TO PASS.**

Rep. J. Brandon Giuda for Judiciary: This bill repeals seven statutes that were enacted in 1863 to hold towns liable for damages caused by dogs to sheep, lambs, fowl or other domestic creatures, if the dog owners could not be found. These statutes may have been useful in 1863, when towns taxed people on their animals and when many animals including dogs and livestock still roamed free. However, not only are the statutes rarely used, but the world today is much different than in 1863. Due to the move away from an agricultural society, there are fewer animals, and better fencing and protections are used to ensure animals are controlled. The large majority of towns have leash laws and dogs no longer roam free. Further, the majority of the committee believes that towns should not be held liable for damage from dogs over which they have no control. Vote 11-5. Committee report adopted and ordered to third reading.

HR 7, directing the house judiciary committee to investigate whether grounds exist to impeach marital master Phillip Cross and/or any justice of the New Hampshire superior court. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Gregory M. Sorg for the Majority of Judiciary: By passing House Resolution 7, the House would direct the Judiciary Committee to investigate and report back to the House as to whether grounds exist for the House to impeach marital master Phillip Cross. The committee's review to this point has been limited to determining whether the allegations stated in the resolution and testified to at the public hearing met the relatively low standard of reasonable suspicion, thereby justifying further, formal investigation. The majority concluded that they did. In arriving at this conclusion, the committee was sensitive to the need to distinguish between disagreements with the subjective findings and recommendations of Master Cross - which go to the essence of the judicial function and not properly reviewable by the elected branches of the government - and violations of objective rules of law and procedure that a magistrate is bound to follow, and which are properly reviewable. In considering the latter, the committee was additionally sensitive to the need to distinguish between the occasional error that only proves that a magistrate is human and a pattern of apparent lapses that is indicative of malpractice or maladministration in office. The majority concluded that a reasonable showing of such a pattern had been made, which included: (1) granting one party ex parte relief and never scheduling a contested hearing to give the other party an opportunity to respond; (2) issuing conflicting orders to a party that made it impossible for him to comply with one without violating

the other; (3) giving notice of a hearing to consider one subject and then considering an entirely different subject at the hearing; and (4) altering a stipulation filed by the parties and forwarding the altered stipulation as the court's final order without first giving the parties an opportunity to review and reconsider it. In addition, there was testimony that decisions made by Master Cross have the highest rate of appeal than those of any marital master and that more judicial conduct complaints have been filed against him than any marital master. Finally, the committee was presented with evidence of the ineffectiveness of the judicial branch's internal Judicial Conduct Committee to police and discipline its own members. On the basis of the foregoing, the majority was persuaded that the aspiration of Article 8, Part I of the New Hampshire Constitution - that all the magistrates and officers of the government are accountable to the people - cannot be fulfilled in this case without a formal investigation of Marital Master Cross. Vote 10-5.

Rep. Lucy M. Weber for the Minority of Judiciary: The grounds for impeachment under the New Hampshire Constitution are bribery, corruption, malpractice or maladministration. There have been only two such proceedings against judges in the entire history of New Hampshire. In neither of the two proceedings was the judge convicted and removed from the bench. The allegations against Marital Master Philip Cross arise out of three of the most contentious divorce proceedings in the state. Most of the specific instances alleged in HR 7 have been shown to be either untrue or mischaracterizations. Other actions have already been appealed to the NH Supreme Court, which has upheld the actions of Master Cross. Even if the substance of the allegations were entirely true, it might be grounds for reversal on appeal or for proceedings by the Judicial Conduct Commission, but it does not come close to the grave level of misconduct required for impeachment. For this reason alone, HR 7 should be voted Inexpedient to Legislate. During the discussion of this resolution, it was stated that the resolution should go forward as a vehicle for the legislature to investigate the court system. The legislature may study the workings of the court system at any time, without resorting to impeachment and thereby holding one individual's future hostage to the effort. Despite the fact that the only specific instances of wrongdoing are alleged against Master Cross, HR 7 also gives the committee the sweeping power to investigate "any justice of the New Hampshire superior court," without stating any basis at all on which to do so. This is a breach of due process of staggering proportions. The minority is deeply concerned with other aspects of this resolution. The resolution carries with it no fiscal note. The resolution gives the committee the unlimited authority to subpoena the attendance and testimony of persons and the production of records. The committee may take depositions or prepare interrogatories. These actions may be taken by the committee or counsel for the committee. Presumably, then, the committee may choose to use the services of House Counsel or to employ outside counsel. Every one of these actions is expensive. All of the completely unfettered authority given to the committee may be exercised not only by the committee acting as a whole, but also by chairman of the committee, acting alone. Nowhere in the resolution is there any limitation whatsoever on how much may be spent in the conduct of this investigation. We heard that cost of the investigative phase of the proceeding against Justice Brock in 2000 exceeded \$100,000. The impeachment and trial cost many times that amount. The minority believes it irresponsible to launch an investigation with no limits on expenditure.

The question being adoption of the majority committee report of Ought to Pass.

Rep. Giuda spoke in favor and yielded to questions.

Rep. Weber spoke against, yielded to questions and requested a roll call; sufficiently seconded.

and the majority committee report was adopted and ordered to third reading.

Reps. Gandia, Amy Perkins, Keith Murphy and Paul Brown declared a conflict of interest and did not participate.

MOTON TO RECONSIDER

Having voted with the prevailing side, Rep. Patrick Garrity moved that the House reconsider its action whereby, on March 15, 2011 by voice vote, it adopted the committee report of Ought to Pass on **HB 147**, making the commission of certain offenses punishable under the capital murder statute.

Reps. Pierce and Pastor spoke in favor.

Reps. Swinford and Bettencourt spoke against.

Rep. Pierce requested a roll call; sufficiently seconded.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Jennifer Coffey moved that the House reconsider its action whereby, on a roll call vote of 264-97 on March 15, 2011, it adopted the majority committee report of Ought to Pass with Amendment on **HB 524-FN**, excluding persons convicted of violent crimes from mandatory early release on probation or parole.

Rep. Shurtleff spoke in favor.

Motion adopted.

RECONSIDERATION OF HB 524-FN

The question being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Jennifer Coffey offered floor amendment (0931h).

Floor Amendment (0931h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the release of prisoners on probation or parole.

Amend the bill by replacing section 1 with the following:

1 Parole of Prisoners; Terms of Release. Amend RSA 651-A:6, I(c) to read as follows:

(c)(1) ~~[All prisoners who have not been previously paroled]~~ **A prisoner convicted of a non-violent offense who has not been previously paroled**, or who [were] was recommitted to prison more than one year prior to the expiration of the maximum term of his or her sentence, shall be released on parole at least 9 months prior to the expiration of the maximum term of his or her sentence. This provision shall not apply to any prisoner who is the subject of a pending petition for civil commitment pursuant to RSA 135-E. In the event that the prisoner is not civilly committed, he or she shall be released on parole for the remainder of his or her sentence.

(2) **A prisoner convicted of a violent crime as defined in RSA 651:5, XIII who has not been previously paroled, or who was recommitted to prison more than one year prior to the expiration of the maximum term of his or her sentence, shall be released on parole at least 9 months prior to the expiration of the maximum term of his or her sentence. This provision shall not apply to any prisoner who is the subject of a pending petition for civil commitment pursuant to RSA 135-E. In the event that the prisoner is not civilly committed, he or she shall be released on parole for the remainder of his or her sentence.**

Amend the bill by replacing all after section 4 with the following:

5 Applicability. RSA 651-A:6, I(c)(2) as inserted by section 1 of this act shall take effect one year after the effective date of this act, or on the date when the commissioner of the department of corrections furnishes written certification to the secretary of state and the director of legislative services that all counties in the state have notified the commissioner that sufficient services are available to manage those prisoners released on parole, whichever is later.

6 Effective Date.

I. RSA 651-A:6, I(c)(2) as inserted by section 1 of this act shall take effect as provided in section 5 of this act.

II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill:

I. Authorizes the parole board to recommit a person who reoffends while on mandatory early supervised release for a minimum of 90 days or up to the remainder of the person's maximum sentence.

II. Delays the parole of prisoners convicted of a violent crime for one year or upon certification by all counties in the state that sufficient services have been implemented to manage such prisoners while on parole, whichever is later.

Rep. Jennifer Coffey spoke in favor.

Floor amendment (0931h) adopted.

Majority committee report of Ought to Pass with Amendment adopted and ordered to third reading.

MOTION TO SPECIAL ORDER

Rep. Bettencourt moved that **CACR 6**, relating to taxation. Providing that a 2/3 vote is required to pass legislation imposing new or increased taxes or license fees provided that the legislature may increase the rate of taxes and fees with a majority vote in any fiscal year that insufficient revenues are provided to pay the principal and interest on a debt payable in that year, to which the state has pledged its faith and credit, be made a Special Order as the next order of business.

Rep. Bettencourt spoke in favor.

On a division vote, 244 members having voted in the affirmative and 93 in the negative, the motion was adopted.

SPECIAL ORDER

CACR 6, relating to taxation. Providing that a 2/3 vote is required to pass legislation imposing new or increased taxes or license fees provided that the legislature may increase the rate of taxes and fees with a majority vote in any fiscal year that insufficient revenues are provided to pay the principal and interest on a debt payable in that year, to which the state has pledged its faith and credit. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Jordan G. Ulery for the Majority of Ways and Means: This bill simply requires that the members of the general court actually vote on tax bills with a 60% majority. Recent history in this storied legislature proves that a constraint on both the majority and the minority by our constitution. When a tax increase is required the public, our employers, can be assured that the increase is accepted by a large number of their elected officials. A minority of the committee objected that such a requirement would slow the growth of the state and make passing a balanced budget difficult. Yes, it will make it more difficult and more open, more visible and more responsive to the people. An escape clause is built into the law to prevent the stagnation associated with bond payments in other states by allowing a majority vote and bond payments. Vote 13-6.

Rep. Susan W. Almy for the Minority of Ways and Means: This amendment attempts to solve one long-standing grievance (the insertion of tax and fee changes into the omnibus budget bills) by creating another (putting the budget process into permanent crisis with a supermajority requirement). The former could be solved with a CACR that requires that tax bills be separate from budget bills. The latter allows a 40.1% minority to overrule a 59.9% majority on every new tax and fee increase in the state. Every town that has tried to pass a school bond knows how hard that is. Every time a legislature cuts rates because we are in good times and revenue is pouring in, when bad times return, the minority can prevent the provision of the essential services of the state. Many past budget battles attest to the difficulty of getting 50.1%, let alone 60%. We have one of the lowest tax burdens in the country, but we depend on revenue that overall grows more slowly than the cost of services. This requirement will guarantee that New Hampshire citizens, businesses and visitors get less service every year until the government collapses. In addition, unless both houses succeed in passing whatever tax changes they need for the budget before the budget is finished, the budget

process is likely to drag into the middle of the biennium every term. This creates major problems for bonding, payment of contractors and employee retention. As a fillip, every regulated profession in the state will have to overcome a supermajority vote to adjust their fees to cope with inflation and be able to stay in business. This amendment takes us into the realms of Arizona, California, Colorado and Wisconsin. The bipartisan minority recommends its defeat.

Majority Amendment (0699h)

Amend the title of the resolution by replacing it with the following:

RELATING TO: taxation.

PROVIDING THAT: a 3/5 vote is required to pass legislation imposing new or increased taxes or license fees provided that the legislature may increase the rate of taxes and fees with a majority vote in any fiscal year that insufficient revenues are provided to pay the principal and interest on a debt payable in that year, to which the state has pledged its faith and credit.

Amend the resolution by replacing paragraph I with the following:

I. That the second part of the constitution be amended by inserting after article 5-b the following new article:

[Art.] 5-c. [Increase in Rate of Taxation.] A 3/5 vote of the house of representatives and the senate shall be required to pass a new tax or license fee or to increase a tax or license fee that has been levied by the state provided, however, that if, prior to the beginning of each fiscal year of the state, insufficient revenues are provided to pay principal and interest on a debt to which the state has pledged its faith and credit, which is due and payable in such year, the legislature may, by majority vote, increase the rate of taxes and license fees to make up for such insufficient revenues.

Amend the resolution by replacing paragraph IV with the following:

IV. That the wording of the question put to the qualified voters shall be:

"Are you in favor of amending the second part of the constitution by inserting after article 5-b a new article to read as follows:

[Art.] 5-c. [Increase in Rate of Taxation.] A 3/5 vote of the house of representatives and the senate shall be required to pass a new tax or license fee or to increase a tax or license fee that has been levied by the state provided, however, that if, prior to the beginning of each fiscal year of the state, insufficient revenues are provided to pay principal and interest on a debt to which the state has pledged its faith and credit, which is due and payable in such year, the legislature may, by majority vote, increase the rate of taxes and license fees to make up for such insufficient revenues."

AMENDED ANALYSIS

This constitutional amendment concurrent resolution provides that a 3/5 vote of the house of representatives and the senate shall be required to pass a new tax or license fee or to increase any tax or license fee that has been levied provided that the legislature may increase the rate of taxes and fees with a majority vote in any fiscal year that insufficient revenues are provided to pay the principal and interest on a debt payable in that year, to which the state has pledged its faith and credit. Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Almy spoke against and yielded to questions.

Rep. Horrigan spoke against.

Rep. Vaillancourt spoke in favor.

Rep. Ulery spoke in favor and yielded to questions.

Rep. DeStefano requested a roll call; sufficiently seconded.

and the majority committee report failed lacking the constitutionally required three-fifths vote.
Rep. Norelli moved the minority committee report of Inexpedient to Legislate.

LAI D ON THE TABLE

Rep. Bettencourt moved that **CACR 6**, relating to taxation. Providing that a 3/5 vote is required to pass legislation imposing new or increased taxes or license fees provided that the legislature may increase the rate of taxes and fees with a majority vote in any fiscal year that insufficient revenues are provided to pay the principal and interest on a debt payable in that year, to which the state has pledged its faith and credit, be laid on the table.

On a division vote, 341 members having voted in the affirmative and 14 in the negative, the motion was adopted.

REGULAR CALENDAR (CONT'D)

HB 133, relative to the minimum wage. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Tammy A. Simmons for the Majority of Labor, Industrial and Rehabilitative Services: RSA 279:21 states that "no employee shall be paid at an hourly rate lower than that set forth in the federal minimum wage law." This bill strikes out-of date and redundant language reiterating the federal minimum wage rates in NH law. HB 133 would additionally alleviate the need for the legislature to spend time amending RSA 279:21 each and every time the federal rate changes. Unnecessary RSA's that have absolutely no impact on residents of the state should be amended or repealed giving citizens a comprehensible and relevant code of law. Vote 8-7.

Rep. Jeffrey P. Goley for the Minority of Labor, Industrial and Rehabilitative Services: The minority of the committee believes New Hampshire should not give up its ability to set the state minimum wage rate above the federal rate. The current New Hampshire minimum wage is the same rate as the federal wage at \$7.25 and will not go up unless the federal rate goes up or the legislature passes an increase. New Hampshire's cost of living is higher than most southern states and therefore we should keep current legislation in place so that if New Hampshire wants to raise the rate above the federal rate, as we have in the past, the law is in place for the state to set that rate higher.

The question being adoption of the majority committee report of Ought to Pass.

Reps. Keans and Goley spoke against.

Rep. Simmons spoke in favor.

Rep. Brunelle requested a roll call; sufficiently seconded.

Cloutier, John Gagnon, Raymond Lefebvre, Benjamin Schmidt, Andrew
and the majority committee report was adopted and ordered to third reading.

HB 273, relative to public or private criticism of employers by employees. **INEXPEDIENT TO LEGISLATE.**

Rep. William J. Infantine for Labor, Industrial and Rehabilitative Services: The sponsor of the bill was concerned that negative comments made by employees outside work or on social media sites could be used by employers as grounds for dismissal. The bill would allow criticism no matter how determined and the employer would not be able to dismiss or fire the employee. There was some opposition to the ITL vote citing freedom of speech. While the majority respects this freedom, it still believes in responsibility for ones actions. Yelling fire in a crowded movie house or maligning ones employer to the general public without consequence go far beyond ones right to free speech. Vote 11-4.

On a division vote, 256 members having voted in the affirmative and 82 in the negative, the committee report was adopted.

HB 275, establishing an employers' private right of action to enforce the payment of workers' compensation coverage. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. William J. Infantine for the Majority of Labor, Industrial and Rehabilitative Services: The concept of a private right of action is to allow private citizens or companies to bring suit against a competing company for violations of laws enforced by the New Hampshire department of labor. The premise of the bill is that if a company loses a bid to a competitor, the competitor must have cheated and therefore is ripe for a private right of action. This bill would open the door to additional legislation to allow private companies to bring suits against any competitor and use up the obligation of the various state departments to enforce the laws made by the legislature. This bill has come before the legislature three times in the past eight years. It has been defeated by a significant majority of the House when controlled by both Democrat and Republican majorities. Vote 11-4.

Rep. Charles F. Weed for the Minority of Labor, Industrial and Rehabilitative Services: The minority believes that the private right of action can be a useful tool in clarifying the ambiguity between employees and subcontractors. We also believe that private employers are responsible enough to be very cautious in charging other employers with a probable violation of the law. The private right of action could be a useful addition to New Hampshire's law enforcement capacities.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Long spoke against.

Rep. Infantine spoke in favor.

On a division vote, 267 members having voted in the affirmative and 62 in the negative, the majority committee report was adopted.

(Rep. Bettencourt in the Chair)

PERSONAL PRIVILEGE

Rep. Infantine addressed the House.

REGULAR CALENDAR (CONT'D)

HB 362, relative to binding arbitration in public labor relations disputes. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. G. Brian Seaworth for the Majority of Labor, Industrial and Rehabilitative Services: This bill attempts to offer a solution to prolonged impasse in public negotiations. A bipartisan majority of the committee found that the language of this bill, as written, would not accomplish its intended purpose. Vote 12-3.

Rep. Charles F. Weed for the Minority of Labor, Industrial and Rehabilitative Services: The minority believes that the impasse procedure in RSA 273a, public employee collective bargaining, is broken, and that adding last best offer arbitration can fix that process. There is no end process to the dispute if either party in negotiating rejects the process and report required in mediation and fact finding. Although the committee did not receive fresh data, information was provided that there are over 50 contracts still at impasse, some for over six years. Last best offer arbitration provides an end process at the bargaining table and still leaves it up to the legislative body to accept or reject the financial aspects decided by the arbitrator.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Coulombe requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

HB 560, increasing the minimum wage. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Steven D. Smith for the Majority of Labor, Industrial and Rehabilitative Services: While we sympathize with the plight of low income workers, we feel that even a low wage job is better than no job, particularly when other benefits like health insurance are considered. We feel that it would be irresponsible in today's fragile economy to put more of a burden on New Hampshire businesses and endanger New Hampshire jobs. Vote 11-4.

Rep. Andrew A. White for the Minority of Labor, Industrial and Rehabilitative Services: Increasing the minimum wage by \$0.75/hour would put an additional \$30.00 per week into the pockets of New Hampshire's 4,000 lowest paid workers. The minority knows that this increase in wages is as good or better than any tax cut for these low paid workers. More money in their pocket equals more money to spend at restaurants, more money to spend on newer vehicles, or perhaps for some the money to spend on a home. Part of this money comes back to local businesses, cities and towns and to the state in the form of rooms and meals taxes, registration fees, and perhaps even property taxes.

The question being adoption of the majority committee report of Inexpedient to Legislate.
 Reps. Brunelle and Long spoke against.
 Rep. Daniels spoke in favor.
 Rep. Merrick requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

HB 589, repealing written majority authorization for an employee organization to be certified as the exclusive representative of public employees in a bargaining unit. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Kevin P. Sullivan for the Majority of Labor, Industrial and Rehabilitative Services: This bill repeals card check. The majority of the committee feels strongly that a person's right to vote should be private and that it will lessen coercion. Vote 11-4.

Rep. Andrew A. White for the Minority of Labor, Industrial and Rehabilitative Services: This bill seeks to remove the least expensive option to certify a bargaining unit. Today, there are two ways to certify a bargaining unit: the written majority and the secret ballot methods. Over the past four years, 2/3 of all bargaining units certified by the public employee labor relations board (PELRB) have been certified by the method this bill seeks to remove. The minority understands that passage of this bill will increase burdens on PELRB staff and public employers as well as increasing agency expenses at a time when we should be focused on creating efficiencies and reducing costs.

The question being adoption of the majority committee report of Ought to Pass.

Rep. White spoke against.

Rep. Infantine spoke in favor and yielded to questions.

Rep. Baldasaro requested a roll call; sufficiently seconded.

and the majority committee report was adopted and ordered to third reading.

HB 561-FN, prohibiting the state payment of the cost of wireless communications services for legislators and staff. **INEXPEDIENT TO LEGISLATE.**

Rep. Marilinda J. Garcia for Legislative Administration: This bill would rescind funds for the 35 state-owned wireless telecommunication devices currently in the possession of legislative leadership and legislative staff. While the intent of the bill was to save \$18,732 in annual state expenditures and to communicate the full extent of legislative commitment to fiscal discipline to New Hampshire citizens, the bill as written would, in fact, impede the effectiveness and efficiency of the legislative body and staff as a whole thereby being a net loss to the public good. In addition, the distinction between wireless telecommunication “devices” and wireless telecommunication “services” is not clear – the words are used interchangeably in the bill and the LBAO fiscal note analysis. Vote 9-4. Rep. Patrick Garrity requested a roll call; sufficiently seconded.

Schmidt, Andrew	Smith, Steven		

and the committee report was adopted.

Rep. DeJong declared a conflict of interest and did not participate.

HB 109, relative to residential fire sprinklers. **OUGHT TO PASS WITH AMENDMENT.**

Rep. John A. Burt for Municipal and County Government: The amendment states that the planning board shall not require, adopt or enforce any regulation requiring the installation of a fire suppression sprinkler system in proposed one or 2-family residences as a condition of approval for a local permit. Nothing in this paragraph shall prohibit a duly adopted regulation mandating a cistern, dry hydrant, fire pond or other credible water source other than a fire suppression sprinkler system. The majority felt that the \$5000 to \$20,000 cost to a one or 2-family residence to install a suppression sprinkler system would kill the new housing market in NH. Vote 13-3.

Amendment (0267h)

Amend the bill by replacing section 1 with the following:

1 New Paragraph; Local Land Use; Subdivision Regulations. Amend RSA 674:36 by inserting after paragraph III the following new paragraph:

IV. The planning board shall not require, or adopt or enforce any regulation requiring, the installation of a fire suppression sprinkler system in proposed one- or 2-family residences as a condition of approval for a local permit. Nothing in this paragraph shall prohibit a duly adopted regulation mandating a cistern, dry hydrant, fire pond, or other credible water source other than a fire suppression sprinkler system.

AMENDED ANALYSIS

This bill prohibits local planning boards from requiring the installation of a fire suppression sprinkler system in proposed one- or 2-family residences as a condition of approval for a local permit.
Amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.
Rep. Condra spoke against and yielded to questions.
Rep. Hunt spoke in favor and yielded to questions.
Committee report adopted and ordered to third reading.

(Speaker O'Brien in the Chair)

HB 316, relative to due process requirements in property appraisals for property tax purposes.
OUGHT TO PASS WITH AMENDMENT.

Rep. Betsey L. Patten for Municipal and County Government: The original text of HB 316 dealt with the constitutional issue of a citizen losing the right of appeal if the selectmen or assessing officials are unable to obtain consent to enter a dwelling for the purpose of assessing the property value and an alternate process to assess the unseen property. RSA 74 sets out the process for filling out the annual inventory of polls and taxable property. The committee felt that reinstating the ability to appeal an assessing value was important and gives the property owner due process. The amendment keeps the administrative inspection warrant that gives the municipality its due process to make sure that all property is assessed fairly. It also gives the other taxpayers assurance that everyone is paying his or her fair share. Vote 14-1.

Amendment (0533h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to penalties for failure to file a property tax inventory blank or for refusing inspection of property.

Amend the bill by replacing all after the enacting clause with the following:

1 Inventory Form; Appeal Rights. Amend RSA 74:7-a to read as follows:

74:7-a Penalty for Failure to File.

I. Any person who fails to file a fully completed inventory form on or before April 15, unless granted an extension under RSA 74:8, shall pay a penalty of one percent of the property tax for which the person is liable. In no case, however, shall the penalty be less than \$10 or more than \$50. ~~[Any person who fails to file an inventory form and who becomes liable to pay the penalty specified in this section shall lose the right to appeal the denial of an abatement of an appraisal under RSA 75:1, but shall not]~~ **No person who fails to file an inventory form shall** lose the right to apply for, or appeal the denial of, any other type of tax relief including an appeal under RSA 72:34-a, an appraisal under RSA 75:11, or a land use change tax under RSA 79-A:7. This penalty has all the force of taxation and shall be treated as incident to the tax.

II. If a town fails to deliver the inventory blank, the penalty ~~[of loss of appeal rights]~~ shall not apply.

III. If the property is transferred during the tax year to a different owner and the inventory blank was mailed or delivered to the previous owner, the penalty ~~[of loss of appeal rights]~~ shall not apply to the subsequent owner.

2 Elimination of Inventory Blanks. Amend RSA 74:4-a, I to read as follows:

I. Any municipality, by vote of its board of selectmen, city council or board of aldermen may elect not to utilize the inventory form or procedure. Such a vote shall automatically exempt all property owners and others within that municipality from all requirements and provisions of law relating to the inventory form~~[-including the requirement of filing an inventory in a complete and timely manner in order to retain all appeal rights on property tax or other exemptions and considerations to which they may legally be entitled].~~

3 Repeal. RSA 74:17, II, relative to the loss of right to appeal tax for refusing to grant inspection of property, is repealed.

4 Effective Date. This act shall take effect 30 days after its passage.

AMENDED ANALYSIS

This bill removes the penalty of loss of appeal for property owners who refuse to grant consent to assessing officials to inspect their property or who fail to file an inventory form.

Amendment adopted.

Committee report adopted and ordered to third reading.

HB 340-FN, promoting parental choice in education and providing for an abatement from the education taxes for parents of children not enrolled in the public school system. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Jeffrey S. Shackett for the Majority of Municipal and County Government: Although most of the testimony heard was very passionate, the committee voted with bi-partisan support 14-2 ITL. The fiscal notes attached to this bill were the overwhelming factor for our decision. The department of education estimates trust fund revenue would decrease by 89 million in FY 2012, and 186 million in FY 2013. These estimates only account for those students who would be enrolled in private schools. It does not include any home school students whose parents would certainly apply for this abatement which would significantly further increase these estimates. Vote 14-2.

Rep. John A. Burt for the Minority of Municipal and County Government: First is the fact that we are facing a financial crisis that demands a long term perspective. A shortsighted band-aid approach will no longer work. This bill, by bringing competition into the educational marketplace, provides incentives for parents to put their children into private schools. In the long term this will have a very significant positive impact on the tax rate as greater numbers of parents, especially lower income parents, take advantage of the option of having some their educational tax payments returned to them thus enabling them to take advantage of private school opportunities in an environment more in tune with their family's worldview. The property tax burden in New Hampshire is onerous and education is by far its largest component. It is time that we faced up to this issue and this bill provides an opportunity to do just that. The second point is simply one of fairness. We hear the cry of, "What about the poor?" time after time on many issues, but when it comes to education we ignore the poor by denying them any real choice and forcing them to stay in the public schools. This bill simply allows a family to use a portion of the education part of their own property taxes (added to additional funds of their own) to provide an educational environment more in keeping with their family's values. The third issue is the positive impact that this bill, by introducing competition, could have on the quality of education in all schools whether public or private. Public education is for the most part a monopoly, funded like the established churches of the early colonies where everyone had to pay for that church whether they attended or not. Monopolies by their very nature are bureaucratic, highly centralized, lacking in creativity and expensive. The government education monopoly is no exception! This bill would provide the basis for some genuine competition which would have a very positive impact on all schools.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Reps. Munck and Kris Roberts spoke in favor.

Reps. Carol Vita and Soltani spoke against and yielded to questions.

Rep. Dan McGuire requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

HB 341, relative to local spending caps. OUGHT TO PASS WITH AMENDMENT.

Rep. Betsey L. Patten for Municipal and County Government: This bill would allow charter cities and charter towns to amend their charters to permit a tax cap on the city, town or the school district budgets, or taxes assessed by the city. The cap could only be overridden by a 2/3 vote of the

elected body present and voting. Six towns - Allenstown, Derry, Hampstead, Kingston, Rindge and Salem - have already approved tax and spending caps and the town of Hudson rejected the effort. Also six cities - Dover, Franklin, Laconia, Manchester, Nashua and Rochester - have adopted this option. The cities of Claremont and Somersworth rejected the effort. The city of Concord had a petition filed but was not submitted to the voters and an appeal is in the Supreme Court. The city of Portsmouth also had a charter change request but the petition was rejected because of technical issues. As stated in the testimony given to the committee, the people of New Hampshire have a right to control their own destiny. The towns that have adopted the budget act already have an ability to limit spending. It only seems fair to allow those taxpayers in charter towns and cities to have the same option to choose limited spending. Since there have been lawsuits prohibiting the tax caps, this bill is required to declare local spending caps are lawful. The majority of the committee believe that allowing tax caps will give the citizens of a town, school or city an ability to have a greater say in their government. Vote 13-2.

Amendment (0570h)

Amend the bill by replacing all after section 1 with the following:

2 New Section; City Charters; Limitations on Growth of Budgets and Taxes. Amend RSA 49-C by inserting after section 23 the following new section:

49-C:23-a Limitations on the Growth of Budgets and Taxes. A city charter may provide for limitations on the growth of one or more of the following: the annual city budget, the annual school budget if the city and the school district have the same legislative body, or taxes assessed by the city. Such charter may exclude certain expenditures or appropriations from limitations imposed by the charter. Any charter adopting such limitations shall authorize the elected body to override any such limitation by a 2/3 vote of all members of the elected body or a 2/3 vote of all members of the elected body present and voting.

3 New Section; Town Charters; Limitations on the Growth of Budgets and Taxes. Amend RSA 49-D by inserting after section 5 the following new section:

49-D:6 Limitations on the Growth of Budgets and Taxes.

I. Any town that by charter has adopted the town council form of government authorized under RSA 49-D:3, I, may adopt, amend, or revise its charter to provide for limitations on the growth of one or more of the following: the annual town budget, the annual school budget if the town and school district have the same legislative body, or taxes assessed by the town. Such charter may exclude certain expenditures or appropriations from limitations imposed by the charter. Any charter adopting such limitations shall authorize the elected body to override any such limitation by a 2/3 vote of all members of the town council present and voting.

II. Any town that by charter has adopted the official ballot town council form of government authorized under RSA 49-D:3, I-a, may adopt, amend, or revise its charter to provide for limitations on the growth of one or more of the following: the annual town budget, the annual school budget if the town and school district have the same legislative body, or taxes assessed by the town. Such charter may exclude certain expenditures or appropriations from limitations imposed by the charter. Any charter adopting such limitations shall authorize the elected body to override any such limitation by a 2/3 vote of all members of the town council present and voting. No matter to be voted on by official ballot may be subject to a supermajority voting requirement.

III. Any town that by charter has adopted the representative town meeting form of government authorized under RSA 49-D:3, III, may adopt, amend, or revise its charter to provide for limitations on the growth of one or more of the following: the annual town budget, the annual school budget if the town and school district have the same legislative body, or taxes assessed by the town. Such charter may exclude certain expenditures or appropriations from limitations imposed by the charter. Any charter adopting such limitations shall authorize the elected body to override any such limit by a 2/3 vote of all members of the representative town meeting present and voting.

4 Applicability. Any municipal charter provision adopted, amended, or revised prior to the effective date of this act which authorizes a 2/3 vote of the elected body to override any provision limiting the growth of budgets or taxes shall remain in effect on the effective date of this act.

5 Effective Date. This act shall take effect upon its passage.

Amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment. Rep. Vaillancourt requested a roll call; sufficiently seconded.

and the committee report was adopted and ordered to third reading.

HB 361, enabling counties to adopt semi-annual payment of county taxes by towns and cities. **INEXPEDIENT TO LEGISLATE.**

Rep. James E. Coffey for Municipal and County Government: The committee determined by a significant bi-partisan majority that this bill could adversely affect towns and cities by requiring a mid-year partial payment. This payment could increase borrowing needs of the town and cities. Vote 13-2. Committee report adopted.

HB 368-FN-L, relative to workforce housing and the definition of community. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Jeffrey S. Shackett for the Majority of Municipal and County Government: Workforce housing is extremely important to our local economy. It has been well documented that New Hampshire has a critical shortage of housing options affordable to moderate and lower income families. The lack of affordable housing negatively impacts our states ability to grow a strong economy (no housing, no workers). We must work proactively and cooperatively on finding ways to make available housing for all members of our community. The workforce housing statute has been in effect for less than 2 years and has been supported by many communities including the city of Nashua and the town of Amherst. This bill would have a negative impact on housing for all lower and moderate income families by requiring the local legislative body to approve any such housing in our communities. Vote 14-1.

Rep. John A. Burt for the Minority of Municipal and County Government: This bill is an attempt to convert the current workforce housing statute to enabling legislation. Workforce housing has its origin in Massachusetts and what the minority believes is a faulty New Hampshire supreme court decision. (*Britton v The Town of Chester*). The current law restricts planning boards due to the fact that contractors can appeal any part of the planning process to superior court. This is causing cities and town to incur excessive legal costs. Additionally, the law is not successful in developing affordable housing in towns that have high land prices. This was its original goal. Based on a complicated mathematical formula, workforce housing limits the price the property can sell for, limits any appreciation of the property and places limits on maximum income levels. It also has an effect on any attempt to maintain current master plan objectives. By "opting in" the requirements of workforce housing, the bill is trying to return local control in any development or planning, versus the control originating in Concord and ultimately the courts.

The question being adoption of the majority committee report of Inexpedient to Legislate. Rep. Flanagan spoke against and yielded to questions.

Rep. Burt spoke against.

Rep. James Coffey spoke in favor and yielded to questions.

Rep. DeStefano requested a roll call; sufficiently seconded.

and the minority committee report was adopted and ordered to third reading.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Kurk moved that the House reconsider its action whereby, on a roll call vote of 219-110, it adopted the minority committee report of Ought to Pass on **HB 368-FN-L**, relative to workforce housing and the definition of community.

Rep. Kurk spoke against.

Motion failed.

REGULAR CALENDAR (CONT'D)

HB 391, relative to an optional tax credit for service-connected disability. **INEXPEDIENT TO LEGISLATE.**

Rep. Kris E. Roberts for Municipal and County Government: There are over 14,000 New Hampshire veterans receiving disability compensation for either service or non-service connected disabilities. Disabled veterans are rated anywhere from 10-100% with the great majority being between 10-30%.

VA disability is granted based on lost earning potential based on education and work experience. While a veteran may be receiving disability payment, he or she may at the same time be gainfully employed with high wages. HB 391 doesn't require the veteran to furnish certification when the disability rating goes down, as such ratings are reviewable. HB 391 could cause conflict between a 20% service connected disability and an 80% non-service connected disability: how would the assessors know the difference? If enacted, HB 391 could result in a city such as Manchester having thousands of different tax credits, requiring numerous yearly changes. As with any tax credit there is a cost shift. HB 391 doesn't address this. Vote 12-2.

Committee report adopted.

HB 396, exempting the land and buildings of Masonic temples or building associations from property taxation. **INEXPEDIENT TO LEGISLATE.**

Rep. Kris E. Roberts for Municipal and County Government: Under current law, the sixty-eight Masonic temples and granges can apply on a yearly basis by the April 15 deadline for tax-exempt status. The passage of HB 396 would exempt the Masons from the requirement and would result in similar groups requesting tax-exempt status. This would result in tax-shifting to already overburdened home owners and businesses. While it is important to take notice of all the fine charitable work funded and/or performed by Masons, it is equally important to note it is a male-only organization. The current religious, education, charitable, Red Cross and veterans are not limited to one gender. HB 396 is an attempt to overturn a board of tax and land appeals decision. Vote 13-2.

Committee report adopted.

HB 403-L, requiring a public hearing on certain school district warrant articles. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS**

Rep. James E. Coffey for the Majority of Municipal and County Government: Petitioned articles are presently well covered by existing statutes. This bill required an informational hearing only which would create an additional burden for school districts without any significant benefit. Vote 13-3.

Rep. John A. Burt for the Minority of Municipal and County Government: This bill requires that petitioned warrant articles shall have a public hearing on budgetary impact issues before the budget committee or governing body prior to insertion into the school district warrant. This would allow a timely hearing to inform voters and give them the opportunity to research the topic and make reasonable decisions. RSA 197:6 requires petitioned warrant articles to be posted in the school warrant articles regardless of the requirements of RSA 32:5. This does not give the voters a chance to review the budgetary impact of the petitioned warrant article, especially in towns that are under RSA 40:13, optional form of meeting official ballot referenda, commonly known as SB 2. There are four possible sets of dates; regular town meeting, SB 2, March, April or May second session voting, respectively. The first session under SB 2 resembles traditional town meeting, shall be held between the first and second Saturdays following the last Monday in January, inclusive of those Saturdays and dates adjusted respectively for April and May voting sessions. The petitioned warrant article is due the second Tuesday of January and the budget hearing must be completed by the third Tuesday. This schedule could only allow 11 days in some years to research and realize the ramifications of a petitioned warrant article, thus unfair to the involved voter.

Majority committee report adopted.

HB 409, relative to planning board members. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Betsey L. Patten for Municipal and County Government: Currently planning board members may serve on any municipal board or commission as long as it does not result in having more than two planning board members serving on the same board or commission. The committee accepted the amendment to clarify that planning board members could serve on other boards and commissions, except on the conservation commission or other land use boards as defined in RSA 672:2, as long as not more than one planning board member is on the governing body. Also during testimony the issue of "ex officio member" was discussed and an amendment to delete certain sections where the term was used inappropriately was adopted. A grandfathering clause for those currently serving as ex officio members was included in the amendment, so no serving members would be considered illegal. Vote 15-1.

Amendment (0358h)

Amend the bill by replacing all after the enacting clause with the following:

1 Planning Board Members Serving on Other Local Boards. Amend RSA 673:7, I to read as follows:

I. In the case of towns, appointed or elected members of the planning board may also serve on any other municipal board or commission ***except the conservation commission or a local land use board as defined in RSA 672:7***, provided that such multiple membership does not result in 2 planning board members serving on the ~~[same board or commission]~~ ***local governing body***.

2 Planning Board. Amend RSA 673:2 to read as follows:

673:2 Planning Board.

I.(a) In cities, the planning board shall consist of 9 members:

(1) The mayor of the city, or with the approval of the local legislative body the mayor's designee[~~, who shall be an ex officio member~~];

(2) An administrative official of the city selected by the mayor[~~, who shall be an ex officio member~~];

(3) A member of the city council selected by the council[~~, who shall be an ex officio member~~]; and

(4) Six persons appointed by the mayor, if the mayor is an elected official, or such other method of appointment or election as shall be provided for by the local legislative body or municipal charter.

(b) Alternatively, the local legislative body in a city with a city council-city manager form of government may establish a planning board with membership as provided in paragraph I-a.

I-a. In cities with a city council-city manager form of government, the planning board may consist of the following 9 members:

(a) The city manager, or with the approval of the local legislative body the city manager's designee[~~, who shall be an ex officio member~~];

(b) A member of the city council selected by the council[~~, who shall be an ex officio member~~]; and

(c) Seven persons appointed by the mayor, if the mayor is an elected official, or such other method of appointment or election as shall be provided for by the local legislative body or municipal charter.

I-b. In towns which operate under the town council form of government, the planning board shall consist of 7 or 9 members, as determined by the local legislative body or by the municipal charter. If the planning board shall consist of 9 members, the members shall be the persons listed in paragraph I. If the planning board shall consist of 7 members, the members shall be as follows:

(a) A member of the town council or administrative official of the town selected by the town council[~~, who shall be an ex officio member~~]; and

(b) Six persons appointed by the mayor, if the mayor is an elected official, or such other method of appointment or election as shall be provided for by the local legislative body or municipal charter.

II. In other towns, the planning board shall consist of 5 or 7 members as determined by the local legislative body. The membership shall be filled by one of the following procedures:

(a) The selectmen shall designate one selectman or administrative official of the town [~~as an ex officio member~~] and appoint 4 or 6 other persons who are residents of the town, as appropriate; or

(b) The local legislative body may decide, by majority vote at the town meeting, that planning board members shall be elected according to either the procedure in subparagraph (1) or in subparagraph (2). The official ballot shall be used on every referendum for the adoption of RSA 673:2, II(b)(1) or (2), and every subsequent rescission of such adoption pursuant to subparagraph (c). The wording on the official ballot of any referendum for the adoption of RSA 673:2, II(b)(1) or (2) shall specifically state which procedure for electing planning board members is being voted upon. Following the majority vote at town meeting, planning board members shall be elected as follows:

(1) The selectmen shall choose one selectman or administrative official of the town [~~as an ex officio member~~] and the remaining planning board positions shall be filled at the next regular town election pursuant to RSA 669:17. Thereafter, a planning board member shall be elected for the term provided under RSA 673:5, II; or

(2) The selectmen shall choose one selectman or administrative official of the town [~~as an ex officio member~~] and the remaining planning board positions shall be filled on a staggered basis at the subsequent regular town elections pursuant to RSA 669:17 as the term of an appointed member

expires, until each member of the board is an elected member. The maximum number of elections to occur annually shall be as provided in RSA 673:5, II. When each planning board member is an elected member, such member shall be elected for the term provided in RSA 673:5, II.

(c) A local legislative body which has voted to elect planning board members may, by majority vote at town meeting, decide to rescind that action and have the planning board appointed in the manner set forth in subparagraph (a). The vote to have planning board members so appointed shall take effect upon adoption by the town meeting, and the selectmen shall forthwith appoint members in accordance with RSA 673:5. The planning board shall, however, continue in existence, and the elected members in office at the time of the town meeting vote to appoint members may continue to serve until their successors are appointed and qualified.

III. In village districts, the planning board shall consist of either 5 or 7 members as determined by the village district meeting. The district commissioners shall:

(a) Designate one district commissioner or administrative official of the district [~~as an ex officio member~~]; and

(b) Appoint 4 or 6 other persons who are residents of the village district, as appropriate.

IV. In counties in which there are located unincorporated towns or unorganized places, the planning board shall consist of 5 or 9 members. The county commissioners shall recommend appointees to the planning board, and the appointees shall be approved by the county delegation. Planning board members shall be residents of the county, and shall be evenly distributed geographically throughout the county. The membership of the planning board shall be as follows:

(a) The chairperson of the board of county commissioners or designee [~~shall be an ex officio member~~].

(b) A member of the county convention selected by the convention [~~shall be an ex officio member~~].

(c) An administrative official of the county selected by the chairperson of the board of county commissioners [~~shall be an ex officio member~~].

(d) Two or 6 persons appointed by the board of county commissioners and approved by the county convention.

(e) One or 3 alternates appointed by the board of county commissioners and approved by the county convention.

3 Heritage Commissions. Amend RSA 673:4-a, II to read as follows:

II. Each heritage commission member shall be a resident of the city or town which establishes the commission. One commission member shall be a member of the local governing body. One commission member may be a member of the planning board. Not more than 5 alternate members may be appointed. When an alternate sits in absence or disqualification of a regular member, the alternate shall have full voting powers. If there is a historic district commission, one member of this commission shall be [~~an ex officio~~] a member of the heritage commission. In determining each member's qualifications, the appointing authority shall take into consideration the appointee's demonstrated interest and ability to understand, appreciate, and promote the purpose of the heritage commission.

4 Terms. Amend RSA 673:5, I(a) to read as follows:

I.(a) [~~Except as provided in subparagraph (b);~~] The term of any ex officio member serving on a local land use board shall coincide with the term for that other office; [~~except that~~] the term of the administrative official appointed by the mayor shall terminate with the term of office of the mayor appointing the official, and [~~that~~] the term of the administrative official appointed by the town council, board of selectmen, or village district commissioners shall be for one year.

5 Applicability. The provisions of RSA 673:7, I, as amended by section 1 of this act, shall not apply to any current term of any person legally appointed or elected to multiple boards or commissions prior to the effective date of this act. No person thus exempted from the limitations on membership established in section 1 of this act may be reappointed or reelected to any board or commission except in conformity with the amended provisions of RSA 673:7, I.

6 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill modifies limitations on town planning board members serving on another board or commission. This bill also corrects certain references to appointed land use board members.

Amendment adopted.

Committee report adopted and ordered to third reading.

The House recessed at 6:00 p.m.

RECESS

(Speaker O'Brien in the Chair)

The House reconvened at 6:45 p.m.

REGULAR CALENDAR (CONT'D)

HB 457-FN, reducing the interest rate on late and delinquent property tax payments, subsequent payments, and other unpaid taxes. **INEXPEDIENT TO LEGISLATE.**

Rep. Betsey L. Patten for Municipal and County Government: As the law stands now, if a taxpayer does not pay property taxes when the final tax bill is due, the interest rate on the amount is 12%. Within 90 days of this due date, certified mail is sent to the taxpayer 30 days prior to a lien being placed upon the property. Once the lien is placed upon the property, the interest rate becomes 18% and a certified letter is sent to a property mortgagee of that fact. This bill as introduced set the local rates at 6% and 9% respectfully. The philosophy behind the high delinquent property tax interest rates is to ensure that the property tax bills will be among the first bills to be paid, not among the last. There are many circumstances where a taxpayer who is able to afford the tax payment may choose not to pay for almost three years to take care of other priorities. One reason to not lower the interest rate is that each unpaid property tax bill means that the other conscientious taxpayers in the town will have to dig deeper into their pockets to make up the difference. Also if the financial consequence is lessened to the proposed 6% and 9% more taxpayers would have the chance to default on their tax payments. This change would also put pressure on the cash flows of local governments, forcing them to borrow more to fund operations and increasing debt service expenditures. The committee is sympathetic to the fact that some people are unable to pay their taxes through no fault of their own. However those citizens may petition their selectmen for an abatement of all interest and, as appropriate, an abatement of their actual taxes. Vote 15-1.

Rep. Vaillancourt spoke against and yielded to questions.

Rep. Betsey Patten spoke in favor.

On a division vote, 133 members having voted in the affirmative and 176 in the negative, the committee report failed.

Rep. Jasper moved Ought to Pass.

Motion adopted and ordered to third reading.

Rep. Mirski declared a conflict of interest and did not participate.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Vaillancourt moved that the House reconsider its action whereby, on a voice vote, it adopted the motion of Ought to Pass on **HB 457-FN**, reducing the interest rate on late and delinquent property tax payments, subsequent payments, and other unpaid taxes.

Rep. Vaillancourt spoke against.

Motion failed.

Rep. Mirski declared a conflict of interest and did not participate.

REGULAR CALENDAR (CONT'D)

HB 483-FN-L, relative to mosquito control. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Timothy D. Copeland for Municipal and County Government: This bill, as amended, modifies existing RSA 142: A making it enabling, giving local control to towns when mosquito borne health threats of disease such as triple E and West Nile virus which may exist and don't go away. The new language states, "A threat has been in effect, or has been declared within the last 5 years." This legislation involves larviciding (which is a proven safe means of controlling the adult population by preventing the hatching of mosquitoes) on state land owned by fish and game that exists within the municipalities' boundaries. This larvicide is an environmentally safe, natural bacteria which is applied to specific pool areas to break the life cycle of the mosquito at the very beginning. The alternative to larviciding is to wait until they are adults and airborne, then spray chemical pesticides into the greater environment. It's easy to see the advantages and desirability of treating mosquitoes while in the larva stage. This legislation is the result of the state declaring a health

threat for a municipality last year, then delaying that notification to that municipality which had made an application to larvacide on fish and game property. Thirty days lapsed from that delay or notification from the state resulting in pools of mosquitoes hatching in that municipality. This is simply enabling legislation and gives municipalities local control over the health threats that may exist within their boundaries. Vote 14-1.

Amendment (0467h)

Amend the bill by replacing sections 1 and 2 with the following:

1 Mosquito Control Policy. Amend RSA 142-A:2, VII to read as follows:

VII. State agencies managing land shall allow mosquito control and abatement activities to occur in accordance with local mosquito control plans developed pursuant to RSA 141-C when the department has notified the appropriate agency managing state land that a public health threat declaration under RSA 141-C:25 is in effect, *or has previously been in effect within the last 5 years*, for the affected municipality or mosquito control district in accordance with RSA 142-A:3.

2 Mosquito Control Policy. Amend RSA 142-A:3, VI to read as follows:

VI. State agencies managing land shall allow the use of biological control agents, specifically *Bacillus thuringiensis israelensis* or *Bacillus sphaericus*, to control mosquito larvae in natural wetlands and water bodies on land they administer in accordance with applicable law and rules as long as those wetlands and water bodies are located in municipalities or mosquito control districts where a public health threat is declared, *or has been declared within the last 5 years*, by the commissioner pursuant to RSA 141-C and when the application is to be made under a special permit issued by the department of agriculture, markets and food, division of pesticide control.

AMENDED ANALYSIS

This bill allows a municipality to commence mosquito control abatement activities on state lands where a public health threat is in effect or was in effect within the last 5 years under RSA 141-C:25. Amendment adopted.

Committee report adopted and ordered to third reading.

HB 374, banning corn-based ethanol as an additive to gasoline sold in New Hampshire. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Sean C. Cox for the Majority of Science, Technology and Energy: Both the majority and minority agree with the spirit and purpose of this bill. We agree that current federal subsidies, incentives and mandates for corn-based ethanol are bad energy policy, bad economic policy, bad environmental policy and bad agricultural policy. Washington's policies have promoted the inefficient and expensive production of corn-based ethanol while discriminating against more environmentally-efficient alternatives such as sugar cane based ethanol. This bill seeks to ban corn-based ethanol from being sold in New Hampshire. That goal is unattainable given current federal laws, EPA rules, and regional petroleum refining capacity in New England. New Hampshire simply does not represent a large enough market to warrant its own boutique gasoline mix, and even if it did, there are currently few affordable alternatives to corn-based ethanol in the marketplace. Although the majority feels that we need to "send a message to Washington" expressing our disapproval of current corn-based ethanol policy, we did not feel that passing this (unenforceable) legislation is the proper way to send that message. We feel it is more prudent to ITL this bill, send a strongly-worded official policy letter to our congressional delegation, and perhaps follow-up in 2012 with a House Resolution on the same subject. Vote 10-4.

Rep. Beatriz Pastor for the Minority of Science, Technology and Energy: The minority of the committee shares with the majority the unanimous concern over the negative impact of corn ethanol production and of the federal mandate to use it. However, the minority believes that it is essential that the state of New Hampshire make its position crystal clear to the federal government and send a strong message to the US Congress, the producers of corn-based ethanol and their lobbyists. HB 374 conveys such a message: NH wants to get rid of corn-based ethanol. Corn-based ethanol has a higher carbon footprint than gasoline. It has raised world and US food prices by redirecting food production (corn and other grains) towards ethanol destined corn production. It reduces fuel efficiency in car engines and causes significantly impaired performance and/or damage to all combustion engines that use it. And, finally, the tax credits/subsidies that the corn ethanol industry receives, amount to an outrageous yearly amount (\$5.16 billion in 2009) of revenue loss. This money would be much better used incentivizing research and entrepreneurs for the production of better renewable clean energy alternatives.

The question being adoption of the majority committee report of Inexpedient to Legislate.
 Rep. Campbell spoke against and yielded to questions.
 Rep. James Garrity spoke in favor.
 Rep. Cohn requested a roll call; sufficiently seconded.

and the majority committee report failed.

Rep. Bettencourt moved the minority committee report of Ought to Pass.

Minority committee report adopted and ordered to third reading.

HB 387, requiring providers of prepaid cellular telephone service to provide subscriber information to the enhanced 911 system. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Robin P. Read for Science, Technology and Energy: This bill was requested by the department of safety's emergency communications division. It requires pre-paid cell phone companies to provide to the emergency 911 system, only in emergency situations, the information in its possession as to the name and address of the person who purchased the phone. This information will assist the department in locating the person who called 911 from a pre-paid cell phone. The department testified that in many emergency situations they have difficulty obtaining this information from pre-paid cell phone companies. The department does not keep the information the companies provide. The bill includes a provision that the pre-paid cell phone companies cannot be held liable if they make a good faith effort to provide the information requested. Vote 8-6.

Amendment (0576h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Enhanced 911 System; Subscriber Information From Providers of Prepaid Cellular Telephone Service. Amend RSA 106-H by inserting after section 10 the following new section:

106-H:10-a Provision of Prepaid Telephone Subscriber Information. Each provider of prepaid commercial mobile radio service shall provide to the bureau for the purposes of helping to locate a calling party in exigent circumstances and in such format as the commissioner may require, any information in its possession related to the name, street address, city, and state of the purchaser or user of the service and the telephone number assigned to such purchaser or user sold by a provider or such provider's agent within the state of New Hampshire. This information shall be made available by the provider or reseller of such service to the bureau at the time of request by the bureau. For purposes of this section, the term "purchaser" means the end user of the service at the retail level.

II. No provider of a prepaid commercial mobile radio service shall be held liable for failure to provide any or all of the requested information if the information is not in the provider's possession and the provider has acted in good faith to comply with this section.

2 Effective Date. This act shall take effect January 1, 2012.

AMENDED ANALYSIS

This bill requires providers of prepaid cellular telephone service to provide subscriber information to the enhanced 911 system.

Amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment. Rep. Hoell requested a roll call; sufficiently seconded.

and the committee report was adopted and ordered to third reading.
Rep. DeJong declared a conflict of interest and did not participate.

HB 389-FN-L, relative to broadband infrastructure. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS**

Rep. William H. O'Connor for the Majority of Science, Technology and Energy: This bill would allow municipalities to bond for and build out broadband infrastructure. The majority had several problems with the bill. First, we do not believe that high-speed, inexpensive broadband access is a fundamental right. Second, allowing local governments to become competitors to private industry by building communications infrastructure would discourage private providers from expanding or upgrading their existing networks and lead to less competition and higher costs to consumers. Third, it creates an uncomfortable potential conflict of interest when a local government, which is the taxing and franchising authority over current providers, also becomes a competitor with those same providers. Fourth, the state's first broadband director was hired in November 2009 with the expectation that collaborative solutions can be found to address the needs of populations in un-served and underserved areas. FairPoint Communications has built its broadband infrastructure to 85% of its operating area with a goal to reach 95% of the state, and several smaller telephone companies serve 100% of their customers. Fifth, similar schemes in other states have had mixed results at best and in some cases, as in Burlington, Vermont, have been a financial and policy disaster. Vote 9-8.

Rep. Beatriz Pastor for the Minority of Science, Technology and Energy: This bill gives municipalities local control over broadband expansion by allowing them to bond for the purpose of building broadband infrastructure. The minority believes that universal, affordable access to high-speed internet service is essential in New Hampshire for economic development, job creation, small business growth, local services delivery, and educational opportunities. The state should allow our counties and municipalities to use open access technology to provide low cost high-speed internet access without providing broadband services themselves. This bill gives towns the freedom to manage their resources to address the needs of their people regarding internet access; and it lets voters decide on the best way to provide universal, affordable access to high-speed internet services.

The question being adoption of the majority committee report of Inexpedient to Legislate.
Reps. Pastor and Rappaport spoke against and yielded to questions.
Reps. Panek and James Garrity spoke in favor and yielded to questions.
Rep. Manuse requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

Rep. DeJong declared a conflict of interest and did not participate.

HB 496-FN, relative to radiological monitoring in nuclear emergency planning zones. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Sam A. Cataldo for the Majority of Science, Technology and Energy: In its years of operation, the Seabrook Station has not had any problems in its real time monitoring, on the property or in the surrounding communities. The Seabrook Station's monitoring systems are appropriate and in compliance with Nuclear Regulatory Commission (NRC) regulations. Many of the plant's families live in the surrounding area, and since no significant data was presented to warrant the State Director of Fire Safety and Emergency Management to implement an expensive continuous real-time environmental radiological monitoring program, the committee feels that this bill is not needed. Similar bills have been introduced in two past sessions and have been found inexpedient to legislate. In addition, the committee expressed its desire to the owners of Seabrook that they voluntarily work with an institution of higher learning to possibly install a single monitor as part of a cooperative scientific research project. Vote 13-2.

Rep. Robin P. Read for the Minority of Science, Technology and Energy: The minority believes the bill is worthy of further study and should be retained by the committee. The committee heard testimony that placing radiation monitors in only a few towns within the 10 mile evacuation zone around the Seabrook Nuclear Plant would be an inexpensive and important complement to the current radiation monitoring being done by the State of Massachusetts in the Massachusetts communities within the Seabrook evacuation zone. If retained, the committee would also consider whether radiation monitors should be installed in the New Hampshire communities within the evacuation zone around the Vermont Yankee Nuclear Plant in Vernon, Vermont. The committee could also study the possibility of coordinating radiation monitoring programs with local educational institutions.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Robin Read moved Recommit, spoke in favor and yielded to questions.

Rep. James Garrity spoke against.

Rep. Robin Read requested a roll call; sufficiently seconded.

The question now being adoption of the majority committee report of Inexpedient to Legislate.
Majority committee report adopted.

HB 337-FN-L, relative to the calculation and distribution of adequate education grants. **OUGHT TO PASS WITH AMENDMENT.**

Rep. David W. Hess for Special Committee on Education Funding Reform: This bill comprehensively addresses and revises the current statutory provisions for the state's funding of education. It accomplishes four critical objectives. First, it provides sustainability, predictability and continuity to that funding. Under this bill, no town, city or school district will receive either a greater or a lesser education grant from the state in the coming biennium than they are receiving in the current fiscal year, period. If it passes, the era of dueling spreadsheets will come to an end. This is the single most important aspect of state aid to education – for educators, school bonds and local property taxpayers. Second, this bill calculates the base cost per pupil by using empirical, realistic standards and criteria rather than the exaggerated, inflated criteria currently in law, which merely increases the total amount of state aid. The standards and criteria embodied in this bill are derived from the state department of education minimum standards as promulgated in its rules and from the federal definition of a “highly qualified” teacher. Third, as a result of the revised formula for calculating the base cost per pupil, this bill permits significantly increased targeted aid to provide increased resources for those pupils and communities which would most benefit from state aid. It retains the targeted amount for special education and English-as-a-second language students at current levels. It retains targeted funds for students eligible for the federal free and reduced lunch program, but establishes that aid at a fixed dollar amount for each such pupil and distributes that aid based upon the number of students eligible for that program and not for the entire student population in schools which contain a certain percentage of such eligible students. This bill also substantially increases fiscal capacity disparity aid to our most disadvantaged communities. In total, this bill increases the aggregate targeted aid from approximately 25% of total state aid to almost 40%. Fourth and finally, this bill eliminates donor towns. In conclusion, this bill accomplishes all of these objectives without increasing the aggregate state appropriation for education. Vote 12-3.

Amendment (0593h)

Amend the bill by replacing all after the enacting clause with the following:

1 Adequate Education; Definitions. RSA 198:38 is repealed and reenacted to read as follows:

198:38 Definitions. In this section:

I. “Average daily membership in residence” or “ADMR” means the average daily membership in residence of pupils in kindergarten through grade 12, as defined in RSA 189:1-d, IV of the second school year preceding the year in which the calculation is made, provided that no kindergarten pupil shall count as more than 1/2 day attendance per calendar year.

II. “Commissioner” means the commissioner of the department of education.

III. “Department” means the department of education.

IV. “Determination year” means the fiscal year that was 3 years prior to the fiscal year for which aid is to be determined. Unless otherwise indicated, determination year data shall be used to calculate aid.

V. “Educationally disabled child” or “educationally disabled pupil” shall mean “educationally disabled child” as defined in RSA 186-C:2, I.

VI. “English language learner” means a child who has a predominant language other than English or who is educationally disadvantaged by a limited English proficiency, and who is receiving regularly scheduled English language instruction.

VII. “Pupils eligible for a free or reduced-price meal” means pupils in kindergarten through grade 12 who are eligible for the federal free or reduced-price meal program.

VIII. “School district” means school district as defined in RSA 194:1 and shall include cooperative school districts as defined in RSA 195:1, I.

2 Adequate Education; Base Cost Per Pupil. RSA 198:40-a is repealed and reenacted to read as follows:

198:40-a Adequate Education; Base Cost Per Pupil.

I. The commissioner shall determine the base cost per pupil of the opportunity for an adequate education in each school district using the most recent statewide salary data available, divided into quartiles, as follows:

(a) (1) The average of the 3rd and 4th quartiles of salary for a teacher possessing at least a bachelor's degree with no experience, multiplied by 1.33, then multiply the product by 1.05.

(2) For a teacher teaching art, music, world languages, media/technology, health, or physical education, multiply the amount determined under subparagraph (a)(1) by .20.

(b) The average of the 3rd and 4th quartiles of salary for a principal possessing at least a master's degree and 3 years of educator experience, multiplied by 1.33, then multiply the product by 1.05.

(c) The average of the 3rd and 4th quartiles of salary for a guidance counselor possessing at least a master's degree, multiplied by 1.33, then multiply the product by 1.05.

(d) The average of the 3rd and 4th quartiles of salary for a library/media specialist possessing at least a bachelor's degree with no experience, multiplied by 1.33, then multiply the product by 1.05.

(e) The average of the 3rd and 4th quartiles of salary for a technology coordinator possessing at least a bachelor's degree with no experience, multiplied by 1.33, then multiply the product by 1.05.

(f) The average of the 3rd and 4th quartiles of salary for a reading specialist possessing at least a master's degree at step 2 of the teacher salary schedule for that position, multiplied by 1.33, then multiply the product by 1.05.

(g) The average of the 3rd and 4th quartiles of salary for an administrative assistant, multiplied by 1.33, then multiply the product by 1.05.

(h) The average of the 3rd and 4th quartiles of salary for a custodian, multiplied by 1.33, then multiply the product by 1.05.

II. In each biennium, the commissioner shall calculate the base cost per pupil of the opportunity for an adequate education in each school district as the sum of the following:

(a) (1) For teachers of pupils in kindergarten through grade 2, divide the ADMR of pupils in the municipality in kindergarten through grade 2 by 25, then multiply the result by the salary for teachers determined in subparagraph I(a)(1).

(2) For teachers of pupils in grades 3 through 12, divide the ADMR of pupils in the municipality in grades 3 through 12 by 30, then multiply the result by the salary for teachers determined in subparagraph I(a)(1).

(3) For a teacher teaching art, music, world languages, media/technology, health, or physical education to pupils in kindergarten through grade 2, divide the ADMR of pupils in the municipality in kindergarten through grade 2 by 25, then multiply the result by the amount determined in subparagraph I(a)(2).

(4) For a teacher teaching art, music, world languages, media/technology, health, or physical education to pupils in grades 3 through 12, divide the ADMR of pupils in the municipality in grades 3 through 12 by 30, then multiply the result by the amount determined in subparagraph I(a)(2).

(b) For principals, divide the ADMR of pupils in the municipality in kindergarten through grade 12 by 500, then multiply the result by the salary for principals determined in subparagraph I(b).

(c) (1) For guidance counselors for pupils in kindergarten through grade 8, divide the ADMR of pupils in the municipality in kindergarten through grade 8 by 500, then multiply the result by the salary for guidance counselors determined in subparagraph I(c).

(2) For guidance counselors for pupils in grades 9 through 12, divide the ADMR of pupils in the municipality in grades 9 through 12 by 300, then multiply the result by the salary for guidance counselors determined in subparagraph I(c).

(d) For library/media specialists, divide the ADMR of pupils in the municipality in kindergarten through grade 12 by 500, then multiply the result by the salary for library/media specialists determined in subparagraph I(d).

(e) For technology coordinators, divide the ADMR of pupils in the municipality in kindergarten through grade 12 by 1,200, then multiply the result by the salary for technology coordinators determined in subparagraph I(e).

(f) For reading specialists, divide the ADMR of pupils in the municipality in kindergarten through grade 8 by 500, then multiply the result by the salary for reading specialists determined in subparagraph I(f).

(g) For administrative assistants, divide the ADMR of pupils in the municipality in kindergarten through grade 12 by 500, then multiply this amount by the salary for administrative assistants determined in subparagraph I(g).

(h) For custodians, divide the ADMR of pupils in the municipality in kindergarten through grade 12 by 500, then multiply this amount by the salary for custodians determined in subparagraph I(h).

(i) For instructional materials, multiply the ADMR of pupils in the municipality in kindergarten through grade 12 by \$130.

(j)(1) For technology costs for pupils in kindergarten through grade 8, multiply the ADMR of pupils in the municipality in kindergarten through grade 8 by \$25.

(2) For technology costs for pupils in grades 9 through 12, multiply the ADMR of pupils in the municipality in grades 9 through 12 by \$65.

(k) For transportation costs, multiply the ADMR of pupils in the municipality in kindergarten through grade 8 by \$304.

III. In addition to the base cost calculated under paragraphs I and II:

(a) An additional \$1,725 for each pupil who is in kindergarten through grade 12, who is eligible for the federal free and reduced-price meal program, and who attends a public school in which at least 12 percent of pupils reported in the school's ADMR in the determination year are eligible for the federal free and reduced-price meal program.

(b) An additional \$675 for each pupil reported in the public school's ADMR in the determination year who is an English language learner and who is receiving English language instruction.

(c) An additional \$1,856 for each pupil reported in the public school's ADMR in the determination year who is receiving special education.

IV.(a) The sum total calculated under paragraphs I-III of this section shall be the cost of the opportunity for an adequate education in each year of the biennium.

(b) Prior to or coinciding with the first disbursement of each fiscal year under RSA 198:42, the department shall notify a school district of the total amount of funds that have been allocated for each school within its jurisdiction during the fiscal year based on the sum of the school district's adequate education grant amount plus the amount available to the school district from the education tax. In addition, the department shall furnish to each municipality a report showing the municipality's cost of an adequate education sorted by a pupil's municipality of residence.

V. The department shall notify school districts of the estimated amounts of grants by the November 15 preceding the fiscal year for which aid is determined. The commissioner shall provide to the general court all data or reports requested by the general court in a form which the general court determines will facilitate the calculations required in this section.

3 Adequate Education; Provisions for Grants to Municipalities. RSA 198:40-b is repealed and reenacted to read as follows:

198:40-b Provisions for Grants to Municipalities. Each fiscal year, the commissioner of the department of education shall determine if a municipality is scheduled to receive a total education grant which is less than the total education grant received in the fiscal year ending June 30, 2011, and shall disburse to such municipality an additional grant from the education trust fund in an amount equal to 100 percent of the amount of the decrease.

4 Adequate Education; Fiscal Capacity Disparity Aid. RSA 198:40-c is repealed and reenacted to read as follows:

198:40-c Fiscal Capacity Disparity Aid.

I. In addition to aid for the cost of the opportunity for an adequate education provided under RSA 198:40-a, each fiscal year the department shall provide fiscal capacity disparity aid to a municipality's school districts as follows:

(a) The department of revenue administration shall calculate the equalized valuation per pupil for each municipality in the state and shall sort the results into quartiles based on equalized valuation per pupil. The quartile containing municipalities with the lowest equalized valuation per pupil shall then be divided in half.

(b) A municipality with an equalized valuation per pupil in the lower half of the lowest quartile and which has a median family income which is less than the state average median family income shall receive fiscal capacity disparity aid in the amount of \$3,360 multiplied by the municipality's average daily membership in residence.

(c) A municipality with an equalized valuation per pupil in the upper half of the lowest quartile which has a median family income which is less than the state average median family income shall receive fiscal capacity disparity aid in the amount of \$2,100 multiplied by the municipality's average daily membership in residence.

II. Aid under this section shall be distributed pursuant to RSA 198:42.

III. In this section:

(a) "Equalized valuation per pupil" means a municipality's equalized valuation, including properties subject to taxation under RSA 82 and RSA 83-F, as determined by the department of revenue administration, that was the basis for the local tax assessment in the determination year, divided by the school district's average daily membership in residence, as defined in RSA 189:1-d for the determination year, provided that no kindergarten pupil shall count as more than ½ day attendance per calendar day.

(b) "Median family income" means the most recent census data published for New Hampshire counties and municipalities by the United States Census Bureau, United States Department of Commerce, as of October 1 preceding the beginning of the biennium for which aid is to be determined.

5 Adequate Education; Determination of Grants; Excess Tax. Amend the section heading in RSA 198:41 and RSA 198:41, I-II to read as follows:

198:41 Determination of *Education* Grants [~~and Excess Tax~~].

I. Except for municipalities where all school districts therein provide education to all of their pupils by paying tuition to other institutions, the department of education shall determine the amount of the *total* education grant for the municipality as follows:

(a) Add the per pupil cost of providing the opportunity for an adequate education for which each pupil is eligible pursuant to RSA 198:40-a, I-III, and from such amount;

(b) Subtract the amount of the education [~~property~~] tax warrant to be issued by the commissioner of revenue administration for such municipality reported pursuant to RSA 76:9 for the next tax year, and from such amount; and

(c) Add the fiscal capacity disparity aid pursuant to RSA 198:40-c.

II. For municipalities where all school districts therein provide education to all of their pupils by paying tuition to other institutions, the department of education shall determine the amount of the [~~adequate~~] *total* education grant for each municipality as the lesser of the 2 following calculations:

(a) The amount calculated in accordance with paragraph I of this section; or

(b) The total amount paid for items of current education expense as determined by the department of education minus the amount of the education [~~property~~] tax warrant to be issued by the commissioner of revenue administration for such municipality reported pursuant to RSA 76:9 for the next tax year.

6 Excess Education Property Tax Payment; Subdivision Heading Amended. Amend the subdivision heading preceding RSA 198:46 to read as follows:

[~~Excess Education Property Tax Payment~~]

Local Control and Alternative Kindergarten Programs

7 Application of Receipts. Amend RSA 6:12, I(b)(65) to read as follows:

(65) Money received under RSA 77-A, RSA 77-E, RSA 78, RSA 78-A, RSA 78-B, RSA 83-F, [~~RSA 198:46~~] and from the sweepstakes fund, which shall be credited to the education trust fund under RSA 198:39.

8 Commissioner's Warrant. Amend RSA 76:8, II to read as follows:

II. The commissioner shall issue a warrant under the commissioner's hand and official seal for the amount computed in paragraph I to the selectmen or assessors of each municipality by December 15 directing them to assess such sum and pay it to the municipality for the use of the school district or districts [~~and, if there is an excess education tax payment due pursuant to RSA 198:46, directing them to assess the amount of the excess payment and pay it to the department of revenue administration for deposit in the education trust fund~~]. Such sums shall be assessed at such times as may be prescribed for other taxes assessed by such selectmen or assessors of the municipality.

9 Joint Legislative Oversight Committee on Accountability for an Adequate Education.

I. (a) There is hereby established the joint legislative oversight committee on accountability for an adequate education. The members of the committee shall be as follows:

(1) Three members of the house of representatives, which shall include 2 members of the house education committee and one member of the house finance committee, appointed by the speaker of the house of representatives.

(2) Three members of the senate, which shall include 2 members of the senate education committee and one member of the senate finance committee, appointed by the president of the senate.

(b) Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

II. The committee shall review and study the assessment and assistance methods, reporting requirements, and other methods of accountability presently being used by the department of education and local school districts to determine whether such methods, programs, and standards will ensure the delivery of an adequate education as set forth in RSA 193-E:2-a.

III. Following a public hearing, the committee shall report its findings and recommendations concerning the sufficiency of existing statutory law to provide accountability for the delivery of the opportunity for an adequate education as defined in RSA 193-E:2-a, and the possible need for additional legislation, to the governor, the speaker of the house of representatives, the president of the senate, and the state librarian no later than November 15, 2011.

10 Chartered Public Schools; Funding. Amend RSA 194-B:11, I(b) to read as follows:

(b) For any chartered public school authorized by the state board of education pursuant to RSA 194-B:3-a, the state shall pay [tuition] **the greater of \$5,450 or the sum of \$2,000 plus the amount calculated** pursuant to RSA 198:40-a [~~and RSA 198:40-e~~] directly to the chartered public school for each pupil who is a resident of this state in attendance at such chartered public school.

11 References Amended. Amend the following RSA sections by replacing “statewide education property tax” or “education property tax” or “education property taxes” with “education tax” or “education taxes,” as the context dictates: RSA 76:8, I; the introductory paragraph in RSA 198:57, IV, and RSA 198:57, VI(a).

12 Repeal. The following are repealed:

I. RSA 198:46, relative to excess education tax payments.

II. RSA 198:47, relative to forms used for the reporting and remitting of excess education tax payments.

III. RSA 198:39, I(g), relative to excess education tax payments deposited into the education trust fund.

13 Effective Date. This act shall take effect July 1, 2011 at 12:01 a.m.

AMENDED ANALYSIS

This bill:

I. Determines the per pupil cost of the opportunity for an adequate education which includes aid distributed to schools based on the number of pupils eligible to receive special education, or eligible for a free or reduced-price lunch, or who are English language learners.

II. Provides fiscal capacity disparity aid, in addition to aid for the cost of the opportunity for an adequate education, based on a municipality’s equalized valuation, including utilities, per pupil and median family income.

III. Provides that a municipality which is scheduled to receive an adequate education grant in a fiscal year which is less than the grant such municipality received in the 2011 fiscal year shall receive an additional grant from the education trust fund in an amount equal to 100 percent of the amount of the decrease.

IV. Repeals the statutory provisions requiring that excess education tax payments be remitted to the department of revenue administration thereby permitting municipalities to retain any excess education tax revenues.

V. Establishes a joint legislative oversight committee on accountability for an adequate education.

VI. Provides that the state shall pay the greater of \$5,450 or the sum of \$2,000 plus the amount calculated under RSA 198:40-a to chartered public school pupils.

MOTION TO SPECIAL ORDER

Rep. Bettencourt moved that **HB 337-FN-L**, relative to the calculation and distribution of adequate education grants, be made a Special Order to Thursday, March 17, 2011 as close to 10:00 a.m. as possible.

Rep. Bettencourt spoke in favor.

Motion adopted.

MOTION TO SPECIAL ORDER

Rep. Goley moved that the remaining bills on today’s calendar be made Special Orders to Thursday, March 17, 2011 in their Regular Calendar order.

Rep. Goley spoke in favor.

Rep. Jasper spoke against and yielded to questions.

On a division vote, 87 members having voted in the affirmative and 224 in the negative, the motion failed.

MOTION TO SPECIAL ORDER

Rep. Brunelle moved that **HB 231-FN**, relative to payment of state retiree medical benefits for spouses and dependents, be made a Special Order to Thursday, March 17, 2011.

The Speaker ruled the motion out of order.

REGULAR CALENDAR (CONT'D)

HB 231-FN, relative to payment of state retiree medical benefits for spouses and dependents.

MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. William B. Smith for the Majority of Special Committee on Public Employee Pensions Reform: In order to help balance the budget in a fair and equitable manner, HB 231, as amended by the committee, requires the commissioner of the department of administrative services to change the insurance benefit structure for retired state employees in order to save about \$10 million a year in general fund costs by streamlining the benefit package. While the governor's budget proposes to increase monthly premium payments for retirees under 65 from the current \$65 per month to \$100 per month, HB 231, as amended, retains their current \$65 per month payment. Those 65 and over will continue to pay nothing toward their health insurance plan. The majority of the committee believes this change appropriately balances maintaining health care coverage for retirees with the state's need to balance its budget and asking all parties to participate in the challenge of bringing spending in line with state revenues. Vote 8-4.

Rep. Stephen J. Shurtleff for the Minority of Special Committee on Public Employee Pensions Reform: The first several versions of this bill asked that our most vulnerable population, seniors on fixed incomes already facing all the same increased costs as we do, pay a significant amount of their modest incomes to pay for a benefit they were promised and are owed. As the committee learned, the average pension for a Group I retiree is only \$11,000 a year. The first several amendments met with bipartisan resistance and for good reason. Even in its final version, this bill insufficiently funds retiree health care by approximately 14% (all funds) in SFY 2012, and by 20% in SFY 2013. It does not take into account the fact that 1,000 to 2,000 current state employees may enter retirement within the biennium. If 10% enter retirement in the first year of the biennium, the funding will be 21% below the state's current commitment and 33% below if another 10% retired in the second year. In whole, this means that potentially more than \$53m in health care cuts will be shifted onto less than 1/10th of the one percent of the population – those who faithfully served the citizens of New Hampshire for decades, worked for and earned this benefit, and did not look for a handout instead. There is no longer any question as to whether workers were promised this benefit in writing, as employment recruitment material was provided to the committee which clearly stated that they could continue their current health care in retirement and that it would be provided by the state, "at no cost to you." It is not these workers' fault that budget writers did not, for more than twenty years, save the revenue it needed to fund future retiree health care costs. In fact, in the past three years alone, more than \$60m of surplus funds raised for healthcare were returned to the general fund to pay for other state expenses. The bill's proposed cuts effectively put retirees significantly into harm's way. The ramifications of which are yet to be known but will surely impact local communities through downshifting caused by retirees needing local assistance which they otherwise may not require. Our state retirees already "share the pain" of skyrocketing health costs, increased fuel costs and other effects of this recession. We should not place on the shoulders of loyal state employees this unfair and unequal tax. This bill breaks the state's word by intentionally underfunding the cost of the benefit by tens of millions of dollars thus, as the sponsor said, turning a Cadillac plan into a Chevrolet plan. The Chevrolet means less benefits and higher out of pocket costs for state retirees – even those already paying up to \$130/month for a benefit previously promised as fully paid. There is a lawsuit challenging that breach of contract and more lawsuits are expected if HB 231 as amended becomes law. On the day the committee finished its work on this bill, a fifth and final amendment was introduced and voted on in the same day and within hours of introduction. The amendment was substantial and the public was not allowed to provide any public input. Our retirees earned this benefit and deserve better from New Hampshire.

Majority Amendment (0642h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to payment of medical benefits for state retirees, their spouses, and dependents.

Amend the bill by replacing all after the enacting clause with the following:

1 State Retiree Medical Benefit for Retiree, Spouse, and Dependents. Amend RSA 21-I:30, I to read as follows:

I. The state shall pay a premium *toward group hospitalization, hospital medical care, surgical care and other medical benefits plan or a self-funded alternative within the limits of the funds appropriated at each legislative session and providing any change in plan or vendor is approved by the fiscal committee of the general court prior to its adoption* for:

(a) Each state employee and permanent temporary or permanent seasonal employee as defined in RSA 98-A:3 including spouse and minor, fully dependent children, if any, and

(b) Subject to the funding limitation under paragraph I-a, each retired employee, as defined in paragraph II of this section, and his or her spouse, or retired employee's beneficiary, only if an option was taken at the time of retirement and the employee is not now living[, toward group hospitalization; hospital medical care, surgical care and other medical benefits plan or a self-funded alternative within the limits of the funds appropriated at each legislative session and providing any change in plan or vendor is approved by the fiscal committee of the general court prior to its adoption].

I-a. The total cost to the general fund for the benefit provided in subparagraph I(b) shall not exceed \$27.5 million, including the administrative costs of the department, in each fiscal year of a biennium. If in any calendar year the total general fund cost of the retiree medical benefit is projected to exceed that amount, the commissioner of the department of administrative services shall, with the prior approval of the fiscal committee of the general court, adjust the plan design of the group hospitalization, hospital medical care, surgical care and other medical benefits plan or the self-funded alternative to reduce the cost of the benefit to that amount.

I-b. Funds appropriated for [this] the purpose described in this section shall not be transferred or used for any other purpose.

2 Effective Date. This act shall take effect July 1, 2011.

AMENDED ANALYSIS

This bill provides that the payment by the state of the premium for the medical benefit for state retirees, their spouses, and dependents shall be subject to a limit on total state general fund cost. Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Shurtleff spoke against and yielded to questions.

Reps. Soltani, Horrigan, Baroody, White, Pierce and DeStefano spoke against.

Rep. Kurk spoke in favor.

Rep. Bettencourt requested a roll call; sufficiently seconded.

and the majority committee report was adopted and ordered to third reading.

Rep. Lars Christiansen declared a conflict of interest and did not participate.

MOTION TO PRINT DEBATE

Rep. Patrick Garrity moved that the debate on **HB 231-FN**, relative to payment of medical benefits for state retirees, their spouses, and dependents, be printed in the Permanent Journal.

Rep. Patrick Garrity spoke in favor.

Motion failed.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Carol McGuire moved that the House reconsider its action whereby, on a roll call vote of 188-120, it adopted the majority committee report of Ought to Pass with Amendment on **HB 231-FN**, relative to payment of medical benefits for state retirees, their spouses, and dependents.

Rep. Carol McGuire spoke against.

On a division vote, 93 members having voted in the affirmative and 215 in the negative, the motion failed.

Rep. Lars Christiansen declared a conflict of interest and did not participate.

REGULAR CALENDAR (CONT'D)

HB 461-FN, relative to repealing the authority for retirement system members to purchase service credit for certain out-of-state service. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Daniel J. Sullivan for Special Committee on Public Employee Pensions Reform: The amended bill allows the out of state purchase of service credits in the New Hampshire retirement system at a rate determined by the system's actuaries and upon approval by the board of trustees. The actuaries will base the purchase price in such a way that the employee is responsible for all actuarial costs and any fees, and the system is made whole. Vote 6-5.

Amendment (0624h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to determining the full actuarial cost for purchasing service credit in the retirement system.

Amend the bill by replacing all after the enacting clause with the following:

1 Retirement System; Membership; Prior Service Credit; Cost of Purchase. Amend RSA 100-A:3, VI(b) to read as follows:

(b) In the case of prior service credit for time served as a member for which the member's accumulated contributions have been withdrawn, the amount of creditable service purchased may be the full length of service relating to the withdrawn contributions or a partial share of such service. The amount determined by the actuary to reinstate full or partial service credit shall be the amount of withdrawn contributions, but not less than one month's contributions multiplied by the ratio of the service credit to be purchased to the full length of service relating to the withdrawn contributions, with this amount adjusted for interest from the date of withdrawal to the date of payment based on the interest rates in effect for each fiscal year. ~~[The amount determined by the actuary to purchase prior service credit related to Peace Corps and AmeriCorps service shall be computed under RSA 100-A:4, VIII.]~~ For ~~[all other]~~ **any other** prior service credit ***purchase*** the amount determined by the actuary shall be the ~~[product of the member's annual rate of compensation at the time of buy-in, multiplied by the sum of the member and employer contribution rates in effect with respect to the member at the time of buy-in, multiplied by the number of years of prior service credit bought]~~ ***payment of the full accrued actuarial cost to the system. The full actuarial cost of service credit purchases shall be determined by the actuary based on methods and assumptions recommended by the actuary and approved by the board of trustees, and shall include an interest rate 2 percentage points less than either the assumed rate of return determined under RSA 100-A:16, II(h) or the actual rate of return, whichever is lower, for the immediately preceding fiscal year as reported in the comprehensive annual financial report (CAFR), provided the rate shall not be less than zero.***

2 Membership; Cost of Prior Service Credit. Amend RSA 100-A:3, VI(d)(1) to read as follows:

(d)(1) In the case of an employer which through its own fault, and not the fault of the employee, failed to enroll an eligible employee at the time such employee became eligible for membership in this retirement system or a predecessor system, the employer and not the employee shall pay the cost of the actuary's statement obtained under this subparagraph. The actuary's statement shall be based on the ~~[product of the member's annual rate of compensation at the time of buy-in, multiplied by the sum of the member and employer contribution rates in effect with respect to the member at the time of buy-in, multiplied by the number of years of prior service credit bought. In addition, if such employee has not received final approval of the board before July 1, 1989, to receive credit for such service, the employer shall pay 1/2 of the amount determined by the actuary and the employee shall pay 1/2]~~ ***payment of the full accrued actuarial cost to the system as determined according to RSA 100-A:3, VI(b).*** Upon payment, and with the approval of the board, the member shall receive credit for prior service. The amount paid by the employee for prior service credit under this subparagraph shall be credited to the member annuity savings fund, and the amount paid by the employer shall be credited to the state annuity accumulation fund.

3 Creditable Service; Armed Forces Service; Cost of Prior Service Credit. Amend RSA 100-A:4, VI(b) to read as follows:

(b) Credit for active service in the armed services shall not be made until the member has paid either in lump sum or, if permitted by the board of trustees, by installment deductions from pay from an employer. The actuary's statement shall be ~~[the product of the member's annual rate of compensation at the time of buy-in, multiplied by the sum of the member and employer contribution rates in effect~~

~~with respect to the member at the time of buy-in, multiplied by the number of years of prior service credit bought]~~ *based on the payment of the full accrued actuarial cost to the system as determined according to RSA 100-A:3, VI(b).*

4 Service Credit; Peace Corps; AmeriCorps. Amend RSA 100-A:4, VIII to read as follows:

VIII. Any employee, teacher, permanent policeman, or permanent fireman who has completed at least 5 years of membership service and who terminates his or her employment in order to enter directly into the Peace Corps or AmeriCorps, shall be entitled to service credit for the period of such Peace Corps or AmeriCorps service, provided he or she again becomes employed within a year after the termination of such service and provided further that he or she elects to make, and makes while in active service and within a period of time equal to 3 times the length of time of such service, but not more than 5 years, all payments of the full actuarial cost to the system. The full actuarial cost of service credit purchases under this paragraph shall be determined by the actuary based on methods and assumptions recommended by the actuary and approved by the board of trustees *as provided in RSA 100-A:3, VI(b)*. The member may be required to prepay all or part of the actuarial calculation fee, as determined by the board. Credit shall not be granted until the active member has fully paid for such service credit in a lump sum or by installment payments as permitted by the board. The member's payment shall be credited to the member annuity savings fund. The amount of service credit purchased under this paragraph shall not exceed the least of (a) 2 years or (b) the member's actual period of Peace Corps and AmeriCorps service or (c) 5 years minus the period of nonqualified service credit purchased by the member pursuant to former RSA 100-A:4, VII. Creditable service purchased under this paragraph shall not be used for the purpose of eligibility for medical and surgical benefits as a retired employee under RSA 21-I:30, RSA 100-A:52, RSA 100-A:52-a, or RSA 100-A:52-b.

5 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

The bill establishes a uniform method for determining the full actuarial cost of purchasing service credit in the retirement system, including out-of-state service.

Rep. Hawkins spoke against.

Rep. Shurtleff spoke in favor and yielded to questions.

Rep. Carol McGuire requested a roll call; sufficiently seconded.

and the motion was adopted and ordered to third reading.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Bettencourt moved that the House reconsider its action whereby, on a roll call vote of 229-75, it adopted the motion of Ought to Pass on **HB 461-FN**, relative to repealing the authority for retirement system members to purchase service credit for certain out-of-state service.

Rep. Bettencourt spoke against.

Motion failed.

REGULAR CALENDAR (CONT'D)

HB 462-FN, relative to the determination of employer assessments for excess benefits paid by employers in the retirement system. **OUGHT TO PASS.**

Rep. William B. Smith for Special Committee on Public Employee Pensions Reform: The majority believes that public employers should be responsible for benefits in excess of 125% of the average pay of the highest three years of employee creditable service. This bill corrects an error in the excess benefit calculation from a bill introduced in last session. This error would have increased assessment on employers more than intended. The bill also phases in, over four years, the assessments on employers, which was considered by the majority to provide a needed introductory period to reduce short-term impact on employers. Vote 9-4.

Committee report adopted and ordered to third reading.

HB 464-FN, requiring the transfer of certain retirement system group II special account funds to the state annuity accumulation fund. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Kenneth Hawkins for the Majority of Special Committee on Public Employee Pensions Reform: This bill would transfer \$89 million from the Group II special account to the corpus of the New Hampshire retirement system. The corpus is the main account of the NHRS. It will result in a decrease of \$3.5 million of employer (taxpayer) dollars needed. The \$89 million was transferred from a medical sub-trust for group II to the special account by the retirement board in Dec 2010. By doing this, the monies transferred would make available Group II monies needed for COLA's. No other groups have monies available for COLA's. We feel that no one group should have a benefit that the others don't. Vote 9-4.

Rep. Stephen J. Shurtleff for the Minority of Special Committee on Public Employee Pensions Reform: The transfer of 89 million dollars of Special Account money to the state accumulation fund breaches an agreement entered into by the retirement system (NHRS) and the IRS and reverses a vote of the NHRS Board authorizing a transfer of 89 million dollars from a medical subtrust back to the Special Account where the 89 million dollars originally came from. The agreement with the IRS was recommended by NHRS outside legal experts (Ice Miller) who expressly recommended that this money be returned to the special account. The transfer of special account money (intended to pay for employee pension benefits) to the corpus of the fund (in order to suppress employer rates) also constitutes a prohibited transaction under IRS rules and violates the New Hampshire Constitution, Part 1, Art 36-a. The prior transfer of 250 million dollars from the special account to the corpus is the subject of an ongoing lawsuit and HB 464-FN will likely amount to another illegal diversion of money raised and authorized exclusively to pay for employee pension benefits.

The question being adoption of the majority committee report of Ought to Pass.

Rep. Long spoke against.

Rep. Hawkins spoke in favor.

Rep. Patrick Garrity requested a roll call; sufficiently seconded.

and the majority committee report was adopted and ordered to third reading.

HB 224-FN, establishing an independent legislative redistricting commission. **MAJORITY: IN-EXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS**

Rep. Steve Vaillancourt for the Majority of Special Committee on Redistricting: Currently, the House and Senate are responsible for redistricting every ten years. Traditionally, the House has been responsible for redistricting the House, the Senate for redistricting the Senate, and both bodies have worked to draft plans for redistricting Congressional, Executive Council, and County Commission districts. This bill would take the responsibility for preparing redistricting plans away from elected officials and place it with a seven member panel (two appointed by the Governor, one each by the Supreme Court Chief Justice, the House Speaker, Senate President, and minority leaders of the House and Senate). A limited number of states (12 at last count) have adopted a system of redistricting panels outside the Legislature, but there is no evidence that the end product is any better than with states which have not gone that route. Law suits are just as likely to be filed; non-competitive districts are just as likely to be created. Out of all the states, New Hampshire, with its 400 elected representatives, is least in need of the system proposed in this bill. The majority believes it would be unwise to take this great responsibility away from duly elected representatives of the people and place it in the hands of what most likely would turn out to be partisan non-elected people. Note for example that with two appointments, the governor would have supreme power in this proposed system. There would be nothing to prevent a governor from choosing two people with similar partisan leanings. While senators and representatives are certainly partisan, at least we come with the imprimatur of having been chosen by voters who have vetted our partisanship. As if this bill weren't bad enough, it comes with a \$250,000 cost. Vote 11-4.

Rep. David M. Pierce for the Minority of Special Committee on Redistricting: Whoever draws legislative district lines decides who gets elected, but the minority believes that the decision of who gets elected belongs to the voters, not the politicians. Current law permits district line drawing using subjective, politically-charged criteria. Current practice also shuts out public scrutiny and participation. HB 224 would mandate objectivity and transparency. It would mandate that district lines be drawn using objective criteria, such as not favoring any political party or incumbent and not using previous election results to pack and fracture voters into more homogenous districts (or less, as the case may be). HB 224 would require the process be open to the public. It would solicit and encourage the public to submit its own redistricting plans. It would require favoring the plan that fits most closely to the objective standards. But we were told we don't need the House and Senate to go to the voters to hear what they think. We were told HB 224 would simply be too much work. We were told that the House and Senate must act in its own interest. The minority believes the House and Senate shouldn't put its own interests at the front of the line while putting the voters' interests at the back. The voters should pick their representatives; the representatives shouldn't pick the voters. Majority committee report adopted.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. William Smith moved that the House reconsider its action whereby, on a roll call vote of 220-80, it adopted the majority committee report of Ought to Pass on **HB 464-FN**, requiring the transfer of certain retirement system group II special account funds to the state annuity accumulation fund.

Rep. William Smith spoke against.
Motion failed.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Bettencourt moved that the House reconsider its action whereby, on a roll call vote of 256-102, it adopted the majority committee report of Ought to Pass with Amendment on **HB 329**, requiring parental notification before abortions may be performed on unemancipated minors.

Rep. Bettencourt spoke against.
Motion failed.

REGULAR CALENDAR (CONT'D)

HCR 9, urging Congress to support H.R. 6416 or similar legislation relative to airport security. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Steven L. Cunningham for the Majority of State-Federal Relations and Veterans Affairs: The committee finds it appalling that our federal government, under the umbrella of "safety," treats our citizens with such disrespect. This bill encourages passage of federal H.R. 6416 to enact legislation protecting the rights and dignity of travelers in the nation's airports. Alternatives to embarrassing innocent citizens do exist and should be brought into play. Vote 10-3.

Rep. Dale S. Spainhower for the Minority of State-Federal Relations and Veterans Affairs: Although the minority agrees with some concerns raised by the majority, the minority believes that some personal rights or freedoms at times need to be overlooked to ensure our nation's security. In addition, no alternative plan dealing with airport security checks was presented.

Majority Amendment (0616h)

Amend the resolution by replacing all after the resolving clause with the following:

That the general court of New Hampshire respectfully urges the President and Congress of the United States to immediately address the serious privacy, constitutional, safety, and religious freedom concerns presented by advanced imaging technology employed by Transportation Security Agency employees at the nation's airports; and if these concerns cannot be satisfactorily addressed, urges the discontinuation of their use; and

That the New Hampshire general court hereby urges Congress to pass H.R. 6416 or to enact similar legislation protecting the rights of travelers in the nation's airports; and

That copies of this resolution, signed by the speaker of the house of representatives and the senate present, be forwarded by the house clerk to the Speaker of the United States House of Representatives, the President of the United States Senate, and to each member of the New Hampshire congressional delegation.

Majority committee amendment adopted.

Majority committee report adopted and ordered to third reading.

HCR 11, to urge the Congress of the United States to withdraw the membership of the United States from the United Nations so that the United States may retain its sovereignty and control over its own funds and military forces. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Jeanine M. Notter for the Majority of State-Federal Relations and Veterans Affairs: Charity begins at home. Our country has its own challenges with homelessness, education, war against terrorism, and other problems. Yet we provide the largest share of the financial burden of the United Nations (U.N.), paying hundreds of millions of dollars – giving America's money away – to other countries. Many of the U.N. members do not even like us. They support many things that are detrimental to this country and against its interests, yet they expect us to practically police the planet with our money and our military. Our country is so far in debt it makes sense to free ourselves from the tremendous burden of funding the United Nations. Vote 9-3.

Rep. Ted Rokas for the Minority of State-Federal Relations and Veterans Affairs: Although the minority agrees with the majority that the United Nations is not a perfect organization, the minority believes it would be unwise and foolish to withdraw from the organization, because the United Nations keeps the doors of diplomacy open.

The question being adoption of the majority committee report of Ought to Pass.

Rep. Theberge requested a roll call; sufficiently seconded.

and the majority committee report was adopted and ordered to third reading.

HCR 12, urging Congress to withdraw the United States from the North American Free Trade Agreement (NAFTA) in accordance with Article 2205 of the agreement. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Lucien A. Vita for the Majority of State-Federal Relations and Veterans Affairs: NAFTA has never been subject to congressional oversight, necessary for a treaty to become law. Yet, in spite of being in violation of the constitution, NAFTA has been put into force by congress, resulting in the loss of jobs and wages to other countries. This agreement is not in the best interest of the United States and should be voided. Vote 9-3.

Rep. Ted Rokas for the Minority of State-Federal Relations and Veterans Affairs: The minority feels that withdrawing from NAFTA will not address the problems associated with economic security, human rights and environmental issues.

The question being adoption of the majority committee report of Ought to Pass.

Rep. Theberge requested a roll call; sufficiently seconded.

and the majority committee report was adopted and ordered to third reading.

HCR 22, opposing the right of any firm, corporation, or individual to trademark the name Mount Washington. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: OUGHT TO PASS.**

Rep. Robert L. Theberge for the Majority of State-Federal Relations and Veterans Affairs: The majority believes that the North Country has a well-known history and culture which was not fully taken into account when an application was made to the U.S. Patent and Trademark Office (USPTO). Although the amendment is a good compromise, a letter will be sent to the USPTO stating that no firm, corporation, or individual shall have exclusivity. For example, the trademark in question corners the hospitality market. Vote 10-3.

Rep. Daniel J. Tamburello for the Minority of State-Federal Relations and Veterans Affairs: While the committee adopted the amendment 12-1, the minority felt it important to note for the record that due to the unique nature of Mount Washington and its importance to the people and the state of New Hampshire both intrinsically and as a tourist attraction, the amended resolution does not go far enough in protecting the rights of the citizens and small business owners of the North Country.

Majority Amendment (0612h)

Amend the title of the resolution by replacing it with the following:

A RESOLUTION declaring that although a trademarked name may include a New Hampshire geographic location such as "Mount Washington," no single business, firm, or association shall have sole authority or exclusive use of the name of such geographic location.

Amend the resolution by replacing all after the title with the following:

Whereas, at 6,288 feet Mount Washington is the highest peak in the Northeastern United States and is located in the Presidential Range of the White Mountains, in Coos County, New Hampshire; and

Whereas, Mount Washington is a natural landmark known throughout the world for its majestic beauty and its dangerously erratic weather; and

Whereas, Mount Washington signifies the tough, resilient "live free or die" nature of New Hampshire and its residents; and

Whereas, Mount Washington is unique to New Hampshire; now, therefore, be it Resolved by the House of Representatives, the Senate concurring:

That while the New Hampshire house of representatives understands and supports the need for firms, corporations, or persons to have trademark protection and that the name may include a New Hampshire geographic location such as "Mount Washington," no single business, firm, or association shall have sole authority or exclusive use of the name of such geographic location; and

That copies of this resolution be forwarded by the house clerk to the United States Patent and Trademark Office.

AMENDED ANALYSIS

This concurrent resolution declares that although a trademarked name may include a New Hampshire geographic location such as "Mount Washington," no single business, firm, or association shall have sole authority or exclusive use of the name of such geographic location.

Majority committee amendment adopted.

Majority committee report adopted and ordered to third reading.

HCR 25, urging Congress to amend the Internal Revenue Code to permit churches and other houses of worship to engage in political campaigns. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Frank H. McCarthy for the Majority of State-Federal Relations and Veterans Affairs: This resolution would urge congress to amend the Internal Revenue Code to permit churches and other houses of worship to engage in political campaigns. The committee believes that, if passed, the result would be to open a Pandora's box as it relates to entities such as the American Legion, other veterans organizations, the Red Cross and hundreds of other 501 c.3 organizations. Vote 10-2.

Rep. Todd P. Smith for the Minority of State-Federal Relations and Veterans Affairs: The bill's sole intent is to reinforce the church's first amendment rights as a body of like believers and individuals thereof. Parishioners and pastors have been verbally and financially attacked for exercising their biblical beliefs. This HCR would have only asked Congress to pass legislation to protect the rights of churches to state their beliefs in and outside the four walls of the building when those beliefs may directly be infringed upon by political legislation.

Majority committee report adopted.

RESOLUTION

Rep. Bettencourt offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Thursday, March 17, 2011 at 9:00 a.m. Adopted.

LATE SESSION

Third reading and final passage

HB 348-FN, transferring the duties of the racing and charitable gaming commission to the lottery commission and abolishing the racing and charitable gaming commission, and prohibiting new electronic gaming devices without statutory authorization.

HB 206-FN, establishing an apprentice hunting license.

HB 571-FN, relative to lobster and crab licenses issued by the fish and game department.

HB 58, relative to inter-facility transfers of critical access hospital patients.

HB 295, relative to the use of long-term antibiotics for the treatment of Lyme disease.

HB 442-FN, relative to the use of marijuana for medicinal purposes.

HB 632, relative to labeling requirements for dispensing of drugs by automated pharmacy systems.

HB 141, relative to protected utility services.

HB 158, relative to the misuse of social security numbers.

HB 254, relative to offers of judgments.

HB 329-FN, requiring parental notification before abortions may be performed on unemancipated minors.

CACR 12, relating to public education. Providing that the general court shall have the authority to define standards for public education, establish standards of accountability, mitigate local disparities in educational opportunity and fiscal capacity, and have full discretion to determine the amount of state funding for education.

HB 532-L, relative to municipal liability for dog bites.

HR 7, directing the house judiciary committee to investigate whether grounds exist to impeach marital master Phillip Cross and/or any justice of the New Hampshire superior court.

HB 524-FN, relative to the release of prisoners on probation or parole.

HB 133, relative to the minimum wage.

HB 589, repealing written majority authorization for an employee organization to be certified as the exclusive representative of public employees in a bargaining unit.

HB 109, relative to residential fire sprinklers.

HB 316, relative to penalties for failure to file a property tax inventory blank or for refusing inspection of property.

HB 341, relative to local spending caps.

HB 368-FN-L, relative to workforce housing and the definition of community.

HB 409, relative to planning board members.

HB 457-FN, reducing the interest rate on late and delinquent property tax payments, subsequent payments, and other unpaid taxes.

HB 483-FN-L, relative to mosquito control.

HB 374, banning corn-based ethanol as an additive to gasoline sold in New Hampshire.

HB 387, requiring providers of prepaid cellular telephone service to provide subscriber information to the enhanced 911 system.

HB 231-FN, relative to payment of medical benefits for state retirees, their spouses, and dependents.

HB 461-FN, relative to repealing the authority for retirement system members to purchase service credit for certain out-of-state service.

HB 462-FN, relative to the determination of employer assessments for excess benefits paid by employers in the retirement system.

HB 464-FN, requiring the transfer of certain retirement system group II special account funds to the state annuity accumulation fund.

HCR 9, urging Congress to support H.R. 6416 or similar legislation relative to airport security.

HCR 11, to urge the Congress of the United States to withdraw the membership of the United States from the United Nations so that the United States may retain its sovereignty and control over its own funds and military forces.

HCR 12, urging Congress to withdraw the United States from the North American Free Trade Agreement (NAFTA) in accordance with Article 2205 of the agreement.

HCR 22, declaring that although a trademarked name may include a New Hampshire geographic location such as "Mount Washington," no single business, firm, or association shall have sole authority or exclusive use of the name of such geographic location.

RECESS MOTION

Rep. Bettencourt moved that the House stand in recess for the purposes of the introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports.

Adopted.

The House recessed at 10:10 p.m.

RECESS

(Speaker O'Brien in the Chair)

Rep. Daniels moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 12

Thursday, March 17, 2011

The House assembled at 9:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Roger Boucher.

Yesterday, having marked 209 years of the founding of the United States Military Academy at West Point, an institution which has provided the nation with many of its greatest leaders, including two presidents, three Heisman Trophy winners, and enough Generals' stars to fill a galaxy, we complete our commemoration of this event with the traditional West Point Cadet Prayer, submitted by Representative Frederick Rice.

O God, our Father, Thou Searcher of human hearts, help us to draw near to Thee in sincerity and truth. May our religion be filled with gladness and may our worship of Thee be natural. Strengthen and increase our admiration for honest dealing and clean thinking, and suffer not our hatred of hypocrisy and pretence ever to diminish. Encourage us in our endeavor to live above the common level of life. Make us to choose the harder right instead of the easier wrong, and never to be content with a half truth when the whole truth can be won. Endow us with courage that is born of loyalty to all that is noble and worthy, that scorns to compromise with vice and injustice and knows no fear when truth and right are in jeopardy. Guard us against flippancy and irreverence in the sacred things of life. Grant us new ties of friendship and new opportunities of service. Kindle our hearts in fellowship with those of a cheerful countenance, and soften our hearts with sympathy for those who sorrow and suffer. Especially, this day, we remember Representative Bill Tobin, who needs healing. Help us to maintain the honor of the Corps untarnished and unsullied and to show forth in our lives the ideals of West Point in doing our duty to Thee and to our Country. All of which we ask in the name of the Great Friend and Master of all. Amen.

Representative Jenna Roberts, member from Durham, led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. Andolina, Beattie, Ronald Belanger, Chirichiello, Day, Devine, Katsiantonis, Kingsbury, Moody and Tobin, the day, illness.

Reps. Aguiar, Ball, Carr, Chase, Comtois, Condra, DeSimone, Eaton, Elliott, Gimás, Ginsburg, Hill, Hofemann, Kaen, Lefebvre, Leonard, Mark Lindsley, Bruce MacMahon, William O'Connor, Barry Palmer, Pelletier, Pepino, Amy Perkins, Lawrence Perkins, Peterson, Scala, Serlin, Shackett, Spainhower, Daniel Sullivan, Kevin Sullivan, Terrio, Weed and Wheaton, the day, important business. Rep. Erickson, the day, illness in the family.

Rep. Lynne Ober, Russell Ober and Schroader, the day, death in the family.

INTRODUCTION OF GUESTS

Fourth grade students from Bow Elementary School, guests of the Bow and Dunbarton delegation. Fourth grade students from Barnstead Elementary School, guests of the Barnstead delegation.

Hallie Loft of Hopkinton High School, Page for the day.

REGULAR CALENDAR (CONT'D)

HB 218, repealing the New Hampshire rail transit authority. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. John A. Hikel for the Majority of Transportation: The rail authority is planning to spend up to 5 million dollars to determine whether or not New Hampshire is ready for high speed rail. The state of Vermont tried a similar rail system and cancelled it after it cost their taxpayers millions of dollars. Maine's Down Easter prides itself in losing only a minimum of 10 million dollars annually. It is the opinion of the majority that the repeal of this authority is necessary. Vote 11-5.

Rep. Robert W. Williams for the Minority of Transportation: This bill repeals the New Hampshire Rail Transit Authority. The 28 volunteer members of the New Hampshire Rail Transit Authority (NHRTA) have been working hard to be able to make a well thought out and researched recommendation for possible future passenger rail commuter service in New Hampshire. The NHRTA was established in July 2007 by legislation. Its mission is to develop and provide commuter and

passenger rail and related public rail transportation services in New Hampshire. The authority's vision is to develop and implement a comprehensive, coordinated and prioritized project and funding plans for passenger rail services. The NHRTA made the decision to support passenger rail service on the NH Capitol Corridor from Concord to Boston in 2008. Working with NH-DOT, the state of NH is the recipient of two federal grants. These grant monies will be used to study and plan for the restoration of passenger rail service to the Capitol Corridor. These grants total over 4.1 million and are at no cost to the state. The next steps, using these grants, are to do an economic impact and feasibility study. Just as the authority is ready to work on this economic impact and feasibility study is not the time to disband the authority. This study is necessary and required for the authority to make an informed recommendation to the legislature advising whether or not to proceed with the NH Capitol Corridor project. The NHRTA should not be abolished before the economic impact and feasibility study is done, the questions are answered and a recommendation is prepared for the legislature to consider.

The question being adoption of the majority committee report of Ought to Pass.

Rep. Brunelle requested a quorum call; Speaker declared a quorum present.

Rep. Dan McGuire spoke in favor.

Reps. Rhodes and Scontos spoke against and yielded to questions.

Rep. Hikel spoke in favor and yielded to questions.

Rep. Gary Richardson requested a roll call; sufficiently seconded.

and the majority committee report was adopted and ordered to third reading.

HB 335-FN-A, establishing multi-use number plates. **OUGHT TO PASS.**

Rep. Brian D. Rhodes for Transportation: This bill will establish a multi-use number plate. The committee recognized that many worthy non-profit organizations in addition to state agencies have come forward year after year requesting a number plate that would enhance their visibility and image throughout New Hampshire. The committee was and continues to be committed to maintaining the purpose and sanctity of our license plates. This bill provides a pathway for our citizens to achieve their goal while receiving the endorsement of New Hampshire department of safety/division of motor vehicles. Qualifying organizations will now have the opportunity to design a logo that will represent them on a number plate. This bill requires no financial support from our state budget. Organizations who qualify will fund the production, administration and delivery of these number plates. Vote 14-0. Committee report adopted and ordered to third reading.

HB 540-FN, relative to motor vehicle inspections. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. John A. Hikel for the Majority of Transportation: While this bill is well intentioned, inspections are only required to PASS on the day of the inspection and safety components that are borderline but passable will surely not last another two years and put the operators, passengers, as well as the motoring public in jeopardy for their safety. Vote 11-1.

Rep. Kyle D. Jones for the Minority of Transportation: There are a vast amount of studies that indicate that safety inspections are ineffective. In fact, they have proven to be so ineffective that 30 out of 50 states, including high snow areas such as Colorado, Michigan and Montana, do not require that safety inspections be done at all. This bill is a step in the right direction of promoting personal responsibility and limited government.

The question being adoption of the majority committee report of Inexpedient to Legislate.
 Reps. Vaillancourt, Dan McGuire and Tamburello spoke against.
 Rep. Keith Murphy spoke against and yielded to questions.
 Rep. Osgood spoke in favor and yielded to questions.
 Reps. Cooney, Hikel and Packard spoke in favor.
 Rep. Whitehead spoke in favor and yielded to questions.
 Rep. Tamburello requested a roll call; sufficiently seconded.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Comerford moved that the House reconsider its action whereby, on a roll call vote of 234-101, it adopted the minority committee report of Ought to Pass on **HB 540-FN**, relative to motor vehicle inspections.

Rep. Comerford spoke against.

Motion failed.

REGULAR CALENDAR (CONT'D)**SPECIAL ORDER**

HB 337-FN-L, relative to the calculation and distribution of adequate education grants. **OUGHT TO PASS WITH AMENDMENT.**

Rep. David W. Hess for Special Committee on Education Funding Reform: This bill comprehensively addresses and revises the current statutory provisions for the state's funding of education. It accomplishes four critical objectives. First, it provides sustainability, predictability and continuity to that funding. Under this bill, no town, city or school district will receive either a greater or a lesser education grant from the state in the coming biennium than they are receiving in the current fiscal year, period. If it passes, the era of dueling spreadsheets will come to an end. This is the single most important aspect of state aid to education – for educators, school bonds and local property taxpayers. Second, this bill calculates the base cost per pupil by using empirical, realistic standards and criteria rather than the exaggerated, inflated criteria currently in law, which merely increases the total amount of state aid. The standards and criteria embodied in this bill are derived from the state department of education minimum standards as promulgated in its rules and from the federal definition of a “highly qualified” teacher. Third, as a result of the revised formula for calculating the base cost per pupil, this bill permits significantly increased targeted aid to provide increased resources for those pupils and communities which would most benefit from state aid. It retains the targeted amount for special education and English-as-a-second language students at current levels. It retains targeted funds for students eligible for the federal free and reduced lunch program, but establishes that aid at a fixed dollar amount for each such pupil and distributes that aid based upon the number of students eligible for that program and not for the entire student population in schools which contain a certain percentage of such eligible students. This bill also substantially increases fiscal capacity disparity aid to our most disadvantaged communities. In total, this bill increases the aggregate targeted aid from approximately 25% of total state aid to almost 40%. Fourth and finally, this bill eliminates donor towns. In conclusion, this bill accomplishes all of these objectives without increasing the aggregate state appropriation for education. Vote 12-3.

Amendment (0593h)

Amend the bill by replacing all after the enacting clause with the following:

1 Adequate Education; Definitions. RSA 198:38 is repealed and reenacted to read as follows:

198:38 Definitions. In this section:

I. “Average daily membership in residence” or “ADMR” means the average daily membership in residence of pupils in kindergarten through grade 12, as defined in RSA 189:1-d, IV of the second school year preceding the year in which the calculation is made, provided that no kindergarten pupil shall count as more than 1/2 day attendance per calendar year.

II. “Commissioner” means the commissioner of the department of education.

III. “Department” means the department of education.

IV. “Determination year” means the fiscal year that was 3 years prior to the fiscal year for which aid is to be determined. Unless otherwise indicated, determination year data shall be used to calculate aid.

V. “Educationally disabled child” or “educationally disabled pupil” shall mean “educationally disabled child” as defined in RSA 186-C:2, I.

VI. “English language learner” means a child who has a predominant language other than English or who is educationally disadvantaged by a limited English proficiency, and who is receiving regularly scheduled English language instruction.

VII. “Pupils eligible for a free or reduced-price meal” means pupils in kindergarten through grade 12 who are eligible for the federal free or reduced-price meal program.

VIII. “School district” means school district as defined in RSA 194:1 and shall include cooperative school districts as defined in RSA 195:1, I.

2 Adequate Education; Base Cost Per Pupil. RSA 198:40-a is repealed and reenacted to read as follows:

198:40-a Adequate Education; Base Cost Per Pupil.

I. The commissioner shall determine the base cost per pupil of the opportunity for an adequate education in each school district using the most recent statewide salary data available, divided into quartiles, as follows:

(a)(1) The average of the 3rd and 4th quartiles of salary for a teacher possessing at least a bachelor's degree with no experience, multiplied by 1.33, then multiply the product by 1.05.

(2) For a teacher teaching art, music, world languages, media/technology, health, or physical education, multiply the amount determined under subparagraph (a)(1) by .20.

(b) The average of the 3rd and 4th quartiles of salary for a principal possessing at least a master's degree and 3 years of educator experience, multiplied by 1.33, then multiply the product by 1.05.

(c) The average of the 3rd and 4th quartiles of salary for a guidance counselor possessing at least a master's degree, multiplied by 1.33, then multiply the product by 1.05.

(d) The average of the 3rd and 4th quartiles of salary for a library/media specialist possessing at least a bachelor's degree with no experience, multiplied by 1.33, then multiply the product by 1.05.

(e) The average of the 3rd and 4th quartiles of salary for a technology coordinator possessing at least a bachelor's degree with no experience, multiplied by 1.33, then multiply the product by 1.05.

(f) The average of the 3rd and 4th quartiles of salary for a reading specialist possessing at least a master's degree at step 2 of the teacher salary schedule for that position, multiplied by 1.33, then multiply the product by 1.05.

(g) The average of the 3rd and 4th quartiles of salary for an administrative assistant, multiplied by 1.33, then multiply the product by 1.05.

(h) The average of the 3rd and 4th quartiles of salary for a custodian, multiplied by 1.33, then multiply the product by 1.05.

II. In each biennium, the commissioner shall calculate the base cost per pupil of the opportunity for an adequate education in each school district as the sum of the following:

(a)(1) For teachers of pupils in kindergarten through grade 2, divide the ADMR of pupils in the municipality in kindergarten through grade 2 by 25, then multiply the result by the salary for teachers determined in subparagraph I(a)(1).

(2) For teachers of pupils in grades 3 through 12, divide the ADMR of pupils in the municipality in grades 3 through 12 by 30, then multiply the result by the salary for teachers determined in subparagraph I(a)(1).

(3) For a teacher teaching art, music, world languages, media/technology, health, or physical education to pupils in kindergarten through grade 2, divide the ADMR of pupils in the municipality in kindergarten through grade 2 by 25, then multiply the result by the amount determined in subparagraph I(a)(2).

(4) For a teacher teaching art, music, world languages, media/technology, health, or physical education to pupils in grades 3 through 12, divide the ADMR of pupils in the municipality in grades 3 through 12 by 30, then multiply the result by the amount determined in subparagraph I(a)(2).

(b) For principals, divide the ADMR of pupils in the municipality in kindergarten through grade 12 by 500, then multiply the result by the salary for principals determined in subparagraph I(b).

(c)(1) For guidance counselors for pupils in kindergarten through grade 8, divide the ADMR of pupils in the municipality in kindergarten through grade 8 by 500, then multiply the result by the salary for guidance counselors determined in subparagraph I(c).

(2) For guidance counselors for pupils in grades 9 through 12, divide the ADMR of pupils in the municipality in grades 9 through 12 by 300, then multiply the result by the salary for guidance counselors determined in subparagraph I(c).

(d) For library/media specialists, divide the ADMR of pupils in the municipality in kindergarten through grade 12 by 500, then multiply the result by the salary for library/media specialists determined in subparagraph I(d).

(e) For technology coordinators, divide the ADMR of pupils in the municipality in kindergarten through grade 12 by 1,200, then multiply the result by the salary for technology coordinators determined in subparagraph I(e).

(f) For reading specialists, divide the ADMR of pupils in the municipality in kindergarten through grade 8 by 500, then multiply the result by the salary for reading specialists determined in subparagraph I(f).

(g) For administrative assistants, divide the ADMR of pupils in the municipality in kindergarten through grade 12 by 500, then multiply this amount by the salary for administrative assistants determined in subparagraph I(g).

(h) For custodians, divide the ADMR of pupils in the municipality in kindergarten through grade 12 by 500, then multiply this amount by the salary for custodians determined in subparagraph I(h).

(i) For instructional materials, multiply the ADMR of pupils in the municipality in kindergarten through grade 12 by \$130.

(j)(1) For technology costs for pupils in kindergarten through grade 8, multiply the ADMR of pupils in the municipality in kindergarten through grade 8 by \$25.

(2) For technology costs for pupils in grades 9 through 12, multiply the ADMR of pupils in the municipality in grades 9 through 12 by \$65.

(k) For transportation costs, multiply the ADMR of pupils in the municipality in kindergarten through grade 8 by \$304.

III. In addition to the base cost calculated under paragraphs I and II:

(a) An additional \$1,725 for each pupil who is in kindergarten through grade 12, who is eligible for the federal free and reduced-price meal program, and who attends a public school in which at least 12 percent of pupils reported in the school's ADMR in the determination year are eligible for the federal free and reduced-price meal program.

(b) An additional \$675 for each pupil reported in the public school's ADMR in the determination year who is an English language learner and who is receiving English language instruction.

(c) An additional \$1,856 for each pupil reported in the public school's ADMR in the determination year who is receiving special education.

IV.(a) The sum total calculated under paragraphs I-III of this section shall be the cost of the opportunity for an adequate education in each year of the biennium.

(b) Prior to or coinciding with the first disbursement of each fiscal year under RSA 198:42, the department shall notify a school district of the total amount of funds that have been allocated for each school within its jurisdiction during the fiscal year based on the sum of the school district's adequate education grant amount plus the amount available to the school district from the education tax. In addition, the department shall furnish to each municipality a report showing the municipality's cost of an adequate education sorted by a pupil's municipality of residence.

V. The department shall notify school districts of the estimated amounts of grants by the November 15 preceding the fiscal year for which aid is determined. The commissioner shall provide to the general court all data or reports requested by the general court in a form which the general court determines will facilitate the calculations required in this section.

3 Adequate Education; Provisions for Grants to Municipalities. RSA 198:40-b is repealed and reenacted to read as follows:

198:40-b Provisions for Grants to Municipalities. Each fiscal year, the commissioner of the department of education shall determine if a municipality is scheduled to receive a total education grant which is less than the total education grant received in the fiscal year ending June 30, 2011, and shall disburse to such municipality an additional grant from the education trust fund in an amount equal to 100 percent of the amount of the decrease.

4 Adequate Education; Fiscal Capacity Disparity Aid. RSA 198:40-c is repealed and reenacted to read as follows:

198:40-c Fiscal Capacity Disparity Aid.

I. In addition to aid for the cost of the opportunity for an adequate education provided under RSA 198:40-a, each fiscal year the department shall provide fiscal capacity disparity aid to a municipality's school districts as follows:

(a) The department of revenue administration shall calculate the equalized valuation per pupil for each municipality in the state and shall sort the results into quartiles based on equalized valuation per pupil. The quartile containing municipalities with the lowest equalized valuation per pupil shall then be divided in half.

(b) A municipality with an equalized valuation per pupil in the lower half of the lowest quartile and which has a median family income which is less than the state average median family income shall receive fiscal capacity disparity aid in the amount of \$3,360 multiplied by the municipality's average daily membership in residence.

(c) A municipality with an equalized valuation per pupil in the upper half of the lowest quartile which has a median family income which is less than the state average median family income shall receive fiscal capacity disparity aid in the amount of \$2,100 multiplied by the municipality's average daily membership in residence.

II. Aid under this section shall be distributed pursuant to RSA 198:42.

III. In this section:

(a) "Equalized valuation per pupil" means a municipality's equalized valuation, including properties subject to taxation under RSA 82 and RSA 83-F, as determined by the department of revenue administration, that was the basis for the local tax assessment in the determination year, divided by the school district's average daily membership in residence, as defined in RSA 189:1-d for the determination year, provided that no kindergarten pupil shall count as more than ½ day attendance per calendar day.

(b) "Median family income" means the most recent census data published for New Hampshire counties and municipalities by the United States Census Bureau, United States Department of Commerce, as of October 1 preceding the beginning of the biennium for which aid is to be determined.

5 Adequate Education; Determination of Grants; Excess Tax. Amend the section heading in RSA 198:41 and RSA 198:41, I-II to read as follows:

198:41 Determination of *Education Grants* [~~and Excess Tax~~].

I. Except for municipalities where all school districts therein provide education to all of their pupils by paying tuition to other institutions, the department of education shall determine the amount of the *total* education grant for the municipality as follows:

(a) Add the per pupil cost of providing the opportunity for an adequate education for which each pupil is eligible pursuant to RSA 198:40-a, I-III, and from such amount;

(b) Subtract the amount of the education [*property*] tax warrant to be issued by the commissioner of revenue administration for such municipality reported pursuant to RSA 76:9 for the next tax year, and from such amount; and

(c) Add the fiscal capacity disparity aid pursuant to RSA 198:40-c.

II. For municipalities where all school districts therein provide education to all of their pupils by paying tuition to other institutions, the department of education shall determine the amount of the [~~adequate~~] *total* education grant for each municipality as the lesser of the 2 following calculations:

(a) The amount calculated in accordance with paragraph I of this section; or

(b) The total amount paid for items of current education expense as determined by the department of education minus the amount of the education [*property*] tax warrant to be issued by the commissioner of revenue administration for such municipality reported pursuant to RSA 76:9 for the next tax year.

6 Excess Education Property Tax Payment; Subdivision Heading Amended. Amend the subdivision heading preceding RSA 198:46 to read as follows:

[~~Excess Education Property Tax Payment~~]

Local Control and Alternative Kindergarten Programs

7 Application of Receipts. Amend RSA 6:12, I(b)(65) to read as follows:

(65) Money received under RSA 77-A, RSA 77-E, RSA 78, RSA 78-A, RSA 78-B, RSA 83-F, [~~RSA 198:46,~~] and from the sweepstakes fund, which shall be credited to the education trust fund under RSA 198:39.

8 Commissioner's Warrant. Amend RSA 76:8, II to read as follows:

II. The commissioner shall issue a warrant under the commissioner's hand and official seal for the amount computed in paragraph I to the selectmen or assessors of each municipality by December 15 directing them to assess such sum and pay it to the municipality for the use of the school district or districts [~~and, if there is an excess education tax payment due pursuant to RSA 198:46, directing them to assess the amount of the excess payment and pay it to the department of revenue administration for deposit in the education trust fund~~]. Such sums shall be assessed at such times as may be prescribed for other taxes assessed by such selectmen or assessors of the municipality.

9 Joint Legislative Oversight Committee on Accountability for an Adequate Education.

I.(a) There is hereby established the joint legislative oversight committee on accountability for an adequate education. The members of the committee shall be as follows:

(1) Three members of the house of representatives, which shall include 2 members of the house education committee and one member of the house finance committee, appointed by the speaker of the house of representatives.

(2) Three members of the senate, which shall include 2 members of the senate education committee and one member of the senate finance committee, appointed by the president of the senate.

(b) Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

II. The committee shall review and study the assessment and assistance methods, reporting requirements, and other methods of accountability presently being used by the department of education and local school districts to determine whether such methods, programs, and standards will ensure the delivery of an adequate education as set forth in RSA 193-E:2-a.

III. Following a public hearing, the committee shall report its findings and recommendations concerning the sufficiency of existing statutory law to provide accountability for the delivery of the opportunity for an adequate education as defined in RSA 193-E:2-a, and the possible need for additional legislation, to the governor, the speaker of the house of representatives, the president of the senate, and the state librarian no later than November 15, 2011.

10 Chartered Public Schools; Funding. Amend RSA 194-B:11, I(b) to read as follows:

(b) For any chartered public school authorized by the state board of education pursuant to RSA 194-B:3-a, the state shall pay [tuition] **the greater of \$5,450 or the sum of \$2,000 plus the amount calculated** pursuant to RSA 198:40-a [~~and RSA 198:40-c~~] directly to the chartered public school for each pupil who is a resident of this state in attendance at such chartered public school.

11 References Amended. Amend the following RSA sections by replacing “statewide education property tax” or “education property tax” or “education property taxes” with “education tax” or “education taxes,” as the context dictates: RSA 76:8, I; the introductory paragraph in RSA 198:57, IV, and RSA 198:57, VI(a).

12 Repeal. The following are repealed:

I. RSA 198:46, relative to excess education tax payments.

II. RSA 198:47, relative to forms used for the reporting and remitting of excess education tax payments.

III. RSA 198:39, I(g), relative to excess education tax payments deposited into the education trust fund.

13 Effective Date. This act shall take effect July 1, 2011 at 12:01 a.m.

AMENDED ANALYSIS

This bill:

I. Determines the per pupil cost of the opportunity for an adequate education which includes aid distributed to schools based on the number of pupils eligible to receive special education, or eligible for a free or reduced-price lunch, or who are English language learners.

II. Provides fiscal capacity disparity aid, in addition to aid for the cost of the opportunity for an adequate education, based on a municipality’s equalized valuation, including utilities, per pupil and median family income.

III. Provides that a municipality which is scheduled to receive an adequate education grant in a fiscal year which is less than the grant such municipality received in the 2011 fiscal year shall receive an additional grant from the education trust fund in an amount equal to 100 percent of the amount of the decrease.

IV. Repeals the statutory provisions requiring that excess education tax payments be remitted to the department of revenue administration thereby permitting municipalities to retain any excess education tax revenues.

V. Establishes a joint legislative oversight committee on accountability for an adequate education.

VI. Provides that the state shall pay the greater of \$5,450 or the sum of \$2,000 plus the amount calculated under RSA 198:40-a to chartered public school pupils.

Amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.
Rep. Hess offered floor amendment (0846h).

Floor Amendment (0846h)

Amend the bill by inserting after section 2 the following and renumbering the original sections 3-13 to read as 4-14, respectively:

3 Adequate Education; Provisions for Grants to Municipalities. RSA 198:40-b is repealed and reenacted to read as follows:

198:40-b Provisions for Grants to Municipalities.

I. For the biennium ending June 30, 2013, no municipality shall receive an adequate education grant in a fiscal year which is greater than the adequate education grant received in the fiscal year ending June 30, 2011.

II. Each fiscal year, the commissioner of the department of education shall determine if a municipality is scheduled to receive an adequate education grant which is less than the adequate education grant received in the fiscal year ending June 30, 2011, and shall disburse to such municipality an additional grant from the education trust fund in an amount equal to 100 percent of the amount of the decrease.

Amend the bill by replacing section 14 with the following:

14 Effective Date.

I. Section 4 of this act shall take effect July 1, 2013.

II. The remainder of this act shall take effect July 1, 2011 at 12:01 a.m.

AMENDED ANALYSIS

This bill:

I. Determines the per pupil cost of the opportunity for an adequate education which includes aid distributed to schools based on the number of pupils eligible to receive special education, or eligible for a free or reduced-price lunch, or who are English language learners.

II. Provides fiscal capacity disparity aid, in addition to aid for the cost of the opportunity for an adequate education, based on a municipality's equalized valuation, including utilities, per pupil and median family income.

III. Provides that:

(a) For the biennium ending June 30, 2013, no municipality shall receive an adequate education grant in a fiscal year which is greater than the adequate education grant received in the 2011 fiscal year; and

(b) A municipality which is scheduled to receive an adequate education grant in a fiscal year which is less than the grant such municipality received in the 2011 fiscal year shall receive an additional grant from the education trust fund in an amount equal to 100 percent of the amount of the decrease.

IV. Repeals the statutory provisions requiring that excess education tax payments be remitted to the department of revenue administration thereby permitting municipalities to retain any excess education tax revenues.

V. Establishes a joint legislative oversight committee on accountability for an adequate education.

VI. Provides that the state shall pay the greater of \$5,450 or the sum of \$2,000 plus the amount calculated under RSA 198:40-a to chartered public school pupils.

Rep. Hess spoke in favor.

Floor amendment (0846h) adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.

Reps. Foose and Watters spoke against.

Rep. Hess spoke in favor and yielded to questions.

Rep. Ladd spoke in favor.

Rep. Gladys Johnsen requested a roll call; sufficiently seconded.
